## 1. INTRODUCTION AND PURPOSE

---

George Stone Technical College (GSTC), a postsecondary technical college operated by the School District of Escambia County, is committed to providing a safe, secure, and supportive learning and working environment for students, employees, visitors, and members of the community.

GSTC prepares and publishes this Annual Security Report (ASR) in accordance with the Jeanne Clery Campus Safety Act, as amended, including applicable provisions of the Violence Against Women Act (VAWA) and the Stop Campus Hazing Act, and the consumer information disclosure requirements applicable to institutions participating in federal Title IV student financial assistance programs.

The purpose of this report is to provide current and prospective students and employees with information concerning campus safety and security policies, procedures for reporting crimes and emergencies, emergency response and notification procedures, crime prevention and security awareness programs, policies concerning dating violence, domestic violence, sexual assault and stalking, hazing prevention, and other matters related to campus safety.

The report also includes crime statistics for the three most recent calendar years.

Safety is a shared responsibility. Every member of the GSTC community is encouraged to remain aware of their surroundings, follow College and District safety procedures, promptly report crimes and suspicious activity, and take reasonable precautions to protect themselves and others.

## 2. ANNUAL SECURITY REPORT AVAILABILITY AND DISTRIBUTION

---

GSTC publishes its Annual Security Report annually by October 1.

The current report is available on the George Stone Technical College website. Each year, all currently enrolled students and current employees receive an electronic notice informing them of:

- the availability of the Annual Security Report;
- a brief description of the information contained in the report;
- the exact electronic address at which the report may be accessed; and
- their right to request a paper copy at no charge.

A paper copy may be obtained from the GSTC Administration Office during normal business hours.

Prospective students and prospective employees are also provided notice of the availability of the Annual Security Report, a description of its contents, the electronic address at which the report may be accessed, and information concerning how to obtain a paper copy. GSTC will provide a copy of the Annual Security Report to any prospective student or prospective employee upon request.

## 3. PREPARATION OF THE ANNUAL SECURITY REPORT

---

The GSTC administration coordinates the preparation of the Annual Security Report in collaboration with appropriate departments of the School District of Escambia County, including Escambia County Public Schools Protection Services, and with local law-enforcement agencies having jurisdiction over College property.

Information used in preparing the report is obtained from Campus Security Authorities, the Escambia County Sheriff's Office and other law-enforcement agencies having jurisdiction over property included within GSTC's Clery geography, ECPS Protection Services, applicable District departments, and institutional officials responsible for student discipline, campus security, emergency preparedness, and student activities.

GSTC makes a good-faith effort annually to obtain required crime statistics from appropriate law-enforcement agencies for all property within the College's Clery geography.

Reported crimes are evaluated and classified according to applicable federal Clery Act definitions and reporting requirements. The College submits required crime statistics annually to the U.S. Department of Education through

the Campus Safety and Security Survey and incorporates the applicable three calendar years of statistics into this report.

## 4. CLERY GEOGRAPHY

---

For purposes of collecting and reporting Clery Act crime statistics, GSTC evaluates incidents according to the geographic categories established under federal law.

### **On-Campus Property**

On-campus property generally includes buildings and property owned or controlled by GSTC or the School District of Escambia County within the College's reasonably contiguous geographic area and used in direct support of, or in a manner related to, the College's educational purposes.

### **Noncampus Buildings or Property**

Noncampus buildings or property include certain buildings or property owned or controlled by GSTC, the School District, or a recognized student organization that are used in direct support of, or in relation to, GSTC's educational purposes and are not within the reasonably contiguous campus area.

GSTC annually evaluates instructional sites, clinical sites, training locations, leased facilities, and other locations to determine whether they meet the federal definition of noncampus property.

### **Public Property**

Public property includes public streets, sidewalks, thoroughfares, parking facilities, and other public property that is within the campus or immediately adjacent to and accessible from campus.

## 5. CAMPUS SECURITY, PROTECTION SERVICES, AND LAW ENFORCEMENT

---

Campus safety and security at George Stone Technical College are supported through a coordinated relationship among GSTC administration, Escambia County Public Schools Protection Services, the School District's safe-school officer program, and local law-enforcement and emergency-response agencies. Depending on District staffing and assignment, GSTC's on-campus safe-school officer or security presence may be provided by an Escambia County Sheriff's Office deputy, a school guardian employed through the School District's Guardian Program, or a qualified security officer employed by a private security agency under contract with the School District.

