The Board of Education directs the establishment and implementation of an organizational plan for the management and control of school district operations. The plan will require the identification and resolution of problems at appropriate organizational levels. All references to school district administrators in policies or regulations shall be construed to mean that administrator or his/her designee.

All members and employees of this Board are directed to observe faithfully the chain of communications established by the district organizational plan. The Board expressly disapproves of any attempt to expedite the resolution of a problem by disregard of the organizational plan and the appropriate processes. A staff member's persistent disregard for the established management organization of this district in violation of this policy will be considered an act of insubordination subject to discipline.

1511 BOARD OF EDUCATION WEBSITE ACCESSIBILITY

It is the goal of the Board of Education that the information on the school district's internet websites are accessible to individuals with disabilities in compliance with the requirements of Federal law (Section 504 of the Rehabilitation Act of 1973 and that statute's implementing regulations at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 and that statute's implementing regulations at 28 C.F.R. Part 35) and New Jersey law (N.J.S.A. 18A:36-35.1).

A. Federal Law – American with Disabilities Act (ADA)

1. For the purpose of the Federal law - Section 504 of the Rehabilitation Act of 1973 and that statute's implementing regulations at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990 and that statute's implementing regulations at 28 C.F.R. Part 35 and this Policy, "school district website" includes, but is not limited to, the internet home page, all subordinate pages, school or school district department pages, intranet pages and sites, and includes online content and functionality, developed by, maintained by, or offered through a third-party vendor or by using open sources.

2. The accessibility of online content and functionality will be measured according to the most up-to-date version of the World Wide Web Consortium's (W3C) Web Content Accessibility Guidelines (WCAG) and the Web Accessibility Initiative Accessible Rich Internet Application Suite (WAI-ARIA) 1.0 for web content (benchmarks for measuring accessibility).

3. By conforming to the benchmarks for measuring accessibility set forth above, the Board of Education will ensure that people with disabilities have an opportunity equal to that of their nondisabled peers to access the information on the district's website.

4. To ensure the district's website conforms with the above benchmarks for measuring accessibility, the Superintendent of Schools will designate a school staff member to act as the Website Accessibility Coordinator. The Coordinator will:

   a. Ensure that in-house staff and contractors responsible for webpages and webpage content development are properly trained on the Board of Education's website accessibility policy and procedures;

b. Ensure that all new, newly added, and modified online content and functionality is accessible to people with disabilities as measured by conformance to the above benchmarks by, among other things:

(1) Checking the hypertext markup language (HTML) of all new webpages on the website to make sure that accessible elements are used, including "alt" tags, long descriptions, and captions, as needed;

(2) Ensuring that webpages are designed in a manner that allows them to be displayed using a visitor's own settings for color and fonts, and can be navigated with a keyboard;

(3) If images are used, including photos, graphics, scanned images, or image maps, making sure to include text equivalents for them, using "alt" tags and/or long descriptions for each and ensuring the text equivalents convey the meaningful information presented visually by the image;

(4) If online forms and tables are used, making those elements accessible;

(5) Ensuring that videos appearing on the website include appropriately synchronized audio description and captions;

(6) Ensuring when posting new documents on the website, the documents shall be provided in HTML or another text-based format (even if they are provided in another format, such as portable document format (PDF)). If documents are provided in both formats, provide both formats at the same time so people with disabilities have the same degree of access as others;

(7) Periodically enlisting people with a variety of disabilities to test the Board of Education's webpages for accessibility and ease of use and use this information to increase the Board's website accessibility;

(8) Periodically coordinating the audit of existing content and functionality of the website to identify online content or functionality that is inaccessible to persons with disabilities; and

(9) Developing and carrying out a corrective action plan, when necessary, for making the district's existing web content accessible.

c. Ensure that alternative means are available for people with disabilities to access information, programs, and services that are normally provided on the Board's website.

B. New Jersey Law – N.J.S.A. 18A:36-35.1

1. For the purpose of New Jersey law – N.J.S.A. 18A:36-35.1 and this Policy, "internet website or web service" includes any webpage, website, web service, online curriculum, or online third party or open educational resource product that is made available to enrolled students or the public by the school district.

2. Pursuant to N.J.S.A. 18A:36-35.1, no school district shall make available to the enrolled students of the district or school or to the public an Internet website or web service unless the Internet website or web service complies with the most up-to-date version of the World Wide Web Consortium's (W3C) Web Content Accessibility Guidelines (WCAG) if the Guidelines are approved by the Commissioner of Education, or any other applicable guidelines or requirements as may be designed or approved by the Commissioner of Education.

3. In accordance with N.J.S.A. 18A:36-35.1.a. and b., the school district is required to submit a statement of assurance attesting to compliance with N.J.S.A. 18A:36-35.1 as required by the Commissioner of Education.

1552 SEXUAL HARASSMENT – STAFF

The Board of Education (employer) recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of the district are exposed.

A. Title VII of the Civil Rights Act of 1964 – 29 CFR 1604

1. Sexual Harassment – 29 CFR 1604.11

a. Definition of Sexual Harassment – Title VII

(1) Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,

(b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or

(c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

b. With respect to conduct between fellow employees, an employer is responsible for acts of sexual harassment in the workplace where the employer (or its agents or supervisory employees) knows or should have known of the conduct, unless the employer can show that it took immediate and appropriate corrective action.

c. The employer may also be responsible for the acts of non-employees, with respect to sexual harassment of employees in the workplace, where the employer (or its agents or supervisory employees) knows or should have known of the conduct and fails to take immediate and appropriate corrective action.

d. The employer should take all steps necessary to prevent sexual harassment from occurring, such as affirmatively raising the subject, expressing strong disapproval, developing appropriate sanctions, informing employees of their right to raise and how to raise the issue of harassment under Title VII, and developing methods to sensitize all concerned.

(1) The employee may submit a complaint, under 29 CFR 1604 to the Affirmative Action Officer.

(2) Upon receipt of the complaint the employer shall initiate the grievance procedure in accordance with Regulation 1552.

e. Where employment opportunities or benefits are granted because of an individual's submission to the employer's sexual advances or requests for sexual favors, the employer may be held liable for unlawful sex discrimination against other individuals who were qualified for but denied that employment opportunity or benefit.

2. Job Opportunities Advertising – 29 CFR 1604.5

It is a violation of Title VII for a help-wanted advertisement to indicate a preference, limitation, specification, or discrimination based on sex unless sex is a bona fide occupational qualification for the particular job involved. The placement of an advertisement in columns classified by publishers on the basis of sex, such as columns headed "Male" or "Female," will be considered an expression of a preference, limitation, specification, or discrimination based on sex.

3. Pre-Employment Inquiries as to Sex – 29 CFR 1604.7

A pre-employment inquiry may ask "Male....., Female....."; or "Mr. Mrs. Miss," provided that the inquiry is made in good faith for a nondiscriminatory purpose. Any pre-employment inquiry in connection with prospective employment which expresses directly or indirectly any limitation, specification, or discrimination as to sex shall be unlawful unless based upon a bona fide occupational qualification.

4. Fringe Benefits – 29 CFR 1604.9

a. "Fringe benefits," as used in 29 CFR 1604.9, Regulation 1552, and this Policy, includes medical, hospital, accident, life insurance and retirement benefits; profit-sharing and bonus plans; leave; and other terms, conditions, and privileges of employment.

b. It shall be an unlawful employment practice for the employer to discriminate between men and women with regard to fringe benefits.

c. Where the employer conditions benefits available to employees and their spouses and families on whether the employee is the "head of the household" or "principal wage earner" in the family unit, the benefits tend to be available only to male employees and their families. Due to the fact that such conditioning discriminatorily affects the rights of women employees, and that "head of household" or "principal wage earner" status bears no relationship to job performance, benefits which are so conditioned will be found a prima facie violation of the prohibitions against sex discrimination contained in Title VII of the Civil Rights Act of 1964 (Act).

d. It shall be an unlawful employment practice for the employer to make available benefits for the wives and families of male employees where the same benefits are not made available for the husbands and families of female employees; or to make available benefits for the wives of male employees which are not made available for female employees; or to make available benefits to the husbands of female employees which are not made available for male employees. An example of such an unlawful employment practice is a situation in which wives of male employees receive maternity benefits while female employees receive no such benefits.

e. It shall not be a defense under Title VII to a charge of sex discrimination in benefits that the cost of such benefits is greater with respect to one sex than the other.

f. It shall be an unlawful employment practice for the employer to have a pension or retirement plan which establishes different optional or compulsory retirement ages based on sex, or which differentiates in benefits on the basis of sex.

5. Employment Policies Relating to Pregnancy and Childbirth – 29 CFR 1604.10

a. A written or unwritten employment policy or practice which excludes from employment applicants or employees because of pregnancy, childbirth or related medical conditions is in prima facie violation of Title VII.

b. Disabilities caused or contributed to by pregnancy, childbirth, or related medical conditions, for all job-related purposes, shall be treated the same as disabilities caused or contributed to by other medical conditions, under any health or disability insurance or sick leave plan available in connection with employment. Written or unwritten employment policies and practices involving matters such as the commencement and duration of leave, the availability of extensions, the accrual of seniority and other benefits and privileges, reinstatement, and payment under any health or disability insurance or sick leave plan, formal or informal, shall be applied to disability due to pregnancy, childbirth or related medical conditions on the same terms and conditions as they are applied to other disabilities.

c. Where the termination of an employee who is temporarily disabled is caused by an employment policy under which insufficient or no leave is available, such a termination violates the Act if it has a disparate impact on employees of one sex and is not justified by business necessity.

d. Any fringe benefit program implemented after October 31, 1978, must comply with the provisions of 29 CFR 1604.10(b) upon implementation.

B. Title IX of the Education Amendments of 1972 – 34 CFR 106

1. Definitions – Title IX – 34 CFR 106.2 and 34 CFR 106.30

a. "Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

(1) An employee of the employer conditioning the provision of an aid, benefit, or service of the employer on an individual's participation in unwelcome sexual conduct;

(2) Unwelcome conduct determined by a reasonable individual to be so severe, pervasive, and objectively offensive that it effectively denies an individual equal access to the employer's education program or activity; or

(3) "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8), or "stalking" as defined in 34 USC 12291(a)(30).

b. "Program or activity" and "program" means all of the operations of a local educational agency (as defined in 20 USC 8801), system of vocational education, or other school system.

c. "Title IX" means Title IX of the Education Amendments of 1972, Pub. L. 92-318, as amended by section 3 of Pub. L. 93-568, 88 Stat. 1855, except sections 904 and 906 thereof; 20 USC 1681, 1682, 1683, 1685, 1686.

2. Effect of Employment Opportunities – 34 CFR 106.7

The employer's obligation to comply with 34 CFR 106, Regulation 1552, and this Policy is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for members of one sex than for members of the other sex.

3. Designation of Title IX Coordinator and Notice to Employees – 34 CFR 106.8

a. The employer must designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under 34 CFR 106, which employee must be referred to as the "Title IX Coordinator."

b. The employer must notify applicants for employment, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the employer, of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.

(1) Any individual may report sex discrimination, including sexual harassment (whether or not the individual reporting is the individual alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the individual's verbal or written report. Such a report may be made at any time

(including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator.

(2) Sexual harassment may take place electronically or on an online platform used by the school, including, but not limited to, computer and internet networks; digital platforms; and computer hardware or software owned or operated by, or used in the operations of the school.

c. Dissemination of Policy

(1) Notification of Policy

(a) The employer must notify applicants for employment, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the employer, that the employer does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX and 34 CFR 106 not to discriminate in such a manner. Such notification must state that the requirement not to discriminate in the education program or activity extends to employment, and that inquiries about the application of Title IX and 34 CFR 106 to such employer may be referred to the employer's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

(2) Publications

(a) Each employer must prominently display the contact information required to be listed for the Title IX Coordinator and this Policy on its website, if any, and in each handbook or catalog that it makes available to applicants for employment, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the employer.

(b) The employer must not use or distribute a publication stating that the employer treats applicants for employment or employees differently on the basis of sex except as such treatment is permitted by Title IX or 34 CFR 106.

(d) The employer shall not grant preferences to applicants for employment on the basis of attendance at any educational institution or entity which admits as students only or predominantly members of one sex, if the giving of such preferences has the effect of discriminating on the basis of sex in violation of 34 CFR 106.

(a) Recruitment, advertising, and the process of application for employment;

(b) Hiring, upgrading, promotion, consideration for and award of tenure, demotion, transfer, layoff, termination, application of nepotism policies, right of return from layoff, and rehiring;

(b) Alternative tests or criteria for such purpose, which do not have such disproportionately adverse effect, are shown to be unavailable.

c. Recruitment – 34 CFR 106.53

(1) Nondiscriminatory Recruitment and Hiring

The employer shall not discriminate on the basis of sex in the recruitment and hiring of employees. Where the employer has been found to be presently discriminating on the basis of sex in the recruitment or hiring of employees, or has been found to have in the past so discriminated, the employer shall recruit members of the sex so discriminated against so as to overcome the effects of such past or present discrimination.

(2) Recruitment Patterns

The employer shall not recruit primarily or exclusively at entities which furnish as applicants only or predominantly members of one sex if such actions have the effect of discriminating on the basis of sex in violation of 34 CFR 106.53.

d. Compensation – 34 CFR 106.54

(1) The employer shall not make or enforce any policy or practice which, on the basis of sex:

(a) Makes distinctions in rates of pay or other compensation;

f. Fringe Benefits – 34 CFR 106.56

(1) For the purpose of 34 CFR 106, "fringe benefits" means: Any medical, hospital, accident, life insurance or retirement benefit, service, policy or plan, any profit-sharing or bonus plan, leave, and any other benefit or service of employment not subject to the provision of 34 CFR 106.54.

(2) The employer shall not:

(a) Discriminate on the basis of sex with regard to making fringe benefits available to employees or make fringe benefits available to spouses, families, or dependents of employees differently upon the basis of the employee's sex;

(b) Administer, operate, offer, or participate in a fringe benefit plan which does not provide either for equal periodic benefits for members of each sex, or for equal contributions to the plan by the employer for members of each sex; or

(c) Administer, operate, offer, or participate in a pension or retirement plan which establishes different optional or compulsory retirement ages based on sex or which otherwise discriminates in benefits on the basis of sex.

g. Marital or Parental Status – 34 CFR 106.57

(4) In the case of the employer which does not maintain a leave policy for its employees, or in the case of an employee with insufficient leave or accrued employment time to qualify for leave under such a policy, the employer shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence without pay for a reasonable period of time, at the conclusion of which the employee shall be reinstated to the status which the employee held when the leave began or to a comparable position, without decrease in rate of compensation or loss of promotional opportunities, or any other right or privilege of employment.

h. Effect of State or Local Law or Other Requirements – 34 CFR 106.58

k. Sex as a Bona-Fide Occupational Qualification – 34 CFR 106.61

The employer may take action otherwise prohibited by 34 CFR 106 Subpart E provided it is shown that sex is a bona-fide occupational qualification for that action, such that consideration of sex with regard to such action is essential to successful operation of the employment function concerned. The employer shall not take action pursuant to 34 CFR 106.61 which is based upon alleged comparative employment characteristics or

stereotyped characterizations of one or the other sex, or upon preference based on sex of the employer, employees, students, or other individuals, but nothing contained in 34 CFR 106.61 shall prevent the employer from considering an employee's sex in relation to employment in a locker room or toilet facility used only by members of one sex.

5. Effect of Other Federal Provisions – 34 CFR 106.6(a)

a. The obligations imposed by 34 CFR 106 are independent of, and do not alter, obligations not to discriminate on the basis of sex imposed by Executive Order 11246, as amended; sections 704 and 855 of the Public Health Service Act (42 USC 292d and 298b-2); Title VII of the Civil Rights Act of 1964 (42 USC 2000e et seq.); the Equal Pay Act (29 USC 206 and 206(d)); and any other Act of Congress or Federal regulation.

C. Grievance Procedures

Upon receiving a complaint alleging sexual harassment, the employer shall review the alleged conduct to determine whether to apply the grievance procedure for Title VII or Title IX outlined in Regulation 1552. When making this determination, the Superintendent or designee should consult with the Board Attorney to determine which definition of sexual harassment (Title VII, Title IX, or both), applies to the alleged conduct. If the alleged conduct is addressed by both definitions, the employer shall proceed with the grievance procedure outlined for Title IX in Section B. of Regulation 1552.

a. Title VII of the Civil Rights Act of 1964 – 29 CFR 1604

(1) Upon receipt of a complaint of sexual harassment under Title VII, the employer shall follow the grievance procedure outlined in Section A. of Regulation 1552.

1570 INTERNAL CONTROLS

As a condition of receiving State aid, the school district shall establish specific policies and procedures on internal controls designed to provide management with reasonable assurance that the district's goals and objectives will be met and meet the requirements at N.J.A.C. 6A:23A-6.5 through N.J.A.C. 6A:23A-6.13. Internal controls shall promote operational efficiency and effectiveness, provide reliable financial information, safeguard assets and records, encourage adherence to prescribed policies, and comply with law and regulation in accordance with N.J.A.C. 6A:23A-6.4(a).

The specific internal controls contained in N.J.A.C. 6A:23A-6 shall be established together with other internal controls contained in N.J.A.C. 6A and other law and regulations, required by professional standards, and as deemed necessary and appropriate by district management. The district may submit to the Commissioner of Education a written request to approve an alternative system, approach, or process for implementing the internal controls required in N.J.A.C. 6A:23A-6. The application shall include documented evidence, including, but not limited to, an independent, third-party written assessment that the alternative system, approach, or process will achieve the same safeguards, efficiency, and other purposes as the specified internal control requirement(s) in accordance with N.J.A.C. 6A:23A-6.4(b).

The district shall evaluate business processes annually and allocate available resources appropriately in an effort to establish a strong control environment pursuant to N.J.A.C. 6A:23A-6.5. In accordance with the provisions of N.J.A.C. 6A:23A-6.5(b), the School Business Administrator/Board Secretary shall identify processes that are a violation of sound segregation of duties when performed by the same individuals. The School Business Administrator/Board Secretary shall segregate the duties of all such processes among Business Office staff based on available district resources, assessed vulnerability, and the associated cost-benefit, except as required at N.J.A.C. 6A:23A-6.5(b)1. and 2. The district shall include in the Annual Comprehensive Financial Report (ACFR) detailed organizational charts for the Central Office that tie to the district's position control logs, including, but not limited to, the business, human resources, and information management functions.

The district shall establish Standard Operating Procedures (SOP) for each task or function of the business operations of the district. The SOP manual shall include sections on each routine task or function as outlined in N.J.A.C. 6A:23A-6.6(b). The district shall establish a SOP that ensures office supplies are ordered in appropriate quantities, maintained in appropriate storage facilities, and monitored to keep track of inventory in accordance with N.J.A.C. 6A:23A-6.6(c).

If the district has a budget in excess of $25,000,000 or more than three hundred employees, the district shall maintain an Enterprise Resource Planning (ERP) System that integrates all data and processes of the district into a unified system. An ERP system uses multiple components of computer software and hardware and a unified database to store data for the various system modules to achieve the integration. Whenever considering financial systems or the automation of other services or functions, the Superintendent or School Business Administrator/Board Secretary shall notify the Executive County Superintendent in writing to see if opportunities for a shared service system exist. Access controls shall be established for key elements of financial systems to ensure a single person does not have the ability to make system edits that would violate segregation of duties controls in accordance with N.J.A.C. 6A:23A-6.7(c).

The district shall maintain an accurate, complete, and up-to-date automated position control roster to track the actual number and category of employees and the detailed information for each in accordance with N.J.A.C. 6A:23A-6.8(a). The position control roster shall share a common database and be integrated with the district's payroll system, agree to the account codes in the budget software, and ensure the data within the position control roster system includes, at a minimum, the information as outlined in N.J.A.C. 6A:23A-6.8(a)3.

1581 DOMESTIC VIOLENCE

Policy and Regulation 1581 - Section A. sets forth the New Jersey Civil Service Commission's Uniform Domestic Violence Policy that all public employers shall adopt and distribute to all their employees in accordance with the requirements of N.J.S.A. 11A:2-6a. The purpose of the Uniform Domestic Violence Policy is to encourage public employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their public employer's human resources officer(s) and to provide a standard for a public employer's human resources officer(s) to follow when responding to employees.

Policy and Regulation 1581 – Section B. provides employment protection for employees of those employers as defined in N.J.S.A. 34:11C-2, who are victims of domestic violence or sexual violence in accordance with the provisions of the New Jersey Security and Financial Empowerment Act (NJ SAFE Act) - N.J.S.A. 34:11C-1 et seq.

A. Uniform Domestic Violence Policy (N.J.S.A. 11A:2-6a)

All New Jersey public employees are covered under N.J.S.A. 11A:2-6a and Policy and Regulation 1581 – Section A. All public employers shall designate a Human Resources Officer (HRO) or equivalent to assist employees who are victims of domestic violence. The name and contact information of the designated HRO must be provided to all employees. Managers and supervisors are required to refer any employee who is experiencing domestic violence or who report witnessing domestic violence to the designated HRO.

Employees who are victims of domestic violence are encouraged to seek immediate assistance from their HRO. Employees who have information about or witness an act of domestic violence against an employee are encouraged to report that information to the designated HRO, unless the employee is required to report the domestic violence pursuant to applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report, in which case the employee must report to the appropriate authority in addition to reporting to the designated HRO.

Nothing in the Uniform Domestic Violence Policy and Policy and Regulation 1581 – Section A. shall preclude an employee from contacting 911 in emergency situations. HROs shall remind employees to contact 911 if they feel they are in immediate danger.

Each designated HRO shall comply with the requirements outlined in Regulation 1581 – Section A.4.d. In responding to reports of domestic violence, the HRO shall seek to maintain confidentiality to protect an employee making a report of, witnessing, or experiencing domestic violence, to the extent practical and appropriate under the circumstances and allowed by law.

To ensure confidentiality and accuracy of information, the Uniform Domestic Violence Policy 1581 and Regulation 1581 – Section A.6. require the HRO to keep all documents and reports of domestic violence in a confidential personnel file separate from the employee's other personnel records.

Public employers in the State of New Jersey shall develop an action plan to identify, respond to, and correct employee performance issues that are caused by domestic violence, pursuant to N.J.S.A. 11A:2-6a, and in accordance with the guidelines outlined in Regulation 1581 - Section A.7.

Resources and program information will be readily available to assist victims of domestic violence.

A public employer may seek to modify Policy and Regulation 1581 to create additional protocols to protect victims of domestic violence, but may not modify in a way that reduces or compromises the safeguards and processes set in the Uniform Domestic Violence Policy.

B. The New Jersey Security and Financial Empowerment Act – (N.J.S.A. 34:11C-1 et seq. - NJ SAFE Act)

The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1 et seq. (NJ SAFE Act), is a law that provides employment protection for victims of domestic or sexual violence. Any employee of an employer in the State of New Jersey as defined in N.J.S.A. 34:11C-2, who was a victim of an incident of domestic violence as defined in N.J.S.A. 2C:25-19, or a sexually violent offense as defined in N.J.S.A. 30:4-27.26, or whose parent-in-law, sibling, grandparent, grandchild, child, parent, spouse, domestic partner, or civil union partner individual, or any other individual related by blood to the employee, and any other individual that the employee shows to have a close association with the employee which is the equivalent of a family relationship, was a victim shall be entitled to unpaid leave of no more than twenty days in one twelve-month period, to be used in the twelve-month period next following any incident of domestic violence or any sexually violent offense as provided in N.J.S.A. 34:11C-3.

The unpaid leave may be taken intermittently in intervals of no less than one day, as needed for the purpose of engaging in the activities outlined in N.J.S.A. 34:11C-3 and Regulation 1581 - Section B.3.a.(1)-(6) as they relate to the incident of domestic violence or sexually violent offense as outlined in Regulation 1581 - Section B.3.b.

An eligible employee may elect to use any accrued paid vacation leave, personal leave, or medical or sick leave of the employee, or any family temporary disability leave benefits provided pursuant to N.J.S.A. 43:21-27 during any part of the twenty-day period of unpaid leave provided under N.J.S.A. 34:11C-3.a.

Prior to taking the leave provided for in N.J.S.A. 34:11C-3 and Regulation 1581 - Section B., an employee shall, if the necessity for the leave is foreseeable, provide the employer with written notice of the need for the leave, unless an emergency or other unforeseen circumstance precludes prior notice. The notice shall be provided to the employer as far in advance as is reasonable and practical under the circumstances.

Nothing contained in the NJ SAFE Act (N.J.S.A. 34:11C-1 et seq.) and Regulation 1581 - Section B., shall be construed to prohibit an employer from requiring that a period of leave provided pursuant to N.J.S.A. 34:11C-3 and Regulation 1581 - Section B. be supported by the employee with documentation of the domestic violence or sexually violent offense which is the basis for the leave. If the employer requires documentation, the employee shall be regarded as having provided sufficient documentation if the employee provides supporting documentation outlined in N.J.S.A. 34:11C-3.c and Regulation 1581 – Section B.3.d.

An employer shall display conspicuous notice of its employees' rights and obligations pursuant to the provisions of the NJ SAFE Act.

An employer shall not discharge, harass, or otherwise discriminate, retaliate, or threaten to discharge, harass, or otherwise discriminate or retaliate against an employee with respect to the compensation, terms, conditions, or privileges of employment on the basis that the employee took or requested any leave to which the employee was entitled pursuant to N.J.S.A. 34:11C-3 of the NJ SAFE Act or on the basis that the employee refused to authorize the release of information deemed confidential pursuant to N.J.S.A. 34:11C-3.f of the NJ SAFE Act.

Upon a violation of any of the provisions N.J.S.A. 34:11C-3 or N.J.S.A. 34:11C-4, an employee or former employee may institute a civil action in the Superior Court for relief. All remedies available in common law tort actions shall be available to a prevailing

plaintiff. The Court may also order any or all of the relief outlined in N.J.S.A. 34:11C-5. An action brought under N.J.S.A. 34:11C-5 shall be commenced within one year of the date of the alleged violation. A private cause of action provided for in N.J.S.A. 34:11C-5 shall be the sole remedy for a violation of the NJ SAFE Act.

The applicant shall also provide written authorization that consents to and authorizes the disclosure of information regarding the applicant's employment history and the release of related records by the applicant's current or former employer(s) regarding child abuse and/or sexual misconduct pursuant to N.J.S.A. 18A:6-7.7.a.(2). The applicant shall also provide a written statement as to whether the applicant has any employment history regarding child abuse or sexual misconduct pursuant to N.J.S.A. 18A:6-7.7.a.(3).

A hiring entity shall review an applicant's employment history as required in N.J.S.A. 18A:6-7.7.b. and if the hiring entity determines to continue the applicant's employment application process, the hiring entity shall contact those employers listed by the applicant and request confirmation of the information provided by the applicant pursuant to N.J.S.A. 18A:6-7.7.a.

Upon the hiring entity receiving and reviewing the information disclosed by the applicant's current and/or former employer(s), and finding an affirmative response to any of the inquiries required in N.J.S.A. 18A:7.7.b.(2), and if the hiring entity determines to continue with the applicant's job application process, the hiring entity shall make further inquiries of the applicant's current or former employer(s) to ascertain additional details regarding the information disclosed.

The failure of an employer to provide the information requested by the hiring entity pursuant to N.J.S.A. 18A:6-7.7.b. within a twenty-day timeframe may be grounds for the automatic disqualification of an applicant from employment with a hiring entity in accordance with N.J.S.A. 18A:6-7.9.c.

In accordance with the provisions of N.J.S.A. 18A:6-7.9.c., a hiring entity shall not be liable for any claims brought by an applicant who is not offered employment or whose employment is terminated because of any information received or due to the inability to conduct a full review of the applicant's employment history pursuant to N.J.S.A. 18A:6-7.7.

In accordance with the provisions of N.J.S.A. 18A:6-7.9.d., a hiring entity shall have the right to immediately terminate an individual's employment or rescind an offer of employment if the applicant is offered employment or commences employment following June 1, 2018 and information regarding the applicant's history of sexual misconduct or child abuse is subsequently discovered or obtained by the employer that the employer determines disqualifies the applicant or employee from employment under N.J.S.A. 18A:6-7.6 et seq. The termination of employment pursuant to N.J.S.A. 18A:6-7.9 shall not be subject to any grievance or appeals procedures or tenure proceedings pursuant to any collectively bargained or negotiated agreement or any law, rule, or regulation.

A hiring entity may employ or contract with an applicant on a provisional basis for a period not to exceed ninety days pending review of information received pursuant to N.J.S.A. 18A:6-7.7.b. provided the conditions outlined in N.J.S.A. 18A:6-7.10.b. are satisfied.

All requests for information sent to this school district, charter school, or nonpublic school from a hiring entity regarding a current or former employee in accordance N.J.S.A. 18A:6-7.6 et seq. shall be directed to the Superintendent or designee. The Superintendent or designee shall review the request for information and confirm the applicant's employment relationship and ensure the written authorization is in compliance with N.J.S.A. 18A:6-7.7.a.(2) prior to the release of information requested and the release of related records in accordance with N.J.S.A. 18A:6-7.6 et seq.

On or after June 1, 2018, a hiring entity may not enter into a collectively bargained or negotiated agreement, an employment contract, an agreement for resignation or termination, a severance agreement, or any other contract or agreement or take any action that is prohibited as outlined in N.J.S.A. 18A:6-7.12. Any provision of an employment contract or agreement for resignation or termination or a severance agreement that is executed, amended, or entered into after June 1, 2018 and that is contrary to N.J.S.A. 18A:6-7.6 et seq. shall be void and unenforceable.

Pursuant to N.J.S.A. 18A:6-7.11, information received by a school district, charter school, or nonpublic school under Policy and Regulation 1613 and N.J.SA. 18A:6-7.6 et seq. shall not be deemed a public record under N.J.S.A. 47:1A-1 et seq. or the common law concerning access to public records. A school district, charter school, or nonpublic school that provides information or records about a current or former employee or applicant shall be immune from criminal and civil liability for the disclosure of the information, unless the information or records provided were knowingly false.

The Executive County Superintendent shall review and approve, for all Superintendents of Schools, Superintendents of Schools reappointed pursuant to N.J.S.A. 18A:17-20.1, Deputy Superintendents of Schools, Assistant Superintendents of Schools, and School Business Administrators, including any interim, acting, or person otherwise serving in these positions, in school districts, county vocational school districts, county special services school districts and other districts, except charter schools, within the county under the supervision of the Executive County Superintendent:

1. New employment contracts, including contracts that replace expired contracts for existing tenured and non-tenured employees;

2. Renegotiations, extensions, amendments, or other alterations of the terms of existing employment contracts that have been previously approved by the Executive County Superintendent; and

3. Provisions for contract extensions where such terms were not included in the original employment contract or are different from the provisions contained in the original approved employment contract.

In counties where there is no Executive County Superintendent, an Executive County Superintendent from another county shall be designated by the Commissioner of Education to review and approve all contracts in accordance with N.J.A.C. 6A:23A:3-1(a) and 1., 2., and 3. above.

The contract review and approval shall take place prior to any required public notice and hearing pursuant to N.J.S.A. 18A:11-11, and prior to the Board of Education approval and execution of the contracts to ensure compliance with all applicable laws, including, but not limited to, N.J.S.A. 18A:30-3.5; 18A:30-9; 18A:17-15.1; and 18A:11-12.

In accordance with the provisions of N.J.A.C. 6A:23A-3.1(c)1, the public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 shall be applicable to a Board that renegotiates, extends, amends, or otherwise alters the terms of an existing contract with a Superintendent of Schools, Deputy Superintendent of Schools, Assistant Superintendent of Schools, or School Business Administrator. In accordance with N.J.S.A. 18A:11-11, notice must be provided to the public at least thirty days prior to the scheduled action by the Board. The Board shall also hold a public hearing and shall not take any action on the matter until the hearing has been held. The Board shall provide the public with at least ten days' notice of the public hearing.

In accordance with N.J.A.C. 6A:23A-3.1(c)1, the public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 shall not apply to new contracts, including contracts that replace expired contracts for existing employees in one of the positions listed at N.J.A.C. 6A:23A-3.1(a), whether tenured or not tenured. Nothing shall preclude a Board from issuing a public notice and/or holding a public hearing on new contracts, including new contracts that replace expired contracts for existing tenured and non-tenured employees.

The public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 is also required in the event an existing contract for a Superintendent of Schools, Deputy Superintendent of Schools, Assistant Superintendent of Schools, or School Business Administrator is rescinded or terminated by the Board before it is due to expire and the parties agree to new employment terms.

In connection with the Executive County Superintendent's review of the contract, the Board shall provide the Executive County Superintendent with a detailed statement setting forth the total cost of the contract for each applicable year, including salary, longevity (if applicable), benefits, and all other emoluments in accordance with N.J.A.C. 6A:23A-3.1(d).

The review and approval of the employment contracts of Superintendents of Schools, Deputy Superintendents of Schools, Assistant Superintendents of Schools, and School Business Administrators conducted by the Executive County Superintendent shall be consistent with the following additional standards outlined in N.J.S.A. 18A:7-8.1 and N.J.A.C. 6A:23A-3.1(e):

1. Contracts for each class of administrative position shall be comparable with the salary, benefits, and other emoluments contained in the contracts of similarly credentialed and experienced administrators in other districts in the region with similar enrollment, academic achievement levels and challenges, and grade span.

2. No contract shall include provisions that are inconsistent with the travel requirements pursuant to N.J.S.A. 18A:11-12 and N.J.A.C. 6A:23A-7, including, but not limited to, the provisions for mileage reimbursement and reimbursement for meals and lodging in New Jersey. Any contractual provision that is inconsistent with law shall be superseded by the law.

3. No contract shall include provisions for the reimbursement or payment of employee contributions that are either required by law or by a contract in effect in the district with other teaching staff members, such as payment of the employee's State or Federal taxes, or of the employee's contributions to FICA, Medicare, State pensions and annuities (TPAF), life insurance, disability insurance (if offered), and health benefit costs.

4. No contract shall contain a payment as a condition of separation from service that is deemed by the Executive County Superintendent to be prohibited or excessive in nature. The payment cannot exceed the lesser of the calculation of three months' pay for every year remaining on the contract with pro-ration for partial years, not to exceed twelve months, or the remaining salary amount due under the contract.

5. No contract shall include benefits that supplement or duplicate benefits that are otherwise available to the employee by operation of law, an existing group plan, or other means; for example, an annuity or life insurance plan that supplements or duplicates a plan already made available to the employee. Notwithstanding the provisions of N.J.A.C. 6A:23A-3.1, a contract may contain an annuity where benefits are already contained in the existing contract between that employee and the district.

6. Contractual provisions regarding accumulation of sick leave and supplemental compensation for accumulated sick leave shall be consistent with N.J.S.A. 18A:30-3.5 and 18A:30-3.6. Supplemental payment for accumulated sick leave shall be payable only at the time of retirement and shall not be paid to the individual's estate or beneficiaries in the event of the individual's death prior to retirement. Pursuant to N.J.S.A. 18A:30-3.2, a new Board contract may include credit of unused sick leave days in accordance with the new Board's policy on sick leave credit for all employees.

7. Contractual provisions regarding accumulation of unused vacation leave and supplemental compensation for accumulated unused vacation leave shall be consistent with N.J.S.A. 18A:30-9. Contractual provisions for payments of accumulated vacation leave prior to separation can be included, but only for leave accumulated prior to June 8, 2007, and remaining unused at the time of payment. Supplemental payments for unused vacation leave accrued consistent with the provisions of N.J.S.A. 18A:30-9 after June 8, 2007, as well as unused vacation leave accumulated prior to June 8, 2007, that has not been paid, shall be payable at the time of separation and may be paid to the individual's estate or beneficiaries in the event of the individual's death prior to separation.

8. Contractual provisions that include a calculation of per diem for twelve-month employees shall be based on a two hundred sixty-day work year.

9. No provision for a merit bonus shall be made except where payment is contingent upon achievement of quantitative merit criterion and/or qualitative merit criterion:

a. A contract may include no more than three quantitative merit criteria and/or two qualitative merit criteria per contract year.

b. The Executive County Superintendent shall approve or disapprove the selection of quantitative merit and/or qualitative merit criteria and the data that forms the basis of measuring the achievement of quantitative merit and/or qualitative merit criteria.

c. A contract may provide for merit bonuses in an amount not exceeding 3.33 percent of annual salary for each quantitative merit criterion achieved and 2.5 percent of annual salary for each qualitative merit criterion achieved. Any such merit bonus shall be considered "extra compensation" for purpose of N.J.A.C. 17:3-4.1 and shall not be cumulative.

d. The Board shall submit to the Executive County Superintendent a resolution certifying that a quantitative merit criterion or a qualitative merit criterion has been satisfied and shall await confirmation of the satisfaction of that criterion from the Executive County Superintendent prior to payment of any merit bonus.

10. No provision for a bonus shall be made except where payment is contingent upon achievement of measurable specific performance objectives expressly contained in a contract approved pursuant to N.J.A.C. 6A:23A-3.1, where compensation is deemed reasonable relative to the established performance objectives and achievement of the performance objectives has been documented to the satisfaction of the Board.

11. No provision for payment at the time of separation or retirement shall be made for work not performed except as otherwise authorized in N.J.A.C. 6A:23A-3.1 and N.J.S.A. 18A:7-8.1.

12. No contract shall include a provision for a monthly allowance except for a reasonable car allowance. A reasonable car allowance shall not exceed the monthly cost of the average monthly miles traveled for business purposes multiplied by the allowable mileage reimbursement pursuant to applicable law and regulation and New Jersey Office of Management and Budget (NJOMB) circulars. If such allowance is included, the employee cannot be reimbursed for business travel mileage nor assigned permanently a car for official district business. Any provision of a car for official district business shall conform with N.J.A.C. 6A:23A-6.12 and shall be supported by detailed justification. No contract shall include a provision of a dedicated driver or chauffeur.

13. All Superintendent contracts shall include, pursuant to N.J.S.A. 18A:17-15.1, the required provision that states that the contract is null and void in the event the Superintendent's certificate is revoked.

14. No contract shall include a provision for additional compensation upon the acquisition of a graduate degree unless the graduate degree is conferred by an accredited college or university. No contract shall include a provision for assistance, tuition reimbursement, or additional compensation for graduate school coursework unless the coursework culminates in the acquisition of a graduate degree conferred by an accredited institution, college, or university.

The review and approval of an employment contract for the Superintendent shall not include maximum salary amounts pursuant to N.J.S.A. 18A:7-8.j.

Any action(s) by the Executive County Superintendent undertaken pursuant to N.J.S.A. 18A:7-8.1, N.J.A.C. 6A:23A-3.1, and this Policy may be appealed to the Commissioner pursuant to the procedures set forth at N.J.A.C. 6A:3, Controversies and Disputes.

1631 RESIDENCY REQUIREMENT FOR PERSON HOLDING SCHOOL DISTRICT OFFICE, EMPLOYMENT, OR POSITION

Every person holding an office, employment, or position in a school district shall have his or her principal residence in New Jersey in accordance with the provisions of N.J.S.A. 52:14-7.

For the purpose of this Policy, "school district" means any local or regional school district established pursuant to Chapter 8 or Chapter 13 of Title 18A of the New Jersey Statutes and any jointure commission, county vocational school, county special services district, educational services commission, educational research and demonstration center, environmental education center, and educational information and resource center.

For the purpose of this Policy, a person may have at most one principal residence and the State of a person's principal residence means the State where the person spends the majority of his or her nonworking time, which is most clearly the center of his or her domestic life, and which is designated as his or her legal address and legal residence for voting. Having a home in New Jersey is not significant enough by itself to meet the principal residence requirement of the law. The fact that a person is domiciled in New Jersey shall not by itself satisfy the requirement of principal residency.

A person, regardless of the office, employment, or position, who holds an office, employment, or position in the school district on September 1, 2011, but does not have his or her principal residence in New Jersey on September 1, 2011, shall not be subject to this residency requirement of N.J.S.A. 52:14-7 while the person continues to hold office, employment, or position without a break in public service of greater than seven days.

A person may request an exemption from the provisions of N.J.S.A. 52:14-7 on the basis of critical need or hardship. The request shall be made to a five-member committee established in accordance with the provisions of N.J.S.A. 52:14-7 to consider applications for such exemptions. The decision on whether to approve an application from any person shall be made by a majority vote of the members of the committee, and those voting in the affirmative shall so sign the approved application. If the committee fails to act on an application within thirty days after the receipt thereof, no exemption shall be granted and the residency requirement of N.J.S.A. 52:14-7 shall be operative.

Any person holding or attempting to hold an office, employment, or position in violation of N.J.S.A. 52:14-7 shall be considered as illegally holding or attempting to hold the office, employment, or position; however, the person shall have one year from the time of taking the office, employment, or position to satisfy the requirement of principal residency. If such person fails to satisfy the requirement of principal residency as defined in N.J.S.A. 52:14-7 after the

365-day period, that person shall be deemed unqualified for holding the office, employment, or position. The Superior Court shall, in a civil action in lieu of prerogative writ, give judgment of ouster against such person, upon the complaint of any officer or citizen of the State, provided that any such complaint shall be brought within one year of the alleged 365-day period of failure to have his or her principal residence in this State.

Notice of the residency requirements as outlined in N.J.S.A. 52:14-7 and this Policy should be provided to all existing persons holding office, employment, or a position in the school district and to candidates seeking to hold office, employment, or a position in the school district.

1636.01 NOTIFICATION OF PROMOTION, NEW JOB, AND TRANSFER OPPORTUNITIES

The Board of Education shall make reasonable efforts to announce, post, or otherwise make known opportunities for promotion that are advertised internally within the district or externally on internet-based advertisements, postings, printed flyers, or other similar advertisements to all current employees in the affected department or departments of the district prior to making a promotion decision in accordance with N.J.S.A. 34:6B-23.

For the purpose of N.J.S.A. 34:6B-23 and this Policy, "promotion" means a change in job title and an increase in compensation.

Any promotion for a current employee that is awarded on the basis of years of experience or performance shall not be subject to the notification requirements established in N.J.S.A. 34:6B-23 and this Policy. Nothing in N.J.S.A. 34:6B-23 and this Policy shall be construed to prohibit the Board from making a promotion on an emergent basis due to an unforeseen event.

The Board shall disclose in each posting for new jobs and transfer opportunities that are advertised by the Board either externally or internally the hourly wage or salary, or a range of the hourly wage or salary, and a general description of benefits and other compensation programs for which the staff member would be eligible. Nothing in N.J.S.A. 34:6B-23 and this Policy shall be construed to prohibit the Board from increasing the wages, benefits, and compensation identified in the job opening posting at the time of making an offer for employment to an applicant.

1642 EARNED SICK LEAVE LAW

All persons holding any office, position, or employment in local school districts, regional school districts, or county vocational schools of the State who are steadily employed by the Board of Education or who are protected by tenure in their office, position, or employment under the provisions of N.J.S.A. 18A:30-2 or any other law, except persons in the classified service of the civil service under Title 11, Civil Service, of the Revised Statutes, shall be allowed sick leave with full pay for a minimum of ten school days in any school year in accordance with the provisions of N.J.S.A. 18A:30-2.

However, a Board of Education may determine some persons holding an office, position, or employment are not eligible for sick leave in accordance with N.J.S.A. 18A:30-2. These persons shall be covered under the provisions of the New Jersey Earned Sick Leave Law (Act), N.J.S.A. 34:11D-1 through 34:11D-11. Policy and Regulation 1642 outline the provisions of the Act for those persons the Board of Education determines are not eligible for sick leave in accordance with the provisions of N.J.S.A. 18A:30-2 or any rule or law of New Jersey other than the Act.

For the purposes of Policy and Regulation 1642, "employer" means a local school district, regional school district, county vocational school, or charter school of the State who does not provide sick leave with full pay to an employee pursuant to N.J.S.A. 18A:30-2 or any other law, rule, or regulation of New Jersey and is required to comply with the requirements of the Act.

For the purposes of Policy and Regulation 1642, "employee" means an individual engaged in service for compensation to a local school district, regional school district, county vocational school, or charter school of the State who is not provided sick leave with full pay pursuant to N.J.S.A. 18A:30-2 or any other law, rule, or regulation of New Jersey and is eligible to accrue earned sick leave in accordance with the requirements of the Act.

In accordance with the provisions of N.J.S.A. 34:11D-2, for every thirty hours worked, an employee eligible to accrue earned sick leave under the Act shall accrue one hour of earned sick leave commencing no later than October 29, 2018.

The employer will not provide an employee with the full complement of earned sick leave for a benefit year as required under N.J.S.A. 34:11D-2 on the first day of each benefit year in accordance with the provisions of N.J.S.A. 34:11D-2.a.

The employer will not permit the employee to accrue or use in any benefit year, or carry forward from one benefit year to the next, more than forty hours of earned sick leave.

Unless the employee has accrued earned sick leave prior to October 29, 2018, the earned sick leave shall begin to accrue on October 29, 2018 for any employee who is hired and commences employment before October 29, 2018 and the employee shall be eligible to use the earned sick leave beginning February 26, 2019 after the employee commences employment.

If the employee's employment commences after October 29, 2018, the earned sick leave shall begin to accrue upon the date that employment commences. The employee shall be eligible to use the earned sick leave beginning on the 120th calendar day after the employee commences employment.

The employer shall be in compliance with N.J.S.A. 34:11D-2 if the employer offers paid time off to an employee, which is fully paid and shall include, but is not limited to personal days, vacation days, and sick days, and may be used for the purposes of N.J.S.A. 34:11D-3 in the manner provided by the Act, and is accrued at a rate equal to or greater than the rate described in N.J.S.A. 34:11D-2.

The employer shall pay the employee for earned sick leave at the same rate of pay with the same benefits as the employee normally earns, except that the pay rate shall not be less than the minimum wage required for the employee pursuant to N.J.S.A. 34:11-56a4.

The employer shall permit an employee to use the earned sick leave accrued pursuant to the Act for any of the reasons outlined in N.J.S.A. 34:11D-3.a.

No employer shall take retaliatory personnel action or discriminate against an employee who accrues sick leave under the Act because the employee requests or uses earned sick leave either in accordance with the Act or the employer's own earned sick leave policy for employees covered under the Act. Any complaints alleging a violation of the Act shall be filed in accordance with the provisions of N.J.S.A. 34:11D-4.

In accordance with N.J.S.A. 34:11D-5, failure of the employer to comply with the provisions of the Act shall be regarded as a failure to meet the wage payment requirements of the "New Jersey State Wage and Hour Law."

The employer shall retain records documenting hours worked and earned sick leave taken by employees covered under the Act in accordance with the provisions of N.J.S.A. 34:11D-6.

The employer shall provide notification, in a form issued by the Commissioner of Labor and Workforce Development, to employees of their rights under the Act; post the notification; and provide a copy of the notification to employees eligible to accrue earned sick leave under the Act in accordance with the provisions of N.J.S.A. 34:11D-7.

4. Absence necessary due to circumstances resulting from the employee, or a family member of the employee, being a victim of domestic or sexual violence, if the leave is to allow the employee to obtain for the employee or the family member:

    a. Medical attention needed to recover from physical or psychological injury or disability caused by domestic or sexual violence;

    b. Services from a designated domestic violence agency or other victim services organization;

    c. Psychological or other counseling;

5. The death of a family member for up to seven days;

6. To attend a child's school-related conference, meeting, function or other event requested or required by a school administrator, teacher, or other professional staff member responsible for the child's education, or to attend a meeting regarding care provided to the child in connection with the child's health conditions or disability;

7. The school or place of care of a child of the employee is closed by order of a public official or because of a state of emergency declared by the Governor due to an epidemic or other public health emergency;

8. The employee has been exposed to a contagious disease or is quarantined for the disease in the employee's immediate household.

N.J.S.A. 18A:30-1, this Policy, and Regulation 1642.01 shall not supersede any law providing collective bargaining rights for school district employees, and shall not reduce, diminish, or adversely affect an employee's collective bargaining rights pursuant to N.J.S.A. 18A:30-1.b.

The Board reserves the right to require of any employee who claims sick leave sufficient proof in accordance with N.J.S.A. 18A:30-4 and Section C. of Regulation 1642.01.

The Superintendent or designee will prepare rules for the administration of N.J.S.A. 18A:30-1, N.J.S.A. 18A:30-4, this Policy, and Regulation 1642.01, which shall be binding on all employees.

The Superintendent or designee will submit to the Board the names of those employees absent for non-compensable cause or whose claim for sick leave pay cannot be justified. The willful misuse of sick leave may be subject to discipline.

If a staff member is eligible for leave for reasons recognized under both the FMLA and NJFLA, then the time taken shall run concurrently and be applied to both laws. The NJFLA provides twelve weeks leave in a twenty-four month period and the FMLA provides twelve weeks leave in a twelve month period.

"Serious health condition" means an illness, injury, impairment, or physical or mental condition which requires:

a. Inpatient care in a hospital, hospice, or residential medical care facility; or

As used in the definition of a serious health condition, "continuing medical treatment or continuing supervision by a health care provider" means:

a. A period of incapacity (that is, inability to work, attend school, or perform regular daily activities due to a serious health condition, treatment therefore, and recovery therefrom) of more than three consecutive days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

   (1) Treatment two or more times by a health care provider; or

b. Any period of incapacity due to pregnancy, or for prenatal care;

c. Any period of incapacity or treatment for such incapacity due to a chronic serious health condition;

d. A period of incapacity, which is permanent or long-term, due to a condition for which treatment may not be effective (such as Alzheimer's disease, a severe stroke, or the terminal stages of a disease) where the individual is under continuing supervision of, but need not be receiving active treatment by, a health care provider; or

e. Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).

"Spouse" means a person to whom a staff member is lawfully married as defined by New Jersey law.

"State of emergency" means a natural or man-made disaster or emergency for which a state of emergency has been declared by the President of the United States or the Governor, or for which a state of emergency has been declared by a municipal emergency management coordinator.

2. Reasons for NJFLA Leave

a. A staff member may take NJFLA leave to provide care made necessary by reason of:

(1) The birth of a child of the staff member, including a child born pursuant to a valid written agreement between the staff member and the gestational carrier;

(2) The placement of a child into foster care with the staff member or in connection with adoption of such child by a staff member;

(3) The serious health condition of a family member of the staff member; or

(4) A state of emergency declared by the Governor of New Jersey, or when indicated to be needed by the Commissioner of Health – New Jersey Department of Health or other public health authority, an epidemic or communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of a communicable disease which:

(a) Requires in-home care or treatment of a child due to the closure of the school or place of care of the child of a staff member, by order of a public official due to the epidemic or other public health emergency;

(b) Prompts the issuance by a public health authority of a determination, including by mandatory quarantine, requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by a staff member would jeopardize the health of others; or

(c) Results in the recommendation of a health care provider or public health authority, that a family member in need of care by a staff member voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease because the presence in the community of that family member in need of care by a staff member, would jeopardize the health of others.

3. Staff Member Eligibility

a. NJFLA leave may be taken for up to twelve weeks within any twenty-four month period. The NJFLA leave shall be unpaid with benefits subject to contributions required to be made by the staff member.

b. A staff member is eligible for NJFLA leave if a staff member is employed by the same Board for three months or more, and has worked 250 or more base hours during the preceding twelve month period.

c. The method to determine the twenty-four month period in which the twelve weeks of NJFLA leave entitlement occurs shall be a "rolling" twenty-four month period measured backward from the date a staff member uses any leave under NJFLA.

d. This Policy shall serve as notice to all staff members of the method chosen in A.3.c. above. This method shall be applied consistently and uniformly to all staff members.

(1) If the Board transitions to another method, the Board is required to give at least sixty days' notice to all staff members and the transition must take place in such a way that staff members retain their full benefit of twelve weeks of NJFLA leave under whichever method affords the greatest benefit to a staff member.

e. The Board shall grant NJFLA leave to more than one staff member from the same family (for example, a husband and a wife, or a brother and a sister) at the same time, provided such staff members are otherwise eligible for NJFLA leave.

f. The fact that a holiday may occur within the week taken by a staff member as NJFLA leave has no effect and the week is counted as a week of NJFLA leave.

(1) However, if a staff member is out on NJFLA leave and the staff member is not regularly scheduled to work for one or more weeks, the weeks the staff member is not regularly scheduled to work do not count against their NJFLA leave entitlement.

4. Types of NJFLA Leave

a. Staff members are required to provide notice in writing for any NJFLA leave requested. In emergent circumstances, a staff member may provide the Board with oral notice when written notice is impracticable.

(1) Staff members must provide the Board written notice after submitting oral notice in emergent circumstances.

b. Consecutive NJFLA leave is NJFLA leave that is taken without interruption based upon a staff member's regular work schedule and does not include breaks in employment in which a staff member is not regularly scheduled to work.

(1) A staff member must provide the Board with notice of consecutive NJFLA leave no later than thirty days prior to the commencement of consecutive NJFLA leave, except where emergent circumstances warrant shorter notice.

(2) A staff member shall provide the Board with certification pursuant to A.5. below.

c. Intermittent NJFLA leave is NJFLA leave due to a single qualifying reason, taken in separate periods of time, broken up by periods in which the staff member returns to work.

(1) A staff member is entitled to take NJFLA leave intermittently for the birth of a child of the staff member, including a child born pursuant to a valid written agreement between the staff member and a gestational carrier or the placement of a child into foster care with the staff member or in connection with adoption of such child by the staff member.

(a) The staff member shall provide the Board with prior notice of not less than fifteen calendar days before the first day on which NJFLI benefits are paid for the intermittent NJFLA leave, unless an emergency or other unforeseen circumstance precludes prior notice.

(b) The staff member shall make a reasonable effort to schedule the intermittent NJFLA leave so as not to unduly disrupt the operations of the Board and, if possible, provide the Board, prior to the commencement of intermittent NJFLA leave, with a regular schedule of the days or days of the week on which the intermittent NJFLA leave will be taken.

(c) A staff member shall provide the Board with certification for intermittent NJFLA leave pursuant to A.5.b. below.

(2) The staff member is entitled to take intermittent NJFLA leave for the serious health condition of a family member of the staff member when medically necessary if:

(a) The total time which the intermittent NJFLA leave is taken does not exceed twelve months if taken in connection with a single serious health condition. If the intermittent NJFLA leave is taken in connection with more than one serious health condition, the intermittent NJFLA leave must be taken within a consecutive twenty-four month period or until such time the twelve week NJFLA leave is exhausted, whichever is shorter;

(b) The staff member provides the Board with prior notice of not less than fifteen calendar days before the first day on which benefits are paid for the intermittent NJFLA leave.

(i) The staff member may provide notice less than fifteen days prior to the intermittent NJFLA leave if an emergency or other unforeseen circumstance precludes prior notice;

(c) The staff member makes a reasonable effort to schedule the intermittent NJFLA leave so as not to unduly disrupt the operations of the school district and, if possible, provide the school district, prior to the commencement of intermittent NJFLA leave, with a regular schedule of the days or days of the week on which the intermittent NJFLA leave will be taken; and

(d) The staff member provides the Board with a copy of the certification outlined in A.5.c. below.

(3) In the case of NJFLA leave taken due to an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of the communicable disease, the NJFLA leave may only be taken intermittently if:

(a) The staff member provides the Board with prior notice of the intermittent NJFLA leave as soon as practicable;

(b) The staff member makes a reasonable effort to schedule the NJFLA leave so as not to unduly disrupt the operations of the school district and, if possible, provide the school district prior to the commencement of the intermittent NJFLA leave, with a regular schedule of the day or days of the week on which the intermittent NJFLA leave will be taken; and

(c) A staff member provides the Board with a copy of the certification outlined in A.5.d. below.

(4) Intermittent leave taken on a reduced leave schedule is NJFLA leave due to a single qualifying reason, that is scheduled for fewer than a staff member's usual number of hours worked per workweek, but not for fewer than a staff member's usual number of hours worked per workday and may only be taken to care for the serious health condition of a family member of a staff member when medically necessary, except that:

(a) A staff member shall not be entitled to intermittent NJFLA leave on a reduced leave schedule for a period exceeding twelve consecutive months for any one period of NJFLA leave;

(b) The staff member must provide the Board with prior notice of the intermittent NJFLA leave on a reduced leave schedule as soon as practicable;

(c) A staff member shall make a reasonable effort to schedule intermittent NJFLA leave on a reduced leave schedule so as not to disrupt unduly the operations of the school district. A staff member shall provide the school district with prior notice of the care, medical treatment, or continuing supervision by a health care provider necessary due to a serious health condition of a family member, in a manner which is reasonable and practicable; and

(d) A staff member must provide the Board with a copy of the certification outlined in A.5.c. below.

d. NJFLA leave taken because of the birth or placement for adoption of a child of the staff member may commence at any time within a year after the date of the foster care placement, birth, or placement for adoption.

e. A staff member shall not, during any period of NJFLA leave, perform services on a full-time basis for any person for whom a staff member did not provide those services immediately prior to commencement of the NJFLA leave.

(1) A staff member on NJFLA leave may not engage in other full-time employment during the term of the NJFLA leave, unless such employment commenced prior to the NJFLA leave and is not otherwise prohibited by law.

(2) During the term of NJFLA leave a staff member may commence part-time employment which shall not exceed half the regularly scheduled hours worked for the Board from whom a staff member requested NJFLA leave. A staff member may continue part-time employment which commenced prior to a staff member's NJFLA leave, at the same number of hours that a staff member was regularly scheduled prior to such NJFLA leave.

(3) The Board may not maintain a policy or practice which prohibits part-time employment during the course of a NJFLA leave.

5. Certification

a. The Board shall require a staff member who requests NJFLA leave to sign a form of certification established by the Board attesting that such staff member is taking NJFLA leave in accordance with the law.

(1) The Board may not require a staff member to sign or otherwise submit a form of certification attesting to additional facts, including a staff member's eligibility for NJFLA leave.

(2) The Board may subject a staff member to reasonable disciplinary measures, depending on the circumstances, when a staff member intentionally misrepresents the reason that such staff member is taking NJFLA leave.

(3) The form of certification established by the Board shall contain a statement warning a staff member of the consequences of refusing to sign the certification or falsely certifying. Any staff member who refuses to sign the certification established by the Board may be denied the requested NJFLA leave.

(4) The Board requires that any period of NJFLA leave be supported by certification issued by a health care provider.

b. Where the certification, issued by the health care provider, is for the birth of a child of a staff member, including a child born pursuant to a valid written agreement between the staff member and a gestational carrier or the placement of a child into foster care with the staff member or in connection with adoption of such child by the staff member, the certification need only state the date of birth or date of placement, whichever is appropriate.

c. Any period of NJFLA leave for the serious health condition of a family member of a staff member shall be supported by certification provided by a health care provider. The certification shall be sufficient if it states:

(1) The date, if known, on which the serious health condition commenced;

(2) The probable duration of the condition;

(3) The medical facts within the knowledge of the provider of the certification regarding the condition;

(4) The serious health condition warrants the participation of the staff member in providing health care to the family member, as provided in the "Family Leave Act," P.L. 1989, c.261 (C.34:11B-1 et seq.) and regulations adopted pursuant to the NJFLA;

(5) An estimate of the amount of time the staff member is needed for participation in the care of the family member;

(6) If the NJFLA leave is intermittent, a statement of the medical necessity for the intermittent NJFLA leave and the expected duration of the intermittent NJFLA leave; and

(7) If NJFLA leave is intermittent and for planned medical treatment, the dates of the treatment.

d. In any case in which the Board has reason to doubt the validity of the certification provided pursuant to A.5.c. above, the Board may require, at its own expense, that a staff member obtain an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the Board. If the second opinion differs from the certification provided pursuant to A.5.c. above, the Board may require, at its own expense, that a staff member obtain the opinion of a third health care provider designated or approved jointly by the Board and a staff member concerning the serious health condition. The opinion of the third health care provider shall be considered to be final and shall be binding on the Board and a staff member.

e. Where the certification is for an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent the spread of the communicable disease, the certification shall be sufficient if it includes:

(1) For NJFLA leave taken to provide in-home care or treatment of a child due to the closure of the school or place of care of the child of a staff member, by order of a public official due to the epidemic or other public health emergency, the date on which the closure of the school or place of care of the child of a staff member commenced and the reason for such closure;

(2) For NJFLA leave taken due to a public health authority's issuance of a determination requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by a staff member would jeopardize the health of others, the date of issuance of the determination, and the probable duration of the determination; or

(3) For NJFLA leave taken because a health care provider or public health authority recommends that a family member in need of care by a staff member voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease because the presence in the community of that family member in need of care by a staff member would jeopardize the health of others, the date of the recommendation, the probable duration of the condition, and the medical or other facts within the health care provider or public health authority's knowledge regarding the condition.

f. The Board shall not use the certification requirements as outlined in A.5. to intimidate, harass, or otherwise discourage a staff member from requesting or taking NJFLA leave or asserting any of a staff member's rights to NJFLA leave.

6. Denial or Exemption of NJFLA Leave

a. Denial of NJFLA Leave

(1) The Board may deny NJFLA leave to a staff member if:

(a) A staff member is a salaried staff member who is among the highest paid 5% of the Board's staff members or the seven highest paid staff members of the Board, whichever is greater;

(b) The denial is necessary to prevent substantial and grievous economic injury to the Board's operations; and

(c) The Board notifies a staff member of its intent to deny the NJFLA leave at the time the Board determines that the denial is necessary.

(2) The provisions of A.6.a.(1) above shall not apply when, in the event of a state of emergency declared by the Governor of New Jersey or when indicated to be needed by the Commissioner of Health – New Jersey Department of Health or other public health authority, the NJFLA leave is for an epidemic of a communicable disease, a known or suspected exposure to a communicable disease, or efforts to prevent spread of a communicable disease.

(3) In any case in which NJFLA leave has already commenced at the time of the notification pursuant to A.6.a.(1)(c) above, a staff member shall return to work within ten working days of the date of notification.

7. Reinstatement from NJFLA Leave

a. Upon the expiration of a NJFLA leave, a staff member shall be restored to the position such staff member held immediately prior to the commencement of the NJFLA leave. If such position has been filled, the Board shall reinstate such staff member to an equivalent position of like seniority, status, employment benefits, pay, and other terms and conditions of employment.

b. If, during NJFLA leave, the Board experiences a reduction in force or layoff and a staff member would have lost their position had a staff member not been on NJFLA leave, as a result of the reduction in force or pursuant to the good faith operation of a bona fide layoff and recall system including a system under a collective bargaining agreement where applicable, a staff member shall not be entitled to reinstatement to the former or an equivalent position. A staff member shall retain all rights under any applicable layoff and recall system, including a system under a collective bargaining agreement, as if a staff member had not taken the NJFLA leave.

8. Notice to Staff Members

a. The Board shall display the official Family Leave Act poster of the Division on Civil Rights in the New Jersey Department of Law and Public Safety (Division) in accordance with N.J.A.C. 13:8-2.2. The poster is available for printing from the Division's website.

b. Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights pursuant to N.J.A.C. 13:14-1.14.

9. Local Board of Education Practices

   a. Accrued Paid NJFLA Leave

      (1) Whether a staff member is required to use any other accrued leave time concurrent with NJFLA leave time will depend upon either the school district's practice or a provision in a collective bargaining agreement, if applicable.

         (a) Sick leave may only be used concurrently with the NJFLA leave in accordance with the provisions of N.J.S.A. 18A:30-1 and N.J.S.A. 34:11B-3.

   b. Multiple Leaves of Absence

      (1) Where a Board maintains leaves of absence which provide benefits, other than health benefits, that differ depending upon the type of leave taken, the Board shall provide those benefits to a staff member on NJFLA leave in the same manner as it provides benefits to staff members who are granted other leaves of absence which most closely resemble NJFLA leave.

10. New Jersey Family Leave Insurance Program (NJFLI)

   a. Board of Education staff members are eligible to apply for benefits under the NJFLI Program administered by the State of New Jersey Department of Labor and Workforce Development.

   b. All applications for benefits under the NJFLI Program must be filed directly with the State of New Jersey Department of Labor and Workforce Development. The eligibility requirements, wage requirements, benefit duration and amounts, and benefit limitations shall be in accordance with the provisions of the NJFLI Program as administered by the State of New Jersey Department of Labor and Workforce Development. A formal appeal may be submitted to the State of New Jersey Department of Labor and Workforce Development if an employee or the Board disagrees with a determination on a claim.

c. The NJFLI Program provides eligible individuals a monetary benefit and not a leave benefit. The school district administrative and related staff will comply with the State of New Jersey Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.

d. A printed notification of staff members' rights relative to the receipt of benefits under the NJFLI Program will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite.

e. Each staff member shall receive a copy of this notification in writing at the time of the staff member's hiring, whenever the staff member provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI Program, or at any time upon the first request of the staff member.

(1) The written notification may be transmitted to the staff member in electronic form.

(2) Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights under the NJFLI Program.

B. Federal Family and Medical Leave Act

1. Definitions Relative to Federal Family and Medical Leave Act

"Covered Employer" means any public or private elementary or secondary school(s) regardless of the number of employees employed.

"Employee" means a staff member eligible for family and medical leave in accordance with the Federal Family and Medical Leave Act (FMLA).

"Hours of Service" means hours actually worked by the employee. It does not mean hours paid. Thus, non-working time – such as vacations, holidays, furloughs, sick leave, or other time-off (paid or otherwise) – does not count for purposes of calculating FMLA eligibility for the employee.

"Parent" means a biological, adoptive, step, or foster father or mother, or any other individual who stood in loco parentis to a staff member when a staff member has a son or daughter as defined below. This term does not include parents "in law."

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider. "Serious health condition" may include treatment of substance abuse pursuant to 29 CFR §825.119.

"Son" or "daughter" means a biological, adopted, or foster child, stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen or age eighteen or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence.

"Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under State law in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex marriage or common law marriage.

"Week" or "Workweek" means the number of days a staff member normally works each calendar week.

2. Qualifying Reasons for FMLA Leave

a. A staff member may take FMLA leave to provide care made necessary:

(1) For the birth of a son or daughter of a staff member and in order to care for such son or daughter;

(2) For the placement of a son or daughter with a staff member for adoption or foster care;

(3) In order to care for the spouse, son, daughter, or parent of a staff member if such spouse, son, daughter, or parent has a serious health condition;

(4) For a serious health condition that makes a staff member unable to perform the functions of the position of such staff member.

b. FMLA leave taken in relation to military service shall be in accordance with 29 CFR §825.112.

c. Entitlement to FMLA leave taken for the birth of a son or daughter or placement of a son or daughter with a staff member for adoption or foster care shall expire at the end of the twelve month period beginning on the date of such birth or placement.

3. Staff Member Eligibility

a. A staff member is eligible for up to twelve weeks of FMLA leave in a twelve month period.

b. A staff member shall become eligible for FMLA leave after the staff member has been employed at least twelve months by the Board and employed for at least 1,250 hours of service during the twelve month period immediately preceding the commencement of the FMLA leave.

(1) The twelve months a staff member must have been employed need not be consecutive months pursuant to 29 CFR §825.110(b).

(2) The minimum 1,250 hours of service shall be determined according to the principles established under the Fair Labor Standards Act (FLSA) for determining compensable hours of work pursuant to 29 CFR §785.

(3) The Board shall not provide pay for FMLA leave.

c. The method to determine the twelve month period in which the twelve weeks of FMLA leave entitlement occurs will be a "rolling" twelve month period measured backward from the date a staff member uses any FMLA leave.

d. Pursuant to 29 CFR §825.201, a husband and wife both employed by the Board are limited to a combined total of twelve weeks of FMLA leave during the twelve month period if the FMLA leave is taken for the birth of a son or daughter of a staff member or to care for such son or daughter after birth; for placement of a son or daughter with a staff member for adoption or foster care or in order to care for the son or daughter after placement; or to care for a staff member's parent with a serious health condition.

4. Types of FMLA leave

a. Continuous FMLA leave is taken by staff members for a continuous period of time. Such FMLA leave is not broken up by a period of work and is continuous when a staff member is absent for three consecutive working days or more. Continuous FMLA leave may be taken for any qualifying reason.

b. Intermittent FMLA leave is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced FMLA leave schedule is a FMLA leave schedule that reduces a staff member's usual number of working hours per workweek, or hours per workday. A reduced FMLA leave schedule is a change in a staff member's schedule for a period of time, normally from full-time to part-time.

(1) Intermittent or reduced FMLA leave may be taken for the following qualifying reasons:

(a) For the serious health condition of the staff member or to care for a parent, son, or daughter with a serious health condition.

(i) For intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule taken for the reason outlined in B.4.b.(1)(a) above there must be a medical need for FMLA leave and it must be that such medical need can be best accommodated through an intermittent or reduced FMLA leave schedule.

(ii) The treatment regimen and other information described in the certification of a serious health condition and in the certification of a serious injury or illness, shall address the medical necessity of intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule.

(iii) Intermittent FMLA leave may be taken for a serious health condition of a parent, son, or daughter, for a staff member's own serious health condition, which requires treatment by a health care provider periodically, rather than for one continuous period of time, and may include FMLA leave of periods from an hour or more to several weeks.

(b) For planned and/or unanticipated medical treatment of a serious health condition when medically necessary.

(c) To provide care or psychological comfort to a covered family member with a serious health condition when medically necessary.

(d) For absences where a staff member or family member is incapacitated or unable to perform the essential functions of the position because of a chronic serious health condition even if he or she does not receive treatment by a health care provider.

(e) For FMLA leave taken after the birth of a healthy child or placement of a healthy child for adoption or foster care, only if the Board agrees.

(i) The Board's agreement is not required; however, for FMLA leave during which the mother has a serious health condition in connection with the birth of her child or if the newborn child has a serious health condition.

(2) If a staff member needs FMLA leave intermittently or on a reduced FMLA leave schedule for planned medical treatment, then a staff member must make a reasonable effort to schedule the treatment so as not to disrupt unduly the Board's operations.

(3) When a staff member takes FMLA leave on an intermittent or reduced FMLA leave schedule basis, the Board must account for the FMLA leave using an increment no greater than the shortest period of time that the Board uses to account for use of other forms of leave provided that it is not greater than one hour and provided further that a staff member's FMLA leave entitlement may not be reduced by more than the amount of FMLA leave actually taken.

(a) If the Board accounts for use of leave in varying increments at different times of the day or shift, the Board may not account for FMLA leave in a larger increment than the shortest period used to account for other leave during the period in which the FMLA leave is taken.

(b) If the Board accounts for other forms of leave use in increments greater than one hour, the Board must account for FMLA leave use in increments no greater than one hour.

5. Staff Member Notice Requirements

a. A staff member eligible for FMLA leave must give at least a thirty day written advance notice to the Superintendent or designee if the need for the FMLA leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment for a serious health condition of a staff member or a family member.

(1) If thirty days is not practical, a staff member must provide notice "as soon as practicable" which means as soon as both possible and practical, taking into account all the facts and circumstances in the individual case.

(2) Where it is not possible to give as much as thirty days' notice, "as soon as practical" ordinarily would mean at least verbal notification to the Superintendent or designee within one or two business days or when the need for FMLA leave becomes known to a staff member.

(3) The written notice shall include the reasons for the FMLA leave, the anticipated duration of the FMLA leave, and the anticipated start of the FMLA leave.

(4) When planning medical treatment, a staff member must consult with the Superintendent or designee and make a reasonable effort to schedule the FMLA leave so as not to unduly disrupt the educational program, subject to the approval of the health care provider.

(a) Staff members are ordinarily expected to consult with the Superintendent or designee prior to scheduling of treatment that would require FMLA leave for a schedule that best suits the needs of the Board and a staff member.

(5) Intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule must be medically necessary due to a serious health condition or a serious injury or illness. A staff member shall advise the Board of the reasons why the intermittent/reduced FMLA leave schedule is necessary and of the schedule for treatment, if applicable.

(a) A staff member and the Board shall attempt to work out a schedule for such FMLA leave that meets a staff member's needs without unduly disrupting the Board's operations, subject to the approval of the health care provider.

(6) Where a staff member does not comply with the Board's usual notice and procedural requirements, and no unusual circumstances justify the failure to comply, FMLA-protected leave may be delayed or denied.

b. When the approximate timing of the need for FMLA leave is not foreseeable, a staff member should give notice to the Superintendent or designee for FMLA leave as soon as practicable under the facts and circumstances of the particular case.

(1) It is expected a staff member will give notice to the Superintendent or designee within no more than one or two business days of learning of the need for FMLA leave, except in extraordinary circumstances where such notice is not foreseeable.

(2) A staff member should provide notice to the Board either in person, by telephone, telegraph, fax machine, email, or other electronic means.

6. Outside Employment During FMLA Leave

   a. A staff member during any period of FMLA leave is prohibited from performing any services on a full-time basis for any person for whom a staff member did not provide services immediately prior to commencement of the FMLA leave.

      (1) A staff member using FMLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the Board.

      (2) A staff member may continue the part-time employment that commenced prior to the FMLA leave at the same number of hours that a staff member was regularly scheduled prior to such FMLA leave.

7. "Instructional Employees" Exceptions for FMLA Leave

   a. "Instructional Employees" are those staff members whose principal function is to teach and instruct students in class, a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors, and special education assistants, such as signers for the hearing impaired.

      (1) Teacher assistants or aides who do not have as their principal job actual teaching or instructing, guidance counselors, child study team members, curriculum specialists, cafeteria workers, maintenance workers, and/or bus drivers are not considered instructional staff members for the purposes of this Policy.

