

Scoring System

U-32 uses a 4-point scoring system. GPA is not weighted and is factored on core knowledge SLOs only. (Transferable skills are not factored into a student's GPA.) Students are scored in core knowledge areas as follows:

- 4** = Exceeding course expectations
- 3** = Meeting course expectations
- 2** = Progressing toward meeting course expectations
- 1** = Beginning to meet course expectations

Scores reflecting progress toward meeting graduation requirements are as follows:

- A** = Advanced
- D** = Developing
- P** = Proficient
- B** = Beginning

U-32 GPA Conversion Chart

Proficiency-Based Grades at U-32	GPA Equivalent *COLLEGE BOARD SCALE
Exceeding course expectations = 4	4.0
Meeting course expectations = 3	3.5
Progressing toward meeting course expectations = 2	2.5
Beginning to meet course expectations = 1	1.5

Transferable Skills

The demonstration of Transferable Skills occurs simultaneously with the demonstration of our Core Knowledge Standards. The content provides the context where students can develop and gain proficiency in the broad set of knowledge, skills, work habits and character traits that are critically important to success in college and career.

Graduation

Once a student has demonstrated proficiency in all of the Standards assigned to each of the SLOs at the graduation level, they will be deemed to have met our "Proficiency-Based Graduation Requirements" and will be eligible to graduate.

Unique Features of Our School

Teacher Advisor (TA) System: Each staff member acts as an advocate for 8 to 12 students, allowing each student to experience an ongoing, in-depth relationship with one staff member throughout their school career.

Pilot and Branching Out: These standards-based programs offer students the opportunity to initiate and develop independent studies and/or learning plans with a community mentor and program advisor. In the Pilot program, work is evaluated based on periodic exhibitions of work and portfolio creation.

Co-Curricular Rather Than Extra-Curricular: We believe that sports, drama, and student clubs are co-curricular learning experiences rather than extra-curricular. The co-curricular program at U-32 uses competitive experiences to aid students in developing favorable habits and attitudes that prepare them for adult life in a democratic and pluralistic society. Athletic programs include field hockey, football, soccer, ice hockey, basketball, cross country, alpine and Nordic skiing, track and field, baseball, softball, lacrosse, and tennis.