### **ECPS Protection Services**

As a school operated by Escambia County Public Schools, GSTC receives District-level safety and security support through ECPS Protection Services. Protection Services supports District schools and departments in areas including safety and security training, emergency preparedness, and implementation of District safety procedures.

Protection Services facilitates required annual online safety, health, security, and emergency training for District employees and maintains records documenting employee completion of required safety training. GSTC employees participate in these District training requirements as part of the College's broader campus safety and emergency-preparedness program.

GSTC administration works with Protection Services and other appropriate District personnel in implementing and reviewing District emergency procedures, safety protocols, training requirements, and other measures intended to protect students, employees, and visitors.

### **Safe-School Officer and Security Services**

In accordance with School District safety arrangements, GSTC maintains an on-campus safe-school officer or security presence. The individual assigned to GSTC may vary based on District staffing and operational needs and may include one of the following:

- an Escambia County Sheriff's Office deputy or other certified law-enforcement officer assigned through an appropriate law-enforcement arrangement;

- a school guardian employed through the School District's Guardian Program; or
- a qualified security officer employed by a private security agency contracted by the School District, such as Allied Universal, when that agency is serving the District.

The authority of the individual serving in this role depends on the person's legal status and assignment. A sworn law-enforcement officer exercises the law-enforcement and arrest authority granted under Florida law and by the employing agency. A school guardian is not a law-enforcement officer and has no authority to act in a law-enforcement capacity except to the extent authorized by Florida law to prevent or abate an active-assailant incident. A contracted private security officer exercises only the authority provided by applicable law, licensure, training, contract, and District procedures and should not be represented as possessing general law-enforcement or arrest authority unless independently authorized by law.

GSTC administrators, ECPS Protection Services personnel, guardians, contracted security personnel, and other College or District employees do not possess general law-enforcement or arrest authority solely by virtue of their employment or assignment. College administrators may, however, enforce institutional and District policies and make disciplinary referrals or take administrative action consistent with applicable law, School Board policy, and College procedures.

GSTC works cooperatively with ECPS Protection Services, the Escambia County Sheriff's Office, the safe-school officer or security personnel assigned to the campus, and other law-enforcement and emergency-response agencies having jurisdiction over locations used by the College. Law-enforcement assistance is requested when criminal activity is suspected or when circumstances otherwise warrant police intervention.

GSTC encourages the accurate and prompt reporting of all crimes to College officials and the appropriate law-enforcement agency, including situations in which a victim elects to make a report or is unable to make a report.

## 6. CAMPUS SECURITY AUTHORITIES

---

The Clery Act identifies certain individuals and organizations as Campus Security Authorities (CSAs). CSAs generally include:

- campus law-enforcement or security personnel;
- individuals responsible for monitoring access to institutional property;
- officials designated by the College as persons to whom crimes should be reported; and
- institutional officials who have significant responsibility for student and campus activities.

At GSTC, Campus Security Authorities include, as applicable:

- Principal;
- Assistant Principal(s);
- administrators and program coordinators with significant responsibility for student or campus activities;
- personnel responsible for campus security.

GSTC annually reviews institutional positions to determine which employees meet the federal definition of a CSA and provides appropriate information or training regarding their reporting responsibilities.

A CSA who receives a report of an alleged Clery Act crime must promptly report the required information for evaluation and statistical reporting, even when the person making the report does not wish to pursue criminal charges.

## 7. REPORTING CRIMES AND EMERGENCIES

---

GSTC encourages students, employees, visitors, and community members to promptly and accurately report all crimes, suspicious activity, public-safety incidents, and emergencies.

## Emergencies

### Emergency or Crime in Progress

Call 911 immediately.

### Campus Reporting

During normal business hours, incidents may also be reported to George Stone Technical College Reception/Administration at 850-941-6200. Reports may also be made in person to a GSTC administrator, Campus Security Authority, or other appropriate College employee.

When circumstances warrant, GSTC will contact the Escambia County Sheriff's Office or other appropriate emergency-response agency.

