

LWE 4TH & 5TH GRADE TECH FAIR

NOVEMBER 5, 2026

What is the LWE 4th & 5th Grade Tech Fair?

4th & 5th grade students can create a technology-based project in one of the approved categories, then present their project during Specials to a group of students and judges.

When is the Tech Fair?

November 5, 2026, during Specials. This is a student-only event.

What are the Categories?

3D Modeling	Animation	Audio Production	Digital Game Design
Digital Photo Production	Graphic Design	Multimedia Applications	Physical Computing
Programming	Robotics	Video Production	Web & Mobile Apps

How Does a Student Participate?

1. Students must register via the LWE ONLINE TECH FAIR REGISTRATION form by Friday, October 16, 2026 at 11:59pm.
2. Students must review & follow the AI POLICY while creating their project
3. Students must bring the signed FCSTC TECHNOLOGY COMPETITION FORM on or before Nov. 5th.
4. Review ALL information on the FCSTC TECH COMPETITION WEBSITE to ensure tech project meets requirements.
5. Students will present their projects during SPECIALS on November 5, 2026.
6. Qualifying projects can move on to the Fulton County Technology Competition on Jan. 9th, 2027 @ North Springs HS.

Additional Information:

- Students may enter **INDIVIDUALLY** or as a **TEAM OF 2** students max.
- **EACH MEMBER OF THE TEAM** must complete steps 1 through 4 above.
- 4th graders may enter alone or with another 4th grader & 5th graders may enter alone or with another 5th grader.
- Students/Teams may submit **ONE** project.
- Projects are to be designed and created by students.
- Some adult guidance is allowed, but it must be clear that the work was done by the student(s).
- Students will present their projects & presentations must be **4 minutes or less**, then judges will ask questions.
- Presentations should: Introduce the project, share the project's purpose, how it was created, challenges faced, and what was learned.
- Projects should be shown **COMPLETED** and plan for **NO INTERNET ACCESS**.
- Tip: Use the screen recorder in Canva or PowerPoint to record the project if it cannot be shown as an image, MP4 (movie), PDF or Document.
- One LWE project in each category's grade level group can move on to compete in the FC Tech Competition.
- The winners at the county level competition move on to compete at the State tech competition in spring.
- Once registered, categories **MAY NOT** be changed. (It will disqualify the student at the county level).
