Lower School				
Foundations to Grade 1	350	1,434	18,696	20,480
Grade 2 to Grade 5	350	1,548	20,220	22,118

High School - Grade 9 to Grade 12	350	1,696	22,180	24,226

- The School Growth Fund is currently allocated to the building refits. The annual School Growth fees and the Registration fees are allocated to the ISL School Growth Fund.
- The Stability reserve is to protect the sustainability of the school and to help alleviate future fee increases due to fluctuations in the government's subsidy, enrolment and extraordinary economic circumstances.
- The Tuition fees are to fund the annual operational budget of the school.

The registration fee secures a new applicant's initial registration. In the successive years, the annual Stability Reserve fee is payable during the annual enrolment as a non-refundable deposit to secure a student's place for the following school year. On signature of enrolment acceptance, all above school fees are committed to.

Please note that the school fees benefit from the Luxembourg State Subsidy for private schools which presently averages approximately €12,755 per child. Without this State subsidy the tuition fees payable would increase by a similar amount.