Prompt reporting assists GSTC in protecting the campus community, determining whether a Timely Warning or Emergency Notification is warranted, providing appropriate assistance to affected individuals, and meeting federal crime-reporting requirements.

## 8. VOLUNTARY AND CONFIDENTIAL REPORTING

GSTC encourages all victims and witnesses to report criminal activity.

Individuals who do not wish to pursue criminal charges may nevertheless report an incident to a Campus Security Authority or appropriate College official so that the College can evaluate the incident for campus-safety purposes and determine whether it must be included in federally required crime statistics.

Personally identifying information concerning victims is not included in publicly reported Clery crime statistics.

GSTC will protect the privacy of individuals involved in reported incidents to the extent permitted by law and consistent with the College's obligations to protect the safety of the campus community.

The College cannot guarantee complete confidentiality when disclosure is required by law or when information must be shared to address an immediate safety concern. Individuals receiving reports will limit disclosure to those persons who have a legitimate need for the information.

Pastoral and professional counselors acting within the scope of their professional counseling responsibilities are not Campus Security Authorities under the Clery Act. When applicable and appropriate, such counselors are encouraged to inform individuals they counsel of available voluntary reporting options.

## 9. TIMELY WARNINGS

GSTC will issue a Timely Warning when a Clery-reportable crime is reported to a Campus Security Authority or local law-enforcement agency and the College determines that the circumstances represent a serious or continuing threat to students or employees.

The Principal or designee, in consultation with appropriate District personnel and law enforcement when circumstances permit, will determine whether a Timely Warning is warranted.

Factors considered may include:

- the nature and seriousness of the offense;
- whether the incident represents a continuing or recurring threat;
- the location and circumstances of the incident;
- the amount and reliability of available information;
- whether the alleged offender has been identified or apprehended; and
- whether issuing the warning could compromise law-enforcement efforts.

Timely Warnings will contain information reasonably necessary to enable members of the campus community to protect themselves and aid in preventing similar crimes.

GSTC will withhold the names and other personally identifying information of victims from Timely Warnings.

Warnings may be communicated through one or more methods, including College or District email, emergency notification systems, text messaging, public-address systems, electronic systems, the GSTC website, social media, or other communication methods appropriate to the circumstances.

## 10. EMERGENCY NOTIFICATION

---

GSTC will immediately notify the campus community, or the appropriate segment of the campus community, upon confirmation of a significant emergency or dangerous situation occurring on campus that involves an immediate threat to the health or safety of students or employees.

Examples may include:

- armed or dangerous persons;
- active assailant situations;
- fires or explosions;
- hazardous-material releases;
- severe weather;
- significant utility or structural emergencies;
- certain infectious-disease emergencies; or
- other immediate threats to health or safety.

Upon receiving information concerning a potential emergency, authorized College, District, security, or law-enforcement personnel will evaluate available information to confirm whether a significant emergency or dangerous situation exists.

Once confirmed, authorized officials will:

1. determine the segment or segments of the campus community that should receive the notification;
2. determine the content of the notification;
3. initiate the appropriate notification system without delay; and
4. provide appropriate follow-up information as circumstances develop.

Notification will not be delayed unless, in the professional judgment of responsible authorities, issuing a notification would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the situation.

### Emergency Notification Systems

GSTC's primary campus emergency notification platform is the CENTEGIX CrisisAlert system, which is used by Escambia County Public Schools to support rapid emergency notification and response. Authorized personnel may use the system to initiate an emergency alert and communicate incident information to designated responders.

Depending upon the nature and scope of an emergency, CENTEGIX may support campus-wide alerts through integrated visual, audible, computer, and other electronic notification methods. The system supports implementation of the District's Standard Response Protocol by helping communicate protective actions rapidly throughout the campus.

CENTEGIX is one component of GSTC's emergency communication system. GSTC and Escambia County Public Schools may also communicate through email, text messaging, public-address announcements, College or District electronic systems, websites, social media, direct instructions from College officials or safe-school/security personnel, law-enforcement communications, or other methods appropriate to the circumstances. The method or combination of methods used will depend upon the nature of the emergency and the population that needs to be notified.

