Housing and Educational Rights Students without fixed, regular, and adequate nighttime residences have the following rights:

1) Immediate enrollment in the school they last attended or the local school where they are currently staying even if they do not have all of the documents normally required at the time of enrollment without fear of being separated or treated differently due to their housing situations; 2) Transportation to the school of origin for the regular school day; 3) Access to free meals, Title I and other educational programs, and transportation to extra-curricular activities to the same extent that it is offered to other students. Any questions about these rights can be directed to the local McKinney-Vento liaison at 518-792-1212.

INSTRUCTIONS FOR COMPLETING THE HOUSING QUESTIONNAIRE

Purpose of the Housing Questionnaire

All Local Education Agencies (LEAs) are required to identify students experiencing homelessness. LEAs include school districts, charter schools and BOCES. Additionally, all LEAs that receive Title I funds must ask enrolling students about their housing status. The New York State Education Department (NYSED) encourages all LEAs regardless of whether they receive Title I funds to do the same. To collect this information, LEAs may:

1. Use the Housing Questionnaire attached here,
2. Update/modify the Model Enrollment Form – Housing Questionnaire to address the needs of the LEA, or
3. Incorporate the housing status question from the Model Enrollment Form - Residency Questionnaire into the LEA's Enrollment Form or other documents already used by the LEA during the enrollment process.

If an LEA elects the third option and incorporates the housing status question into the LEA's Enrollment Form, the LEA should take steps to ensure that a student's housing status does not become a part of the student's permanent record, because of the sensitive nature of this information. Please see the section titled "Confidentiality" (below) for information about how and when housing information may be shared within the LEA.

Who should fill out the Housing Questionnaire?

A Housing Questionnaire should be filled out for all students enrolling in school and for all students who have a change of address in grades preschool-12. "Preschool" includes any LEA administered or funded preschool program, such as a pre-k or Head Start program administered by an LEA. The Housing Questionnaire should be completed by the student's parent, person in parental relation, or in the case of an unaccompanied youth, by the student directly.

Confidentiality

Student housing information should be kept confidential to the maximum extent possible. This information should only be shared with LEA/school staff members who need information about housing status to ensure that the student's educational needs are met. To this end, LEAs may share a student's Housing Questionnaire with LEA personnel such as:

1. the LEA liaison,
2. the registrar,
3. the student's teachers, and/or guidance counselor, and
4. the LEA staff member responsible for reporting data to SED

However, this information should only be shared with the above staff members to the extent that it will enable them to better meet the educational needs of the student in question and to fulfill reporting requirements mandated by SED.

Other than the above uses, housing information **should be kept confidential and should not be shared** with other LEA/school personnel due to its sensitive nature and the stigma attached to being labeled homeless. LEAs are also encouraged to seek out ways of preventing Housing Questionnaires and housing information from becoming a part of a student's permanent record.

Discussing the Housing Questionnaire with Students and Families

In reviewing the Housing Questionnaire with parents, persons in parental relation, and unaccompanied youth, LEAs should emphasize that the purpose of gathering the information is to ensure that students in temporary housing arrangements are provided with the rights and services to which they are entitled under the McKinney-Vento Act. These rights and services include:

1. The right to stay in the same school the student had been attending before losing his/her housing or the last school attended (both known as the school of origin),
2. The right to immediate enrollment for students who decide to transfer schools, even if the student does not have all of the documents normally for enrollment,
3. Transportation services if the student continues to attend the school of origin,
4. Categorical eligibility for Title I services if offered in the LEA,
5. Categorical eligibility for free meals if offered in the LEA, and
6. Access to services provided with McKinney-Vento funds if available in the LEA.

The LEA should also ensure that the parent, person in parental relation, unaccompanied youth is aware that the student's housing status will be kept confidential and will only be shared with those LEA staff who are responsible for providing services to the student and those responsible for keeping track of how many students are identified as living in temporary housing in the LEA.

LEAs are advised to explain to parents that if a parent claims that her/her child is living in temporary housing, and the LEA wishes to conduct an investigation to verify this information, the LEA may conduct a home visit. However LEAs **cannot contact a landlord or building superintendent** to verify a student's housing status without prior parental consent. Contacting a landlord or building superintendent without the parent's express prior written permission is a violation of FERPA, a federal law.

If the Parent, Person in Parental Relation, or Unaccompanied Youth Declines to Fill Out the Housing Questionnaire

If the parent, person in parental relation, or unaccompanied youth declines to complete the Housing Questionnaire, the LEA should note on the form that the parent, person in parental relation, or unaccompanied youth declined to provide the information requested.

Completing the Form

If a parent, person in parental relation, or unaccompanied youth enrolling in school indicates that a student is living in one of the five temporary housing arrangements, the school may not require proof to verify where the student is living before enrolling the student. The five temporary housing arrangements are listed below:

1. In a shelter,
2. With another family or other person (sometimes referred to as "doubled-up"),
3. In a hotel/motel,
4. In a car, park, bus, train, or campsite, or
5. Other temporary living situation.

After the student is enrolled and attending classes, the school or LEA is permitted to verify the student's housing arrangements. However, the student must first be enrolled in school. Again, LEAs **cannot not contact a landlord or building superintendent** to verify a student's housing status. (See above for more information.)

Definitions of Temporary Housing Arrangements

"With another family or other person" (also referred to as "doubled-up")

LEAs should be aware that students who are sharing the housing of others are eligible for services under the McKinney-Vento Act and State law, if sharing housing is due to loss of housing, economic hardship, or a similar reason.