      (2) For purposes of this Policy "Instructional Employees" shall be referred to as "Instructional Staff Members".

   b. "Semester" means the school semester that typically ends near the end of the calendar year and the end of the spring each school year. The Board can have no more than two semesters in a school year.

   c. FMLA leave taken at the end of the school year and continues into the beginning of the next school year is considered consecutive FMLA leave.

d. Eligible instructional staff members that need intermittent or reduced FMLA leave to care for a family member or for a staff member's own serious health condition which is foreseeable based on planned medical treatment and would be on FMLA leave more than twenty percent of the total number of working days over the period the FMLA leave would extend, the Board may:

(1) Require a staff member to take the FMLA leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or

(2) Transfer a staff member temporarily to an available alternative position for which a staff member is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of FMLA leave than does a staff member's regular position.

e. If the instructional staff member does not give the required notice for FMLA leave that is foreseeable and desires the FMLA leave to be taken intermittently or on a reduced FMLA leave schedule, the Board may require a staff member to take FMLA leave of a particular duration, or to transfer temporarily to an alternative position. Alternatively, the Board may require a staff member to delay taking the FMLA leave until the notice provision is met.

f. If an instructional staff member begins FMLA leave more than five weeks before the end of the school year, the Board may require a staff member to continue taking FMLA leave until the end of the semester if:

(1) The FMLA leave will last three weeks; and

(2) A staff member would return to work during the three-week period before the end of the semester.

g. If an instructional staff member begins FMLA leave for a purpose other than a staff member's own serious health condition during the five week period before the end of the semester, the Board may require a staff member to continue taking FMLA leave until the end of the semester if:

(1) The FMLA leave will last more than two weeks; and

(2) The staff member would return to work during the two week period before the end of the semester.

h. If an instructional staff member begins FMLA leave for a purpose other than a staff member's own serious health condition during the three week period before the end of a semester, the Board may require a staff member to continue taking FMLA leave until the end of the semester if the FMLA leave will last more than five working days.

i. An example of FMLA leave falling within the situations outlines in B.7.f., B.7.g., and B.7.h. above:

(1) If a staff member plans two weeks of FMLA leave to care for a family member which will begin three weeks before the end of the term, the Board could require a staff member to stay out on FMLA leave until the end of the term.

j. In the case of a staff member who is required to take FMLA leave until the end of an academic term, only the period of FMLA leave until a staff member is ready and able to return to work shall be charged against a staff member's FMLA leave entitlement.

k. The Board may require a staff member to stay on FMLA leave until the end of the school term. Any additional leave required by the Board to the end of the school term is not counted as FMLA leave; however:

(1) The Board shall be required to maintain a staff member's group health insurance; and

(2) The Board shall be required to restore a staff member to the same or equivalent job including other benefits at the conclusion of the leave.

8. FMLA Leave Related to Military Service

a. Definitions for FMLA related to military service shall be in accordance with 29 CFR §§825.122; .126; .127; and .310.

b. The foreign deployment of the staff member's spouse, child, or parent in accordance with 29 CFR §§825.122 and .126:

(1) The district must grant an eligible staff member up to twelve work weeks of unpaid, job-protected FMLA leave during any twelve month period for qualifying exigencies that arise when the staff member's spouse, child, or parent is on covered active duty, or has been notified of an impending call or order to covered active duty.

c. Military caregiver FMLA leave provides care for a covered servicemember with a serious injury or illness in accordance with 29 CFR §§825.122 and .127:

(1) The district must grant up to a total of twenty-six workweeks of unpaid, job-protected FMLA leave during a "single twelve month period" to care for a covered servicemember with a serious injury or illness.

9. Verification

a. The Board shall require that a staff member's FMLA leave to care for a staff member's covered family member with a serious health condition, or due to a staff member's own serious health condition that makes a staff member unable to perform one or more of the essential functions of a staff member's position, be supported by a certification issued by the health care provider of a staff member or a staff member's family member.

(1) The Board must give written notice of a requirement for certification each time a certification is required. The Board's oral request to a staff member to furnish any subsequent certification is sufficient.

b. The Board shall require a staff member furnish certification at the time a staff member gives notice of the need for FMLA leave or within five business days thereafter, or, in the case of unforeseen FMLA leave, within five business days after the FMLA leave commences.

(1) The Board may request certification at some later date if the Board later has reason to question the appropriateness of the FMLA leave or its duration.

(2) A staff member must provide the requested certification to the Board within fifteen calendar days after the Board's request, unless it is not practicable under the particular circumstances to do so despite a staff member's diligent, good faith efforts or the Board provides more than fifteen calendar days to return the requested certification.

c. When FMLA leave is taken because of a staff member's own serious health condition, or the serious health condition of a family member, the Board shall require a staff member to obtain a medical certification from a health care provider that sets forth the following information:

(1) The name, address, telephone number, and fax number of the health care provider and type of medical practice/specialization;

(2) The approximate date on which the serious health condition commenced, and its probable duration;

(3) A statement or description of appropriate medical facts regarding the patient's health condition for which FMLA leave is requested. The medical facts must be sufficient to support the need for FMLA leave.

(a) Such medical facts may include information on symptoms, diagnosis, hospitalization, doctor visits, whether medication has been prescribed, any referrals for evaluation or treatment (physical therapy, for example), or any other regimen of continuing treatment;

(4) If a staff member is the patient, information sufficient to establish that a staff member cannot perform the essential functions of a staff member's job as well as the nature of any other work restrictions, and the likely duration of such inability;

(5) If the patient is a covered family member with a serious health condition, information sufficient to establish that the family member is in need of care, and an estimate of the frequency and duration of the FMLA leave required to care for the family member;

(6) If a staff member requests FMLA leave on an intermittent or reduced schedule basis for planned medical treatment of a staff member's or a covered family member's serious health condition, information sufficient to establish the medical necessity for such intermittent or reduced schedule FMLA leave and an estimate of the dates and duration of such treatments and any periods of recovery;

(7) If a staff member requests FMLA leave on an intermittent or reduced schedule basis for a staff member's serious health condition, including pregnancy, that may result in unforeseeable episodes of incapacity, information sufficient to establish the medical necessity for such intermittent or reduced schedule FMLA leave and an estimate of the frequency and duration of the episodes of incapacity; and

(8) If a staff member requests FMLA leave on an intermittent or reduced schedule basis to care for a covered family member with a serious health condition, a statement that such FMLA leave is medically necessary to care for the family member, which can include assisting in the family member's recovery, and an estimate of the frequency and duration of the required FMLA leave.

d. A staff member may choose to comply with the certification requirement by providing the Board with an authorization, release, or waiver allowing the Board to communicate directly with the health care provider of a staff member or his or her covered family member.

(1) It is a staff member's responsibility to provide the Board with complete and sufficient certification and failure to do so may result in the denial of FMLA leave.

e. If the Board has reason to doubt the validity of a medical certification, the Board may require a staff member to obtain a second opinion at the Board's expense.

(1) The Board may designate the health care provider to furnish the second opinion, but the selected health care provider may not be employed on a regular basis by the Board.

f. If the opinions of a staff member's and the Board's designated health care providers differ, the Board may require a staff member to obtain certification from a third health care provider, again at the Board's expense. This third opinion shall be final and binding. The third health care provider must be designated or approved jointly by the Board and the staff member.

10. Reinstatement Following FMLA Leave

a. On return from FMLA leave a staff member is entitled to be returned to the same position a staff member held when FMLA leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

(1) A staff member is entitled to such reinstatement even if a staff member has been replaced or his or her position has been restructured to accommodate for a staff member's absence.

(2) The requirement that a staff member be restored to the same or equivalent job with the same or equivalent pay, benefits, and terms and conditions of employment does not extend to de minimis, intangible, or unmeasurable aspects of the job.

b. Denial of Reinstatement

(1) A staff member has no greater right to reinstatement or to other benefits and conditions of employment that if a staff member had been continuously employed during the FMLA leave period.

(a) The Board must be able to show that a staff member would not otherwise have been employed at the time reinstatement is requested in order to deny restoration to employment.

(2) The Board may deny job restoration to "key employees", if such denial is necessary to prevent substantial and grievous economic injury to the operations of the Board.

(a) A "key employee" is a salaried FMLA-eligible staff member who is among the highest paid ten percent of all staff members employed by the Board within seventy-five miles of a staff member's worksite.

(3) If a staff member is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition or an injury or illness also covered by workers' compensation, a staff member has no right to restoration to another position under the FMLA.

(a) The Board's obligation may; however, be governed by the Americans with Disabilities Act, State leave law, or workers' compensation laws.

(4) A staff member who fraudulently obtains FMLA leave from the Board is not protected by FMLA's job restoration or maintenance of health benefits provisions.

c. Intent to Return to Work

(1) The Board may require a staff member on FMLA leave to report periodically on a staff member's status and intent to return to work.

d. Fitness for Duty Certification

(1) As a condition of restoring a staff member whose FMLA leave was a result of a staff member's own serious health condition that made a staff member unable to perform a staff member's job, the Board shall require all similarly-situated staff members (i.e., same occupation, same serious health condition) who take FMLA leave for such conditions to obtain and present certification from a staff member's health care provider that a staff member is able to resume work.

(2) A staff member has the same obligations to participate and cooperate in the fitness-for-duty certification process as in the initial certification process.

11. The Board of Education Notice

a. Notice of Staff Member Rights Under FMLA

(1) The Board shall post and keep posted on its premises, in conspicuous places where staff members are employed, a notice explaining the FMLA's provisions and providing information concerning the procedures for filing complaints of violations of the FMLA with the Wage and Hour Division.

(a) The notice will be posted prominently where it can be readily seen by staff members and applicants for employment.

(b) The poster and the text will be large enough to be easily read and contain fully legible text.

(c) Electronic posting is sufficient to meet this posting requirement as long as it otherwise meets the requirements of B.11.

(2) The Board shall also provide this general notice to each staff member by including the notice in staff members' handbooks or other written guidance to staff members concerning staff member benefits or FMLA leave rights, if such written materials exist, or by distributing a copy of the general notice to each new staff member upon hiring. In either case, distribution may be accomplished electronically.

(3) Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights pursuant to 29 CFR §825 et seq.

b. Eligibility Notice

(1) When a staff member requests FMLA leave, or when the Board acquires knowledge that a staff member's FMLA leave may be for an FMLA-qualifying reason, the Board must notify the staff member of the staff member's eligibility to take FMLA leave within five business days, absent extenuating circumstances.

c. Designation Notice

(1) The Board is responsible in all circumstances for designating leave as FMLA-qualifying, and for giving notice of the designation to a staff member. The Board must notify a staff member whether the leave will be designated and will be counted as FMLA leave within five business days absent extenuating circumstances.

(2) If the Board requires paid leave to be substituted for unpaid FMLA leave, or that paid leave taken under an existing leave plan be counted as FMLA leave, the Board must inform a staff member of this designation at the time of designating the FMLA leave.

12. Local Board of Education Practices

a. Substitution of Paid Leave

(1) Whether a staff member is required to use sick time or any other accrued leave time concurrent with FMLA leave time will depend upon either the district's practice or a provision in the district's collective bargaining agreement, if applicable.

b. Maintenance of Staff Member Benefits

(1) The Board must maintain a staff member's coverage under any group health plan on the same conditions as coverage would have been provided if a staff member had been continuously employed during the entire FMLA leave period.

C. Shared Provisions

1. Interference with Family Leave Rights

The NJFLA and the FMLA prohibit interference with a staff member's rights under the law, and with legal proceedings or inquiries relating to a staff member's rights. Unless permitted by the law, no staff member shall be required to take family leave or to extend family leave beyond the time requested. A staff member shall not be discriminated against for having exercised his/her rights under the NJFLA and the FMLA nor discouraged from the use of family leave.

2. Non-Tenured Teaching Staff

Family leave granted to a nontenured staff member cannot extend a staff member's employment beyond the expiration of his/her employment contract.

3. Record Keeping

The Superintendent or designee shall ensure the keeping of accurate attendance records that distinguish family leave from other kinds of leave so a staff member's entitlement to NJFLA leave and FMLA leave can be properly determined.

4. Processing of Complaints

a. New Jersey Family Leave Act

(1) Any complaint alleging a violation of the NJFLA shall be processed in the same manner as a complaint filed under the terms of N.J.S.A. 10:5-1 et seq. and N.J.A.C. 13:4 through the New Jersey Department of Law and Public Safety, Division on Civil Rights.

b. Federal Family and Medical Leave Act (FMLA)

(1) If there is a dispute between the Board and a staff member as to whether leave qualifies as FMLA leave, it should be resolved through discussion between the staff member and the Superintendent or designee. Such discussions and the decision shall be documented by the Superintendent or designee.

(2) A staff member also may file, or have another person file on his/her behalf, a complaint with the United States Secretary of Labor. A complaint may be filed in person, by mail, or by telephone with the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, at any local office of the Wage and Hour Division.

(3) This Policy 1643 shall be posted on the school district website, in a manner accessible to all staff members and a hard copy shall be provided to all staff members annually prior to the beginning of the school year and upon initial employment in the school district during the school year.

2240 CONTROVERSIAL ISSUES

The Morris County Vocational and Technical School provides opportunities for the study of controversial issues.

The presentation and discussion of controversial issues in the classroom must be on an informative basis. Teachers must guard against giving their personal opinions on sectarian or political questions or any other controversial issues until the students have had the opportunity to:

1. Find, collect, and assemble factual materials on the subject;
2. Interpret the data without prejudice;
3. Reconsider assumptions and claims;
4. Reach their own conclusions.

By refraining from expressing personal views before and during the period of research and study, the teacher encourages the students to search after truth and to think for themselves. The development of an ability to meet issues without prejudice and to withhold judgments while facts are being collected, assembled, and weighed and relationships seen before drawing inferences or conclusions is among the most valuable outcomes of a free educational system.
Students must be guaranteed the right to:

1. Study any controversial issue which has political, economic, or social significance and concerning which (at his/her level) he/she should begin to have an opinion;
2. Have free access to all relevant information, including the material that circulates freely in the community;
3. Study under competent instruction in an atmosphere free from bias and prejudice;
4. Form and express his/her own opinions on controversial issues without thereby jeopardizing his/her relations with the teacher or the school.

When public employees make statements pursuant to their official duties: in the classroom, at board meetings, and at other meetings related to educational issues affecting the district, the employees are not speaking as citizens for First Amendment purposes, and the Constitution does not insulate their communications from employer discipline (Garcetti v. Ceballos).

    a. If excluded, the student shall be provided with equivalent and timely instruction that may include home instruction, without prejudice or penalty.

Pursuant to N.J.A.C. 6A:7-1.7(b), the Board shall ensure the district's curriculum and instruction are aligned to the New Jersey Student Learning Standards (NJSLS). The Board also shall ensure its curriculum and instruction address the elimination of discrimination by narrowing the achievement and opportunity gaps, by providing equity in educational activities and programs, and by providing opportunities for students to interact positively with others regardless of the protected categories listed at N.J.A.C. 6A:7-1.1(a), by:

1. Ensuring there are no differential requirements for completion of course offerings or programs of study solely on the basis of the protected categories listed at N.J.A.C. 6A:7-1.1(a);

2. Ensuring courses shall not be offered separately on the basis of the protected categories listed at N.J.A.C. 6A:7-1.1(a);

2270 RELIGION IN THE SCHOOLS

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. The First Amendment requires public school officials to show neither favoritism toward nor hostility against religious expression such as prayer.

As a condition of receiving Elementary and Secondary Education Act of 1965 (ESEA) funds, the Board of Education must annually certify in writing to the New Jersey Department of Education that no Board policy prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary and secondary schools, as detailed in the United States Department of Education's Guidance on Constitutionally Protected Prayer and Religious Expression in Public Elementary and Secondary Schools (USDOE Guidance). The Board must provide this certification to the New Jersey Department of Education by October 1 of each year during which the Board participates in an ESEA program. The USDOE Guidance provides information on the current state of the law concerning constitutionally protected prayer and religious expression in public elementary and secondary schools.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular public school contexts related to prayer: prayer and religious exercise during non-instructional time; organized prayer groups and activities; teachers, administrators, and other school employees; moments of silence; accommodation of prayer and religious exercise during instructional time; student assemblies and noncurricular events; prayer at graduation; and/or baccalaureate ceremonies.

The following activities as outlined in the USDOE Guidance will be permitted upon applying constitutional principles regarding religious expression other than prayer in particular public school contexts: religious literature; teaching about religion; student dress codes and policies; religious expression in class assignments and homework; and/or excusals for religious activities.

In addition to the constitutional principles outlined in this Policy and the USDOE Guidance, public schools may also be subject to requirements under Federal and State laws relevant to prayer and religious expression. Such Federal and State laws may not; however, obviate or conflict with a public school's Federal constitutional obligations described in the USDOE Guidance. The Equal Access Act, 20 U.S.C. Section 4071, is designed to ensure that student religious activities are accorded the same access to Federally funded public secondary school facilities as are student secular activities.

The United States Department of Justice has developed guidance for interpreting the Equal Access Act's requirements outlined in the USDOE Guidance in the area of general provisions, prayer service and worship exercises, means of publicized meetings, lunch-time and recess, and leadership of religious student groups.

Any issues regarding prayer and religious expression in the schools, the USDOE Guidance, and the provisions of this Policy shall be referred to the Superintendent of Schools who may consult with the Board Attorney.

2310 STUDENT GROUPING

The Board of Education believes that each student should be provided with the instruction that will best suit his/her intellectual, physical, emotional, and social capabilities. The Board authorizes the Superintendent to develop a schedule and class organization that will provide for the placement of students in instructional groups that will offer them the greatest educational benefit.

The grouping of students should be flexible and should take into consideration the age, mental ability, past academic record, emotional needs, physical maturity, and interests of each student.

Adopted: 14 July 2026

2312 CLASS SIZE

The Board of Education directs that the number of students assigned to any one class be governed by considerations of instructional quality and economy of operation.

A desired range for the minimum and maximum number of students that shall be assigned to regular classes shall be established by the Superintendent.

The Superintendent shall prepare guidelines for class size. Maximum limits shall take into account the subject matter, type of instruction, ability of students, availability of aides, and use of special facilities and equipment and may be waived to accommodate the demands of a temporary increase in enrollment.

Adopted: 14 July 2026

2330 HOMEWORK

The Board of Education acknowledges the educational validity of work assigned to students for completion outside the classroom as an adjunct to and extension of the instructional program of the schools.

The Board directs the Superintendent to ensure that all instructors include in their instructional program a minimum of two hours of related homework assignments per week for each student enrolled in the course. However, this does not preclude instructors requiring homework assignments beyond this minimum requirement. Evidence of said provision will be reflected in the lesson plans and on the homework websites of the instructor submitted according to prescribed time lines and format of the applicable supervisors.

The Superintendent shall develop regulations for the assignment of homework according to these guidelines:

1. Homework should be a properly planned part of the curriculum, extending and reinforcing the learning experience of the school;

2. Homework should help children learn by providing practice in the mastery of skills, experience in data gathering and integration of knowledge, and an opportunity to remediate learning problems;

3. Homework should help develop the student's responsibility and provide an opportunity for the exercise of independent work and judgment;

4. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities that make a legitimate claim on the student's time;

5 As a valid educational tool, homework should be clearly assigned and its product carefully evaluated and that evaluation should be reported to the student;

6. The schools should recognize the role of parent(s) or legal guardian(s) by suggesting ways in which parent(s) or legal guardian(s) may assist the school in helping a child carry out assigned responsibilities;

7. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

Incompletes

When a student does not complete work missed for absence or other reasons, he/she will receive an "incomplete" for the marking period. The number of school days following the end of the marking period required to make up the missed work shall be determined by the course instructor in coordination with the supervisor.

If work critical to the student's understanding of the subject is not made up by the end of the next marking period, the grade for that subject area may be an "F."

If work is missing during the final marking period of the school year, the grade will be left to the discretion of the teacher. The teacher who has given an incomplete is responsible for reporting to the student the work he/she has missed and citing the consequences mentioned above.

Adopted: 14 July 2026

2340 FIELD TRIPS

The Board of Education recognizes that field trips properly planned and integrated with the curriculum are an educationally sound and important part of the program of the schools that can supplement and enrich classroom instruction by providing learning experiences in an environment outside the schools.

For purposes of this policy, a field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, and integrally related to an approved course of study.

The Board of Education shall approve all proposed field trips.

The Board may authorize field trips for which all or part of the costs are borne by the students' parent(s) or legal guardian(s), or grant funding except that no student in a special education class or student unable to pay the cost assessed shall be prohibited from attending a field trip. (N.J.S.A. 18A:36-21)

Students on field trips remain under the supervision of this Board and are subject to its rules and regulations.

A student who violates rules or disregards the authority of supervisors on a field trip significantly endangers the safety of other students and may be summarily dismissed from the trip. The teaching staff member in charge will make arrangements for the dismissed student's transportation to home or school as appropriate. The cost of any such transportation will be borne by the parent(s) or legal guardian(s) of the student. The Board reserves the right to take further disciplinary measures in accordance with Policy 5600.

Overnight Educational Travel

Overnight travel for educational programs, other than for Board approved field trips and/or approved competitions, shall not normally occur. Consideration, however, will be given to a culminating senior trip for full-time secondary students who have participated in district programs for two or more years. The costs of all such trips may be borne by the student, including the costs of chaperones. Such trips must have an educational intent. Such trips shall not be automatic and must be approved on a case-by-case basis by the Board.

The following guidelines have been established for all overnight travel authorized by the Board of Education:

1. Request(s) to participate in overnight educational travel shall be completed on the district field trip request form. Supplemental information regarding the property the student will be staying in, chaperones, costs, etc. shall be included with this request.

2. All overnight educational travel requires the recommendation of the Superintendent, the recommendation of the Board.

3. Overnight educational travel requests shall be considered only for activities that enhance students' educational program or will further assist the student in achieving the New Jersey Student Learning Standards.

4. In accordance with the Board policy, additional requirements may be established as eligibility criteria for students to participate in sanctioned activities covered by this policy and accompanying regulation.

The Superintendent shall prepare regulations for the operation of field trips that ensure that the safety and well-being of students shall be protected at all times; that parental permission is sought and obtained before any student may be removed from the school for a field trip; that each field trip is properly planned, integrated with the curriculum, and followed up by appropriate activities that enhance its usefulness; that the effectiveness of field trip activities are monitored and continually evaluated; that teachers are allowed a considerable degree of flexibility and innovation in planning field trips; that no field trip will be approved unless it contributes to the achievement of specified instructional objectives; and that teachers are not permitted to make on-site alterations to a trip itinerary, except where the health, safety or welfare of students is imperiled or where changes or substitutions beyond the control of the teacher have frustrated the purpose of the trip.

2361 ACCEPTABLE USE OF COMPUTER NETWORKS/ COMPUTERS AND RESOURCES

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow students to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by students to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

e. If the school district's plan for Title I, Part A, developed under Section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan if requested by the New Jersey Department of Education (NJDOE).

f. The school district will involve the parents of children served in Title I, Part A schools in decisions about how the one percent of Title I, Part A funds reserved for parent and family engagement is spent, and will ensure that not less than ninety percent of the one percent reserve goes directly to the schools.

g. The school district will be governed by the following statutory definition of parent and family engagement, and expects that its Title I schools will carry out programs, activities, and procedures in accordance with this definition:

(1) "Parent and family engagement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

(d) The carrying out of other activities, such as those described in Section 1116 of the ESEA.

2415.06 UNSAFE SCHOOL CHOICE OPTION

The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The USCO provision under the ESSA contains two provisions that apply to school districts that receive funds under ESSA: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of this USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA. The Superintendent is required to certify compliance with this USCO Policy to the NJDOE in the application for ESSA funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining PDS.

   A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the NJDOE for three consecutive years and is part of a school district that receives funds under ESSA. The NJDOE will use the most current available data from the Student Safety Data System (SSDS) to identify PDS on or before July 31 of each year.

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

   A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State's ESSA accountability system. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected students and parents.

3. Corrective Action Plan for a School Identified as Persistently Dangerous.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the SSDS. The NJDOE will provide the school with guidance for its corrective action plan, as well as monitor the school district's timely completion of the approved plan.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school's progress towards completing its corrective action plan and compare the current year's incidents of violence, as reported on the SSDS, to the criteria for determining PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school's progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect.

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

If a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of the pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit for approval a school safety plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The school safety plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the SSDS. The NJDOE will provide an early warning school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan. A school receiving an "early warning" notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school's progress towards completing its school safety plan and compare the current year's incidents of violence, as reported on the SSDS, to the criteria for determining PDS. The school will be notified of its status on or before July 31 of the respective year.

A school that no longer meets the criteria for PDS for one school year, the year in which the school safety plan was in effect, will no longer be required to submit a school safety plan.

A school that meets the criteria for PDS for a third consecutive year will be designated persistently dangerous and will be required to submit for approval a corrective action plan on or before September 30 of that year, which will apply to the respective school year and provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving ESSA Funds, but Meeting the Criteria for PDS.

School buildings and districts that are not part of a local education agency (LEA) that receives Federal funds under ESSA, but meet any one of the criteria for PDS will be contacted by the NJDOE and be required to develop and submit for approval a school safety plan on or before September 30 of the respective year. The school safety plan must be completed in the format provided by the NJDOE and describe how the school will reduce the number of incidents of violence as determined by the SSDS. The NJDOE will provide the school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan.

USCO Policy Provision II – Victims of Violent Criminal Offenses

The Unsafe School Choice Option provision under the ESSA requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

The individual victim provision of this Policy attempts to fulfill the requirement for the school district to provide relief to students who have been victimized, while providing a school with a practical means for making determinations on incidents of victimization that are within the purview of the school district. The individual victim section of this Policy has been crafted to enable school staff to make reasonable determinations and actions regarding this Policy. The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the *Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)13*, on questions and issues that arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

A student is considered a victim of a violent criminal offense when:

a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and

b. One or more of the following applies:

(1) Law enforcement officials have filed formal charges against the offender(s) for commission of the violent crime; or

(2) The offender(s) has received sanctions in accordance with the Board of Education's Code of Student Conduct; or

(3) The offender(s) either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or

(4) The pre-existence of a restraining order against the offender(s).

2. Procedures and Guidelines

Effective the first day of each school year, the district must be prepared to begin the transfer of any student who chooses to exercise the individual choice option provision. The district must offer, within fourteen calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State's ESSA accountability system. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

3. Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision of this Policy are identified and explained below. The offenses apply to completed offenses, as well as attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the school grounds, as defined in N.J.A.C. 6A:16-1.3, of the school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of the school that the student attends. The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals (victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups.

4. Applicable Violent Criminal Offenses

Below is a description of each applicable violent criminal offense that is based upon New Jersey statutes and references to statutory citations that provide complete explanations of each designated offense. The descriptions provided below are not intended to be a complete explanation of each offense or a substitute for the actual provisions of the authorizing statutes. Instead, the descriptions are provided as an aid in facilitating understanding of the general intent and practical applications of the violent criminal offenses that pertain to this Policy.

(1) With a purpose to intimidate a victim or a group of specified victims because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or

(2) Knowing that the conduct constituting the offense would cause a victim or a group of specified victims to be intimidated because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or

(b) The victim or the victim's property was selected to be the target of the offense because of race, color, religion, gender, handicap, sexual orientation, or ethnicity.

e. Terroristic Threat [N.J.S.A. 2C:12-3(A) and 2C:12-3(B)] - A person is a victim of a terroristic threat when the actor threatens to commit one of the violent criminal offenses enumerated under this Policy against the victim with the purpose to put the student in imminent fear of one of the violent crimes enumerated in this Policy under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out. The definition of terroristic threat applies to N.J.S.A. 2C:12-3(a) insofar as the threat was directed at a person (victim) or a group of specified individuals (victims).

f. Robbery [N.J.S.A. 2C:15-1] - A person is a victim of a robbery when the actor, in the course of committing a theft, inflicts bodily injury; or uses force upon the victim; threatens the victim with or purposely puts the victim in fear of immediate bodily injury.

g. Kidnapping [N.J.S.A. 2C:13-1] - A person is a victim of a kidnapping when the actor unlawfully removes the victim from the school or school grounds; or the actor unlawfully confines the victim with the purpose of holding the victim for ransom or reward as a shield or hostage; or the actor unlawfully removes the victim from the school or school grounds or a substantial distance from where he or she is found in school or on school grounds; or if the actor unlawfully confines a student for a substantial period of time with any of the following purposes: to facilitate commission of a crime or flight thereafter, or to inflict bodily injury on or terrorize the victim.

h. Arson [N.J.S.A. 2C:17-1] - A person is a victim of arson when the actor purposely or knowingly starts a fire or causes an explosion in or on the grounds of a school whereby the victim or group of specified victims are in danger of death or bodily injury; or with the purpose of destroying or damaging the victim's or group of specified victim's property that is in the school or on school grounds.

Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS

The transfer will be temporary and will be in effect as long as the student's original school is identified as persistently dangerous.

The transfer may be in effect longer and the district will consider the educational needs of the student, as well as other factors affecting the student's ability to succeed if returned to the transferring school. (i.e. The school district may allow a student to complete his or her education through the highest grade level at the receiving school if the student would otherwise be required to return to their original school.)

2. Charter School Transfer Option

While ESSA permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school's "equal opportunity" selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

Since charter schools in New Jersey are considered public LEA's, pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

The USCO statute does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. In addition, ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO or expansion of public school choice.

4. Special Education Students

   The district will provide transferred special education students with the program required by the student's Individualized Education Program (IEP).

5. Transfer Schools

   In the event there is not another school within the school district for a transferring student, the district will explore other appropriate options such as an agreement with a neighboring school district to accept transfer students.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.

In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

Title VIII, Part F, Subpart 2, SEC. 8532
Every Student Succeeds Act (ESSA) of 2015

Adopted: 14 July 2026

2415.20 EVERY STUDENT SUCCEEDS ACT COMPLAINTS

The Every Student Succeeds Act (ESSA) reauthorized the Elementary and Secondary Education Act of 1965 (ESEA). A Board of Education shall adopt a policy and written procedures for resolving a written complaint presented by an individual or organization that alleges violations in the administration of the ESSA programs as identified by the New Jersey Department of Education (NJDOE).

Policy and Regulation 2415.20 set forth the requirements for resolving complaints presented by any individual or organization that:

1. A school, school district, other agency authorized by the school district, or by the NJDOE violated the administration of education programs authorized by the ESEA as amended by the ESSA; and/or

2. The NJDOE violated the administration of education programs required by the ESEA as amended by the ESSA.

Complaints regarding nonpublic school officials alleging school district noncompliance must pertain to at least one of the following three specific reasons:

1. The school district did not engage in consultation that was meaningful and timely;

2. The school district did not give due consideration to the views of the nonpublic school officials; or

3. The school district did not make a decision that treats the nonpublic school or its students equitable and in accordance with ESEA Section 1117 or Section 8501.

A complaint shall be written and must identify, at a minimum, the alleged ESEA violation; a description of previous steps taken to resolve the matter; the facts supporting the alleged violation as understood by the complainant at the time of submission; and any supporting documentation.

A complaint alleging a school in the district, school district, or other agency authorized by the school district, or the NJDOE violated the administration of a program must be submitted to the Assistant Superintendent for Curriculum and Instruction. The Assistant Superintendent for Curriculum and Instruction shall be responsible to coordinate the investigation of the complaint. The Assistant Superintendent for Curriculum and Instruction shall submit a written report regarding the outcome of the investigation to the complainant.

If the complainant is not satisfied with the outcome of the investigation by the school district, the complainant must submit a written complaint to the Executive County Superintendent for the county where the school district is located. This process does not apply to alleged violations concerning participation of nonpublic school children.

The Executive County Superintendent will coordinate the investigation of a complaint. When the investigation is complete, the Executive County Superintendent will notify the complainant in writing regarding the outcome of the investigation. If it is determined a violation has occurred, the Executive County Superintendent will identify and impose the appropriate consequences or corrective action in accordance with statute and/or regulation to resolve the complaint. If the complainant is not satisfied with the determination that is made by the Executive County Superintendent, the complainant may submit a written request for review of that determination to the Assistant Commissioner.

A complaint alleging the NJDOE violated the administration of a program must be submitted to the designated New Jersey Department of Education Assistant Commissioner. The appropriate NJDOE Office assigned by the Assistant Commissioner will coordinate the investigation of a complaint. When the investigation is complete, the Assistant Commissioner will notify the complainant in writing regarding the outcome of the investigation. If it is determined a violation has occurred, the Assistant Commissioner will identify and impose the appropriate consequences or corrective actions as required by statute and/or regulation to resolve the complaint.

If a complainant does not agree with the NJDOE's decision, the complainant may appeal to the Secretary of the United States Department of Education.

To initiate a complaint regarding participation of nonpublic school children, a complainant must submit a written complaint to the NJDOE Nonpublic Ombudsman in accordance with NJDOE procedures.

New Jersey Department of Education Elementary and Secondary Education Act (ESEA) Complaint Policy and Procedure

Adopted: 14 July 2026

2415.30 TITLE I – EDUCATIONAL STABILITY FOR CHILDREN IN FOSTER CARE

The Federal Every Student Succeeds Act (ESSA), which reauthorized the Elementary and Secondary Education Act (ESEA), initiated protections for children in foster care that further enhanced the requirements of the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act). These provisions require school districts to work with child welfare agencies to ensure the educational stability of children in foster care. New Jersey statutes support and implement Federal legislation and require New Jersey's child welfare agencies and school districts to collaborate and to keep children placed in foster care in the same school when their living placements change if remaining in that school is in the child's best interest. The educational stability of children in foster care is the joint responsibility of both the educational and child welfare systems.

The school psychologist shall be designated as the Board of Education's point of contact person for all matters related to the educational stability for children in foster care. The point of contact person for the school district shall not be the same person designated as the school district liaison for the education of homeless children.

For the purpose of this Policy, "child welfare agency" shall be the New Jersey Department of Children and Families.

For the purpose of this Policy, "foster care" means twenty-four hour substitute care for children placed away from their parents and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes.

For the purpose of this Policy, "school of origin" is the school district in which the child is enrolled at the time of placement in foster care or the school district of residence as per N.J.S.A. 30:4C-26 and N.J.S.A. 18A:7B-12.

A child in foster care shall remain in his/her school of origin if it is determined to be in the best interest of the child for the duration of time in foster care.

If a student attending the school district in accordance with the provisions of N.J.S.A. 18A:38-1 et seq. is placed in foster care, the school district contact person will collaborate with child welfare agencies to determine whether it is in the child's best interest to remain in the school district taking into consideration all factors relating to the child's best interest. These factors shall include the appropriateness of the current educational setting and proximity of placement (ESEA Section 1111(g)(1)(E)(i)). These factors may include, but are not limited to:

1. Preferences of the child;

2. Preferences of the child's parent(s) or educational decision maker(s);

3. The child's attachment to the school, including meaningful relationships with staff and peers;

4. The proximity of the resource family home to the child's present school;

5. The age and grade level of the child as it relates to the other best-interest factors;

6. The needs of the child, including social adjustment and well-being;

7. The child's performance, continuity of education, and engagement in the school the child presently attends;

8. The child's special education programming if the child is classified;

9. The point of time in the school year;

10. The child's permanency goal and likelihood of reunification;

11. The anticipated duration of the placement;

12. Placement of the child's sibling(s);

13. Influence of the school climate on the child, including safety;

14. The availability and quality of the services in the school to meet the child's educational and socioemotional needs;

15. History of school transfers and how they have impacted the child;

16. How the length of the commute would impact the child, based on the child's developmental stage;

17. Whether the child is a student with a disability under the Individuals with Disabilities Act (IDEA) who is receiving special education and related services or a student with a disability under Section 504 who is receiving special education or related aids and services and, if so, the availability of those required services in a school other than the school of origin; and

18. Whether the child is an English language learner (ELL) and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin, consistent with Title VI and the Equal Educational Opportunities Act of 1974 (EEOA).

The school district's point of contact person will discuss these factors and will make every effort to gather meaningful input and participation from the relevant parties, including appropriate school personnel, in the best-interest determination.

Eligible students with disabilities retain their right to receive a free appropriate public education in the least restrictive environment. When making a best-interest determination regarding the educational placement of a student with a disability under IDEA and Section 504, the Board must ensure that all required special education and related services are provided in the least restrictive placement where the child's unique needs, as described in the student's Individualized Education Program (IEP) or Section 504 Plan, can be met. The school district will identify and assess all potential ELL students and provide all ELL students, including ELL students in foster care, with a language assistance program that is educationally sound and proven successful. When a best-interest determination is made for an ELL student in foster care, the Board of Education will comply with its obligations under Title VI and the EEOA.

To the extent feasible, a child shall remain in his/her school of origin until a final best-interest determination is made. The child welfare agency will notify the school district of origin of the child's school placement after collaboration with the Board of Education's point of contact person and after the child's best-interest determination has been made. If a change of school is recommended by the child welfare agency, the new school shall immediately contact the school of origin to obtain relevant academic and other records of the foster care child. The financial responsibility for the payment of tuition for a foster care child placed outside the school district of origin and attending school outside the school district of origin shall be determined by the Commissioner of Education in accordance with N.J.S.A. 18A:7B-12 – Determination of District of Residence.

A foster care child who has been placed in this district and exits foster care during the school year may be permitted to continue in this school district for the remainder of the school year.

In the event there is a disagreement regarding school placement for a child in foster care, the school district will comply with the legal requirements for resolving the dispute. A parent can appeal a best-interest determination whenever the child changes schools.

Children placed in foster care outside the school district of origin, attending a school in that district, will be provided transportation to and from school in accordance with N.J.A.C. 6A:27-6.1 et seq. and the Transportation Policy of that district. The district of origin is financially responsible for transportation costs to and from school.

Children placed in foster care outside the school district of origin, but remaining in a school within the school district of origin, shall receive transportation to and from school on a "cost-efficient" manner and in accordance with Section 475(4)(A) of the Social Security Act for the duration of the time the child is in foster care. The district of origin is financially responsible for transportation costs to and from school.

The cost of transportation shall not be considered when determining the best interest of the child.

Section 475(4)(A) of the Social Security Act provides guidance on "cost-effective" transportation as it relates to the cost of reasonable travel for foster care children placed outside the school district of origin to their school of origin indicating: the child may be dropped off at a bus stop just within the school district of origin to be transported to a school in the district of origin; the school district may offer a public transportation option; the foster care parents or other families may be willing to drive the child to school in the school district of origin; the school district may utilize pre-existing bus routes or stops close to the out-of-district foster care placement that cross school district boundaries; or the foster care child may be eligible for transportation under other Federal or State requirements.

In the event there is a disagreement regarding transportation for a child in foster care, the school district will comply with the New Jersey Department of Education requirements for resolving the dispute. The Board of Education shall provide or arrange for adequate and appropriate transportation for foster care children while any disputes are being resolved.

In all cases regarding student data and records, the Board of Education will comply with all statutory requirements to protect student privacy, including Family Education Rights and Privacy Act (FERPA), and all other privacy requirements under Federal laws, State statutes, and administrative codes.

The Board will make reasonable accommodations to ensure that no student with a disability, solely on the basis of the disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity sponsored by this Board, including participation in non-academic and extracurricular services and activities.

The administration will undertake to identify and locate all students with disabilities between the ages of three and twenty-two, who are residing within the district, but not receiving a public school education. 2419 SCHOOL THREAT ASSESSMENT TEAMS

The Board of Education shall establish a threat assessment team at each school in the district pursuant to N.J.S.A. 18A:17-43.4. The purpose of a threat assessment team shall be to provide school teachers, administrators, and other staff with assistance in identifying students of concern, assessing those students' risk for engaging in violence or other harmful activities, and delivering intervention strategies to manage the risk of harm for students who pose a potential safety risk, to prevent targeted violence in the school, and ensure a safe and secure school environment that enhances the learning experience for all members of the school community.

Threat assessment teams established pursuant to N.J.S.A. 18A:17-43.4.a., this Policy, and Regulation 2419 must be multidisciplinary in membership and, to the extent possible, must include the following individuals:

1. A school psychologist, school counselor, school social worker, or other school employee with expertise in student counseling;

2. A teaching staff member;

3. A Principal or other senior school administrator;

4. A safe schools resource officer or school employee who serves as a school liaison to law enforcement; and

5. The school safety specialist designated pursuant to N.J.S.A. 18A:17-43.3. and Policy 7440, in the event that the school safety specialist is not already a school administrator or school employee required to be a part of the threat assessment team pursuant to N.J.S.A. 18A:17-43.4.

Additional school employees may serve as regular members of the threat assessment team or may be consulted during the threat assessment process, as determined to be appropriate by the team.

Nothing contained in N.J.S.A. 18A:17-43.4 shall be construed as affecting the provisions of any collective bargaining agreement or individual contract of employment in effect on the effective date pursuant to N.J.S.A. 18A:17-43.3 (August 1, 2022).

This Policy and Regulation 2419, pursuant to N.J.S.A. 18A:17-43.5, are aligned with the Guidance on the Establishment of Behavioral Threat Assessment and Management Teams (BTAM) 2023 (Guidance) developed by the New Jersey Department of Education (NJDOE) pursuant to N.J.S.A. 18A:17-43.6.

The school district shall structure the threat assessment teams to best meet the needs and resources available, which may include school-based teams and/or district-level teams.

The Superintendent or designee will build a behavioral threat assessment and management program that will: establish a multi-disciplinary team; define prohibited and concerning behaviors; create a central reporting mechanism; define a threshold for law enforcement intervention; establish threat assessment procedures; develop risk management options; create and promote safe school climates; and conduct training for all stakeholders.

The threat assessment and management process will include: the threat assessment team's actions when first learning of a new report or threat; screening the case; gathering information; organizing and analyzing information; making the assessment; developing and implementing a case management/intervention plan; re-assessing and case monitoring; and documenting and closing the case.

When assessing a student whose behavior may pose a threat to the safety of the school community, in the case of a student with an Individualized Education Program (IEP) or 504 Plan, the threat assessment team shall consult with the IEP team or 504 team to determine whether the aberrant behavior is a threat to school safety and is being properly addressed in a manner that is required by N.J.A.C. 6A:14 and all Federal and State special education laws.

Each member of the threat assessment team must attend training in accordance with N.J.S.A. 18A:17-43.4, this Policy, and Regulation 7440 that is consistent with the Guidance developed by the NJDOE pursuant to N.J.S.A. 18A:17-43.6. Training must be coordinated with the New Jersey Department of Education, Office of School Preparedness and Emergency Planning (OSPEP). The training shall ensure the threat assessment team is able to accurately assess student behavior and to ensure that threat assessment teams do not have a disparate impact on students based on their race, ethnicity, homelessness status, religious belief, gender, gender identity, sexual orientation, or socioeconomic status. The training shall, at a minimum, include training on adverse childhood experiences, childhood trauma, cultural competency, and implicit bias.

Should a threat assessment team become aware of an allegation of HIB when considering or conducting assessments, they must follow Policy 5512 – Harassment, Intimidation, or Bullying for addressing allegations of HIB in alignment with the Anti-Bullying Bill of Rights Act.

Should a threat assessment team become aware of a bias-related act, the team should implement Policy and Regulation 8465 – Bias Crimes and Bias-Related Acts on reporting bias-related acts to law enforcement in accordance with the Memorandum of Agreement Between Education and Law Enforcement Officials and Policy and Regulation 9320 – Cooperation With Law Enforcement Agencies.

Questions and concerns about Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act (HIPAA) protections often arise as part of the threat assessment planning process. The threat assessment teams must understand how to balance the safety of the school with the privacy of individual students. These laws should not be an impediment to threat assessment and management.

2423 BILINGUAL EDUCATION

The Board of Education will provide programs of bilingual education, English as a second language (ESL), and culturally and linguistically responsive, researched-based, and effective language instruction educational programs (LIEP) to all multilingual learners (ML) as required by law and rules of the New Jersey State Board of Education. MLs are those students whose primary language is not English and who have varying degrees of English language proficiency in any one of the domains of speaking, reading, writing, or listening and is synonymous with limited English-speaking ability pursuant to N.J.S.A. 18A:35-15 through 18A:35-26.1 and N.J.A.C. 6A:15-1.1 et seq.

The school district shall use, at the time of enrollment, the multi-step process to identify MLs enrolled in the district in accordance with N.J.A.C. 6A:15-1.3. The district shall administer to each student enrolled in the district the Statewide home-language survey (HLS) to determine which students in grades nine to twelve have a primary language(s) other than English and, therefore, may be a ML.

The district shall then determine the English language proficiency of all ninth to twelfth-grade students who are found eligible through N.J.A.C. 6A:15-1.3(a)1 or (a)2 and whose primary language is other than English by administering an English language proficiency (ELP) assessment. Students who do not meet the New Jersey Department of Education (Department)-established cut score standard on the ELP assessment shall be considered MLs and shall be offered entry into the district's LIEP. Preschool students who are identified as having a primary language other than English shall be identified as MLs. The district shall also use age-appropriate methodologies to identify preschool MLs to determine their individual language development needs.

The district shall provide to all ninth to twelfth-grade MLs enrolled in the district pursuant to N.J.S.A. 18A:7F-46 and N.J.S.A. 18A:7F-54 with equal educational opportunities and all educational activities and programs in accordance with the provisions of N.J.A.C. 6A:15-1.4.

Students enrolled in a LIEP shall have equal educational opportunities, including full access to educational opportunities and services available to other students in the school district pursuant to N.J.A.C. 6A:15-1.6.

As part of the district- and school-level plans for professional development requirements pursuant to N.J.A.C. 6A:9C-4.2, the Board shall describe professional learning for bilingual, ESL, and academic content teaching staff members whose classroom instruction is in English; administrators who supervise bilingual/ESL programs; and administrators and any personnel who observe and evaluate teaching staff members of MLs in accordance with the provisions of N.J.A.C. 6A:15-1.7.

All teachers of bilingual programs shall hold a valid New Jersey instructional certificate with an endorsement for the appropriate grade level and/or academic content area and a standard certificate with a bilingual/bicultural education endorsement, pursuant to N.J.S.A. 18A:6-38 et seq., N.J.S.A. 18A:35-15 to 26, and N.J.A.C. 6A:9B-11.5 in accordance with the provisions of N.J.A.C. 6A:15-1.8.

Students identified as MLs shall be assessed annually using English Language Placement (ELP) assessments to measure the progress toward English language proficiency and to determine readiness for exiting the LIEP in accordance with the provisions of N.J.A.C. 6A:15-1.9. Students who meet the criteria for Statewide alternate assessments, pursuant to N.J.A.C. 6A:14-4.10(a)2., shall be assessed annually using an alternate ELP assessment. Every student participating in a bilingual, ESL, or English language services program established pursuant to N.J.S.A. 18A:35-15 et seq. shall be entitled to continue such participation for a period of three years pursuant to N.J.S.A. 18A:35-19.

MLs enrolled in the LIEP shall be placed in a classroom(s) where the primary language of instruction is English when the ML has demonstrated readiness to exit a LIEP first by achieving the Department-established cut score on an ELP or alternate ELP assessment. The student's readiness shall be further assessed by the use of a Department-established English language observation form that considers, at a minimum: classroom performance; the student's reading level in English; the observations of the teaching staff members responsible for the educational program of the student; and performance on achievement tests in English.

In accordance with the provisions of N.J.S.A. 18A:35-22.1, a parent may remove a student who is enrolled in a bilingual education program at any time; except that during the first three years of a student's participation in a bilingual education program, a parent may only remove the student at the end of each school year.

If a parent wishes to remove the student prior to the end of each school year, the removal shall be approved by the Executive County Superintendent. If the Executive County Superintendent determines the student should remain in the bilingual education program until the end of the school year, the parent may appeal the Executive County Superintendent's decision to the Commissioner of Education or designee pursuant to the provisions of N.J.S.A. 18A:35-19.2.

Newly exited students who are not academically progressing in classes where English is the primary language of instruction may be considered for reentry to a LIEP in accordance with the provisions of N.J.A.C. 6A:15-1.9(g)1 through (g)5.

All MLs shall satisfy requirements for high school graduation pursuant to N.J.A.C. 6A:8-5.1(a) and Policy 5460 in accordance with the provisions of N.J.A.C. 6A:15-1.10.

All ninth through twelfth-grade LIEPs shall be conducted within classrooms within the school district pursuant to N.J.S.A. 18A:35-20 in accordance with the provisions of N.J.A.C. 6A:15-1.11.

The parent of a ML shall be notified in accordance with the provisions of N.J.A.C. 6A:15-1.12 that their child has been identified as eligible for placement in a LIEP. Notice shall be in writing and in the language in which the parent possesses a primary speaking ability, and in English. The notice must also include the provisions detailed at N.J.A.C. 6A:15-1.12(b). Progress reports shall be written in English and in the primary language spoken by the parent of students enrolled in the LIEP.

Pursuant to N.J.A.C. 6A:15-1.13, with approval of the Executive County Superintendent on a case-by-case basis, the Board may join with another district Board to provide a LIEP and an individualized learning opportunity, pursuant to N.J.A.C. 6A:8-5.1(a)2, to a ML who chooses to utilize it to meet the 120-credit graduation requirement, in whole or in part.

The Superintendent or designee shall provide for the maximum practicable engagement of the parent of MLs in the development and review of program objectives and dissemination of information to and from the Boards and communities served by the LIEP in accordance with the provisions of N.J.A.C. 6A:15-1.14. With the exception of a Board implementing an English language services or ESL program, each Board implementing a LIEP shall establish a parent advisory committee on bilingual education of which the majority membership shall be the parents of MLs.

The Board of Education is committed to providing a high quality educational program, virtually or remotely, in the event the State or local health department determines that it is advisable to close, or mandates closure of, the schools of a school district due to a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure for more than three consecutive school days, the Superintendent shall have the authority to implement the school district's program of virtual or remote instruction, pursuant to N.J.S.A. 18A:7F-9. In addition, pursuant to N.J.S.A. 18A:7F-9.b. the Commissioner of Education shall allow the district to apply to the 180-day requirement established pursuant to N.J.S.A. 18A:7F-9.a., one or more days of virtual or remote instruction provided to students on the day or days the schools of the district were closed if the program of virtual or remote instruction meets such criteria as may be established by the Commissioner.

The school district's program of virtual or remote instruction shall be in accordance with the provisions of N.J.S.A. 18A:7F-9; N.J.A.C. 6A:32-13.1.; this Policy; and Regulation 2425.

"Remote instruction" means the provision of instruction occurring when the student and the instructor are in different locations due to the closure of the facility(ies) of the Board of Education, charter school, renaissance school project, or approved private school for students with disabilities. The closure of the facility(ies) shall be pursuant to N.J.S.A. 18A:7F-9 or 18A:46-21.1 and for more than three consecutive school days due to a declared state of emergency, a declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure.

"Virtual instruction" means the provision of active instruction when the student and the instructor are in different locations and instruction is facilitated through the internet and computer technologies due to the closure of the facility(ies) of the Board of Education, charter school, renaissance school project, or approved private school for students with disabilities. The closure of the facility(ies) shall be pursuant to N.J.S.A. 18A:7F-9 or 18A:46-21.1 and for more than three consecutive school days due to a declared state of emergency, a declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure.

The Superintendent of Schools shall submit, with Board approval, the school district's program of virtual or remote instruction to the Commissioner of Education annually. If the Board is unable to complete and submit a proposed program of virtual or remote instruction to the Commissioner in accordance with the timeline established by the Commissioner and the school district is required to close its schools for a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure, the Commissioner of Education may retroactively approve the program.

If provided under the district's program of virtual or remote instruction that has been approved by the Commissioner, student attendance for a day of virtual or remote instruction shall be accounted for in accordance with N.J.A.C. 6A:32-8.4 for the purposes of meeting State and local graduation requirements, the awarding of course credit, and other matters as determined by the Commissioner of Education in accordance with the provisions of N.J.A.C. 6A:32-13.1.(d).

Pursuant to N.J.A.C. 6A:32-13.1(b), if implemented by the Superintendent, the school district's program of virtual or remote instruction shall be provided to an enrolled student, whether a general education student in preschool through grade twelve or a student with a disability aged three to twenty-one. The school district shall provide students with a disability with the same educational opportunities provided to general education students to the extent appropriate and practicable. Related services may be delivered to general education students and students with a disability through the use of electronic communication or a virtual or online platform, as appropriate.

In the event the State or local health department determines it is advisable to close or mandates closure of the schools of the district due to a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure, the Superintendent shall have the authority to implement the school district's program of virtual or remote instruction. The Superintendent shall consult with the Board prior to such decision, if practicable. The Superintendent shall ensure that students, parents, staff, and the Board are informed promptly of the Superintendent's decision.

Nothing in N.J.S.A. 18A:7F-9.b., c., or d.; this Policy; and Regulation 2425 shall be construed to limit, supersede or preempt rights, privileges, compensation, remedies, and procedures afforded to public employees or a collective bargaining unit under Federal or State law or any provision of a collective bargaining agreement entered into by the school district.

In the event of the closure of a school or the schools of the district due to a declared state of emergency, declared public health emergency, or a directive by the appropriate health agency or officer to institute a public health-related closure for a period longer than three consecutive school days:

1. District employees shall be entitled to compensation, benefits, and emoluments pursuant to the provisions of N.J.S.A. 18A:7F-9.e.(1) and (2).

2. The district shall continue to make payments of benefits, compensation, and emoluments pursuant to the terms of a contract with a contracted service provider in effect on the date of the closure as if the services for such benefits, compensation, and emoluments had been provided, and as if the school facilities had remained open pursuant to the provisions of N.J.S.A. 18A:7F-9.e.(3).

3. The district shall be obligated to make payments for benefits, compensation, and emoluments and all payments required pursuant to N.J.S.A. 18A:6-51 et seq., to an educational services commission, county special services school district, and a jointure commission, and under any shared services agreement and cooperative contract entered into with any other public entity pursuant to the provisions of N.J.S.A. 18A:7F-9.e.(4).

4. An educational services commission, county special services school district, and a jointure commission shall continue to make payments of benefits, compensation, and emoluments pursuant to the terms of a contract with a contracted service provider or a shared services agreement in effect on the date of the closure as if the services for such benefits, compensation, and emoluments had been provided, and as if the school facilities had remained open pursuant to the provisions of N.J.S.A. 18A:7F-9.e.(4).

The provisions of N.J.S.A. 18A:7F-9.e.(1) through (4) and 1 through 4 above shall not apply to any employee whose weekly hours of work are reduced, and to whom unemployment benefits are provided, pursuant to a shared work program approved pursuant to the provisions of N.J.S.A. 43:21-20.3 et seq. A contracted service provider, educational services commission, county special services school district, or jointure commission shall notify the district with which it has entered into a contract to provide services of its intent to reduce the hours of work of its employees pursuant to a shared work program approved pursuant to the provisions of N.J.S.A. 43:21-20.3 et seq.

1. Notwithstanding the provisions of N.J.S.A. 18A:7F-9.e.(3) and 3. above, if a contracted service provider reduces the amount that it pays to its employees providing services to a school district, and that reduction is the result of a reduction of workhours of those employees made pursuant to a shared work program approved pursuant to the provisions of N.J.S.A. 43:21-20.3 et seq., then the amount paid by the district to the contracted service provider shall be reduced by the same amount.

2. Notwithstanding the provisions of N.J.S.A. 18A:7F-9.e.(4) and 4. above, if an educational services commission, county special services school district, or jointure commission reduces the amount that it pays to its employees providing services to a school district, and that reduction is the result of a reduction of workhours of those employees made pursuant to a shared work program approved pursuant to the provisions of N.J.S.A. 43:21-20.3 et seq., then the amount paid by the district to the educational services commission, county special services school district, or jointure commission shall be reduced by the same amount.

This Policy may be revised as necessary by the Superintendent in accordance with N.J.S.A. 18A:7F-9. The school district's emergency virtual or remote instruction program shall be posted prominently on the school district's website.

3. Ensure teachers, school administrators, and central office supervisors receive training in NJ SLEDS and its data query resources;

4. Analyze assessments of student progress in relation to curricular benchmarks and the results of State and non-State year-end tests reported by subgroups (such as economically disadvantaged, race and ethnicity, students with disabilities, and English language learners).

The school district central office staff shall prepare data on comparative performance for all schools in the district and make them available to the schools. This analysis shall include the following comparisons using State assessment data:

1. Each grade level across all schools within the district;

2. Schools within the district;

3. Comparable districts by district factor groups; and

4. Data with State averages.

The school district shall ensure a free appropriate public education is available to all students with disabilities according to the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. §§ 1400 et seq., and N.J.A.C. 6A:14.

The school district will provide these library-media services under the direction of a certified school library media specialist.

Secondary Education Initiatives

The school district shall develop a plan in 2008-2009 for implementing the secondary education initiatives specified in N.J.A.C. 6A:13-2.2(c) through (e) by the 2009-2010 school year, except that secondary school districts previously subject to N.J.A.C. 6A:10 and 6A:10A shall immediately comply with the secondary education initiatives specified in N.J.A.C. 6A:13-2.2(c) through (e).

The school districts shall:

1. Have a school-level planning team to guide the development and implementation of the secondary education reforms described in N.J.A.C. 6A:13-2.2. A representative group of teachers and administrators shall determine team membership and operating procedures.

3. Create personalized learning environments that strengthen relationships among students, teachers, staff members, families and the larger community for students in grades six through twelve. These personalized learning environments may include:

   a. Small learning communities in free-standing facilities or within larger facilities;

   b. Ninth grade academies where freshman students remain together and are provided with a supportive environment to enhance their successful transition to high school;

   f. Other practices for personalizing learning environments that strengthen relationships among students, teachers, staff members, families, and the larger community.

The school district shall implement academic coursework aligned to N.J.A.C. 6A:8-5.1 that prepares all students for success in postsecondary education and/or careers after graduation, including the development of academic skills integral to success in rigorous high school courses.

Beginning in 2008-2009, all students entering grade nine shall complete by the end of their high school education, at a minimum, coursework in language arts literacy, mathematics, and science. These shall include college level preparatory English I, II, III and IV, Algebra I, Lab Biology or the equivalent content taught in an integrated or career-based format, and other coursework as specified in N.J.A.C. 6A:8.

All required courses shall:

1. Be developed, reviewed, evaluated, and revised by a broad cross-section of teachers, content supervisors, and Principals;

2430 CO-CURRICULAR ACTIVITIES

The Board of Education believes that the goals and objectives of this district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular instructional program of the school. The purpose of such co-curricular activities shall be to develop leadership capacities and good organizational skills, to aid in the socialization of students, and to enable students to explore a wider range of individual interests than might be available in the regular curricular program.

The Board shall make school facilities, supplies, and equipment available and assign staff members for the support of a program of co-curricular activities for students in grades nine through twelve. The Board shall maintain the program of co-curricular activities at no cost to participating students, except that students may be required to provide supplies in accordance with Board Policy 2520 on instructional supplies and students may be required to assume all or part of the costs of travel and attendance at co-curricular events and trips.

For purposes of this policy, co-curricular activities are those activities conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and do not include athletic competitions and practices. Co-curricular activities must be related to the curriculum but are not offered for credit toward promotion or graduation and are ordinarily conducted wholly or partly outside the regular school day.

The Board expressly declines to create a limited open forum for activities initiated by students. Accordingly, a group of students who wish to meet on school premises shall apply to the Building Principal for permission to meet and must demonstrate to the Principal the relationship of their meeting to the curriculum. The Principal shall permit only those meetings that relate specifically to the curriculum.

No co-curricular activity shall be considered to be under the sponsorship of this Board unless it has been approved by the Board on recommendation of the Superintendent.

Students shall be fully informed of the co-curricular activities available to them and of the eligibility standards established for participation in co-curricular activities. Co-curricular activities shall be available to all students who voluntarily elect to participate

The Board will not permit the organization of a fraternity, sorority, or secret society.

A student in grades nine through twelve is ineligible for participation in co-curricular activities if he/she has:

1. Demonstrated unsatisfactory attendance by failing to maintain a record of ninety percent attendance in the semester preceding the activity with the exception of a prolonged, documented absence for illness, injury, or convalescence;

2. Failed to maintain a cumulative grade point average of 1.75;

3. Failed a course required for promotion or graduation in the preceding semester; or

4. Received a notice of warning of failure in a course required for promotion or graduation in the current semester.

In any and all cases in which a student is found ineligible for participation in co-curricular activities, he or she may appeal directly to the Principal and if necessary, to the Superintendent.

No student who has been absent for a school day may participate in a co-curricular activity scheduled for the afternoon or evening of that school day.

The Superintendent shall prepare procedures to implement a co-curricular program and shall assess the needs and interests of the students of this district and provide for the continuing evaluation of the co-curricular program.

For the purpose of this Policy, programs of athletic competition include all activities relating to competitive sports contests, games, events, or sports exhibitions involving individual students or teams of students when such events occur within or between schools within this district or with any schools outside this district. Eligibility Standards

A student who wishes to participate in a program of athletic competition must submit, on a form provided by the district, the signed consent of his/her parent. The consent of the parent of a student who wishes to participate in a program of athletic competition will include an acknowledgment of the physical hazards that may be encountered in the activity in accordance with N.J.A.C. 6A:32-9.1(d) and (e).

Student participation in a program of athletic competition shall be governed by the following eligibility standards:

2. A student in any grade must maintain a satisfactory record of attendance to be eligible for participation in school district sponsored programs of athletic competition. An attendance record is unsatisfactory if the number of unexcused absences exceed ten percent of the school days in the semester preceding the activity prior to the student commencing participation in school district sponsored programs of athletic competition.

3. A student in any grade who fails to observe school rules for student conduct may forfeit his/her eligibility for participation in school district sponsored programs of athletic competition.

Notice of the school district's eligibility requirements shall be available to students.

Required Examinations – Interscholastic or Intramural Team or Squad

Students enrolled in grades nine to twelve must receive a medical examination, in accordance with the provisions of N.J.S.A. 18A:40-41.7, prior to participation on a school-sponsored interscholastic or intramural team or squad and any cheerleading program or activity.

The examination shall be conducted within 365 days prior to the first day of official practice in an athletic season with examinations being conducted at the medical home of the student. The "medical home" is defined as a health care provider and that provider's practice site chosen by the student's parent for the provision of health care pursuant to N.J.A.C. 6A:16-1.3. If a student does not have a medical home, the school district shall provide the examination at the school physician's office or other comparably equipped facility. The parent may choose either the school physician or their own private physician to provide this medical examination. The medical examination required prior to participation shall be in accordance with the requirements as outlined in N.J.A.C. 6A:16-2.2(h)1 and Regulation 2431.2 and shall be documented using the Preparticipation Physical Evaluation form required by the Department of Education.

The school district shall distribute the Commissioner of Education developed sudden cardiac arrest pamphlet to a student participating in or desiring to participate in an athletic activity, as defined in N.J.S.A. 18A:40-41.e., and the student's parent(s) shall each year and prior to participation by the student in an athletic activity comply with the requirements of N.J.S.A. 18A:40-41.d.

The school district shall annually distribute the Commissioner of Education developed educational fact sheet relative to use and misuse of opioid drugs for sports related injuries to parents of students who participate in athletic activities and comply with the requirements of N.J.S.A. 18A:40-41.10.

Information concerning a student's HIV/AIDS status shall not be required as part of the medical examination or health history pursuant to N.J.S.A. 26:5C-1 et seq. The health findings of this medical examination shall be maintained as part of the student's health record.

Emergency Procedures

Athletic coaches shall be trained in first aid to include sports-related concussion and head injuries, the use of a defibrillator, the identification of student-athletes who are injured or disabled in the course of any athletic program or activity, and any other first aid procedures or other health related trainings required by law or the Superintendent.

The Superintendent or designee shall establish and implement an emergency action plan for responding to a serious or potentially life-threatening sports-related injury in accordance with N.J.S.A. 18A:40-41.11. The plan shall document the proper procedures to be followed when a student sustains a serious injury while participating in sports or other athletic activity in accordance with N.J.S.A. 18A:40-41.11.

The emergency action plan shall be reviewed annually and updated as necessary. The plan shall be rehearsed annually in each school by the individuals who will be responsible for executing the plan in an emergency pursuant to N.J.S.A. 18A:40-41.11.

The Superintendent or designee shall prepare procedures for responding to a non-serious or non-life-threatening injury sustained by a student while participating in sports or other athletic activity. These procedures shall be reviewed annually, updated as necessary, and disseminated to appropriate staff members.

Interscholastic Standards

The Board shall approve annually a program of interscholastic athletics and shall require that all facilities utilized in that program, whether or not the property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board adopts the Constitution, Bylaws, Rules, and Regulations of the New Jersey State Interscholastic Athletic Association as Board policy and shall review such rules on a regular basis to ascertain they continue to be in conformity with the objectives of this Board.

The Superintendent shall annually prepare, approve, and present to the Board for its consideration a program of interscholastic athletics that includes a complete schedule of athletic events and may inform the Board of changes in that schedule.

2431.3 HEAT PARTICIPATION POLICY FOR STUDENT-ATHLETE SAFETY

The Board of Education adopts this Policy as a measure to protect the safety, health, and welfare of students participating in school-sponsored athletic programs and extra-curricular activities. The Board believes practice and pre-season heat participation guidelines for students will minimize injury and enhance a student's health, performance, and well-being.

In accordance with the provisions of N.J.S.A. 18A:11-3.10, a school district which is a member of any voluntary association, pursuant to N.J.S.A. 18A:11-3, which oversees activities associated with Statewide interscholastic sports programs shall adopt and implement the most current "Heat Participation Policy" required by the New Jersey State Interscholastic Athletic Association (NJSIAA) for conducting practice or games in all sports during times of high heat or humidity.

The NJSIAA Policy shall address:

1. The scheduling of practice or games during times of various heat and humidity levels;

2. The ratio of time devoted to workouts to time allotted for rest and hydration during various heat and humidity levels; and

3. The heat and humidity levels at which practice or games will be canceled.

The guidelines included in the NJSIAA Heat Participation Policy shall provide a default Policy to those responsible or sharing duties for making decisions concerning the implementation of modifications or cancellation of practices or games based on the presence of heat and humidity.

The Board of Education shall purchase a WetBulb Globe Temperature (WBGT) tool to measure the heat stress in direct sunlight at the practice or game site. Heat stress consists of temperature, humidity, wind speed, the angle of the sun, and cloud coverage.

The Board of Education shall adopt and implement the provisions of the NJSIAA Heat Participation Policy concerning the frequency and recording of WBGT measurements.

The provisions and requirements of this Policy and of the NJSIAA current Heat Participation Policy, which shall be utilized in conjunction with the current NJSIAA Pre-Season Heat Acclimatization Policy, shall be carried out by the Athletic Trainer, certified designee, or individual as appointed by the school staff member designated by the Superintendent to supervise athletics, which may include a coach or individual responsible for sharing duties for making decisions concerning the implementation of modifications or cancellation of practices and games based on WBGT measurements.

A copy of this Policy and NJSIAA's current Heat Participation Policy and Pre-Season Heat Acclimatization Policy shall be provided to each coach, as appropriate, and reviewed with all coaches by the Principal or designee which may include, but not be limited to, the Athletic Trainer or staff member supervising athletics as designated by the Superintendent prior to the first practice session of the season for each team. The Superintendent shall designate the staff member responsible to ensure compliance with this Policy and NJSIAA's current Heat Participation Policy and Pre-Season Heat Acclimatization Policy.

This Policy and the requirements outlined in this Policy shall apply to all student-athletes in grades nine through twelve participating in Statewide high school interscholastic athletic programs.

2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a blow or motion to the head or body that disrupts the normal functioning of the brain and can cause significant and sustained neuropsychological impairments including, but not limited to, problem solving, planning, memory, and behavioral problems. In order to ensure safety, it is imperative that student-athletes participating in a program of athletic competition, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student-athlete to return to a program of athletic competition before recovering from a concussion increases the chance of a more serious brain injury.

This Policy and Regulation 2431.4 are consistent with the requirements of N.J.S.A. 18A:40-41.1 et seq., the New Jersey Department of Education Model Policy and Guidance for Districts on the Prevention and Treatment of Sports-Related Head Injuries and Concussions, and the recommendations developed by the Center for Disease Control and Prevention (CDC).

For the purpose this Policy and Regulation 2431.4, "program of athletic competition" shall include any competition or practice in high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, intramural athletic programs within a school or among schools in the district, and any cheerleading program or activity in the school district.

For the purpose of this Policy and Regulation 2431.4, "student-athlete" shall mean any student enrolled in a public or nonpublic school in New Jersey who is a participant in a program of athletic competition organized by the school district.

The staff member supervising the program of athletic competition shall take steps to prevent concussions and head injuries; ensure student-athletes have appropriate supervision and safety equipment; and ensure student-athletes avoid unsafe conditions.

School staff members supervising programs of athletic competition; licensed athletic trainers; nurses; and school/team physicians shall be trained on the possible signs or symptoms of a concussion. Any possible signs or symptoms of a concussion shall be reported by the student-athlete or an observer to the staff member supervising the program of athletic competition; athletic trainer; school/team physician; school nurse; and/or parent.

The district will adopt an Interscholastic Head Injury Training Program to be completed by the school/team physician, licensed athletic trainer, coaches, and other appropriate district personnel pursuant to N.J.S.A. 18A:40-41.2.

Pursuant to N.J.S.A. 18A:40-41.4, a student-athlete who participates in a program of athletic competition and who sustains or is suspected of having sustained a concussion or other head injury while engaged in a program of athletic competition shall be immediately removed from the program of athletic competition by the staff member supervising the program or athletic competition. A student-athlete who was removed from a program of athletic competition shall not participate in further programs of athletic competition until the student-athlete: is examined by a physician or other licensed healthcare provider trained in the evaluation and management of concussions; receives written medical clearance from a physician trained in the evaluation and management of concussions to return to a program of athletic competition; and progresses through the steps outlined in the CDC's Six-Step Return to Play Progression. The student-athlete's written medical clearance shall be reviewed and approved by the school physician.

2435 NJSIAA RANDOM TESTING FOR INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the use of harmful performance enhancing substances seriously threatens the health, safety, and welfare of student-athletes that participate in interscholastic athletics. This district's secondary school is a member of the New Jersey State Interscholastic Athletic Association (NJSIAA). It is a violation of NJSIAA's sportsmanship rule for any student-athlete to possess, ingest, or otherwise use any substance on NJSIAA's list of banned substances, without written prescription by a fully licensed physician, recognized by the American Medical Association, to treat a specific medical condition. Therefore, NJSIAA, in accordance with Executive Order 72, will test a random selection of student-athletes who have qualified, as individuals or as members of a team, for NJSIAA sanctioned State championship competition.

The list of banned substances, for the purposes of this Policy, shall be prepared and published by NJSIAA. Before participating in interscholastic sports, the student-athlete and their parent or guardian shall consent to random testing in accordance with NJSIAA's Steroid Testing Policy by completing and submitting to the school district NJSIAA's Consent To Random Testing Form. NJSIAA's list of banned substances shall be attached to the consent form and the consent form must be signed each school year. The failure to sign the consent form shall render the student-athlete ineligible to participate in all interscholastic sports until the form is signed. The signed Consent To Random Testing Forms shall be maintained in the Building Principal's office.

Student-athletes will be selected to be tested on a random basis from all athletes participating in championship competition in accordance with NJSIAA procedures. The test will analyze a urine sample. The methodology for taking and handling samples shall be in accordance with current legal standards and tests shall be administered by a certified laboratory designated by NJSIAA. No test shall be considered a positive result unless the approved laboratory reports a positive result and NJSIAA's medical review officer confirms there was no medical reason for the positive result. The sample will be split when taken and shall be available in the event of an appeal. A positive test result may be appealed in accordance with NJSIAA's appeal procedures. Results of all tests shall be considered confidential and shall only be disclosed to the individual, his or her parent(s) or legal guardian(s), and his or her school.

It is NJSIAA's Policy that any person who tests positive in an NJSIAA administered test, or any person who refuses to provide a testing sample when identified, or any person who reports his or her own violation, shall immediately forfeit his or her eligibility to participate in NJSIAA competition for a period of one year from the date of the test. Any such person shall also forfeit

any individual honor earned while in violation. No person who tests positive, refuses to provide a sample, or who reports his or own violation shall resume eligibility until he or she has undergone counseling and produced a negative test result. NJSIAA's Policy shall not prevent the school district from disciplining a student for violating the district's substance abuse policies or practices and a violation of a school district's testing program will not be reported to NJSIAA.

NJSIAA's Executive Committee shall annually compile and report the results of the Steroid Testing Policy and determine whether the Policy shall be renewed or discontinued.

2436 ACTIVITY PARTICIPATION FEE PROGRAM

The Board of Education recognizes the value of athletic competition outside of the regular instructional program. However, with reduced or limited revenue and increased expenses, the Board must consider alternative revenue options to support these school-sponsored activities. Therefore, the Board of Education authorizes the establishment of an activity participation fee program as a supplemental revenue source contributing to a percentage of the school district's total costs for operating school-sponsored activities.

The Activity Participation Fee Program will require each student participating in a school-sponsored athletic activity to pay a participation fee. The specific activities and fee amounts will be recommended by the Superintendent of Schools and approved by the Board on an annual basis prior to the commencement of the registration or sign-up process for the activity.

The activity fee shall be capped with a maximum total activity fee per student regardless of the number of activities the student elects to participate in throughout the school year. This per student annual fee shall be paid when the student registers/signs-up for his/her first activity of the school year and before the first official games/meets/matches of the season begin. No refunds shall be provided in the event the student does not participate in any activity for any reason during the school year.

The activity fee may be waived or reduced based on financial hardship using the New Jersey eligibility standards established for free and reduced-price meals.

Each individual activity fee will be determined by considering the school district's costs for operating the activity to include, but shall not be limited to: coach/advisor salaries; equipment costs; facility rental fee costs; official/referee costs; event registration fees; school/facility/field preparation and maintenance costs; insurance costs; transportation costs; and other expenses incurred by the district in the operation of the activity. The activity fee shall be paid prior to the student's participation in the activity.

A refund of the activity fee will only be made in the event the student is not accepted into the activity due to the lack of available space or opportunity within the activity (i.e. the student is cut from an athletic team, it is determined the student is ineligible for participation in the activity due to any reason prior to participation in the activity, etc.). A refund of the activity fee will also be provided in the event the district does not offer the activity subsequent to the registration/sign-up process. A refund will not be provided in the event the student quits during the course of the activity. The Superintendent of Schools shall be authorized to approve an activity fee refund to a student for a reason(s) not listed above in extenuating circumstances.

The recommendation shall state the name of the subject(s) which the student may take and the purpose for which each subject is taken. A student previously retained at grade level may be promoted on successful completion of a required remedial course, but no student shall be required to attend the summer session.

