A Campus Profile 74-75

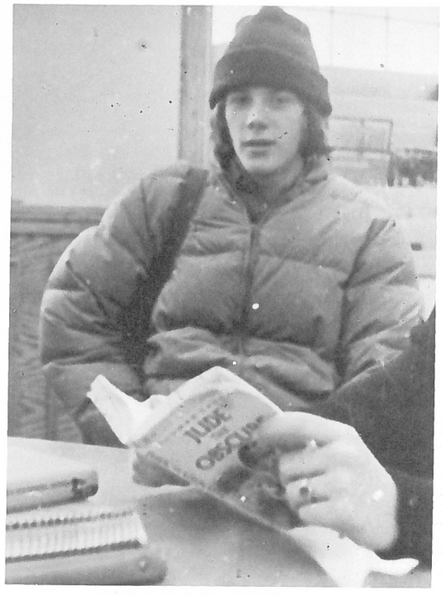

It starts off so quietly

People study

— somewhat . . .

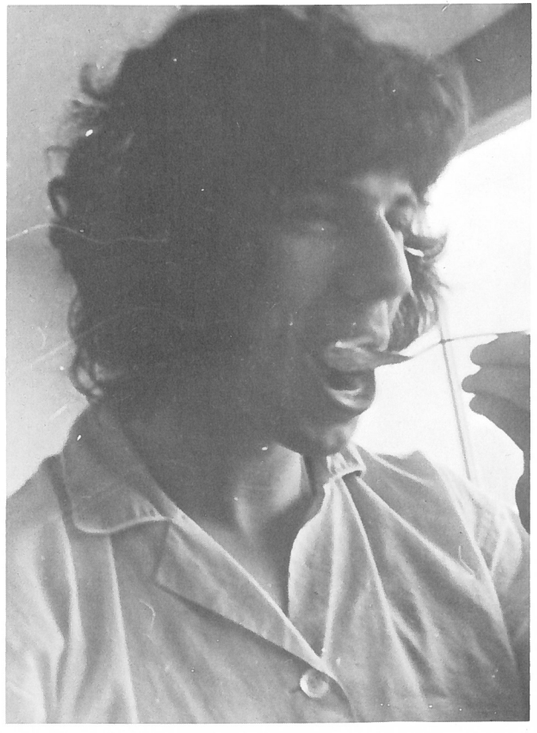

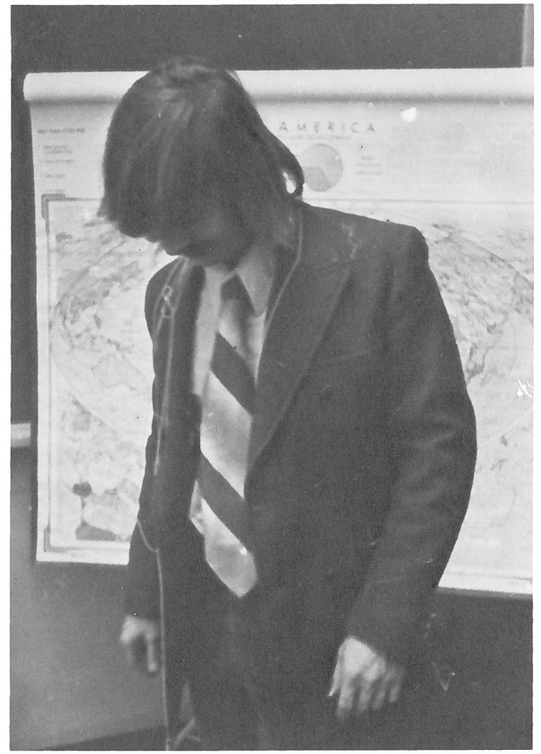

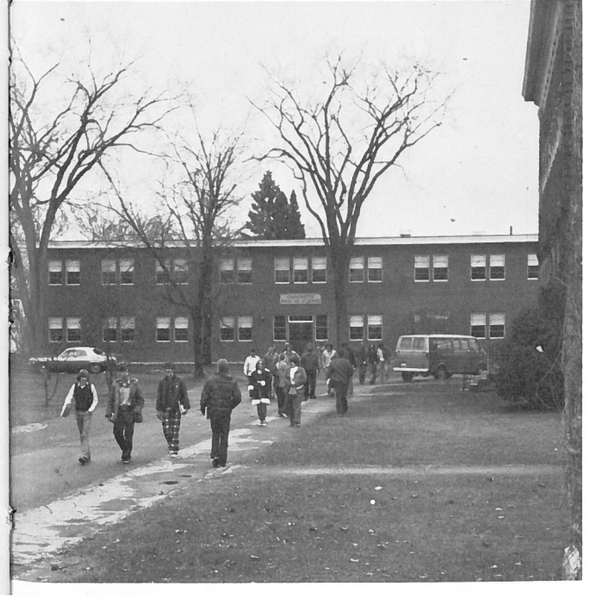

important meetings . . .