When necessary, appropriate information will also be disseminated to the larger community through the School District of Escambia County, law enforcement, emergency management, news media, or other appropriate means.

## 11. EMERGENCY RESPONSE AND EVACUATION

---

GSTC follows emergency-management procedures established by Escambia County Public Schools and coordinates campus emergency preparedness with ECPS Protection Services and other appropriate District personnel.

### Standard Response Protocol

George Stone Technical College follows the Standard Response Protocol (SRP) adopted by Escambia County Public Schools as part of its emergency preparedness and response procedures. The SRP provides standardized actions and terminology for responding to emergency and safety conditions affecting the campus.

Depending upon the nature and location of an emergency, students, employees, and visitors may be directed to take protective actions established by District emergency procedures, including Secure, Lockdown, Evacuate, Shelter, or other appropriate actions. Under the District's SRP guidance, Secure is used when a dangerous condition exists outside the building and exterior doors are secured, while Lockdown is used when an active threat exists inside or very close to the building.

Students, employees, and visitors are expected to immediately follow instructions communicated by GSTC administration, CENTEGIX or other emergency notification systems, law enforcement, safe-school/security personnel, or other authorized emergency personnel. Emergency conditions may also require monitored entry, controlled release, evacuation to another location, or reunification procedures.

GSTC employees receive training regarding applicable emergency procedures, and the College conducts drills and exercises consistent with District requirements.

ECPS Protection Services supports District safety and emergency preparedness through training and other safety-related functions. GSTC employees are required to complete assigned District safety, health, security, and emergency training, and completion records are maintained through District processes.

GSTC maintains a Campus Security Team to assist with campus-level emergency preparedness and response. The Campus Security Team works within District emergency protocols and coordinates with GSTC administration, Protection Services, law enforcement, fire-rescue, emergency medical services, and other appropriate agencies as circumstances require.

Emergency procedures address circumstances including evacuation, shelter-in-place, severe weather, fire, hazardous conditions, lockdown or secure-campus situations, and other emergencies.

### Evacuation

When evacuation is necessary, students, employees, and visitors should:

1. follow instructions provided by College officials, law enforcement, or emergency personnel;
2. follow established evacuation routes unless instructed otherwise;
3. assist individuals requiring reasonable assistance when it can be done safely;
4. keep roadways and emergency-access areas clear;
5. proceed to the designated assembly area;
6. account for students and visitors when directed; and
7. remain at the designated location until authorized to leave or return.

### Shelter-in-Place

When conditions make evacuation unsafe, students and employees may be directed to shelter in place. Individuals should move to the safest available location, follow emergency instructions, remain alert for updated information, and remain sheltered until authorized officials provide further direction.

## 12. TESTING EMERGENCY RESPONSE AND EVACUATION PROCEDURES

---

GSTC conducts emergency-response and evacuation exercises throughout the year to evaluate emergency plans, the District's Standard Response Protocol, notification capabilities, and institutional response procedures. Exercises may include testing or use of CENTEGIX and other emergency communication methods when appropriate to the scenario.

The College documents emergency exercises, including:

- a description of the exercise;
- the date conducted;
- the time the exercise began and ended;
- whether the exercise was announced or unannounced; and
- observations or follow-up actions when appropriate.

Emergency exercises are used to identify potential deficiencies and opportunities for improvement.

Consistent with District SRP guidance, when an exercise is conducted as a drill, participants are informed that the event is a drill so that simulated conditions are not mistaken for an actual emergency.

## 13. SECURITY OF AND ACCESS TO CAMPUS FACILITIES

---

GSTC is a nonresidential institution.

Campus facilities are generally available to students, employees, authorized visitors, and members of the public during established operating hours and for authorized College activities.

Visitors are expected to comply with College and District visitor-management procedures.

During nonbusiness hours, access to buildings is restricted to authorized personnel through keys, electronic access, or other approved means. Individuals requiring access to campus buildings outside normal operating hours must receive appropriate authorization.

Employees of the School District of Escambia County are required to comply with District identification requirements, including requirements concerning visible employee identification badges.

GSTC reserves the right to restrict or deny access to College property when necessary to protect students, employees, visitors, property, or institutional operations.