"Other temporary living situation"

In addition to the four examples of temporary housing, students who lack a "fixed, adequate, and regular" nighttime residence are also covered as homeless under the McKinney-Vento Act and State law. This may include unaccompanied youth who have fled their homes or were forced to leave their homes and who do not otherwise meet the definition of "doubled-up."

"In permanent housing"

Permanent housing means that the student's living arrangements are "fixed, regular, and adequate."

Next Steps for LEAs with Students Living in Temporary Housing Arrangements

If the parent, person in parental relation, or unaccompanied youth indicates that a student is living in temporary housing, the LEA must complete a Designation Form. If the LEA believes additional information is needed before reaching a final decision on the student's eligibility under McKinney-Vento, enrollment should not be delayed and a Designation Form should still be filled out. For more information about determining eligibility see the National Center on Homeless Education's Determining Eligibility Brief, available at: http://nche.ed.gov/downloads/briefs/det_elig.pdf.

If a student who is identified as homeless was last permanently housed in a different school district, the district of attendance/local district will be eligible for tuition reimbursement from SED for the cost of educating the student. School districts should complete a STAC-202 form if eligible for tuition reimbursement. For more information about STAC-202 forms contact the STAC Office at 518-474-7116 or NYS-TEACHS at 800-388-2014.

I understand that:

- Providing consent will not impact my child's/my Medicaid coverage;
- Upon request, I may review copies of records disclosed pursuant to this authorization;

- The school district/county must give me annual written notification of my rights regarding this consent.

____ I give my consent voluntarily and understand that I may withdraw my consent at any time. I also understand that my child's right to receive special education and related services is in no way dependent on my granting consent and that, regardless of my decision to provide this consent, all the required services in my child's IEP will be provided to my child at no cost to me. Student Acceptable Use Policy: Computer, Network and Google Apps

Glens Falls City School District encourages the use of Internet connected computers and Google Apps for Education as effective and efficient ways to foster communication among students and teachers, develop collaboration skills, and develop 21st century technology skills. The District webpage and Google Apps for Education provide several services that allow students to collaborate on projects, correspond through a centralized email system, and maintain a web-based document store. The primary function of the Glens Falls City School District IT infrastructure is to support student learning through the effective and responsible use of Internet connected devices.

At present, student Google Apps for Education accounts have access to the following applications:

- Email (Grades 7-12)
- Documents
- Spreadsheets
- Presentations

School Responsibility

The District network account and Google Apps account assigned to your child were created by the District and assigned to your child to provide local and web-based connectivity to support electronic communication, plus a suite of tools allowing for the creation, editing, storing, and collaboration of documents and presentations. Concerning Google Apps, no personal information was collected by Google in creating these accounts. The school controls the Google services to which students have access.

In an effort to provide a safe experience for our students to grow and learn with web-based tools, student Google Apps accounts are limited to the gfsd.org domain. Even though Google Apps is a web-based suite of tools, students can not send to, or receive mail from accounts outside of the gfsd.org domain. In regard to document publishing and collaboration, any documents or presentations created using Google Apps cannot be published to the public web or shared with individuals outside of the gfsd.org domain.

Student Responsibility

By accessing Glens Falls City Schools network and its resources you are agreeing to the following:

1. I understand that the use of the District network, computers and Google Apps is a privilege, not a right, and that the system administrator may suspend my account at any time deemed necessary. Inappropriate use may result in a suspension of privileges and/or other disciplinary measures.
2. I understand that even if I am outside of school using District managed resources including Google Apps and the District website, I am still responsible for any and all actions I take.
3. I will not use Google Apps to transmit or post any harassing, obscene, discriminatory or offensive material. All material posted will be in keeping with school assignments.
4. I will not use Google Apps for personal email or social networking.
5. I will be polite and respectful of other students and users.
6. I will respect others' privacy and security when using all Web 2.0 resources.
7. I will accept personal responsibility for reporting any misuse of the web-based resources to school staff.

8. The District reserves the right to access student accounts, including current and archival files, including email, when there is reasonable suspicion that unacceptable use has occurred.
9. I will not use any District web-based resources to post any web pages for commercial activities, product advertisement, or political advocacy.
10. I will use the collaboration tools for the sole purpose of appropriate classroom discussion.
11. I will not share my District login credentials with other students and am responsible for all email and postings sent through my account.
12. I will not harm or destroy data of another user or student.
13. Glens Falls City School District scans and archives all inbound and outbound email, plus attachments. Using email for the spreading of viruses, profanity, offensive language, racist and/or sexual comments, virus hoaxes, lewd or obscene images, or chain mail will not be tolerated.
14. I understand the District reserves all rights to all information on the District's electronic environment and will remove any material which the District, at its sole discretion, believes may be unlawful, obscene, pornographic, abusive, or otherwise objectionable.
15. I understand and will abide by the generally accepted rules of network etiquette. These rules include (but are not limited to) the following:
 - a. Being Polite: Never sending or encouraging others to send abusive messages.
 - b. Using Appropriate Language: I understand that I am a representative of our school and District on the Internet and will use polite and appropriate language.
 - c. Privacy: I will not reveal my home address or personal phone number or the addresses and phone numbers of other students. While using Internet services through Google Apps, I will not reveal my email address or the e-mail address of others.

Parent/Guardian Responsibility

I understand that although internet usage through student chromebooks outside of school is filtered and monitored, supervision of internet use at home is my responsibility.
