

# Portrait of a Garrison Forest 5th Grade Graduate

## OUR VISION

Garrison Forest women live  
“To Be Rather Than To Seem,”  
leading with authenticity,  
integrity, and impact.

## OUR MISSION

A Garrison Forest School  
education empowers every girl to  
achieve academic excellence,  
cultivate her authentic self, foster a  
community of care and respect,  
and lead with purpose.

## ON HER PATH TO BECOMING A WOMAN OF IMPACT, A GARRISON FOREST 5TH GRADER...

### Achieves Academic Excellence

She builds strong foundational knowledge and skills, asks meaningful questions, follows her curiosity, and explores more than one way to approach a problem. She recognizes growth through challenge, uses feedback to improve her work, builds independence as a learner, and asks for help when needed.

### Cultivates Her Authentic Self

She explores her interests, strengths, emotions, and areas for growth. She expresses her ideas, questions, and needs clearly and with increasing confidence.

### Fosters a Community of Care and Respect

She notices the feelings and experiences of others, shows care through her words and actions, and begins to consider perspectives beyond her own. She builds positive relationships, works respectfully with peers and adults, and recognizes that her words and actions affect others.

### Leads with Purpose

She takes responsibility for her actions, looks for ways to help others, and participates actively in community life. She uses her strengths and interests to contribute positively to her community.