## 14. SECURITY CONSIDERATIONS IN FACILITY MAINTENANCE

---

GSTC considers campus safety when maintaining buildings and grounds.

College and District personnel monitor conditions such as:

- exterior and interior lighting;
- locks and access-control systems;
- doors and windows;
- landscaping and visibility;
- sidewalks and roadways;
- alarms and emergency equipment;
- steps and handrails; and
- unsecured or potentially hazardous equipment.

Employees and students are encouraged to promptly report unsafe conditions or security-related maintenance concerns to GSTC administration. Identified concerns are referred to appropriate College or District personnel for evaluation and corrective action.

## 15. SECURITY AWARENESS AND CRIME PREVENTION PROGRAMS

---

GSTC provides security-awareness and crime-prevention information to students and employees through multiple methods.

### Students

New Student Orientation provides incoming students with information concerning campus procedures, emergency and non-emergency reporting, personal safety, student responsibilities, and available College resources.

Additional information may be provided through classroom instruction, electronic communications, the College website, awareness campaigns, safety notices, and other educational activities.

### Employees

Employees receive safety and security information through new-employee orientation, annual District compliance activities, Standard Response Protocol training, professional development, and required safety training facilitated by ECPS Protection Services.

District employees are required annually to complete assigned online safety, health, security, and emergency training. Protection Services facilitates this training and maintains completion records that are available to school and District administrators.

Additional training and educational topics may include:

- emergency response and evacuation;
- workplace and campus safety;
- crime prevention;
- active threat and emergency response;
- harassment prevention;
- bullying and harassment;
- drug and alcohol awareness;
- domestic violence, dating violence, sexual assault, and stalking;
- cybersecurity and information security; and
- recognizing and reporting threats or suspicious activity.

These activities supplement GSTC's campus-specific safety procedures and help ensure that employees understand both their individual responsibilities and the District systems available to support a safe educational environment.

## 16. OFF-CAMPUS ACTIVITIES AND STUDENT ORGANIZATIONS

---

GSTC encourages students participating in College-sponsored activities away from campus to promptly report criminal activity to the law-enforcement agency having jurisdiction over the location and to an appropriate GSTC official.

GSTC evaluates property used by recognized student organizations and College-sponsored activities to determine whether the property falls within the institution's Clery geography.

When applicable, GSTC will seek information from appropriate law-enforcement agencies concerning criminal activity occurring at noncampus locations owned or controlled by officially recognized student organizations.

## 17. DRUG AND ALCOHOL POLICY

---

GSTC is committed to maintaining a safe, healthy, and productive educational and working environment free from the unlawful possession, use, manufacture, distribution, or sale of illicit drugs and alcohol.

The unlawful possession, use, manufacture, distribution, or sale of controlled substances or alcohol on College property or as part of College-sponsored activities is prohibited and may result in College disciplinary action and criminal penalties.

GSTC and the School District of Escambia County enforce applicable federal and state drug laws and Florida laws concerning alcoholic beverages, including laws prohibiting the unlawful possession or furnishing of alcohol by or to persons under 21.

Employees are additionally subject to the School District of Escambia County Drug-Free Workplace Policy.

Students and employees should consult the George Stone Technical College Drug and Alcohol Abuse Prevention Program (DAAPP) for comprehensive information concerning:

- standards of conduct;
- federal, state, and local legal sanctions;
- institutional disciplinary sanctions;
- health risks associated with alcohol and other drugs;
- available counseling, treatment, rehabilitation, and assistance resources;
- prevention and educational activities; and
- GSTC's biennial review of its prevention program.

The DAAPP is distributed annually to students and employees and is available through George Stone Technical College.

## **18. DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT AND STALKING**

---

GSTC prohibits dating violence, domestic violence, sexual assault, and stalking.

The College is committed to preventing these offenses, encouraging reporting, providing assistance and supportive measures to affected individuals, and providing fair and impartial institutional processes.

### **Prevention and Awareness**

GSTC and the School District provide educational and awareness information designed to promote healthy and respectful relationships and prevent dating violence, domestic violence, sexual assault, and stalking.