In accordance with the provisions of N.J.A.C. 6A:32-10.3, tuition may be charged to nonresident students enrolled in a summer session course and to resident students enrolled in enrichment courses which carry no credit and are determined by the Executive County Superintendent to have no direct relationship to the curriculum. Tuition may be charged to students domiciled within the district for enrollment in remedial or advanced courses in accordance with the provisions of N.J.S.A. 18A:11-15.

The Superintendent shall develop regulations for the summer session that include provisions for appropriate planning, proper staffing, student assignments, student evaluation, student records, award of credit, grade placement, and the utilization of facilities. Such regulations for the operation of the summer session shall be consistent with rules of the State Board of Education and Board policies. The Superintendent or designee will develop procedures for ongoing grades nine through twelve identification process for gifted and talented students that includes multiple measures in order to identify student strengths in intellectual ability, creativity, or a specific academic area. The district shall ensure equal access to a continuum of gifted and talented education services. The identification process shall include consideration of all students, including those who are English language learners and those with Individualized Education Plans or 504 Plans.

The Superintendent or designee will develop and document appropriate curricular and instructional modifications used for gifted and talented students indicating content, process, products, and learning environments, and including, but not limited to, additional education activities such as academic competitions, guest speakers, and lessons with a specialist.

The Superintendent or designee will take into consideration the Gifted Programming Standards, Position Statements, and White Papers of the National Association for Gifted Children in identifying and serving gifted and talented students.

The district will actively assist and support professional development for teachers, educational services staff, and school leaders in the area of gifted and talented instruction.

The district shall file with the New Jersey Department of Education Coordinator for Gifted and Talented Services a report by October 1, 2020 and thereafter on a schedule that coincides with the school district's New Jersey Quality Single Accountability Continuum (QSAC) review pursuant to N.J.S.A. 18A:7A-11. The report shall include, but not be limited to, the gifted and talented continuum of services, policies, and procedures implemented in the school district; the total number of students receiving gifted and talented services in each grade level nine through twelve disaggregated by race, gender, special education designation, and English language learner designation; the professional development opportunities provided for teachers, educational services staff, and school leaders about gifted and talented students, their needs, and educational development; and the number of staff employed by the school district whose job responsibilities include identification of and providing services to gifted and talented students. Programs for gifted and talented students will be periodically evaluated for their continuing efficacy and adjusted accordingly.

The parent of any student identified as gifted or talented shall be consulted regarding any program designed to address the student's particular needs.

Coordinator for Gifted and Talented Services

The State Coordinator for Gifted and Talented services appointed by the Commissioner of Education, shall be responsible for reviewing the information about gifted and talented services provided by the district. The Superintendent or designee shall file a report with the coordinator on a schedule that coincides with the district's New Jersey Quality Single Accountability Continuum (NJQSAC) review. The report shall include, but not be limited to:

Complaint Process

Any individual who believes that the district has not complied with the provisions in the law or administrative code related to gifted and talented services may file a complaint with the Board of Education. The complaint shall be submitted in writing to the Board office. The Superintendent or designee shall take the necessary actions to correct or remediate the complaint and report such actions to the Board. The Board shall issue a decision, in writing, to affirm, reject, or modify the district's action in the matter.

If the complaint is not resolved to the individual's satisfaction or the individual is not satisfied by the written decision of the Board, the individual may then file a petition of appeal of the Board's written decision to the Commissioner of Education through the Office of Controversies and Disputes in accordance with law (N.J.S.A. 18A:6-9) and the procedures set forth in State Board of Education regulations.

This complaint policy shall be linked to the homepage of the Board's website.

An individual who believes the district has not complied with the provisions of N.J.S.A. 18A:35-34 et seq. may file a complaint with the Board of Education. 2466 NEEDLESS PUBLIC LABELING OF STUDENTS WITH DISABILITIES

The Board of Education guarantees the privacy provided by law that no student with a disability be labeled publicly. Therefore, any reference to a student with a disability brought to the attention of the Board and/or any other potential public reference to a student with a disability will be through the use of a district-developed method of coding that would ensure a student's name or other labeling would not identify the student as a student with a disability. Examples where public labeling of students with disabilities shall be avoided include, but are not limited to, Board meeting agenda information, public address announcements, building/classroom signs, public school documents, and/or any other school publication identifying a student with a disability or class/program of students with disabilities.

Special education classes shall be referred to publicly by the name of the teacher. This applies to schedules, class lists, transportation lists, public address announcements, and any other form of communication that has any potential for any exposure other than for the use by appropriately authorized school staff.

Exceptions to the prohibition of public labeling of students with disabilities may be made upon consent of the student's parent(s) or legal guardian(s).

All student records shall be maintained strictly in accordance with N.J.A.C. 6A:32-7.1 et seq.

2467 SURROGATE PARENTS AND RESOURCE FAMILY PARENTS

Federal and State laws require the Board ensure the rights of a student are protected through the provision of an individual to act as surrogate for the parent and assume all parental rights under N.J.A.C. 6A:14 when:

1. The parent cannot be identified;

2. The parent cannot be located after reasonable efforts;

3. An agency of the State of New Jersey has guardianship of the student or the student is determined a ward of the State and, if the student is placed with a resource family parent, the resource family parent declines to serve as the student's parent; or

4. The student is an unaccompanied youth as that term is defined in section 725(6) of the McKinney-Vento Homeless Assistance Act (42 USC §11434.(a)6) and N.J.A.C. 6A:17-1.2.

Qualifications and Selection

The district shall make reasonable efforts to appoint a surrogate parent within thirty days of the determination that a surrogate parent is needed for a student. If the district fails to appoint a surrogate parent for a ward of the State, a judge may appoint a surrogate parent if the judge determines a surrogate parent is necessary for such student.

The district shall establish a method for selecting and training surrogate parents.

The person serving as a surrogate parent shall:

1. Have no interest that conflicts with the interest of the student they represent;

2. Possess knowledge and skills that ensure adequate representation of the student;

3. Not be replaced without cause;

4. Be at least eighteen years of age; and

5. Complete a criminal history review pursuant to N.J.S.A. 18A:6-7.1 if the person serving as the surrogate parent is compensated.

The person(s) serving as a surrogate parent may not be an employee of the New Jersey Department of Education, this district, or a public or nonpublic agency that is involved in the education or care of the child.

The Director of Special Services and Special Education shall serve as Surrogate Parent Coordinator and will: determine whether there is a need for a surrogate parent for a student; contact any State agency that is involved with the student to determine whether the State has a surrogate parent appointed for the student; and make reasonable efforts to appoint a surrogate parent for the student within thirty days of determining that there is a need for a surrogate parent for the student.

When a student who is or may be a student with a disability is in the care of a resource family parent, and the resource family parent is not the parent of the student, the district where the resource family parent resides shall contact the student's case manager at the Division of Child Protection and Permanency (DCP&P) in the Department of Children and Families to determine whether the parent retains the right to make educational decisions and determine the whereabouts of the parent.

If the parent retains the right to make educational decisions and the parent's whereabouts are known to the school district, the Superintendent or designee shall obtain all required consent from, and provide written notices to, the parent.

If the district cannot ascertain the whereabouts of the parent, the resource family parent shall serve as the parent unless that person is unwilling to do so. If there is no resource family parent, or if the resource family parent is unwilling to serve as the student's parent, the Surrogate Parent Coordinator shall consult with the student's case manager at DCP&P to assist in identifying an individual to serve as a surrogate parent, appointing a surrogate parent, and obtaining all required consent from, and providing written notices to, the surrogate parent.

Training

N.J.A.C. 6A:14-2.2(d) requires the district train surrogate parents so they have the knowledge and skills that ensure adequate representation of the student. The Surrogate Parent Coordinator shall coordinate the training for surrogate parents. The training may include, but not be limited to:

The Surrogate Parent Coordinator shall provide the surrogate parent the opportunity to review and to become familiar with the State and Federal requirements for assessment, individualized educational program development, and parental rights with respect to the referral and placement process, including their rights with respect to seeking a due process hearing if they disagree with the local procedure or decisions;

3. Providing the surrogate parent adequate time to become familiar with the student and the nature of the student's disability through a review of the student's record;

4. Providing the surrogate parent an opportunity to confer with the student's case manager to discuss the student; and

2468 INDEPENDENT EDUCATIONAL EVALUATIONS

Special education law permits a parent to request an independent educational evaluation (IEE) for their child if there is disagreement with any evaluation provided by the Board of Education. An "independent educational evaluation" is an evaluation conducted by a qualified examiner who is not an employee of the public school district responsible for the education of the child in question. Such IEEs shall be provided at no cost to the parent unless the school district initiates a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate and a final determination to that effect is made following the hearing. If it is determined the school district's evaluation is appropriate, the parent still has the right to an IEE, but not at the school district's expense.

Upon receipt of a parental request for an IEE, the school district shall provide the parent with information about where an IEE may be obtained and the criteria for IEEs according to N.J.A.C. 6A:14-2.5(c)3 and (c)4 and the additional criteria outlined below in this Policy:

1. Any IEE paid for with public funds shall:

   a. Be conducted according to the provisions of N.J.A.C. 6A:14-3.4; and

   b. Be obtained from another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required.

2. An independent medical evaluation may be obtained according to N.J.A.C. 6A:14-5.1(e).

Additional criteria for an IEE shall be as follows:

1. The Board will not pay for an IEE unless it complies with the following criteria unless the parent can show that unique circumstances warrant deviation from same:

   a. The independent evaluator must be appropriately certified and/or licensed in the State of New Jersey. In instances where no applicable certification/license exists, the evaluator must provide the Board with documentation of extensive and recent training and experience related to the assessment of the known or suspected disability;

b. The independent evaluator may only charge fees for educational evaluation services that, in the judgment of the Board, are reasonable in accordance with 2. below;

c. The independent evaluator must be free from any conflict of interest;

d. The independent evaluator and members of the Child Study Team must be permitted to directly communicate and share information with each other. The independent evaluator must also agree to release the assessment information, results, and report(s) to the school district prior to receipt of payment for services;

e. For any independent evaluation, whether paid for with public or private funds, the school district shall permit the evaluator to observe the student in the classroom or other educational setting, as applicable; and

f. The independent evaluator shall make at least one contact with the student's case manager for the purpose of determining how the student is progressing in his/her current programming.

2. The maximum allowable cost for an independent evaluation will be limited to the reasonable and customary rate, as determined and approved by the Board annually. This rate shall be in the range of what it would cost the Board to provide the same type of assessment through either another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required. This Board-approved rate shall be provided to the parent upon their request for an IEE. The Board shall not be responsible for any costs beyond the IEE, such as transportation, lodging, food, etc.

a. The parent may provide documentation to the Board demonstrating unique circumstances to justify an IEE that exceeds the maximum allowable cost established by the Board. If, in the Board's judgment, there is no justification for the excess cost, the Board may agree to fund the IEE up to the school district's maximum allowable cost with the parent responsible for any remaining costs. In the alternative, the Board may request a due process hearing to enforce its established maximum allowable cost.

Upon receipt of a parental request for an IEE, the school district shall take steps to ensure the IEE is provided without undue delay or not later than twenty calendar days after receipt of the parental request, the school district shall request a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate.

If a parent requests an IEE, the school district may ask the parent to explain why he or she objects to the school district's evaluation. However, the school district shall not require such an explanation and shall not delay either providing the IEE or initiating a due process hearing to defend the school district's evaluation.

Any IEE submitted to the district, including an IEE obtained by the parent at private expense, shall be considered in making decisions regarding special education and related services.

If an Administrative Law Judge orders that an IEE be conducted, the IEE shall be obtained by the district in accordance with the decision or Order of the Administrative Law Judge, and the Board of Education shall pay the cost of the IEE in accordance with the provisions of this Policy.

A parent is entitled to only one IEE paid for by the Board each time the school district conducts an evaluation with which the parent disagrees.

2510 ADOPTION OF TEXTBOOKS

The Board of Education believes that textbooks should support and enrich the curriculum and make possible the achievement of the districts instructional goals. The Assistant Superintendent shall develop procedures for continual review of new texts being offered and evaluation of those already in use to ensure that the textbooks used in this district are up to date in the factual matter they present and further the district's instructional goals. Textbooks and instructional materials should be judged by additional standards which shall include, but not be limited to:

2. Does it help students develop abilities in critical reading and thinking?

3. Does it provide effective basic or advanced education for the students for whom it is intended?

The review process shall:

1. Be conducted by teaching staff members, particularly those teachers who will be using the materials as an integral part of the instructional program;

3. Provide an opportunity for public inspection of the recommended text.

When adopting instructional materials for use in the schools, the Board shall adopt inclusive instructional materials that portray the cultural and economic diversity of society including the political, economic, and social contributions of persons with disabilities and lesbian, gay, bisexual, and transgender people, where appropriate.

The Board expressly forbids the use of school equipment for the illegal reproduction of copyrighted materials.

In order to define the fair and reasonable use that teaching staff members may make of copyrighted works for educational purposes without the permission of the copyright owner and to reduce the risk of copyright infringement, the Board directs the Superintendent to promulgate regulations regarding the copying and distribution of copyrighted materials for instructional purposes.

Computer software may be reproduced only for archival purposes or when copying is an essential step in the utilization of the program. 2535 LIBRARY MATERIAL

The Board of Education believes the freedom to read is a human right, constitutionally protected by the First Amendment of the United States Constitution, and individuals have the right to free inquiry and the right to form their own opinions. The freedom to read does not require an individual to agree with topics or themes within a material, but instead allows a reader to explore and engage with differing perspectives to form and inform their own views pursuant to the "Freedom to Read Act" N.J.S.A. 18A:34A-1 through N.J.S.A. 18A:34A-7.

In accordance with N.J.S.A. 18A:34A-4, the purpose of Regulation 2535 and this Policy is to: provide standards for the curation of library material, establish criteria for the removal of existing school library material or library material selected for inclusion in the school library, and provide protection against attempts to censor library material.

A. Definitions – N.J.S.A. 18A:34A-3

1. For the purpose of Policy and Regulation 2535:

a. "Board of Education" means a Board of Education as defined in N.J.S.A. 18A:18A-2, the Board of Directors of an educational services commission, a Board of Trustees of a charter school, a Board of Trustees of a renaissance school project, or any other local education agency.

b. "Censorship" means to block, suppress, or remove library material based on disagreement with a viewpoint, idea, or concept or solely because an individual finds certain content offensive, but does not include limiting or restricting access to any library material deemed developmentally inappropriate for certain students.

c. "Diverse and inclusive material" means any material that reflects any protected class as enumerated in the "Law Against Discrimination," N.J.S.A. 10:5-1 et seq.; material produced by an author who is a member of a protected class as enumerated in the "Law Against Discrimination," N.J.S.A. 10:5-1 et seq.; and material that contains the author's points of view concerning contemporary problems and issues, whether international, national, or local; but excludes content that is inappropriate for grades served by the school library.

d. "Individual with a vested interest" means any teaching staff member employed by the Board of Education, any parent of a student enrolled in the school district at the time the removal form required pursuant to N.J.S.A. 18A:34A-5 is filed, and any student enrolled in the district at the time the removal form required pursuant to N.J.S.A. 18A:34A-5 is filed.

e. "Library material" means any material including, but not limited to, nonfiction and fiction books, magazines, reference books, supplementary titles, multimedia and digital material, software and instructional material, and other material not required as part of classroom instruction belonging to, on loan to, or otherwise in the custody of a school library.

f. "School library staff member" means a school library media specialist, school librarian, any certificated or non-certificated staff member assigned to duties in a school library, or any individual carrying out or assisting with the functions of a school library media specialist or school librarian.

B. Library Material Curation – N.J.S.A. 18A:34A-4

1. The Board of Education shall have control over the content of this Policy, except this Policy shall at a minimum:

a. Recognize that library material should be provided for the interest, information, and enlightenment of all students and should present diverse points of view in the collection as a whole;

b. Acknowledge that library material shall not be removed from a school library because of the origin, background, or views of the library material or those contributing to its creation;

c. Recognize the importance of school libraries as centers for voluntary inquiry and the dissemination of information and ideas;

e. Acknowledge that a school library media specialist is professionally trained to curate and develop the school library collection that provides students with access to the widest array of developmentally appropriate library material available to schools; and

f. Establish a procedure for a school library staff member to review library material within a school library on an ongoing basis, which shall include, but not be limited to:

(1) The library material's relevance;

(2) The condition of the library material;

(3) The availability of duplicates;

(4) The availability of more recent developmentally appropriate library material; and

(5) The continued demand for the library material.

2. The Board of Education, in consultation with school library staff members, shall have discretion in selecting, purchasing, or acquiring library material for inclusion in the school library. Nothing in N.J.S.A. 18A:34A-4 or this Policy shall be construed to require the Board of Education to purchase, or otherwise acquire, library material for a school library.

2631 NEW JERSEY QUALITY SINGLE ACCOUNTABILITY CONTINUUM (QSAC)

The Board of Education and Superintendent of Schools will work with the New Jersey Department of Education to comply with the requirements of the New Jersey Quality Single Accountability Continuum (QSAC) system in accordance with the provisions of N.J.A.C. 6A:30-1.1 et seq. QSAC is the New Jersey Department of Education monitoring and evaluating system for public school districts. Public school districts in New Jersey are evaluated in five key component areas of school effectiveness – instruction and program, personnel, fiscal management, operations, and governance – to determine the extent to which the school district is providing a thorough and efficient education.

Weighted quality performance indicators established by the Department of Education shall be used by the Commissioner of Education to assess school district performance and capacity during the comprehensive reviews pursuant to N.J.A.C. 6A:30-3.1 through 3.4, the in-depth evaluation pursuant to N.J.A.C. 6A:30-5.3, and monitoring of an approved QSAC district improvement plan pursuant to N.J.A.C. 6A:30-5.6. The weighted quality performance indicators shall also be used by the Commissioner in determining whether to initiate intervention activities pursuant to N.J.A.C. 6A:30-6.2, withdrawal from intervention pursuant to N.J.A.C. 6A:30-7.1, and initial placement of Level II, Level III, and State-Operated School Districts on the performance continuum pursuant to N.J.A.C. 6A:30-8.3.

The Commissioner shall conduct a comprehensive review of each public school district every three years. In the intervening years, the Commissioner shall assess the school district's performance to determine whether conditions exist in the school district that significantly and negatively impact the educational program or operations of the school district.

The Superintendent shall be responsible for completing the District Performance Review in accordance with the requirements as outlined in N.J.A.C. 6A:30-3.2. The District Performance Review and a Statement of Assurance prepared in accordance with N.J.A.C. 6A:30-3.2(e) shall be approved by the Board of Education by resolution and submitted to the Executive County Superintendent of Schools in accordance with the provisions of N.J.A.C. 6A:30-3.2(f) and (g). The district's District Performance Review and the Statement of Assurance will be reviewed and evaluated in accordance with the requirements of N.J.A.C. 6A:30-3.3. The Commissioner shall issue a final determination of the school district's performance and initial placement on the performance continuum in accordance with N.J.A.C. 6A:30-4.1.

The district will be required to commence improvement activities as set forth in N.J.A.C. 6A:30-5.3 through 5.7 in the event it satisfies less than eighty percent of the weighted quality performance indicators in one or more key components of school district effectiveness. Where appropriate, pursuant to the factors as outlined in N.J.A.C. 6A:30-6.2, the Commissioner may seek forms of partial or full intervention in a school district as outlined in N.J.A.C. 6A:30-6.1 et seq. Withdrawal from partial or full State intervention shall be in accordance with the provisions of N.J.A.C. 6A:30-7 et seq.

No provision of N.J.A.C. 6A:30 – Evaluation of the Performance of School Districts, shall limit the ability of the Department to monitor public school districts' practices by, among other things, conducting on-site visits to observe instructional practices and school facilities or take other such action as in the judgment of the Commissioner or his/her designee that may be warranted to ensure the satisfaction of any statutory or constitutional obligation.

3125 EMPLOYMENT OF TEACHING STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that teaching staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every teaching staff member employed by this district.

No teaching staff member shall be employed unless he/she is a holder of a valid certificate in accordance with the New Jersey Department of Education and applicable statutes and administrative codes. The Superintendent shall require proof of any candidate's certification or pending application for certification.

The Board will employ substitutes for absent teachers in order to ensure continuity in the instructional program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent teaching staff member.

In accordance with the provisions of N.J.S.A. 18A:16-1.1, the Board of Education will provide written notice to a teaching staff member, other than a per diem substitute, of his/her designation as a replacement when the teaching staff member has been designated or appointed by the Board to act in place of any officer or employee during an absence, disability, or disqualification of any such officer or employee subject to the provisions of N.J.S.A. 18A:17-13. Per diem substitutes shall also be informed in their notice of approval that their employment is as a replacement staff member.

The Board may use a private contractor to secure a substitute teacher in accordance with N.J.A.C. 6A:9B-7.1(f).

The Board shall approve the employment, fix the compensation, and set the term of employment for each person employed in a summer school program. The Board will employ only those candidates recommended by the Superintendent. Service as a summer school teacher will not count toward the accrual of tenure or seniority.

The Superintendent shall recommend to the Board the employment of qualified coaches for the district's interscholastic and/or intramural athletic programs. The Board will employ as athletic coaches only those persons who have experience in and knowledge of the specific sport, are properly certified, and possess the personal characteristics that qualify them to serve as role models to students.

In accordance with the provisions of N.J.A.C. 6A:9B-5.16(a), any teaching staff member in the employ of the Board of Education shall be permitted to organize public school students for purposes of coaching or for conducting games, events, or contests in physical education or athletics. The twenty day limitation noted in N.J.A.C. 6A:9B-7.4(a) shall not apply to coaching situations.

An athletic coach employed by this district who is not a regular employee of this district shall be employed only for the duration of the specific sport season. He/She shall be paid the stipend and no out-of-district athletic coach shall be eligible for tenure or for employment benefits.

An athletic trainer shall possess an educational services certificate issued by the State Board of Examiners pursuant to N.J.S.A. 18A:26-2.4 and 18A:26-2.5.

The Board of Education shall not employ for pay or contract for the paid services of any teaching staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.lc. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

3144.3 SUSPENSION UPON CERTIFICATION OF TENURE CHARGE

Upon certification of any tenure charge to the Commissioner of Education, the Board of Education may suspend the person against whom such charge is made, with or without pay. However, if the determination of the tenure charge by the arbitrator is not made within one hundred twenty calendar days after certification of the tenure charges, excluding all delays which are granted at the request of such person, then the full salary (except for said one hundred and twenty days) of such person shall be paid beginning on the one hundred twenty-first day until such determination is made.

Should the tenure charge be dismissed at any stage of the process, the person shall be reinstated immediately with full pay from the first day of such suspension. Should the tenure charge be dismissed at any stage of the process and the suspension be continued during an appeal, then the full pay or salary of such person shall continue until the determination of the appeal. However, the Board of Education shall deduct from said full pay or salary any sums received by such employee or officers by way of pay or salary from any substituted employment assumed during such period of suspension.

Should the charge be sustained on the original hearing or an appeal, and should such person appeal from the same, then the suspension may be continued unless and until such determination is reversed, in which event the employee or officer shall be reinstated immediately with full pay from the date of such suspension.

3146 CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a nontenured teaching staff member is employed. When two or more nontenured teaching staff members are employed within the category affected by a reduction in force, the nontenured teaching staff member(s) shall be retained in that category who has the greater seniority.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has demonstrated greater competence and based upon the needs of the district's educational program and the individual's contribution toward achievement of that program based on properly completed observations and evaluations.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

3150 DISCIPLINE

The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.

The Superintendent shall deal with disciplinary matters on a case by case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

In the event disciplinary action is contemplated, notice will be given to the teaching staff member in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, or rule that the member is alleged to have violated; a date when the member may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

3152 WITHHOLDING AN INCREMENT

Advancements on the salary guide, including annual employment and adjustment increments, are not automatically granted and must be earned by satisfactory performance. Advancements require favorable evaluations of the employee's performance of assigned duties, a satisfactory attendance record, and adherence to the rules of this district and high standards of professional conduct.

The Board of Education may determine, by recorded roll call majority vote of the full membership and at any time prior to the commencement of the school year or contract year in which the employee's salary will vest, to withhold any or all of the increments indicated by the salary guide or by Board policy. In no case will the Board withhold a portion of an increment.

The Board shall, within ten days of its formal action to withhold an increment, give written notice to the affected employee of both the action and the reason or reasons for which it was taken.

The purpose of the Board in withholding increments is to improve the educational program and encourage the highest possible professional performance of its employees. Accordingly, all reasonable efforts will be made to inform employees of any deficiencies that may result in the withholding of an increment and to assist them in the correction of those deficiencies.

An increment withheld may be restored only by action of the Board. Nothing in this policy shall limit the right of a successor Board to restore an employee from whom an increment or increments have been withheld to that place on the salary guide he/she would have achieved had the increment or increments not been withheld.

3159 TEACHING STAFF MEMBER/SCHOOL DISTRICT REPORTING RESPONSIBILITIES

The Board of Education and all certificate holders shall adhere to the reporting requirements outlined in N.J.A.C. 6A:9B-4.3 and N.J.S.A. 18A:16-1.3. For the purpose of this Policy, "certificate holders" shall include all individuals who hold certificates, credentials, certificates of eligibility (CEs), and certificates of eligibility with advance standing (CEASs) issued by the New Jersey State Board of Examiners. For purposes of this Policy, the term "certificate" shall include all standard, emergency and provisional certificates, all credentials, and all CEs and CEASs issued by the New Jersey State Board of Examiners.

All certificate holders shall report an arrest or indictment for any crime or offense to the Superintendent within fourteen calendar days of their arrest or indictment in accordance with the provisions of N.J.A.C. 6A:9B-4.3. The report submitted to the Superintendent shall include the date of arrest or indictment and charge(s) lodged against the certificate holder. Such certificate holders shall also report to the Superintendent the disposition of any charge within seven calendar days of the disposition. Failure to comply with these reporting requirements may be deemed "just cause" for revocation or suspension of certification pursuant to N.J.A.C. 6A:9B-4.4. The school district shall make these reporting requirements known to all new employees upon initial employment and to all employees on an annual basis.

The Superintendent shall notify the New Jersey State Board of Examiners when:

1. Tenured teaching staff members who are accused of criminal offenses or unbecoming conduct resign or retire from their positions;

2. Nontenured teaching staff members, including substitute teachers, who are accused of criminal offenses or unbecoming conduct resign, retire, or are removed from their positions;

3. A certificate holder fails to maintain any license, certificate, or authorization that is mandated pursuant to N.J.A.C. 6A:9B for the holder to serve in a position;

4. The Superintendent becomes aware that a certificate holder has been convicted of a crime or criminal offense while in the district's employ; or

5. The Superintendent has received a report from the Department of Children and Families substantiating allegations of abuse or neglect, or establishing "concerns" regarding a certificated teaching staff member.

The school district shall cooperate with the New Jersey State Board of Examiners in any proceeding arising from an order to show cause issued by the New Jersey State Board of Examiners and based on information about the certificate holder that the school district provided.

The Superintendent shall also notify the New Jersey State Board of Examiners, in accordance with the provisions of N.J.S.A. 18A:16-1.3, whenever a nontenured, certificated employee is dismissed prior to the end of the school year for just cause as a result of misconduct in office. This notification requirement shall not apply in instances where the employee's contract is not renewed. The Superintendent will comply with the additional notice requirements to the New Jersey State Board of Examiners in the event it is subsequently determined by a disciplinary grievance arbitration, a court, or an administrative tribunal of competent jurisdiction that the basis for the dismissal did not constitute misconduct in office. In addition, whenever the Superintendent notifies the New Jersey State Board of Examiners of an employee's dismissal for reasons of misconduct in accordance with the provisions of N.J.S.A. 18A:16-1.3, the employee shall receive a simultaneous copy of the notifying correspondence.

In the event the Board of Education determines, pursuant to a tenure charge finding under N.J.S.A. 18A:6-10 or a disorderly person conviction under N.J.S.A. 9:6-8.14, that a teaching staff member has failed to report an allegation of child abuse in accordance with State law or regulations, the Board shall submit a report to the New Jersey State Board of Examiners that outlines its findings. The New Jersey State Board of Examiners shall review the certification of the teaching staff member to determine if the teaching staff member's failure to report warrants the revocation or suspension of his/her certificate. In accordance with N.J.S.A. 9:6-8.14, any person failing to report an act of child abuse, having reasonable cause to believe that an act of child abuse has been committed, may be deemed a disorderly person.

The Board of Education shall require any candidate for employment who has received a conditional offer of employment to undergo a physical examination pursuant to N.J.S.A. 18A:16-2.a. to determine whether the candidate is able to perform with reasonable accommodation job-related functions pursuant to P.L. 101-336, Americans with Disabilities Act of 1990 (ADA), pursuant to N.J.A.C. 6A:32-6.3.

If upon completing an examination it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

In accordance with N.J.A.C. 6A:32-6.2(a), the Board will develop the requirements for the physical examination and provide for notification to candidates for employment regarding the requirements for the physical examination which shall include, but not be limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include, but not be limited to, a health screening to include, but not be limited to: height and weight; blood pressure; pulse and respiratory rate; vision screening; and hearing screening.

However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

Teaching staff member physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

The Board will follow the current New Jersey Department of Health Guidance for Tuberculosis (TB) Testing in New Jersey Schools.

Health records of candidates for employment and current teaching staff members, including computerized records, shall be secured, stored, and maintained separately from other personnel files pursuant to N.J.A.C. 6A:32-6.3(d). The information contained in medical records shall be kept confidential. Only the teaching staff member, the Superintendent, and the school medical inspector shall have access to medical information regarding an individual teaching staff member. Health records shall be the property of the Board and may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5 and N.J.A.C. 6A:32-6.3(d).

Pursuant to N.J.A.C. 6A:32-6.3(c), an individual teaching staff member may provide health-status information, including medications that may be of value to medical personnel in the event of an emergency requiring treatment. In such instances, a teaching staff member may also choose to share with the Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

Pursuant to N.J.S.A. 18A:16-2, the Board may require physical or psychiatric examinations of a teaching staff member whenever, in the Board's judgment, a teaching staff member shows evidence of deviation from normal physical or mental health. Any additional individual examinations will be pursuant to the requirements of N.J.A.C. 6A:32-6.3(b). Additional examinations and/or certifications may be required to verify fitness in accordance with Policy 3161 – Examination for Cause or disability in accordance with Policies 3425 – Work Related Disability Pay and 3435 – Anticipated Disability.

1. 2. The teaching staff member shall authorize the physician or institution performing the examination to immediately release the examination results to the Superintendent.

3211 CODE OF ETHICS

The Board of Education endorses the code of ethics for professional educators published by the National Education Association (NEA).

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues; of students; of parent(s); and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

Principle I – Commitment to the Student

The educator strives to help each student realize their potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning.

2. Shall not unreasonably deny the student access to varying points of view.

3. Shall not deliberately suppress or distort subject matter relevant to the student's progress.

4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety.

5. Shall not intentionally expose the student to embarrassment or disparagement.

6. Shall not, on the basis of any of the protected categories listed at N.J.A.C. 6A:7-1.1(a), unfairly:

   a. Exclude any student from participation in any program;

   b. Deny benefits to any student; or

   c. Grant any advantage to any student.

7. Shall not use professional relationships with students for private advantage.

8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

Principle II – Commitment to the Profession

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator:

1. Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.

2. Shall not misrepresent their professional qualifications.

3. Shall not assist entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.

4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.

5. Shall not assist a non-educator in the unauthorized practice of teaching.

6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.

7. Shall not knowingly make false or malicious statements about a colleague.

8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or actions.

3211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that teaching staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from teaching staff members from other school districts, agencies and other entities, the Board supports sharing of its teaching staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a teaching staff member's attendance in another school district, agency or other entity without additional remuneration to the teaching staff member or school district, upon a written request from the agency or from the teaching staff member.

The Board of Education recognizes teaching staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a teaching staff member serves as a paid consultant, the teaching staff member is not permitted to use normal work hours for any paid consulting activities. The teaching staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The teaching staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

Adopted: 14 July 2026

3212 ATTENDANCE

The regular and prompt attendance of teaching staff members is an essential element in the efficient operation of the school district and the educational program. Teaching staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a teaching staff member's job performance.

Teaching staff members shall provide notice for the use of sick time as required in N.J.S.A. 18A:30-4 and Policy and Regulation 1642.01 in accordance with the district's procedure for teaching staff members to report the use of sick leave and other absences. A teaching staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with statute, administrative code, or Board policy; falsifies the reason for an absence; is absent without authorization: is repeatedly tardy; or accumulates an excessive number of absences may be subject to appropriate consequences, which may include, but not be limited to, the withholding of a salary increment, termination, nonrenewal, and/or certification of tenure charges.

Sick leave is defined in accordance with N.J.S.A. 18A:30-1 and Policy and Regulation 1642.01. No teaching staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for by statute; administrative code; collective bargaining agreement; an individual employment contract; or the policies of the Board. The Superintendent or Board of Education may require verification to be filed with the Secretary of the Board in order to obtain sick leave in accordance with the provisions of N.J.S.A. 18A:30-4 and Policy and Regulation 1642.01.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among teaching staff members. The review will include the collection and analysis of attendance patterns, the training of teaching staff members in their attendance responsibilities, and the counseling of teaching staff members for whom regular and prompt attendance is a problem.

3214 CONFLICT OF INTEREST

No staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the staff member's duties.

No staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that staff members instruct their students to express their appreciation by means other than gifts.

Teaching staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual staff member when special circumstances warrant.

1. Be physically clean, neat, and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way so as not to cause a health or safety hazard.

All faculty and employees of the Morris County Vocational School District serve as role models for the students with whom they work and as leaders in the community. Consistent with these roles, all faculty and employees shall dress in a manner and have an appearance that is appropriate and professional in light of the environment in which they work, the duties of their jobs, and the impressionable youth they serve.

3218 USE, POSSESSION, OR DISTRIBUTION OF SUBSTANCES

The Board of Education recognizes a teaching staff member who reports to work under the influence of a substance poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any teaching staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district.

For the purpose of this Policy, "substance" or "substances" as defined in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a) means alcoholic beverages; any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2; any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4; and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

A teaching staff member shall be required to submit to an immediate medical examination to include a substance test if the Principal or designee has reasonable suspicion to believe a teaching staff member is under the influence of a substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities. Refusal by a teaching staff member to consent to the medical examination including a substance test will be deemed a positive test result for substances. In the event the results of the medical examination and substance test are not provided to the Superintendent, within twenty-four hours or as soon as the test results are available, it will be deemed a positive test result for substances and the teaching staff member shall be subject to appropriate discipline. Any required medical examination and testing shall be paid for by the Board.

In the event the Board physician determines the teaching staff member was under the influence of a substance, the determination shall be reported to the Superintendent and the teaching staff member will be subject to appropriate discipline. Appropriate discipline may include, but not be limited to, withholding an increment, terminating a non-tenured teaching staff member, and/or filing tenure charges for a tenured teaching staff member in accordance with law. The teaching staff member will be afforded the opportunity to have positive test results confirmed using acceptable confirmation test practices. This confirmation test shall be paid for by the teaching staff member.

In the event a teaching staff member's medical examination and substance test results are negative for a substance or if the Board physician determines the teaching staff member was not under the influence of a substance, the results or determination shall be reported to the Superintendent and the teaching staff member shall be returned to their position unless the Superintendent has a reason the teaching staff member should not be returned to their position.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any staff member who, in the course of their employment, has reason to believe a staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall report the matter as soon as possible to the Principal, or in the absence of the Principal, the Principal's designee responsible at the time of the alleged violation. Either the Principal or designee shall notify the Superintendent who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a staff member in response to questioning initiated by the Principal or designee or following the discovery by the Principal or designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

A staff member who unlawfully possessed or in any way has been involved in the distribution of a controlled dangerous substance, including anabolic steroids or drug paraphernalia, pursuant to N.J.A.C. 6A:16-6.3, shall be subject to appropriate discipline which may include, but not be limited to, termination of a non-tenured teaching staff member or the filing of tenure charges for a tenured teaching staff member in accordance with law.

A teaching staff member who has been determined by the Board physician to be under the influence of a substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities may be offered a Last Chance Agreement upon the recommendation of the Superintendent and approval by the Board. A written Last Chance Agreement must be approved by the Board.

3230 OUTSIDE ACTIVITIES

The Board of Education recognizes that teaching staff members enjoy a private life outside their job responsibilities in the school district. The board encourages its employees to be active participants in community affairs, policies, and all other activities which call upon the time and talents of good citizens everywhere. The Board believes the role of the teaching profession is such that teachers exert a continuing influence away from the school district. Accordingly, the Board reserves the right to determine if activities outside the teaching staff member's job responsibilities interfere with their professional performance and the discharge of the member's responsibilities to the students of this district.

All teaching staff members are advised to be governed in the conduct of personal activities by the following guidelines:

1. Teaching staff members shall not devote time during their work day to an outside private enterprise, business, or business organization. They shall not solicit or accept customers for a private enterprise, business, and/or business organization on school grounds during their work day without the express permission of the Superintendent;

2. The Board does not endorse, support, or assume liability in any way for any staff member of this district who takes students on trips not approved by the Board or Superintendent, and shall not be liable for the welfare of students who travel on such trips. Any staff member who takes students of this district on a trip not approved by the Board or Superintendent shall clearly and concisely inform the parent(s) of any student solicited and/or attending such a trip that the trip is not endorsed, supported, approved, or authorized by the Board of Education. A staff member shall not solicit students on school grounds for trips not approved by the Board or Superintendent;

3. The Board does not endorse, support, or assume liability in any way for any teaching staff member of this district who conducts a private activity in which students or employees of this district participate;

4. Teaching staff members shall not send campaign literature home with students, or request, direct, or have students distribute campaign literature on behalf of any candidate for local, State, or national office or for any bond issue, proposal, or any public question submitted at any general, municipal, or school election. No student shall be requested or directed by any teaching staff member to engage in any activity which tends to promote, favor, or oppose any such candidacy, bond issue, proposal, or public question;

5. Teaching staff members shall not privately tutor students for compensation that are currently enrolled in their classes; and

6. Copyrights and patents to materials or equipment developed, written, prepared, processed, or tested by teaching staff members in the performance of their professional duties reside with and may be claimed by the Board.

Day staff instructors may teach in the adult school program, but not for more than six hours per week. This limitation applies only to teaching assignments - not administrative, supervisory, or coordinating functions.

No employee who accepts an outside employment position or activity shall be excused from school prior to the end of the contract day and/or year.

Non-school activities which threaten the effectiveness of a staff member to the school system will not be tolerated. Any employee who becomes indicted for a serious misconduct, or a charge of moral turpitude, may be suspended form the discharge of his/her duties without pay, so long as the law permits, while under indictment and until judgment is rendered. When found innocent, the employee may be reinstated without prejudice or loss of pay or other benefits.

3231 OUTSIDE EMPLOYMENT AS ATHLETIC COACH

The Board of Education will permit, in accordance with this Policy, staff members of this school district to serve as an athletic coach in another school district providing the responsibilities in the other district do not interfere with the performance of the staff member's professional responsibilities in this district.

A staff member who wishes to accept employment as an athletic coach in another school district must request and receive permission to do so from the Superintendent of this district if the staff member may need to request any special accommodation(s) from this school district to fulfill their coaching responsibilities in another school district. A special accommodation may be consideration for a requested duty assignment(s), a temporary work schedule adjustment and/or other considerations. A special accommodation will not be considered if it would violate any provisions of any collective bargaining agreement within the district. The staff member's request to the Superintendent must be in writing and must indicate with specificity the accommodation(s) that may be required. The Superintendent, in consultation with the staff member's Building Principal and/or immediate supervisor, will evaluate each request on a case-by-case basis.

3232 TUTORING SERVICES

School staff members routinely provide time beyond their assigned responsibilities to students who need additional help in their academic programs. This additional help is provided by a staff member on school grounds during their free time during their workday or immediately before or after school hours. The time a staff member provides additional help to a student is an extension of their assigned school district responsibilities and a staff member may not charge a fee for providing this additional help to students.

However, the Board of Education recognizes a school staff member may be privately contracted to provide tutoring services to a student in addition to any additional help a student receives before, during, and/or after the school day. These tutoring services shall be provided to a student under a private agreement between the staff member and the parent and/or student. Private tutoring shall not take place on school grounds.

The Board of Education assumes no responsibility, liability, or obligations for the selection of the private tutor or the quality of the private tutoring services. School staff members shall not provide private tutoring services for a fee or any compensation to any student that is currently enrolled in their classes.

3281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and to protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Superintendent. In addition, school personnel having reasonable cause to believe a student has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referrer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referrer with respect to his/her employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Principal will investigate all reports with a final report to the Superintendent of Schools. The Principal or the Superintendent may, at any time after receiving a report, take such appropriate action as necessary and as provided for in the law. This may include, but is not limited to, notifying law enforcement, notifying the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1, and/or any other measure provided for in the law.

This Policy will be distributed to all school staff and provided to staff members at any time upon request.

3282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;

2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;

3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including students and/or their families;

4. Shall not use social networking sites to post any materials of a sexually graphic nature;

5. Shall not use social networking sites to post any materials which promote violence;

6. Shall not use social networking sites which would be detrimental to the mission and function of the district;

7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;

8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and

9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

3283 ELECTRONIC COMMUNICATIONS BETWEEN TEACHING STAFF MEMBERS AND STUDENTS

The Board of Education recognizes electronic communications and the use of social media outlets create new options for extending and enhancing the educational program of the school district. Electronic communications and the use of social media can help students and teaching staff members communicate regarding: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence; distance learning opportunities; and other professional communications that can enhance teaching and learning opportunities between teaching staff members and students. However, the Board of Education recognizes teaching staff members can be vulnerable in electronic communications with students.

In accordance with the provisions of N.J.S.A. 18A:36-40, the Board of Education adopts this Policy to provide guidance and direction to teaching staff members to prevent improper electronic communications between teaching staff members and students.

The Commissioner of Education and arbitrators, appointed by the Commissioner, have determined inappropriate conduct may determine a teaching staff member unfit to discharge the duties and functions of their position. Improper electronic communications by teaching staff members may be determined to be inappropriate conduct.

For the purposes of this Policy, "electronic communication" means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. 8. Communications between the teaching staff member and a student that the Commissioner of Education or an arbitrator would determine to be inappropriate in determining the teaching staff member is unfit to discharge the duties and functions of their position.

The following acceptable protocols for all electronic communications between a teaching staff member and a student shall be followed:

1. E-Mail Electronic Communications Between a Teaching Staff Member and a Student

a. All e-mails between a teaching staff member and a student must be sent or received through the school district's e-mail system. The content of all e-mails between a teaching staff member and a student shall be limited to the staff member's professional responsibilities regarding the student.

If a student sends an e-mail to a teaching staff member's personal e-mail address, the staff member shall respond to the e-mail through the school district e-mail system and inform the student his/her personal e-mail address shall not be used for any electronic communication between the teaching staff member and the student.

Online Education

An online classroom is still a classroom. Though courses and/or assigned programs of home instruction may be online, appropriate classroom behavior is still mandatory. Respect for the participants is essential for learning and student achievement.

Staff communications with students during online education will be limited to legitimate school business as set forth under cell phones, text messages and electronic communication, above. Professional standards and etiquette shall be observed at all times.

Reporting Responsibilities

In the event a student sends an improper electronic communication, as defined in this Policy, to a teaching staff member, the teaching staff member shall report the improper communication to the Principal or designee by the next school day. Improper electronic communications by a teaching staff member or a student may result in appropriate disciplinary action.

The provisions of this Policy shall be applicable at all times while the teaching staff member is employed in the school district and at all times the student is enrolled in the school district, including holiday and summer breaks.

A copy of this Policy will be made available on an annual basis, to all parents, students, and school employees either electronically or in school handbooks.

3310 ACADEMIC FREEDOM

The curriculum adopted by the Board of Education is designed to address the educational goals established for this school district and to meet the needs of students. The course guides prepared for each course of study describe the material to be covered in each course and, in general, the approach to be employed by the teaching staff member responsible for the course.

The Board recognizes that some deviation from the course guide is necessary to the free exchange of ideas within the classroom. Exposure to a wide range of ideas encourages the spirit of inquiry that is essential to the learning process; the thorough examination of those ideas aids students in developing powers of reasoning and in acquiring habits of academic discipline.

The Board directs that the discussion of any issue not specifically covered by the course guide be conducted in an unprejudiced and dispassionate manner. The Board will not condone classroom discussion that is unrelated to the educational goals of this district or to the subject of the course of study, disrupts the educational process, does not match the maturity level of the students, neglects to inform students of various responsible points of view on the subject under discussion, or fails to take into account the sensibilities of the community.

3321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND RESOURCES BY TEACHING STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow teaching staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by teaching staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes that telecommunications will allow teaching staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

The Board provides access to computer network(s)/computers for administrative and educational purposes only. 3322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/ OTHER COMMUNICATION DEVICES

The Board of Education recognizes a teaching staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the teaching staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the teaching staff member may do so provided the communication is made during the teaching staff member's duty free lunch or break periods and is made outside the presence of students in an area inside the school building designated by the Principal or teaching staff member's immediate supervisor.

A teaching staff member's personal cellular telephone or other personal communication device shall be secured by the teaching staff member and outside the view of others when the teaching staff member is performing assigned school district responsibilities.

An electronic communication by a teaching staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the teaching staff member is performing assigned school district responsibilities.

Adopted: 14 July 2026

3324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist teaching staff members in their job responsibilities or for the teaching staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a teaching staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The teaching staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee.

Teaching staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by school district policies or regulations. In addition, teaching staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the teaching staff member is violating a law or school policy. Teaching staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, teaching staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

The Board prohibits any audio or video recording of a teaching staff member or student by any student; other school staff member; visitor; or any other person while a teaching staff member is performing their Board-assigned job responsibilities without the prior written approval of the teaching staff member's Principal or supervisor. In addition to protecting the privacy rights of all teaching staff members, such recordings may violate the privacy rights of students and teaching staff members and can be disruptive to the educational program. The teaching staff members' Principal or supervisor's prior approval for a person to make an audio or video recording of a teaching staff member or a school-sponsored activity is not required for a school-sponsored activity that is open to parents, family members, or other members of the public to attend. Such activities include, but are not limited to: curricular activities; co-curricular activities; athletic events; student programs; or any other school-sponsored activity.

A person requesting prior approval to audio or video record a teaching staff member or student that is not permitted in accordance with the provisions of this Policy, must submit a written request to the Principal. The Principal will review the written request and provide the requester with a written decision. If a written approval is not provided by the Principal to the person submitting the request prior to the requested recording date or event, the request shall be deemed denied and the audio or video recording shall not be permitted.

Any person making an audio or video recording in violation of the provisions of this Policy shall be required to immediately cease making the recording to avoid violating the privacy rights of others. Any teaching staff member found to have violated the provisions of this Policy may be subject to discipline.

Civility enables school district administrative and teaching staff members to contribute positively to the school district. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover which has a positive impact on the school district's student programs. It is not intended to deprive any individual of his/her right to freedom of expression, but only to maintain to the extent possible and reasonable, a safe, hostile-free environment for staff and students.

It is agreed that all staff members will encourage and model practices characteristic of a healthy work environment, including, but not limited to:

- A supportive atmosphere;
- Good and open communication (e.g., through opportunities at regular staff meetings);
- Interaction with each other with dignity and respect regardless of an employee's work assignment or position in the school district;
- Collaboration;
- Open discussion and resolution of conflict;
- Recognition, feedback and affirmation as appropriate;
- Fair treatment of all staff (including fair systems of selection and promotion in line with agreed procedures).

The district does not condone repeated, hurtful, malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive. Such behavior is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. Incivility in the workplace is antithetical to maintaining a congenial and productive workplace.

Unacceptable conduct, for the purposes of this Policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this Policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Common behaviors include:

1. Repeated infliction of verbal abuse such as the use of derogatory remarks;

2. Insults;

3. Yelling, shouting, and screaming; hostile glares and other intimidating gestures toward fellow employees;

4. Damaging or threatening to damage another's property;

5. The deliberate sabotage and undermining of another's work performance;

6. Impeding, delaying, or otherwise interfering with the orderly conduct of the district employee program or any other activity occurring on school property;

7. Operating a motor vehicle in a risky manner to scare or intimidate;

8. Other inappropriate behavior includes actions that intimidate, offend, degrade or humiliate a coworker, including occurrences in front of another co-worker, students, parents, contractors or visitors.

Employees who believe the conduct prohibited by this Policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools or designee. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offending individual(s) and the offended individual(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct. There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this Policy or who participates in an investigation pursuant to this Policy. Employees filing a written report regarding a violation of this Policy shall do so in accordance with procedures set forth in applicable negotiated agreements and with Board policy.

If an employee or group of employees believe they are being harassed or discriminated against because of race, color, national origin, ancestry, age, sex, affectional or sexual orientation, gender identity or expression, marital status, domestic partnership status, familial status, liability for service in the Armed Forces of the United States, nationality, atypical hereditary cellular or blood trait of any individual, or genetic information complaints should be filed in accordance with Board policy.

3370 TEACHING STAFF MEMBER TENURE

The Board of Education recognizes that the benefit of tenure is conferred by law on teaching staff members who have completed the requisite period of probationary service in this school district. The Board also recognizes that certain service does not qualify the teaching staff member who performs that service for the grant of tenure.

Tenure in any administrative or supervisory position as listed in N.J.S.A. 18A:28-5 shall accrue only by employment in that administrative or supervisory position. Tenure so accrued will not extend to any other administrative or supervisory position and nothing shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.A. 18A:28-6.

The Board specifically directs that service in the following positions will not accrue toward the tenure status and will be performed only under contract renewable at the discretion of the Board:

1. Substitute teacher acting in the absence of another employee;
2. Summer school teacher;
3. Co-curricular advisor;
4. Athletic coach; and
5. Department chairperson other than a supervisor.

Nothing in this policy will be deemed to confer tenure on any employee who serves in a position not listed above and for whom tenure is not provided by law.

3373 TENURE UPON TRANSFER OR PROMOTION

In accordance with the provisions of N.J.S.A. 18A:28-6.a, any such teaching staff member under tenure or eligible to obtain tenure under N.J.S.A. 18A:28-1 et seq. who is transferred or promoted with his/her consent to another position covered by N.J.S.A. 18A:28-1 et seq. on or after July 1, 1962, shall not obtain tenure in the new position until after:

In accordance with the provisions of N.J.S.A. 18A:28-6.b, any such teaching staff member under tenure or eligible to obtain tenure under N.J.S.A. 18A:28-1 et seq., who is transferred or promoted with his/her consent to another position covered by N.J.S.A. 18A:28-1 et seq. on or after August 6, 2012 (the effective date of P.L.2012, c.26 – N.J.S.A. 18A:6-117 et seq.), shall not obtain tenure in the new position until after:

In order to receive tenure pursuant to N.J.S.A. 18A:28-6.b, a teacher, Principal, Assistant Principal, and Vice Principal shall be evaluated as effective or highly effective in two annual summative evaluations within the first three years of employment in the new position. For purposes of N.J.S.A. 18A:28-6.b, "effective" or "highly effective" means the employee has received an annual summative evaluation rating of "effective" or "highly effective" based on the performance standards for his/her position established through the evaluation rubric adopted by the Board of Education and approved by the New Jersey Commissioner of Education.

3374 TENURE UPON TRANSFER TO AN UNDERPERFORMING SCHOOL

The Board of Education may grant tenure to a teaching staff member coming from another New Jersey public school district to the same position in an underperforming school in this school district in accordance with the provisions of N.J.S.A. 18A:28-5.1. As used in this Policy, "underperforming school" means a school in this school district which has been identified by the New Jersey Department of Education as a "focus school" or a "priority school" for any year within a two-year period.

In accordance with the provisions of N.J.S.A. 18A:28-5.1, a tenured teaching staff member who has been rated effective or highly effective on his/her most recent annual summative evaluation in a New Jersey public school district, and who accepts employment in the same position in an underperforming school in another New Jersey public school district, shall be under tenure in that position in the new school district during good behavior and efficiency and shall not be dismissed or reduced in compensation except for inefficiency, incapacity, or conduct unbecoming such a teaching staff member or other just cause and then only in the manner prescribed by Subarticle B of Article 2 of Chapter 6 of N.J.S.A. 18A, after the employee receives a rating of effective or highly effective in at least one of the annual summative evaluations within the first two years of employment in the underperforming school in the new school district.

For purposes of this Policy, "effective" or "highly effective" means the employee has received an annual summative evaluation rating of "effective" or "highly effective" based on the performance standards for his/her position established through the evaluation rubric adopted by the Board of Education and approved by the New Jersey Commissioner of Education.

N.J.S.A. 18A:28-5.1

Adopted: 14 July 2026

3381 PROTECTION AGAINST RETALIATION

The Board of Education will take no retaliatory action, by discharge, demotion, suspension, or any other adverse action, against an employee because that employee has conscientiously:

1. Disclosed or threatened to disclose to a supervisor or public body an activity, policy, or practice of this Board or any district officer that the employee reasonably believes to be in violation of law or rule;

2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or

3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

N.J.S.A. 34:19-1

Adopted: 14 July 2026

3382 INDEMNIFICATION AND SCHOOL EMPLOYEES

Indemnification in a Civil Matter

Whenever any civil or administrative action or other legal proceeding has been or shall be brought against any person holding any office, position or employment under the jurisdiction of any Board of Education, including any student teacher or person assigned to other professional pre-teaching field experience for any act or omission arising out of and in the course of the performance of the duties of such office, position, employment or student teaching or other assignment to professional field experience, the Board shall defray all costs of defending such action, including reasonable counsel fees and expenses, together with the costs of appeal, if any, and shall save harmless and protect such person from any financial loss resulting there from provided that:

1. No employee shall be entitled to be held harmless or have his defense cost defrayed in a disciplinary proceeding instituted against him by a Board or when the employee is appealing an action taken by the board; and

2. Indemnification for exemplary or punitive damages shall not be mandated and shall be governed by the standards and procedures set forth in N.J.S.A. 59:10-4.

3. The Board may arrange for and maintain appropriate insurance to cover all such damages, losses and expenses.

In the case of a civil matter, there is no requirement that the individual seeking indemnification be successful in the litigation. The test which must be satisfied in determining whether the Board must indemnify an employee, is whether the employee's act or omission, which is the subject of the litigation, arises out of and in the course of the performance of his/her duties. The statute does not, however, permit an employee to be indemnified for costs and expenses incurred in a disciplinary proceeding which generally takes the form of an administrative proceeding.

Indemnification and Criminal Matters

In order to be indemnified for costs and expenses incurred in a criminal or quasi-criminal matter, an employee must meet a higher standard than that which is established for civil and administrative matters. N.J.S.A. 18A:16-6.1, as recently amended, provides:

1. Should any criminal or quasi-criminal action be instituted against any such person for any such act or omission and should such proceeding be dismissed or result in a final disposition in favor of such person, the Board of Education shall reimburse him for the cost of defending such proceeding, including reasonable counsel fees and expenses of the original hearing or trial and all appeals. No employee shall be entitled to be held harmless or have his defense cost defrayed as a result of a criminal or quasi-criminal complaint filed against the employee by or on behalf of the Board.

Any Board of Education may arrange for and maintain appropriate insurance to cover all such damages, losses, and expenses.

Accordingly, the employee must be able to prove that the criminal matter ended in a favorable disposition, and that the employee was acting in the course of performing his/her own duties.

3411 PLACEMENT ON GUIDE STEP

Salary Guide Placement Criteria

A. Candidates for teaching/instructional employment positions

For each block of two full academic years of related teaching/instructional experience, the candidate will receive one guide step credit on the teacher salary guide (2/1 ratio). For each four-year block of full-time related work/trade experience, the candidate will receive one year of guide step credit on the teachers salary guide (4/1 ratio).

B. Candidates for non-certified support staff employment positions - clerical/secretarial and custodial/maintenance

For each three (3) year block of full-time related work experience, the candidate will receive one (1) year of guide step credit of the appropriate non-certified support staff salary guide.

It is understood that for both certificated and non-certificated positions, the Superintendent has the managerial discretion to waive the aforementioned guidelines when there are no candidates with such qualifications or when in the best interest of the district the Superintendent deems it prudent to recommend a candidate whose qualifications supersede the guidelines as set forth above.

3420 BENEFITS

3421.13 POSTNATAL ACCOMMODATIONS

The Board of Education recognizes teaching staff members may be returning to work shortly after their child's birth and may need to express breast milk during the workday. The Patient Protection and Affordable Care Act (PPACA) amended Section 7 of the Federal Fair Labor Standards Act (FLSA) for nursing mothers to be permitted reasonable break times and a private location to express breast milk for their nursing child for one year after the child's birth.

Every employee position in the school district is designated as either "non-exempt" or "exempt" by the provisions of the FLSA. Generally, a teaching staff member entitled to overtime pay is designated as "non-exempt." A teaching staff member that performs duties that are executive, administrative, or professional in nature and not entitled to overtime pay is designated "exempt." The school district administration shall refer to the comprehensive definitions of "exempt" and "non-exempt" as outlined in 29 C.F.R. 541 et seq. in determining an employee's designation.

A Board of Education is required to provide reasonable break times to non-exempt teaching staff members to express breast milk for their nursing child. The non-exempt teaching staff member shall coordinate such breaks with their immediate supervisor. The non-exempt teaching staff member will not receive compensation during this break time unless the break time is during a non-exempt teaching staff member's compensated break time.

A Board of Education is not required under the FLSA to provide such breaks to exempt teaching staff members. However, exempt teaching staff members may take such breaks provided the breaks are coordinated with their immediate supervisor. If this break is taken during the exempt teaching staff member's duty free lunch period or duty free break period during the workday, the exempt teaching staff member will not be reduced in compensation.

The Principal or the nursing mother's immediate supervisor, in consultation with the school nurse, will designate a lactation room that is shielded from view and free from intrusion from co-workers and the public. The location must be functional as a space for expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. If the space is not dedicated to the nursing mother's use, it must be available when needed. A space temporarily converted into a lactation room or made available when needed by a nursing mother is sufficient; however, a bathroom, even if private, is not a permissible location under the FLSA.

All exempt and non-exempt teaching staff members are required to sign-out of work to begin the break to express breast milk and shall sign-in when they return to work after the break. The

break shall be for a reasonable amount of time. For compensation purposes, the immediate supervisor shall forward all sign-in and sign-out information relative to break times for nursing mothers under the FLSA to the School Business Administrator/Board Secretary.

3425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a teaching staff member disabled by accident or injury arising out of and in the course of employment. Any such employee shall seek the workers' compensation benefits to which he/she is entitled by law.

An employee whose disability has qualified for the receipt of workers' compensation benefits shall be presumed eligible for work related disability pay under this policy. When an employee's disability is so brief as to preclude the employee's application for workers' compensation benefits, the employee may request and the Board may grant work related disability pay.

Any employee who qualifies for work related disability pay under this policy will be entitled to receive full pay during the period he/she is on disability leave of absence, for up to twelve consecutive months.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for his/her work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

3425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – TEACHING STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary or designee, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;

2. The injured staff member's capabilities to assume modified duties or responsibilities;

3. The availability of modified duties and responsibilities within the district at the time; and/or

4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

This Modified Duty Early Return to Work Program will be administered consistent with applicable Federal and State laws and in accordance with provisions of collective bargaining agreements within the district.

3431 UNCOMPENSATED LEAVE

The Board of Education recognizes, under certain circumstances, that the interests of the school district and of an individual employee may be served by the employee's extended absence from the school district for a purpose other than disability.

Except as may be otherwise provided by negotiated agreement, the Board reserves the right to establish the conditions under which uncompensated leaves of absence may be taken. An extended leave of absence may be granted for the purpose of study, child care, recuperation, a special work assignment, or such other purpose as will tend to serve the best interests of the school district. No leave will be granted for a period of time longer than one school year, but may be extended at the discretion of the Board.

The Board reserves the right to require that the commencement and termination of an extended leave be such as to cause the least interruption to the instructional program of the schools. Wherever possible, partial year leaves of absence will begin and end at a division in the academic calendar and will cause not more than one interruption in teaching continuity during the school year in which the leave is taken.

A person absent from district service on an extended leave of absence does not enjoy a direct employment relationship with the Board, and the period of the leave will not accrue toward tenure and seniority, except as expressly permitted by law. No such person will receive compensation or benefits during the period of the leave.

Whenever possible, an uncompensated leave of absence will be granted for a time certain. When an employee cannot foretell the date on which the leave will terminate, the employee shall inform the Board not less than sixty days in advance of the anticipated date of return to district employment.

A change in the purpose of a leave which has been granted must be reported to the Superintendent. The Board reserves the right to terminate any uncompensated leave of absence for which the purpose has been altered by the employee without permission.

At the expiration of the uncompensated leave of absence, the employee may return to district employment in a position for which he/she is appropriately certified.

Adopted: 14 July 2026

3433 VACATIONS

The Board of Education believes that the school district benefits when teaching staff members employed to work twelve months a year are given periodic relief from the responsibilities of their positions without loss of compensation.

The Board reserves the right to determine the conditions under which vacation time may be taken when not otherwise covered by the terms of a negotiated agreement or in an individual contract with the Board.

N.J.S.A. 18A:30-7

Adopted: 14 July 2026

3435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not covered by the terms of a negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at birth, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after birth, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in the educational program in accordance with Policy 3431. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

3437 MILITARY LEAVE

The Board of Education recognizes that military service rendered by any district employee in the defense of the country or in maintaining preparedness for conflict, foreign or domestic, is a service benefiting all citizens. A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. 3439 JURY DUTY

The Board of Education will indemnify any teaching staff member against loss of pay incurred by a call to jury duty. No such employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent on jury duty will not be charged against personal leave and will count as school district service.

Teaching staff members scheduled for jury service during the school term for whom the administration indicates a replacement cannot reasonably be found shall seek from the Assignment Judge an excusal or deferment of service. Teaching staff members shall obtain from the Superintendent, or designee, a letter indicating the lack of availability of a substitute in such instances.

A teaching staff member who is a full-time teacher and is absent from school duties on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the teaching staff member is present for jury duty. 3522 NEGOTIATIONS

The Board of Education recognizes its duty to negotiate in good faith regarding terms and conditions of employment with the majority representative(s) of its unionized employees. To effectuate this responsibility, only Board members who do not have a conflict of interest pursuant to opinions and/or decisions of the School Ethics Commission and/or to Board bylaws shall participate in negotiations and vote on the ratification of any tentative agreements reached by the Board's bargaining team. For purposes of this Policy, any references to the Board shall mean only those members of the Board who can participate in negotiations.

Procedures

A. The Board shall appoint a negotiations committee to represent it in negotiation with employee organizations, but all Board members who can participate in negotiations shall retain the authority to review and accept, or to reject, tentative agreement(s) reached by its negotiation committee(s).

B. The Board's negotiating committee(s) may include Board members, administrators and such outside negotiations experts as designated by the Board; however, the number of Board members who participate in negotiations shall not constitute a majority of all Board members who can participate in negotiations. Whenever possible, the negotiations committee shall include one member to serve as the Board's chief spokesperson. Ideally, that person will have been a member of the Board's negotiating committee from the previous negotiations.

C. The Board, in consultation with administrators and other Board members, shall set bargaining goals and parameters for any settlement. The committee shall have the authority to negotiate within the parameters established by the Board; the committee shall not have the authority to make proposals, or to agree to union proposals which are not in accord with the Board's parameters. Before such agreements may be proposed or reached by the Board negotiating committee, consent from a majority of the entire Board must be obtained.

D. Members of the committee, other Board members and administrators, acting on their own, shall not have the authority to consult with or to negotiate with any employees or representatives of employees regarding any matters currently the subject of negotiations without the express consent of the committee.

E. The committee shall regularly report to the Board, in executive session, the progress of negotiations and may seek additional direction or advice from the full Board, the administrative staff, or any outside negotiations experts designated by the Board.

F. The Board shall provide committee members and other interested Board members with the opportunity to attend labor relations training programs. To keep the full Board informed of the process, members attending such programs will report to the Board at the first executive session following the program.

G. The Board shall designate a spokesperson for contact with the public and the press regarding negotiations. Board members and administrators shall refer all inquiries concerning negotiations to this spokesperson. No Board member or administrator other than the designated spokesperson has the authority to discuss any aspect of negotiations without the express consent of the Board.

H. The Board shall direct the Superintendent of Schools to establish, in consultation with the Board, the administrative staff and any labor relations consultants designated by the Board, procedures for administrative involvement in the negotiations process and for the administration of the negotiated agreement(s).

I. Nothing in this Policy shall be construed as a limitation or prohibition on the legal authority of the Board or its designated representatives to conduct negotiations in a manner prescribed by State statutes, administrative code or other such regulation as prescribed by the State of New Jersey.

The Board will create new positions as required, approve a job title appropriate to the position, and determine the number of persons required to staff adequately each such position.

The Superintendent shall recommend to the Board such new positions or additional staffing in existing positions as may be required by student enrollments and the operational needs of the district.

4124 EMPLOYMENT CONTRACT

The Board of Education requires every nontenured support staff member annually sign an employment contract for a term of not more than one year.

The employment contract shall include the date; name of the employee; the beginning and ending dates of service (fixed term appointment); the salary to be paid and the manner of payment; an authorization for salary deductions as applicable; and such other terms and conditions as may be necessary to a complete statement of the employment relationship.

The contract may include a provision for a probationary employment period with a provision providing the Board the right to terminate the employment of the nontenured support staff member at the completion of the probationary employment period. The contract will include a provision for the termination of the nontenured support staff member's contract on thirty days notice duly given by either party.

In the event the salary entered on the written contract differs from that formally approved by the Board, the salary approved by the Board shall be the salary paid.

Adopted: 14 July 2026

4125 EMPLOYMENT OF SUPPORT STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that support staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every support staff member employed by this district.

The Board may employ substitutes and/or contract for substitutes for absent support staff members in order to ensure continuity in a program. The Board will annually approve a list of substitutes and rate of pay and/or the Board will approve a contract for a contracted service provider to provide substitute support staff members.

The Board of Education shall not employ for pay or contract for the paid services of any support staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq. that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board or a school bus contractor holding a contract with the Board, in the capacity of a school bus driver, shall be required to meet the criminal history record requirements as outlined in N.J.S.A. 18A:39-19.1.

The Board will employ paraprofessional school aides and/or classroom aides to assist in the supervision of student activities under the direction of a Principal, teacher, or other designated certified professional personnel. Aides will serve the needs of students by performing nonprofessional duties and may work only under the direct supervision of a teaching staff member(s).

In accordance with the requirements of the Every Student Succeeds Act (ESSA), paraprofessionals hired after January 8, 2002, who work in a program supported with Title I, Part A funds, with certain exceptions, must meet one of the following criteria:

1. Completed at least two years of study at an institution of higher education;

2. Obtained an associate's (or higher) degree; or

3. Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Paraprofessional staff working in a Title I school, and whose salary is paid for in whole or in part with Title I funds, must meet one of the criteria listed above. The Superintendent or designee will ensure paraprofessionals working in a program supported with Title I funds meet the above stated requirements.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.lc. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or the Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A support staff member's misstatement of fact material to his/her qualifications for employment or the determination of his/her salary will be considered by the Board to constitute grounds for dismissal.

The Board of Education and the Superintendent reserve the right to assign and transfer support staff members to the positions for which they are qualified and in which their service will best serve the operation of the district.

The Superintendent is responsible for the assignment and transfer of support staff members, except that the Board of Education is responsible for the assignment of support staff members in the positions of Treasurer of School Moneys, Board Attorney, or Board Secretary, except a Board Secretary who performs business administrator functions.

The Board will transfer support staff members only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval of the transfer for arbitrary and capricious reasons.

In considering any transfer, the Superintendent shall base the choice on the employee's success in former positions, the employee's attitude toward change, the employee's length of service in the district, the recommendation of the employee's supervisor, and the operational efficiency advanced by the proposed transfer. No support staff member shall be transferred for disciplinary reasons.

Employees shall be given written notice of their annual assignments no later than September of the school year when the assignment will be effective, but may be given notice of reassignment at any time during the year.

Employees may not transfer duties from one position to another nor may one employee perform the duties of another employee without the prior approval of the Superintendent.

The Board may terminate the employment of an employee for incompetence, immorality, unfitness for service, insubordination, reduction in force, or other good cause. Any notification of termination for cause will include a full statement of the reasons for the dismissal on notice duly given a nonprobationary employee.

The Board may terminate an employment contract with a non-tenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Superintendent shall continually review the efficiency and effectiveness of district organization and recommend to the Board the creation and abolishment of support staff positions and the reallocation of duties and positions.

When two or more employees are employed in the same classification of employment in which a position is abolished, the employee shall be reemployed who has demonstrated greater competence.

When, as the result of the abolishment of a position, an employee is demoted in position, the employee shall receive the salary of the position to which he/she has been assigned.

4146 NONRENEWAL OF NONTENURED SUPPORT STAFF MEMBER

The Board will renew the employment contract of a nontenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. A nontenured support staff member who is not recommended for renewal by the Superintendent is deemed nonrenewed.

When the nontenured support staff member's performance does not meet the standards of the school district, the Superintendent shall recommend not to renew the nontenured support staff member's contract. Prior to notifying the nontenured support staff member of the nonrenewal, the Superintendent will notify the Board of the recommendation not to renew the nontenured support staff member's contract and the reasons for the recommendation. The Superintendent may notify the Board in a written notice or in executive session at a full Board meeting. In the event the Board is notified in executive session, the Superintendent will comply with the requirements of the Open Public Meetings Act and provide reasonable notice to the nontenured support staff member their employment will be discussed in executive session in order for the nontenured support staff member to exercise their statutory right to request a public discussion.

The Superintendent shall provide written notification to each nontenured support staff member to whom reemployment will not be offered in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties. Any nontenured support staff member receiving notice that a contract for the succeeding year will not be offered, may within fifteen calendar days, request in writing a statement of the reasons for such nonemployment which shall be given to the nontenured support staff member in writing within thirty calendar days after the receipt of such request.

Whenever a nontenured support staff member has requested in writing and received a written statement of reasons for non-reemployment pursuant to N.J.S.A. 18A:27-3.2, the nontenured support staff member may request in writing an informal appearance before the Board. The written request shall be submitted to the Board within ten calendar days of the nontenured support staff member's receipt of the Board's statement of reasons. The informal appearance shall be scheduled within thirty calendar days from the nontenured support staff member's receipt of the Board's statement of reasons.

The Board is not required to offer reemployment or vote on reemployment after an informal appearance with a nontenured support staff member who was not recommended for reemployment by the Superintendent. The Board may, with a majority vote of its full membership in public session and without the recommendation of the Superintendent, offer the nontenured support staff member reemployment after the informal appearance before the Board. Within three working days following the informal appearance, the Board shall notify the affected nontenured support staff member, in writing, of its final determination.

   c. The Board hearing shall be conducted in accordance with the provisions of N.J.S.A. 18A:25-7 and will offer the support staff member the opportunity to appear before the Board to refute the reason(s) for the required examination(s);

   d. The support staff member shall be ordered to submit to the appropriate examination(s) by the physician or institution designated by the Board if the support staff member failed to persuade the Board at the hearing that the support staff member should not be required to submit to the appropriate examination(s); and

e. The determination of such a hearing shall be appealable to the Commissioner pursuant to N.J.S.A. 18A:6-9 and N.J.A.C. 6A:4 - Appeals.

3. The support staff member may, without reprisal, refuse to waive their right to protect the confidentiality of medical information, in accordance with P.L. 104-191, Health Insurance Portability and Accountability Act of 1996.

However, the support staff member shall bear the cost if the examination is performed by a physician or institution designated by the support staff member with approval of the Board.

1. If the support staff member submits names of physicians or institutions to the Board for consideration to complete the appropriate examination(s), the Board is not required to designate the physician or institution submitted for consideration by the support staff member, but shall not act unreasonably in withholding its approval of the physician or institution.

2. The support staff member shall authorize the physician or institution performing the examination to immediately release the examination results to the Superintendent.

3. All records and reports relating to any such examination shall be the property of the Board, in accordance with N.J.S.A. 18A:16-5.

a. Health records of support staff members, including computerized records, shall be secured, stored, and maintained separately from other personnel files; and

b. Health records may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5.

4. If the results of any such examination indicate mental abnormality or communicable disease, the support staff member shall be ineligible for further service until proof of recovery, satisfactory to the Board, is furnished, but if the support staff member is under contract or has tenure, they may be granted sick leave with compensation as provided by law and shall, upon satisfactory recovery, be permitted to complete the term of their contract, if they are under contract, or be reemployed with the same tenure as they possessed at the time their services were discontinued, if they have tenure, unless their absence shall exceed a period of two years in accordance with N.J.S.A. 18A:16-4.

C. In order to return to work, the support staff member must submit to an appropriate examination and submit the results of the examination to the Superintendent.

1. The examination must be conducted by a physician or institution upon which the Board and support staff member confer and agree;

2. If the physician or institution conducting the examination is conducted by the Board's choice, the cost shall be borne by the Board; if the physician or institution conducting the examination is conducted by the support staff member's choice, the cost shall be borne by the support staff member; and

3. The support staff member shall authorize the physician or institution performing the examination to immediately release the examination results to the Superintendent.

D. A support staff member who refuses to submit to the examination required by the Board in accordance with this Policy and has exhausted the hearing procedures established by law and this Policy shall be subject to discipline, which may include, but is not limited to, termination or certification of tenure charges to the Commissioner of Education, as applicable.

4211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that support staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from support staff members from other school districts, agencies and other entities, the Board supports sharing of its support staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a support staff member's attendance in another school district, agency or other entity without additional remuneration to the support staff member or school district, upon a written request from the agency or from the support staff member.

