Millennium High School (MHS) is a small public school in the San Francisco East Bay. We prioritize critical thinking, intellectual curiosity, integrity, and leadership skills. MHS supports students to find a balance between academics, extracurricular activities, and socio-emotional health. The mission of MHS is to provide a safe, accepting, and non-competitive school community in which an intentionally heterogeneous group of learners is prepared to be members of our society who can rise to fully realize their individual academic, professional and personal goals.