Programming may include information concerning:

- definitions of prohibited conduct;
- consent;
- safe and positive options for bystander intervention;
- risk-reduction strategies;
- warning signs of abusive or controlling behavior;
- reporting options;
- victim assistance and supportive measures; and
- institutional and community resources.

Primary prevention and awareness information is provided to incoming students and new employees, with ongoing information and awareness activities made available to current students and employees.

### **Consent**

For purposes of prevention and educational programming, consent means an affirmative, voluntary, knowing, and mutually understood agreement to engage in a specific sexual activity.

Consent cannot be obtained through force, threat, intimidation, coercion, or from a person who is unable to provide consent because of incapacitation or other circumstances recognized by law.

Consent to one activity does not constitute consent to another activity, and consent may be withdrawn. Applicable Florida law governs determinations concerning criminal conduct.

## **Bystander Intervention**

Members of the GSTC community are encouraged to take safe and positive action when they observe circumstances that could lead to violence.

Appropriate actions may include:

- calling 911 or contacting College officials;
- creating a distraction when doing so can be accomplished safely;
- seeking assistance from others;
- accompanying an individual to a safe location;
- checking on an individual who may be at risk; or
- reporting concerning behavior.

No individual should physically intervene when doing so would create an unreasonable risk to their own safety or the safety of others.

## **Risk Reduction**

Risk-reduction strategies are intended to promote awareness and personal safety and should never be interpreted as placing responsibility for an offense on a victim.

Students and employees are encouraged to remain aware of their surroundings, communicate boundaries clearly, respect the boundaries of others, seek assistance when a situation appears unsafe, and intervene safely when circumstances permit.

Responsibility for dating violence, domestic violence, sexual assault, and stalking rests solely with the person who commits the prohibited conduct.

## **19. PROCEDURES FOLLOWING SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE OR STALKING**

---

A person's immediate safety is the first priority.

Individuals who have experienced sexual assault, dating violence, domestic violence, or stalking are encouraged to:

1. move to a safe location;
2. call 911 when immediate assistance is necessary;
3. obtain medical attention when appropriate;
4. preserve evidence;
5. report the incident to law enforcement and/or GSTC; and
6. seek available supportive services.

### **Preservation of Evidence**

Preserving evidence may be important in establishing that an offense occurred or in obtaining a protection order.

Following a sexual assault, an individual should consider avoiding activities that could destroy physical evidence before receiving medical care, when doing so is reasonably possible.

Individuals should also consider preserving text messages, emails, photographs, social-media communications, voicemails, written communications, screenshots, call records, and other documentation associated with dating violence, domestic violence, sexual assault, or stalking.

### **Reporting**

Reports may be made to:

- 911 or the appropriate law-enforcement agency;
- the Escambia County Sheriff's Office;

- a GSTC Campus Security Authority;
- a GSTC administrator; or
- another appropriate College official.

GSTC will assist an individual in notifying law enforcement when requested.

An individual may also decline to notify law enforcement, subject to circumstances in which reporting or other action is required by law.

## 20. WRITTEN NOTIFICATION OF RIGHTS, OPTIONS AND SERVICES

---

When GSTC receives a report that a student or employee has experienced dating violence, domestic violence, sexual assault, or stalking, the College will provide the individual with written information concerning available rights and options.

Information will address, as applicable:

- reporting options;
- assistance in contacting law enforcement;
- medical services;
- counseling and mental-health services;
- victim advocacy;
- legal assistance;
- visa and immigration assistance;
- student financial-aid assistance;
- orders of protection and similar legal protections;
- academic accommodations;
- transportation considerations;
- work-related accommodations;
- College disciplinary procedures; and
- other supportive or protective measures reasonably available.

Such information will be provided regardless of whether the individual chooses to report the incident to law enforcement.

## 21. SUPPORTIVE AND PROTECTIVE MEASURES

---

GSTC will consider reasonable and available supportive or protective measures following a report of dating violence, domestic violence, sexual assault, or stalking.

Measures may include changes to:

- academic schedules;
- instructional arrangements or delivery methods;
- campus access;
- transportation arrangements;
- work assignments or schedules; or
- other circumstances when reasonably available.

GSTC will maintain the confidentiality of supportive measures to the extent that doing so does not impair the College's ability to provide them.

The College will also provide information concerning orders of protection, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court and will comply with applicable law concerning such orders.