The Board of Education recognizes support staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a support staff member serves as a paid consultant, the support staff member is not permitted to use normal work hours for any paid consulting activities. The support staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The support staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

Adopted: 14 July 2026

4212 ATTENDANCE

The regular and prompt attendance of support staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Support staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a support staff member's job performance.

Support staff members shall provide notice for the use of sick time as required in N.J.S.A. 18A:30-4 and Policy and Regulation 1642.01 in accordance with the district's procedure for support staff members to report the use of sick leave and other absences. A support staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with statute, administrative code, or Board policy; falsifies the reason for an absence; is absent without authorization; is repeatedly tardy; or accumulates an excessive number of absences may be subject to appropriate consequences, which may include, but not be limited to, the withholding of a salary increment, termination, nonrenewal, and/or certification of tenure charges.

Sick leave is defined in accordance with N.J.S.A. 18A:30-1 and Policy and Regulation 1642.01. No support staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for by statute; administrative code; the collective bargaining agreement; in an individual employment contract; or the policies of the Board. The Superintendent or Board of Education may require verification to be filed with the Secretary of the Board in order to obtain sick leave in accordance with the provisions of N.J.S.A. 18A:30-4 and Policy and Regulation 1642.01.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among support staff members. The review will include the collection and analysis of attendance patterns, the training of support staff members in their attendance responsibilities, and the counseling of support staff members for whom regular and prompt attendance is a problem.

4214 CONFLICT OF INTEREST

No support staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the support staff member's duties.

No support staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No support staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No support staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the support staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to support staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that support staff members instruct students to express their appreciation by means other than gifts.

Support staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual support staff member when special circumstances warrant.

4218 USE, POSSESSION, OR DISTRIBUTION OF SUBSTANCES

The Board of Education recognizes a support staff member who reports to work under the influence of a substance poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any support staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district.

For the purpose of this Policy, "substance" or "substances" as defined in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a) means alcoholic beverages; any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2; any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4; and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

A support staff member shall be required to submit to an immediate medical examination to include a substance test if the support staff member's supervisor has reasonable suspicion to believe a support staff member is under the influence of a substance during work hours or at a school-sponsored function where the support staff member has been assigned job responsibilities. Refusal by a support staff member to consent to the medical examination including a substance test will be deemed a positive result for substances. In the event the results of the medical examination and substance test are not provided to the Superintendent, within twenty-four hours or as soon as the test results are available, it will be deemed a positive result for substances and the support staff member shall be subject to appropriate discipline. Any required medical examination and testing shall be paid for by the Board.

In the event the Board physician determines the support staff member was under the influence of a substance, the determination shall be reported to the Superintendent and the support staff member will be subject to appropriate discipline. Appropriate discipline may include, but not be limited to, withholding an increment, terminating a non-tenured support staff member, and/or filing tenure charges for a tenured support staff member in accordance with law. The support staff member will be afforded the opportunity to have positive test results confirmed using acceptable confirmation test practices. This confirmation test shall be paid for by the support staff member.

In the event a support staff member's medical examination and substance test results are negative for a substance or if the Board physician determines the support staff member was not under the influence of a substance, the results or determination shall be reported to the Superintendent and the support staff member shall be returned to their position unless the Superintendent has a reason the support staff member should not be returned to their position.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any staff member who, in the course of their employment, has reason to believe a staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall report the matter as soon as possible to the Principal, or in the absence of the Principal, to the staff member's supervisor responsible at the time of the alleged violation. Either the Principal or the staff member's supervisor responsible at the time of the alleged violation shall notify the Superintendent who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a staff member in response to questioning initiated by the Principal or Superintendent's designee or following the discovery by the Principal or Superintendent's designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

A staff member who unlawfully possessed or in any way has been involved in the distribution of a controlled dangerous substance, including anabolic steroids or drug paraphernalia, pursuant to N.J.A.C. 6A:16-6.3, shall be subject to appropriate discipline which may include, but not be limited to, termination of a non-tenured support staff member or the filing of tenure charges for a tenured support staff member in accordance with law.

A support staff member who has been determined by the Board physician to be under the influence of a substance during work hours or at a school-sponsored function where the support staff member has been assigned job responsibilities may be offered a Last Chance Agreement upon the recommendation of the Superintendent and approval by the Board. A written Last Chance Agreement must be approved by the Board.

The Board of Education is committed to a safe, efficient, alcohol and drug-free workplace that protects the district's students as well as the health and safety of its employees and the general public.

The Board requires all employees of the Board performing any safety-sensitive function to be free of drugs and alcohol and will test those employees who operate a commercial motor vehicle in accordance with 49 CFR 382 et seq. and 49 CFR 40 et seq. For the purpose of this Policy "employee" means a person required to have a Commercial Driver's License (CDL) in the performance of their job responsibilities. Safety-sensitive functions as defined by 49 CFR 382.107 means any time from the time an employee begins to work or is required to be in readiness to work until the time the employee is relieved from work and all responsibility for performing work. Safety-sensitive functions shall include:

1. All time at the terminal, facility, other property, or on any public property, waiting to be dispatched, unless relieved from duty;

2. All time inspecting equipment as required by Federal law or otherwise inspecting, servicing, or conditioning any commercial motor vehicle, at any time;

3. All time spent at the driving controls of a commercial motor vehicle in operation;

4. All time, other than driving time, in or upon the commercial motor vehicle except time spent resting in an area defined as a sleeping berth;

5. All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded and unloaded; and

6. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

The Omnibus Transportation Employee Testing Act of 1991 requires all operators of commercial motor vehicles subject to the CDL requirements to be tested for controlled substances and alcohol. Federal regulations of the U.S. Department of Transportation require that any employee using a CDL be required to submit to alcohol and controlled substance testing in accordance with 49 CFR 40.

The Board designates the Principal as the Designated Employer Representative (DER) of the Board of Education. The Board may contract with a service agent to provide the testing services as required by Federal law. In the event the Board contracts with a service provider for transportation, the Board designee will ensure all transportation contractors comply with the drug and alcohol testing requirements of Policy 4219 pursuant to 49 CFR 382 et seq. and 49 CFR 40 et seq.

No employee at any work site will possess, manufacture, use, sell, or distribute any quantity of any controlled substance, lawful or unlawful, which in sufficient quantity could result in impaired performance, with the exception of substances administered by or under the instructions of a physician. No employee shall perform safety-sensitive functions within four hours after using alcohol and the district will not permit an employee that used alcohol within four hours of performing safety-sensitive functions to perform such functions if the district has actual knowledge of the use, in accordance with 49 CFR 392.5.

Violations

Any violation of this Policy may result in discipline, up to and including termination.

Prohibited Substances

The presence of any of the controlled substances, listed in 49 CFR 40.87, in the body, as evidenced by the results of the initial screening and subsequent confirmatory analysis provided in this Policy, is prohibited for any employee assigned to a classification covered by this Policy. All cutoff concentrations shall be in accordance with 49 CFR 40.87. All test results shall be measured against the cutoff concentrations outlined in 49 CFR 40.87.

Testing Procedures

All testing for controlled substances will be conducted in accordance with 49 CFR 40, Subparts A, B, C, D, E, F, G, H and I. The district will only test for drugs or classes of drugs in accordance with 49 CFR 40.85. Testing for alcohol will be conducted in accordance with 49 CFR 40, Subparts J, K, L, M and N.

Categories of Testing

For the purpose of this Policy, the occurrence of the following circumstances/instances shall require an employee to submit to a controlled substance and alcohol screening:

1. Pre-Employment Testing

   An individual who has applied for and has been selected to operate a Board vehicle shall, before beginning employment with the Board, submit to a controlled substance screening in conjunction with any required physical examination as per Policy 4160. Such screening shall be conducted in accordance with the procedures set forth in this Policy and 49 CFR 40. No individual receiving a positive confirmed test result will be employed by the Board.

   An employer is not required to administer a controlled substances test required by 49 CFR 382.301(a) if:

   a. The employee has participated in a controlled substances testing program that met the requirements of 49 CFR 382 et seq. within the previous thirty days; and

   b. The employee while participating in that program either:

      (1) Was tested for controlled substances within the past six months (from the date of application with the employer); or

      (2) Participated in the random controlled substances testing program for the previous twelve months (from the date of application with the employer.)

c. The DER must ensure that no prior employer, to the DER's knowledge, has records of a violation of a controlled substances testing program within the previous six months.

If an individual is so exempted, the DER shall contact the controlled substances testing programs in which the individual participated and shall obtain and retain from the testing program(s) the following information in accordance with 49 CFR 382.301(c):

a. Name and address of the program;

b. Verification of the individual's participation;

c. Verification that the program conforms to Federal guidelines;

d. Verification the individual qualified under the law and did not refuse to be tested for controlled substances;

e. The date the individual was last tested for controlled substances; and

f. The results of any tests taken within the previous six months and any other violations.

An employee who has applied for and has been selected to operate a Board vehicle or any existing employee transferring into a new position requiring the employee to operate a Board vehicle, shall submit a written consent authorizing the Board to obtain the following information from other employers who have employed the employee during any period during the two years before the date of the employee's application or transfer into the new position. The written consent from the employee will permit the DER to obtain the following information from previous Division of Transportation (DOT)-regulated employers:

a. Alcohol tests with a result of 0.04 or higher alcohol concentration;

b. Verified positive drug tests;

c. Refusals to be tested (including verified adulterated or substituted drug test results);

d. Other violations of DOT agency drug and alcohol testing regulations; and

e. With respect to any employee who violated a DOT drug and alcohol regulation, documentation of the employee's successful completion of DOT return-to-duty requirements (including follow-up tests). If this information is not available from the previous employer, the DER must seek to obtain this information from the employee.

The DER will obtain and review this information before the employee first performs safety-sensitive functions. If this is not feasible, the DER will not permit the employee to perform safety-sensitive functions after thirty days from the date the employee first performed safety-sensitive functions, unless the DER has obtained or made and documented a good faith effort to obtain this information.

2. Random Testing

Every employee shall submit to random alcohol and controlled substance testing on an unannounced and random basis resulting from the selection by a random generation methodology in accordance with 49 CFR 383.305(i). Random testing will be spread reasonably throughout any given calendar year.

The minimum annual percentage rate for random alcohol testing shall be ten percent of the average number of driver positions. The minimum annual percentage rate for random controlled substances testing shall be twenty-five percent of the average number of driver positions. The minimum annual percentage rates may be adjusted as determined by the FMCSA Administrator in accordance with 49 CFR 382.305.

Employees shall only be random tested when performing safety-sensitive functions or immediately prior to or immediately following the performance of safety-sensitive functions.

3. Post-Accident Testing

The involvement by an employee in a motor vehicle collision while operating a Board vehicle when such accident results in property damage or personal injury, may trigger a post-accident drug and alcohol test.

As soon as practical following an occurrence, the DER will require post-accident alcohol screening for each of the surviving drivers:

a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or

b. Who receives a citation within eight hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:

(1) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or

(2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

c. If the alcohol test is not administered within two hours following the accident, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the accident, the DER shall cease attempts to administer the alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

As soon as possible following an occurrence, the district will require post-accident controlled substance screening for each of the surviving drivers:

a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or

b. Who receives a citation within thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:

(1) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or

(2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

c. If the controlled substance test is not administered within thirty-two hours following the accident, the DER shall cease attempts to administer the controlled substance test and shall prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

An employee who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the employer to have refused to submit for testing. (An employee who is injured in an accident and requires medical care, shall submit to post-accident drug and controlled substance testing by the medical care facility providing the treatment or a designee of the Board if the facility is unable to provide the testing.) Nothing herein shall be construed to prevent the employee from leaving the scene of the accident for the period required to obtain necessary assistance or to obtain emergency medical care.

4. Reasonable Suspicion Testing

The DER shall require an employee to submit to an alcohol and/or controlled substance test when the employee is observed by a supervisor or school official who is trained in accordance with 49 CFR 382.603 and causes the observer to have reasonable suspicion to believe the employee has violated 49 CFR 382 et seq. Reasonable suspicion must exist to require the employee to undergo a test and must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Reasonable suspicion alcohol testing is authorized only if the required observations are made during, just preceding, or just after the period of the work day the employee is required to be in compliance with the testing requirements of 49 CFR 382 et seq.

Reasonable suspicion testing may be required of an employee while the employee is performing, just before the employee will perform, or just after the employee has ceased performing safety-sensitive functions.

If the alcohol test is not administered within two hours following the determination a reasonable suspicion test is required, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the determination, the DER shall cease attempts to administer the alcohol test and shall state in the record the reasons for not administering the test.

No employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse. The employee will also not be able to perform or continue to perform safety-sensitive functions until an alcohol test is administered and the employee's concentration measures less than 0.02 or twenty-four hours have elapsed following the determination that reasonable suspicion existed to require an alcohol test.

A written record of the observations leading to a reasonable suspicion test shall be made and signed by the supervisor and/or school official that made the observations. This record shall be made within twenty-four hours of the observed behavior or before the results of the test are released, whichever is earlier.

5. Return to Duty Testing

The district is not required to return an employee to a safety-sensitive position upon receipt of a confirmed drug and/or alcohol test.

The DER may recommend to the Superintendent of Schools the employee's employment be terminated depending on the circumstances.

The DER shall ensure that before an employee returns to duty requiring the performance of a safety-sensitive function, the employee shall undergo a return to duty alcohol test indicating a breath alcohol concentration of less than 0.02 and a controlled substances test with a result indicating a verified negative result for controlled substances use as required in 49 CFR 40.305.

Employees permitted to return to duty are required to take return-to-duty tests and shall be evaluated by a SAP. These employees must participate in an assistance program prescribed by the SAP and as required in 49 CFR 40 Subpart O.

The SAP will determine a written follow-up testing plan for any employee who has been permitted to return to work and has successfully complied with the SAP's recommendations for education and/or treatment. Such employees are subject to a minimum of six unannounced, follow-up drug screenings and alcohol tests over the following twelve months. The testing shall not exceed forty-eight additional months. Alcohol follow-up testing shall be performed only when the employee is performing safety-sensitive functions or immediately prior to performing or immediately after performing safety-sensitive functions. All follow-up testing will be completed in accordance with 49 CFR 40.307. The SAP will comply with all reporting requirements of 49 CFR 40.311.

The Board shall make the ultimate determination to return or not return an employee to a safety-sensitive position subject to any collective bargaining agreements, if any, or other legal requirements.

Medical Review Officer (MRO) Notifications

The Board shall employ or contract with a MRO who is a licensed physician (M.D. or D.O.) and shall designate the MRO as the individual responsible for receiving laboratory results generated by the testing program. The MRO shall have knowledge of controlled substances abuse disorders and have appropriate medical training to interpret and evaluate the employee's confirmed drug test results together with his/her medical history and other biomedical data. The MRO will perform all functions and responsibilities as required in 49 CFR 40.121.

Employer Notification

The MRO may report controlled substances test results to the DER by any means of communication; however, a signed, written notification must be forwarded within three business days of the completion of the MRO's evaluation. The MRO must report all drug test results to the employer. The MRO may use a signed or stamped and dated legible photocopy of Copy 2 of the CCF to report test results or a written report that must include, at a minimum, the information required in 49 CFR 40.163.

Split Specimen Tests

Split specimen testing will be conducted in accordance with 49 CFR 40 Subpart H. The MRO will notify the Superintendent of Schools or designee if split specimen testing is requested by the employee.

Designated Collection Facility

The Board shall designate the facility to be used for the collection of the specimen; provided, however, that the designated facility shall possess all required licenses and permits. The collection site will take place in a facility meeting the requirements of 49 CFR 40 Subpart D. The DER will ensure the collection site meets the security requirements of 49 CFR 40.43.

Designated Screening Laboratory

The Board shall designate the laboratory to which collected fluid samples will be forwarded for drug/alcohol screening. Drug testing laboratories must be certified by the Department of Health and Human Services (HHS) under the National Laboratory Certification Program (NLCP) for all testing required under 49 CFR 40. The laboratory will perform all responsibilities as required in accordance with 49 CFR 40 Subpart F.

Specimens

The normal screening methodology for controlled substances shall be urinalysis, collected by a trained representative of the Board with appropriate documentation at a site designated and approved by the Board. The presence of alcohol will be determined by an Alcohol Screening Device (ASD) or an Evidential Breath Testing Device administered by an individual certified in accordance with 49 CFR 40.211 and 49 CFR 40.213.

Refusal to Submit

An employee will be deemed as refusing to take a drug test as described in 49 CFR 40.191. As per 49 CFR 40.191, an employee refuses to take a drug test if he/she:

1. Fails to appear for any test (except a pre-employment test) within a reasonable time, as determined by the DER, consistent with applicable DOT agency regulations, after being directed to do so by the DER;

2. Fails to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;

3. Fails to provide a urine specimen for any drug test required by this Policy. An employee who does not provide a urine specimen because he or she has left the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;

4. Fails to permit the observation or monitoring of providing a specimen in the case of a directly observed or monitored collection in a drug test;

5. Fails to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;

6. Fails or declines to take an additional drug test the DER or collector has directed the employee to take;

7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER under 49 CFR 40.193(d). In the case of a pre-employment drug test, the employee is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment;

8. Fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector);

9. Fails to follow the collection observer(s) instructions of which could be used to interfere with the collection process;

10. Possesses or wears a prosthetic or other device that could be used to interfere with the collection process; or

11. Admits to the collector or MRO he/she has adulterated or substituted the specimen.

If the MRO reports the employee had a verified adulterated or substituted test result, the result will be deemed refusal to take a drug test.

If an employee refuses to participate in a part of the testing process, the collector or MRO, must terminate the portion of the testing process, document the refusal on the CCF (including in the case of the collector, printing the employee's name on Copy 2 of the CCF), immediately notify the DER by any means (e.g., telephone or secure fax machine) that ensures that the refusal notification is immediately received. A referral physician (e.g., physician evaluating a "shy bladder" condition or a claim of a legitimate medical explanation in a validity testing situation) must notify the MRO, who in turn will notify the DER. In addition, the collector must note the refusal in the "Remarks" line (Step 2), and sign and date the CCF. The MRO must note the refusal by checking the "Refused to Test" box (Step 6) on Copy 2 of the CCF, and add the reason on the "Remarks" line. The MRO must then sign and date the CCF. When the employee refuses to take a non-DOT test or to sign a non-DOT form, the employee has not refused to take a DOT test. There are no consequences under DOT agency regulations for refusing to take a non-DOT test.

Record of Negative Screening

An employee required to submit to an alcohol and/or controlled substance screening as provided in this Policy and whose screening results are negative may, at their option, have their personnel file documented to reflect the negative result.

Prescription Drugs

All bus drivers shall notify the DER of the use of any prescription drugs. The Board may require certification from the prescribing physician that the use of the prescription drug will not have an adverse effect on the driver's ability to properly perform safety-sensitive functions.

Consequences to Employees Engaging in Prohibited Conduct

An employee whose screening produces a positive result for a prohibited substance who is permitted to return to work:

1. Shall not be permitted to perform safety-sensitive functions;

2. Shall be advised by the DER of resources available to them in evaluating and resolving problems associated with the misuse of alcohol or the use of controlled substances;

3. Shall be evaluated by a SAP who shall determine what assistance, if any, is needed to resolve problems with alcohol or controlled substance use;

4. Undergo, before returning to duty, a return to duty alcohol test indicating a breath level of less than 0.02 if the conduct involved alcohol or a controlled substance test with a verified negative result;

5. If assistance was required, the employee must be evaluated by a SAP to determine that the employee has followed the rehabilitation program prescribed;

6. Be subject to unannounced follow-up alcohol and/or controlled substance abuse testing; and

7. Be subject to the disciplinary Policy and Regulations of the Board.

Return-to-Work Agreement

An employee who has been permitted to return to work and who fails to comply with any of the terms of a Return to Work Agreement, if provided at the employer's discretion, shall be subject to disciplinary action which may include termination.

The board encourages its employees to be active participants in community affairs, policies, and all other activities which call upon the time and talents of good citizens everywhere. The Board believes the role of the teaching profession is such that teachers exert a continuing influence away from the school district. Accordingly, the Board reserves the right to determine if activities outside the teaching staff member's job responsibilities interfere with their professional performance and the discharge of the member's responsibilities to the students of this district.

All teaching staff members are advised to be governed in the conduct of personal activities by the following guidelines:

Any staff member who takes students of this district on a trip not approved by the Board or Superintendent shall clearly and concisely inform the parent(s) of any student solicited and/or attending such a trip that the trip is not endorsed, supported, approved, or authorized by the Board of Education. A staff member shall not solicit students on school grounds for trips not approved by the Board or Superintendent;

4281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and school staff members shall protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Superintendent. In addition, school personnel having reasonable cause to believe a student has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referrer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referrer with respect to his/her employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Principal will investigate all reports with a final report to the Superintendent of Schools. The Principal or the Superintendent may, at any time after receiving a report take such appropriate action as necessary and as provided for in the law. This may include, but is not limited to, notifying law enforcement, notifying the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and/or any other measure provided for in the law.

This Policy will be distributed to all school staff and provided to staff members at any time upon request.

4282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;

2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;

3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including students and/or their families;

4. Shall not use social networking sites to post any materials of a sexually graphic nature;

5. Shall not use social networking sites to post any materials which promote violence;

6. Shall not use social networking sites which would be detrimental to the mission and function of the district;

7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;

8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and

9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

4283 ELECTRONIC COMMUNICATIONS BETWEEN SUPPORT STAFF MEMBERS AND STUDENTS

In accordance with the provisions of N.J.S.A. 18A:36-40, the Board of Education adopts this Policy to provide guidance and direction to support staff members to prevent improper electronic communications between support staff members and students. The Board of Education recognizes support staff members can be vulnerable in electronic communications with students.

The Board prohibits all electronic communications between a support staff member and a student. However, based on a support staff member's professional responsibilities electronic communications between a support staff member and a student may be permitted with written approval of the Superintendent or designee. The approval is only for the school year in which the approval is granted. If the Superintendent or designee approves electronic communications between a support staff member and a student, the support staff member shall be required to comply with all the provisions of this Policy.

The Commissioner of Education has determined inappropriate conduct may determine a school staff member unfit to discharge the duties and functions of their position. Improper electronic communications by school staff members may be determined to be inappropriate conduct.

For the purposes of this Policy, "electronic communication" means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. "Electronic communications" include, but are not limited to, e-mails, text messages, instant messages, and communications made by means of an Internet website, including social media and social networking websites.

For the purposes of this Policy, "professional responsibility" means a support staff member's responsibilities assigned to the support staff member by the administration or Board of Education.

For the purposes of this Policy, "improper electronic communications" means an electronic communication between a support staff member and any student of the school district when:

1. The content of the communication is inappropriate as defined in this Policy; and/or

2. The manner in which the electronic communication is made is not in accordance with acceptable protocols for electronic communications between a support staff member and a student as defined in this Policy.

Inappropriate content of an electronic communication between a support staff member, who has been approved by the Superintendent or designee to have electronic communications, and a student includes, but is not limited to:

1. Communications of a sexual nature, sexually oriented humor or language, sexual advances, or content with a sexual overtone;

2. Communications involving the use, encouraging the use, or promoting or advocating the use of alcohol or tobacco, the illegal use of prescription drugs or controlled dangerous substances, illegal gambling, or other illegal activities;

3. Communications regarding the support staff member's or student's past or current romantic relationships;

4321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND RESOURCES BY SUPPORT STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow support staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by support staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of support staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes that telecommunications will allow support staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

The Board provides access to computer network(s)/computers for administrative and educational purposes only. Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.

B. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

C. Using the computer network(s) in a manner that:

1. Intentionally disrupts network traffic or crashes the network;

4322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/ OTHER COMMUNICATION DEVICES

The Board of Education recognizes a support staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the support staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the support staff member may do so provided the communication is made during the support staff member's free lunch or break periods and is made outside the presence of students in an area inside the school building designated by the support staff member's Principal or immediate supervisor.

A support staff member's personal cellular telephone or other personal communication device shall be secured by the support staff member and outside the view of others when the support staff member is performing assigned school district responsibilities.

An electronic communication by a support staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the support staff member is performing assigned school district responsibilities.

In the event the support staff member has an emergency requiring immediate attention that requires such a communication while performing assigned school district responsibilities, the support staff member shall inform their Principal or immediate supervisor before or immediately after the communication, depending on the nature of the emergency. The Board of Education is not responsible if a support staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Adopted: 14 July 2026

4324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist support staff members in their job responsibilities or for the support staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a support staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The support staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee, or immediate supervisor.

Support staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by school district policies or regulations. In addition, support staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the support staff member is violating a law or school policy. Support staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, support staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

The Board prohibits any audio or video recording of a support staff member or student by any student; other school staff member; visitor; or any other person while a support staff member is performing their Board-assigned job responsibilities without the prior approval of the support staff member's supervisor. In addition to protecting the privacy rights of all support staff members, such recordings may violate the privacy rights of students and support staff members and can be disruptive to the educational program. The support staff members' supervisor's prior approval for a person to make a video or audio recording of a support staff member or a school-sponsored activity is not required for a school-sponsored activity that is open to parents, family members, or other members of the public to attend. Such activities include, but are not limited to: curricular activities; co-curricular activities; athletic events; student programs; or any other school-sponsored activity.

A person requesting prior approval to an audio or video record a support staff member or student that is not permitted in accordance with the provisions of this Policy, must submit a written request to the support staff member's supervisor. The supervisor will review the written request and provide the requester with a written decision. If a written approval is not provided by the supervisor to the person submitting the request prior to the requested recording date or event, the request shall be deemed denied and audio or video recording shall not be permitted.

Any person making an audio or video recording in violation of the provisions of this Policy shall be required to immediately cease making the recording to avoid violating the privacy rights of others. Any support staff member found to have violated the provisions of this Policy may be subject to discipline.

4340 GRIEVANCE

It is the policy of the Morris County Vocation School Board of Education to discover and practice reasonable and effective means of resolving difficulties which may arise among employees; to reduce potential areas of grievances; and to establish and maintain recognized channels of communication between staff and administration. With the ultimate goal of serving the educational welfare of children, the informal grievance procedure following provides for the prompt and equitable adjustment of differences. It is essential that full cooperation be given by all employees to achieve these goals.

Each employee shall be assured the opportunity for an orderly presentation and review of concerns and grievances.

No employee shall suffer reprisals or reduction in status as a result of having presented a grievance or having represented an employee in a grievance.

It shall be the general practice to process grievance procedures during time which does not interfere with assigned duties.

An individual employee or his/her representative during the course of the processing of a grievance shall continue to follow administrative directives and Board policy.

The Board shall comply with grievance procedures set forth in any applicable collectively negotiated bargaining agreements.

Adopted: 14 July 2026

4351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school support staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct.

There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this policy.

Adopted: 14 July 2026

4381 PROTECTION AGAINST RETALIATION

The Board of Education will take no retaliatory action, by discharge, demotion, suspension, or any other adverse action, against an employee because that employee has conscientiously:

1. Disclosed or threatened to disclose to a supervisor or public body an activity, policy, or practice of this Board or any district officer that the employee reasonably believes to be in violation of law or rule;

2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or

3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

In no instance shall the wages paid a substitute exceed the wages paid the regular employee.

Substitute support staff members will be paid at a per diem rate set by the Board.

4421.13 POSTNATAL ACCOMMODATIONS

The Board of Education recognizes support staff members may be returning to work shortly after their child's birth and may need to express breast milk during the workday. The Patient Protection and Affordable Care Act (PPACA) amended Section 7 of the Federal Fair Labor Standards Act (FLSA) for nursing mothers to be permitted reasonable break times and a private location to express breast milk for their nursing child for one year after the child's birth.

Every employee position in the school district is designated as either "non-exempt" or "exempt" by the provisions of the FLSA. Generally, a support staff member entitled to overtime pay is designated as "non-exempt." A support staff member that performs duties that are executive, administrative, or professional in nature and not entitled to overtime pay is designated "exempt." The school district administration shall refer to the comprehensive definitions of "exempt" and "non-exempt" as outlined in 29 C.F.R. 541 et seq. in determining an employee's designation.

A Board of Education is required to provide reasonable break times to non-exempt support staff members to express breast milk for their nursing child. The non-exempt support staff member shall coordinate such breaks with their immediate supervisor. The non-exempt support staff member will not receive compensation during this break time unless the break time is during a non-exempt support staff member's compensated break time.

A Board of Education is not required under the FLSA to provide such breaks to exempt support staff members. However, exempt support staff members may take such breaks provided the breaks are coordinated with their immediate supervisor. If this break is taken during the exempt support staff member's duty free lunch period or duty free break period during the workday, the exempt support staff member will not be reduced in compensation.

The Principal or the nursing mother's immediate supervisor, in consultation with the school nurse, will designate a lactation room that is shielded from view and free from intrusion from co-workers and the public. The location must be functional as a space for expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. If the space is not dedicated to the nursing mother's use, it must be available when needed. A space temporarily converted into a lactation room or made available when needed by a nursing mother is sufficient; however, a bathroom, even if private, is not a permissible location under the FLSA.

All exempt and non-exempt support staff members are required to sign-out of work to begin the break to express breast milk and shall sign-in when they return to work after the break. The

break shall be for a reasonable amount of time. For compensation purposes, the immediate supervisor shall forward all sign-in and sign-out information relative to break times for nursing mothers under the FLSA to the School Business Administrator/Board Secretary.

4425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a support staff member disabled by accident or injury arising out of and in the course of employment. Any such employee shall seek the workers' compensation benefits to which he/she is entitled by law.

An employee whose disability has qualified for the receipt of workers' compensation benefits shall be presumed eligible for work related disability pay under this policy. When an employee's disability is so brief as to preclude the employee's application for worker's compensation benefits, the employee may request and the Board may grant work related disability pay.

Any employee who qualified for work related disability pay under this policy shall receive full pay during the period he/she is on disability leave of absence, up to one calendar year.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for his/her work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

4425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – SUPPORT STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary or designee, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;

2. The injured staff member's capabilities to assume modified duties or responsibilities;

3. The availability of modified duties and responsibilities within the district at the time; and/or

4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

This Modified Duty Early Return to Work Program will be administered consistent with applicable Federal and State laws and in accordance with provisions of collective bargaining agreements within the district.

Adopted: 14 July 2026

4431 UNCOMPENSATED LEAVE

The Board of Education may grant a leave of absence without pay on the application of a support staff employee for the purpose of recuperation, study, travel, child care, or other approved leaves provided that the employee agrees to return to employment in this district not later than the beginning of the school year following the termination of the period for which the leave is granted.

The Board reserves the right to specify the conditions not otherwise covered by the terms of a negotiated agreement under which uncompensated leave may be taken. Uncompensated leave may be granted only to permanent employees who have completed the required amount of years of service in this district.

A request for uncompensated leave shall be made to the Superintendent in advance of the date on which the proposed leave will begin. A waiver to that rule may be granted in emergency situations. All applications for uncompensated leave are subject to final approval by the Board.

Uncompensated leaves may be granted for a period of time approved by the Superintendent.

An extension of an uncompensated leave will be considered upon application to the Superintendent.

A change in the purpose of a leave must be reported to the Superintendent. The Board reserves the right to terminate any uncompensated leave of absence for which the purpose has been altered.

An employee absent on uncompensated leave must return to the school district at the termination of the leave; an employee's failure to do so will be considered an abandonment of employment. An employee who returns from an uncompensated leave will be offered a position for which he/she is qualified. Time spent on an uncompensated leave of absence will not count as time on the job for any purpose.

4433 VACATIONS

The Board of Education believes that it is beneficial to the school district that persons employed to work twelve months a year be given periodic relief from the responsibilities of their position without loss of compensation.

The Board reserves the right to determine the conditions under which vacation time may be taken when not otherwise covered by the terms of a negotiated agreement or in an individual contract with the Board.

4434 HOLIDAYS

The Board of Education will compensate support staff members for holidays in accordance with the holiday provisions of current valid negotiated contracts or in an individual contract with the Board.

N.J.S.A. 36:1-1

4435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not otherwise covered by the terms of the negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at parturition, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after parturition, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in district operations. Whenever possible, partial year leaves of absence will begin and end at divisions in the academic calendar and will cause not more than one interruption in employment continuity during the school year in which the leave is taken. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

4437 MILITARY LEAVE

The Board of Education recognizes that military service rendered by any district employee in the defense of the country or in maintaining preparedness for conflict, foreign or domestic, is a service benefiting all citizens. A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve, or United States Marine Corps Reserve, or other organization affiliated therewith, including the National Guard of other States, shall be entitled, in addition to pay received, if any, as a member of a reserve component of the Armed Forces of the United States, to a leave of absence from his or her respective duty without loss of pay or time on all work days on which he or she shall be engaged in any period of Federal active duty, provided, however, that such leave of absence shall not exceed thirty work days in any calendar year. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. Any leave of absence for such duty in excess of thirty work days shall be without pay, but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

Military leave with pay is not authorized for Inactive Duty Training (IDT) as defined in N.J.A.C. 5A:2-2.1.

The district will provide benefits and rights for staff on military leave as required by Federal and State laws.

Pursuant to N.J.S.A. 52:13H-2.1, in accordance with the provisions of Article VIII, Section II, paragraph 5 of the New Jersey Constitution, upon application by the district to the State Treasury and approval of the application by the Director of the Division of Budget and Accounting, reimbursement shall be made by the State of New Jersey for any costs incurred as a result of the provisions of P.L. 2001, Chapter 351.

4438 JURY DUTY

The Board of Education will indemnify all full-time employees against loss of pay incurred by a call to jury duty. No employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent will not be charged against personal leave and will count toward district service.

A full-time employee who is absent from their school district duties while on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the support staff member is present for jury duty. In the event there is any jury duty compensation, excluding mileage and lodging, paid to the employee for their time on jury duty, the employee will reimburse the school district the amount of any jury duty compensation paid to the staff member.

An employee summoned to jury duty shall promptly report the summons to his/her immediate supervisor.

On return from jury duty, the employee must submit to his/her immediate supervisor a court record of the number of days served on jury duty.

While on jury duty, an employee must report daily to his/her supervisor the schedule for the following day and must report to work when he/she is excused from jury duty for half a day or more or suffer loss of pay.

5111.4 ADMISSIONS FOR VOCATIONAL SCHOOLS

The county vocational school Board of Education shall follow the rules prescribed in N.J.S.A. 18A:54. In accordance with N.J.A.C. 6A:19-2.3(b), the Board approves the following process for admission to the school:

Admissions Basics

1. Applicants must currently be in eighth grade as of September of the previous year of requested admission.

2. The admissions process requires seventh grade final grades, seventh grade NJSLA test scores (Math and ELA) or an admissions test only for Math, Science and Engineering applicants (Math test only) and for applicants that are missing seventh grade NJSLA score (Math and ELA tests), one teacher recommendation, and a video submission. Admission to the Academy for Performing Arts also requires an audition.

3. An applicant is considered a Morris County resident if they are domiciled in Morris County during the application window of September to November of the previous school year. A domiciled address is listed on the Federal tax return and driver's license. Morris County residents will always be given preferential admission consideration over non-Morris County residents. The Morris County Vocational School District will admit neighboring county students if they are eligible for admission, seats are available, and the resident county does not offer the academy program to which the student applied. Some academies are so competitive that out-of-county residents can't be considered. Non-Morris County applicants that are deemed eligible will not be entered into the random selection process. Instead, eligible non-Morris County applicants will be placed directly at the end of the waitlist or offer list, depending on the number of eligible applicants for each program.

4. Admitted applicants will begin their ninth grade year in September. Applicants cannot change their academy once they become a student at the Morris County Vocational School District. If a student is accepted to an academy and they subsequently withdraw, they will not be able to return to the academy program later.

5. Applicants must apply to only one academy. Applicants can change their academy choice until December of their previous requested admission year, by contacting the Admissions Department via email (applicantsmcvts.org). No requests for changes will be accepted after this date.

6. Applicants applying to the Academy for Math, Science, and Engineering must be in Algebra 1 during the admissions window and complete the course by the end of the eighth grade academic year or have previously taken Algebra 1 in school. Applicants must complete Algebra 1 in school. It will be confirmed by reviewing the eighth grade final transcript. If the applicant's Middle School does not offer Algebra 1, alternatives are accepted.

7. Homeschooled and private school students may not have all the data required. The admissions committee will review the available information for these applicants and conduct an independent review. The applicant should email applicantsmcvts.org to inform them that the applicant has not completed the required criteria for the next steps.

8. The applicant must complete the application, including the video statement, by November of the previous school year.

Guide to Applying

Phase 1:

1. The applicant must access the online application and create an account to apply to an academy. The application is open from September to November of the previous school year. Once the applicant creates an account, they can access the application dashboard anytime by logging into their account with instructions posted on the district website.

2. Note that the applicant must enter the name and email address of the middle school counselor or person at the middle school who will complete the middle school portion of the application.

3. Note that the applicant must enter in the application the name and email address of a teacher who will provide a recommendation for the applicant. The applicant should communicate with a teacher before applying to forewarn the teacher. The teacher will receive a recommendation link once the student completes the application.

4. Students with IEPs or 504s may be entitled to admissions test accommodations. If the applicant has an IEP or 504 and is allowed test accommodations, they will need to provide the email address of their case manager on the application. This only applies to the applicants that are required to take the admissions test - Math, Science, and Engineering applicants and applicants without seventh grade NJSLA scores.

5. Once the application is complete, the applicant can continue to log into the application dashboard and check the status of their application. Upon submission of the application, a confirmation email will be sent to the email address that was used to create the application account. The email will include an Academy Applicant Parent/Guardian Release Form. The applicant's parent/guardian must print the form, complete the required information, and provide it to their child's school counselor. The application will not be complete until the Morris County Vocational School District Admissions Office receives the required information from the middle school.

Phase 2:

1. The applicant will take the admissions test on the test day selected on the application. Only Math, Science, and Engineering applicants (Math test only) and applicants that are missing seventh grade NJSLA scores will be required to take the admissions test.

2. The applicant (except for Performing Arts applicants) will submit the required video statement via a link in the application. Please see the video submission instructions below.

3. The applicant should follow up with the middle school counselor to ensure they have submitted the required data.

4. The applicant should follow up with the recommender to ensure they have submitted the required recommendation.

Phase 3:

1. Morris County Vocational School District will compile applicants' scores using the criteria outlined in the rubric. The district will determine an appropriate minimum score for each academy. Applicants at or above this score will advance to the random selection process.

2. Applicants who don't meet the minimum score will receive a non-acceptance notice (approximately mid-January). The remaining applicants who meet or exceed the minimum score will move to the random selection process.

3. The random selection process will determine which of the remaining applicants secure seats in the academy and which will go on a waitlist. Note: The Admissions Department uses a random selection process only if there are more qualified applicants than seats in the academy program.

Phase 4:

1. The Admissions Department will notify applicants of the acceptance and waitlist results by mid-January. Once accepted or waitlisted, applicants with an IEP or 504 must submit the document to the district via email by the deadline for committing to the academy program.

2. The Admissions Department will contact waitlisted students via email regarding their waitlist number. The Admissions Department will contact applicants via email should a seat in their position open. The Admissions Department can continue to accept students from the waitlist until August of the start of the school year, except for the Academy for Math, Science, and Engineering. Those applicants will not be accepted once the mandatory orientation in July begins.

3. Students can accept or decline the offer of admission in the application dashboard.

Rubric

The admissions criteria can be found via the rubric listed on the district website. Note that the district does not share the teacher recommendation with the applicant and does not disclose the video submission rubric and score.

Applicants Grades

The applicant's middle school will directly enter the final grades from seventh grade for English, Math, Science, and Social Studies subjects. The district will average the grades and convert them into a rubric score. The Admissions Department will send these results to applicants.

Honors classes carry no additional weight in the rubric. Not all middle schools offer honors courses, and it would be unfair to penalize students who do not have access to honors-level classes.

Recommendations

Applicants will provide the name and contact details of one middle school teacher as a Recommender when completing the application. The Recommender will receive a request to submit a recommendation on the applicant's behalf. Recommenders will not be writing personal recommendations but will complete a form. It is the applicant’s responsibility to ensure the Recommenders complete the form by November of the previous year. The application dashboard will indicate if the recommendation is complete. Applicants will not have access to the score results.

It is vitally important that applicants ensure the email addresses and phone numbers provided in the application are correct and current.

Video Submission

Applicants (except for Performing Arts applicants) will follow instructions via this link:

Video Statement Requirements and Instructions

Applicants provide a link to their video directly in their application. The video is due by November of the previous year. A review panel will score the videos using a rubric. Applicants will not have access to the score results or rubric.

Admissions Test

Only Math, Science, and Engineering applicants (Math test only) and applicants that are missing seventh grade NJSLA scores will be required to take the admissions test. The test covers math and English language arts. Each test section will be one hour, computer-based and multiple-choice.

The math admissions test for the Academy for Math, Science, and Engineering is the Accuplacer QAS. Reference the Test Details Documents for more information about the Accuplacer QAS exam. Applicants are not permitted to use a personal calculator on the math test unless they have an IEP or 504 accommodation that dictates they can use a personal calculator.

The applicant will choose an available test date when completing the application. All testing is at the Morris County School of Technology, 400 East Main Street, Denville, NJ 07834. On the test date, applicants will follow the signs to the testing check-in location. Rescheduling a test is only done in extreme circumstances (i.e., doctor's note). If the applicant must reschedule, they are required to send a request email to applicants (mcvts.org for consideration. The Admissions Department cannot guarantee it will change a test date.

The Admissions Department will send admissions test results via email to applicants by mid-December.

Academy for Math, Science, and Engineering applicants only - Math, Science, and Engineering Math Test

The Math, Science, and Engineering math test is the Accuplacer Quantitative Reasoning, Algebra, and Statistics (QAS) test. The test will be computer-based and will include twenty multiple-choice questions.

Test Accommodations/Modifications

Applicants without NJSLA exam scores or Academy for Math, Science, and Engineering applicants with current IEPs and 504s will receive test accommodations and modifications per their Statewide/District Testing portion of their IEP/504 for their admissions test. Applicants will receive the eligible accommodations for the test. The applicant's middle school will be responsible for providing the test accommodations and modifications. Middle schools will input test accommodations and modifications directly into the application dashboard. The Admissions Department will confirm test accommodations with applicants prior to them taking the admissions test. The applicant's school should complete this required step as soon as possible to ensure no test delays.

Audition (Academy for Performing Arts Applicants Only)

Applicants to the Academy for Performing Arts

Dance, or Musical Theatre will participate in an in-person audition. Auditions are in December of the previous year. The Admissions Department will announce more audition details in mid-late November.

Audition Details

Dance or Musical Theater

Applicants will not have access to the audition score results or rubric.

Admissions Status and Notifications

Notification of admissions status will be available through the application dashboard. The dashboard will include recommendation submission status, case manager form status, middle school documents status, acceptance, non-acceptance, and waitlist status.

Students with Accommodations/Modifications

IEPs and 504 plans are not part of the admissions decision process. However, Morris County Vocational School District will request IEP and 504 documents for all admitted and waitlisted students during the registration process to ensure that proper support is put in place for the following school year.

Families of students with IEPs or 504 plans may need assistance in choosing the academy that best fits the student's needs while offering the least restrictive environment for success in high school. Students with IEPs or 504s may be entitled to admissions test accommodations. If the applicant has an IEP or 504 and is allowed test accommodations, they will need to provide the email address of their case manager on the application.

Appeal Process

There will be an appeal process for applicants that are not accepted. Applicants that are not accepted will be contacted via email with a link to an appeal form. An appeal deadline date will be announced at that time.

Accessibility

In addition to this handbook, the online application is translatable to any language via the Google Translation application by clicking on the Google Translate link in the upper right-hand corner of the application for language options. Further assistance with the application or video submissions (i.e., computer access, disabilities, etc.), contact the Admissions Department via email at applicants@mcvts.org.

Contact Procedures

All admissions correspondence is via email due to the sensitive and specific nature of admissions. When emailing the Admissions Department, include the applicant's name and the academy to which the student applied. Contact the Admissions Department at applicants@mcvts.org.

5118 RETURN TO RESIDENT SCHOOL DISTRICT

The schools and academies of the Morris County Vocational School District (MCVSD) are "schools of choice." Students from throughout Morris County must apply for admission and undergo a screening process to ensure that those accepted display traits, abilities, and interests compatible with the specialized curricula and programs offered by the district. In doing so, the district is able to more closely meet the academic needs and career-technical interests of students. In accepting admission to MCVSD, students readily waive enrollment in their local high school.

As schools of choice, the programs of the specialized schools of the Morris County Vocational School District exist to serve the academic and career interests of students who display particular talents, aptitudes, skills, and motivations. Students demonstrate a commitment to pursue a program of study in a specific career field through academic performance, adherence to the code of conduct, and consistent attendance to the program. The Board believes the educational goals of Morris County Vocational School District are best implemented by a student's exposure to the entire educational program and every student must be able to complete the program of instructions appropriate to his/her needs.

Consequently, when in the judgment of school administrators, it becomes apparent that a student is no longer profiting from the specialized program to which he/she applied and is enrolled, the school will initiate actions to return the student to his/her resident district. A student may be returned to their sending district when a pattern or single significant incident of unacceptable conduct results in discipline, excessive absenteeism, or poor academic performance.

It is recognized by the Morris County Vocational School District Board of Education that in order for a thorough and efficient education to take place there must be an organized and controlled environment. It is also recognized that due to the nature of vocational training, the safety of students, staff members, and others is of utmost importance.

Consistent attendance is critical to a student's success in a Career and Technical Education (CTE) program. Too many absences (whether excused or unexcused) impact a student's ability to benefit from the practical training which is an essential part of the vocational program of study. Therefore, the inability to participate in or perform the essential tasks required for graduation may cause the student to be returned to his/her resident school district.

A decision to return a student to his/her resident school district shall be made by the Superintendent after consultation with school administrators and staff members who have knowledge of the student's academic, conduct and/or attendance records. Prior to making a final determination, the Superintendent will schedule a conference with the parent(s) and student to

discuss the circumstances leading up to the decision to return the student to his/her resident district. Depending on the circumstances, the Superintendent may offer the student continued enrollment if the student can demonstrate their ability and willingness to comply with required conditions and the parent(s) is in agreement.

At the discretion of the Superintendent the student may be required to undergo a psychological or psychiatric evaluation to assess the nature of his/her behavior. If appropriate, the student may be evaluated by the Child Study Team as part of his or her overall assessment.

In all cases, the determination for return to district will be predicated upon the safety of the student and staff population, the security and integrity of district equipment and software, and the reasonable likelihood of the student to profit academically from the school program. The Superintendent shall establish the degree of order necessary to the educational program in which students are engaged.

If it is the recommendation of the Superintendent, the student may be issued a behavioral contract which will guide his/her continued enrollment. Breech of this contract will result in the student's return to the resident school district.

Students recommended for return to district will be dismissed in a manner that maintains the safety and security of all students and staff and, at the same time, takes into consideration the welfare of the dismissed student. In many cases, such dismissal will be timed to coincide with the end of a marking period. However, the administration reserves the right to immediately return a student to his or her resident district.

In instances in which a student is returned to district, the guidance department of the Morris County Vocational School District (or the guidance department of the host school district in the case of a satellite academy student) will work with guidance staff of the resident district to insure a timely transfer of student records.

Due Process

The following procedure will be followed in the consideration of returning a student to his/her resident school district on a case-by-case basis:

1. The student will have a meeting with a building administrator who will provide advanced notice of behaviors that will result in the student being returned to the resident district.

2. The student will be given an opportunity to present his/her reasons for his/her actions.

3. An administrative determination will be made on the basis of the information available.

4. This procedure may result in disciplinary action and/or removal from the district for other academic or safety reasons. If suspension or dismissal is deemed necessary, the student, and parent will be informed directly of this decision.

5. Students and parents who disagree with a decision to return a student to the resident district, may write to the Board to express their disagreement and if a request is made in writing a student or parent may make an informal appearance and appeal before the Board as to why the student should not be returned to the resident district.

These general guidelines will be reviewed and modified, as appropriate, by the Morris County Vocational School District together with the Morris County Vocational School District Board of Education.

Adopted: 14 July 2026

5120 ASSIGNMENT OF STUDENTS

The Board of Education directs the assignment of students to the schools, programs, and classes of this district consistent with the best interests of students and the best uses of the resources of this district.

Students shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a student to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interest of the student. Every effort will be made to continue a student in the same elementary school once the student has been enrolled in that elementary school.

The Superintendent shall assign incoming transfer students to the school in their attendance area of their residence provided the district's school or class size requirements can accommodate the student's enrollment. The Building Principal may assign students in his/her school to grades, classes, and groups on the basis of the needs of the student as well as the sound administration of the school.

In accordance with the provisions of N.J.S.A. 18A:36-38a.(2), a parent of twins or higher order multiples enrolled in the same ninth through twelfth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The placement of such children shall be made at the discretion of the Principal in the best interest of the school and its students. The parent may appeal the Principal's classroom placement decision to the Board of Education, which shall make a final determination on the placement.

The written request must be submitted to the Principal no later than fourteen days after the first day of each school year. Parents of twins or higher order multiples enrolling after the school year commences shall request the classroom placement in writing no later than fourteen days after the first day of attendance.

In accordance with the provisions of N.J.S.A. 18A:36-38.(2)(b), a Principal may, after consultation with the students' parent and teachers at the end of the initial grading period, request the Board make a different classroom placement determination for the twins or higher order multiples if the initial classroom placement is determined to be disruptive to any of the students in the class or classes, or if the Principal concludes the initial placement does not sufficiently support the students' academic or social development. Upon receiving such request, the Board shall make a final classroom placement determination.

"Higher order multiples" means triplets, quadruplets, quintuplets, or larger group siblings born at one birth. Provisions of N.J.S.A. 18A:36-38 do not apply to a school district which maintains only a single classroom for the grade level in which twins or higher order multiples are enrolled. The parent shall be responsible for any additional student transportation costs that are incurred by the district as a result of providing the requested classroom placement, unless the district is in agreement with the placement. In the event one of the twins or higher order multiples receives special education services, the requested placement shall not be accommodated if the placement is inconsistent with a student's Individualized Education Plan.

N.J.S.A. 18A:36-38

Adopted: 14 July 2026

5130 WITHDRAWAL FROM SCHOOL

The Board of Education believes that the educational goals of this district are best implemented by a student's exposure to the entire educational program and that every student enrolled in this district should be encouraged to complete the program of instruction appropriate to his/her needs. No student below the age of sixteen will be permitted to withdraw from school.

The Board directs that efforts be made to determine the underlying reason for a student's decision to withdraw from school before the completion of the instructional program. A potential dropout student will be offered counseling and an opportunity to plan an instructional program appropriate to his/her career goals. No student under the age of eighteen will be permitted to withdraw without the written consent of the student's parent(s) or legal guardian(s).

Counseling services and information regarding high school equivalency programs will be made available to any student sixteen years of age or older who decides to withdraw from school before completion of the requirements for a diploma. A student who has withdrawn from school may apply for readmission at any time prior to his/her twentieth birthday, provided application for readmission is made at the beginning of a school term.

Adopted: 14 July 2026

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

For the purpose of this Policy and Regulation 5200, "parent" means the natural parent(s), adoptive parent(s), legal guardian(s), resource family parent(s), or surrogate parent(s) of a student. When parents are separated or divorced, "parent" means the person or agency who has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, "excused" and "unexcused" student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, retention, and the award of course credit is a Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student's absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student's absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student's parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4. and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

5230 LATE ARRIVAL AND EARLY DISMISSAL

The Board of Education requires that students be in attendance for the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a student be late to school or dismissed from school before the end of the school day.

The Principal may excuse for cause the late arrival and early dismissal of a student on the prior written request of the student's parent(s) or legal guardian(s). Good cause may include, but need not be limited to, medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, and court appearances.

No student will be permitted to leave the school before the end of the school day except in the presence of the student's parent(s) or legal guardian(s), or an agent of the parent(s) or legal guardian(s) who has written authorization, or in the custody of agents of the State acting in their legal capacity. Students who are eighteen and/or driving privileges may sign themselves out with verbal or written approval by parent.

The Principal shall maintain a record of the parent(s) or legal guardian(s) of each student. If one parent has been assigned custody of the student by court order or separation agreement and wishes to limit the noncustodial parent's access to the student, the parent in custody must inform the Principal of any such limitation and may request that his/her authorization be required before the noncustodial parent is granted access. In the absence of such notice, the Principal will presume that a student may be released into the care of either parent.

A student who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

Adopted: 14 July 2026

5240 TARDINESS

The Board of Education believes that promptness is an important element of school attendance. Students who are late to school or to class miss essential portions of the instructional program and create disruptions in the academic process for themselves and other students.

Tardiness to school or class that is caused by a student's illness, an emergency in the student's family, the observance of a religious holiday, a death in the student's family, or by the student's compliance with a request or directive of an administrator will be considered justified and is excused. All other incidents of tardiness will be considered unexcused.

Students who report up to ten minutes late to class without a pass shall be considered tardy. Every five tardies in a course shall result in one unexcused absence.

All lateness exceeding ten minutes without a pass, with the exception of the late arrival of a district school bus, will be considered a cut from class and result in disciplinary action.

A student who develops a pattern of tardiness, excused or unexcused, will be offered counseling with an appropriate staff member to determine the cause of the tardiness.

5250 EXCUSAL FROM CLASS OR PROGRAM

The Board of Education directs that a student be excused from any part of the instructions in health education, family life education, sex education, or instruction that includes dissection of animals that the parent(s) or legal guardian(s) of the student or the adult student finds morally, conscientiously, or religiously offensive. A request for excusal must be presented in a signed statement and submitted to the Principal.

An excused student shall be assigned to an alternate program of independent study on a substitute topic within the health education, family life education, or sex education program. The parent's or legal guardian's right of excusal applies to any alternate program as well.

No excused student will be penalized by loss of credit as a result of his/her excusal, but a student will be held accountable for successful completion of any alternate program assigned.

5300 AUTOMATED EXTERNAL DEFIBRILLATORS (AEDS)

The American Heart Association estimates many lives could be saved if defibrillators were more widely available. Due to technological advances, automated external defibrillators (AEDs) may be used by lay persons without any training to provide defibrillation within the first minutes of cardiac arrest thereby increasing the victim's chances of survival. In accordance with N.J.S.A. 18A:40-41.a, the Board of Education shall ensure every school in the school district has an AED as defined in N.J.S.A. 2A:62A-24. The AED shall be made available in an unlocked location on school property with an appropriate identifying sign. The AED shall be accessible during the school day and any other time when a school-sponsored athletic event or team practice is taking place in which students of the school district are participating. The AED shall be within reasonable proximity of the school athletic field or gymnasium, as applicable.

A team coach, licensed athletic trainer, or other designated staff member if there is no coach or licensed athletic trainer, who is present during athletic events or team practices, shall be trained in cardio-pulmonary resuscitation and the use of the AED in accordance with the provisions of N.J.S.A. 2A:62A-25.a. The school district shall be deemed to be in compliance with N.J.S.A. 2A:62A-25.a, if a State-certified emergency services provider or other certified first responder is on site at the event or practice.

Each AED in the school district shall be tested and maintained according to the manufacturer's operational guidelines. Notification shall be provided to the appropriate first aid, ambulance, rescue squad, or other appropriate emergency medical services provider regarding the AED, the type acquired, and its location in accordance with N.J.S.A. 2A:62A-25.b and c.

The school district and its employees shall be immune from civil liability in the acquisition and use of AEDs pursuant to the provisions of N.J.S.A. 2A:62A-27.

In accordance with the provisions of N.J.S.A. 18A:40-41.b, the Superintendent of Schools or designee shall establish and implement an Emergency Action Plan applicable to each school in the school district for responding to a sudden cardiac event including, but not limited to, an event in which the use of an AED may be necessary. The Emergency Action Plan shall be consistent with the provisions of N.J.S.A. 18A:40-41.a and, at a minimum, shall include a list of no less than five school employees, team coaches, or licensed athletic trainers who hold current certifications from the American Red Cross, American Heart Association, or other training programs recognized by the Department of Health and Senior Services in cardio-pulmonary resuscitation and in the use of an AED. This list shall be updated, if necessary, at least once in each semester of the school year. The Emergency Action Plan shall also include detailed

procedures on responding to a sudden cardiac event including, but not limited to, the identification of the persons in the school who will be responsible for responding to the person experiencing the sudden cardiac event; calling 911; starting cardio-pulmonary resuscitation; retrieving and using the AED; and assisting emergency responders in getting to the individual experiencing the sudden cardiac event.

A student shall not knowingly be admitted or retained in school if the parent has not submitted acceptable evidence of the child's immunization, according to schedules specified in N.J.A.C. 8:57-4 – Immunization of Pupils in School. 5330 ADMINISTRATION OF MEDICATION

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of an illness of any student. However, in order for many students with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of students. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to students in school by the school physician, a certified or noncertified school nurse, a substitute school nurse employed by the district, the student's parent, a student who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine and hydrocortisone sodium succinate in an emergency pursuant to N.J.S.A. 18A:40-12.5, 12.6, 12.29, and 12.30.

Self-administration of medication by a student for asthma or other potentially life-threatening illnesses, a life threatening allergic reaction, or adrenal insufficiency is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

The school nurse shall have the primary responsibility for the administration of epinephrine and hydrocortisone sodium succinate to the student. However, the school nurse may designate, in consultation with the Board or the Superintendent, additional employees of the district who volunteer to be trained in the administration of epinephrine via a pre-filled auto-injector mechanism and the administration of hydrocortisone sodium succinate using standardized training protocols established by the New Jersey Department of Education (NJDOE) in consultation with the Department of Health when the school nurse is not physically present at the scene.

In accordance with the provisions of N.J.S.A. 18A:40-12.6.d, no school employee, including a school nurse or any other officer or agent of a Board of Education or a physician or an advanced practice nurse providing a prescription under a standing protocol for school epinephrine pursuant to N.J.S.A. 18A:40-12.5 and/or hydrocortisone sodium succinate pursuant to N.J.S.A. 18A:40-12.29, shall be held liable for any good faith act or omission consistent with the provisions of N.J.S.A. 18A:40-12.5 and N.J.S.A. 18A:40-12.29, nor shall any action before the New Jersey State Board of Nursing lie against a school nurse for any such action taken by a person designated in good faith by the school nurse pursuant to N.J.S.A. 18A:40-12.6.d and N.J.S.A. 18A:40-12.33. Good faith shall not include willful misconduct, gross negligence, or recklessness.

The school nurse or designee shall be promptly available on site at the school and at school-sponsored functions in the event of an allergic reaction or an emergency requiring the administration of hydrocortisone sodium succinate. In addition, the parent must be informed that the school district, its employees and agents shall have no liability as a result of any injury arising from the administration of epinephrine or hydrocortisone sodium succinate to the student.

The parent of the student must sign a statement acknowledging their understanding the district shall have no liability as a result of any injury arising from the administration of the epinephrine via a pre-filled auto-injector mechanism or the administration of hydrocortisone sodium succinate to the student. In addition, the parent shall indemnify and hold harmless the district and its employees or agents against any claims arising out of the administration of the epinephrine via a pre-filled auto-injector mechanism or the administration of hydrocortisone sodium succinate to the student.

The permission for the emergency administration of epinephrine via a pre-filled auto-injector mechanism containing epinephrine to students for anaphylaxis and/or the emergency administration of hydrocortisone sodium succinate for adrenal insufficiency is effective for the school year it is granted and must be renewed for each subsequent school year.

Each school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar accessible location. Each certified school nurse or other persons authorized to administer asthma medication will receive training in airway management and in the use of nebulizers and inhalers consistent with NJDOE regulations. Every student that is authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 or a nebulizer must have an asthma treatment plan prepared by the student's physician which shall identify, at a minimum, asthma triggers, the treatment plan, and other such elements as required by the State Board of Education.

All student medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by students. In those instances the medication may be retained by the student with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the student's educational progress with such information about the medication and its administration as may be in the student's best educational interests. The school nurse may report to the school physician any student who appears to be affected adversely by the administration of medication and may recommend to the Principal the student's exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a student. Students self-administering medication shall report each incident to a teacher, coach, or other individual designated by the school nurse who is supervising the student during the school activity when the student self-administers. These designated individuals shall report such incidents to the school nurse within twenty-four hours of the self-administration of medication. The school nurse shall preserve records and documentation regarding the self-administration of medication in the student's health file.

The Board of Education, in accordance with the requirements of N.J.S.A. 18A:40-12.22, must adopt a Policy authorizing parents and designated caregiver(s) to administer medical cannabis to a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event. The parent of a qualifying student patient requesting the administration of medical cannabis to the student while on school grounds, aboard a school bus, or attending a school-sponsored event must comply with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. and Policy and Regulation 5330.01.

A student enrolled in the school district must be authorized to engage in the medical use of cannabis pursuant to N.J.S.A. 24:6I-1 et seq. and that the parent or designated caregiver(s) be authorized to assist the student with the medical use of cannabis pursuant to N.J.S.A. 24:6I-1 et seq. The student and the designated caregiver(s) must complete registration with the Cannabis Regulatory Commission in accordance with the requirements of N.J.S.A. 24:6I-4.

The Principal, in consultation with the school nurse, the school physician, and the Superintendent of Schools, will review each request and upon approval will inform the parent in writing of the approval with details for the administration of medical cannabis to the qualifying student patient. The medical use of cannabis by a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event will only be authorized after the written approval from the Principal is provided to the parent.

Medical cannabis may only be administered to the qualifying student patient while the student is on school grounds, aboard a school bus, or attending a school-sponsored event by the designated caregiver(s) in accordance with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. The designated caregiver(s) shall comply with the requirements of the Principal's written approval for the administration of medical cannabis to the qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event.

All health records related to the administration of medical cannabis to a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event shall be maintained in accordance with the requirements of N.J.A.C. 6A:16-2.4 and N.J.A.C. 6A:32-7.4.

No person shall be subject to arrest or prosecution for constructive possession, conspiracy, or any other offense for simply being in the presence or vicinity of the medical use of cannabis as authorized under N.J.S.A. 24:6I-1 et seq. or N.J.S.A. 18A:40-12.22. No custodial parent or person who has legal custody of a qualifying student patient who is a minor shall be subject to arrest or prosecution for constructive possession, conspiracy, or any other offense for assisting the minor in the medical use of cannabis as authorized under N.J.S.A. 24:6I-1 et seq. or N.J.S.A. 18A:40-12.22.

5330.04 ADMINISTERING AN OPIOID ANTIDOTE

N.J.S.A. 18A:40-12.24.a requires schools to adopt a Policy for the emergency administration of an opioid antidote to a student, staff member, or other person who is experiencing an opioid overdose.

N.J.S.A. 18A:40-12.24.a.(1) requires schools with any of the grades nine through twelve to comply with the provisions of the law.

N.J.S.A. 18A:40-12.24 requires a school to obtain a standing order for opioid antidotes pursuant to the "Overdose Prevention Act" - N.J.S.A. 24:6J-1 et seq. The school shall maintain a supply of opioid antidotes under the standing order in a secure, but unlocked and easily accessible location. The opioid antidotes shall be accessible in the school during regular school hours and during school-sponsored functions that take place in the school or on school grounds adjacent to the school building.

The school nurse and a designated employee who volunteers to administer an opioid antidote pursuant to N.J.S.A. 18A:40-12.24.c. are required to be trained for the administration of an opioid antidote in accordance with N.J.S.A. 18A:40-12.25.b. The school nurse or a designated employee who volunteers to administer an opioid antidote shall be promptly available on site at the school during regular school hours and during school-sponsored functions that take place in the school or on school grounds adjacent to the school building at any time.

N.J.S.A. 18A:40-12.24 permits the school nurse or a designated trained employee to administer an opioid antidote to any person whom the nurse or the trained designated employee who in good faith believes is experiencing an opioid overdose.

An overdose victim shall be transported to a hospital emergency room by emergency medical responders after the administration of an opioid antidote, even if the person's symptoms appear to have resolved.

In accordance with N.J.S.A. 24:6J-4.a.(1)(f), a prescriber or other health care practitioner, as appropriate, may prescribe or dispense an opioid antidote directly or through a standing order to a school, school district, or school nurse. In accordance with N.J.S.A. 24:6J-4.a.(2)(c), whenever the law expressly authorizes or requires a school or school district to obtain a standing order for opioid antidotes, the school nurse(s) employed or engaged by the school or school district shall be presumed by the prescribing or dispensing health care practitioner to be capable of administering the opioid antidote, consistent with the express statutory requirement.

Notwithstanding the provisions of N.J.S.A. 24:6J-4.a.(3)(b) to the contrary, if the law expressly authorizes or requires a school, school district, or school nurse to administer or dispense opioid antidotes pursuant to a standing order under N.J.S.A. 24:6J-4 et seq., the standing order issued shall be deemed to grant the authority specified by the law, even if such authority is not specifically indicated on the face of the standing order.

In accordance with the provisions of N.J.S.A. 18A:40-12.26, no school employee, including a school nurse or any other officer or agent of a Board of Education or charter school, or a prescriber of opioid antidotes for a school through a standing order, shall be held liable for any good faith act or omission consistent with the provisions of N.J.S.A. 18A:40-12.23 et seq. Good faith shall not include willful misconduct, gross negligence, or recklessness.

Any school, school district, school nurse, school employee, or any other officer or agent of a Board of Education or charter school who administers or permits the administration of an opioid antidote in good faith in accordance with the provisions of N.J.S.A. 18A:40-12.24 and pursuant to a standing order issued under N.J.S.A. 24:6J-4 shall not, as a result of any acts or omissions, be subject to any criminal or civil liability or any disciplinary action for administering, or permitting the administration of, the opioid antidote in accordance with N.J.S.A. 24:6J-1 et seq. Nothing in this Policy shall be interpreted to prohibit the administration of an opioid antidote to a student, staff member, or other person in an emergency during school hours or during on-site school-sponsored activities by an emergency medical responder or other person authorized by law to administer an opioid antidote, in accordance with N.J.S.A. 24:6J-1 et seq.

The Overdose Prevention Act provides that when a person, in good faith, seeks medical assistance for an individual believed to be experiencing a drug overdose, whether the person is seeking assistance for himself/herself or another, the person calling for help and the person experiencing the overdose shall not be arrested, charged, prosecuted, or convicted for certain criminal offenses enumerated in N.J.S.A. 2C:35-30(a)(1-6) and N.J.S.A. 2C:35-31(a)(1-6).

Notwithstanding the provisions of any law, rule, regulation, ordinance, or institutional or organizational directive to the contrary, any person or entity authorized to administer an opioid antidote pursuant to N.J.S.A. 24:6J-4, may administer to an overdose victim, with full immunity: a single dose of any type of opioid antidote that has been approved by the United States Food and Drug Administration for use in the treatment of opioid overdoses; and up to three doses of an opioid antidote that is administered through an intranasal application, or through an intramuscular auto-injector, as may be necessary to revive the overdose victim. Prior consultation with, or approval by, a third-party physician or other medical personnel shall not be required before an authorized person or entity may administer up to three doses of an opioid antidote, as provided in N.J.S.A. 24:6J-4, to the same overdose victim.

A school district may enter into a shared services arrangement with another school district for the provision of opioid antidotes pursuant to N.J.S.A. 18A:40-12.27 if the arrangement will result in cost savings for the districts.

This Policy and Regulation 5330.04 shall be reviewed and approved by the school physician prior to Board adoption and whenever this Policy is revised. This Policy shall be made available to school staff members, parents, and students in handbooks, on the school district's website, or through any other appropriate means of publication.

5330.05 SEIZURE ACTION PLAN

The Board of Education requires the development of a seizure action plan, an individualized health care plan, and an individualized emergency health care plan for students with epilepsy or a seizure disorder to care for and treat these students while at school pursuant to N.J.S.A. 18A:40-12.34 et seq.

In accordance with N.J.S.A. 18A:40-12.35, the parent of the student with epilepsy or a seizure disorder seeking epilepsy or seizure disorder care while at school shall submit the student's seizure action plan annually to the school nurse.

In accordance with N.J.S.A. 18A:40-12.35, the school nurse shall develop an individualized health care plan and an individualized emergency health care plan for the student, provided the parents annually provide to the Board written authorization for the provision of epilepsy or seizure disorder care. The school nurse shall update these plans on an annual basis and as necessary in the event there is a change in the health status of the student. These plans shall include the information outlined in N.J.S.A. 18A:40-12.35.

In accordance with N.J.S.A. 18A:40-12.35, all staff members including staff working with school-sponsored programs outside the regular school day shall be trained in the care of students with epilepsy and seizure disorders. All school bus drivers, contracted and district-employed, shall be provided notice and information if they are transporting a student with epilepsy or a seizure disorder pursuant to N.J.S.A. 18A:40-12.36. The school nurse shall obtain a release from the parent of the student to authorize the sharing of medical information in accordance with N.J.S.A. 18A:40-12.37.

No school employee, including a school nurse, school bus driver, school bus aid, or any other officer or agent of the Board, shall be held liable for any good faith act or omission consistent with the provisions of N.J.S.A. 18A:40-12.34 through N.J.S.A. 18A:40-12.38, nor shall an action before the New Jersey State Board of Nursing lie against a school nurse for any such action taken by a person trained in good faith by the school nurse pursuant to N.J.S.A. 18A:40-12.34 through N.J.S.A. 18A:40-12.38. Good faith shall not include willful misconduct, gross negligence, or recklessness.

5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

The Board of Education recognizes students may have allergies to certain foods and other substances and may be at risk for anaphylaxis. Anaphylaxis is a sudden, severe, serious, systemic allergic reaction that can involve various areas of the body (such as the skin, respiratory tract, gastrointestinal tract, and cardiovascular system). Anaphylaxis is a serious allergic reaction that may be rapid in onset and may cause death. Policy 5331 has been developed in accordance with the Guidelines for the Management of Life-Threatening Food Allergies in Schools developed by the New Jersey Department of Education.

An Individualized Healthcare Plan (IHP) and an Individualized Emergency Healthcare Plan (IEHP) will be developed for each student at risk for a life-threatening allergic reaction. Self-administration of medication, the placement and the accessibility of epinephrine, and the recruitment and training of designees who volunteer to administer epinephrine during school and at school-sponsored functions when the school nurse or designee is not available shall be in accordance with N.J.S.A. 18A:40-12 and Board Policy and Regulation 5330. School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur.

The school district will develop and implement appropriate strategies and prevention measures for the reduction of risk of exposure to food allergens throughout the school day, during before- and after-school programs, at all school-sponsored activities, in the cafeteria, or wherever food is present.

A description of the roles and responsibilities of parent(s) or legal guardian(s), staff, and students to prevent allergic reactions and during allergic reactions are outlined in Regulation 5331.

Every incident involving a life-threatening allergic reaction and/or whenever epinephrine is administered throughout the school day, during before- and after-school programs, and/or at all school-sponsored activities shall be reported to the school nurse or designee. The school nurse or designee shall be responsible to notify emergency responders, the Principal or designee, the school physician, and the Superintendent of Schools. The Superintendent shall inform the Board of Education after every incident including a life-threatening allergic reaction or whenever epinephrine is administered by the school nurse or designee. In addition, in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(3), the school nurse or designee shall arrange for the transportation of a student to the hospital emergency room by emergency services personnel after the administration of epinephrine, even if the student's symptoms appear to have resolved.

There will be occasions where food and/or beverages will be served as part of a classroom experience, field trip, and/or celebration. Because the ingredients of these food and beverage products may be unknown to the food preparation person and/or server, a student with anaphylaxis to food should not consume any food products that he/she is unsure of the ingredients. The teacher will provide, whenever possible, advance notice of the classroom experience, field trip, or celebration in order for the student to bring a food or beverage product from their home so they may participate in the activity.

When a parent(s) or legal guardian(s) informs the Building Principal and the school nurse the student may have an anaphylactic reaction to a substance other than food, the Building Principal will work with school staff to determine if these substances are on school grounds. The Building Principal will inform and work with the parent(s) or legal guardian(s) and the student to avoid the student's exposure to these substances if present on school grounds.

School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse or designee will provide appropriate training to school staff to understand allergies to food and other substances, to recognize symptoms of an allergic reaction, and to know the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse will work with appropriate school staff to eliminate or substitute the use of allergens in the allergic student's meals, educational/instructional tools and materials, arts and crafts projects, or incentives.

Policy and Regulation 5331 should be annually reviewed, evaluated, and updated where needed. Policy and Regulation 5331 will be disseminated and communicated to all parent(s) or legal guardian(s) of students in the school in the beginning of each school year and when a student enters the school after the beginning of the school year.

5332 DO NOT RESUSCITATE ORDERS

Federal and State legislation entitles every student to a free, appropriate public education in the least restrictive environment. Due to the high risk of medically fragile students and students with chronic illnesses, who in the past would not have survived to be able to attend school, families, professionals, and school personnel are challenged with new issues in caring for these students in the school setting. Some families may wish not to pursue life-saving medical protocols for their child due to the lack of benefit to the student's condition or quality of life that is likely to result from following these protocols. In accordance with N.J.A.C. 6A:16-2.1(a)3, all Do Not Resuscitate (DNR) orders received for a student will be thoroughly and carefully reviewed.

"Do Not Resuscitate order" or "DNR order" means a written directive signed by the parent or legal guardian of a student who, after consultation with the student's pediatrician and other advisors, declines emergency administration of cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) to the student. "Written order" means a directive and protocol written by the student's medical home to address a healthcare need or provide a medical service for a specific student. "Medical home" means a health care provider and that provider's practice site chosen by the student's parent or legal guardian for the provision of health care.

A family desiring to pursue a DNR order must submit a written order, which should be developed after a meeting with the parent(s) or legal guardian(s), the student, if appropriate, the school physician, the school nurse, the student's family healthcare provider, and the local emergency medical services provider. The written order shall include specific written emergency orders and shall specifically meet the goals for the student. Community emergency medical services protocols must be clearly defined in the written order.