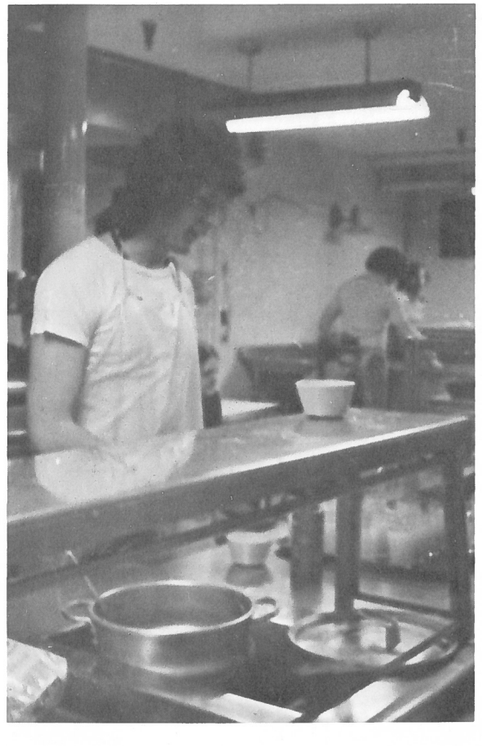

normal, everyday routines . . .

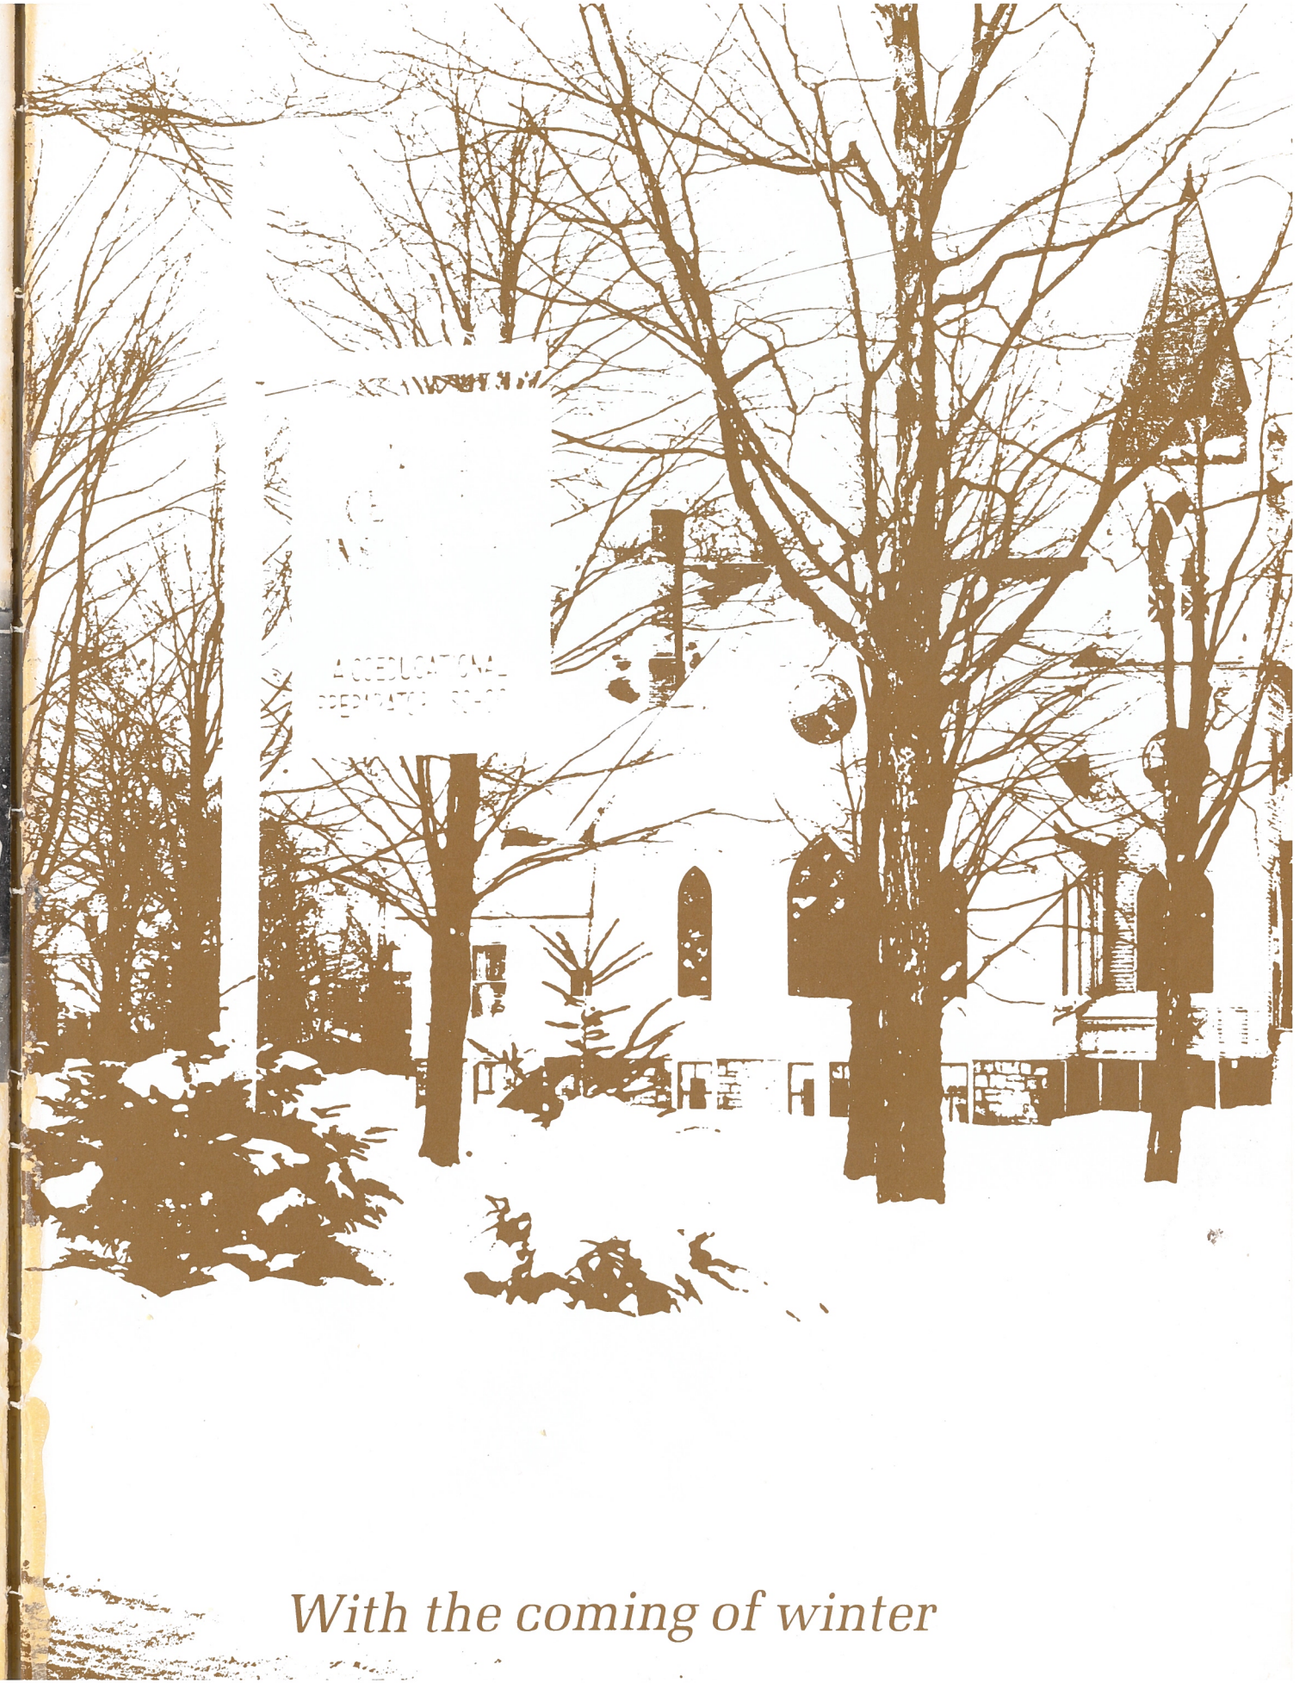

their books

may be opened

But . . .

With the coming of winter

Andi, Mike, Cliff, Dave and Ted

a long wait for Spring.

Your graduation present from The Maine Bank

a silver dollar in your new savings account.

You're a graduating senior about to start a whole new part of your life. It's an exciting time, but it can be a little scary too. Because along with all the benefits of becoming a young adult come increased responsibilities.

Like managing your own finances, for instance.

That's where we can help. We'd like to help you get off to a good start — with your own checking account and savings account at the Maine Bank. We'll even put the first dollar into your savings account when you open both accounts with us.

In a 5% Statement Savings account at the Maine Bank, your money earns 5% interest from day of deposit to day of withdrawal. We've even got a way you can transfer money from your checking account to your savings account, automatically. So saving up for things is much easier.

And each month you'll receive our new Financial Manager statement telling you exactly where you stand on all your accounts at the Maine Bank.

If you're a graduating senior interested in getting it together money-wise, stop in at the nearest office of the Maine National Bank and open your new checking and savings account. Start your free silver dollar saving for you today.