## 22. INSTITUTIONAL DISCIPLINARY PROCEEDINGS

---

Allegations involving dating violence, domestic violence, sexual assault, and stalking that are subject to College disciplinary jurisdiction will be addressed under applicable School District and College procedures.

Proceedings will:

- provide a prompt, fair, and impartial process;
- be conducted by officials who receive appropriate annual training;
- provide the complainant and respondent with the same opportunities to have an advisor of their choice present during applicable meetings or proceedings;
- use the standard of evidence established by applicable institutional policy;
- provide simultaneous written notification to the parties of the result of the proceeding;
- provide information concerning applicable appeal procedures;
- provide notice of any change to the result; and
- identify when the result becomes final.

Sanctions for students may include disciplinary action up to and including dismissal or expulsion, consistent with applicable College and District policies.

Employee violations may result in disciplinary action up to and including termination, consistent with applicable law, School Board policy, collective bargaining agreements, and employment procedures.

## 23. HAZING PREVENTION AND REPORTING

---

GSTC prohibits hazing in connection with any College program, activity, team, club, organization, or other student group.

For purposes of federal campus-safety reporting, hazing includes intentional, knowing, or reckless acts committed by a person, individually or with others, against another person in connection with initiation into, affiliation with, or maintenance of membership in a student organization when the act creates a risk of physical or psychological injury beyond the reasonable risks associated with participation in the institution or organization.

Hazing may include conduct involving:

- physical abuse;
- forced or coerced consumption of food, alcohol, drugs, or other substances;
- sleep deprivation;
- exposure to extreme conditions;
- coerced criminal or unlawful conduct;
- degrading or humiliating activities;
- sexual conduct;
- conduct that places another person's physical or mental health at risk; or
- other conduct meeting the applicable federal or state definition of hazing.

Consent to participate in an activity does not excuse conduct that constitutes hazing.

Students and employees are encouraged to immediately report suspected hazing to GSTC administration or a Campus Security Authority. Conduct presenting an immediate threat to health or safety should be reported to 911.

GSTC will provide hazing-prevention and awareness information to the campus community as required by applicable federal law.

Reported hazing incidents will be evaluated for inclusion in the College's Clery crime statistics when required.

GSTC will also maintain and publish a Campus Hazing Transparency Report when required by federal law. The report will summarize findings concerning hazing violations involving student organizations in accordance with applicable federal requirements.

## **24. SEX-OFFENDER REGISTRY INFORMATION**

---

Information concerning registered sexual offenders and predators is maintained by the Florida Department of Law Enforcement.

Members of the campus community may access the Florida Sexual Offenders and Predators Search through the Florida Department of Law Enforcement.

Individuals subject to Florida sex-offender registration requirements are responsible for complying with applicable state registration laws, including requirements associated with employment at or attendance at an educational institution.

## **25. FIRE SAFETY REPORT AND MISSING STUDENT PROCEDURES**

---

GSTC does not maintain on-campus student housing facilities.

Accordingly, the College is not subject to the Clery Act requirements applicable specifically to institutions maintaining on-campus student housing concerning an Annual Fire Safety Report, fire log, or missing-student notification procedures.

General fire prevention, emergency response, evacuation, and life-safety procedures nevertheless remain applicable to GSTC and are addressed through College and School District emergency-management procedures.

## **26. DAILY CRIME LOG**

---

To the extent required under the Clery Act, GSTC maintains a daily crime log containing reported criminal incidents within applicable Clery geography.

The log includes, as applicable:

- the nature of the crime;
- date reported;
- date and time of occurrence;
- general location; and
- disposition of the complaint, if known.

Entries are made within two business days of the report unless disclosure is prohibited by law or temporary withholding is permitted under federal requirements.

The most recent 60 days of the crime log are available for public inspection during normal business hours. Portions of the log older than 60 days will be made available within two business days of a request.

The crime log may be reviewed by contacting the GSTC Administration Office.

## **27. BULLYING, HARASSMENT AND NONDISCRIMINATION**

---

GSTC operates in accordance with School District of Escambia County policies prohibiting bullying, harassment, discrimination, and other conduct that threatens a safe educational or working environment.