The school nurse is responsible for providing an appropriate response to DNR orders. The school nurse will coordinate the school district's review of the written order with the Building Principal or designee, the school physician, and the Superintendent of Schools or designee. The Superintendent of Schools or designee will review the written order with the Board of Education and the school Board Attorney. The school physician shall be responsible for instructing school staff in DNR orders.

The existence of a DNR written order and plan shall be referenced on the student's health form that is approved for use by the Commissioner of Education. A copy of the DNR written order shall be placed with the student's individualized health record and a copy should be kept with the local emergency medical services provider. The DNR written order shall be reviewed whenever a change occurs in the student's condition and at least once every six months.

5335 TREATMENT OF ASTHMA

The Board of Education recognizes the primary goal for children with asthma is to allow the child to live as normal a life as possible. The child should be able to participate in normal childhood activities, experience exercise tolerance similar to peers, and attend school to grow intellectually and develop socially. In accordance with N.J.A.C. 6A:16-2.1(a)5, the Board adopts this Policy that includes procedures for the treatment of asthma in the school setting.

Every school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar location. Each school nurse in the district shall receive training in airway management and in the use of nebulizers and inhalers consistent with nationally recognized standards including, but not limited to, those of the National Institutes of Health and the American Academy of Allergy, Asthma and Immunology pursuant to N.J.S.A. 18A:40-12.8(a). The school nurse, upon receiving this training, is authorized to administer asthma medication through the use of a nebulizer pursuant to N.J.S.A. 18A:40-12.8(a).

Each student authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 and Policy 5330 or a nebulizer shall have an Asthma Action Plan (AAP) prepared by the student's medical home and submitted to the certified school nurse. The AAP shall identify, at a minimum, asthma triggers and information to be included in the individualized healthcare plan and individualized emergency healthcare plan, pursuant to N.J.A.C. 6A:16-2.3(b) for meeting the medical needs of the student while attending school or a school-sponsored function.

5338 DIABETES MANAGEMENT

Diabetes is a serious chronic disease and must be managed twenty-four hours a day in order to avoid the potentially life-threatening short-term consequences of blood sugar levels that are either too high or too low and the serious long-term complications of high blood sugar levels. In order to manage their diabetes, students must have access to the means to balance food, medications, and physical activity level while at school and at school-related activities.

The parent or legal guardian of a student with diabetes who seeks diabetes care for the student while at school shall inform the school nurse who shall develop an individualized health care plan and an individualized emergency health care plan for the student. The individualized health care plan and individualized emergency health care plan shall be updated by the school nurse prior to the beginning of each school year and as necessary in the event there is a change in the health status of the student.

The school nurse assigned to a particular school shall coordinate the provision of diabetes care at that school and ensure that appropriate staff members are trained in the care of students with diabetes, including staff members working with school-sponsored programs outside of the regular school day, as provided in the individualized health care plan and the individualized emergency health care plan. The school nurse shall have the primary responsibility for the emergency administration of glucagon to a student with diabetes who is experiencing severe hypoglycemia.

The school nurse shall designate, in consultation with the Superintendent of Schools or designee, additional employees of the school district who volunteer to administer glucagon to a student with diabetes who is experiencing severe hypoglycemia. The designated employees shall only be authorized to administer glucagon, following training by the school nurse or other qualified health care professional, when a school nurse is not physically present at the scene.

Upon the written request of the parent or legal guardian and as provided in a student's individualized health care plan, the student will be permitted to manage and care for his/her diabetes as needed in the classroom, in any area of the school or school grounds, or at any school-related activity provided the student has been evaluated and determined to be capable of doing so as reflected in the student's individualized health care plan.

The Principal or school nurse shall, for each student with diabetes whom a school bus driver transports, provide the driver with a notice of the student's condition, how to treat hypoglycemia, who to contact in an emergency, and parent(s) or legal guardian(s) contact information. Designated areas of the school building shall have posted, in plain view, a reference sheet identifying signs and symptoms of hypoglycemia in students with diabetes.

A student's school choice, if there is a choice option, shall not be restricted due to the fact the student has diabetes.

5339 SCREENING FOR DYSLEXIA

In accordance with the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board of Education shall ensure each student enrolled in the school district who has exhibited one or more potential indicators of dyslexia or other reading disabilities is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to the provisions of N.J.S.A. 18A:40-5.2.

In the event a student has no record of being previously screened for dyslexia or other reading disabilities, pursuant to N.J.S.A. 18A:40-5.2, the Board shall ensure the newly-enrolled student is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to N.J.S.A. 18A:40-5.2. This screening shall be administered at the same time other students enrolled in the student's grade are screened for dyslexia and other reading disabilities or, if other students enrolled in the student's grade have previously been screened, within ninety calendar days of the date the student is enrolled in the district. The screenings shall be administered by a teacher or other teaching staff member properly trained in the screening process for dyslexia and other reading disabilities.

For the purposes of this Policy, "dyslexia" means a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

For the purposes of this Policy, "potential indicators of dyslexia or other reading disabilities" means indicators that include, but shall not be limited to, difficulty in acquiring language skills; inability to comprehend oral or written language; difficulty in rhyming words; difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words; difficulty recognizing and remembering sight words; consistent transposition of number sequences, letter reversals, inversions, and substitutions; and trouble in replication of content.

In accordance with the provisions of N.J.S.A. 18A:40-5.2(a), the Commissioner of Education shall distribute to each Board of Education information on screening instruments available to identify students who possess one or more potential indicators of dyslexia or other reading disabilities. The Commissioner shall provide information on the screening instruments that may be suitably used for older students. The Board shall select and implement age-appropriate screening instruments for the early diagnosis of dyslexia and other reading disabilities.

In accordance with provisions of N.J.S.A. 18A:40-5.2(b), the Commissioner shall also develop and distribute to each Board of Education guidance on appropriate intervention strategies for students diagnosed with dyslexia or other reading disabilities.

In the event a student is determined, through the screening conducted in accordance with N.J.S.A. 18A:40-5.3, to possess one or more potential indicators of dyslexia or other reading disabilities pursuant to the provisions of N.J.S.A 18A:40-5.1 et seq., the Board shall ensure the student receives a comprehensive assessment for the learning disorder. In the event a diagnosis of dyslexia or other reading disability is confirmed by the comprehensive assessment, the Board shall provide appropriate evidence-based intervention strategies to the student, including intense instruction on phonemic awareness, phonics and fluency, vocabulary, and reading comprehension.

In accordance with the provisions of N.J.S.A. 18A:6-131, special education teachers, basic skills teachers, English as a second language teachers, reading specialists, learning disabilities teacher consultants, and speech-language specialists are required to complete at least two hours of professional development each year on the screening, intervention, accommodation, and use of technology for students with reading disabilities, including dyslexia. The Board may make these professional development opportunities available to other instructional or support staff members as the Board deems appropriate. This requirement for professional development in reading disabilities may be part of the twenty hours of annual professional development required by N.J.A.C. 6A:9C et seq. Documentation of teachers' fulfillment of this professional development requirement shall be maintained in the district.

5339.01 STUDENT SUN PROTECTION

The Board of Education believes it is important that school district students protect themselves against harmful sun-related skin diseases by using protective measures. Pursuant to N.J.S.A. 18A:40-12.39 and notwithstanding any law or regulation to the contrary, the Board adopts this Policy concerning a student's use of sunscreen and sun-protective clothing, such as hats and sunglasses, while outdoors at school and school-sponsored functions.

As used in this Policy, "sunscreen" means a topical product used for the purpose of limiting skin damage caused by overexposure to the sun, and which is regulated by the Federal Food and Drug Administration for over-the-counter use, in accordance with N.J.S.A. 18A:40-12.39.a.

Students are not required to provide documentation from a physician or other licensed health care professional in order to use sunscreen or sun-protective clothing while outdoors at school or a school-sponsored function.

Any student found to be using sunscreen in an inappropriate manner shall have their permission to use sunscreen revoked and be disciplined in accordance with the student code of conduct. If a student's permission to use sunscreen is revoked, the district shall notify the student's parent in writing of the reasons and duration for the revocation of that permission and of any discipline associated with the incident.

The district shall provide for the transportation and storage of sunscreen to ensure accessibility when students travel off school grounds for school-sponsored functions.

Nothing in this Policy shall be construed as requiring a staff member to assist a student in applying sunscreen.

5350 STUDENT SUICIDE PREVENTION

The Board of Education recognizes that depression and self-destruction are problems of increasing severity among students. Students under severe stress cannot benefit fully from the educational program and may pose a threat to themselves or others.

The Board directs all school district staff members to be alert to a student who exhibits warning signs of self-destruction or who threatens or attempts suicide. Any such warning signs or the report of such warning signs from another student or staff member shall be taken with the utmost seriousness and reported immediately to the Principal or designee.

The Principal or designee shall immediately contact the parent(s) of the student exhibiting warning signs of suicide to inform the parent(s) the student will be referred to the Child Study Team or a Suicide Intervention Team, appointed by the Superintendent or designee, for a preliminary assessment. Upon completion of the preliminary assessment, the Principal or designee shall meet with the parent(s) to review the assessment. Based on the preliminary assessment, the parent(s) may be required to obtain medical or psychiatric services for the student. In the event the parent(s) objects to the recommendation or indicates an unwillingness to cooperate in the best interests of the student, the Principal or designee will contact the New Jersey Department of Children and Families, Division of Child Protection and Permanency to request intervention on the student's behalf.

In the event the student is required to obtain medical or psychiatric services, the parent(s) will be required to submit to the Superintendent a written medical clearance from a licensed medical professional, selected by the parent(s) and approved by the Superintendent, indicating the student has received medical services, does not present a risk to themselves or others, and is cleared to return to school. The written medical clearance may be reviewed by a Board of Education healthcare professional before the student is permitted to return to school. The parent(s) shall be required to authorize their healthcare professional(s) to release relevant medical information to the school district's healthcare professional, if requested.

In accordance with N.J.A.C. 6A:14-1.1(d), special education and related services shall be provided to students with disabilities at public expense, with no charge to the parents. A clearance by a psychiatrist or other medical professional as a requirement to return to school is considered an assessment provided at public expense. The district shall not require the parents to incur the cost of psychiatric clearance.

In accordance with the provisions of N.J.S.A. 18A:6-111 and 18A:6-112, as part of the required professional development for teachers as outlined in N.J.A.C. 6A:9C-3 et seq., every teaching staff member must complete at least two hours of instruction in suicide prevention, to be provided by a licensed health care professional with training and experience in mental health issues, in each professional development period. The instruction in suicide prevention shall include information on the relationship between the risk of suicide and incidents of harassment, intimidation, and bullying and information on reducing the risk of suicide in students who are members of communities identified as having members at high risk of suicide.

Not including teaching staff members subject to the requirements of N.J.S.A. 18A:6-112.a. and not including licensed mental health care professionals, a school employee or an employee of a contracted service provider who has regular and direct contact with students, as determined by the Board, shall complete a one-time training program in suicide prevention, awareness, and response identified by the New Jersey Department of Education (NJDOE) pursuant to N.J.S.A. 18A:6-112.c. A person subject to the requirements of N.J.S.A. 18A:6-112.b. shall complete the required training program not less than twelve months from the date of the identification by the NJDOE of training programs or twelve months from the person's date of hire, whichever occurs later.

Not less than twelve months following the date of the identification by the NJDOE of the training programs or not less than twelve months from the person's date of hire, and annually thereafter, the district shall provide to their employees who are subject to the requirements of N.J.S.A. 18A:6-112.a. or b., in a hard copy paper form or in an electronic form, guidelines on the district's reporting and suicide prevention, awareness, and response protocols including, but not limited to, contact information for each school's designated staff who should be notified whenever an employee believes a student may be at risk for suicide.

Each person who is required pursuant to N.J.S.A. 18A:6-112.a. or b. to complete a suicide prevention training program shall have a duty to warn and protect when the following conditions exist:

1. A student has communicated to that person a clearly identifiable threat of imminent, serious physical violence against oneself and the circumstances are such that a reasonable person would believe the student intended to carry out the threat; or

2. The circumstances are such that a reasonable person would believe the student intended to carry out an act of imminent, serious physical violence against oneself.

A person acting in good faith and who takes reasonable steps to discharge a duty to warn and protect shall be immune from civil and criminal liability in regard to that disclosure.

Any school district staff member, volunteer, or intern with reasonable cause to suspect or believe that a student has attempted or completed suicide, shall immediately report the information to the Principal or designee or their immediate supervisor who will immediately report it to the Superintendent or designee. The Superintendent or designee shall promptly report it online to the New Jersey Department of Children and Families, or as otherwise required by the Department of Children and Families in accordance with N.J.S.A. 30:9A-24. In accordance with N.J.S.A. 30:9A-24.i., any person who reports an attempted or completed suicide shall have immunity from any civil or criminal liability on account of the report, unless the person has acted in bad faith or with malicious purpose.

The Superintendent shall prepare and disseminate guidelines to assist school district staff members in recognizing the warning signs of a student who may be contemplating suicide, to respond to a threat or attempted suicide, and to prevent contagion when a student commits suicide.

5410 PROMOTION AND RETENTION

The Board of Education recognizes that each child develops and grows in a unique pattern and that students should be placed in the educational setting most appropriate to their social, physical, and educational needs. Each student enrolled in this district shall be moved forward in a continuous program of learning in harmony with his/her own development.

Standards for student promotion shall be related to the New Jersey Student Learning Standards and district goals and objectives and to the accomplishments of students. A student in the elementary grades will be promoted to the next succeeding grade level when he/she has completed the course requirements at the presently assigned grade; has achieved the instructional objectives set for the present grade; has demonstrated the proficiencies required for movement into the educational program of the next grade; and has demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

Promotion policies and procedures will be provided to parent(s) or legal guardian(s) as appropriate. Parent(s) or legal guardian(s) and students shall be regularly informed during the school year of the student's progress toward meeting promotion standards. A teacher who determines that a student's progress may not be sufficient to meet promotion standards shall notify the parent(s) or legal guardian(s) and the student and offer immediate consultation to the student's parent(s) or legal guardian(s). Every effort shall be made to remediate a student's deficiencies before retention is recommended. The parent(s) or legal guardian(s) and, where appropriate, the student shall be notified of the possibility of the student's retention at grade level in advance and, whenever feasible, no later than six weeks prior to the end of the school year.

School attendance shall be a factor in the determination of a student's promotion or retention. Only extenuating circumstances should permit the promotion of a student who has been in attendance fewer than one hundred sixty-two days during the school year.

Classroom teachers shall recommend to the Building Principal the promotion or retention of each student. Parent(s) or legal guardian(s) and adult students may appeal a promotion or retention decision to the Superintendent whose decision shall be final.

5420 REPORTING STUDENT PROGRESS

The Board of Education believes that the cooperation between school and home in the interests of children is fostered by the systematic communication of students' educational welfare to parent(s) or legal guardian(s). The Board directs the establishment of a program of reporting student progress to parent(s) or legal guardian(s) by both written reports and by parent-teacher conferences and requires the cooperation of all appropriate teaching staff members in that program as part of their professional responsibilities.

The Superintendent shall develop, in consultation with appropriate teaching staff members, procedures for reporting student progress to parent(s) or legal guardian(s) that utilize various methods of reporting appropriate to grade level and curriculum content; ensure that the student and parent(s) or legal guardian(s) receive ample warning of a possible failing grade or any grade that would adversely affect the student's educational status; enable the scheduling of parent-teacher conferences at such times as will ensure the greatest degree of participation by parent(s) or legal guardian(s); and require the issuance of report cards at intervals of not less than four times per year.

Reports of individual achievement on State assessment tests shall be promptly made available to the student or the student's parent(s) or legal guardian(s).

5440 HONORING STUDENT ACHIEVEMENT

Honors Course Eligibility and Expectations

Honors Programs

Honors Courses are available for tenth to twelfth graders in specific disciplines: English, Social Studies, Mathematics and Science. These courses offer enrichment in the scope of material presented, in the depth of exploration and in the expectation of student performance.

Entrance Requirements for Sophomore, Junior, and Senior Year

To qualify for honors-level course placement, students enrolled in a non-honors course must achieve an "A" average (90%) through marking periods 1-2, as well as scoring an 87% or above each marking period. If a student meets this criterion, he/she will be scheduled for honors-level coursework. Each student's placement will be revisited at the conclusion of the school year. Any student who fails to maintain an "A" average or score below an 87 during the 3rd and 4th marking periods may forfeit his/her eligibility to enter an honors class.

Students who do not meet the grade requirements but wish to apply for an honors-level course, must complete an Honors Program Appeal Form for each discipline. The window for submitting the form will be open at the beginning of May of each school year. (The exact appeal due date and the appeal form will be sent to students via email.) In addition to several student-generated responses, the Honors Program Appeal Form also consists of a teacher recommendation. When recommending students, teachers consider classroom behavior and attitude, student motivation and work ethic, reactions to setbacks, and the student's acceptance of responsibility.

Students' Rights and Responsibilities in the Honors Program

If it becomes evident that a student is unable to achieve at least a "C" average, as evidenced by marking period one and two grades, the placement will be reviewed. Communication between the teacher, parent, student, and school counselor will occur. If the recommendation is that the student be re-assigned to the regular academic program, a conference with the student, parent, teacher, and school counselor may be scheduled. Decisions regarding reassignment will be made on a case-by-case basis.

Students receiving a final grade of "D" or lower will automatically lose the opportunity to continue in the Honors program within that discipline during the next school year.

Should the student be moved to a non-honors class for any reason during the school year, the student will not be eligible for Honors the following school year.

If a student is removed from an honors section, their cumulative grade will be determined based on the general scale.

Honor Roll

To be distinguished as a High Honor Roll student, one must have a numerical average of at least 95% with no grade lower than a 90% (A-).

To be distinguished as an Honor Roll student, one must have a numerical average of 90% and have no grade lower than an 87% (B+).

Incomplete grades, or change of grades after honor roll has been run, can affect eligibility.

The Superintendent shall develop regulations for the recognition of student achievement that establish fair standards for recognition, assure that all eligible students are offered an equal opportunity to meet those standards, and provide for appropriate recognition ceremonies and awards.

5450 ATHLETIC AWARDS

The Board of Education believes that interscholastic sports are an important part of the school program and will recognize the achievements of students who give many hours of their time in the district athletic program.

Individual athletic achievement and all members of a championship team or group in interscholastic competition will be recognized by the Superintendent.

The Superintendent shall develop procedures for the recognition of student athletes that ensure the equitable selection of award recipients, the designation of appropriate awards, and the arrangement of suitable presentation ceremonies.

5466 GRADUATION AND YEARBOOK FEES

The Board of Education recognizes that the cost of graduation ceremonies, if any, directly paid by graduating students and the cost of a yearbook directly paid by the graduating student may create a financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

The Board of Education will not exclude from the graduation ceremony any student who is unable to pay the fees required of the graduating student to participate in the graduation ceremony because of financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

Furthermore, the Board will pay the cost for a graduating student to purchase a yearbook if the graduating student is unable to pay the fees required of the graduating student to participate in the graduation ceremony because of financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

In determining financial hardship, the criteria will be the same as the Statewide eligibility standards established by the State Board of Education for free and reduced price meals under the State School Lunch Program.

A. Prohibiting Harassment, Intimidation, or Bullying

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. The Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); resource family parent(s); or surrogate parent(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

B. Definition of Harassment, Intimidation, or Bullying

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;

2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;

3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that

   a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to their person or damage to their property; or

b. Has the effect of insulting or demeaning any student or group of students; or

c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

The Board of Education recognizes that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Recognizing "a real or perceived power imbalance" may assist school officials in identifying harassment, intimidation, or bullying within the context and relative positions of the alleged aggressor and target.

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or remotely activating paging device in accordance with N.J.A.C. 6A:16-1.3.

In accordance with the Board's Code of Student Conduct and this Policy, all acts of harassment, intimidation, or bullying that occur off school grounds, such as "cyber-bullying" (e.g., the use of electronic means to harass, intimidate, or bully) are addressed in this Policy.

C. Student Behavior

The Board of Education expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers, and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities for helping students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, or bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority);

2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;

3. Student rights; and

4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, school employees, volunteers, students, and community representatives, in the development of this Policy.

Pursuant to N.J.A.C. 6A:16-7.1, the Board developed guidelines for student conduct, taking into consideration the nature of the behavior; the nature of the student's disability, if any and to the extent relevant; the developmental ages of students; severity of the offenses and students' histories of inappropriate behaviors; and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent shall annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. The school district will support students who:

1. Walk away from acts of harassment, intimidation, or bullying when they see them;

2. Constructively attempt to stop acts of harassment, intimidation, or bullying;

3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and

4. Report acts of harassment, intimidation, or bullying to the designated school staff member.

D. Consequences and Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

In every incident found to be harassment, intimidation, or bullying, the school Principal, in consultation with appropriate school staff, may apply disciplinary consequences and/or remedial actions, such as the provision of counseling, behavioral interventions, or other measures.

Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses; consider the developmental ages of the student offenders; the nature of the student's disability, if any and to the extent relevant; and students' histories of inappropriate behaviors, per the Code of Student Conduct and N.J.A.C. 6A:16-7.

- Targeted use of monitors (e.g., hallway, cafeteria, locker room, playground, school perimeter, bus);
- Teacher aides;
- Small or large group presentations for fully addressing the behaviors and the responses to the behaviors;
- General professional development programs for certificated and non-certificated staff;
- Professional development plans for involved staff;
- Disciplinary action for school staff who contributed to the problem;
- Supportive institutional interventions, including participation of the Intervention and Referral Services Team, pursuant to N.J.A.C. 6A:16-8;
- Parent conferences;
- Family counseling;
- Involvement of parent-teacher organizations;
- Involvement of community-based organizations;
- Development of a general bullying response plan;
- Recommendations of a student behavior or ethics council;
- Peer support groups;
- Return to district; and
- Law enforcement (e.g., safe schools resource officer, juvenile officer) involvement or other legal action.

Consequences and appropriate remedial actions for a student or staff member who commits one or more acts of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion of students, as set forth in the Board's approved Code of Student Conduct, pursuant to N.J.A.C. 6A:16-7.1.

The Principal, in consultation with appropriate school staff, shall develop an individual student intervention plan when a student is found to be an offender in three harassment, intimidation, or bullying incidents and each subsequent incident occurring within one school year. The student intervention plan may include disciplinary consequences and/or remedial actions and may require the student, accompanied by a parent, to satisfactorily complete a class or training program to reduce harassment, intimidation, or bullying behavior. Each student intervention plan must be approved by the Superintendent.

While the majority of incidents may be addressed solely by school officials, the Superintendent or designee and the Principal shall report a harassment, intimidation, or bullying incident to law enforcement officials if the conduct rises to the level of a mandatory report as outlined in the Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials.

Consequences and Appropriate Remedial Actions – Adults

The district will also impose appropriate consequences and remedial actions to an adult who commits an act of harassment, intimidation, or bullying of a student. The consequences may include, but not be limited to: verbal or written reprimand; increment withholding; legal action; disciplinary action; termination; and/or bans from providing services, participating in school district-sponsored programs, or being in school buildings or on school grounds. Remedial measures may include, but not be limited to: in or out-of-school counseling, professional development programs, and work environment modifications.

E. Reporting Harassment, Intimidation, or Bullying

The Board of Education requires the Principal at each school to be responsible for receiving all complaints alleging harassment, intimidation, or bullying committed by an adult or youth against a student. All Board members, school employees, and volunteers and contracted service providers who have contact with students, are required to verbally report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and contracted service providers who have contact with students, also shall submit a New Jersey Department of Education-approved HIB 338 Form to the Principal within two school days of the verbal report. Failure to make the required report(s) may result in disciplinary action. The HIB 338 Form shall be kept on file at the school, but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal Law.

The district may not fail to initiate an investigation of harassment, intimidation, or bullying solely because written documentation was not provided. Failing to conduct a harassment, intimidation, or bullying investigation solely because a parent or student did not submit written documentation violates the Anti-Bullying Bill of Rights Act and this Policy. If a parent makes a verbal allegation of harassment, intimidation, or bullying to a district staff member, but does not complete and submit the HIB 338 Form, the staff member or a designee must complete and submit the HIB 338 Form.

The Principal or designee is required to inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. Pursuant to N.J.A.C. 6A:16-7.7(a)2.viii.(2), when providing notification to the parents of all students involved, the Principal or designee shall take into account the circumstances of the incident when conveying the nature of the incident, including the actual or perceived category motivating the alleged offense. The Principal or designee shall keep a written record of the date, time, and manner of notification to the parents.

The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. The school district shall provide a person an online means to complete the HIB 338 Form to anonymously report an act of harassment, intimidation, or bullying. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The Principal shall promptly submit a copy of each completed HIB 338 Form to the Superintendent.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, in addition to making the HIB 338 Form available online, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, or bullying or who determines a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14 and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action. The district also should consider procedures and disciplinary action when it is found that someone had information regarding a harassment, intimidation, or bullying incident, but did not make the required report(s).

F. Anti-Bullying Coordinator, Anti-Bullying Specialist, and School Safety/School Climate Team(s)

1. The Superintendent shall appoint a district Anti-Bullying Coordinator. The Superintendent shall make every effort to appoint an employee of the school district to this position.

   The district Anti-Bullying Coordinator shall:

   a. Be responsible for coordinating and strengthening the school district's policies to prevent, identify, and address harassment, intimidation, or bullying of students;

   b. Collaborate with school Anti-Bullying Specialists in the district, the Board of Education, and the Superintendent to prevent, identify, and respond to harassment, intimidation, or bullying of students in the district;

   c. Provide data, in collaboration with the Superintendent, to the Department of Education regarding harassment, intimidation, or bullying of students;

   d. Execute such other duties related to school harassment, intimidation, or bullying as requested by the Superintendent; and

   e. Meet at least twice a school year with the school Anti-Bullying Specialist(s) to discuss and strengthen procedures and policies to prevent, identify, and address harassment, intimidation, or bullying in the district.

2. The Principal in each school shall appoint a school Anti-Bullying Specialist. The Anti-Bullying Specialist shall be a school counselor, school psychologist, or other certified staff member trained to be the Anti-Bullying Specialist from the currently employed staff in the school.

The school Anti-Bullying Specialist shall:

a. Chair the School Safety/School Climate Team as provided in N.J.S.A. 18A:37-21;

b. Lead the investigation of incidents of harassment, intimidation, or bullying in the school; and

c. Act as the primary school official responsible for preventing, identifying, and addressing incidents of harassment, intimidation, or bullying in the school.

3. A School Safety/School Climate Team shall be formed in each school in the district to develop, foster, and maintain a positive school climate by focusing on the on-going systemic operational procedures and educational practices in the school, and to address issues such as harassment, intimidation, or bullying that affect school climate and culture. Each School Safety/School Climate Team shall meet, at a minimum, two times per school year. The School Safety/School Climate Team shall consist of the Principal or the Principal's designee who, if possible, shall be a senior administrator in the school and the following appointees of the Principal: a teacher in the school; a school Anti-Bullying Specialist, a parent of a student in the school; and other members to be determined by the Principal. The school Anti-Bullying Specialist shall serve as the chair of the School Safety/School Climate Team.

The School Safety/School Climate Team shall:

a. Receive records of all complaints of harassment, intimidation, or bullying of students that have been reported to the Principal;

b. Receive copies of all reports prepared after an investigation of an incident of harassment, intimidation, or bullying;

c. Identify and address patterns of harassment, intimidation, or bullying of students in the school;

d. Review and strengthen school climate and the policies of the school in order to prevent and address harassment, intimidation, or bullying of students;

e. Educate the community, including students, teachers, administrative staff, and parents, to prevent and address harassment, intimidation, or bullying of students;

f. Participate in the training required pursuant to the provisions of N.J.S.A. 18A:37-13 et seq. and other training which the Principal or the district Anti-Bullying Coordinator may request. The School Safety/School Climate Team shall be provided professional development opportunities that may address effective practices of successful school climate programs or approaches; and

g. Execute such other duties related to harassment, intimidation, or bullying as requested by the Principal or district Anti-Bullying Coordinator.

Notwithstanding any provision of N.J.S.A. 18A:37-21 to the contrary, a parent who is a member of the School Safety/School Climate Team shall not participate in the activities of the team set forth in 3. a., b., or c. above or any other activities of the team which may compromise the confidentiality of a student, consistent with, at a minimum, the requirements of the Family Educational Rights and Privacy Act (20 USC 1232 and 34 CFR Part 99), N.J.A.C. 6A:32-7, Student Records and N.J.A.C. 6A:14-2.9, Student Records.

G. Investigating Allegations of Harassment, Intimidation, or Bullying

Prior to initiating an investigation regarding a reported incident or complaint, the Principal or designee, in consultation with the Anti-Bullying Specialist, shall make a preliminary determination as to whether a reported incident or complaint, assuming all facts are presented as true, is a report within the scope of N.J.S.A. 18A:37-14.

Should the Principal or designee, in consultation with the Anti-Bullying Specialist, determine that a reported incident or complaint, assuming all facts presented are true, is not a report within the scope of N.J.S.A. 18A:37-14, the incident will be addressed through the Board's Code of Student Conduct policy. The HIB 338 Form shall be completed, even if a preliminary determination is made not to conduct an investigation of harassment, intimidation, or bullying because the reported incident or complaint is a report outside the scope of the definition of harassment, intimidation, or bullying, and must be submitted to the Superintendent. The Principal will provide the parents of the alleged offender(s) and victim(s) with formal notice of the decision not to initiate a harassment, intimidation, or bullying investigation.

The HIB 338 Form shall be kept on file at the school and will only be added to a student record if the alleged incident is founded, disciplinary action is imposed or is otherwise required to be contained in a student's record under State or Federal law.

The Superintendent may require the Principal to conduct a harassment, intimidation, or bullying investigation of the incident if the Superintendent determines that the incident is within the scope of harassment, intimidation, or bullying and shall notify the Principal of this determination in writing. Should the Superintendent require the Principal to conduct a harassment, intimidation, or bullying investigation, the Principal will immediately initiate an investigation of harassment, intimidation, or bullying by referring the matter to the school Anti-Bullying Specialist.

Additionally, any preliminary determination that finds the incident or complaint is a report outside the scope of N.J.S.A. 18A:37-14 may be appealed to the Board, pursuant to the Board policies and procedures governing student grievances, and thereafter to the Commissioner in accordance with N.J.A.C. 6A:16-7.7(a)ix(1) and (a)ix(1)(A). Should the preliminary determination not to conduct an investigation of harassment, intimidation, or bullying be overturned, the Principal will immediately initiate an investigation of harassment, intimidation, or bullying by referring the matter to the school Anti-Bullying Specialist.

The Board requires a thorough and complete investigation to be conducted for each reported incident or complaint, assuming all facts presented are true, that is determined to be a report within the scope of N.J.S.A. 18A:37-14. The investigation shall be initiated by the Principal or designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school Anti-Bullying Specialist appointed by the Principal. The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist the school Anti-Bullying Specialist in the investigation. Investigations of complaints concerning adult conduct shall not be investigated by a member of the same bargaining unit as the individual who is the subject of the investigation. The Anti-Bullying Specialist may not participate in an investigation regarding their supervisor or staff at a higher administrative level.

The investigation shall be completed, and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the alleged incident of harassment, intimidation, or bullying or ten school days from the date of the written notification from the Superintendent to the Principal to initiate an investigation. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist or the Principal shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and provide intervention services, order counseling, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, or take or recommend other appropriate action, including seeking further information as necessary.

The Superintendent shall report the results of each investigation to the Board no later than the date of the regularly scheduled Board meeting following the completion of the investigation. The Superintendent's report also shall include information on any consequences imposed under the Code of Student Conduct, intervention services provided, counseling ordered, training established or other action taken or recommended by the Superintendent.

Parents of the students who are parties to the investigation shall be provided with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether consequences were imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board.

A parent may request a hearing before the Board after receiving the information. Any request by the parents for a hearing before the Board concerning the written information about a harassment, intimidation, or bullying investigation, pursuant to N.J.S.A. 18A:37-15.b(6)(d), must be filed with the Board Secretary no later than sixty calendar days after the written information is received by the parents. The hearing shall be held within ten business days of the request. Prior to the hearing, the Superintendent shall confidentially share a redacted copy of the HIB 338 Form that removes all student identification information with the Board. The Board shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school Anti-Bullying Specialist and others, as appropriate, regarding the alleged incident; the findings from the investigation of the alleged incident; recommendations for consequences or services; and any programs instituted to reduce such incidents, prior to rendering a determination.

At the regularly scheduled Board meeting following its receipt of the report or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, no later than ninety days after the issuance of the Board's decision.

A school administrator who receives a report of harassment, intimidation, or bullying and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The Board also requires the thorough investigation of complaints or reports of harassment, intimidation, or bullying, occurring on district school buses, at district school-sponsored functions, and off school grounds involving a student who attends an approved private school for students with disabilities. The investigation will be conducted by the Board's Anti-Bullying Specialist in consultation with the approved private school for students with disabilities.

H. Responding to Harassment, Intimidation, or Bullying

The Board of Education authorizes the Principal of each school to define the range of ways in which school staff will respond once an incident of harassment, intimidation, or bullying is confirmed, and the Superintendent shall respond to confirmed harassment, intimidation, or bullying, according to the parameters described below and in this Policy. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring that the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions.

In considering whether a response beyond the individual is appropriate, school officials shall consider the nature and circumstances of the act; the degree of harm; the nature and severity of the behavior; past incidences or past or continuing patterns of behavior; and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based harassment, intimidation, or bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the school's response to the actions, in the context of the acceptable student and staff member behavior and the consequences of such actions, and to the involvement of law enforcement officers, including safe schools resource officers.

This Policy and the Code of Student Conduct shall apply to instances when a school employee is made aware of alleged harassment, intimidation, or bullying occurring off school grounds.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) and punitive actions (e.g., detention, in-school or out-of-school suspension, return to district, law enforcement report or other legal action).

2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays, research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.

3. School responses can include theme days, learning station programs, parent programs, and information disseminated to students and parents, such as fact sheets or newsletters explaining acceptable uses of electronic and wireless communication devices or strategies for fostering expected student behavior.

4. District-wide responses can include community involvement in policy review and development; professional development programs; adoption of curricula and school-wide programs; coordination with community-based organizations (e.g., mental health, health services, health facilities, law enforcement officials, faith-based organizations); and disseminating information on the core ethical values adopted by the Board's Code of Student Conduct, per N.J.A.C. 6A:16-7.1(a)2.

In providing support for victims of harassment, intimidation, or bullying, the district should identify a range of strategies and resources, which may include, but is not limited to, the following actions for individual victims:

- Counseling;
- Teacher Aides;
- Hallway and playground monitors;
- Schedule changes;
- Before and after school supervision;
- School transportation supervision;
- Return to district; and
- Therapy.

I. Reprisal or Retaliation

The Board of Education prohibits a Board member, school employee, contracted service provider who has contact with students, school volunteer, or student from engaging in reprisal, retaliation, or false accusation against a victim, witness, or any other person who has reliable information about an act of harassment, intimidation, or bullying or who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures.

J. False Accusations of Harassment, Intimidation, or Bullying

The Board of Education prohibits any person from falsely accusing another as a means of harassment, intimidation, or bullying.

1. Students - Consequences and appropriate remedial action for a student could range from positive behavioral interventions up to and including suspension, return to district; as permitted under N.J.S.A. 18A:37-1, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions;

2. School Employees - Consequences and appropriate remedial action for a school employee or contracted service provider who has contact with students could entail discipline in accordance with district policies, procedures, and agreements; and

3. Visitors or Volunteers - Consequences and appropriate remedial action for a visitor or volunteer could be determined by the school administrator after consideration of the nature, severity, and circumstances of the act, including law enforcement reports or other legal actions, removal of building or grounds privileges, or prohibiting contact with students or the provision of student services.

K. Additional Policy Requirements

The Board of Education requires the Superintendent to annually disseminate this Policy to all school employees, contracted service providers who have contact with students, school volunteers, students and parents who have children enrolled in a school in the school district, along with a statement explaining that this Policy applies to all acts of harassment, intimidation, or bullying, pursuant to N.J.S.A. 18A:37-14, that occur on school property, at school-sponsored functions or on a school bus and, as appropriate, acts that occur off school grounds.

The Superintendent shall post a link to this Policy that is prominently displayed on the home page of the school district's website. The Superintendent shall ensure that notice of this Policy appears in the student handbook and all other publications of the school district that set forth the comprehensive rules, procedures, and standards for schools within the school district.

The Superintendent shall post the name, school phone number, school address and school email address of the district Anti-Bullying Coordinator on the home page of the school district's website. Additionally, the Superintendent shall post the contact information for the School Climate State Coordinator on the school district home page alongside this Policy.

Each Principal or designee shall post the name, school phone number, school address, and school email address of both the school Anti-Bullying Specialist and the district Anti-Bullying Coordinator on the home page of each school's website.

The Superintendent shall post the New Jersey Department of Education's Guidance for Parents on the Anti-Bullying Bill of Rights Act on the district homepage and on the homepage for each school in the district with a website.

The Superintendent and the Principals shall provide training on the school district's harassment, intimidation, or bullying policies to school employees contracted service providers and volunteers who have significant contact with students. The training shall include instruction on preventing bullying on the basis of the protected categories enumerated in N.J.S.A. 18A:37-14 and other distinguishing characteristics that may incite incidents of discrimination, harassment, intimidation, or bullying. The school district's employee training program shall include information regarding the school district policy against harassment, intimidation, or bullying, which shall be provided to full-time and part-time staff, contracted service providers and school volunteers who have significant contact with students.

The Superintendent shall develop and implement a process for annually discussing the school district policy on harassment, intimidation, or bullying with students. The Superintendent and the Principal(s) shall annually conduct a re-evaluation, reassessment, and review of this Policy and any report(s) and/or finding(s) of the School Safety/School Climate Team, with input from the school Anti-Bullying Specialist, and recommend revisions and additions to this Policy as well as to harassment, intimidation, or bullying prevention programs and approaches based on the findings from the evaluation, reassessment, and review.

L. Harassment, Intimidation, or Bullying Training and Prevention Programs

Each public school teacher and educational services professional shall be required to complete at least two hours of instruction on harassment, intimidation, or bullying prevention within each five year professional development period as part of the professional development requirement pursuant to N.J.S.A. 18A:37-22.d. The required two hours of suicide prevention instruction shall include information on the risk of suicide and incidents of harassment, intimidation, or bullying and information on reducing the risk of suicide in students who are members of communities identified as having members at high risk of suicide.

Each newly elected or appointed Board member shall complete, during the first year of the member's first term, a training program on harassment, intimidation, or bullying in accordance with the provisions of N.J.S.A. 18A:12-33.

A school leader shall complete school leader training that shall include information on the prevention of harassment, intimidation, or bullying as required in N.J.S.A. 18A:26-8.2.

The school district shall annually observe a "Week of Respect" beginning with the first Monday in October. In order to recognize the importance of character education, the school district shall observe the week by providing age-appropriate instruction focusing on the prevention of harassment, intimidation, or bullying as defined in N.J.S.A. 18A:37-14. Throughout the school year the district shall provide ongoing age-appropriate instruction on preventing harassment, intimidation, or bullying, in accordance with the New Jersey Student Learning Standards, pursuant to N.J.S.A. 18A:37-29.

The school district and each school in the district shall annually establish, implement, document, and assess harassment, intimidation, or bullying prevention programs or approaches, and other initiatives in consultation with school staff, students, administrators, volunteers, parents, law enforcement, and community members. The programs or approaches and other initiatives shall be designed to create school-wide conditions to prevent and address harassment, intimidation, or bullying in accordance with the provisions of N.J.S.A. 18A:37-17.

M. Reports to Board of Education and New Jersey Department of Education

The Superintendent shall report two times each school year, between September 1 and January 1 and between January 1 and June 30 at a public hearing all acts of violence, vandalism, and harassment, intimidation, or bullying which occurred during the previous reporting period in accordance with the provisions of N.J.S.A. 18A:17-46. The information shall also be reported to the New Jersey Department of Education in accordance with N.J.S.A. 18A:17-46.

N. School and District Grading Requirements

Each school and each district shall receive a grade for the purpose of assessing their efforts to implement policies and programs consistent with the provisions of N.J.S.A. 18A:37-13 et seq. The grade received by a school and the district shall be posted on the homepage of the school's website and the district's website in accordance with the

This information shall be posted on the websites within ten days of receipt of the grade for each school and the district.

O. Reports to Law Enforcement

The Superintendent or designee and the Principal shall consult law enforcement, as appropriate, pursuant to the provisions of the Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials (MOA), if the student's behavior may constitute a possible violation of the New Jersey Code of Criminal Justice.

Law enforcement officials may request a suspension or stay of the district's harassment, intimidation, or bullying investigation if the conduct is being investigated by law enforcement. If law enforcement officials request a suspension or stay of a harassment, intimidation, or bullying investigation, school officials will follow the provisions of the MOA regardless of where the district is in the harassment, intimidation, or bullying investigation timeline.

School officials will immediately memorialize the request, in writing, from law enforcement and advise the parent(s) of the alleged perpetrator(s) and alleged victim(s) of law enforcement's request. The notice to parents must include notice that the district is obligated under New Jersey's Law Against Discrimination to address student-on-student bias-based harassment and the statute of limitations for filing a complaint in the Division of Civil Rights will not be extended due to law enforcement's request.

If law enforcement has not affirmatively requested a stay or suspension of a harassment, intimidation, or bullying investigation, but the school district believes the action(s) involved may constitute a criminal offense(s), school officials will contact law enforcement to inquire as to whether law enforcement may want to investigate the matter.

Some acts of harassment, intimidation, or bullying may be bias-related acts and school officials must report to law enforcement officials any bias-related acts, in accordance with N.J.A.C. 6A:16-6.3.(e), and pursuant to the provisions of the MOA.

P. Collective Bargaining Agreements and Individual Contracts

Nothing in N.J.S.A. 18A:37-13.1 et seq. shall be construed as affecting the provisions of any collective bargaining agreement or individual contract of employment in effect on the Anti-Bullying Bill of Rights Act's effective date (January 5, 2011) pursuant to N.J.S.A. 18A:37-30.

The Board of Education prohibits the employment of or contracting for school staff positions with individuals whose criminal history record check reveals a record of conviction for a crime of bias intimidation or conspiracy to commit or attempt to commit a crime of bias intimidation.

Q. Students with Disabilities

Nothing contained in N.J.S.A. 18A:37-13.1 et seq. shall alter or reduce the rights of a student with a disability with regard to disciplinary actions or to general or special education services and supports pursuant to N.J.S.A. 18A:37-32.

The school district shall submit all subsequent amended Harassment, Intimidation, or Bullying Policies to the Executive County Superintendent of Schools within thirty days of Board adoption.

Students who cause damage to or lose school property may be subject to disciplinary measures. The Board authorizes the imposition of a fine for the loss, damage, or destruction of a textbook and reserves the right to withhold a report card or diploma from any student whose payment of a fine is in arrears.

A student who demonstrates chronic and/or serious disregard for property may be referred to the Child Study Team.

5514 STUDENT USE OF VEHICLES ON SCHOOL GROUNDS

The safety of students, staff members, school visitors, and others while on school grounds is of significant importance to the Board of Education. A student's use of a vehicle and/or other modes of transportation on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others while on school grounds.

Students are permitted to drive their automobile to and from school and park in the area designated for student parking with a valid parking permit.

The parking permit is valid for the vehicle and driver only. Upon entering campus, students are to exit the vehicle and proceed to their classes or other authorized area as soon as the vehicle is parked. Students are not permitted to go to their cars anytime during the school session, unless administrative permission is granted.

Driving is a privilege and carries additional responsibilities as follows:

- No student with parking privilege may transport another student without a rider permit. All Graduated Driver's License laws apply.
- A parking permit grants an individual access to parking on campus; it does not guarantee a student a parking space. Parking spaces are limited and will be available on a first-come, first-served basis.
- Several days per year, events will be held on campus which will severely limit parking. Parking on campus will be voided on these days, and students will be informed by email prior to the event so they may arrange alternate transportation.
- Parking is a privilege, and a student's permit could be revoked if the rules as outlined in the Morris County Vocational School District (MCVSD) Student/Parent Handbook are not followed.

Note: Speed bumps and light poles are placed throughout the parking areas. The school does not accept any responsibility for damage to any motor vehicle.

Open Campus Privilege

Full-time seniors with classes on the MCVSD Denville campus are permitted to apply for Open-Campus, which allows students to enter and exit campus during non-credit bearing courses (e.g. lunch, study hail).

The senior privilege is extended to grade twelve students to encourage responsible behavior while maintaining an academic atmosphere conducive to the education of all students. To qualify for this privilege, a student must uphold certain academic standards and maintain a fine citizenship record at Morris County Vocational School District. By meeting these standards, a student becomes eligible for open campus privileges during the school day. Applications for senior open campus will be available online. The link will be sent to students' MCVSD email and posted on the school website.

The rules governing the use of a Senior Open Campus Privilege Pass are:

- Students must have a weighted GPA of 2.5 or higher to be eligible for the privilege pass.
- Students must not have failed or lost credit in any classes during junior year. Furthermore, if a student fails a class for a marking period during their senior year, their pass may be revoked.
- Students must carry the Senior Open Campus Privilege Pass and display it upon entering and exiting the building.
- Students must submit a contract form signed by the student and his or her parent for the Senior Open Campus Privilege Pass.
- Students must comply with the Morris County Vocational School District Code of Conduct - Disciplinary infractions may result in the loss of Open Campus privileges.
- Students must adhere to the Morris County Vocational School District Attendance Policy - Class cuts or excessive tardies may result in the loss of Open Campus privileges.
- Seniors must abide by the laws and regulations set forth by the New Jersey Division of Motor Vehicles.
- Students may not transport any student who does not have a Senior Open Campus Privilege Pass. This includes any underclassman.
- Students must sign out at the Attendance office when leaving campus and sign in at the Attendance office when returning to campus.
- On A Days, if a student is on campus and not at an internship, they will report to the designated area for Senior Self-Directed Learning.
- Any violations of these rules may result in the suspension of the senior privilege for a minimum of thirty school days.

Students are permitted to ride bicycles only to schools in the school district.

Students are permitted to bring on school grounds non-motorized skateboards, scooters, roller skates, or any other non-motorized mode of transportation the student may use to get to and from school. The Principal shall determine if such items may be brought into the school building during the school day.

Students that bring these items to school must comply with all applicable State and local laws for operation. The Principal of each school may develop school rules for the operation of the student's non-motorized items on school grounds and if such items can be brought into school and where such items shall be stored, in or outside the building, during the school day.

Students are not permitted to bring any motorized bicycle, skateboard, scooter, roller skates, hoverboard, or any other motorized mode of transportation on school grounds during the school day.

The Principal of each school building may revoke the privilege of a student's use of any vehicle or mode of transportation permitted by this Policy for the student's failure to follow the provisions of this Policy and any requirements of State or local law or any school rule. The Board of Education assumes no responsibility for the loss, damage, or theft of any vehicle or any mode of transportation permitted on school grounds in accordance with this Policy.

5516 STUDENT USE OF INTERNET-ENABLED DEVICES

The Board of Education prohibits student use of internet-enabled devices on school grounds during the school day in accordance with N.J.S.A. 18A:36-40b. The Board adopts this Policy and Regulation 5516 pursuant to N.J.S.A. 18A:36-40b. and the guidelines developed by the Commissioner of Education concerning student use of internet-enabled devices during regular school hours, on a school bus, or during school-sponsored events when the student is under the direct supervision of a teaching staff member or employee of the Board.

For the purpose of this Policy and Regulation 5516:

1. "Bell-to-bell" means the timeframe when the bell rings at the start of the school day until the dismissal bell rings at the end of the academic day. Bell-to-bell includes time in between class periods and lunch.

2. "Digital citizenship" means the development of thoughtful, empathetic citizens who can wrestle with important ethical questions at the intersection of technology and humanity. Model digital citizens focus on using technology to make communities better, engage respectfully online with others, and leverage technology to amplify voices and perspectives. They are careful to determine the validity of online sources of information and are always respectful of ideas different than their own.

3. "District-managed tools" means school-issued technology or platforms used for educational purposes (e.g., laptops, tablets, learning management systems, etc.).

4. "Internet-enabled device" means any device capable of connecting to the internet and accessing online content (e.g., smartphones, tablets, smartwatches, smart glasses, etc.), including social media applications. An internet-enabled device does not include an internet-enabled device provided by the Board when used for educational purposes.

5. "Non-internet-enabled device" means a basic communication device that is not capable of connecting to the internet or enabling the user to access content on the internet (e.g., basic flip-style cell phones, two-way radio/walkie-talkie, etc.).

6. "School grounds" means and includes land, portions of land, structures, buildings, and vehicles, not to include school buses, owned, operated, or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and other central facilities including, but not limited to, kitchens and maintenance shops. "School grounds" also includes athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

A student's use of an internet-enabled device on a school bus or during school-sponsored events when the student is under the direct supervision of a teaching staff member or employee of the Board will be in accordance with the age-appropriate and grade-level differentiated requirements outlined in Regulation 5516.

District-issued technology and sponsored platforms are permitted to be used in classrooms for educational purposes. The district may use existing information technology systems to proactively establish and monitor restrictions to the district's network. The district may utilize device management software to restrict or monitor student browsing on school-issued devices or from devices connecting to the district's Wi-Fi. If the district chooses to use software or other technology to block students' use of their internet-enabled devices, the district may collaborate with the local municipality to determine that there are no safety or security concerns. The Board shall notify students and parents about the monitoring practices in Policy and Regulation 2361.

The Board shall assume no responsibility for the security of or damage to a student's internet-enabled device brought onto school grounds. If a student brings an internet-enabled device to school, the internet-enabled device must remain off and may be required to be stored in a storage system as indicated in Regulation 5516. An internet-enabled device required to be stored in a district storage system shall be password protected by the student so only the student owner of the internet-enabled device can use the internet-enabled device.

The district shall provide instruction aligned to the New Jersey Student Learning Standards (NJSLS) on Digital Citizenship and shall ensure classroom instructional time is entirely free of internet-enabled devices. Teachers shall not incorporate students' personal technology into lesson plans. All digital engagement shall occur through district-managed tools and devices.

The district shall communicate behavioral expectations for student use of internet-enabled devices to students and their parent(s) and reinforce these behavioral expectations throughout the school year. Communication of this Policy and Regulation 5516 may include, but not be limited to, school-wide notifications, signage, and reinforcement as part of classroom routines.

The district shall comply with all applicable State and Federal laws that protect the rights of students with disabilities or health related needs, including, but not limited to, the Individuals with Disabilities Act (IDEA) and Section 504 of the Rehabilitation Act of 1973.

Students shall be permitted to use their internet-enabled device on school grounds during the school day, on the school bus, and at school-sponsored events in the following circumstances in accordance with N.J.S.A. 18A:36-40b.:

1. To fulfill accommodations provided in a student's individualized education program (IEP);

2. To support the implementation of a 504 Plan;

3. To implement a student health plan established to monitor or address a student's health condition (upon submission by a parent of documentation from a healthcare professional indicating that the use of an internet-enabled device is necessary for the health or well-being of the student);

4. For translation services;

5. For a student caregiver who is routinely responsible for the care or well-being of a family member;

6. When no reasonable alternative to the use of the internet-enabled device for a specific purpose exists (upon authorization by the Superintendent, Principal, or designee);

7. When required by law; and

8. In the event of an emergency.

The Superintendent or designee will inform students and parents of their right to request an internet-enabled device accommodation. The parent(s) shall submit a written request to the Superintendent or designee. The written request shall include, but not be limited to, supporting documentation from the student's physician, child study team, and/or any other documentation as required by the Superintendent or designee as to why the student requires an internet-enabled device accommodation. The Superintendent or designee shall inform the parent(s) of the approval or denial of the written request for an internet-enabled device accommodation within five school days of receiving the written request. The Superintendent or designee shall base such an accommodation determination on documented educational, medical, developmental, accessibility, or other needs or specific purposes and review them on a regular basis.

The Superintendent or designee may involve school nurses, case managers, and IEP/504 coordinators in planning for and implementing internet-enabled device accommodations. Staff responsible for implementation shall have ready access to documentation of the accommodation and shall ensure their enforcement strategies minimize disruption. The district shall develop and disseminate clear procedures to ensure staff implement internet-enabled device accommodations confidentially. Staff training may be necessary to recognize and honor valid internet-enabled device accommodations without drawing unnecessary attention to the student. Staff shall treat students with an internet-enabled device accommodation with sensitivity and dignity. As appropriate, the district may develop one-page "internet-enabled device use summaries" for staff to ensure awareness while maintaining student confidentiality.

Pursuant to N.J.A.C. 6A:16-5.1, the district has developed and implemented comprehensive plans, procedures, and mechanisms that provide for safety and security in the district's schools. School safety plans include thoughtful integration of internet-enabled device procedures during emergencies or perceived threats. The district has incorporated clear expectations into school safety plans, emergency drill protocols, and staff professional development.

In the event of an unplanned emergency closure that prevents students from retrieving stored internet-enabled devices, the district shall develop and communicate a clear, centralized protocol for retrieving stored internet-enabled devices safely and efficiently once the school building is accessible.

In the event of a family emergency or for non-emergency communication, families shall contact the school's main office directly rather than reaching out to students during the school day. District staff will then follow local notification procedures to ensure the student receives the information in a timely and appropriate manner.

When a student leaves school grounds, whether for an open lunch period, internship, or other purpose, the student may be permitted to use their internet-enabled device. However, upon returning to school grounds, the student's internet-enabled device must be stored for the remainder of the school day in accordance with Regulation 5516.

The district shall ensure students, parents, and school staff members are aware of this Policy and Regulation 5516 and understand how this Policy and Regulation 5516 apply to them. The Board shall include information about this Policy and Regulation 5516 in student handbooks.

District staff shall apply clear, age-appropriate consequences and use strategies to redirect students who attempt to use internet-enabled devices. Discipline and consequences shall be addressed in Regulation 5516.

No student enrolled as a student of an elementary or secondary school, knowingly and without the express written permission of the Board, its delegated authority, or any Principal, shall bring or possess any remotely activated paging device on any property used for school purposes, at any time and regardless of whether school is in session or others are present pursuant to N.J.S.A. 2C:33-19.

5516.01 STUDENT TRACKING DEVICES

The Board of Education recognizes students may have in their possession while in school, at a school-sponsored activity, or on a school bus an electronic tracking device that uses a global positioning system (GPS) or any other similar system. A tracking unit is a device, normally carried by a moving vehicle or person, that uses a GPS or similar system to determine and track its precise location, and hence that of its carrier, at intervals. The recorded location data can be stored within the tracking unit or it may be transmitted to another location, including, but not limited to, a central location database or an Internet-connected computer, using a cellular, radio, or satellite modem embedded in the unit. This allows the tracking unit's location to be displayed against a map backdrop either in real time or when analyzing the tracking path later, using tracking software. A tracking unit may be a device designed just for tracking or may be an application installed on any other electronic device.

A tracking unit may also have the ability to transmit in real time or through taping electronic communications to another location. These electronic communications may be one-way or two-way audio or video communications between the student and a person with a device at another location or an audio and/or video feature that enables a person remote from the student, with or without the permission of the student, to listen-in or have voice communications with the student and/or access video through the unit either in real time or by taping such communications.

The Board of Education permits the use of a tracking unit or an application on an electronic device that can track the location of the student while in school, at a school-sponsored event, or on a school bus. However, to protect the privacy rights of all students and to maintain the school district's legal obligation to maintain confidential student information in accordance with Federal and State law and regulations, the use of a tracking device or an application on an electronic device that enables any type of one-way or two-way audio and/or video communications or taping is not permitted.

A violation of the provisions of this Policy will result in a violation of the Student Code of Conduct Policy and appropriate discipline will be imposed.

5517 SCHOOL DISTRICT ISSUED STUDENT IDENTIFICATION CARDS

The Board of Education recognizes school building security measures are important for the safety and welfare of all students, staff, parents, and community members in school buildings. In recognizing this important responsibility, the Principal or designee may require students to carry a school district issued Identification Card.

An Identification Card will be issued to all students in all school buildings.

The Identification Card shall have printed on the back the telephone number for the New Jersey Suicide Prevention Hopeline (NJ Hopeline) and contact information for a crisis text line pursuant to N.J.S.A. 18A:6-113.1. The district may, in addition to the telephone number for the NJ Hopeline and contact information for a crisis text line, provide the contact information for the National Suicide Prevention Lifeline, a school district crisis center, or any other mental health support services pursuant to N.J.S.A. 18A:3B-73.2.

Administrators and teachers may require a student to present their Identification Card at any time during the school day or at any time during a school-sponsored activity on school grounds.

Notwithstanding any provision of this Policy, the Principal or designee may also require students carry their Identification Card at any school-sponsored, off-campus activity, including but not limited to, field trips or interscholastic sports programs pursuant to N.J.S.A. 18A:36-43a. The provisions of this Policy shall not be construed to require a student to carry the Identification Card while participating in an athletic contest or competition, an activity involving fine arts or performing arts, or any other activity that the Commissioner of Education determines does not require the physical possession of an Identification Card. An Identification Card used in accordance with N.J.S.A. 18A:36-43a shall include, but need not be limited to, the following information: the student's name; an up-to-date photograph; and the current school year.

If the I.D. badge is lost, it must be reported to the Supervisor of Student Services and replaced at a cost to be determined by the Superintendent or designee.

Students who report to school without their I.D. badge must obtain a temporary I.D. badge from their teacher and are subject to the consequences as outlined in the Disciplinary Plan.

Students are not permitted to lend, borrow or exchange their individual I.D. badges for any reason with any other student. Defacing and/or altering the I.D. will automatically result in a minimum of one day ISS, parent notification, and a replacement I.D. will be issued at cost to the student.

Any student who fails to have the Identification Card in their possession or fails to present it when required may be denied access to an event or activity and may be subject to appropriate discipline.

An Identification Card issued in accordance with this Policy shall not be considered a government record pursuant to P.L. 1963, c.73 (N.J.S.A. 47:1A-1 et seq.), P.L. 2001, c.404 (N.J.S.A. 47:1A-5), or the common law concerning access to government records.

5519 DATING VIOLENCE AT SCHOOL

The Board of Education believes a safe and civil environment in school is necessary for children to learn. A student who is a victim of dating violence suffers academically and the student's safety at school is jeopardized. Acts or incidents of dating violence at school whether they are verbal, sexual, physical, or emotional will not be tolerated and will be dealt with in accordance with the school's student code of conduct.

All school staff members (administrative staff, instructional staff, support staff, and volunteers) shall take all reasonable measures to prevent acts or incidents of dating violence at school involving a student. All acts or incidents of dating violence at school shall be reported to the Principal or designee in accordance with the provisions outlined in Regulation 5519. A verbal report shall be made to the Principal or designee as soon as possible, but no later than the end of the student's school day when the staff member witnesses or learns of an act or incident of dating violence at school. A written report regarding the act or incident shall be submitted to the Principal or designee by the reporting staff member no later than one day after the act or incident occurred.

School staff members are required to report all acts or incidents of dating violence at school they witness or upon receiving reliable information concerning acts or incidents of dating violence at school. Acts or incidents may include, but are not limited to: those characterized by physical, emotional, verbal, or sexual abuse; digital or electronic acts or incidents of dating violence; and/or patterns of behavior which are threatening or controlling.

The Board of Education, upon the recommendation of the Superintendent of Schools, shall adopt the guidelines and procedures outlined in Regulation 5519 for responding to acts or incidents of dating violence at school. The protocols outlined in Regulation 5519 have been established for any school staff member who witnesses or learns of an act or incident of dating violence at school and for school administrators to work with the victim and the aggressor of an act or incident of dating violence.

Dating violence statements and investigations shall be kept in files separate from student academic and discipline records to prevent the inadvertent disclosure of confidential information. Every act or incident of dating violence at school that is reported shall be documented in an appropriate manner. This should include statements, planning actions, and disciplinary measures as well as counseling and other support resources that are offered and prescribed to the victim or aggressor.

School administrators shall implement discipline and remedial procedures to address acts or incidents of dating violence at school consistent with the school's student code of conduct. The policies and procedures specific to acts or incidents of dating violence at school shall be used to address the act or incident as well as serve as remediation, intervention, education, and prevention for all individuals involved. The responses shall be tiered with consideration given to the seriousness and the number of previous occurrences of acts or incidents in which both the victim and alleged aggressor have been involved.

Consequences may include, but are not limited to: admonishment, temporary removal from the classroom, classroom or administrative detention, in-school suspension, out-of-school suspension, reports to law enforcement, and/or expulsion. Retaliation towards the victim of any act or incident of dating violence shall be considered when administering consequences to the alleged aggressor based on the severity of the act or incident.

Remediation/intervention may include, but is not limited to: parent conferences, student counseling (all students involved in the act or incident), peer support groups, corrective instruction or other relevant learning or service experiences, supportive student interventions (Intervention and Referral Services - I&RS), behavioral management plans, and/or alternative placements.

A pattern of behaviors may be an important sign a student is involved in an unhealthy or abusive dating relationship. The warning signs listed in Regulation 5519 shall educate the school community on the characteristics that a student in an unhealthy or abusive relationship may exhibit. Many of these warning signs make a connection to one student in the relationship asserting control and power over the other. Recognizing one or more signs of teen dating violence plays an important role in preventing, educating, and intervening in acts or incidents of dating violence.

The Board of Education shall make available to students and their families information on safe, appropriate school, family, peer, and community resources available to address dating violence.

The Board of Education shall incorporate age-appropriate dating violence education in grades nine through twelve through the health education curriculum in alignment with the New Jersey Student Learning Standards for Comprehensive Health and Physical Education. The educational program shall include, but is not limited to, a definition of dating violence, recognizing the warning signs of dating violence, and the characteristics of healthy relationships.

Upon written request to the school Principal, a parent/legal guardian of a student less than eighteen years of age shall be permitted, within a reasonable period of time after the request is made, to examine the dating violence education instruction materials developed by the school district.

Notice of Policy and Regulation 5519 shall appear in all district publications that set forth the comprehensive rules, procedures, and standards of conduct for students within the district and in any handbook.

5520 DISORDER AND DEMONSTRATION

The Board of Education is responsible for providing a thorough and efficient system of education for students in this district and is authorized to preserve order so that the system may function properly. Students will not be disturbed in the exercise of their constitutionally guaranteed rights to assemble peaceably and to express ideas and opinions, privately or publicly, provided that their activities do not infringe on the rights of others and do not interfere with the operation of the educational program.

The Board will not permit the conduct on school premises of any willful activity engaged in by an individual acting alone or by a group of individuals that interferes with the orderly operation of the educational program or offends the rights of others. The Board specifically prohibits any assembly or expression that materially disrupts instruction; is obscene, slanderous, or grossly prejudicial; advocates the use of dangerous or harmful materials; advocates the use of force or the violation of law or school rules; or advertises goods or services for unauthorized commercial gain.

Disorderly students will be disciplined in accordance with law and Board Policy 5600; staff members who assist students in disorderly conduct may be subject to disciplinary measures.

The Board directs all staff members to attempt to resolve student conflict and dissent by reason and arbitration. Students who express dissent should be made aware of the lawful procedures available to them for the resolution of their grievances.

The Superintendent shall establish procedures for the prompt resolution of any disorder that occurs on school premises. The Building Principal shall be responsible for the identification and resolution of disorders in any school building and may summon law enforcement officers as necessary.

The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board will establish policies and procedures in operating programs to support the social, emotional, and physical development of students in accordance with the provisions of N.J.S.A. 18A:40A-1 et seq. and N.J.A.C. 6A:16-4.1 et seq. For the purpose of this Policy, "smoking" means the burning of, inhaling from, exhaling the smoke from, or the possession of a lighted cigar, cigarette, pipe, or any other matter or substance which contains tobacco or any other matter that can be smoked, or the inhaling or exhaling of smoke or vapor from an electronic smoking device pursuant to N.J.S.A. 26:3D-57. These programs may include, but are not limited to, counseling, smoking information programs, and/or smoking cessation programs sponsored by this school district or available through approved outside agencies.

The Board directs that the health curriculum include instruction in the potential hazards of the use of tobacco. All school staff members shall make every reasonable effort to discourage students from developing the habit of smoking.

5535 PASSIVE BREATH ALCOHOL SENSOR DEVICE

The Board of Education recognizes a student's abuse of harmful substances seriously impedes a student's education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take additional necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances.

In keeping with its commitment to protect all students and the school community from the harm of alcohol use, the Board of Education authorizes the use of a passive breath alcohol sensor device (PBASD) in certain circumstances. A PBASD enables school district staff to check an approximate alcohol level quickly and efficiently without requiring the student's active participation. A PBASD may be used in certain circumstances as defined in this Policy and as determined by the Principal or designee or the staff member(s) in charge of a school-related or school-sponsored event or activity. The purpose for using a PBASD is to protect students who may be under the influence of alcohol, other students, staff, and community members attending such events and to deter the use of alcohol by students.

The Board authorizes PBASD screening before, during, and after school activities/events including, but not limited to: dances, athletic events, proms, class trips, drama productions, graduation ceremonies, or school assemblies when the Principal or designee has reason to believe the use of alcohol by students may be present. When it is determined a PBASD will be used, a random number sequence will be selected by the Principal or designee prior to the event to determine which students in line for entrance will be screened. For example, if the number five is selected every fifth student in line for entrance into the activity/event shall be screened. In the alternative, the Principal or designee may determine to screen every student in line for entrance into the activity/event.

Written notice indicating the use of a PBASD will be displayed at the point of sale of a ticket for the activity/event or at the entrance of the activity/event if tickets are not required. Upon the purchase of a ticket to gain entry into an activity/event or upon the entry of a student into an activity/event that does not require the purchase of a ticket, a student shall be considered under the supervision of school district staff and shall be subject to the provisions of this Policy.

If the PBASD screening indicates the presence of alcohol on a student, additional PBASD screenings will be conducted. If additional PBASD screenings confirm the presence of alcohol on a student, the matter shall be reported to the Principal or designee and the certified or noncertified school nurse, or the school physician according to the reporting, notification, and examination requirements of N.J.S.A. 18A:40A-12, N.J.A.C. 6A:16-4.3, and Policy and Regulation 5530 - Substance Abuse.

A PBASD will only be used in accordance with the guidelines of this Policy. The Principal or designee shall be responsible for the proper training of school staff members in the use of the PBASD in accordance with the manufacturer's specifications.

5541 ANTI-HAZING

A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2. The provisions of this Policy apply to high school(s) in the school district.

"Hazing" in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are humiliating, demeaning, intimidating, and exhausting to the student.

N.J.S.A. 2C:40-3.a. indicates hazing may also include, but is not limited to, the conduct outlined below:

1. An individual(s) causes, coerces, or otherwise induces a student to commit an act that violates Federal or State criminal law;

2. An individual(s) causes, coerces, or otherwise induces a student to consume any food, liquid, alcoholic liquid, drug or other substance which subjects the student to a risk of emotional or physical harm or is otherwise deleterious to the student's health;

3. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a physical nature, including, but not limited to, whipping, beating, branding, excessive calisthenics, or exposure to the elements;

4. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a mental or emotional nature, including, but not limited to, activity adversely affecting the mental or emotional health or dignity of the individual, sleep deprivation, exclusion from social contact, or conduct that could result in extreme embarrassment;

5. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a sexual nature; or

6. An individual(s) subjects a student to any other activity that creates a reasonable likelihood of bodily injury to the student.

Board of Education members, school employees, and contracted service providers are required to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding such an incident. Students, parents, volunteers, or visitors are encouraged to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident.

Any report of an alleged incident of hazing shall be immediately investigated by the Principal or designee in accordance with procedures used to investigate alleged violations of the Student Discipline/Code of Conduct and Policy and Regulation 5600. A Principal or designee who receives a report of an alleged incident of hazing and fails to initiate or conduct an investigation and fails to minimize or eliminate the hazing may be subject to disciplinary action.

The Principal or designee may identify behavior when investigating an alleged incident of hazing indicating harassment, intimidation, or bullying (HIB) pursuant to N.J.S.A. 18A:37-14 et seq. – the New Jersey Anti-Bullying Bill of Rights Act (ABR). If the Principal or designee identifies behavior indicating HIB, the Principal or designee shall ensure a separate investigation is conducted in accordance with the ABR and Policy 5512.

The Superintendent or designee shall report to local law enforcement any hazing incident that rises to the level of mandatory reporting under the "Uniform Memorandum of Agreement Between Education Officials and Law Enforcement Officials" or any other agreement between local law enforcement and the school district pursuant to N.J.A.C. 6A:16-5.1(b).

Hazing that involves the participation of a coach, teacher, or other adult may constitute child abuse and shall be addressed in accordance with N.J.S.A. 18A:36-25 and Policy and Regulation 8462.

The Board shall enforce any penalty for violation of this Policy in accordance with the student code of conduct and Policy and Regulation 5600, or any other applicable Board Policy or Regulation. In accordance with N.J.S.A. 18A:37-32.3 appropriate penalties for a violation of this Policy may include, but are not limited to:

1. Withholding of diplomas or transcripts pending compliance with the rules;

2. Rescission of permission for the organization or group whose student member(s) are being penalized under this Policy, to operate on school property or to otherwise operate under the sanction or recognition of the school district; and

3. The imposition of probation, suspension, dismissal, or expulsion of a student member(s).

Any discipline instituted in response to a violation of this Policy may be in addition to discipline for a violation of Policy 5512, Policy and Regulation 5600, and any other applicable Board Policy and Regulation.

The school district shall ensure that students are informed of this Policy, including the rules, penalties, and program of enforcement under this Policy. This Policy shall be posted on the school district's publicly accessible Internet website.

5561 USE OF PHYSICAL RESTRAINT AND SECLUSION TECHNIQUES FOR STUDENTS WITH DISABILITIES

The Board of Education strives to provide a safe, caring atmosphere that supports all students in the least restrictive environment. On occasion, during an emergency, a situation may arise making it necessary to temporarily restrain or seclude a student with a disability in accordance with N.J.S.A. 18A:46-13.4 through 13.7.

A school district, an educational services commission, or an approved private school for students with disabilities (APSSD) that utilizes physical restraint on students with disabilities shall ensure that:

1. Physical restraint is used only in an emergency in which the student is exhibiting behavior that places the student or others in immediate physical danger;

2. A student is not restrained in the prone position, unless the student's primary care physician authorizes, in writing, the use of this restraint technique;

3. Staff members who are involved in the restraint of a student receive training in safe techniques for physical restraint from an entity determined by the Board to be qualified to provide such training, and that the training is updated at least annually;

4. The parent of a student is immediately notified when physical restraint is used on the student. This notification may be by telephone or electronic communication. A post-incident written notification report of the incident of physical restraint shall be provided to the parent within forty-eight hours of the occurrence of the incident;

5. Each incident in which physical restraint is used is carefully and continuously visually monitored to ensure it was used in accordance with established procedures set forth in this Policy and Regulation 5561, developed in conjunction with the entity that trains staff in safe techniques for physical restraint, in order to protect the safety of the child and others; and

6. Each incident in which physical restraint is used is documented in writing in sufficient detail to enable staff to use this information to develop or improve the behavior intervention plan at the next individualized education plan (IEP) meeting.

A school district, an educational services commission, and an APSSD shall attempt to minimize the use of physical restraints through inclusion of positive behavior supports in the student's behavior intervention plans developed by the IEP team.

A school district, an educational services commission, or an APSSD that utilizes seclusion techniques on students with disabilities shall ensure that:

1. A seclusion technique is used on a student with disabilities only in an emergency in which the student is exhibiting behavior that places the student or others in immediate physical danger;

2. Each incident in which a seclusion technique is used is carefully and continuously visually monitored to ensure it was used in accordance with established procedures set forth in this Policy and Regulation 5561, developed in conjunction with the entity that trains staff in safe techniques for physical restraint, in order to protect the safety of the child and others; and

3. Each incident in which a seclusion technique is used is documented in writing in sufficient detail to enable the staff to use this information to develop or improve the behavior intervention plan at the next IEP meeting.

A school district, an educational services commission, and an APSSD shall attempt to minimize the use of seclusion techniques through inclusion of positive behavior supports in the student's behavior intervention plans developed by the IEP team.

The New Jersey Department of Education shall establish guidelines for school districts, educational services commissions, and APSSDs to ensure a review process is in place to examine the use of physical restraints or seclusion techniques in emergency situations, and for the repeated use of these methods for an individual child, within the same classroom, or by a single individual. The review process shall include educational, clinical, and administrative personnel. Pursuant to the review process the student's IEP team may, as deemed appropriate, determine to revise the behavior intervention plan or classroom supports, and a school district, educational services commission, or APSSD may determine to revise a staff member's professional development plan pursuant N.J.S.A. 18A:46-13.7.

The Superintendent or designee may gather input from school staff members and parents of students with disabilities on this Policy and Regulation 5561. All students with disabilities and their parents shall be afforded the procedural safeguards provided by the Individuals with Disabilities Education Act (IDEA).

Consequences for acts or incidents of dating violence at school may range from admonishment to suspension or expulsion. 5610 SUSPENSION

The Board of Education recognizes that even the temporary exclusion of a student from the educational program of this district is a severe sanction and one that cannot be imposed without due process.

Any student who is guilty of continued and willful disobedience, or of open defiance of the authority of any teacher or person having authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school. Conduct which shall constitute good cause for suspension or expulsion of a student guilty of such conduct shall include, but not be limited to, the conduct as defined in N.J.S.A. 18A:37-2 and the school district's Student Discipline/Code of Conduct Policy and Regulation in accordance with the N.J.A.C. 6A:16-7.1 et seq.

For the purposes of this Policy, "short term suspension" means a suspension for one, but not more than ten consecutive school days and "long term suspension" means a suspension for more than ten consecutive school days.

In accordance with the provisions of N.J.S.A. 18A:37-4, a student may be suspended only by the Principal, who shall report any suspension to the Superintendent as soon as possible. The suspended student may be reinstated by the Principal or by the Superintendent prior to the second regular meeting of the Board following the suspension, unless the Board reinstates the student at the first regular meeting. No student suspended for reasons of assault upon a person in authority may be reinstated before the Board has held a hearing, within thirty calendar days of the suspension, to consider that student's expulsion from school. At its second regular meeting after the suspension and thereafter, the Board alone may reinstate the student or continue the suspension.

