

ELEMENTARY NEWSLETTER OCTOBER

PRINCIPALS' BLURB

October is National Bullying Prevention Month, and at Northland Elementary, we're dedicated to fostering a safe and respectful learning environment. Through our Second Step curriculum, students in kindergarten through 5th grade will learn key skills to prevent bullying, including how to:

- Recognize when bullying is happening.
- Report it to a trusted adult.
- Refuse to let bullying happen.
- Be an upstander who helps find solutions.

We'll also host our annual Kindness Run, where students will create posters with encouraging words to spread positivity throughout the school.

COMMUNITY ED. CORNER
