FOR IMMEDIATE RELEASE

FORSYTH COUNTY SCHOOLS GRADUATION RATE SOARS TO RECORD HIGH OF 97.47%

CUMMING, Ga. – Forsyth County Schools (FCS) has reached a new all-time high graduation rate of 97.47% according to data released today by the Georgia Department of Education. The milestone surpasses the district's previous record of 97.0% set in 2025 and places FCS well above the statewide rate of 88.5%.

“This record belongs to our graduates, along with every family, teacher, counselor, and community partner who supported them,” said Superintendent Dr. Mitch Young. “Our goal is to prepare healthy, productive citizens equipped for whatever comes next. Graduating high school is the first step for our students, and I am proud that 97.47% of them are off and running. Until we reach 100%, though, we can say that there is still work to be done.”

The achievement reflects a districtwide commitment to meeting students where they are and guiding them to where they want to go. From the classroom to the community, FCS surrounds every student with the opportunities, support, and encouragement they need to finish strong.