In each instance of a short-term suspension, the student will be provided oral or written notice of the charges and an informal hearing conducted by the Principal or designee in accordance with the procedures outlined in N.J.A.C. 6A:16-7.2. To the extent the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process, the student may be immediately removed from the student's educational program and the informal hearing shall be held as soon as practical after the suspension.

In each instance of a long-term suspension, the district shall assure the rights of the student pursuant to N.J.A.C. 6A:16-7.3.

The district will comply with the requirements of N.J.A.C. 6A:16-7.2 and 7.3, in addition to all the procedural protections set forth in N.J.A.C. 6A:14, for each student with a disability who is subject to a short-term or long-term suspension.

In each instance of a short- or long-term suspension, the district shall provide academic instruction, either in school or out of school, that addresses the New Jersey Student Learning Standards pursuant to N.J.A.C. 6A:8-3.1 et seq., which may include a public education program provided in accordance with the provisions of N.J.A.C. 6A:16-9 or 10. These services shall be provided within five school days of the suspension. Educational services provided to a student with a disability shall be provided consistent with the student's Individualized Education Program, in accordance with N.J.A.C. 6A:14.

In the event a student has experienced multiple suspensions or may be subject to a proposed expulsion from school, the Principal shall convene a meeting, as soon as practicable, between the student and a school psychologist, a school counselor, a school social worker, a student assistance coordinator, or a member of the school's intervention and referral services team in accordance with the provisions of N.J.S.A. 18A:37-2c.

Student records are subject to challenge by parents and adult students in accordance with N.J.A.C. 6A:32-7.7 and Policy and Regulation 8330. 5615 SUSPECTED GANG ACTIVITY

Students that initiate, advocate, or promote unacceptable activities or conduct, openly or otherwise, and/or threaten the safety or well-being of others, disrupt the school environment and are harmful to the educational process in this school district. This unacceptable conduct, including but not limited to, physical or verbal harassing, intimidating, or bullying conduct; unlawful use of force; threats; violence; or other violations of the school district's student code of conduct by a student or group of students directed toward any school staff member or any other student or group of students anywhere on school grounds, at any school related or sponsored activity, on school buses, at school bus stops, and any other place where students are supervised by school district staff will not be tolerated.

In the event the Principal or designee believes any unacceptable activities or conduct was, or is being committed, for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by students representing a "criminal street gang" (hereinafter referred to as a "gang") as defined in N.J.S.A. 2C:33-29.

The Board shall continue to provide an appropriate educational program or service in accordance with N.J.A.C. 6A:16-7.4(a)2 until a final determination has been made on the appeal of the Board's action to expel a student.

In accordance with the provisions of N.J.S.A. 18A:37-2c, in the event a student may be subject to a proposed expulsion from school, the Principal shall convene a meeting, as soon as practicable, between the student and a school psychologist, a school counselor, a school social worker, a student assistance coordinator, or a member of the school's intervention and referral services team. The purpose of the meeting shall be to identify any behavior or health difficulties experienced by the student and, where appropriate, to provide supportive interventions or referrals to school or community resources that may assist the student in addressing the identified difficulties.

The requirements of N.J.S.A. 18A:37-2c shall not apply when a student's immediate removal or suspension from the school's regular education program is required pursuant to: the provisions of the "Zero Tolerance for Guns Act," (N.J.S.A. 18A:37-7 et seq.); N.J.S.A. 18A:37-2.1 – Assault by Pupil Upon Teacher, etc.; Suspension; Expulsion Proceedings; N.J.S.A. 18A:37-2.2 – Offense by Pupil Involving Assault, Removal from Schools Regular Education Program; or in any other instance in which the safety and security of other students or school staff requires the student's immediate removal from school. 5700 STUDENT RIGHTS

The Board of Education recognizes that students possess both the right to a free public education and the rights of citizenship. In granting students the educational opportunities to which they are entitled, the Board shall provide them with the nurture, counsel, and custodial care appropriate to students' ages and maturity. At the same time, the Board will respect the right of each student to equal treatment and equal access to the educational program, the due process of law, freedom of expression and association, and the privacy of his/her own thoughts.

Attendant on the rights guaranteed to each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the policies and regulations of this district.

As students differ in age and maturity, so they differ in the ability to assume both the rights and the concomitant responsibilities of citizenship. Accordingly, the exercise of each right will be granted with due regard for the degree of responsibility possessed by the student and the student's need for continuing guidance and control.

A student who has reached the age of majority possesses the full rights of an adult and may issue authorizations previously delegated to his/her parent(s) or legal guardian(s). The adult student is fully responsible for his/her educational performance, attendance, compliance with district regulations, and care of school property. The parent(s) or legal guardian(s) of each adult student will be informed of the rights of the student and will continue to be informed of the student's progress in school.

5701 ACADEMIC INTEGRITY

It is expected that all assignments submitted by students at the Morris County Vocational School District be their own product and a result of their own efforts. Engaging in academically dishonest activity is not only unethical, but also illegal. Students caught acting in an academically dishonest manner may face disciplinary action, including, but not limited to, the reduction of a grade, loss of credit, failure of an assignment, loss of membership in honor societies, loss of eligibility for enrollment in honors courses, loss of eligibility for leadership positions, loss of eligibility for senior-year college option, loss of eligibility for graduation privileges, detention(s), suspension(s) and documentation of the infraction on the student's permanent record.

The Morris County Vocational School District distinguishes between four types of academic dishonesty: cheating, facilitating academic dishonesty, plagiarism, and forgery. Classifications and procedures for the different levels of offenses are laid out in this Policy.

Cheating

Cheating is recognized as intentionally using or attempting to use any unauthorized materials, information, or study aids during an academic activity. It is also considered cheating if an individual copies answers or any other information during an academic activity without the consent of the instructor to work with others. If the instance of cheating created a disturbance during an academic activity, the student involved may face disciplinary action.

Levels of Cheating

Level I cheating involves soliciting and/or copying answers for a homework or in-class assignment.

Level II cheating occurs when a student solicits answers or any other information from another student for a quiz, test, project, or any other major assignment.

Level III cheating is defined as a deliberate or premeditated attempt to gain an advantage on a quiz or test.

This includes, but is not limited to, the presence of unauthorized study materials (e.g. notes) or devices (e.g. cell phones, MP3s, laptops).

Level IV occurs when the student has engaged in academic dishonesty, in any way, for the second time.

Facilitating Academic Dishonesty

Facilitating academic dishonesty occurs when a student assists another student in committing an act of academic dishonesty. This includes, but is not limited to, actions such as discussing answers or any other information during, or in advance of, an academic activity without the consent of the instructor to work with others. If the instance of facilitating academic dishonesty created a disturbance during an academic activity, the students involved may face disciplinary action.

Levels of Facilitating Academic Dishonesty

Level I facilitation involves providing another student with answers for a homework or in-class assignment.

Level II facilitation occurs when a student provides answers or any other information to another student for a quiz, test, project, or any other major assignment.

Level III facilitation is defined as a deliberate or premeditated attempt to assist another student in gaining an advantage on a quiz or test. This includes, but is not limited to, providing a peer with unauthorized study materials (e.g. notes) or devices (e.g. cell phones, MP3s, laptops).

Level IV occurs when the student has engaged in academic dishonesty, in any way, for the second time.

Plagiarism

Plagiarism is a form of dishonesty that occurs when a student submits work of another individual, or work generated by artificial intelligence, as his or her own. This can range from failing to cite an author for ideas incorporated into a student's paper, to cutting and pasting paragraphs from different websites or a peer's work, to handing in a paper downloaded from the Internet. Plagiarism can be evident in written, audio, or visual material.

Levels of Plagiarism

Level I occurrence would involve the student's use of phrases or a few lines of text or a paragraph without proper citation. Most of the student's work is still his or her own.

Level II plagiarism is more serious. It involves the student's use of multiple paragraphs of someone else's work, and/or the use of someone else's ideas without the proper attribution, and/or repeated paraphrasing without proper attribution. While some of the work is the student's own, it is clear that significant portions of the student's work are not his/her own.

Level III plagiarism is when most, if not all, of the work has been copied from another source.

Level IV occurs when the student has engaged in academic dishonesty, in any way, for the second time.

Range of Consequences for Cheating, Facilitating Academic Dishonesty, and Plagiarism

In accordance with the discipline policy, any instance of academic dishonesty results in a Saturday detention, as well as one of the following stipulations:

1. A grade reduction on the assignment in question.

2. A grade of zero for the assignment in question with no opportunity to make up that work in any way, including extra credit work.

3. If the severity of the situation merits it, the student shall be given a grade of F for the quarter of the course in which the incident of academic dishonesty has occurred. An F may equal zero to 59 points and shall be determined by the Academic Integrity Committee.

4. In unusual situations, where the gravity of the infraction is so great, the Academic Integrity Committee reserves the right to administer consequences beyond the identified range.

A second instance of academic dishonesty, and any additional infractions thereafter, results in a suspension, with the length of the suspension to be determined by the Academic Integrity Committee. A second instance of academic dishonesty may also result in the application of more than one of the stipulations noted above.

Forgery

Forgery is defined as the creation of a false document or alteration of a genuine one that results in the communication of inaccurate information. This includes any document that requires information and/or a signature from a parent, employer/internship mentor, MCST staff member, or any other official/professional.

Levels of Forgery

Level I forgery results in a minor distortion of the facts, including, but not limited to, an instance where the overall intent is not to deceive but results in a misrepresentation of the facts.

Level II forgery results in a moderate distortion of the facts, including, but not limited to, an instance where an individual's intent is misrepresented, or information is altered.

Level III forgery results in a major distortion of the facts, including, but not limited to, an instance where an individual is misrepresented, or information is fabricated.

Level IV occurs when the student has engaged in academic dishonesty, in any way, for the second time.

Range of Consequences for Forgery

In accordance with the discipline policy, any instance of academic dishonesty results in a Saturday detention, as well as one of the following stipulations:

1. A loss of credit for the hours (internship). A grade reduction on the assignment in question (academic assignment).

2. A loss of credit for the hours and a grade reduction to 59 for the marking period in which the infraction occurred (internship). A grade of zero for the assignment in question with no opportunity to make up that work in any way, including extra credit work (academic assignment).

3. If the severity of the situation merits it, the student shall be restricted from completing hours at the site at which the infraction is associated. The accused student will need procure a new internship and the Academic Integrity Committee will determine the hours required to complete the internship (internship). If the severity of the situation merits it, the student shall be given a grade of F for the quarter of the course in which the incident of academic dishonesty has occurred. An F may equal zero to 59 points and shall be determined by the Academic Integrity Committee (academic assignment).

4. In unusual situations, where the gravity of the infraction is so great, the Academic Integrity Committee reserves the right to administer consequences beyond the identified range.

A second instance of academic dishonesty, and any additional infractions thereafter, results in a suspension, with the length of the suspension to be determined by the Academic Integrity Committee. A second instance of academic dishonesty may also result in the application of more than one of the stipulations noted above.

Procedure for Addressing Academic Dishonesty

When a teacher has reason to believe that academic dishonesty has occurred, the following steps will be taken:

1. Option 1 - Teacher Action

   The teacher will investigate the matter with the student(s) involved.

   a. The teacher will communicate the outcome of his/her investigation to the immediate Supervisor.

   b. The teacher, in consultation with the Supervisor, may decide to issue a consequence, and will communicate this decision in writing to the student and his/her parents as well as the guidance counselor. This letter will be placed in the student's file. If a parent/student wishes to appeal the teacher's consequence, the Principal will review the matter.

2. Option 2 - Teacher Action

   The teacher, in consultation with the Supervisor, may refer the incident to the Principal for the following reasons:

   a. The student denies the charge of academic dishonesty.

   b. Several students are involved in the infraction, and the teacher does not have the capacity to perform a comprehensive investigation.

   c. Other criteria warrant a broader investigation of the charge.

   The teacher will forward copies of all pertinent information to the Principal and an investigation will be conducted.

3. Academic Integrity Committee

   a. Upon receiving a referral, the Academic Integrity Committee will hold a hearing and investigate the charges of academic dishonesty.

b. In order to assure a student's due process rights, the student and parents of the student facing the charge of academic dishonesty will be informed prior to the investigation.

c. The student will have an opportunity to appear and may be accompanied by a parent and/or counselor before the Academic Integrity Committee to shed light on the charges.

d. If necessary, the Academic Integrity Committee will interview other staff or students related to the inquiry.

e. The Principal will notify the student, counselor, and parents of the student of the outcome of the investigation. If a share-time student is found to have engaged in academic dishonesty, the guidance department of the student's home district will be notified.

f. In all cases where a student is found to have engaged in academic dishonesty, a formal letter will be placed in the student's file, describing the action and confirming the consequence(s) meted out by the school.

g. The due process rights of students will always be ensured.

The Principal will make the final decision concerning consequences on any case brought forward. The Principal may affirm the teacher's consequence or institute consequences with lesser or greater severity.

Standing Committee

The committee shall consist of three members: two administrators (Principal of Academies/Principal of Programs and Assistant Principal of Students), a representative from the guidance department. Decisions of the committee may be appealed to the Principal within three school days after receipt of notice and may be made only on the basis of new evidence.

The Board of Education believes students possess the right to request redress of grievances and disputes. Accordingly, the Board will establish and observe procedures by which the grievances of students will be heard.

For the purpose of this Policy, a student grievance means any complaint that arises out of the acts or policies of this Board or the acts of its employees. The procedure outlined in this Policy shall be used to address a student grievance that is not elsewhere in a Board policy, regulation, and/or grievance with a procedure specifically designed to address the conduct in question.

A student grievance shall be heard in the following manner:

1. First Level

   a. The student or parent may submit a grievance to the teaching staff member most closely related to the policy or act giving rise to the grievance, within five school days of the conduct.

2. Second Level

   a. If the grievance is not resolved at the first level, the student or parent may appeal the teaching staff member's decision by submitting a written appeal of the decision to the Director of Student Personnel Services within five school days of receipt of the teaching staff member's written decision.

      (1) The written grievance shall include:

         (a) The specific nature of the grievance and a brief statement of the facts giving rise to it;

         (b) Any documentation the student or parent has supporting their request; and

         (c) The remedy sought by the student or student's parent.

   b. The Director of Student Personnel Services will inform the student and parent, in writing, of the Director of Student Personnel Services' decision regarding the appeal within five school days of receiving the written appeal from the student or parent and their right to appeal the Principal's or designee's decision to the Superintendent of Schools or designee.

3. Third Level

   a. If the grievance is not resolved at the second level, the student or parent may appeal the Director of Student Personnel Services decision by submitting a written request to the Superintendent or designee. This written request for an appeal must be submitted to the Superintendent or designee by the student or parent within five school days of the student's or parent's receipt of the Director of Student Personnel Services written decision and must include the same information the parent or student submitted in the written grievance outlined in 2.a.(1) above.

   b. The Superintendent or designee will review the written request for an appeal and supporting documentation submitted by the school staff members and the student or parent to inform the student and parent of the decision regarding the appeal within ten school days of receiving the written request for an appeal.

   c. A student or parent may appeal the Superintendent or designee's decision to the Board. An appeal that proceeds to the Board will be determined promptly and the Board will issue a decision in no more than thirty calendar days. The student will be informed of the right to appeal a decision of the Board to the Commissioner of Education.

The Superintendent shall direct all staff members to respect the right of students to seek redress of grievances by lawful procedures without fear of reprisal.

5721 INDEPENDENT PUBLICATIONS

The Board of Education sponsors student publications as important elements of the instructional program. Students are encouraged to develop skills of written and verbal communication and to exercise the right to express their opinions freely and responsibly.

The rights of free speech, and free expression of students in public schools pursuant to the First Amendment, are not automatically coextensive with the rights of adults in other settings and shall be applied in light of the special characteristics of the school environment. The Board of Education reserves the right to exercise prepublication control over school-sponsored publications through administrative staff and faculty.

Student expression may be restricted, if it can be determined that such expression is inconsistent with the basic educational mission of the school district and when censorship action is reasonably related to legitimate educational concerns. Students shall have the right to appeal the exercise of censorship by school district staff to the Board of Education.

Students who violate this Policy by expression, publication or distribution of any materials which are biased or prejudiced, vulgar or profane, unsuitable for immature audiences, or which do not meet the school district's high standards of learning and propriety consistent with its educational goals and objectives may be subject to appropriate discipline.

This Policy shall be implemented in accordance with regulations to be developed by the Superintendent. The regulations shall:

1. Identify school district staff responsible for student publications;

2. Establish procedures for prepublication review; and

3. Specify procedures for appeal by students to the Board of Education with provisions for prompt decisions to be made at each level.

Student Freedom of Expression

It is the policy of this district to ensure all students enjoy free speech and free press protections related to school-sponsored media, and to encourage students to become educated, informed and responsible members of society.

No expression made by students in the exercise of free speech or free press rights shall be deemed to be an expression of school or district policy.

Definitions

"School-sponsored media" means any material that is prepared, substantially written, published, or broadcast by a student journalist at a public school, distributed or generally made available to members of the student body, and prepared under the direction of a student media adviser. School-sponsored media does not include media intended for distribution or transmission solely in the classroom in which the media is produced.

"Student journalist" means a public school student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

"Student media adviser" means an individual employed, appointed, or designated by a school district to supervise or provide instruction relating to school-sponsored media.

Except as otherwise provided in this policy, a student journalist has the right to exercise freedom of speech and of the press in school-sponsored media, regardless of whether the media is supported financially by the school district or by use of school district facilities, or produced in conjunction with a class in which the student is enrolled. A student journalist is responsible for determining the news, opinion, feature, and advertising content of school-sponsored media. This shall not be construed to prevent a student media adviser from teaching professional standards of English and journalism to student journalists.

School-Sponsored Student Media

Student journalists are responsible for determining the news, opinion, feature, and advertising content of school-sponsored student media. Student journalists may create an editorial hierarchy (e.g., student editorial board, editor in chief, section editors, etc.) for determining content.

Student journalists shall strive to:

1. Make decisions based upon news value and guided by the Code of Ethics provided by the Society of Professional Journalists, National Scholastic Press Association, Journalism Education Association, or other relevant group;

2. Produce media based upon professional standards of accuracy, objectivity, and fairness;

3. Review material to improve sentence structure, grammar, spelling, and punctuation;

4. Check and verify all facts and verify the accuracy of all quotations; and

5. In the use of editorials or letters to the editor concerning controversial issues, determine the need for rebuttal comments and opinions and provide space therefore if appropriate.

No student journalist shall be disciplined, restrained, or otherwise censored, penalized, or punished when acting in accordance with this section. There shall be no prior restraint by any person of material prepared for school-sponsored media unless it falls within one of the exceptions, listed below.

No student shall be sanctioned for operating as an independent journalist.

Administrative prior review shall be rare, if it occurs at all. Sound pedagogical, ethical and legal rationale exist opposing all forms of prior review. Any reason for such prior review shall be clearly communicated to the student journalist in writing at the time student media is restrained, and at no time will school-sponsored student media be held for review longer than seventy-two hours or more than twenty-four hours beyond the publication deadline time as established by the student journalist, whichever comes first. Any costs borne by the student media program as a result of delays pertaining to administrative prior review shall be covered by the school.

Student Media Advisers

Student media advisers are responsible for working with and providing guidance to student journalists. Student media advisers provide training in journalistic principles and access to necessary resources, including but not limited to training in journalistic ethics and media law.

Student media advisers may provide feedback to students including teaching professional standards of English and journalism. Student media advisers are do not determine, assign, or approve the content of student media, except if the adviser believes the student media has met the criteria for exclusion listed in "Exceptions" below. Such decisions are subject to the appeal process, outlined below.

In the event a student media adviser is not previously trained in journalism, appropriate professional development will be made available by the school district, preferably through the state's journalism education association, the national Journalism Education Association or other recognized entity aimed at supporting media advisers.

A student media adviser may not be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against for acting to protect a student journalist engaged in permissible conduct or refusing to infringe on conduct that is protected by the First Amendment to the United States Constitution, paragraph 6 of Article I of the New Jersey State Constitution, N.J.S.A. 18A:36-45, or this Policy. No financial decisions relating to the student media program may be based, in whole or in part, on the past, present, or potential content of school-sponsored student media.

Exceptions

This Policy does not authorize or protect school-sponsored media that:

1. Is libelous or slanderous;

2. Constitutes an unwarranted invasion of privacy;

3. Is profane or obscene;

4. Violates Federal or State law; or

5. So incites students as to create a clear and present danger of the commission of an unlawful act, the violation of a lawful school district policy, or the material and substantial disruption of the orderly operation of the school.

If, in the opinion of a student editor, student editorial staff or faculty adviser, material proposed for a publication may fall within the list of exceptions, above, the Board Attorney shall be consulted. The final decision of whether the material is to be published or distributed will be left to the student editor or student editorial staff.

District officials must base a forecast of material and substantial disruption on specific facts, including past experience in the school and current events influencing student behavior, and not on undifferentiated fear or apprehension. In determining whether student media is disruptive, consideration must be given to the context of the distribution as well as the content of the material. Consideration should be given to past experience in the school with similar material, past experience in the school in dealing with and supervising the students in the school, current events influencing student attitudes and behavior, and whether there have been any instances of actual or threatened disruption prior to or contemporaneously with the dissemination of the student publication in question. Actual or potential heated discussion or debate alone is not sufficient evidence of a material and substantial disruption.

District officials shall have the burden of providing to the student journalist prior written justification for their limitation of school-sponsored media.

Appeals

The student journalist shall have the right, within five business days of receiving the written reason for limitation of school-sponsored student media, to appeal the decision to the Superintendent.

Appeals must be filed in writing. The Superintendent shall convene a hearing within five business days. The student journalist shall have the right to have the student's parent or legal guardian and the student media adviser present. The burden of proof shall be on the Principal or his or her appointed representative to demonstrate that the media in question has met the criteria for exclusion. The Superintendent shall render a written decision within forty-eight hours of the hearing.

The student journalist shall have the right, within five business days of receiving the Superintendent's written decision, to appeal to the school Board. The school Board shall hear the appeal at the next regularly scheduled Board meeting, or within ten business days, whichever comes first. The school Board shall render a written decision within forty-eight hours of the hearing.

The decision of the Board shall be considered the final determination.

Websites

School-sponsored websites are also subject to this Policy and to the same regulatory constraints as are print publications.

5722 STUDENT JOURNALISM

The Board of Education believes it is important to afford students the opportunity to exercise their creativity, passion, and constitutionally-protected freedom of speech. However, the Board also believes this opportunity must be balanced between ensuring students have the right to speak freely while also preserving the ability of district staff to maintain the safe and orderly operation of the school district. The Board adopts this Policy granting students the right to exercise freedom of speech and of the press in accordance with N.J.S.A. 18A:36-44 and N.J.S.A. 18A:36-45.

For the purpose of this Policy, the following terms shall mean:

"Prior restraint" means a school official informing a student journalist(s) the news, opinion, feature, and advertising content of school-sponsored media, subject to the restrictions listed in N.J.S.A. 18A:36-45.b., N.J.S.A. 18A:36-45.c., and the provisions of this Policy, cannot be published in school-sponsored media or a school official takes any action to prevent a student from doing so.

"Prior review" means a school official reviewing school sponsored media before it is published, broadcast by a student journalist at school or distributed, or generally made available to members of the student body.

"School official" means the Principal or designee or an administrative staff member designated by the Superintendent.

School-sponsored media does not include media intended for distribution or transmission solely in the classroom in which the media is produced.

"Student journalist" means a student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

"Student media advisor" means an individual employed, appointed, or designated by the district to supervise or provide instruction relating to school-sponsored media.

Student journalists have the right to exercise freedom of speech and of the press in school-sponsored media, regardless of whether the media is supported financially by the district or by use of school district facilities, or produced in conjunction with a class in which the student is enrolled. Subject to 1. through 5. below, student journalists are responsible for determining the news, opinion, feature, and advertising content of school-sponsored media. N.J.S.A. 18A:36-45.b. and this Policy shall not be construed to prevent student media advisors from teaching professional standards of English and journalism to student journalists.

This Policy does not authorize or protect expression by a student that:

1. Is libelous or slanderous;

2. Constitutes an unwarranted invasion of privacy;

3. Is profane or obscene;

4. Violates Federal or State law; or

5. So incites students as to create a clear and present danger of the commission of an unlawful act, the violation of school district policies, or the material and substantial disruption of the orderly operation of the school.

The district shall not authorize any prior restraint of any school-sponsored media except for the types of expression prohibited under N.J.S.A. 18A:36-45.c. and as listed in 1. through 5. above.

A school official may implement a procedure for prior review of school-sponsored media. Any prior review of school-sponsored media required by the school official shall be communicated to the student journalist by the school official and be conducted within three school days after submission to the school official by the student journalist. If the school official cannot show the school-sponsored media is prohibited under N.J.S.A. 18A:36-45.c. and 1. through 5. above, within the three school days, the student journalist may release the school-sponsored media.

When a school official determines the restraint of student expression is necessary, the school official shall simultaneously identify at least one of the five prohibitions listed in 1. through 5. above under N.J.S.A. 18A:36-45.c. and in this Policy under which the limitation of student expression is appropriate. This determination shall be provided to the student journalist in writing by the school official that made the determination.

A student journalist may appeal, to the Superintendent or designee, a determination by a school official that the restraint of student expression is necessary. An appeal must be submitted in writing to the Superintendent or designee within five school days of the written determination being communicated to the student journalist. The appeal must include a copy of the written determination and the reasons why the student journalist believes the limitation is not appropriate. The Superintendent or designee may, but is not required to, provide the student journalist an opportunity to present their written appeal in person. The Superintendent or designee will make a determination on the appeal within five school days of receiving the written appeal from the student journalist. The student journalist may appeal a decision of the Superintendent or designee to the Board of Education in writing. The Superintendent or designee shall determine reasonable provisions for the time, place, and manner of student expression for the purposes of school-sponsored media.

6. School counseling;
7. Extra-curricular programs and activities; and
8. Testing and other assessments.

Affirmative action shall be taken to ensure that students are protected from the effects of discrimination, in accordance with Policy 2260. Students who experience less than equal educational opportunities or experience discrimination shall use the procedure established by Regulation 5750 to report and/or appeal any harassment or discriminatory practice.

The conduct of teaching staff members shall exemplify the highest principles of equality and democracy. Conduct and attitudes that display discrimination are contrary to the policies of this Board and, further, are destructive to the self esteem that this Board wishes to encourage in all students. A teaching staff member's act of derision or enmity, in any form, against a person or persons on the basis of any of the protected categories listed at N.J.A.C. 6A:7-1.1(a) shall be considered to be conduct unbecoming to a professional staff member of this district and shall be subject to appropriate discipline.

The Superintendent shall develop and promulgate a procedure by which a student or parent may appeal Board policy, district practice, or the act or omission of any district employee that allegedly violates this Policy.

5751 SEXUAL HARASSMENT OF STUDENTS

The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. In accordance with Title IX of the Education Amendments of 1972 and the Code of Federal Regulations (CFR), 34 CFR §106, the school district adopts this Policy and implements practices to investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students, or third parties pursuant to 34 CFR §106.3(c). In addition, reports of sexual harassment shall also be investigated in accordance with the requirements of New Jersey's Anti-Bullying Bill of Rights Act and Policy 5512.

For the purposes of Policy 5751 and in accordance with 34 CFR §106:

1. "Sexual harassment" (34 CFR §106.30(a)) means conduct on the basis of sex that satisfies one or more of the following:

    a. An employee of the school district conditioning the provision of an aid, benefit, or service of the school district on a student's participation in unwelcome sexual conduct;

    b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the school district's education program or activity; or

    c. "Sexual assault" as defined in 20 U.S.C. §1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. §12291(a)(10), "domestic violence" as defined in 34 U.S.C. §12291(a)(8), or "stalking" as defined in 34 U.S.C. §12291(a)(30).

Sexual harassment may take place electronically or on an online platform used by the school, including, but not limited to, computer and internet networks; digital platforms; and computer hardware or software owned or operated by, or used in the operations of the school.

In accordance with 34 CFR §106.8(a), any person may report sex discrimination, including sexual harassment using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

A school district with "actual knowledge" of sexual harassment in the educational program or activity of the school district against a student, must respond promptly in a manner that is not "deliberately indifferent".

Any school employee who receives a complaint of sexual harassment or is aware of behavior that could constitute sexual harassment is required to report that information to the Title IX Coordinator in accordance with the provisions of 34 CFR §106.8(a) and B.1. of Regulation 5751. The district must report any potential child abuse in accordance with N.J.S.A. 18A:36-24; N.J.S.A. 18A:36-25; N.J.A.C. 6A:16-11.1; and Policy and Regulation 8462.

The Title IX Coordinator shall notify persons entitled to a notification pursuant to 34 CFR §106.8(a)(1) that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX and Policy and Regulation 5751 not to discriminate in such a manner in accordance with 34 CFR §106.8(b)(1).

The Title IX Coordinator shall prominently display the contact information required to be listed for the Title IX Coordinator pursuant to 34 CFR §106.8(b)(2)(i) on the school district's website and in each handbook or catalog the school district makes available to persons entitled to a notification in accordance with 34 CFR §106.8(a). Policy and Regulation 5751 shall be prominently displayed on the district's website and accessible to anyone.

Supportive measures shall be available to the Complainant, Respondent, and as appropriate, witnesses or other impacted individuals.

The school district shall use the grievance process outlined in 34 CFR §106.45 and Regulation 5751 to address formal complaints of sexual harassment. The school district shall offer both parties an appeal process as outlined in 34 CFR §106.45 and Regulation 5751 from a determination regarding responsibility for sexual harassment and from the Title IX Coordinator's dismissal of a formal complaint or any allegations of sexual harassment.

The Title IX Coordinator shall be responsible for effective implementation of any remedies in accordance with 34 CFR §106.45(b)(7)(iv). The appropriate school official designated by the Superintendent, after consultation with the Title IX Coordinator, will determine sanctions imposed and remedies provided, if any.

Consistent with the laws of New Jersey a student's parent must be permitted to exercise the rights granted to their child under this Policy, whether such rights involve requesting supportive measures, filing a formal complaint, or participating in a grievance process.

The Superintendent or designee shall ensure that Title IX Coordinators, investigators, decision-makers, appeal officer, and any person who facilitates an informal resolution process, receive training in accordance with 34 CFR §106.45(b)(1)(iii).

The school district or any employee of the school district shall not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or Policy 5751, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy, in accordance with 34 CFR §106.71(a).

The school district shall maintain for a period of seven years records in accordance with the requirements of 34 CFR §106.45(b)(10). For each school district response to sexual harassment required under 34 CFR §106.44, the school district shall create and maintain for a period of seven years, records in accordance with 34 CFR §106.45(b)(10).

The Superintendent or designee shall consult with the Board Attorney to ensure the school district's response to allegations of sexual harassment and the school district's grievance process are in accordance with 34 CFR §106.44 and 34 CFR §106.45.

Any time a report is made to the Title IX Coordinator or formal complaint is filed pursuant to this Policy and in accordance with 34 CFR §106, the Title IX Coordinator shall forward the report or complaint to the Principal of the school building attended by the alleged victim for the Principal to follow the requirements of New Jersey's Anti-Bullying Bill of Rights Act and Policy 5512.

5752 MARITAL STATUS AND PREGNANCY

The Board of Education will not discriminate among students on the basis of their marital status or parenthood. No student, male or female, who is married or a parent shall be denied access to or benefit from any educational, co-curricular, or athletic program or activity on the basis of his/her marital status or parenthood.

A pregnant student shall not be excluded from any educational program or activity because of her pregnancy or pregnancy-related condition unless the student so requests or a physician certifies that her exclusion is necessary for the student's physical, mental, or emotional well-being. An excluded pregnant student will be provided with adequate and timely opportunity for instruction to continue or make up her schoolwork without prejudice or penalty. Pregnant students will be provided a special instructional program in accordance with Policy 2416.

5756 TRANSGENDER STUDENTS

The Board of Education believes that a school culture that supports student achievement respects and values all students and fosters understanding of gender identity or expression within the school community is a safe learning environment. New Jersey law and district policy require that all programs, activities, and employment practices be free from discrimination based on sex, sexual orientation, gender identity or gender expression. Therefore, in keeping with these mandates the Board is committed to creating a safe learning environment for all students and to ensuring that every student has equal access to all school programs and activities.

The Board believes that fostering this understanding successfully requires cooperation and good communication between the parents, school administration, school staff, and the school community. The Superintendent shall ensure that students with gender identity or expression concerns and their parents shall be given the opportunity to discuss these issues and participate in the educational planning and programing for their student. The Superintendent may consult the experiences and expertise of qualified school staff as well as external resources where appropriate.

To proactively plan for a safe learning environment free of discrimination and harassment, students and parents of students with gender identity or expression concerns are encouraged to alert the school district and schedule a meeting with the Superintendent. Upon request, the Superintendent shall schedule a meeting with the parent and the student for the purpose of evaluating the needs of the student and planning any accommodations that may be considered to facilitate a respectful and comfortable school program that supports the student's achievement.

Definitions

"Gender identity" is a person's internal, deeply held sense of gender. All people have a gender identity, not just transgender people. For transgender people, the individual's internal gender identity is not the same as the gender assigned at birth.

"Transgender" is a term which describes an individual whose gender identity and/or gender expression differs from those typically associated with the sex and gender assigned at birth.

"Gender expression" means external manifestations of gender, expressed through a person's name, pronouns, clothing, haircut, behavior, voice, and/or body characteristics. Society identifies these cues as masculine and feminine, although what is considered masculine or feminine changes over time and varies by culture.

"Assigned sex at birth (ASAB)" refers to the biological sex designation recorded on a person's birth certificate upon the initial issuance of that certificate, should such a record be provided at birth.

"Gender assigned at birth" refers to the gender a child is assigned at birth or assumed to be, based on their biological sex assigned at birth.

"Sexual orientation" describes a person's enduring physical, romantic, and/or emotional attraction to another person. Gender identity and sexual orientation are not the same. A transgender person may be straight, lesbian, gay, bisexual, or asexual. For example, a person who transitions from male to female and is attracted solely to men may identify as a straight woman.

"Gender non-conforming" describes a person whose gender expression does not conform to the gender expectations of their family or community. Gender nonconformity is not necessarily an indication that a youth is transgender; many non-transgender youth do not conform to stereotypical expectations.

"Transition" is the process by which a transgender person recognizes that their authentic gender identity is not the same as the gender assigned at birth, and develops a more affirming gender expression that feels authentic. Some individuals socially transition, for example, through dress, use of names and/or pronouns. Some individuals may undergo a physical transition, which might include hormone treatments and surgery. School district personnel should avoid the phrase "sex change," as it is an inaccurate description of the transition process; the process is more accurately described as "gender-confirming."

"LGBTQ" is an acronym for "lesbian, gay, bisexual, transgender, and queer/questioning."

"Gender expansive/gender diverse/gender fluid/gender non-binary/agender/gender queer" are terms that convey a wider, more flexible range of gender identity and/or expression than typically associated with the binary gender system. For example, students who identify as gender queer or gender fluid might not identify as boys or girls; for these students, the non-binary gender identity functions as the student's gender identity.

"Cisgender" refers to individuals whose gender identity, expression, or behavior conforms with those typically associated with their sex assigned at birth.

Confidentiality and Privacy

School personnel may not disclose information that may reveal a student's transgender or gender nonconforming status, except as allowed by law. Under the Family Education Rights and Privacy Act (FERPA), only those school employees with a legitimate educational need may have access to a student's records or the information contained within those records. Disclosing confidential student information to other employees, students, parents, or other third parties may violate privacy laws, including but not limited to FERPA. Transgender students have the ability, as do all students, to discuss and express their gender identity and expression openly and decide when, with whom, and how much of their private information to share with others. The school counselor shall work with the student to create an appropriate confidentiality plan regarding the student's transgender or transitioning status.

The Board shall not be responsible for the disclosure of information that may reveal a student's transgender or gender non-conforming status made by community members or any other party that are not under the employment or direction of the Board. The Board directs the counseling staff to address the limitations of confidentiality with the student as it pertains to community members and other parties that are not under the employment or direction of the Board.

Due to a specific and compelling need, such as the health and safety of a student or an incident of bias-related crime, a school district may be obligated to disclose a student's status. The school district should inform the student that the school intends to disclose the student's transgender status for the student's protection and well-being. Prior to disclosure, the student should be given the opportunity to personally disclose that information. School districts should make every effort to ensure that any disclosure is made in a way that reduces or eliminates the risk of re-disclosure and protects the transgender student from further harassment. Those measures may include the facilitation of counseling for the student and the student's family to facilitate the family's acceptance and support of the student's transgender status.

School personnel shall keep confidential a current, new, or prospective student's transgender status. When a student uses a chosen name, the student's birth name shall be kept confidential by school and district staff.

Students who do not want their parents to know about their transgender status shall be addressed on a case-by-case basis. In some cases, notifying parents carries risks for the student, such as being kicked out of the home. Prior to notification of any parent regarding the transition process, school staff should work closely with the student to assess the degree to which, if any, the parents will be involved in the process and must consider the health, well-being, and safety of the transitioning student. The school counselor shall balance the rights of the student needing support and the requirement that parents be kept informed about their child. In accordance with law, parents and/or the appropriate local officials shall be informed when there is any suspicion of injury or harm to the student or other students.

Coordination of School Accommodations

In planning appropriate accommodations for a student who is transitioning, the Superintendent, parents and the student and other qualified staff or consultants as necessary shall meet to discuss actions that the district and school personnel may take to create safe learning environment, including:

1. Names/Pronouns

   School staff shall be directed to address the student by the name and pronoun corresponding to their gender identity that is consistently asserted at school. Students are not required to obtain a court ordered name and/or gender change or to change their student personnel records as a prerequisite to being addressed by the name and pronoun that corresponds to their gender identity. To the extent possible and consistent with these guidelines, school personnel shall make efforts to maintain the confidentiality of the student's transgender status.

   School documentation such as student IDs shall be issued in the name that reflects a student's gender identity that is consistently asserted at school.

2. Sports and Physical Education

   Transgender students shall be provided the same opportunities to participate in physical education as are all other students. Generally, students may be permitted to participate in physical education and sports in accordance with the student's gender identity that is consistently asserted at school. Participation in competitive interscholastic athletic activities will be resolved on a case-by-case basis and according to the standards established by the New Jersey State Interscholastic Athletic Association (NJSIAA).

3. Restroom and Locker Room Accessibility

   The district aims to support transgender students while also ensuring the safety and comfort of all students. The Superintendent together with the parents, student, and other qualified staff or consultants shall evaluate options for the use of restrooms and locker rooms by the transgender students and consider the following factors, including, but not limited to:

   a. The transgender student's preference;

   b. Protecting student privacy;

c. Maximizing social integration of the transgender student;

d. Minimizing stigmatization of the student;

e. Ensuring equal opportunity to participate;

f. The student's age; and

g. Protecting the safety of the students involved.

Generally students may have access to the restroom or locker room that corresponds to the gender identity or expression that they consistently assert at school and no student shall be forced to accept an accommodation with which he/she disagrees. A transgender or transitioning student who expresses a need or desire for increased privacy may be provided with reasonable alternative arrangements. Reasonable alternative arrangements may include the use of a private area, or a separate changing schedule, or use of a single stall, gender neutral restroom. Any alternative arrangement shall be provided to the extent possible in a way that protects the student's ability to keep his or her transgender status confidential.

A transgender student should not be required to use a locker room or restroom that conflicts with the student's gender identity or expression consistently asserted at school.

4. Gender Segregation in Other Areas

As a general rule, in any other circumstances where students are separated by gender in school activities (i.e. overnight field trips), students may be permitted to participate in accordance with their gender identity consistently asserted at school. Activities that may involve the need for accommodations to address student privacy concerns will be addressed on a case-by-case basis considering the factors set forth above.

5. Dress Code

Students have the right to dress in accordance with their gender identity or expression that is consistently asserted at school, within the constraints of the school policy for student dress. School staff shall not enforce a school's dress code more strictly against transgender and gender nonconforming students than other students.

6. Privacy

The Superintendent and/or designee are expected to work closely with the student and his or her parents in formulating an appropriate plan regarding the confidentiality of the student's transgender or transitioning status that works for both the student and the school. Privacy considerations may also vary with the age of the student.

Where the transgender or transitioning student feels more supported and safe when other students are aware that they are transgender or transitioning, school staff shall be given guidance and training appropriate for facilitating a respectful school climate. School personnel may be directed to work closely with the student, parents, other family members and other staff members on a plan to inform and educate the student's peers. It may also be appropriate to engage external resources to assist with educational efforts.

Resources for Transgender or "Transitioning" Students

If a school staff member observes that a gender identity issue is creating challenges for a student at school or if a student indicates an intention to transition, the staff member shall alert the school counselor and encourage the student to meet with the school counselor if appropriate. School staff shall make every effort to support the student and encourage the support and respect of student peers and staff during school.

When a student indicates an intention to transition, the school counselor, as appropriate, shall offer assistance and provide the student and/or their parents as appropriate with information, resources and referral services regarding the issues associated with gender identity and expression and/or formal gender transition. The school counselor shall also provide information regarding gender transition planning at school. The counselor shall coordinate the measures planned and taken at school for supporting the student and creating a sensitive supportive environment at school. These measures may include:

1. Making resources available to parents who have additional questions or concerns;

2. Developing age-appropriate lessons for students about gender diversity and acceptance; and

3. Staff training surrounding vigilance to prevent possible harassment, intimidation and bullying issues that may arise for transgender or transitioning students.

Reports of harassment, intimidation, and bullying shall be promptly investigated and resolved in accordance with Board policy.

Official Records

When a student has expressed a preference to be called by a name other than their birth name, the permanent student records containing the student's birth name shall be kept in a separate, confidential file. This file shall only be shared with appropriate school staff after consultation with a student. A separate file containing records bearing the student's chosen name may also be kept.

If the student has previously been known at school or in school records by a birth name, the Principal shall direct school personnel to use the student's chosen name and not the student's birth name. To ensure consistency among teachers, school administrators, substitute teachers and other staff, every effort shall be made to immediately update student education records (for example, attendance records, transcripts, individualized education programs, etc.) with the student's chosen name and gender pronouns, consistent with the student's gender identity and expression, and not circulate records with the student's birth name, unless directed by the student:

1. The district shall report to the New Jersey Department of Education through NJ SMART a student's name or gender based upon that student's chosen name and corresponding gender identity. Changing the name or gender identity from what was reported in previous years will not affect the reliability of the data reported;

2. If a district changes a student's name or gender identity, it must also maintain locally a separate record reflecting the student's legal name and sex assigned at birth until receipt of documentation of a legal change of name or gender.

The separate record reflecting the student's legal name and sex assigned at birth may be changed to reflect a change in legal name or gender only upon receipt of documentation that such legal name and/or gender have been changed pursuant to applicable law. The following documentation may be provided:

1. A court order or birth certificate demonstrating the student's new name.

2. For a legal change of gender, the student must provide a birth certificate indicating the student's legal gender, or a valid passport indicating the student's legal gender.

5770 STUDENT RIGHT OF PRIVACY

The Board of Education recognizes that a student's right of privacy may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner.

Teaching staff members are charged with the responsibility of maintaining order and discipline in the schools and of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, a teaching staff member may search or request the search of the person or property of a student as authorized by this policy, with or without the student's consent, whenever he/she has reasonable grounds to suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. Except in exigent circumstances, an intrusive search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender.

The Board acknowledges the need for the in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such storage places, students may lock them against incursion by other students. In no storage place provided by the Board shall students have such an expectation of privacy as to prevent examination by a school official. Students shall be notified in writing at the beginning of each school year that inspections of their lockers, desks, and other storage facilities on school district property may be conducted. The school Principal or designee is directed to conduct, without further notice, the regular inspection of such facilities provided to students for the storage of property.

Except as required by exigent circumstances, a request for the search of a student or a student's private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the student to the inspection.

Whenever possible, a search will be conducted by the Principal in the presence of the student, the student's parent(s) or legal guardian(s) or a representative of the parent(s) or legal guardian(s), and a teaching staff member other than the Principal. Under no circumstances shall any student be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property.

The Principal shall conduct a student search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the student or when the Principal has independent grounds to suspect the presence of an incriminating object.

The Principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

5820 STUDENT GOVERNMENT

The Board of Education recognizes the importance of offering students the opportunity to participate in representative self-government and to develop leadership skills. Students shall have the right to organize, conduct meetings, elect officers and representatives, and petition the Board of Education.

The Board recognizes the Student Government as the official voice of the student body for students in grades nine through twelve, provided the constitution and bylaws of that organization have been duly approved by the students it represents and by the Board and provided that all students have equal access to their student government and an equal opportunity to vote and hold office.

The Board shall appoint a qualified teaching staff member to serve as advisor to student government activities.

The Board directs that decisions made and actions duly taken by the official student government, in accordance with and within the scope of its constitution and bylaws, may not be voided or vetoed by any staff member.

5830 STUDENT FUND RAISING

The Board of Education will limit the solicitation of funds by and from the students of this district in order to protect students from unnecessary pressures and the instructional program from disruption.

"Student fund raising" means the solicitation and collection of money by students, on or off school premises, for any purpose associated directly or indirectly with the school district or under circumstances in which the solicitors are identified as students of this district.

Students may solicit and collect money on behalf of approved school organizations, provided the fund raising has been approved by the Board and program supervisor.

No fund raising activity involving door to door solicitation shall be permitted.

Out-of-school solicitation of money for school organizations must be approved by the Superintendent.

The Board prohibits any fund raising activity that includes incentive awarded to students through which the student may earn a prize or be given other remuneration for raising funds.

Students may solicit and collect money on behalf of nonschool organizations, provided the fund raising has been approved by the Superintendent and Principal.

Out-of-school solicitation of money for nonschool organizations must be approved by the Superintendent and Principal.

No student will be permitted to solicit and collect money on school premises or at a school-sponsored event for the student's own benefit.

The Superintendent shall develop regulations regarding student fund raising that establish times and places in which student fund raising may be conducted and ensure adequate accounting of funds collected. The Building Principal shall distribute this policy and the Superintendent's regulations to each recognized student organization.

5841 SECRET SOCIETIES

The Board of Education prohibits certain student organizations declared harmful as defined in N.J.S.A. 18A:42-5 and 18A:42-6.

No student organization will be granted the use of school facilities or permitted the use of the name of the school or this school district unless that organization has first been approved by the Principal or designee. The application for such approval will set forth the purposes, constitution, and bylaws of the organization; its membership qualifications; and the process by which a person becomes a member.

No student organization will be approved if its purposes conflict with the authority and goals of this Board or the best interests of the students of this district; if membership is drawn from outside the currently enrolled student body; if membership qualifications are based on considerations of any of the protected categories listed at N.J.A.C. 6A:7-1.1(a) or any other consideration not appropriate to the purpose of the organization; or if any qualifying student who applies may be denied membership.

Nothing in this Policy shall prevent or otherwise deny participation in constitutionally protected prayer consistent with protections of the First Amendment of the United States Constitution.

A student who seeks to form or is a member of a fraternity, sorority, or other secret organization formed in whole or in part of students enrolled in this district may be disciplined by this Board. The Board reserves the right to require that any student attest as to their membership in a secret organization.

5842 EQUAL ACCESS OF STUDENT ORGANIZATIONS

The Board of Education will permit the use of school facilities by student-initiated organizations for non-curricular student activities. A student-initiated organization, regardless of the size of the group, will not be denied an opportunity to meet and use school facilities on the basis of any of the protected categories listed at N.J.A.C. 6A:7-1.1(a) or the political, philosophical, or other content of the speech at their meeting.

An application for permission to meet on school premises shall be made to the Principal or designee, who shall grant permission provided it is determined that:

1. The activity has been initiated by students;

2. Attendance at the meeting is voluntary;

3. The meeting is for a lawful purpose;

4. The meeting does not materially and substantially interfere with the orderly conduct of instructional activities in the school;

5. Nonschool persons do not direct, conduct, control, or regularly attend the activity; and

6. The activity is adequately supervised by appropriately certified school district staff.

A student-initiated group granted permission to meet on school premises shall be subject to the same rules and regulations that govern the meetings of student organizations sponsored by this Board, except as provided by this Policy.

Participation in a student-initiated meeting must be available to all students who wish to attend and cannot be denied on the basis of any of the protected categories listed at N.J.A.C. 6A:7-1.1(a). The Board will not permit the organization of a fraternity, sorority, or secret society in accordance with N.J.S.A. 18A:42-5 and 18A:42-6.

Access to school facilities by student organizations will be provided within the governing principles of the First Amendment of the Constitution of the United States.

School district staff involvement in student organizations shall be in accordance with the governing principles of the First Amendment of the Constitution of the United States.

An appropriately certified staff member shall be assigned to attend a student-initiated meeting in a custodial capacity and shall not participate in the activity while serving in this custodial capacity. No teaching staff member shall be required to attend a student-initiated meeting if the content of the speech at the meeting is contrary to their beliefs.

The Principal or designee may take such actions as may be necessary to maintain order and discipline on school premises and to protect the safety and well-being of students and staff members.

5850 SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the students of this district.

For purposes of this policy, a "social event" is a party, celebration, or dance organized for the participation of students, and "class trips" are trips taken by students in a single graduating class, students who share a particular interest in an activity, or students who are enrolled in a particular subject area. Social events and class trips are not related or are only indirectly related to the curriculum.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on school premises that have been approved by the Principal and for social events and class trips away from school premises that have been approved by the Superintendent. A social event or class trip may be considered to have been approved by this Board only when the Board has duly assigned one or more chaperones to supervise participating students. The Board will assume no responsibility for a student social event or trip that has not been approved in accordance with this policy.

The Board will not approve a social event or class trip that has the effect of reducing the school year for participating students to fewer than one hundred eighty days.

The Board reserves the right to cancel any scheduled trip.

Social events or class trips are not part of the thorough and efficient system of education provided by the Board. Participation in them is therefore not a right and may be denied to any student without the due process of notice and an opportunity to be heard. A student who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Students who participate in approved social events and class trips are subject to district rules for student conduct and must submit to the authority of assigned chaperones. Infractions of the rules will be subject to discipline in the same manner as are infractions of rules during the regular school program.

A student who possesses or consumes alcohol or drugs in the course of an approved social event or class trip will be deemed to have placed all other participating students at risk and shall be subject to substance screening in accordance with district policy and immediately dismissed from the event or trip. Any such student will be returned home by appropriate and safe means of transportation in the company of a chaperone, the student's parent(s) or legal guardian(s), or a

representative of the student's parent(s) or legal guardian(s). Any expenses incurred by the dismissal will be the responsibility of the student and/or the student's parent(s) or legal guardian(s).

The Superintendent will develop regulations governing the conduct and safety of all participants in social events and class trips and will distribute them to student and adult participants.

5880 PUBLIC PERFORMANCES BY STUDENTS

The Board of Education recognizes the value to students and to the community of the demonstration of student talents and skills in performances of student organizations in public events. The Board endorses such performances when they contribute to the instructional program, do not interfere with scheduled school activities, and do not exploit or endanger participating students.

Public performances of student organizations must be approved in advance by the Principal. The members of a student organization invited to perform shall be polled for their willingness to perform. No student may be compelled to participate in an elective public performance or penalized for his/her failure to participate. Approval for a public performance will not be granted unless the staff advisor determines that the number of students who agree to participate is sufficient to represent the school fairly.

No student, student organization, or employee of this Board shall receive compensation for the performance in public of students organized for a school activity.

6111 SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) program by following the policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e).

The school district may seek, in the prebudget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 in accordance with the procedures as outlined in N.J.A.C. 6A:23A-5.3(b). As part of the annual budget information, the New Jersey Department of Education shall provide each district with a projection of available SEMI reimbursement for the budget year, as determined by the New Jersey Department of the Treasury's third-party administrator for SEMI. The district shall recognize as revenue in its annual district budget no less than ninety percent of the projection. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration the numbers it used in calculating the projection are more accurate than the projection provided.

The district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI-eligible students. Districts shall enter all students following their evaluations into the third-party system as determined by the New Jersey Department of the Treasury to identify the district's universe of eligible students. This may be done without parental consent.

If the district participates in the SEMI reimbursement program, the district shall comply with program requirements as outlined in N.J.A.C. 6A:23A-5.3(e).

If the district has less than ninety percent participation of SEMI-eligible students in the prebudget year or that has failed to comply with all program requirements at N.J.A.C. 6A:23A-5.3(e), the district shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the district's proposed budget submission. The district's SEMI action plan shall include the components as outlined in N.J.A.C. 6A:23A-5.3(g).

If the district does not achieve ninety percent participation, or does not achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate that they fully implemented their New Jersey Department of Education-approved SEMI action plan required at N.J.A.C. 6A:23A-5.3(f) and (g), the district shall be subject to review for the withholding of State aid by the Commissioner of Education, pursuant to N.J.S.A. 18A:55-3, in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

If the district does not meet the requirement of the cost-settlement components of SEMI, the district may be required to refund all or part of their SEMI reimbursements.

N.J.A.C. 6A:23A-5.3

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the NJDOE Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Strengthening Career and Technical Education for the 21st Century Act, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Only one reimbursement request per month may be submitted for an individual title, award, or subgrant. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.

The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

Reimbursement requests must be in accordance with approved grant applications. A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

The NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report.

The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended within three business days of receipt of funds.

New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures – January 2023

6113 E-RATE

The Telecommunications Act of 1996 provides for a Federal funded program called the Universal Service Fund (USF) or E-Rate that is designed to provide affordable access to telecommunications services for all eligible schools and libraries in the United States. The program provides discounts on telecommunications services, Internet access and internal connections, and provides discounts of up to ninety percent to assist most schools and libraries in the United States to obtain affordable telecommunications and Internet access. The purpose of this Policy is to provide guidance and direction so the Morris County Vocational School District can participate in the E-Rate program and this Policy assigns E-Rate responsibilities to school staff members to ensure the school district is in compliance with Federal Communications Commission and E-Rate participation requirements.

Full access to telecommunications and information resources makes possible the rich teaching and learning that take place in schools and libraries. For these institutions to provide the high level of service necessary for their students and patrons to participate fully in American society, the costs can be great. Telecommunications and Internet access, the hardware needed for assembling local networks, and maintenance of systems and machines can stretch budgets that are already under stress.

Universal Service Administrative Company (USAC) is responsible for processing applications for support, confirming eligibility, and reimbursing telecommunications companies and Internet access providers for discounted services delivered to eligible schools and libraries. USAC reviews applications, invoices, and other program information to ensure that applicants and service providers follow rules for the program set by the Federal Communications Commission (FCC). USAC also conducts Schools and Libraries Program beneficiary audits to ensure program compliance.

Eligible participants include public and most non-profit Kindergarten through grade twelve schools as well as all public and many private libraries. All program participants must carry out a competitive bidding process to select the most cost-effective companies to provide the goods and/or services requested.

Once eligible school districts complete the competitive bidding process, applicants submit to USAC all information required to demonstrate compliance with the rules required for receiving support. After approving applications, USAC notifies applicants of a commitment to fund the acquisition of services. When applicants start receiving services, USAC makes payments to the companies selected to provide those services.

Funding may be requested under five categories of service: Telecommunications, Telecommunications Services, Internet Access, Internal Connections, and Basic Maintenance of Internal Connections. Discounts for support depend on the level of poverty and the urban/rural status of the population served and range from twenty percent to ninety percent of the costs of eligible services.

Eligible participants include public and most non-profit Kindergarten through grade twelve schools as well as all public and many private libraries. Guidance on the eligibility requirements to participate in the E-Rate Program is available on the USAC website at www.usac.org.

This Policy provides the steps to be used by this school district to receive E-Rate discounts.

Technology Plan

A Technology Plan is a plan prepared by the school district that explains how telecommunications and information technology will be used to achieve educational goals, curriculum reforms, or library service improvements. School districts applying for Priority 2 services (Internal Connections and Basic Maintenance) must prepare a technology plan.

In general, Technology Plans should not cover more than three years. Technology Plans should be written (at least in draft form) before an FCC Form 470 is posted to the USAC website in order to support the requests for services featured on that form, cover all twelve months of the funding year, and be approved by a USAC-certified Technology Plan Approver (TPA) before an FCC Form 486 is filed and before services start.

Technology Plans must, at a minimum, contain: clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services; a professional development strategy to ensure that members of the staff know how to use these new technologies to improve education or library services; a needs assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services; and an evaluation process that enables the school district to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities as they arise.

In order to be eligible for E-Rate funding, the school district must have its Technology Plan approved for E-Rate use by the New Jersey Department of Education.

The School Business Administrator/Board Secretary shall be responsible for developing the school district's technology plans and submitting the plans for approval to the New Jersey Department of Education. (Insert the school district's procedures for developing the technology plan and submitting it to the New Jersey Department of Education for approval.)

Competitive Bidding Process

A competitive bidding process is a formal process to identify and request the products and services a school district needs so potential service providers can review these requests and submit bids. To open the process, the school district must post an FCC Form 470 to the USAC website and, if the school district chooses to or if required by the New Jersey Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq., issue a Request for Proposals or prepare bid specifications.

The school district will determine eligible E-Rate funding products and services based on the needs as outlined in the school district's approved New Jersey Department of Education Technology Plan or as identified by the Superintendent, in consultation with school district administrative and technology staff members.

The entity that will run the competitive bidding process (which may be the school district, a State procurement agency, or another entity that the district has authorized to negotiate on its behalf with a Letter of Agency (LOA) or similar document) must file the FCC Form 470 (Description of Services Requested and Certification) and must be prepared to receive and evaluate bids and negotiate with service providers.

The FCC Form 470 for the upcoming funding year is generally available online on the USAC website a year before the start of the funding year. FCC Form 470 can be filed for a particular funding year as soon as it becomes available online. The entity filing the FCC Form 470 must wait at least twenty-eight days after the date that the FCC Form 470 is posted and the date the RFP is issued, whichever is later, before closing the competitive bidding process. Services provided under tariff or on a month-to-month basis require an FCC Form 470 to be posted each year. If, however, a multi-year contract results from the competitive bidding process, it is not necessary to post a new FCC Form 470 until a new contract is required.

After the FCC Form 470 is posted to the USAC website, USAC will issue an FCC Form 470 Receipt Notification Letter (RNL). This letter includes much of the information featured on the form, provides a means to correct certain errors, and discusses the next steps in the application process. The School Business Administrator/Board Secretary will review the RNL to ensure the products and services included in the RNL are accurate and will notify USAC within fifteen days of the postmark date of the RNL if there are any required revisions. If an unallowable correction on the Form 470 is identified, the district must post and certify a new Form 470 within the filing window. A new Form 470 must be posted at least twenty-eight days prior to signing a contract or selecting a service provider.

The entity filing an FCC Form 470 can issue a Request for Proposals (RFP) in addition to the FCC Form 470. For the purposes of this Policy, an RFP is a formal bidding document that describes the project and requested services in sufficient detail so that potential bidders understand the scope, location, and any other requirements. The district's formal bidding documents must indicate the district will accept bids on equal and/or equivalent goods or services. The district is not required to issue an RFP unless the State or local procurement rules or regulations require the district to do so. If the district issued or intends to issue an RFP, that information must be included on the FCC Form 470 along with information on how to obtain a copy of the RFP.

The entity filing the FCC Form 470 must ensure the competitive bidding process is open and fair. All bidders must be treated the same and no bidder can have advance knowledge of the project information. There shall be no secrets in the bidding process, such as information shared with one bidder but not with others. All bidders shall know what is required of them.

Service providers and potential service providers cannot offer or provide gifts to applicants and no school district employee or official shall solicit or accept a gift of any value from a service provider or potential service provider. These prohibitions are in effect during the entire funding year. In addition, the value of free services (e.g., price reductions, promotional offers, "free" products) must generally be deducted from the pre-discount cost of funding requests.

The competitive bidding process and the FCC 470 RNL process shall be coordinated and supervised by the School Business Administrator/Board Secretary. (Insert the school district's procedures for coordinating the competitive bidding process and the FCC 470 RNL process.)

Selecting Service Providers

After the close of the competitive bidding process, the school district shall evaluate the bids received and choose the bid that is the most cost-effective with the price of the E-Rate eligible products and services as the primary factor. The district may consider as many factors in this evaluation as it wants, but the price of the E-Rate eligible products and services must be included as a factor and must be weighted more heavily than any other single factor. The FCC Form 470 and the Request for Proposals (RFP), if issued, must both have been publicly available for a twenty-eight day period, whichever is later, before the district can close its competitive bidding process. Any evaluation of bids shall be in accordance with the New Jersey Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq. and FCC Competitive Bidding Rules.

Preparing a Bid Evaluation Matrix helps evaluate bids and also provides documentation of the process followed to select a service provider. The Bid Evaluation Matrix shall be completed by School Business Administrator/Board Secretary. All copies of bids (successful and unsuccessful), evaluation criteria, vendor contact information, and the signed contract shall be retained in accordance with the document retention guidance outlined in this Policy. The district can receive services:

1. Under tariff or on a month-to-month basis - Services such as basic telephone service or Internet access may not require a contract. The district must post an FCC Form 470 and open a competitive bidding process for these services each year.

2. Under a contract - Tariffed or month-to-month services provided under a contract are considered to be contracted services. Also, internal connections and basic maintenance products and services are generally provided under a contract. If the district posts an FCC Form 470 and signs a multi-year contract resulting from that posting, the district does not have to post an FCC Form 470 or open a competitive bidding process again for the life of that contract.

If the district intends to receive services under contract, the contract must have been preceded by the filing of an FCC Form 470 (NOTE: If the district has an existing contract that was not signed as a result of posting an FCC Form 470, the district can post an FCC Form 470 for the next funding year and consider its existing contract as a bid response. The district must evaluate any other bids received as well, as the district's existing contract may not be the most cost-effective solution.). The entity that filed the FCC Form 470 must also have followed the Schools and Libraries Program's competitive bidding rules and all applicable State and local contract and procurement rules and regulations.

The Board shall approve all contracts for products or services if the products or services were bid in accordance with N.J.S.A. 18A:18A-1 et seq., where an RFP was used to obtain proposals, or any contract to be awarded in excess of the purchasing agent's bid threshold.

The district may sign a contract, which may be for one or more years and may include the option of voluntary extensions. If the district is eligible, it can purchase services from a State master contract; however, the district must file their own FCC Form 470 and use the State master contract pricing as a bid to consider in evaluating all potential bids. If the district is eligible to purchase from a State master contract, but that contract will expire before or during the upcoming funding year, the district and the State of New Jersey should follow the guidance for State replacement contracts (See State Master Contracts section on USAC website at www.usac.org).

The evaluation of bids and the selection of service providers or recommending service providers to the Board of Education, if required, shall be the responsibility of the School Business Administrator/Board Secretary. (Insert the school district's procedures for the evaluation of bids, selecting service providers and signing contracts as applicable.)

Applying for Discounts

To apply for Schools and Libraries Program discounts, the district must file an FCC Form 471 to provide USAC with information about the services being requested and the eligible discount(s). USAC will review the request, may ask for additional information, and will then issue a funding decision.

All contracts, if contracts are required, must be signed and dated before the FCC Form 471 is submitted to USAC.

The FCC Form 471 must be filed during a specific application window each year. In general, the application filing window opens about six months before the start of the funding year and is open for about two and a half months. All applications received or postmarked before the close of the filing window are considered as having arrived on the same day, and have priority over those submitted after the filing window has closed. The specific opening and closing dates of the filing window are published in advance on the USAC website.

After the FCC Form 471 is certified online or on paper, USAC will issue an FCC Form 471 Receipt Acknowledgment Letter (RAL). The RAL shall be reviewed by the School Business Administrator/Board Secretary within twenty calendar days of the school district's receipt of the RAL. This letter includes much of the information featured on the form, provides a means to correct certain errors, and discusses the next steps in the application process. The information the district must provide on the FCC Form 471 includes the following:

1. Entity numbers (also called Billed Entity Numbers (BENs)) for all entities receiving service (recipients of service), together with specific information for each entity (Block 4 of the form).

2. NCES and/or FSCS codes for entities receiving service (Block 4).

3. Information on telephone and Internet access connections and speeds (Block 2).

For each funding request (a service or set of services specific to both a category of service and a service provider) the district must also provide:

1. Student counts to use for calculating discounts - the total number of students and the total number of students eligible for the National School Lunch Program (NSLP) as determined by the free and reduced lunch applications.

   The FCC also sanctions other mechanisms to determine a school's or district's level of need, as long as those mechanisms are based on - or do not exceed - the same measure of poverty used by NSLP.

   The School Business Administrator/Board Secretary will verify the student data used to calculate discounts in accordance with the eligibility requirements of the National School Lunch Program and the New Jersey Department of Agriculture.

2. Specific information on each service or set of services the district is requesting, including:

   a. Name and Service Provider Identification Number (SPIN) of the service provider;

   b. Cost of the service;

   c. Contract number and other contract details (if there is a contract);

   d. Start and end dates of service;

   e. Worksheet(s) identifying the entity or set of entities receiving each service; and

   f. A detailed description of products and services, referred to as an Item 21 attachment. These products and services shall be reviewed by the School Business Administrator/Board Secretary to ensure they are eligible for E-Rate funding according to the current Eligible Service List as published on the USAC website.

The district's certified FCC Form 471 and Item 21 attachment(s) are due on or before the close of the application filing window.

The school district is only able to receive support for internal connections in two of every five funding years. This applies to individual recipients (individual schools, libraries, or non-instructional facilities). For each eligible entity, the five-year period begins in any year in which that entity receives support for internal connections. Entities can use two years within any five-year period, looking back and looking forward from that year. FY 2007 was the first year that entities were ineligible for internal connections funding based on this rule (for entities that received funding for both FY 2005 and FY 2006 internal connections requests). USAC provides a Two-in-Five Tool that provides information on the school district's eligibility for funding of internal connections requests for multiple funding years. This rule does not apply to telecommunications and Internet access services or to basic maintenance of internal connections services categorized as Priority 2. Basic maintenance services are eligible for support each year if they are necessary to the operation of the internal connections network. The school district will be considered to have used a year if it has been specified in the FCC Form 471 Block 4 worksheet cited on one or more approved internal connections funding requests in that year.

The School Business Administrator/Board Secretary shall be responsible for applying for discounts from the School and Libraries Program. (Insert the school district's procedures for determining and validating the school district discounts.)

Application Review

After the district files an FCC Form 471 and the associated Item 21 attachment(s) within the filing window, Program Integrity Assurance (PIA) reviewers at USAC will check the information on the form for completeness and accuracy and may have additional questions for the district to answer. All applications go through an initial review and a final review, which may involve questions from PIA reviewers on one or more of the following topics:

1. Eligibility of the entities receiving service (this review step generally occurs for entities that have not appeared on a previous application);

2. Eligibility of the services requested;

3. Discount calculations;

4. Contracts;

5. The competitive bidding process; and/or

6. Any discrepancies between the information on the funding request and the associated Item 21 attachment.

The district must indicate the preferred mode of contact on FCC Form 471 Item 6c (telephone), 6d (fax), or 6e (email). Because PIA reviewers send written questions by fax or email, they will call the district and ask for a fax number or email address if the district indicated telephone as the preferred mode of contact. The district will have fifteen days to respond to PIA questions. The district can ask for more time, if needed, but a request for additional time will add more time to the review process.

Some applications undergo additional review - Selective Review is one example - where PIA reviewers may request more detailed responses that can include:

1. Documentation of the competitive bidding and service provider (vendor) selection processes;

2. Documentation of the district's ability to pay the non-discount share (the portion of the cost of eligible products and services not reimbursed by USAC); and/or

3. Proof the district has obtained necessary resources (i.e., hardware, software, staff training, electrical capacity, retrofitting) that are not eligible for Schools and Libraries Program discounts, but that must be in place to make effective use of the discounted services.

As part of the review process, PIA reviewers may be required to change the category of service on a Funding Request Number (FRN). If PIA reviewers discover there are ineligible services in a funding request, the district will be able to remove them or move them to a separate request to avoid denial under the thirty percent rule. After the PIA review process has been completed, USAC issues a Funding Commitment Decision Letter (FCDL) containing USAC's decisions on the district's funding requests. The district should review this letter carefully, as it contains important information both for planning the start of the receipt of services and for completing the additional steps in the application process. If the district disagrees with one or more of the decisions in the FCDL, the district can appeal to USAC or to the Federal Communications Commission (FCC).

The School Business Administrator/Board Secretary shall be responsible for preparing and providing the requested documentation for the application review(s). (Insert the school district's procedures for preparing and providing the documentation for application review.)

Starting Services

After the district receives the Funding Commitment Decision Letter (FCDL) and the delivery of services has started, the School Business Administrator/Board Secretary shall be responsible for: filing a FCC Form 486 to inform USAC that services for which the district has been approved for discounts have started and invoicing can begin; assuring the district's Technology Plan, if required, has been approved by a USAC-certified Technology Plan Approver and the district is in compliance with the Children's Internet Protection Act (CIPA), 47 CFR 54.520, or CIPA does not apply because the district's application is only for Telecommunications Services and/or Interconnected Voice over Internet Protocol (VoIP) services. CIPA requirements include an internet safety policy, a technology protection measure, a public notice hearing or meeting, the monitoring of online activities of minors, and providing education to minors on appropriate online behavior.

The School Business Administrator/Board Secretary shall be responsible for reviewing the originating purchase order and/or contract to ensure the products and services on the purchase order or contract have been received in the district, and the invoice from the provider is consistent with the purchase order/contract and products and services received.

In advance of the start of services, the district and its service provider(s) should have a conversation about the details of the services the district will be receiving. The district should also review the contract, if there is a contract. In addition, the district should determine whether the district or its service provider will invoice USAC for the discounted amount of the cost of the services. Under certain circumstances, advanced installation of some Priority 1 components can occur before July 1 of the funding year.

The district can file an FCC Form 486 early (before services have started) if the district:

1. Received its FCDL; and
2. Services will start in the month of July; and
3. The district can truthfully make all of the certifications in Block 4, which include compliance with the technology plan and CIPA requirements; and
4. The district is filing the form on or before July 31.

NOTE: Early filing using Item 6a on the FCC Form 486 is an option if and only if services will start within the month of July of the relevant funding year, all relevant certifications in Block 4 can be accurately made, and the FCC Form 486 is postmarked on or before July 31 of the Funding Year.

The district must be in compliance with the Schools and Libraries Program's technology plan requirements and the requirements of CIPA before services start. USAC cannot pay discounts on services received during a period of time when the district was not in compliance. USAC may review the district's compliance with these requirements either before or after the district's FCC Form 486 is processed.

The FCC Form 486 must be certified no later than one hundred twenty days after the service start date or one hundred twenty days after the date of the FCDL, whichever is later. Filing late can result in a reduction in funding; the later the filing date, the greater the reduction.

After USAC completes the processing of the district's FCC Form 486, USAC will issue an FCC Form 486 Notification Letter. This letter features the information the district provided on the form and outlines the next steps in the application process. If USAC was required to adjust the service start date for a funding request due to a compliance issue, the service start date in the letter will be marked with an asterisk and followed by an explanation of the reason for the adjustment.

To be eligible for program support, eligible services must be received during a specific period of time related to the particular funding year for which discounts are requested. Recurring services must be delivered during the relevant funding year (July 1 through June 30). In general, non-recurring services must be delivered and installed between July 1 of the relevant funding year and September 30, following the June 30 close of that funding year (i.e., fifteen months after the beginning of the funding year). However, certain recipients have received or may receive extensions of the deadline for delivery and installation of non-recurring services. Such extensions can occur for various reasons, including:

1. A Funding Commitment Decision Letter (FCDL) was issued by USAC on or after March 1 of the funding year for which support was authorized.

2. Operational SPIN changes or service substitutions were approved by USAC on or after March 1 of the funding year.

3. The school district or service provider requested an extension because the service provider was unable to complete delivery and installation for reasons beyond the service provider's control.

4. The school district or service provider requested an extension because the service provider has been unwilling to complete delivery and installation after USAC withheld payment for those services on a properly-submitted invoice for more than sixty days after submission of the invoice.

USAC will automatically extend the service delivery deadline in situations where criteria (1) or (2) listed above are met. Recipients of non-recurring services that wish to satisfy criterion (3) must submit documentation to USAC on or before September 30 following the close of the funding year. A recipient of service that meets criterion (4) must certify to USAC on or before September 30 following the close of the funding year that its service provider was unwilling to deliver or install non-recurring services before the expiration of the deadline after USAC had withheld payment for those services on a properly submitted invoice for more than sixty days after the submission of the invoice.

The School Business Administrator/Board Secretary shall be responsible to coordinate the filing of the FCC Form 486. (Insert the school district's procedures for coordinating the filing of FCC Form 486.)

Invoicing

After USAC has processed the district's FCC Form 486, the district or its service provider can begin the process of invoicing USAC for the discount share of the approved eligible services. The School Business Administrator/Board Secretary, in consultation with the school business office staff member responsible for authorizing the payment of invoices, shall be responsible for reviewing the originating purchase order and/or contract, the products or services on the purchase order or contract have been received by district, and the invoice from the service provider is consistent with the purchase order or contract. The School Business Administrator/Board Secretary shall only submit reimbursement requests to USAC for eligible products and services once the district's non-discounted portion is paid.

There are two methods that can be used to invoice USAC. Once USAC has processed an invoice for a funding request, that method of invoicing must be used for that particular funding request for the remainder of the invoicing process.

1. Invoice Method #1

   Applicants file FCC Form 472, Billed Entity Applicant Reimbursement (BEAR) Form if the district paid the service provider in full for the services and want to be reimbursed for the discount amount. The service provider must approve the form before it is submitted to USAC. USAC will review the invoice and process a payment to the service provider if payment is approved. The service provider then passes the reimbursement on to the applicant.

2. Invoice Method #2

   Service providers file FCC Form 474, Service Provider Invoice (SPI) Form if they have provided discounted bills to their customer and want to be reimbursed for the discount amount.

