

Profile of a TKS Educator

In our classrooms...

- We provide an exceptional IB education that empowers learners to skillfully and confidently leverage opportunities.
- We ignite curiosity, inspire creativity and investigate solution through inquiry-based teaching practices.
- We create a nurturing environment to support student wellbeing and promote student agency .
- We meet each child where they are with personalized learning opportunity to meet the needs of all learners.

Among our colleagues...

- We promote a **culture of contribution** and collaboration.
- We empower one another to **innovate and investigate** as we move our practices forward together.
- We draw upon our **diverse perspectives** to deepen our understanding in pursuit of excellence.
- We leverage opportunities to connect and grow professionally, while embracing cognitive dissonance.
- We demonstrate empathy toward one another in a nurturing environment.

As a learner...

- We aspire to be courageously bold educators pursuing excellence, inspiring discovery and positively impacting humanity.
- We continuously implement innovative teaching strategies grounded in research and supported by professional inquiry.
- It is our responsibility to be self-directed learners, aligning our practice to the TKS values; Adaptability, Innovation, Diversity, Inclusivity and Responsibility.