Students and employees are encouraged to promptly report bullying, harassment, discrimination, threats, or other concerning conduct to an administrator or other designated official.

GSTC employees receive annual information and training concerning applicable District policies and responsibilities for identifying, preventing, and responding to bullying and harassment.

Reports will be evaluated and addressed in accordance with applicable District procedures and law.

## 28. CAMPUS SAFETY RESPONSIBILITIES

---

Every member of the GSTC community contributes to campus safety.

Students, employees, and visitors are encouraged to:

- promptly report crimes, threats, suspicious behavior, and unsafe conditions;
- call 911 during emergencies;
- follow instructions from law enforcement and College officials;
- participate appropriately in emergency drills;
- avoid leaving valuables unattended;
- lock vehicles and secure personal belongings;
- remain aware of surroundings;
- avoid entering restricted or unauthorized areas;
- comply with visitor and identification procedures; and
- report malfunctioning locks, lights, alarms, or other security equipment.

No security system can eliminate every risk. Personal awareness, responsible behavior, prompt reporting, effective institutional procedures, and cooperation among the College community and law enforcement are essential components of campus safety.

## 29. CRIME DEFINITIONS

---

For purposes of collecting, classifying, and reporting campus crime statistics, GSTC uses the definitions prescribed by the Clery Act, applicable federal regulations, and the U.S. Department of Education.

Reportable categories include, as applicable:

- murder and non-negligent manslaughter;
- negligent manslaughter;
- rape;
- fondling;
- incest;
- statutory rape;
- robbery;
- aggravated assault;
- burglary;
- motor vehicle theft;
- arson;
- liquor-law arrests and disciplinary referrals;
- drug-law arrests and disciplinary referrals;
- weapons-law arrests and disciplinary referrals;
- hate crimes;
- dating violence;
- domestic violence;
- stalking; and
- hazing.

Hate-crime reporting includes applicable offenses in which the victim was intentionally selected because of actual or perceived:

- race;
- religion;
- sexual orientation;
- gender;

- gender identity;
- ethnicity;
- national origin; or
- disability.

# 2026 Campus Safety and Security Survey

## Screening Questions

Please answer these questions carefully. The answers you provide will determine which screens you will be asked to complete for this data collection.

### 1. Does your institution provide On-campus Student Housing Facilities?

- ☒ No.
- ☐ Yes. (If Yes is selected, you must enter the number of student housing facilities below and enter Fire Statistics for each facility.)

Number of On-campus Student Housing Facilities:

0

.....

### 2. Does your institution have any noncampus buildings or properties?

- ☒ Yes
- ☐ No

.....

### 3. Have you combined statistics that you received from the local or state police with your institution statistics for this report? If you answer No to this question, you will be asked to provide the data you received from the local and state police separately.

- ☒ Yes. Local and/or state law enforcement agencies provided us with statistics that we are combining with statistics collected by our campus security authorities.

- ☐ **No.** We are not combining the statistics because we cannot determine whether the statistics we obtained from local and/or state law enforcement agencies are for on-campus incidents or public property incidents.
- ☐ **Not available.** We cannot determine if the statistics we obtained from local and/or state law enforcement agencies are for our Clery geography.
- ☐ **Not available.** We made a good-faith effort to obtain statistics from local and/or state law enforcement agencies, but the agencies did not comply with our request.

## 31. ANNUAL COMPLIANCE REVIEW

---

Prior to publication each year, GSTC will review this Annual Security Report to:

- update institutional officials and contact information;
- review Campus Security Authority designations;
- verify applicable Clery geography;
- request crime statistics from appropriate law-enforcement agencies;
- reconcile institutional crime records and disciplinary referrals;
- verify required three-year crime statistics;
- update policies and procedures;
- review emergency notification and Timely Warning procedures;
- verify required emergency-response testing;
- review VAWA prevention and response information;
- review hazing prevention and reporting requirements;
- update references to the GSTC DAAPP and other institutional policies;
- verify the availability of the daily crime log;
- ensure current students and employees receive the required annual notice by October 1; and
- ensure prospective students and employees receive appropriate notice of the report's availability.

The Principal or designee will maintain documentation demonstrating completion of the annual review and distribution process.