Under both invoice methods, USAC will review the invoice and process a payment to the service provider if payment is approved. Applicants are required to pay the non-discount portion of the cost of the services.

The district can file a BEAR Form after all of the following have occurred:

1. The district received a Funding Commitment Decision Letter (FCDL); and

2. The district has filed, and USAC has processed, an FCC Form 486; and

3. The district's service provider has filed an FCC Form 473, Service Provider Annual Certification (SPAC) Form (disbursements cannot be made until the SPAC has been filed with USAC); and

4. The district paid for the service in full; and

5. In general, the services must have been delivered (an exception can be made for progress payments specified in a contract).

The district must file, and the service provider must approve, BEAR Forms no later than one hundred twenty days after the last day to receive service or one hundred twenty days after the FCC Form 486 Notification Letter date, whichever is later. If the deadline is missed the district can request an invoice deadline extension.

After processing the district's BEAR Form, USAC will issue a BEAR Notification Letter with information about the processing of the district's form. If the district needs more information about a reduction or denial of payment, the district should refer to the invoice error code(s) featured on the letter.

After the end of each calendar quarter, USAC issues a Quarterly Disbursement Report that details all invoicing activity, BEAR Forms, and SPI Forms processed during that quarter for all funding years. This report allows the district to track all of the invoicing activity related to the district's Billed Entity Number (BEN). The district can initiate an invoice check if it would like to be notified each time the district's service provider submits a SPI Form.

The School Business Administrator/Board Secretary shall be responsible to ensure that all eligible E-Rate goods and services have been received, the service provider invoices are correct and the district's non-discounted portion of the invoice has been paid before submitting invoices to USAC. The School Business Administrator/Board Secretary shall review the eligible reimbursements that are made to any service provider to ensure the amounts being billed to USAC and the school district equal 100% of the invoiced amount. The School Business Administrator/Board Secretary will notify USAC and the provider in the event there are any problems with this reconciliation. (Insert the school district's procedures for invoicing, making payments to service providers, and requesting reimbursements from USAC.)

Annual Policy Review

The School Business Administrator/Board Secretary shall be responsible to ensure this Policy is reviewed annually and make recommendation for any revisions to this Policy as needed.

Document Retention

All documents related to the E-rate Program, including but not limited to, the application process, the competitive bidding/vender selection process, and the invoicing process shall be retained for at least five years after the last date of service delivered for a particular funding year or in accordance with the New Jersey Division of Archives and Records Management Schedules of Record Retention, whichever is longer.

6115.01 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – ALLOWABILITY OF COSTS

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.302(b)(7) requires written procedures for determining the allowability of costs in accordance with 2 CFR §200 – Cost Principles. Determining the allowability of costs shall be in accordance with the requirements outlined in 2 CFR §200.403 – Factors Affecting Allowability of Costs. The School Business Administrator/Board Secretary or designee shall be responsible for determining the allowability of costs are in accordance with the provisions of 2 CFR §200.403.

3. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the non-Federal entity.

7. Be adequately documented. (See also 2 CFR §200.300 – Statutory and National Policy Requirements through 2 CFR §200.309 – Period of Performance).

In the event the School Business Administrator/Board Secretary or designee is not sure if a cost is allowable under 2 CFR Subpart E - §200.403, the School Business Administrator/Board Secretary or designee will contact the New Jersey Department of Education or the United States Department of Education for assistance.

6115.02 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – MANDATORY DISCLOSURES

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR 200.113 – Mandatory disclosures requires a non-Federal entity or applicant (a New Jersey Board of Education) for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or to the New Jersey Department of Education all violations of Federal criminal law involving fraud, conflicts of interests, bribery, or gratuity violations potentially affecting the Federal award.

If the Board of Education receives a Federal award including the terms and conditions outlined below as per 2 CFR 200 – Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters shall report certain civil, criminal, or administrative proceedings to the System for Award Management (SAM). Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.338 - Remedies for noncompliance, including suspension or debarment. (See also 2 CFR 180, 31 USC 3321, and 41 USC 2313)

A. General Reporting Requirement

1. If the total value of all Board currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period of time during the period of performance of this Federal award, then the Superintendent or designee, on behalf of the Board as the recipient during that period of time, must maintain the currency of information reported to the SAM that is made available in the designated integrity and performance system about civil, criminal, or administrative proceedings described in B. below.

2. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 USC 2313).

3. As required by section 3010 of Public Law 111-212, all information posted in designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

4. The Superintendent or designee must disclose, in writing, any potential conflict of interest to the Federal agency or pass-through entity in accordance with the established Federal agency policies.

B. Proceedings About Which the Board of Education Must Report

1. The Superintendent or designee must disclose, in writing, to the Federal awarding agency or to the NJDOE information required about each proceeding that:

   a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal government;

   b. Reached its final disposition during the most recent five-year period; and

   c. Is one of the following:

      (1) A criminal proceeding that resulted in a conviction, as defined in E. below;

      (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more;

      (3) An administrative proceeding, as defined in E. below, that resulted in a finding of fault and liability and the payment of either a monetary fine or penalty of $5,000 or more or reimbursement, restitution, or damages in excess of $100,000; or

      (4) Any other criminal, civil, or administrative proceeding if:

         (a) It could have led to an outcome described in B.1.c.(1), (2), or (3) above of this award term and condition;

         (b) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on the school district's part; and

         (c) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

C. Reporting Procedures

1. The Superintendent or designee shall enter in the SAM Entity Management area the information that the SAM requires about each proceeding described in B. above.

2. The Superintendent or designee does not need to submit the information a second time under assistance awards the Board received if the Superintendent or designee already provided the information through the SAM because the Board was required to do so under Federal procurement contracts the Board was awarded.

D. Reporting Frequency

1. During any period of time when the Board is subject to the requirement in A. above, the Superintendent or designee must report proceedings information through the SAM for the most recent five year period, either to report new information about any proceeding(s) the Board has not reported previously or affirm that there is no new information to report.

2. If the Board has Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than $10,000,000, the Board must disclose semiannually any information about the criminal, civil, and administrative proceedings.

E. Definitions

1. For the purpose of this Policy:

a. "Administrative proceeding" for the purposes of 2 CFR 200 - Appendix XII and this Policy means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability. It does not include audits, site visits, corrective plans, or inspection of deliverables.

b. "Conviction" for the purposes of 2 CFR 200 - Appendix XII and this Policy, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c. Total value of currently active grants, cooperative agreements, and procurement contracts includes:

(1) Only the Federal share of the funding under any Federal award with a Board cost share or match; and

(2) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

6115.03 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – CONFLICT OF INTEREST

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.318 – General Procurement Standards addresses standards of conduct covering conflict of interest and governs the actions of school district employees, officers, and agents in the selection, award, and administration of contracts supported by a Federal award.

The Board of Education must use its own documented procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to the applicable Federal law and the standards identified in 2 CFR §200.

The Board of Education must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

The Board of Education must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts supported by a Federal award.

1. No employee, officer, or agent of the Board of Education may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest.

    a. Such a conflict of interest would arise when a Board of Education employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

2. The Board of Education officers, employees, and agents must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

3. However, a Board of Education may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value.

4. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

The Board of Education's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal government, the Board of Education is encouraged to enter into State and local intergovernmental agreements or inter-entity agreements where appropriate for procurement of use of common or shared goods and services.

The Board of Education is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

The Board of Education is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

The Board of Education must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. (See also 2 CFR §200.213 – Suspension and Debarment).

The Board of Education must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

The Board of Education may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to a Board of Education is the sum of:

1. The actual cost of materials; and

2. Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since the time and material formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the Board of Education awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

The Board of Education alone must be responsible, in accordance with good administrative practice and sound business judgement, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the Board of Education of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgement for that of the Board of Education unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

The Board of Education and its employees shall be required to comply with all New Jersey statutes and administrative codes regarding school ethics and internal controls.

2 CFR §200.318

Adopted: 14 July 2026

6115.04 FEDERAL FUNDS – DUPLICATION OF BENEFITS

A requirement for a Board of Education/local education agency (LEA) who accepts funds from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) – Elementary and Secondary School Emergency Relief Fund (ESSERF II); American Rescue Plan Elementary and Secondary Schools Emergency Relief (ARP ESSER); and all Federal programs and grants is for the LEA to have a Duplication of Benefits (DOB) Policy. DOB occurs when a person, household, business, government, or other entity receives financial assistance from multiple sources for the same purpose, and the total assistance received for that purpose is more than the total need for assistance.

The School Business Administrator/Board Secretary shall be responsible for ensuring no DOB occurs and will be responsible for ensuring compliance by subcontractors, subrecipients, and other partners.

To comply with DOB requirements, an LEA that accepts Federal funds is required by the Coronavirus Aid, Relief, and Economic Security (CARES) Act to establish and follow procedures to ensure that DOB does not occur. Establishing a process to effectively identify and prevent DOB is critical for the LEA to effectively manage multiple active funding streams related to coronavirus response and efficiently target resources to meet unmet needs within the school district. The Board of Education is solely responsible for ensuring that an actual DOB does not occur.

To prevent DOB, the LEA will have:

1. A requirement that the LEA must agree to repay assistance that is determined to be duplicative. This may be documented through a subrogation agreement or similar clause included in the agreement with the LEA. The LEA will establish a protocol to monitor compliance based on risk of DOB for each activity; and

2. A method of assessing whether the use of these funds will duplicate financial assistance that is already received or is likely to be received (such as insurance proceeds) by acting reasonably to evaluate the need and the resources available to meet that need. The LEA will evaluate current programs available at the local, county, State, and Federal level as well as current and anticipated non-governmental assistance from nonprofits or faith-based groups and establish lines of communication for preventing DOB.

To analyze DOB, the LEA will complete the following steps:

1. Assess Need: Determine the amount of need (total cost);

2. Determine Assistance: Determine the amount of assistance that has or will be provided from all sources to pay for the cost;

3. Calculate Unmet Need: Determine the amount of assistance already provided compared to the need to determine the maximum award (unmet need); and

4. Document Analysis: Document calculation and maintain adequate documentation justifying determination of maximum award.

In DOB calculations, private loans are not considered a form of assistance and will not be considered when calculating DOB. However, subsidized loans from the Small Business Administration or Federal Emergency Management Agency will be included in the DOB analysis unless one of the three exceptions below is met:

1. Short-term subsidized loans (e.g. bridge loans) for costs later reimbursed with Federal funds;

2. Declined or cancelled subsidized loans; or

3. Loan assistance used toward a loss suffered as a result of a major disaster or emergency.

6141 TAX REVENUES

The Board of Education believes that the interests of district taxpayers as well as the interests of the educational program are best served by the orderly, planned transfer of tax revenues to the school district as such funds are required to pay the debts of the district.

The Board Secretary shall request the County Administrator to transfer tax revenues in anticipation of district expenditures in accordance with law and an annual schedule of transfer.

Tuition rates in a County Vocational School District will be determined, charged, and paid in accordance with N.J.A.C. 6A:23A-17.3 and 17.4.

The District will, with the consent of the Board upon such terms, admit nonresident students on a tuition basis pursuant to N.J.S.A. 18A:38-3.

In addition to tuition for students attending this school district that reside out of the county of this school district, the Board of Education will require the payment of a nonresident fee in accordance with N.J.S.A. 18A:54-20.1 and N.J.A.C. 6A:23A-17.3.

The School Business Administrator/Board Secretary shall be responsible for the assessment and collection of tuition.

The assigned Executive County Superintendent to the Morris County School District should be consulted to mediate disputes that arise from tuition matters as defined in N.J.A.C. 6A:23A-17.1(f)5.

6160 GRANTS FROM PRIVATE SOURCES

The Board of Education encourages the development of proposals to private foundations and other sources of financial aid to subsidize such activities as innovative projects, feasibility studies, long-range planning, and research and development. Any such activity must:

1. Be based on a specific set of project objectives that relate to the established goals of the district;

2. Provide measures for evaluating whether or not project objectives are being achieved; and

3. Conform to applicable State and Federal laws and to Board policies.

All grant proposals must be approved by the Board before being submitted to the funding agency. The Superintendent shall establish regulations for the processing of proposal ideas throughout the district.

6210 FISCAL PLANNING

The Board of Education shall collect and assemble the information necessary to discharge its responsibility for the fiscal management of the school district and to plan for the financial needs of the educational program. The Board will strive toward maintaining both short and long range perspectives of district financial requirements.

Accordingly, the Board directs the School Business Administrator/Board Secretary to include cost estimates in all ongoing district studies of the educational program, to prepare a long range year-by-year plan for the maintenance and replacement of facilities and equipment, to forecast an estimated expenditure budget for one year in the future, to maintain a plan of anticipated State and Federal revenues, to meet periodically with the county governing board to review planned expenditures and the joint effect of school and community costs on tax rates, and to report to the Board any serious financial forecast that emerges from the district's fiscal planning.

Adopted: 14 July 2026

6220 BUDGET PREPARATION

The annual budget is the financial plan for the effectuation of the educational plan for the district. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain school district facilities, and to honor continuing obligations of the district.

A proposed budget requires the critical analysis by every member of the Board of Education during its preparation. The administration shall work with the Board to ensure Board members have a thorough understanding of the budget appropriations, budget revenue, the proposed educational program, and the budget's impact to the local tax levy. The Board shall also provide for community input during the budget development process.

The annual school district budget and supporting documentation shall be prepared in accordance with the provisions of N.J.S.A. 18A:7F; N.J.S.A. 18A:22-7 and 18A:22-8; and N.J.A.C. 6A:23A-8. The Board shall adopt and submit to the Executive County Superintendent for approval, together with Commissioner-prescribed supporting documentation, a budget that provides for a thorough and efficient education pursuant to N.J.A.C. 6A:23A-8.1(a). Pursuant to N.J.A.C. 6A:26-3.7 and 6A:26-3.12, the Board shall obtain approval of the local funding for a non-referendum capital project (school facility project or other capital project) in accordance with N.J.A.C. 6A:23A-8.4.

The budget will be presented to the Board to allow adequate time for review and adoption.

The Board shall include in the budget application to the Executive County Superintendent a complete reporting of revenues and appropriations and other requirements pursuant to N.J.S.A. 18A:22-8-1 et seq. and N.J.S.A. 18A:7F-5 through 63.

The Board, upon submission of its budget application to the Executive County Superintendent or by the statutory submission date, whichever is earlier, shall make available upon request for public inspection all budget and supporting documentation contained in the budget application and all other documents listed in N.J.A.C. 6A:23A-8.1 once the budget application has been submitted to the Executive County Superintendent for approval.

The budget, as adopted for the school year pursuant to N.J.S.A. 18A:7F-5, shall be provided for public inspection on the district's website, if one exists, and made available in print in a "user-friendly," plain language budget summary format in accordance with the provisions of N.J.A.C. 6A:23A-8.1(c).

All budgetary and accounting systems used in the school district must be in accordance with double-entry bookkeeping and Generally Accepted Accounting Principles as required in N.J.A.C. 6A:23A-16.1 et seq.

The annual budget adopted by the Board of Education and approved by the Executive County Superintendent represents the Board's position on the allocation of resources required to operate a thorough and efficient system of education. All reasonable means shall be employed by the Board to present and explain that position to residents and taxpayers of the community. A public budget hearing will be conducted in accordance with law. Each member of the Board and each district administrator shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The approved budget will be made available to the public in the form and at the places required by law.

6311 CONTRACTS FOR GOODS OR SERVICES FUNDED BY FEDERAL GRANTS

Any vendor providing goods or services to the school district to be funded by a Federal grant must be cleared for contract in accordance with the provisions of the Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (UGG), 2 CFR 200.214 – Suspension and Debarment.

The School Business Administrator/Board Secretary shall be responsible to check the web-based System for Award Management (SAM), accessible at www.sam.gov maintained by the United States government – the General Services Administration (GSA). The purpose of the SAM is to provide a single comprehensive list of individuals and firms excluded by Federal government agencies from receiving Federal contracts or Federally approved contracts or Federally approved subcontracts and from certain types of Federal financial and nonfinancial assistance and benefits.

The School Business Administrator/Board Secretary, upon opening of bids or upon receipt of proposals for goods or services to be funded by a Federal grant shall access the SAM to determine if the vendor has been disbarred, suspended, or proposed for disbarment. The School Business Administrator/Board Secretary shall also access the SAM list immediately prior to the award of a bid or contract to ensure that no award is made to a vendor on the list.

In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the SAM list or proposed for disbarment, the School Business Administrator/Board Secretary shall comply with the contracting restrictions as outlined in 2 CFR 200.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the SAM list or proposed for disbarment shall be in accordance with the limitations as outlined in 2 CFR 200.

Any rejection of a bid or disqualification of a vendor who has been disbarred, suspended, or proposed for disbarment shall be consistent with the requirements as outlined in N.J.S.A. 18A:18A – Public School Contracts Law and all applicable State laws.

The applicability of the provisions of this Policy apply to covered transactions as defined in 2 CFR 3485.220. A covered transaction is any contract that is awarded by the Board of Education that is covered under 2 CFR 180.210 and the amount of the contract is expected to equal or exceed $25,000, unless the Board chooses a lower threshold.

Compliance with the provisions of 2 CFR 200 and this Policy must be demonstrated by written evidence to be maintained by the School Business Administrator/Board Secretary. Examples of evidence include printouts of searches from the SAM, imprints from an ink stamp, or Avery or similar labels affixed to purchase orders memorializing performance of this verification.

6320 PURCHASES SUBJECT TO BID

The Board of Education directs the establishment and conduct of bidding procedures that serve the public interest and provide each qualified vendor an equal opportunity to furnish goods and services to the district.

Every contract for the performance of work or the purchase or lease of materials or supplies not exempted by law will be subject to public bidding whenever the aggregate value of such a contract within one contract year exceeds the bid threshold established by law and in accordance with N.J.S.A. 18A:18A-3.(a). Whenever possible, purchases will be aggregated; purchases may not intentionally be divided to avoid the requirements for competitive bidding as required in N.J.S.A. 18A:18A-8. The purchase of textbooks and materials that exceed the bid threshold and are approved by the Board pursuant to N.J.S.A. 18A:34-1 shall not require the further adoption of a resolution for purchase.

Bid specifications will be prepared and/or are coordinated by the School Business Administrator/Board Secretary. Each bid specification will offer a common standard of competition and will assert the Board's right to accept reasonable equivalents and to reject all bids and readvertise. The School Business Administrator/Board Secretary is authorized to advertise for bids in accordance with N.J.S.A. 18A:18A-21 without the prior approval of the Board, but shall inform the Board of any such advertisement at the Board meeting next following. Records of advertisements will be kept in detail sufficient to show that a reasonable number of qualified vendors were invited to bid.

Bids shall be opened publicly by the School Business Administrator/Board Secretary before one or more witnesses at a previously designated time and place. Contracts will be awarded, on a resolution duly adopted by the Board, to the lowest responsible bidder who submits the lowest responsible bid, except that the Board may choose to reject all bids, to readvertise, or to purchase under a State contract. The Board may disqualify a bidder who would otherwise be determined to be the lowest responsible bidder in accordance with N.J.S.A. 18A:18A-4. Whenever two or more bids are the lowest bids submitted by responsible bidders, the Board shall determine to which bidder the contract will be awarded.

The bid of a vendor who claims, before bids are opened, a mistake or omission in its preparation will be returned unopened. A bidder who discovers a mistake or omission after bids have been opened may withdraw the erroneous bid provided he or she gives immediate written notice of the mistake or omission and certification, supported by clear evidence, that he or she exercised reasonable care in the examination of the specifications and preparation of the bid. Any bidder who withdraws an opened bid shall forfeit any bid security deposited with the bid in accordance with law.

In accordance with the provisions of N.J.A.C. 6A:23A-5.4, pursuant to the authority granted the Commissioner of Education under N.J.S.A. 18A:55-2 and N.J.S.A. 18A:7F-60, the Commissioner shall subject to review for the withholding of State funds any school district that fails to obey the provisions of the Public Contract law, N.J.S.A. 18A:18A-1 et seq. The amount of funds to be withheld shall equal the amount of the contract awarded in violation of the provisions of N.J.S.A. 18A:18A-1 et seq. except for violations related to the award of contracts under the extraordinary unspecifiable services (EUS) provision which shall be governed by the provisions of N.J.S.A. 18A:18A-46.1.

6340 MULTIPLE YEAR CONTRACTS

The Board of Education may enter a multiple year contract for goods and services permitted by law whenever the extended contract will serve the needs of the district and yield greater return for the expenditure.

The School Business Administrator/Board Secretary is directed to investigate the advantage to the district of multiple year contracts. Investigation should include, but need not be limited to, a comparison of the costs of multiple year and single year contracts, an analysis of trends in the costs and availability of the goods or services to be provided, the projected needs of the district, and an inquiry into the reliability and stability of the vendor.

Except for those contracts exempted from the requirement by law, all multiple year contracts will contain a cancellation clause or a clause conditioning annual extension of the contract on the appropriation of sufficient funds to meet the Board's obligation.

All multiple year contracts must be approved by the Board. When the estimated annual cost of a multiple year contract exceeds the bid threshold established by law and the subject of the contract is not exempt from bidding, the contract shall be advertised in accordance with law and the bidding procedures of this district.

N.J.S.A. 18A:18A-5; 18A:18A-42

Adopted: 14 July 2026

6350 COMPETITIVE CONTRACTING

Competitive contracting may be used in lieu of public bidding for specialized goods or services that exceed the bid threshold provided the process is administered by a purchasing agent, by legal counsel of the Board of Education, or by the School Business Administrator and pursuant to N.J.S.A. 18A:18A-4.1. et seq. Competitive contracting may only be used for the purposes provided in N.J.S.A. 18A:18A-4.1. Unless an exception is provided for under N.J.S.A. 18A:18A-42 permitting a longer contract duration, contracts awarded under competitive contracting may be for a term not to exceed five years.

The purchasing agent will prepare a request for proposal documentation, which will include all requirements deemed appropriate and necessary to allow for full and free competition between vendors, information necessary for potential vendors to submit a proposal, and a methodology by which the Board will evaluate and rank proposals received from vendors. The methodology for the awarding of competitive contracts will be based on an evaluation and ranking and will be developed in a way that is intended to meet the specific needs of the district and where such criteria will not unfairly or illegally discriminate against or exclude otherwise capable vendors. The methodology for awarding competitive contracts will comply with such rules and regulations as the Director of the Division of Local Government Services in the Department of Community Affairs may adopt in accordance with N.J.S.A. 18A-4.4.

Request for proposal documentation will be published in an official newspaper of the Board at least twenty days prior to the date established for the submission of proposals. The Board may charge a fee for the proposal documentation that will not exceed $50.00 or the cost of reproducing the documentation, whichever is greater.

Each interested vendor will be required to submit a proposal which will include all the information required by the request for proposals. Failure to meet the requirements of the request for proposals may result in the Board disqualifying the vendor from further consideration. Under no circumstances will the provisions of a proposal be subject to negotiation by the Board.

If the Board, at the time of solicitation, utilizes its own employees to provide the goods or perform the services, or both considered for competitive contracting, the Board will, at any time prior to, but no later than the time of solicitation for competitive contracting proposals, notify affected employees of the Board's intention to solicit competitive contracting proposals pursuant to N.J.S.A. 18A:18A-4.5.c. Employees or their representatives will be permitted to submit recommendations and proposals affecting wages, hours, and terms and conditions of employment in such a manner as to meet the goals of the competitive contract. If employees are represented by an organization that has negotiated a contract with the Board, only the bargaining unit will be authorized to submit such recommendations or proposals. When requested by such

employees, the Board will provide such information regarding budgets and the costs of performing the services by such employees as may be available. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.

The purchasing agent will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the purchasing agent will prepare a report evaluating and recommending the award of a contract or contracts. The report will be prepared pursuant to N.J.S.A. 18A:18A-4.5.d. The report will be made available to the public at least 48 hours prior to the awarding of the contract, or when made available to the Board, whichever is sooner. The Board will have the right to reject all proposals for any of the reasons set forth in N.J.S.A. 18A:18A-22.

Award of a contract will be made by resolution of the Board within sixty days of the receipt of the proposals, except that the proposals of any vendors who consent thereto, may, at the request of the Board, be held for consideration for such longer period as may be agreed.

The report prepared pursuant to this Policy and Regulation 6350 will become part of the public record and will reflect the final action of the Board. Contracts will be executed pursuant to N.J.S.A. 18A:18A-40.

The Secretary of the Board will publish a notice in the official newspaper of the Board summarizing the award of a contract pursuant to N.J.S.A. 18A:18A-4.5g.

6360 POLITICAL CONTRIBUTIONS

Political Contribution Disclosure Requirements

In accordance with the requirements of Section 2 of P.L. 2005, Chapter 271 (N.J.S.A. 19:44A-20.26), the Board of Education shall have on file, to be maintained with other documents related to a contract, the following documents to award a contract to any business entity receiving a contract with an anticipated value in excess of $17,500, regardless of the basis upon which the contract is awarded:

1. A Political Contribution Disclosure (PCD) form submitted by the business entity (at least ten days prior to award); and

2. A Business Registration Certificate (anytime prior to award).

"Business entity" means a for-profit entity that is a natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other State or foreign jurisdiction.

The $17,500 contract amount is not related to the Board's bid threshold and does not exempt the district from the requirements of the Public School Contracts Law or other applicable purchasing statutes.

The $17,500 contract amount threshold is subject to the principle of aggregation rules in accordance with the Division of Local Government Services guidance. Unlike the Public School Contracts Law, aggregation thresholds for this Policy and Chapter 271 purposes shall be calculated at the vendor level – meaning, when a vendor receives more than $17,500 in a school district's fiscal year, a PCD form shall be required.

The disclosure provisions of N.J.S.A. 19:44A-20.26 do not apply in cases where there is a "public emergency" that requires the immediate delivery of goods or services.

Insurance companies and banks are prohibited under State law from making political contributions. However, because the PCD form reflects contributions made by partners, Boards of Directors, spouses, etc., PCD forms are required ten days prior to the approval of a depository designation resolution or insurance company contract awarded by the Board. A PCD form is also required when a contract in excess of $17,500 is made to an insurance broker. A PCD form is required from the company receiving the contract, regardless of the entity issuing an insurance policy.

PCD forms are required for Board of Education contracts in excess of $17,500 with a New Jersey Department of Education "Approved In-State Private School for the Disabled." Chapter 271 also applies to in-State private special education schools, educational services under any Federally funded program, early childhood school providers – DHS approved, and other similar programs.

If the school district spends more than $17,500 in a school year with a newspaper, the selection of the newspaper is subject to the provisions of Chapter 271.

PCD forms are not required for regulated public utility services, as the Board is required by the Board of Public Utilities to use a specific utility. This exception does not apply to non-regulated public utility services, such as generated energy (not tariffed), or long-distance telephone services where other procurement practices are used.

PCD forms are not required for membership to the New Jersey School Boards Association.

A non-profit organization having proper documentation from the Internal Revenue Service (IRS) showing it is registered with the IRS as a 501(c) type corporation is not required to file a PCD form.

A PCD form is not required for contracts with governmental agencies, including State colleges and universities.

If the original contract provided for the possibility of an extension(s), Chapter 271 compliance is not required if the extension/continuation is based on that original contract.

6362 CONTRIBUTIONS TO BOARD MEMBERS AND CONTRACT AWARDS

As a condition of receiving State aid, the school district shall comply with the provisions of N.J.A.C. 6A:23A-6.3 to ensure the school district maintains honest and ethical relations with vendors and shall guard against favoritism, improvidence, extravagance, and corruption in its contracting processes and practices.

For the purposes of this Policy, "business" means any corporation, partnership, firm, enterprise, franchise, trust, association, sole proprietorship, union, political organization, or other legal entity but shall not include a local public school district or any other public entity. "Business entity" means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of this State or of any other State or foreign jurisdiction. "Interest" means the ownership or control of more than ten percent of the profits or assets of a business entity or ten percent of the stock in the case of a business entity that is a corporation for profit, as appropriate.

In accordance with the provisions of N.J.A.C. 6A:23A-6.3:

1. No Board of Education will vote upon or award any contract in the amount of $17,500 or greater to any business entity which has made a contribution reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to a member of the Board of Education during the preceding one-year period.

2. Contributions reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to any member of the Board of Education from any business entity doing business with the school district are prohibited during the term of a contract.

3. When a business entity referred to in 2. above is a natural person, a contribution by that person's spouse or child that resides therewith shall be deemed to be a contribution by the business entity. Where a business entity is other than a natural person, a contribution by any person or other business entity having an interest therein shall be deemed to be a contribution by the business entity.

4. The disclosure requirement set forth in section 2 of P.L. 2005, c. 271 (N.J.S.A. 19:44A-20.26) also shall apply when the contract is required by law to be publicly advertised for bids.

A Business Entity Disclosure Certification (BED-C) shall be submitted by the business entity for all contracts of $17,500 or greater in order to facilitate disclosure of contributions to Board members by a business entity. The BED-C shall be reviewed prior to the award of any contract in excess of $17,500 to ensure the Board of Education's compliance with N.J.A.C. 6A:23A-6.3(a).

The requirements of N.J.A.C. 6A:23A-6.3 shall not apply to a contract when a district emergency requires the immediate delivery of goods or services. With the exception of districts previously subject to the requirements of N.J.A.C. 6A:10-2.1(e), N.J.A.C. 6A:23A-6.3 shall not apply to contributions made prior to its effective date.

N.J.A.C. 6A:23A-6.3

Adopted: 14 July 2026

6421 PURCHASES BUDGETED

The Board of Education directs the establishment of procedures for the purchase of budgeted goods and services that will make prudent use of district resources and yield the maximum value for the school district. The School Business Administrator/Board Secretary shall authorize all purchases that are within a budget line item and are consistent with the purpose for which the funds were appropriated.

No purchase order may be placed until the School Business Administrator/Board Secretary has determined whether the proposed purchase is subject to bid, whether sufficient funds exist in the line item, and whether the goods are available elsewhere in the district.

Whenever the estimated value of a purchase or contract for goods or services other than professional services N.J.S.A. 18A:18A-5(1) and work by employees of the Board N.J.S.A. 18A:18A-5(3) is fifteen percent or more of the bid threshold established in accordance with N.J.S.A. 18A:18A-3 and N.J.S.A. 18A:18A-37 and is not made under a State contract, the purchasing agent shall, whenever practicable, solicit at least two quotations from independent vendors. All quotations received will be attached to and retained with a copy of the voucher used to pay the vendor.

All contracts that are in the aggregate less than fifteen percent of the bid threshold may be awarded by the School Business Administrator/Board Secretary without soliciting competitive quotations.

The purchase or contract may be awarded on the basis of the lowest responsible quotation received or to the vendor who submits the quotation most advantageous to the Board on the basis of price and other factors. If it is determined that it is impractical to seek quotations for an extraordinary, unspecifiable service or that the purchase or contract for which quotations were sought should not be awarded on the basis of the lowest quotation received, the reasons for that determination will be set forth in writing and attached to the resulting purchase order or contract.

Supplies commonly used in the various schools will be standardized to the extent that it is educationally feasible to do so. Alternate suggestions will be made to a requisitioner if better service, delivery, economy, or utility can be achieved by a change in the proposed order.

When a purchase order is placed or a contract entered, the School Business Administrator/Board Secretary shall commit the expenditure against a specific budget line item or project category in order to guard against the creation of liabilities in excess of appropriations.

6422 BUDGET TRANSFERS

Except as otherwise provided pursuant to N.J.S.A. 18A:22-8.1 and N.J.A.C. 6A:23A-13.1 et seq., whenever the school district desires to transfer amounts among line items and program categories, the transfers shall be by resolution of the Board approved by a two-thirds affirmative vote of the authorized membership of the Board. Each resolution shall indicate the exact amount of the transfers and from the applicable accounts or fund balance.

However, this Board of Education in accordance with the provisions of N.J.S.A. 18A:22-8.1 and this Policy as adopted by the Board, designates the Superintendent of Schools to approve such transfers as are necessary between meetings of the Board. Transfers approved by the Superintendent shall be reported to the Board, ratified and duly recorded in the minutes at a subsequent meeting of the Board, but not less than monthly.

Transfers from line accounts that include waiver amounts approved by the Commissioner and expenditures and/or reallocations directed by the Commissioner are prohibited unless approved in writing by the Executive County Superintendent and in accordance with the provisions of N.J.S.A. 18A:22-8.1. The Board shall submit written requests for transfers including the amount to be transferred, the account(s) to be reduced, the account(s) to be increased, the purpose, and justification. These transfers shall not be requested or made prior to December 1 of the applicable budget year and shall only be approved for an emergent circumstance(s).

Where actual audited undesignated general fund balance at the fiscal year-end exceeds the estimated amount reflected in the school district's originally approved budget that contained an adjustment to the tax levy limitation approved by the Commissioner, any excess amount shall be reserved for the offset of the Commissioner's waiver requests, if any, in the second subsequent year's budget and reflected as such in the CAFR for the budget year.

Whenever the Executive County Superintendent shall, pursuant to N.J.S.A. 18A:7-8, disapprove a portion of the school district's proposed budget because the district has not implemented all potential efficiencies in its administrative operations or because the budget includes excessive non-instructional expenses, the school district shall not transfer funds back into those accounts during the budget year.

Transfers of surplus amounts or any other unbudgeted or underbudgeted revenue to line items and program categories shall require the approval of the Commissioner of Education and shall only be approved between April 1 and June 30 for line items and program categories necessary to achieve the thoroughness standards established pursuant to section 4 of P.L.2007, c.260 (N.J.S.A. 18A:7F-46); except that upon a two-thirds affirmative vote of the authorized membership of the Board, the Board may petition the Commissioner of Education for authority to transfer such revenue prior to April 1 due to an emergent circumstance and the Commissioner may authorize the transfer if he determines that the transfer is necessary to meet such emergency.

Transfers from any general fund appropriation account that, on a cumulative basis, exceed 10% of the amount of the account included in the school district's budget as certified for taxes shall require the approval of the Commissioner of Education. In a school district wherein the Commissioner of Education has directed an in-depth evaluation pursuant to N.J.S.A. 18A:7A-14, the Board shall obtain the written approval of the Executive County Superintendent of Schools prior to implementing any Board authorized transfer of funds.

No transfer may be made under N.J.S.A. 18A:22-8.1 from appropriations or surplus accounts for interest and debt redemption charges, capital reserve account or items classified as general fund expenses except to other items so classified, or to the capital projects fund to supplement the proceeds from a bond authorization or lease purchase agreement upon application to and a formal finding by the Commissioner that the transfer is in the best interest of both the students and taxpayers of the district after consideration of alternative corrective actions.

6423 EXPENDITURES FOR NON-EMPLOYEE ACTIVITIES, MEALS, AND REFRESHMENTS

There may be school district activities where expenditures for non-employee activities, meals, and refreshments may occur. Expenditures for non-employee activities, meals, and refreshments for school district activities are allowed provided the expenses are in accordance with the provisions of N.J.A.C. 6A:23A-5.8. For the purposes of this Policy, unless the context clearly indicates otherwise, "activities" means events or functions provided or held for the benefit of students, dignitaries, and other "non-district" employees (e.g. parents) which are paid from public funds. "Dignitary" means a notable or prominent public figure; a high level official; or one who holds a position of honor. A dignitary, for purposes of this Policy, is not a school district employee or Board of Education member.

Allowable expenditures for non-employee school district activities shall include:

1. All reasonable costs, including light meals and refreshments, directly related to activities that benefit students and are part of the instructional program including expenditures for field trips and extracurricular programs that are not solely for entertainment. Nothing in this Policy or N.J.A.C. 6A:23A-5.8 shall preclude the district from using student activity funds or accepting donations to support student activities that are solely for student entertainment;

2. All reasonable costs directly related to activities of dignitaries and other "non-district" employees (e.g. parents), including light meals and refreshments and any other directly related expense. Expenditures for this purpose shall be minimal and infrequent;

3. All reasonable costs of commencement and convocation activities for students; and

4. Expenditures related to district employees to the extent such employees are essential to the conduct of the activity.

The Board shall, at a minimum, take actions regarding student activities as follows:

1. Pre-approve field trip destinations;

2. Establish dollar thresholds for awards to recognize special accomplishments; and

3. Establish a budget supported by general fund revenues for each category of activity in a non-discriminatory manner (e.g. football, boys soccer, girls soccer, photography club). Student activity funds are excluded.

Pursuant to N.J.S.A. 18A:11-12 and State of New Jersey Department of Treasury, Office of Management and Budget Circular 08-19-OMB and 06-14-OMB, the following costs shall not be permitted using public funding:

1. Receptions, dinners, or other social functions held for or honoring any employee or group of employees of the district (e.g. breakfast, luncheon, dinner, or reception for retirees or award recipients). This does not prohibit the district from honoring employees without a social function or using public funds to support reasonable costs of employee recognition awards (e.g. teacher of the year awards, years of service awards). Use of public funds for reasonable costs of employee awards is a local discretionary expenditure;

2. Meals or refreshments served to guests at any athletic event or other games or contests; and/or

3. Expenses for alcoholic beverages.

The School Business Administrator/Board Secretary and/or designee shall maintain documentation to support activities, meals, and refreshments at district events. The documentation shall include a description of the activity, the purpose/justification of the activity, expressed in terms of the goal(s) or objective(s) of the district, the make-up of the group participating in the activity, and the names and titles of Board members or employees included in the group.

6424 EMERGENCY CONTRACTS

Any contract may be negotiated or awarded for a Board of Education without public advertising for bids and bidding notwithstanding that the contract price will exceed the bid threshold when an emergency affecting the health or safety of occupants of school property requires the immediate delivery of goods or the performance of services.

An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service. Emergency contracts may not be used unless the need for the goods or services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the school district to plan for the purchase of any goods or services required by the school district. Under no circumstance shall emergency purchasing procedures be used to enter into a multi-year contract.

If the School Business Administrator/Board Secretary is satisfied that an emergency exists, he/she shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs pursuant to the provisions of N.J.S.A. 18A:18A-7 et seq.

If conditions permit, the School Business Administrator/Board Secretary shall seek quotations from more than one source. If the expenditures are expected to be in excess of the bid threshold, the School Business Administrator/Board Secretary shall attempt to obtain no fewer than three quotations.

As soon as possible, but within three days of declaring the emergency, the Superintendent of Schools shall notify the Executive County Superintendent of the nature of the emergency and the estimated need for goods or services necessary to respond to it.

When emergency conditions have eased, the School Business Administrator/Board Secretary shall utilize the regular purchasing system to obtain estimates from suppliers, vendors, and contractors for materials and/or services that will eliminate the circumstances that created the emergency.

The School Business Administrator/Board Secretary shall prepare and submit a final report to the Board on every occasion an emergency contract is negotiated or awarded in accordance with the provisions of N.J.S.A. 18A:18A-7.

6440 COOPERATIVE PURCHASING

The Board of Education recognizes that centralized, cooperative purchasing may maximize the value received for each dollar spent. The Board of Education is encouraged to seek savings that may accrue to the school district by means of joint agreements for the purchase of goods or services with the governing body of any municipality or county.

For the purpose of this Policy, "cooperative pricing system" means a purchasing system in which the lead agency advertises for bids, awards a master contract to the vendor providing for its own quantities and the estimated quantities submitted by the individual registered members.

For the purpose of this Policy, "cooperative purchasing system" means a cooperative pricing system, joint purchasing system, commodity resale system, county cooperative contract purchasing system, or regional cooperative pricing system which has been approved and registered subject to N.J.A.C. 5:34-7.1 et seq.

For the purpose of this Policy, "electronic data processing" means the storage, retrieval, combination, or collation of items of information by means of electronic equipment involving the translation of words, numbers, and other symbolic elements into electrical impulses or currents.

For the purpose of this Policy, "joint purchasing system" means a cooperative purchasing system in which the lead agency serves as the purchasing agent for the membership of the system with all of the duties and responsibilities attendant. The lead agency advertises for bids and awards a single contract to a vendor providing for the payment to the contractor for its own needs and for the needs of the participating registered members of the system. The only contractual relationship is between the lead agency and the vendor.

For the purpose of this Policy, "lead agency" means the contracting unit which is responsible for the management of the cooperative purchasing system.

For the purpose of this Policy, "registered members" means Boards of Education who have been approved by the Director of the New Jersey Department of Community Affairs for participation in the cooperative purchasing system.

When the lead agency is a Board of Education or Educational Service Commission and the entire membership of the cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services in the Department of Community Affairs are Boards of Education, the provision and performance of goods or services shall be conducted pursuant to the Public Schools Contract Law. (N.J.S.A. 18A:18A-11 et seq.)

The School Business Administrator/Board Secretary is hereby authorized to negotiate such joint agreements for goods and services which the Board may determine to be required and which the Board may otherwise lawfully purchase for itself with such approved contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

In accordance with the provisions of N.J.S.A. 18A:18A-12, a cooperative or joint purchase agreement(s) shall be entered into by resolution adopted by each participating Board of Education, municipality, or county, and shall set forth the categories of goods or services to be provided or performed; the manner of advertising for bids and the awarding of contracts; the method of payment by each participating Board of Education, municipality or county, and other matters deemed necessary to carry out the purposes of the agreement. Agreements for cooperative and joint purchasing will be subject to all bidding requirements imposed by law. Purchases made through the State Treasury Department may be made without bid.

Each participant's share of expenditures for purchases under any such agreement shall be appropriated and paid in the manner set forth in the agreement and in the same manner as for other expenses of the participant.

In accordance with the provisions of N.J.S.A. 18A:18A-14.2, the Board may by contract or lease provide electronic data processing services for the Board of Education of another school district; and may undertake with such other Board, the joint operation of electronic data processing of their official records and other information relative to their official activities, services and responsibilities. 6470 PAYMENT OF CLAIMS

The Board of Education directs the prompt payment of legitimate claims by suppliers of goods and services to the school district, provided that each bill or obligation of this Board is fully itemized and verified before a warrant is drawn for its payment.

When an invoice is received, the School Business Administrator/Board Secretary or designee shall verify the voucher is properly submitted, acceptable goods were received or satisfactory services rendered, the expenditure is included in the Board's budget and funds are available for its payment, and the amount of the invoice is correct.

The School Business Administrator/Board Secretary shall identify and investigate, if necessary, the reason for any increase to a purchase order. If it is found by the School Business Administrator/Board Secretary that an increase to a purchase order is warranted, the School Business Administrator/Board Secretary shall either approve a revision to the original purchase order with the reason noted, approve the issuance of a supplemental purchase order for the difference, or cancel the original purchase order and issue a new purchase order. If it is found an increase is not warranted, the purchase order shall be cancelled and the goods returned. In no instance shall an adjustment be made to a purchase order that changes the purpose or vendor of the original purchase order or a bid award price.

The school district's financial systems shall be programmed to:

1. Limit system access so that only appropriate Business office staff may make purchase order adjustments;
2. Reject adjustments in excess of any established approval thresholds;
3. Prevent unauthorized changes to be processed;
4. Reject payments where the sum of the invoice amount plus any previous invoices charged to the purchase order exceeds the sum of the original purchase order amount plus any authorized adjustments;
5. Reject duplicate purchase order numbers;
6. Reject duplicate invoice numbers; and
7. Prepare an edit/change report listing all payments made in excess of the originally approved purchase order amount.

The School Business Administrator/Board Secretary shall review on a monthly basis edit/change reports listing all payments made in excess of the originally approved purchase order amount to ensure that all payments made are properly authorized.

If funds are not available in the budget line account to which the expenditure will be charged, funds may be transferred in accordance with Policy 6422.

The Board must approve all claims for payment, except such payments that are to be paid from funds derived from athletic events or other activities of student organizations. However, in accordance with N.J.S.A. 18A:19-4 and N.J.S.A. 18A:19-4.1, the Board may by Board resolution designate a person in addition to the Board Secretary to audit any account and demand to be paid, and provide for approval of such account or demand by such designated person or the Board Secretary prior to presentation to the Board. Any such approval of payment must be presented to the Board for ratification at the next regular Board meeting. The Board may, in the resolution, establish a maximum dollar amount for which payment may be authorized without prior Board approval.

All claims shall be fully itemized, verified, and shall be submitted for Board review and approval or ratification. Claims must be submitted to the Board in the form of a list that includes the number, amount, and date of the warrant; the payee; the reason for the expenditure; and the account charged. All claims that equal or exceed fifteen percent of the bid threshold amount established pursuant to N.J.S.A. 18A:18A-3, except for payrolls and debt service, shall be verified by affidavit or by signed declaration in writing in accordance with the provisions of N.J.S.A. 18A:19-3.

The list of claims must be accompanied by the original records that include copies of the purchase order, the receiving report, the vendor's invoice, and the purchase requisition. The list of approved warrants will be included in the minutes of the Board meeting.

When a claim for payment is duly approved in accordance with this Policy, the School Business Administrator/Board Secretary and/or a designated staff member shall promptly prepare a warrant for payment, cancel the commitment placed against the appropriate account, and post the actual expenditure. All warrants shall be signed by the Board President, Board Secretary, Superintendent of Schools, and/or Treasurer of School Moneys, as appropriate to the district.

The Policy and Regulation pertaining to school district travel expenditures incorporates either expressly, in whole or in part, and/or by reference, the laws and regulations contained in N.J.S.A. 18A:11-12 and N.J.A.C. 6A:23A-7.

The Board of Education ensures the effective and efficient use of funds by adopting and implementing policies and procedures that are in accordance with N.J.S.A. 18A:11-12 and New Jersey Department of the Treasury, Office of Management and Budget (OMB) current circulars and any superseding circulars pertaining to travel, meals, events and entertainment, and the additional requirements set forth in N.J.A.C. 6A:23A-7. If any superseding circulars of the OMB conflict with the provisions of these rules, the provisions of the superseding circulars shall govern.

Any sections of State travel regulations as established by the OMB presented as OMB Travel, Entertainment, Meals, and Refreshments Circulars, that conflict with N.J.S.A. 18A:1-1 et seq. shall not be included in Policy and Regulation 6471 nor authorized under N.J.A.C. 6A:23A-7. This includes, but is not limited to, the authority to issue travel charge cards as allowed under the OMB Circulars, but which is not authorized for school districts under New Jersey school law.

The Board of Education shall ensure, through Policy and Regulation 6471, that all travel by its employees and Board of Education members is educationally necessary and fiscally prudent. Policy and Regulation 6471 shall include the requirement that all school district travel expenditures are:

1. Directly related to and within the scope of the employee's or district Board member's current responsibilities and, for school district employees, the school district's professional development plan, the school professional development plan, and employee’s individual professional development plan;

2. For travel that is critical to the instructional needs of the school district or furthers the efficient operation of the school district; and

3. In compliance with State travel payment guidelines as established by the OMB and with guidelines established by the Federal Office of Management and Budget; except any State or Federal regulations and guidelines that conflict with the provisions of Title 18A of the New Jersey Statutes shall not be applicable,

including, but not limited to, the authority to issue travel charge cards. The Board of Education shall specify in its travel policy the applicable restrictions and requirements set forth in the State and Federal guidelines, including, but not limited to, types of travel, methods of transportation, mileage allowance, subsistence allowance, and submission of supporting documentation including receipts, checks, or vouchers.

School district travel expenditures shall include, but shall not be limited to, all costs for transportation, meals, lodging, and registration or conference fees directly related to participation in the event.

School district travel expenditures subject to N.J.A.C. 6A:23A-7 shall include costs for all required training and all travel authorized in school district employee contracts and Policy and Regulation 6471. This includes, but is not limited to, required professional development, other employee training and required training for Board members, and attendance at specific conferences authorized in existing employee contracts, provided the travel meets the requirements of N.J.A.C. 6A:23A-7. All such expenditures are subject to the rules in N.J.A.C. 6A:23A-7, including, but not limited to, inclusion in the annual travel limit, prior Board of Education approval, separate tracking as described at N.J.S.A. 18A:11-12.q., and per diem reimbursements.

Travel reimbursements will only be paid upon compliance with all provisions of N.J.A.C. 6A:23A-7 and Policy and Regulation 6471. The Board of Education will not ratify or approve payments or reimbursements for travel after completion of the travel event, except as provided at N.J.A.C. 6A:23A-7.4(d).

The Board of Education shall establish a maximum travel budget in accordance with the requirements outlined in N.J.A.C. 6A:23A-7.3.

The Board of Education authorizes an annual maximum amount per employee for regular business travel only for which Board of Education approval is not required. The annual maximum shall not exceed $1,500.

All travel requests must be submitted and approved in writing by the Superintendent of Schools and the majority of the Board of Education's full voting membership of the Board, except if the Board of Education has excluded regular business travel from prior approval pursuant to N.J.A.C. 6A:23A-7.3(b), prior to obligating the school district to pay related expenses and prior to attendance at the travel event.

All travel requests for Board members shall require prior approval by a majority of the Board of Education's full voting membership, except where the Board of Education has excluded regular business travel from prior approval pursuant to N.J.A.C. 6A:23A-7.3(b), and the travel shall be in compliance with N.J.S.A. 18A:12-24 and 24.1.

A Board member must recuse himself or herself from voting on travel if the Board member, a member of his or her immediate family, or a business organization in which he or she has an interest has a direct or indirect financial involvement that may reasonably be expected to impair his or her objectivity or independence of judgment. Policy and Regulation 6471 prohibit a Board member from acting in his or her official capacity in any matter in which he or she or a member of his or her immediate family has a personal involvement that is or creates some benefit to the school district Board member or member of his or her immediate family; or undertaking any employment or service, whether compensated or not, that may reasonably be expected to prejudice his or her independence of judgment in the execution of his or her official duties.

The Board of Education excludes from the requirements of prior Board of Education approval any travel caused by or subject to existing contractual provisions, including grants and donations, and other statutory requirements, or Federal regulatory requirements in accordance with the provisions of N.J.A.C. 6A:23A-7.4(d).

The Board of Education requires documentation required in N.J.A.C. 6A:23A-7.5(b) that justifies the number of employees attending an event and the benefits derived from their attendance. Pursuant to N.J.A.C. 6A:23A-7.5(c), the school district shall maintain documentation on file that demonstrates compliance with the Board of Education's travel policy, including travel approvals, reports, and receipts for all school district funded expenditures, as appropriate.

The School Business Administrator/Board Secretary shall be responsible for the accounting requirements for travel in accordance with the provisions of N.J.A.C. 6A:23A-7.6.

The Superintendent of Schools and the School Business Administrator are the final approval authorities for travel.

Sanctions for a violation of the provisions of N.J.A.C. 6A:23A-7 or this Policy are outlined in N.J.A.C. 6A:23A-7.7 and Regulation 6471.

The Board of Education prohibits the types of travel expenditures not eligible for reimbursement as listed in N.J.A.C. 6A:23A-7.8. and Regulation 6471.

Travel methods shall be in accordance with the provisions of N.J.A.C. 6A:23A-7.9 and Regulation 6471 and the routing of travel shall be in accordance with the provisions of N.J.A.C. 6A:23A-7.10 and Regulation 6471.

Any subsistence allowance shall be in accordance with the provisions of N.J.A.C. 6A:23A-7.11 and Regulation 6471. Meal allowances and incidental expenditures shall be in accordance with N.J.A.C. 6A:23A-7.12 and Regulation 6471.

Reimbursement for out-of-State and high-cost travel shall be made pursuant to N.J.S.A. 18A:11-12, N.J.A.C. 6A:23A-5.9, and Policy and Regulation 6471.

In accordance with the provisions of N.J.S.A. 18A:6-8.5, in order for the Board of Education to provide tuition assistance to an employee for coursework taken at an institution of higher education or additional compensation upon the acquisition of additional academic credits or completion of a degree program at an institution of higher education, the institution shall be a duly authorized institution of higher education as defined in Section 3 of P.L.1986, c.87 (C.18A:3-15.3).

Nothing in N.J.S.A. 18A:6-8.5 shall be construed to limit the authority of the Board to establish more stringent requirements for the provision of tuition assistance or additional compensation. The provisions of this Policy and N.J.S.A. 18A:6-8.5 shall not be deemed to impair an obligation set forth in a collective negotiations agreement or an individual contract of employment in effect on May 6, 2010.

6480 PURCHASE OF FOOD SUPPLIES

The Board of Education authorizes the purchase of certain food supplies without advertising for bids.

For the purpose of this policy, "food supplies" means only those supplies that are to be eaten or drunk and those substances that may enter into the composition of a food in the operation of a school cafeteria or in a home economics class.

The Board of Education authorizes the School Business Administrator/Board Secretary or designee to purchase all food supplies without advertising for bids in accordance with N.J.S.A. 18A:18A-5 and N.J.A.C. 6A:23A-16.5 et seq.

The School Business Administrator/Board Secretary or designee shall obtain price quotations for all food supplies purchased without advertising for bids in accordance with N.J.A.C. 6A:23A-16.5 et seq.

Vendors interested in providing food supplies to the school district shall submit a written request to the School Business Administrator/Board Secretary or designee to receive specifications for food supplies to be purchased by the school district. The School Business Administrator/Board Secretary or designee will maintain a list of interested vendors and will mail specifications for food supplies to those venders who requested such specifications.

Each time a purchase of food supplies is to be made, the School Business Administrator/Board Secretary or designee shall solicit quotations from interested, eligible vendors. Quotations for fresh or frozen fruits, vegetables, and meats need not be solicited more than once in any two week period.

The School Business Administrator/Board Secretary or designee shall provide definite and uniform specifications governing standards of quality to each eligible vendor from whom quotations are solicited. Specifications for food supplies will indicate a time in which all quotations must be submitted to the school district for consideration.

All quotations from interested, eligible vendors will be evaluated by the School Business Administrator/Board Secretary or designee. Food supplies shall be purchased from the vendor who submits the lowest quotation, except that food supplies may be purchased from another vendor who submitted a quotation when the School Business Administrator/Board Secretary or designee can justify the purchase. Any such justification, together with all quotations received, shall be kept in permanent record form, attached to the purchase order and available to school officials, the Board, and the State Department of Education for a minimum of three years following the purchase.

The School Business Administrator/Board Secretary or designee may purchase food supplies for any school cafeteria or home economics class to the extent of not more than $500.00 any month without soliciting quotations provided the School Business Administrator/Board Secretary provides a written signed statement filed with the invoice indicating the reason why quotations could not be obtained. The signed statement filed with the invoice shall be retained for review and audit.

Nothing in this Policy shall prevent the Board from purchasing food supplies by advertising for bids and awarding contracts in accordance with N.J.S.A. 18A:18A-4.

Each Board resolution to employ or reemploy a person will include the person's name, position, and tenure status; the salary or rate of pay the person is to receive, the method of payment, the wage guide from which wages are derived, and the budget category to which the wages are to be charged; the period of time for which employment is authorized; and the school, grade, class or special assignment, as appropriate.

No person may be assigned duties as a substitute employee whose employment has not been approved by the Board. The list to be approved by the Board will include the names of recommended substitutes, the duties to which each may be assigned, and the rate of pay. Substitute authorization will ordinarily be valid for one school year.

The minutes of Board meetings will record personnel actions of the Board, to include, but not be limited to, the appointment, promotion, resignation, retirement, death, discharge, compensation, or leave of absence for each employee. The minutes will also include effective dates for personnel action.

Certain categories of staff members designated by the Superintendent of Schools, shall be required to use a time clock or sign in and out of work daily in order to verify days and hours worked. The service of extra-duty personnel must be certified by the appropriate supervisor before payment can be made.

The School Business Administrator/Board Secretary is authorized to withhold salary or wages for services not rendered, in accordance with Board policy.

Staff members shall be paid in accordance with the provisions in their collective bargaining agreement and/or in accordance with a schedule provided to all employees prior to the beginning of the contract or school year.

The accepted picture identification shall be in the form of a district-issued identification card, valid drivers' license, official passport, or other picture identification issued by a State, county, or other local government agency.

The Superintendent of Schools shall designate an appropriately qualified staff member to match the picture identification to the position control roster maintained by the office of personnel or human resources prior to release of the pay check or direct deposit voucher. If the district elects to conduct this payroll verification prior to the district's required implementation of the position control roster pursuant to N.J.A.C. 6A:23A-6.8, the district may use similar and suitable office of personnel or human resources generated listing of employees. Where no appropriate identification can be produced, the School Business Administrator/Board Secretary shall withhold paychecks or stop direct deposits until such time the payee/district employee can produce appropriate identification or until an investigation and corrective action is concluded, as appropriate to the circumstances.

Upon completion of the payroll check distribution verification procedures set forth in this Policy and N.J.A.C. 6A:23A-5.7, the Superintendent of Schools shall submit a certification of compliance, in a form prescribed by the Department of Education, to the Executive County Superintendent. Verification of the district's compliance with the provisions of N.J.A.C. 6A:23A-5.7 will be required as part of the annual audit.

The payroll journal will be certified by the Board Secretary, the President of the Board, and approved by the Superintendent.

The Board may grant an exemption for seasonal and temporary employees as the Board deems necessary.

6740 RESERVE ACCOUNTS

The Board of Education may at any time establish by Board resolution a capital reserve account, pursuant to N.J.S.A. 18A:21-2 and 3, and 18A:7G-31.

Funds in the capital reserve account shall not be used for current expenses, pursuant to N.J.S.A. 18A:22-8.2, and shall only be used for purposes as outlined in N.J.A.C. 6A:23A-14.1(b). The Board of Education may increase the balance in the capital reserve account by appropriating funds in the annual general fund budget certified for taxes to meet the needs of the Long-Range Facilities Plan (LRFP) that are not met by State support. The balance in the account may also be increased by requesting approval from the Executive County Superintendent, as the Commissioner's designee, to appropriate any excess unreserved general fund balance as calculated in the supporting documentation of the proposed budget into capital reserve in the proposed budget pursuant to N.J.S.A. 18A:7F-7b only when the Board of Education has formally established a capital reserve account and obtained an approved LRFP in accordance with N.J.A.C. 6A:26-2. The Board of Education, at its option, may satisfy the withdrawal approval requirements set forth in N.J.A.C. 6A:23A-14.1(h) in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(d).

The Board of Education may request express approval of the voters for appropriation of additional amounts into the capital reserve in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(e). The Board of Education shall not deposit into a capital reserve account audited excess undesignated, unreserved general fund balance. The Board of Education shall reserve and designate such funds in the subsequent year's budget pursuant to N.J.A.C. 6A:23A-8.5(b). The Board of Education shall maintain an amount of funds in the capital reserve account that does not exceed the amount needed to implement capital projects in a school district's LRFP that are not met by State support.

The Board of Education may withdraw funds from the capital reserve account at any time in accordance with the provisions of N.J.A.C. 6A:23A-14.1(h). However, the Board of Education, may at any time, apply to the Commissioner for approval to withdraw funds from its capital reserve account for uses authorized in N.J.A.C. 6A:23A-14.1(b). The Board of Education may make a withdrawal pursuant to N.J.A.C. 6A:23A-14.1(i) only upon receipt of written approval of the Commissioner and the Board of Education shall establish to the satisfaction of the Commissioner that an emergent condition exists necessitating an immediate withdrawal of capital reserve account funds.

The Board of Education shall administer and account for the capital reserve account in accordance with the requirements of N.J.A.C. 6A:23A-14.1(j). Funds in capital reserve accounts in existence prior to July 18, 2000 are subject to the Educational Facilities Construction and Financing Act (EFCFA), P.L. 2000, c. 72, and N.J.A.C. 6A:23A-14, and the Board of Education shall only use such funds for the original purpose for which the funds were deposited and as outlined in N.J.A.C. 6A:23A-14.1(k)1. and (k)2.

The Board of Education shall establish, by resolution, a maintenance reserve account in accordance with the provisions of N.J.A.C. 6A:23A-14.2 to be used to implement required maintenance of the school district's facilities. The Board of Education is prohibited from using such funds for routine or capital maintenance and the account shall be established and maintained in accordance with Generally Accepted Accounting Principles (GAAP) and shall be subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq. The balance in the maintenance reserve account may be increased by appropriating funds in the annual general fund budget certified for taxes. Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4 in accordance with the provisions of N.J.A.C. 6A:23A-14.2(d). In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.

The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education. The Board of Education shall ensure the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.

The Board of Education may supplement a capital reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.3. The Board of Education, may through the adoption of a Board resolution, establish a current expense emergency reserve account, a debt service reserve account, and a tuition adjustment reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.4.

All reserve accounts shall be recorded in accordance with GAAP and subject to annual audit. Any capital gains or interest earned shall become part of the reserve account. A separate bank account is not required; however, a separate identity for each reserve account shall be maintained.

The Board shall adopt an annual budget and include the adopted annual budget in the minutes of the Board. If a violation has occurred, corrective action as outlined in N.J.A.C. 6A:23A-16.10(c)3.i shall be taken by the Board.

The Board of Education, after review of the monthly financial reports and upon consultation with the appropriate district officials, shall certify in the minutes of the Board each month that no fund has been overexpended in violation of N.J.A.C. 6A:23A-16.10(b) and that sufficient funds are available to meet the district's financial obligations for the remainder of the fiscal year. If the Board is unable to make such a certification, the Superintendent of Schools shall initiate the steps outlined in N.J.A.C. 6A:23A-16.10(b) and shall reflect such directive in the minutes of the Board. The Commissioner's decision shall include a determination of whether the expenditure was ineffective or inefficient and, if so, the amount of funds to be withheld from State aid or refunded by the district.

Nothing shall preclude the Commissioner from immediately and summarily withholding State aid, consistent with N.J.S.A. 18A:55-2, if, at any time, it is determined that the fiscal practices, actions, or expenditures of a school official, Board member, Board, or any other party under the Commissioner's jurisdiction are in violation of any statute, regulation, rule, or directive of the State Board of Education or Commissioner of Education.

Every acquisition of land, whether by purchase, condemnation, or by gift or grant, to be used as a school site shall comply with the requirements of N.J.A.C. 6A:26-7.1 et seq. The school district, or the New Jersey Schools Development Authority (Development Authority) on behalf of the district, shall submit information to the Division of Administration and Finance (Division) to obtain approval for land in connection with a school facilities project in accordance with the provisions of N.J.A.C. 6A:7.1(b).

In the event the school district intends to acquire land not in connection with a school facilities project, the district shall submit all of the information required under N.J.A.C. 6A:26-7.1(b) except N.J.A.C. 6A:26-7.1(b)1.ii and N.J.A.C. 6A:26-7.1(b)1.iii, and shall further be excepted from the requirements of N.J.A.C. 6A:26-7.1(d) and N.J.A.C. 6A:26-7.1(e). If the school district later intends to change the use of the land and use as a school site, the school district shall be required to submit all of the information required under N.J.A.C. 6A:26-7.1 and the exceptions outlined above shall no longer apply.

In accordance with the provisions of N.J.A.C. 6A:26-7.1(d), school site sizes shall be directly related to the acreage required for the structures and activities to be situated thereon. Except where specifically noted for multiple or shared use, the acreage shall be considered for single use.

All school sites shall have sufficient acreage for the placement of the school facility; expansion of the building to its maximum potential enrollment; the placement of all other structures such as greenhouses, storage buildings, school bus maintenance buildings or garages, and any other above or below ground structure, which is to be placed thereon; multi-purpose physical education fields and, for preschool through grade five school facilities, a playground required to support the achievement of the New Jersey Student Learning Standards as defined by the number of physical education teaching stations applicable to the school facility pursuant to the facilities efficiency standards and the approved programmatic model; disabled-accessible pedestrian walkways, roadways, and parking areas on which people and vehicles access the building; public and service access roads onto the site including, where warranted, a one-way school bus road of thirty foot width and a two-way road of thirty-six foot width; a school bus drop-off area; and eighteen foot wide posted fire lanes for fire apparatus; and a thirty-foot wide access around the entire building.

Land owned by the Board of Education that does not meet the standards of N.J.A.C. 6A:26-7.1 may be supplemented pursuant to the requirements of N.J.A.C. 6A:26-7.1(f).

Pursuant to N.J.A.C. 6A:26-7.1(g), the Division's approval shall remain effective for three years, after which time Division approval shall again be required to be obtained prior to acquiring land.

The Development Authority may acquire land on behalf of a school district eligible for one hundred percent State support of final eligible costs for school facilities projects that are consistent with the school district's approved Long Range Facilities Plan (LRFP). For such school districts, the New Jersey Department of Education shall require submission of all information set forth in N.J.A.C. 6A:26-7.1(b) to demonstrate compliance with N.J.A.C. 6A:26-7. The Development Authority may submit the required information on behalf of such school districts.

In accordance with N.J.A.C. 6A:7.3, the Board of Education may acquire an existing facility through purchase, gift, lease, or otherwise provided the Board complies with all procedures and rules pertaining to the appropriation and use of capital funds as required by N.J.S.A. 18A:20-4 and 4.2 and the Board has the facility approved in accordance with N.J.A.C. 6A:26-3, which applies to the acquisition of a school site and for the construction of a new facility. Facilities to be procured for temporary use shall comply with N.J.A.C. 6A:26-8 if subject to educational-adequacy review pursuant to N.J.A.C. 6A:26-5.4(c) because the facilities will house students.

7130 SCHOOL CLOSING

The Board of Education recognizes its responsibility to provide a thorough and efficient program of free public education and appropriate facilities to house that program. The Board further recognizes that declining enrollments, diminished resources, district reorganization, and/or other good cause may require the use of one or more district facilities for educational purposes be abandoned.

To receive approval for the closing of a school the Board shall provide the Division of Administration and Finance (Division) and the Executive County Superintendent with the following assurances:

1. The proposed closing is consistent with the district's approved LRFP because:

   a. The school district has demonstrated that sufficient school building capacity exists to house students for the five years following the closing; or

   b. The school district has demonstrated through a feasibility study that the benefits of undertaking new construction outweigh those of rehabilitating the school proposed for closure.

2. The use of temporary facilities in the remaining schools does not result or increase from an overall facilities shortage caused by the school closing; and

3. The re-assignment of students to other schools in the district does not produce, sustain nor contribute to unlawful segregation, separation, or isolation of student populations on the basis of race or national origin.

A request for approval from the Division for the school closing shall include the recommendation of the Executive County Superintendent. A letter of approval from the Division based on the information in N.J.A.C. 6A:26-7.5(a) and as listed above shall be required before the school's closing.

The Division shall notify the school district in writing of its determination with respect to the requested school closing, with a copy provided to the Executive County Superintendent.

7230 GIFTS, GRANTS, AND DONATIONS

The Board of Education accepts its responsibility to provide from public funds sufficient supplies and equipment for an effective instructional program. The Board recognizes, however, that from time to time individuals or organizations in the community may wish to contribute additional supplies or equipment to enhance or extend the instructional program.

The Board may accept by resolution duly passed at a public meeting any gift or grant of land, with or without improvement, and of money or other personal property, except that the Superintendent may accept on behalf of the Board any such gift less than $2,000 in value. Grants of land are subject to the appropriate legal limitations and approvals.

The Board reserves the right to refuse to accept any gift that does not contribute toward the achievement of the goals of this district or any gift the ownership of which would tend to deplete the resources of the district. The Board shall not provide public moneys for the purchase of any school property on a matching fund basis.

Any gift accepted by the Board shall become the property of the Board, may not be returned without the approval of the Board, and shall be subject to the same controls and regulations as are other properties of the Board. The Board shall be responsible for the maintenance of any gift it accepts, subject to any joint agreement with another governmental body.

The Board will respect the intent of the donor in its use of a gift, but reserves the right to utilize any gift it accepts in the best interests of the students and the educational program of the district. In no case shall acceptance of a gift be considered to be an endorsement by the Board of a commercial product or business enterprise or institution of learning.

The Superintendent shall:

1. Counsel potential donors on the appropriateness of contemplated gifts and encourage such donors to choose as gifts supplies or equipment not likely to be purchased with public funds;
2. Encourage individuals and organizations considering a contribution to the schools to consult with the Principal or Superintendent before appropriating funds to that end;
3. Report to the Board all gifts that have been accepted on behalf of the Board;
4. Acknowledge the receipt of any gift accepted by the Board; and
5. Prepare fitting means for recognizing or memorializing gifts to the school district.

The School Business Administrator/Board Secretary shall report periodically to the Board on the progress of the work of the construction contractor(s).

The Board shall not employ for pay or contract for the paid services of any person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

The Superintendent shall direct the School Business Administrator/Board Secretary or designee to act as liaison to all construction contractors for school facility and construction projects to obtain a list of the individuals who will have regular contact with students and will be employed by or working for the contractor on a school district project that will be undergoing a criminal history record check pursuant to the requirements of N.J.S.A. 18A:6-7.1 et seq. The liaison shall provide the list of those contracted employees to the Superintendent or designee. The Superintendent or designee who receive any adverse action correspondence from the New Jersey Department of Education (NJDOE) related to the criminal history record check process shall review the contracted company list in order to determine if the subject of that correspondence is either a school employee or an employee of any contract service provider and take appropriate action. No employee of a contracted service provider shall commence work at a school facility without having first obtained an approval for employment from the NJDOE. Approvals for employment of these contracted employees shall be maintained with the liaison and copies forwarded to the Superintendent’s office.

A change order involving additional cost will be submitted to the Board for review and approval.

Upon completion of a building project and a final inspection of all its aspects by the architect, contractors, and school officials, a recommendation for acceptance shall be made to the Board by the School Business Administrator/Board Secretary and Superintendent.

7300 DISPOSITION OF PROPERTY

The Board of Education believes the efficient administration of the district requires the disposition of property and goods no longer necessary for school purposes. The Board directs the periodic review of all district property and authorizes the disposition by sale, donation, or discard of any property no longer required for the maintenance of the educational program or the efficient management of the school district. The disposition of any school property will be in accordance with this Policy and applicable laws.

The Division will notify the district of its approval or disapproval.

The Board may, by resolution and by sealed bid or public auction, authorize the sale of its personal property not needed for school purposes, and disposal of any property declared scrap or waste. If the estimated fair value of the property to be sold exceeds fifteen percent of the bid threshold in any one sale and it is neither livestock nor perishable goods, it shall be sold at public sale, together with a description of the items to be sold and the conditions of sale, shall be published once in an official newspaper. By resolution of the Board, the purchasing agent may include the sale of personal property no longer needed for school purposes as part of specifications to offset the price of a new purchase. In the event no bids are received for personal property or the personal property is not sold at private sale pursuant to, N.J.S.A. 18A:18A-45, the Board may declare the personal property as scrap or waste and dispose of it locally.

Personal property may be sold to the United States, the State of New Jersey, or to any body politic in the State of New Jersey, or any foreign nation which has diplomatic relations with these United States by private sale without advertising for bids.

Notwithstanding anything to the contrary in this Policy, property acquired with Federal funds for use in a Federally funded program will be disposed of in accordance with applicable law and guidelines.

7420 HYGIENIC MANAGEMENT

The Board of Education recognizes that the health and physical well-being of the students and staff of this district depend in large measure upon the cleanliness and sanitary management of the schools.

The Board directs that a program of hygienic management be instituted in the schools and explained annually to all staff members. Each school shall be inspected for cleanliness and sanitation by the Facilities Manager not less than once each year.

The Board will cooperate with the local board of health in the sanitary inspection of the schools' toilets, washrooms, food vending machines, water supply, and sewage disposal systems.

The Superintendent shall prepare, in consultation with the school medical inspector, regulations, first aid and emergency medical procedures that utilize universal precautions in the handling and disposal of blood and body fluids, whether or not students or staff members with HIV infection are present. School staff members and volunteers shall be provided the supplies for implementing the procedures. In particular, school nurses, custodians, and teachers shall be trained in proper handling procedures. These regulations and procedures will comply with the regulations of the State Department of Health and State Department of Labor (OSHA Standards for Occupational Exposure to Bloodborne Pathogens) and recommendations of the Centers for Disease Control and Prevention.

Bloodborne Pathogens

The Board recognizes that school employees may in the performance of their duties reasonably anticipate contact with human blood or other potentially infectious body fluids that may expose them to bloodborne pathogens such as Hepatitis B Virus (HBV) and Human Immunodeficiency Virus (HIV). In accordance with Federal OSHA regulations, the Board will establish a written Exposure Control Plan designed to eliminate or minimize employee exposure to such infection. The plan shall list all job classifications and tasks in which exposure occurs; describe and require the implementation of workplace controls to eliminate or minimize exposure; require the provision of hepatitis B vaccination to employees who have occupational exposure; and require the provision of a training program for employees who have occupational exposure. The plan shall be updated annually and as required to include new or revised employee positions with occupational exposure. A copy of the plan shall be made accessible to employees.

Disposal of Medical Waste

The Superintendent shall prepare, in consultation with the school medical inspector, a medical waste disposal program to ensure all medical waste, including needles and sharps, are disposed of in accordance with the rules and regulations of the New Jersey Department of Health.

Chemical Hygiene

The Board also recognizes that certain school employees who work in laboratories may be exposed to hazardous chemicals in the course of their duties. In accordance with Federal OSHA regulations, the Board will establish practices that are capable of protecting employees from health hazards presented by hazardous chemicals used in the workplace. The plan shall contain the locations of hazardous chemicals and shall enunciate a plan capable of protecting employees from associated health hazards and keeping exposure of employees below specified limits. The Chemical Hygiene Plan shall be readily available to employees and shall contain at least the following elements:

1. Standard operating procedures for using hazardous chemicals in laboratory work;

2. Criteria that the Board will use to determine and implement control measures to reduce employee exposure;

3. The requirement that fume hoods and other protective equipment are functioning properly and that measures are taken to ensure adequate performance of such equipment;

4. Provision for employee information and training;

5. The circumstances under which a particular laboratory operation, procedure or activity shall require prior approval from the Principal before implementation;

6. Provisions for medical consultation;

7. Designation of personnel responsible for implementation of the chemical hygiene plan; and

8. Provisions for additional employee protection for work with particularly hazardous substances.

The Board directs that the program of chemical hygiene be implemented by the Chemical Hygiene Officer. The Assistant Principal will serve as Chemical Hygiene Officer for all schools in the district and shall be responsible for the examination of all school facilities to determine where hazardous chemicals are used and to ensure compliance of all school facilities with the Chemical Hygiene Plan.

