We, the class of 1979, look upon our final year at Maine Central Institute with two ideas in mind. One is to leave our school knowing that we have strived for the greatest achievements that can be expected of us. The other is knowing that we must establish the foundation for our personal growth, be hard-working, and continue to search for the best in everything.

I thank my classmates for helping me lead our class of 1979 to the achievements that it has found thus far. I wish all my classmates the best of luck in their future endeavors and hope that every one will find the excellence that he strives for.

WINTER 1979

With the first snowfall begins the long trudge toward Spring. Sports, studies and the Winter Carnival break up the season, and its chill is easily endured.