The Superintendent shall develop and supervise a program for the cleanliness and sanitary management of the school buildings, school grounds, and school equipment pursuant to statute, rules of the State Board of Education, and regulations of the State Board of Health.

The day to day monitoring of the cleanliness of each school building shall be the responsibility of the Building Principal.

7421 INDOOR AIR QUALITY STANDARDS

The Board of Education will provide air quality for school employees in school buildings that meet the standards established by the New Jersey Department of Labor pursuant to N.J.A.C. 12:100-13.

The Board will designate the Facilities Manager as the individual, who is responsible to assure compliance with New Jersey Department of Labor standards. The designated person will assure that preventative maintenance programs for heating, ventilating and air conditioning (HVAC) systems are implemented and documented and that general and local exhaust ventilation is used for employees working with equipment or products that could reasonably be expected to result in hazardous chemicals or particulate exposure. The designated person shall check to make sure HVAC systems are working properly when the building temperatures are outside of the range of 68 to 79 degrees Fahrenheit and make sure buildings without mechanical ventilation have operable windows, doors, vents, stacks and other portals designated or used for natural ventilation are operational. The designated person will also promptly investigate all employee complaints of signs or symptoms that may be associated with building-related illnesses.

The Board will make sure air quality will be maintained at acceptable standards during renovation and remodeling that results in the diffusion of dust, stone and other small particles, toxic gases or other harmful substances in quantities hazardous to health. The designated person will notify employees at least twenty-four hours in advance, or promptly in emergency situations of work to be performed on the building that may induce air contaminants into their work area.

The designated person will respond to a complaint received by the Department of Labor within fifteen working days of receipt of the complaint.

7422 SCHOOL INTEGRATED PEST MANAGEMENT PLAN

The New Jersey School Integrated Pest Management Act of 2002 requires school districts to implement a school integrated pest management policy that includes an Integrated Pest Management Plan. In accordance with the requirements of the Act, the Board shall ensure implementation of Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty, and staff to pesticides. These procedures shall be applicable to all school property in the Morris County Vocational School District.

IPM Coordinator (IPMC)

The Facilities Manager shall be designated as the district's Integrated Pest Management Coordinator (IPMC) and is responsible for the implementation of the school integrated pest management policy.

Integrated Pest Management Procedures in Schools

Implementation of Integrated Pest Management (IPM) procedures will determine when to control pests and whether to use mechanical, physical, cultural, biological, or chemical methods. Applying IPM principles prevents unacceptable levels of pest damage by the most economical means and with the least possible hazard to people, property, and the environment.

The Integrated Pest Management Coordinator (IPMC) shall consider the full range of management options, including no action at all. Non-pesticide pest management methods are to be used whenever possible. The choice of using a pesticide shall be based on a review of all other available options and a determination that these options are not effective or not reasonable. When it is determined that a pesticide must be used, low impact pesticides and methods are preferred and shall be considered for use first.

Development of IPM plans

The Superintendent, in collaboration with the school Building Principal(s) and the IPMC, shall be responsible for the development of the IPM Plan for the school district. The school district's Integrated Pest Management (IPM) Plan is a blueprint of how the school district will manage pests through IPM methods. The school district's IPM Plan will state the school district's goals regarding the management of pests and the use of pesticides for all school district property. The Plan will reflect the school district's site-specific needs and a description of how each component of the school district's Integrated Pest Management Policy and Regulation will be implemented for all school property.

Education/Training

The school community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPMC, other school staff, and pesticide applicators involved with implementation of the district's IPM policy will be trained in appropriate components of IPM as it pertains to the school environment.

Students and parents/legal guardians will be provided information on this policy and instructed on how they can contribute to the success of the IPM program.

Recordkeeping

Records of pesticide use shall be maintained on site to meet the requirements of the State regulatory agency and the Board.

Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The Building Principal of each school, working with the IPMC, is responsible for timely notification to students, parents or legal guardians and the school staff of pesticide treatments pursuant to the School Integrated Pest Management Act.

Re-entry

Re-entry to a pesticide treated area shall conform to the requirements of the School Integrated Pest Management Act.

Pesticide Applicators

The IPMC shall ensure that applicators follow State regulations, including licensing requirements and label precautions, and must comply with all components of the School Integrated Pest Management Policy.

Evaluation

The Superintendent will report annually to the Board on the effectiveness of the IPM Plan and make recommendations for improvement as needed.

The school district's Integrated Pest Management Plan, Policy and Regulation shall be implemented not later than June 12, 2004. The Board directs the Superintendent to develop Regulations/Procedures for the implementation of School Integrated Pest Management Plan.

7424 BED BUGS

The Board of Education is concerned for students who may have bed bugs in their home with the potential for these students to bring bed bugs into the school building. Bed bugs can be transmitted from one location to another in backpacks, clothing, books, and other items. A bed bug infestation is unlikely in a school and the Board adopts this Policy as a proactive action to prevent infestation and to stop bed bugs from spreading within the school setting if a bed bug is transmitted into a school.

Bed bugs are parasitic insects that feed exclusively on blood and are mainly active at night, but are not exclusively nocturnal. A common bed bug prefers human blood and typically feeds on their hosts without being noticed. Bed bugs are not known to transmit disease, but cause reasonable distress and health concerns for many people. The presence of bed bugs in a home does not mean the home is unclean, bed bugs can be found in any home.

Bed bugs typically do not infest people as they hide during the day and come out during the night. Bed bugs are attracted to humans primarily by carbon dioxide, warmth, and by some chemicals. Bed bugs prefer exposed skin, preferably the face, neck, and arms of a sleeping person. Bed bug bites may lead to a range of skin manifestations from no visible effects to prominent blisters. The bite usually produces a swelling with no red spots, but when many bugs feed on a small area, reddish spots may appear after the swelling subsides. Effects also may include skin rashes, psychological effects, and allergic symptoms.

Any staff member who observes what may be bed bug bites on a student shall send the student to the school nurse. The school nurse shall examine the student to determine if there are any bed bugs present on the student or if the bites may be bed bug bites. The school nurse will inform the Principal and contact the student's parent on the results of the examination.

In the event the school nurse observes what appears to be a bed bug on the student or on the student's possessions, the school nurse will inform the Principal who will arrange for a licensed pest management professional to complete an inspection of the student's classroom(s) to determine if bed bugs are present in the classroom area. If a licensed pest management professional cannot complete an inspection within twenty-four hours of the request from the school district, the district custodial staff will vacuum the student's classroom(s) with a vacuum cleaner using a new vacuum cleaner bag and when finished the staff member shall seal the bag and discard it in a receptacle outside the school building. If the vacuum does not have a bag, the contents of the vacuum shall be emptied into a secure plastic bag, sealed, and discarded into a receptacle outside the school building. The Principal shall determine if the classroom(s) should be occupied by staff and students until the inspection by a licensed pest management professional is conducted.

In the event the inspection determines bed bugs are in the school, the area(s) where bed bugs have been found or could be found will be treated by a licensed pest management professional.

The parent of any student who is found to have a live bed bug on them will be contacted by the school nurse and the parent will be required to pick-up their child to arrange for the child to return home to change clothes and to inspect any items the student brings to school. Upon the student's return to school, the student will be required to report to the school nurse who will examine the child and the child's possessions. If there are no signs of bed bugs on the student or in or on the student's possessions, the student will be able to resume their school day. The school nurse may determine to examine the child subsequent to their initial return to school to ensure the student and possessions are free of bed bugs. In the event the nurse finds live bed bugs on the student or in or on the student's possessions upon the student's initial return to school, or upon any subsequent examination by the school nurse, the school nurse will contact the parent and require the parent to pick-up the student from school.

The Principal, in consultation with the school nurse, will determine if the parents of other students should be informed of the presence of bed bugs in an area of the school where their child may have been or is during the school day. This determination will be made on a case-by-case basis. Parents of other students may not be informed if bed bugs are found on a student or in or on the student's possessions, and are not found in the school building. The school district will comply with all notification requirements and other requirements of the New Jersey Pest Management Act, the district's Pest Management Plan, and any other applicable law.

Any student suspected of having bed bugs in their home or on or in their possessions will be treated with discretion, dignity, and respect. The district will offer the student counseling, if needed. The Principal or designee will work sensitively with parents of any student living in an infested home to develop strategies for preventing the further spread of bed bugs.

7425 LEAD TESTING OF WATER IN SCHOOLS

The health, safety, and welfare of the children in the school district are of utmost importance to the Board of Education. The potential exposure to lead-contaminated drinking water poses serious health problems, particularly for children, as well as for teachers and school personnel, since the risk of lead contamination can come from pipe and plumbing fixtures in school facilities or on school grounds. The Board shall assure the availability of potable drinking water through sanitary means in school facilities or on school grounds. The Board of Education shall provide, in accordance with N.J.A.C. 6A:26-12.4, testing for lead in all district sources of drinking water.

The Board shall conduct lead sampling and analysis in all drinking water outlets to which a student or staff member has, or may have, access in each school facility, other facility, or temporary facility, as soon as practicable, but no later than July 13, 2017, unless the district qualifies for an exemption in accordance with N.J.A.C. 6A:26-12.4(j). This lead sampling and analysis shall be conducted with a lead sampling plan in accordance with N.J.A.C. 6A:26-12.4(d)1, 2, and 3, and shall be in accordance with the Safe Drinking Water Act, N.J.S.A. 58:12A-1.

The Superintendent of Schools or designee shall complete a review of the final laboratory results within seventy-two hours of receipt. Within twenty-four hours after the Superintendent or designee has completed a review of final laboratory results in accordance with the provisions of N.J.A.C. 6A:26-12.4(e), the test results shall be made publicly available at the school facility and on the Board of Education's website. If any results exceed the permissible lead action level, the Board shall provide written notification to the parents of all students attending the facility, facility staff, and the New Jersey Department of Education. This written notification shall include: a description of the measures taken by the Superintendent or designee to immediately end the use of each drinking water outlet where the water quality exceeded the permissible lead action level; any additional remedial action taken or planned by the Board of Education; the measures taken to ensure that alternate drinking water has been made available to all students and staff members; where the water outlet(s) is located; and information regarding the health effects of lead in accordance with N.J.A.C. 6A:26-12.4(e)1 and 2.

Notwithstanding the results or date of any prior testing, the Board shall continue to test drinking water outlets in the designated Statewide required testing year, which shall be every third school year beginning with the 2021-2022 school year and subsequently occurring in the 2024-2025 school year. By no later than June 30 of the designated Statewide required testing year, the Board shall test all drinking water outlets in accordance with N.J.A.C. 6A:26-12.4(g)1. The Board shall sample for lead after the replacement of any drinking water outlet or any other alteration to plumbing or service lines that may impact lead levels at the outlet, in accordance with N.J.A.C. 6A:26-12.4(g)2.

The Board shall submit to the New Jersey Department of Education by June 30 of each year a statement of assurance, that the school district completed lead testing in accordance with N.J.A.C. 6A:26-12.4; that notifications were provided consistent with N.J.A.C. 6A:26-12.4; and that alternative drinking water continues to be made available to all students and staff, if necessary, pursuant to N.J.A.C. 6A:26-12.4(i).

The Board may apply for reimbursement for the costs of any water supply testing and analysis conducted, in accordance with N.J.A.C. 6A:26-12.4(k).

The appropriate eye protective device shall be supplied by the Board, except that the student, staff member, or visitor, including individuals present for evening adult-school programs, may wear personal eye wear that is appropriate to the activity and certified, in writing, by a licensed optician or other qualified licensed eye professional to meet or exceed those standards. District-owned appropriate eye protective devices shall be inspected regularly by the appropriate staff member, and defective or poorly fitting devices shall be returned to the Principal for repair or discard. Any shared appropriate eye protective devices shall be disinfected between uses by the method prescribed by the school medical inspector.

Each classroom, shop, laboratory, and other area of the school in which students or staff members are exposed to caustic materials that can cause damage to the eyes shall be equipped with an emergency eye wash fountain in accordance with standards established by the New Jersey Department of Education.

The Building Principal or designee shall ensure that each area in the school identified as housing an activity hazardous to the eyes shall be posted with conspicuous signs that warn participants that an appropriate eye protective device must be worn during the activity. Staff members of such activities are responsible for instructing students in appropriate eye safety practices and for serving as exemplary models in the implementation of such practices.

The Board authorizes each staff member responsible for an activity or process hazardous to the eyes to compile and maintain, for the duration of the course of study, a list of students in the course who wear contact lenses.

The school district shall provide annual training and appropriate supplies and equipment to all school personnel responsible for implementing the eye-safety policies and program. The training shall cover all aspects of eye protection in schools as described in N.J.A.C. 6A:26-12.5(a) through (f).

7434 SMOKING IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education believes that the right of persons to smoke must be balanced against the right of nonsmokers to breathe air untainted by tobacco smoke.

For purpose of this Policy, "smoking" means the burning of, inhaling from, exhaling the smoke from, or the possession of a lighted cigar, cigarette, pipe, or any other matter or substance which contains tobacco or any other matter that can be smoked, including the use of smokeless tobacco and snuff, or the inhaling or exhaling of smoke or vapor from an electronic smoking device.

For the purpose of this Policy, "electronic smoking device" means an electronic device that can be used to deliver nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, cigarillo, or pipe.

For the purpose of this Policy, "school buildings" and "school grounds" means and includes land, portions of land, structures, buildings, and vehicles, owned, operated, or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and other central facilities including, but not limited to, kitchens and maintenance shops. "School buildings" and "school grounds" also includes athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. "School buildings" and "school grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

In accordance with N.J.S.A. 26:3D-58 and N.J.A.C. 8:6-7.2, the Board prohibits smoking at all times anywhere in school buildings or on school grounds.

Notwithstanding any provision of this Policy, smoking by students is prohibited and governed by Policy 5533.

Students and district employees who violate the provisions of this Policy shall be subject to appropriate disciplinary measures and may be subject to fines in accordance with law.

The Principal or designee may order the departure and removal of any person who continues to smoke in violation of this Policy and the law after being ordered to stop smoking in school buildings or on school grounds. The Principal or designee may request the assistance of law enforcement to accomplish this departure and removal.

In the event a person is found to have violated this Policy and the law, the Principal or designee may file a complaint with the appropriate Municipal Court or other agency with jurisdiction as defined in N.J.A.C. 8:6-9.1(c).

7440 SCHOOL DISTRICT SECURITY

The Board of Education believes the buildings and facilities of the school district represent a substantial community investment. The Board directs the development and implementation of a plan for school district security to protect the school community's investment in the school buildings and facilities. The Board will comply with the security measures required in N.J.S.A. 18A:7G-5.2 for new school construction and for existing school buildings.

The school district security program will include: maintenance of facilities that are secure against unwelcome intrusion; protection against fire hazards and faulty equipment; and compliance with safe practices in the use of electrical, plumbing, heating, and other school building equipment.

As used in this Policy and N.J.S.A. 18A:41-7.1, "critical incident mapping data" means information provided in electronic or digital form to assist first responders in an emergency including, but not limited to: aerial images of schools; floor plans, including room and suite numbers; building access points; locations of hazardous materials and utility shut-offs; and any other relevant location information.

The Board shall provide to local law enforcement authorities critical incident mapping data for all schools and school grounds. In the case of a school building located in a municipality in which there is no municipal police department, critical incident mapping data shall be provided to an entity designated by the Superintendent of the New Jersey State Police. The Board shall provide revised mapping data to the applicable law enforcement authorities or designated entities any time that there is a change to the critical incident mapping data.

Critical incident mapping data provided pursuant to N.J.S.A. 18A:41-7.1.a. shall be: compatible with all platforms and applications used by local, State, and Federal law enforcement authorities; provided in a printable format; and verified for accuracy through an annual walkthrough of school buildings and school grounds.

Nothing in this Policy or N.J.S.A. 18A:41-7.1 shall be construed to require local law enforcement authorities or designated entities to access critical incident mapping data using third party viewing software.

The Board directs close cooperation of district officials with law enforcement, fire officials, and other emergency agencies.

Each public elementary and secondary school building shall be equipped with at least one panic alarm for use in a school security emergency pursuant to N.J.S.A. 18A:41-10 through 13 and this Policy and Regulation 7440.

The Superintendent of Schools shall designate a school administrator, or a school employee with expertise in school safety and security, as a School Safety Specialist for the district in accordance with the provisions of N.J.S.A. 18A:17-43.3 and this Policy and Regulation 7440. The School Safety Specialist shall be required to acquire a New Jersey Department of Education School Safety Specialist certification in accordance with the provisions of N.J.S.A. 18A:17-43.2 and this Policy and Regulation 7440. The School Safety Specialist shall also serve as the school district liaison with local law enforcement and national, State, and community agencies and organizations in matters of school safety and security.

Access to school buildings and grounds outside the hours school is in session shall be limited to personnel whose employment requires their presence in the facility. An adequate key control system will be established to limit building access to authorized personnel and guard against the potential of intrusion by unauthorized persons who have obtained access improperly.

In accordance with N.J.S.A. 18A:7G-5.2.b.(15), propping open doors to buildings on school grounds is strictly prohibited and students and staff shall not open a door for any individual. All persons seeking entry into the building shall be directed to the main entrance.

Building records and funds shall be kept in a safe place and secured as appropriate and necessary.

Protective devices designed to be used as safeguards against illegal entry and vandalism may be installed when appropriate. The Board may approve the employment of school resource officers, school security officers, and/or law enforcement officers in situations in which special risks are involved.

The school district shall annually conduct a school safety audit for each school building in accordance with the provisions of N.J.S.A. 18A:41-14.

7441 ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education authorizes the use of electronic surveillance systems in school buildings and on school grounds to enhance the safety and security for school district staff, students, community members, and other building occupants and to protect the school district's buildings and grounds.

The content produced by the surveillance system under certain circumstances may be considered a student record and if so it will be subject to the Board policy and regulation regarding confidential student records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding.

In accordance with the provisions of N.J.S.A. 18A:41-9, if at least one school building of the school district is equipped with video surveillance equipment that is capable of streaming live video wirelessly to a remote location, the Board shall enter into a Memorandum of Understanding (MOU) with local law enforcement authorities providing the authorities with the capacity to activate the equipment and view live streaming video during an emergency situation. The MOU shall include the provisions of N.J.S.A. 18A:41-9 and any additional information required by law enforcement officials. In the event the parties to the MOU are unable to reach an agreement regarding any provision required to be included in the MOU as per N.J.S.A. 18A:41-9a, the County Prosecutor shall make the final determination regarding that provision. Nothing in N.J.S.A. 18A:41-9 shall be construed as to require the installation of video surveillance equipment capable of streaming live video wirelessly to a remote site from a school building that does not have the ability to have live streaming video.

The Board shall post signage in a prominent, public place in buildings and on school grounds where electronic surveillance equipment may be used.

In addition to posting, the district shall notify school staff members, parent(s), and students that electronic surveillance may be used in school buildings and on school grounds through publication in student and staff handbooks, school calendars, notice sent home with students, or any other effective means to publish the district's use of electronic surveillance equipment in school buildings and on school grounds.

7446 SCHOOL SECURITY PROGRAM

The safety of students, staff members, and visitors on school grounds is an important concern for the Board of Education.

School Resource Officer Program

The Board of Education authorizes a School Resource Officer Program in partnership with the municipality and local law enforcement. The Program is designed for municipal officials, law enforcement officers, and school authorities to work together to identify major problems faced by their schools and to create a more secure school environment through the presence of law enforcement officers within the school district. A School Resource Officer assigned to the school district shall remain an employee of the municipality and its Police Department.

The School Resource Officer may be a full-time Police Officer or a Class Three Special Law Enforcement Officer employed by the municipality in accordance with the provisions of N.J.S.A. 40A:14-146.11. A Class Three Special Law Enforcement Officer is authorized to exercise full powers and duties similar to those of a permanent regularly appointed full-time police officer while providing security at a public school during hours when school is normally in session or when occupied by students or school staff members. The use of a firearm by a Class Three Officer is authorized pursuant to the provisions of N.J.S.A. 40A:14-146.14. A Class Three Officer shall not carry a firearm except when engaged in the actual performance of the Officer's official duties as a School Resource Officer and when specifically authorized by the Chief of Police or in the absence of the Chief, a designee. The Board of Education and the municipality shall enter into a partnership agreement that sets forth the respective obligations of the municipality, local law enforcement, and the school district. The agreement shall include, but is not limited to, the following terms: the number of police officers assigned to the school district; the school(s) to be covered; the days of police coverage in the school district; the process for the Police Department to assign and the process for the Board of Education to approve a School Resource Officer(s); the duties of the assigned School Resource Officer(s); the reporting requirements for the School Resource Officer; and the financial obligations of the parties. The School Resource Officer Program Agreement shall be approved by the Board of Education.

A School Resource Officer who is a full-time Police Officer or a Class Three Special Law Enforcement Officer must comply with all statutes and codes regarding their law enforcement status and all other statutory and administrative code responsibilities.

This Policy will be reviewed and approved by the Board attorney for compliance with applicable statutes and administrative code provisions before initial adoption and subsequent re-adoptions by the Board.

7450 PROPERTY INVENTORY

The Board of Education recognizes that efficient management and the replacement of lost, damaged, or stolen property depends upon an accurate inventory and properly maintained records.

The district shall maintain a complete inventory by physical count of all district-owned equipment.

For the purpose of this Policy, "equipment" shall mean any instrument, machine, apparatus, or set of articles which meets all of the following criteria and the cost is above $2,000:

1. It retains its original shape, appearance, and character with use;

2. It does not lose its identity through fabrication or incorporation into a different more complex unit or substance;

3. It is nonexpendable; that is, if the item is damaged or some of its parts are lost or worn out, it is more feasible to repair the item than to replace it with an entirely new unit; and

4. Under normal conditions of use, including reasonable care and maintenance, it can be expected to serve its principal purpose for at least one year.

Unless otherwise bound by Federal, State, or local law, the school district will use the criteria above for their equipment classification decisions.

The School Business Administrator/Board Secretary or designee shall ensure that inventories are systematically and accurately recorded and that property records of equipment are adjusted annually. Major items of equipment shall be subject to annual spot check inventory. A major loss shall be reported to the Board.

Property records of supplies shall be maintained on a continuous inventory basis. An item should be classified as a "supply" if it does not meet all the stated equipment criteria outlined above and the cost is not more than the capitalization threshold of $2,000.

The School Business Administrator/Board Secretary or designee shall maintain a system of property records that show, as appropriate to the item recorded, description and identification, manufacturer, year of purchase, initial cost, location, condition and depreciation, and current evaluation in conformity with insurance requirements.

7481 UNMANNED AIRCRAFT SYSTEMS (UAS also known as DRONES)

The Board of Education is concerned for the safety of all staff members, students, parents, community members, and visitors while on school grounds. The Board of Education recognizes the operation of an unmanned aircraft system (UAS) on school grounds or flying an unmanned aircraft on or over school grounds presents a public safety issue as school grounds are populated many hours of the day by students, staff members, parents, and community members.

An unmanned aircraft system is the unmanned aircraft and all the associated support equipment, control station, data links, telemetry, communications and navigation equipment, etc. necessary to operate the unmanned aircraft. The unmanned aircraft is the flying portion of the system by a pilot via a ground control system, or autonomously through the use of an on-board computer, communication links and any additional equipment that is necessary for the unmanned aircraft to operate safely. A model aircraft is considered an unmanned aircraft.

The Board of Education prohibits the operation of an unmanned aircraft system on school grounds, the launching or landing of an unmanned aircraft on school grounds, or the flying of an unmanned aircraft over school grounds at all times.

However, the Board of Education may authorize the use of an unmanned aircraft system on school grounds for an approved school district purpose.

The use of an unmanned aircraft system on school grounds for school district purposes that is owned and operated by a contractor must be approved by the Board of Education. Such request must include documentation (to include: the pilot's certificate, medical certification, aircraft registration, etc.) supporting the contractor's compliance with all applicable Federal Aviation Administration regulations and any State and local laws for the operation of an unmanned aircraft system and proof of insurance coverage for the specific use as required by the Board of Education. The minimum insurance coverage shall be determined by the Board after consultation with the Board's insurance company and Board Attorney.

The use of an unmanned aircraft system on school grounds for school district purposes that is owned and operated by the Board of Education or owned and operated by a student and used in an approved school district program must be operated under the supervision of a school district staff member(s). The unmanned aircraft system shall only be operated on school grounds and the unmanned aircraft shall only be launched or landed on school grounds or flown over school grounds. The Superintendent or designee shall approve the specific activity(ies) or event(s) in which an unmanned aircraft system may be used. The Superintendent or designee shall ensure the use of a school district-owned or student-owned unmanned aircraft system is in compliance

with all applicable Federal Aviation Administration regulations and State and local laws for the operation of an unmanned aircraft system. In addition, the Superintendent or designee shall ensure the Board of Education has insurance coverage for the use or operation of an unmanned aircraft system. The insurance coverage shall be determined by the Board after consultation with the Board's insurance company and Board Attorney.

The Board of Education may post signage on school grounds indicating the operation of an unmanned aircraft system or flying an unmanned aircraft over school grounds without Board of Education approval is prohibited at all times.

The Board of Education will take appropriate action in accordance with Federal Aviation Administration regulations and/or any State and local laws against any violations of the provisions of this Policy.

7490 ANIMALS ON SCHOOL PROPERTY

The Board of Education will make every reasonable effort to maintain school grounds in a condition appropriate for the activities of school students.

Pet animals are not permitted on school district grounds, except by the express permission of the Building Principal. Without such permission, a pet owner who brings or permits his/her animal on school grounds has committed an act of trespass. If an animal is found running at large on school grounds, its owner will be deemed to have permitted the animal to enter school property.

The Board directs the Building Principal to give notice regarding the prohibition of pets by posting appropriate signs on school property. The Principal shall report to the appropriate municipal authorities any pet that runs at large on school property and any pet owner whose animal is present on school property is in violation of this policy.

7510 USE OF SCHOOL FACILITIES

The Board of Education believes the school facilities of this district should be made available for community purposes, provided that such use does not interfere with the educational and co-curricular programs of the school district. For the purpose of this policy, "school facilities" also includes school grounds.

The Board will permit the use of school facilities when such permission has been requested in writing and has been approved by the School Business Administrator/Board Secretary. The Board reserves the right to withdraw permission after it has been granted in the event circumstances change requiring such school facilities or school grounds will be needed for a school district purpose or due to a school closing due to weather or other emergency.

In weighing competing requests for the use of school facilities, the Board will give priority to the following uses, in the descending order given:

1. Uses and groups directly related to the schools and the operations of the schools, including student and teacher groups;

2. Uses and organizations indirectly related to the schools, including the P.T.A., P.T.O., Home-School Association, and other school-parent related organizations;

3. Departments and agencies of the municipal government;

4. Governmental agencies;

5. Community organizations formed for charitable, civic, social, or educational purposes;

6. Other community members as approved by the Board;

7. Responsible groups from outside of the community.

The use of school facilities will not be granted for the advantage of any commercial or profit-making organization, partisan political activity, or any private social function.

The use of school facilities will not be granted for any purpose that is prohibited by law.

Each user shall present evidence of the purchase of organizational liability insurance to the limit as prescribed by district regulations. Each user shall inspect any facility or school grounds to be used prior to such use and shall notify a district representative of any existing safety or dangerous conditions. In the event such conditions exist, the district may cancel or modify the user's access to the school facility until such conditions are addressed. Users shall be financially liable for damage to the facilities and for proper chaperonage as required by the school district administration.

Use of school equipment in conjunction with the use of school facilities must be specifically requested in writing and may be granted in accordance with Policy 7520. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use, regardless of any assignment of negligence. Where rules so specify, certain items of equipment may only be used by a qualified operator approved by the school district administration.

The Board shall approve annually a schedule of fees for the use of school facilities based upon the following guidelines:

1. The use of school facilities for activities directly related to the educational program and district operations shall be without cost to the user except that the user shall be responsible for any custodial costs incurred by the use and any fees charged by a law enforcement agency in connection with the use.

2. All other organizations or persons granted the use of school shall pay in advance the scheduled fee and the cost of any additional staff services required by the use.

The school district shall provide a copy of Policy and Regulation 2431.4 – Prevention and Treatment of Sports-Related Concussions and Head Injuries to all youth sports team organizations that operate on school grounds or in school facilities. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that uses school facilities or operates on school grounds if the youth sports team organization provides the school district proof of an insurance policy in the amount of not less than $50,000 per person, per occurrence; insuring the youth sports team organization against liability for any bodily injury suffered by a person. The youth sports team organization must also provide a statement of compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.

For the purpose of this Policy, a "youth sports team organization" means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

The Board shall provide to all persons who supervise youth programs that are not sponsored by the school district, but operate a program in a district building before or after school hours, on the weekend, or during a period when school is not in session, information on the district's school practices and procedures in the event of a school safety or security incident at a school including non-confidential information on evacuation procedures, emergency response protocols, and emergency contact information in accordance with the provisions of N.J.S.A. 18A:41-7.

The Superintendent shall develop regulations for the use of school facilities; such regulations shall be distributed to every user of the facilities and every applicant for the use of school facilities. Permission to use school facilities shall be granted only to persons and organizations that agree to the terms of Policy and Regulation 7510, the requirements as outlined in the use of school facilities application, and in accordance with the terms outlined in the approval granted by the school district.

7523 SCHOOL DISTRICT PROVIDED TECHNOLOGY DEVICES TO STUDENTS

The Board of Education may provide technology devices to students in the district for school district authorized use only. The purpose of this Policy is to establish general guidelines for the issuance and utilization of any school district technology device provided to students of this district. For the purposes of this Policy, "technology device" or "device" shall include, but not be limited to, portable devices such as computers, laptops, tablets, cellular telephones, or any other computing or electronic devices the school district provides to students to be used as part of their educational program.

A technology device made available to students will not be considered a textbook or supply, as defined in N.J.S.A. 18A:34-1, mandatory to a successful completion of the classroom curriculum. Therefore, because a technology device defined in this Policy is not mandatory to a successful completion of a student's classroom curriculum, a student will not be required to obtain a technology device provided by the school district as defined in this Policy. In the event the school district provides a technology device that is deemed mandatory to a successful completion of the classroom curriculum, the district will provide students with such a technology device consistent with its textbook or supply policies. Nothing in this Policy prohibits a student from using their personal technology device in accordance with school rules and regulations.

A technology device provided by the school district may include pre-loaded software. A student is prevented from downloading additional software onto the technology device or tampering with software installed on the technology device. Only school district authorized staff members may load or download software onto a school district provided technology device.

To receive a school district provided technology device, the parent and student must sign a School District Provided Technology Device Form requiring the parent and the student to comply with certain provisions. These provisions may include, but are not limited to:

1. A school district provided technology device must be used only by the student for school district authorized use;

2. A student shall comply with the school district's acceptable use of technology policies, which shall be attached to the School District Provided Technology Device Form, in their use of any school district provided technology device;

3. Any school district provided technology device loaned to a student must be returned to the school district in the condition it was initially provided to the student considering reasonable use and care by the student;

4. The parent or student shall be responsible to reimburse the school district the cost of any technology device that is lost, damaged beyond reasonable use or beyond its value, abandoned, missing, stolen, or cannot be returned to the district in accordance with the terms of the School District Provided Technology Device Form;

5. The district may require, or offer as an option, depending on the type of technology device provided to the student, an insurance policy to be purchased by the parent or student that would cover certain losses or damage to a technology device during the time period the student has possession of the device. The parent or the student shall pay any insurance policy required deductibles in the event of a loss;

6. In the event the school district does not require the purchase of an insurance policy for a technology device or the parent or student elects not to purchase optional insurance, the parent and/or student shall be responsible for any loss or damage to the technology device in accordance with the terms of the School District Provided Technology Device Form;

7. A student will be required to report any hardware or software problems in the operation of the device to the school district staff member, designated on the School District Provided Technology Device Form, within two school days of the commencement of the problem;

8. A student must report to the school district staff member designated on the School District Provided Technology Device Form within two school days in the event the technology device has been damaged or is missing;

9. A parent or student is required to immediately file a police report in the event it is believed the technology device has been stolen. Within one school day after filing a police report, a parent or student shall complete the School District Provided Technology Device Loss Form and submit the completed Loss Form and a copy of the police report to the Principal or designee;

10. A student shall be required to provide routine cleaning and care of the device in accordance with school district cleaning and care guidelines;

11. The student shall have the technology device in their possession in school as required; and

12. Any other provisions the Superintendent of Schools determines should be included on the School District Provided Technology Device Form.

The school district will provide the student and parent with written or electronic notification that the technology device provided by the school district may record or collect information on the student's activity or the student's use of the technology device if the device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device. This notification shall also include a statement that the school district shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student. The parent shall be required to acknowledge receipt of this notification and the parent acknowledgement shall be retained by the Principal or designee for as long as the student retains the use of the school district provided technology device. The parent acknowledgement and a signed School District Provided Technology Device Form shall be required before the issuance of a technology device to a student. In accordance with the provisions of P.L. 2013, Chapter 44, a school district failing to provide this notification shall be subject to a fine of $250 per student, per incident. The fine shall be remitted to the New Jersey Department of Education, and shall be deposited in a fund that shall be used to provide laptop or other portable computer equipment to at-risk students as defined in N.J.S.A. 18A:7F-45.

Students shall comply with all school district policies for the use of a school district provided technology device. A student shall be subject to consequences in the event the student violates any school district policy, including the district's acceptable use policies; student code of conduct; any provision of this Policy; or any provision of the School District Provided Technology Device Form.

For the purposes of this Policy, a "school district vehicle" means a vehicle purchased, leased, leased-purchased, or acquired without cost by gift, donation, or other method by the school district regardless of funding source.

School district vehicle assignment and use shall be in compliance with N.J.A.C. 6A:23A-6.12 and in accordance with OMB Circular 08-16-ADM or any superseding circulars. The Board shall annually approve the days when the schools will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction in accordance with N.J.S.A. 18A:7F-9. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A half-day class or shortened school day shall be considered the equivalent of a full day only if school is in session for four or more hours, exclusive of recess periods or lunch periods.

A school day shall consist of not less than four hours, except that one continuous session of two and one-half hours may be considered a full day for Kindergarten in accordance with N.J.A.C. 6A:32-8.3(b).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Board of Education recognizes its responsibility to maintain the public records of this district and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator/Board Secretary as the custodian of government records for the district.

Government Record or Record (N.J.S.A. 47:1A-1.1)

"Government records" or "records" pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this policy, a "government record" or "record" means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A "government record" or "record" does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A "government record" or "record" does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims' records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any buildings or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the district and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension he/she receives, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys, and other examination data pertaining to the administration of an examination for employment or academic examination; information concerning individual student records; grievance or disciplinary proceedings against a student to the extent disclosure would reveal the identity of the student; and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation In Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be $.05 per letter size page or smaller, and $.07 per legal size page or larger. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.

If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district may charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district may charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the district. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered or mailed to the custodian. The custodian will also accept a request for access to a government record that is transmitted electronically. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11.

Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public or government record.

8311 MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

> "Public records" mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a "government record" per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey's Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

8320 PERSONNEL RECORDS

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Superintendent shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of district service, provided the employment history record card is maintained a minimum of eighty years.

A Board of Education and private agencies that provide educational services by means of public funds shall make employee records and information available for public access pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act, but in accordance with N.J.S.A. 18A:6-120.(d) and 121.(d), and as provided in Policy and Regulation 8320 - Section G.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Superintendent. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Superintendent the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Superintendent shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

8330 STUDENT RECORDS

The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student's educational welfare and advancement. The Board will strive to balance the student's right to privacy against the district's need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board shall compile and maintain student records and regulate access in accordance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, and 34 CFR Part 99, disclosure, or communication of information contained in student records in a manner that assures the security of the records in accordance with the provisions of N.J.A.C. 6A:32-7 et seq. Student records shall contain only information that is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and Board policies shall be made available upon request. The district shall make every effort to notify parents and adult students in their dominant language.

Nonadult students may assert rights of access only through their parent(s). However, nothing in N.J.A.C. 6A:32-7 shall be construed to prohibit certified school personnel from disclosing at their discretion student records to nonadult students or to appropriate persons in connection with an emergency, if the information contained in the record is necessary to protect the health or safety of the student or other persons.

No liability shall be attached to any member, officer, or employee of the Board permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7 et seq.

Student Information Directory

A student information directory is a publication of the Board that includes information relating to a student as defined in N.J.A.C. 6A:32-2.1. This information includes: name; grade level; date and place of birth; dates of school attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information. The student information directory shall be used only by authorized district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption.

In the event the district publishes a student information directory, the Superintendent or designee will provide a parent or adult student a ten-day period to submit to the Superintendent a written statement prohibiting the inclusion of any or all types of information about the student in any student information directory before allowing access to the directory and school facilities to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1, P.L. 114-95 §8528, and 20 U.S.C. §8528 - Armed Forces Recruiter Access to Students and Student Recruiting Information of the Every Student Succeeds Act of 2015. In accordance with N.J.S.A. 18A:36-19.1, military recruiters will be provided the same access to a student information directory that is provided to educational and occupational recruiters.

School Contact Directory for Official Use

A school contact directory for official use is a compilation by the district that includes the following information for each student: name; address; telephone number; date of birth; and school enrollment. The district shall compile and maintain a school contact directory for official use in accordance with N.J.A.C. 6A:32-7.2, that is separate and distinct from the student information directory. The student contact directory may be provided for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. To exclude any information from the school contact directory for official use the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

Mandated and Permitted Student Records

Mandated student records are those records districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student's educational welfare. The Board shall authorize the permitted records to be collected by adopting this Policy and Regulation 8330, which will list such permitted records.

Maintenance and Security of Student Records

The Superintendent or designee shall be responsible for the security of student records maintained in the district in accordance with the provisions of N.J.A.C. 6A:32-7.4. This Policy and Regulation 8330 assure that access to student records is limited to authorized persons.

Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures shall be administered.

Student health records, whether stored on paper or electronically, shall be maintained in accordance with N.J.A.C. 6A:32-7.1(l). Records shall be accessible during the hours in which the school program is in operation.

Any district website shall not disclose any personally identifiable information about a student in accordance with N.J.S.A. 18A:36-35 and N.J.A.C. 6A:32-2.1.

Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth at N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5(c).

Access to and disclosure of a student's health record shall meet the requirements of FERPA.

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7 et seq. or in this Policy and Regulation 8330 shall be construed to prohibit school personnel from disclosing information contained in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, the district shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and FERPA.

Conditions for Access to Student Records

All authorized organizations, agencies, and persons defined in N.J.A.C. 6A:32-7 et seq. shall have access to a student record, subject to conditions outlined in N.J.A.C. 6A:32-7.6.

Rights of Appeal for Parents and Adult Students

Student records are subject to challenge by parents and adult students on the grounds of inaccuracy, irrelevancy, impermissible disclosure, inclusion of improper information, or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the student record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student shall follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities shall be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(c).

Regardless of the outcome of any appeal, a parent or adult student shall be permitted to place in the student record a statement commenting upon the information in the student record or setting forth any reasons for contesting a portion of the student record, including the decision made in the appeal. The parent's or adult student's statement shall be maintained as part of the student record, as long as the contested portion of the student record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

Retention and Disposal of Student Records

A student record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the district. The Board shall retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Student records of currently enrolled students, other than the records described in N.J.A.C. 6A:32-7.8(f), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(c).

Upon graduation or permanent departure of a student from the district, the parent or adult student shall be notified in writing that a copy of the entire student record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(f), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions shall be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(f), the district of last enrollment, graduation, or permanent departure of the student from the district shall keep for 100 years, a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

8335 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult students certain rights with respect to the student's education records. FERPA requires the district to provide parents and adult students the right to inspect and review the student's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the student's education records the parent or adult student believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of student records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult student's consent to officials of another school district in which a student seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult student of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education

Washington, DC 20202-5901

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education Policy 8330 ensures parents and adult students are afforded certain rights with respect to the student's education records as required by FERPA.

8350 RECORDS RETENTION

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records shall be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and shall not be disposed until approval for such disposal is obtained from Records Management Services.

8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district shall develop and implement comprehensive plans, procedures, and mechanisms that provide for safety and security in the district's public elementary and secondary schools. Plans and procedures, which shall be in written form, and mechanisms shall provide for, at a minimum: the protection of the health, safety, security, and welfare of the school population; the prevention of, intervention in, response to, and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and support services for staff, students, and their families, in accordance with N.J.A.C. 6A:16-5.1(a).

Pursuant to N.J.S.A. 18A:41-6, "school security drill" means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a bomb threat, non-fire evacuation, lockdown, or active shooter situation and that is similar in duration to a fire drill.

The Superintendent of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and other community resources, as appropriate, in the development of the district's plans, procedures, and mechanisms for school safety and security in accordance with N.J.A.C. 6A:16-5.1(b). The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education. The plans, procedures, and mechanisms shall be reviewed annually-and updated as appropriate.

Pursuant to N.J.S.A. 18A:41-15, in developing its districtwide school safety and security plan, the district shall: demonstrate that it has considered the individual needs of each student with a disability, as enumerated in the students' individualized education programs (IEP), individualized health care plans, 504 plans, or, in the case of students with disabilities enrolled in nonpublic schools, service plans pursuant to N.J.S.A. 18A:46-2.15; and incorporate protocols into the districtwide school safety and security plan for communicating the individual needs of each student with a disability, when appropriate and in compliance with the "Family Educational Rights and Privacy Act of 1974," (20 USC §1232g), to third parties including, but not limited to, first responders and emergency management agencies.

A copy of the school safety and security plan shall be disseminated to all employees pursuant to N.J.A.C. 6A:16-5.1(c). New employees shall receive a copy of the school safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be notified in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The district shall develop and provide an in-service training program for all employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crises, consistent with the district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive the in-service training within sixty days of the effective date of their employment. The in-service training program for all employees shall be reviewed annually and updated as appropriate.

The Board shall ensure individuals employed in the district in a substitute capacity are provided with information and training on the district's practices and procedures on school safety and security including instruction on school security drills, evacuation procedures, and emergency response protocols in the district and the school building where the individuals are employed in accordance with the provisions of N.J.S.A. 18A:41-7.b. In the event an individual is employed in a substitute capacity in the district at the time the school safety and security training is being provided to full-time employees pursuant to N.J.S.A. 18A:41-7.a., the district shall include the individual in the training.

Any information or training provided pursuant to N.J.S.A. 18A:41-7 shall address the unique needs of students with disabilities in the event of a fire drill, school security drill, or actual emergency situation. All full-time employees and individuals employed in the district in a substitute capacity shall be made aware of any anticipated mobility, sensory, medical, social, communication, emotional, regulatory, and decision-making support needs of students in the care of the employee and any supports, modifications, accommodations, and services to be provided to students, as enumerated in their IEPs, individualized health care plans, 504 plans, or service plans pursuant to N.J.S.A. 18A:46-2.15.

The district shall ensure a student's unique mobility, sensory, medical, social, communication, emotional, regulatory, and decision-making needs in the event of a fire drill, school security drill, or an actual emergency situation that may occur on school grounds is maintained in the student record. The documentation maintained in the student record shall indicate whether or not the student is able to safely and fully participate in fire drills or school security drills without the use of supplementary supports, modifications, accommodations, or services, or if any accommodations are needed, including determining areas of refuge during an emergency, in accordance with N.J.S.A. 18A:46-2.15.a.

If it is determined a student requires supplementary supports, modifications, accommodations, or services in order to safely and fully participate in a fire drill or school security drill, a written plan shall be maintained in the student record, pursuant to N.J.S.A. 18A:46-2.15.b. The written plan shall: describe the anticipated mobility, sensory, medical, social, communication, emotional, regulatory, and decision-making support needs of the student during a fire drill or

school security drill and during an actual emergency situation; describe the supports, modifications, accommodations, and services to be provided to the student during a fire drill or school security drill and during an actual emergency situation; and describe the role of school employees in supporting the student during a fire drill or school security drill and during an actual emergency situation, including the need for any specific training of school employees. The district shall on a regular basis, but not less than once annually, perform a review of any determinations made pursuant to N.J.S.A. 18A:46-2.15 to evaluate the school security needs of a student.

Every Principal of a school of two or more rooms, or of a school of one room when located above the first story of a building, shall have at least one fire drill and one school security drill each month within the school hours, including any summer months during which the school is open for instructional programs. Employees of the district, whether occupying buildings of one or more stories, shall keep all exterior doors and exits locked at all times except when necessary to comply with the requirements set forth in the Uniform Fire Code, including applicable requirements during an emergency lockdown or an emergency lockdown drill. All students and staff shall fully participate in each drill conducted to the greatest extent practicable and, when appropriate, utilize procedures for assisting in the rescue of persons unable to use the general means of egress to ensure that participation does not pose a safety risk. Where school buildings have been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill. An actual school security emergency that occurs at a school during the month that includes activities which are the equivalent of a drill shall be considered a school security drill for the purposes of meeting the requirements of N.J.S.A. 18A:41-1.

Every school in the district shall conduct a school security drill within the first fifteen days of the beginning of the school year. In accordance with N.J.S.A. 18A:41-7a., notwithstanding any other provision of law to the contrary, the district shall ensure that a school security drill that occurs when students are present:

1. Includes clear, developmentally and age-appropriate messaging to students and staff at the conclusion of the drill that the event is a drill and that no current danger exists;

2. Does not expose students to content or imaging that is not developmentally or age-appropriate;

3. Is paired with trauma-informed approaches to address any student inquiries or concerns which may arise as a result of a school security drill;

4. Does not include the use of fake blood, real or prop firearms, or the simulations of gun shots, explosions, or other sounds or visuals that may induce panic or a traumatic response from a student or school district employee;

5. Does not require a student to role play as a victim, but may include first aid training in which students participate; and

6. Is accessible to students with disabilities and mental health conditions, and provides all necessary accommodations for these students.

The Principal or designee shall provide written notification to the parent of a student enrolled in the school following completion of a school security drill, which notice shall be provided to the parent by no later than the end of the school day on which the school security drill is conducted.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. A law enforcement officer shall be present at a minimum of one school security drill in each school year in order to make recommendations on any improvements or changes to school security drill procedures that the officer may deem advisable in accordance with N.J.S.A. 18A:41-1. The district may permit emergency personnel access to the buildings and grounds of its schools for school security drills that are scheduled outside of school hours and during such times as students are not present, pursuant to N.J.S.A. 18A:41-7a.c.

The district shall review and update its school security drill procedures using a process that coincides with the review of the school safety and security plan developed pursuant to N.J.A.C. 6A:16-5.1 and collects input from emergency personnel; parents of students enrolled in the district; teachers and staff employed in the district; mental health professionals; and student government representatives from multiple grade levels, pursuant to N.J.S.A. 18A:41-7a.d.

The district shall annually track data on such measures and information as required by the Commissioner of Education, and shall report the data to the Commissioner, pursuant to N.J.S.A. 18A:41-7a.e.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds in accordance with N.J.A.C. 6A:16-5.1.

The district will be required to annually submit a security drill statement of assurance attesting to the completion of monthly school security drills to the New Jersey Department of Education/County Office of Education by June 30 of each school year, in accordance with N.J.A.C. 6A:30 App.A. Each school in the district will be required to complete and retain a security drill record form as required by the New Jersey Department of Education.

8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the students and staff members assigned to district schools and will take reasonable steps to protect students and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event students and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

8441 CARE OF INJURED AND ILL PERSONS

The Board of Education will provide the prompt and appropriate medical attention for students, staff members, or visitors who are injured or become ill on school grounds or during a school sponsored event, activity, or field trip.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the Building Principal or designee. Immediate steps may be taken as necessary to remove the injured or ill person from danger and/or to prevent exacerbation of the injury or illness. Basic first aid may be administered by district personnel to ensure the safety and comfort of the injured or ill person until the school nurse or other medical professional arrives on the scene.

The parent of an injured or ill student and, if necessary, the family of an injured or ill staff member or visitor will be notified promptly of the injury or illness and the ongoing health status of the injured or ill person. If the school nurse or school physician or, in the absence of both, the Principal or designee determines the injured or ill person should receive a medical examination from their medical professional, the parent or family member will be required to remove the injured or ill person from the school or school event or activity. In the event a serious health emergency occurs on school grounds or during a school sponsored event, activity, or field trip, emergency medical assistance will be contacted.

In the event it is determined by the school nurse and/or a medical professional that a student shall be immediately transported to a hospital or other emergency medical facility, a school staff member, if a parent or their designee is not on the scene, shall accompany the student to a hospital or other emergency medical facility.

The school nurse(s), in consultation with the school physician, will develop basic emergency first aid procedures for the emergency treatment of an injury or illness in the event a school staff member may be in the position to provide emergency first aid until the school nurse or other medical professional arrives on the scene.

Injuries and disabilities that occur in the course of the athletic program are subject to the provisions of Policy 2431 and implementing regulations. Student disabilities attributable to substance abuse will be handled in accordance with Policy 5530. Injuries that occur in the course of school bus transportation will be handled in accordance with regulations implementing Policy 8630.

8442 REPORTING ACCIDENTS

The Board of Education directs that all reasonable efforts be made to ensure a safe learning and working environment for the students and employees of this district. To that end and to the end that legitimate employee claims for worker's compensation be expedited, the Board requires that accidents be reported and evaluated. Any accident that results in an injury, however slight, to a student, an employee of the Board, or a visitor to the schools must be reported promptly and in writing through the completion of an incident report. Injured persons shall be referred immediately to the school nurse for such medical attention as may be appropriate.

The injured employee or visitor or the staff member responsible for an injured student shall complete a form, available in the office of the Building Principal, that includes the date, time and place of the incident; the names of persons involved; the nature of the injury, to the extent that it is known; and a description of all relevant circumstances.

A copy shall be retained by the Building Principal and a copy shall be sent to the business office.

Any employee of the Board who suffers a job-related injury must report the injury and its circumstances to the Building Principal or job supervisor, as appropriate, no later than twenty-four hours following the occurrence of the injury. The failure of an employee to comply with this mandate may result in disciplinary action.

8451 CONTROL OF COMMUNICABLE DISEASE

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the schools.

The Board shall be bound by the statutes and by rules of the State Board of Education for the exclusion and readmission of students who have contracted a communicable disease and of teachers and students who have been exposed to a communicable disease and for the instruction of teachers in health and the prevention of disease. The Board shall comply with regulations of the New Jersey Department of Health and the local and county Boards of Health governing the prevention, control, and reporting of communicable disease.

The teacher may exclude from the classroom and the Principal may exclude from the school building any student who appears to be ill or has been exposed to a communicable disease. A student may be isolated in school to await the arrival of or instructions from an adult member of his/her family. If the school medical inspector or the school nurse is present in the building, his/her recommendation shall be sought before any such exclusion or isolation is ordered.

Any student retained at home or excluded from school by reason of having or being suspected of having a communicable disease shall not be readmitted to his/her classroom until he/she presents written evidence of being free of communicable disease. That evidence may be supplied by the school medical inspector or another qualified physician who has examined the student.

Any student or adult who has weeping skin lesions that cannot be covered shall be excluded from school.

The Superintendent shall develop procedures for the control of communicable disease that include the instruction of teaching staff members in the detection of disease and measures for its prevention and control; the removal from school premises to the care of a responsible adult for students identified and excluded in accordance with this policy; the preparation of standards for the readmission of students who have recovered from communicable disease; the provision of appropriate home instruction to excluded students in accordance with law; and the filing of reports as required by law.

8453 HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). "AIDS" means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. "HIV infection" means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, student or employee, will be excluded from school solely because he/she is infected with HIV or lives with or is related to a person infected with HIV. Students infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a student not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his/her employment only if the employee has another illness that would affect his/her employment.

Any student excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy 2412.

No student, staff member, or visitor may attend or visit school if he/she has an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected student or employee is present. School employee physicals, student physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual's infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to student physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a student or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

Information that identifies a student as having an HIV infection or AIDS shall be shared only with prior written informed consent of the student age twelve or greater, or of the student's parent(s)/legal guardian(s) as required by N.J.S.A. 26:5C-1 et seq. and only for the purpose of determining an appropriate educational program for the student. The person who receives such information shall not reveal it to any other person without the express written consent of the minor student's parent(s) or legal guardian(s), or the adult student.

The Board shall annually provide students, parent(s) or legal guardian(s), staff members, school volunteers, and members of the community with information intended to increase awareness of HIV and AIDS, including information regarding the nature of the disease and its prevention. The Board will cooperate with other agencies to provide HIV/AIDS awareness information to the community.

8454 MANAGEMENT OF PEDICULOSIS

The Board of Education recognizes the need to maintain a healthy learning environment for all children in the school district. One way to maintain this healthy learning environment is to manage pediculosis, a condition of a person having head lice. Head lice are very small insects that have claws that cling to hair and spend their entire life cycle on the heads of people. Head lice do not spread any diseases and having head lice is not prevented by personal or household cleanliness, use of shampoos, or length of hair. All social and economic groups can be affected by head lice. Because it is very difficult to totally prevent head lice infestations in schools where children come into close head-to-head contact with each other frequently, the Board of Education authorizes appropriate steps to manage pediculosis.

A student who is found to have active head lice will not be permitted to attend school until there are no active lice in the student's hair, proof of treatment has been provided to the nurse, and until all live and/or dead head lice are removed from the student's hair as confirmed by an examination by the school nurse.

The presence of nits (the eggs of lice) without active head lice will not prohibit a child from attending school provided proof of treatment has been provided to the nurse and there is no evidence of active head lice in the student's hair.

The Board recognizes parents have the primary responsibility for the detection and treatment of head lice and school staff members will work in a cooperative and collaborative manner to assist all families in managing pediculosis. The school nurse will compile a Management of Pediculosis Information Packet. The Board of Education's Management of Pediculosis Information Packet and this Policy will be provided to parents of children identified with active head lice or nits and be made available to all parents upon request. The Information Packet will include information about identifying, treating, and managing pediculosis.

If the school nurse determines a student has active head lice or nits, the parent shall be notified by the school nurse as soon as reasonably possible. The parent will be provided a copy of the district's Management of Pediculosis Information Packet and this Policy. The school nurse will advise the parent that prompt treatment of active head lice and/or nits is in the best interest of their child and treatment shall be required before the student can return to school. The school nurse will determine to send the child home or have the child remain at school for the remainder of the school day based on the comfort of the child, the degree of the infestation, and the likelihood of the spread of head lice to other students. If the school nurse cannot contact the parent a letter from the school nurse informing the parent of the presence of active head lice or nits will be sent home with the student. In the event the parent cannot be reached on the day it is determined their child has active head lice or nits, the parent will be required to contact the school nurse the next school day to review the Board Policy, the Management of Pediculosis Information Packet, and treatment options.

The following action will be taken to prevent the spread of head lice in district schools:

1. Grades Nine through Twelve – When a single case of active head lice has been identified by the school nurse, parents of children in a class or on a team may be sent a Head Lice Alert Notice, the school district's Management of Pediculosis Information Packet, and this Policy at the discretion of the Principal or designee and the school nurse. Parents may request information regarding head lice from the school nurse. The school nurse will perform a head check of any student if requested by the parent.

Each school in the district will make available to parents the district's Management of Pediculosis Policy.

All school staff members will maintain a sympathetic attitude and will not stigmatize and/or blame families who experience difficulty with control measures. All school staff members will act responsibly and respectfully when dealing with members of the school and broader community regarding issues of head lice.

Each school in the district will educate and encourage children and parents to learn about head lice in an attempt to remove any stigma or to prevent any harassment, intimidation, and bullying associated with this issue. Any instances of harassment, intimidation, and bullying shall be reported and investigated in accordance with the provisions of the district's Harassment, Intimidation, and Bullying Policy.

A student excluded from school for reasons outlined in this Policy shall be re-admitted only upon the examination and approval of the Principal or designee and the school nurse. The examination for re-admittance to school by the school nurse may be, but is not required to be, in the presence of the student's parent.

Cases of active head lice will be recorded by the school nurse in each school for the purpose of tracking incident rates and mandatory reporting of outbreaks will be done according to the New Jersey Department of Health criteria for reporting outbreaks.

8461 REPORTING VIOLENCE, VANDALISM, HARASSMENT, INTIMIDATION, BULLYING, ALCOHOL, AND OTHER DRUG OFFENSES

The Board of Education shall observe "School Violence Awareness Week" during the week beginning with the third Monday in October of each year by organizing activities to prevent school violence. Activities shall include, but are not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity, and tolerance. The Board shall invite law enforcement personnel to join members of the teaching staff in the discussions and provide programs for school employees that are designed to help them recognize warning signs of school violence and to instruct them on recommended conduct during an incident of school violence. The Board of Education shall disseminate to students' parents an informational pamphlet prepared by the New Jersey Department of Education (NJDOE) on how a parent can limit a child's exposure to violence on television, cell phones, computers, and other electronic devices, on an annual basis pursuant to N.J.S.A. 18A:40-44.

In accordance with N.J.A.C. 6A:16-5.3 any school employee who observes or has direct knowledge from a participant or victim of an act of violence; including harassment, intimidation, and bullying; or the possession or distribution of alcohol or other drugs on school grounds, and any school employee who reports a student for being under the influence of alcohol or other drugs, according to the requirements of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3, shall file a report describing the incident to the school Principal, in accordance with N.J.S.A. 18A:17-46. The report shall be on a form adopted by the Board to include all of the incident detail and offender and victim information that are reported on the Student Safety Data System (SSDS).

A report alleging an incident of harassment, intimidation, or bullying shall be made in accordance with the provisions of N.J.S.A. 18A:37-13.1 and Policy 5512.

The Building Principal, for each incident of violence; including harassment, intimidation, and bullying, vandalism, and alcohol and other drug offenses, shall review the incident report for accuracy; forward a copy of the incident report to the Superintendent; and notify the Superintendent of the action taken regarding the incident. The Board shall not discharge or subject to any manner of discrimination any school employee who files a report pursuant to N.J.A.C. 6A:16-5.3.

The majority representative of the school employees' bargaining units shall have access monthly to the number and disposition of all reported acts of school violence, including harassment, intimidation, and bullying, and vandalism, pursuant to N.J.S.A. 18A:17-46. Personally identifying information may be provided to the majority representative of the school employees' bargaining units only in instances when school administrators have reason to believe that the safety of a school staff member is at risk.

Twice each school year, once between September 1 and January 1 and once between January 1 and June 30, the Superintendent shall report to the Board at a public meeting all acts of violence, including harassment, intimidation, and bullying, vandalism, and alcohol and other drug offenses that occurred during the previous reporting period, according to the provisions of N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3. The report shall include the number of reports of harassment, intimidation, or bullying, the status of all investigations, the nature of the bullying based on one of the protected categories identified in section 2 of P.L.2002, c.83 (C.18A:37-14), the names of the investigators, the type and nature of any discipline imposed on any student engaged in harassment, intimidation, or bullying, and any other measures imposed, training conducted, or programs implemented, to reduce harassment, intimidation, or bullying. The information shall also be reported once during each reporting period to the NJDOE. The report must include data broken down by the enumerated categories as listed in section 2 of P.L.2002, c.83 (C.18A:37-14), and data broken down by each school in the district, in addition to district-wide data. It shall be a violation to improperly release any confidential information not authorized by Federal or State law for public release.

The report shall be used to grade each school for the purpose of assessing its effort to implement policies and programs consistent with the provisions of P.L. 2002, c.83 (C.18A:37-13 et seq.). The district shall receive a grade determined by averaging the grades of all the schools in the district. The Commissioner shall promulgate guidelines for a program to grade schools for the purposes of N.J.S.A. 18A:17-46. The grade received by a school and the district shall be posted on the homepage of the school's website. The grade for the district and each school of the district shall be posted on the homepage of the district's website. A link to the report shall be available on the district's website. The information shall be posted on the websites within ten days of the receipt of a grade by the school and district.

Whenever it is alleged a school employee has knowingly falsified reported information on acts of violence or vandalism, or any incident included in the annual report on violence and vandalism required under N.J.S.A. 18A:17-46, the Board shall make a determination regarding whether the employee committed the act. The Board shall provide written notice of the allegations to the employee and the employee shall be entitled to a hearing before the Board in accordance with the provisions of N.J.A.C. 6A:16-5.3(f). Upon a determination by the Board that an employee has knowingly falsified reported information, the Board may take appropriate action.

The Board of Education shall submit and implement corrective action plans for high incidences of violence, vandalism, or alcohol or other drug abuse upon notification by the Commissioner of Education.

The person notifying designated child welfare authorities shall inform the Principal or other designated school official(s) of the notification, if such had not occurred prior to the notification. Notice to the Principal or other designated school official(s) need not be given when the person believes that such notice would likely endanger the reporter or student involved or when the person believes that such disclosure would likely result in retaliation against the student or in discrimination against the reporter with respect to his or her employment.

The Principal or other designated school official(s) upon being notified by a person having reason to believe that a child may be missing or may have been abused or neglected, must notify appropriate law enforcement authorities. Notification to appropriate law enforcement authorities shall be made for all reports by employees, volunteers, or interns working in the school district. Confirmation by another person is not required for a school district employee, volunteer, or intern to report the suspected missing, abused, or neglected child situation.

8465 BIAS CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Bias crimes and bias-related acts involving students can lead to further violence and retaliation. Bias crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. School district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of bias crimes and bias-related acts.

Definitions

A "bias crime" means any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race; color; religion; gender; disability; sexual orientation; gender identity or expression; national origin; or ethnicity.

A "bias-related act" means an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial; gender; disability; religion; sexual orientation; gender identity or expression; national origin; or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense.

All bias crimes are also bias-related acts, but not all bias-related acts will constitute a bias crime.

Required Actions

School employees shall immediately notify the Principal and the Superintendent or designee when in the course of their employment they develop reason to believe a bias crime or bias-related act has been committed or is about to be committed in accordance with N.J.A.C. 6A:16-6.3(e).

The Superintendent or designee shall promptly notify the local police department and the bias investigation officer for the county prosecutor's office when a bias crime or bias-related act has been committed or is about to be committed in accordance with N.J.A.C. 6A:16-6.3(e)1.

It is understood a referral to the local police department or county prosecutor's office pursuant to the Memorandum of Agreement between Education and Law Enforcement Officials is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the local police department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected bias crime or bias-related act occurring on school grounds and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected bias crime or bias-related act pending the arrival of the local police department or the county prosecutor's office. The school officials, where feasible, will cover or conceal such evidence until the arrival of the local police department or county prosecutor's office.

"Unsubsidized school lunch" or "unsubsidized lunch" means a school lunch that is offered, upon the payment of a fee, to a student who is not categorically eligible or income-eligible for subsidized lunch, and the cost of which is not reimbursable by the State or Federal government.

B. Breakfast Program – N.J.S.A. 18A:33-10; 18A:33-10.1; 18A:33-11; 18A:33-11.1; 18A:33-11.3; 18A:33-14a.

If twenty percent or more of the students enrolled in a school in the district on October 1 of the preceding school year were Federally eligible for free or reduced price meals under the National School Lunch Program or the Federal School Breakfast Program, the district shall establish a school breakfast program in the school in accordance with the provisions of N.J.S.A. 18A:33-10.

Notwithstanding the provisions of N.J.S.A. 18A:33-10 to the contrary, if ten percent or more of the students enrolled in a school in the district on October 1 of the preceding school year were Federally eligible for free or reduced price meals under the National School Lunch Program or the Federal School Breakfast Program the district shall establish a breakfast program in accordance with the provisions of N.J.S.A. 18A:33-10.1.

If seventy percent or more of the students enrolled in a school in the district on or before the last school day before October 16 of the preceding school year were Federally eligible for free or reduced price meals under the National School Lunch Program or the Federal School Breakfast Program, the district shall establish a breakfast after the bell program pursuant to N.J.S.A. 18A:33-11.3.

In accordance with N.J.S.A. 18A:33-11, in implementing a school lunch program, pursuant to N.J.S.A. 18A:33-4 et seq., a school breakfast program, pursuant N.J.S.A. 18A:33-9 et seq., or N.J.S.A. 18A:33-10.1, or a breakfast after the bell program, pursuant to N.J.S.A. 18A:33-11.1 or N.J.S.A. 18A:33-11.3, each school and the district shall:

1. Publicize, to parents and students, the availability of the respective school meals program, as well as the various ways in which a student may qualify to receive subsidized school meals under the program, as provided by N.J.S.A. 18A:33-4 and N.J.S.A. 18A:33-14a.;

2. Make every effort to ensure that students receiving subsidized school meals are not identified, by the student body, faculty, or staff, in a manner that is distinct from the manner in which students receiving unsubsidized school meals are identified as program participants. Such efforts shall include, but need not be limited to, the establishment of a neutral meal plan or voucher system that does not make a distinction between these two groups of students; and

3. To the greatest extent practicable:

    a. Facilitate and expedite the prompt and accurate identification of categorically eligible students who may be certified to receive subsidized school meals without first submitting an application therefor, and, whenever an application is required to establish income eligibility for subsidized meals, encourage students and their families to submit a subsidized school meals application for that purpose;

    b. Facilitate and expedite the subsidized school meals application and income eligibility determination processes that are used, by the school or school district, to certify a student for subsidized school meals on the basis of income, and assist parents in completing the subsidized school meals application; and

c. Encourage students who are neither categorically eligible nor income-eligible for subsidized school lunch or subsidized school breakfast to nonetheless participate in the school lunch program or school breakfast program, or both, as appropriate, on a paid and unsubsidized basis.

If the district participates in the Federal School Breakfast Program, the district is encouraged to increase the number of students participating in the program by establishing a breakfast after the bell program that incorporates school breakfast into the first-period classroom or the first few minutes of the school day pursuant to N.J.S.A. 18A:33-11.1.

Pursuant to N.J.S.A. 18A:33-14a., school breakfasts made available to students under a school breakfast program or a breakfast after the bell program shall meet minimum nutritional standards, established by the USDOA.

The State of New Jersey shall provide funding to each school in the district if the school operates a School Breakfast Program or a breakfast after the bell program, as may be necessary to reimburse the costs associated with the school's provision of free breakfasts, pursuant to N.J.S.A. 18A:33-14a.b., to students who are Federally ineligible for free or reduced price meals.

C. Summer Food Service Program – N.J.S.A. 18A:33-23; 18A:33-24; 18A:33-25; 18A:33-26

In accordance with N.J.S.A. 18A:33-24, if fifty percent or more of the students enrolled in the school district on or before the last school day before October 16 of the preceding school year were Federally eligible for free or reduced price meals under the National School Lunch Program or the Federal School Breakfast Program, the district shall become a sponsor or site under the Federal Summer Food Service Program or apply for a waiver pursuant to N.J.S.A. 18A:33-26.

In accordance with N.J.S.A. 18A:33-23, the district shall notify each student enrolled in the school district and the student's parent of the availability of, and criteria of eligibility for, the summer meals program and the locations in the district where the summer meals are available. The district shall provide this notification by distributing flyers provided by the New Jersey Department of Agriculture (NJDOA) pursuant to N.J.S.A. 18A:33-23.c. The district may also provide electronic notice of the information through the usual means by which the district communicates with parents and students electronically.

Pursuant to N.J.S.A. 18A:33-26.a., the NJDOA may grant a waiver of the requirements of N.J.S.A. 18A:33-24 et seq. To be granted a waiver, the district must show that it lacks the staff, facilities, or equipment to sponsor the Federal Summer Food Service Program, or the means to finance the hiring or acquisition of such staff, facilities, or equipment. The NJDOA also may grant a waiver for one year to the district if a different sponsor currently runs the Federal Summer Food Service Program within the district's community.

Pursuant to N.J.S.A. 18A:33-26.b., when requesting a waiver pursuant to N.J.S.A. 18A:33-26.a., the district shall report to the NJDOA, in the manner prescribed by the NJDOA, its reasons for requesting a waiver of the requirements of N.J.S.A. 18A:33-24. The report shall include, but need not be limited to, a description of the specific impediments to implementing the program and actions that could be taken to remove those impediments or, where applicable, the identification of the sponsor that currently runs the program within the same community.

D. Information Provided to Parents Regarding the National School Lunch Program and the Federal School Breakfast Program – N.J.S.A. 18A:33-21b1

1. At the beginning of each school year, or upon initial enrollment in the case of a student who enrolls during the school year, the participating school district shall provide each student's parent with:

   a. A hard copy of information on the National School Lunch Program and the Federal School Breakfast Program, including, but not limited to:

      (1) Information on the ability of all categorically eligible and income-eligible students to receive free school lunch under the National School Lunch Program, as provided by N.J.S.A. 18A:33-4.a., and free school breakfast under the Federal School Breakfast Program, as provided by N.J.S.A. 18A:33-14a.a.;

      (2) Information on the subsidized school meals application and certification processes that are used to determine whether a student is categorically eligible or income-eligible for subsidized school meals;

(3) Information highlighting the need for parents to complete a subsidized school meals application for each student, and encouraging parents to complete the application, both to ensure that the student will have access to all subsidized school meals for which the student is eligible and to ensure that the school and the district have the necessary information to facilitate relevant eligibility determinations, receive appropriate reimbursement, and engage in all other activities authorized under N.J.S.A. 18A:33-21b1.c.; and

(4) Information on the rights that are available to students and their families under N.J.S.A. 18A:33-21b1 and N.J.S.A. 18A:33-21; and

b. A hard copy of a subsidized school meals application, as well as instructions for completing the application, and, as necessary, assistance in completing the application.

2. The school meals information and application provided to parents, pursuant to N.J.S.A. 18A:33-21b1.a. shall:

a. Be communicated in a language that the parent understands;

b. Specify the limited purposes for which collected personal data may be used, as provided by N.J.S.A. 18A:33-21b1.c.; and

c. Include a notice that an application to apply for the school lunch and school breakfast programs may be submitted at any time during the school year and is required to be submitted annually.

The district may also provide the information and application electronically, through the usual means by which the district electronically communicates with parents.

3. A subsidized school meals application that is completed by a parent shall be confidential, and shall not be used or shared by the student's school or school district, except as may be necessary to:

a. Determine whether a student identified in the application is income-eligible for free or reduced price school meals and, if so, whether the student satisfies Federal or State-level income eligibility requirements for subsidized school lunches, subsidized school breakfasts, or both;

b. Determine whether the school or school district is required, by N.J.S.A. 18A:33-11.3 or by N.J.S.A. 18A:33-24, to establish a breakfast after the bell program or to participate as a sponsor or site in the Federal Summer Meals Service Program;

c. Ensure that the school receives appropriate reimbursement, from the State and Federal governments, for subsidized school meals served to eligible students, free of charge, through a school lunch program, a school breakfast program, a breakfast after the bell program, a summer meals program, or an emergency meals distribution program; and

d. Facilitate school aid determinations under the "School Funding Reform Act of 2108," N.J.S.A. 18A:7F-43 et seq.

4. The school district shall require the parent to either submit an application to apply for the school lunch and school breakfast programs or submit a signed card provided by the school district indicating that the parent has received the application and information and is not interested in participating in the school lunch and school breakfast programs. The card shall include a notice stating that a parent may submit an application to apply for the school lunch and school breakfast programs at any time during the school year.

   If a school district does not receive an application or a signed card from the parent, the school district shall make at least one attempt to contact the student's parent and request that the parent submit either an application or signed card.

5. The provisions of N.J.S.A. 18A:33-21b1 shall not apply in the case of a school which participates in the Community Eligibility Provision.

E. Free or Reduced Price Meals' Application Process – 7 CFR 245

School meals applications shall be reviewed in a timely manner. An eligibility determination will be made, the family will be notified of its status, and the status will be implemented as soon as possible within ten operating days of receipt of the completed application pursuant to 7 CFR 245.6(c)(6). "Operating days" mean days that reimbursable meals are offered to eligible students under the National School Lunch Program or School Breakfast Program. Any student found eligible shall be offered free or reduced price meals or free milk immediately upon the establishment of their eligibility and shall continue to receive such meals during the pendency of any inquiry regarding their eligibility in accordance with the requirements of the Division of Food and Nutrition, School Nutrition Programs, NJDOA. Carry-over of previous year's eligibility for students shall be in accordance with the requirements of the Division of Food and Nutrition, School Nutrition Programs, NJDOA.

In accordance with 7 CFR 245.6(c)(1) and (2), eligibility for free or reduced price meals, as determined through an approved application or by direct certification, must remain in effect for the entire school year and for up to thirty operating days in the subsequent school year. Prior to the processing of an application or the completion of direct certification procedures for the current school year, children from households with approved applications or documentation of direct certification on file from the preceding year, shall be offered reimbursable free and reduced price meals, as appropriate.

In accordance with 7 CFR 245.6(c)(6)(iii), children from households that notify the local educational agency that they do not want free or reduced price benefits must have their benefits discontinued as soon as possible.

Pursuant to 7 CFR 245.6(c)(7), if the district receives an incomplete school meals application or a school meals application that does not meet the eligibility criteria for free or reduced priced benefits, the school meals application must be denied. The district shall document and retain the denied school meals application and reasons for ineligibility for three years in accordance with 7 CFR 245.6(e).

In accordance with 7 CFR 245.6(c)(7), parents of students who are denied benefits must receive prompt, written notification of their denial. The notification may be provided by mail or e-mail to the individual who signed the school meals application. Posting the denial on the "notification" page of an online system does not meet this requirement. Likewise, informing the parent of denial via telephone does not meet this requirement. If the district uses an automated telephone information system to notify parents of denied benefits, the district must also provide the parents with written notification of the denial. The notification must provide the: reason for denial of benefits; right to appeal; instructions on how to appeal; and ability to reapply for free and reduced price benefits at any time during the school year.

In accordance with 7 CFR 245.6(e), the district shall record the eligibility determination and notification in an easily referenced format. The record shall include the: denial date; reason for denial; date the denial notice was sent; and signature or initials of the determining official (may be electronic, where applicable).

Any parents of students who have benefits that are to be reduced or terminated must be given ten calendar days' written notice of the change prior to the date the change will go into effect pursuant to 7 CFR 245.6a(j). The first day of the advance notice period shall be the day the notice is sent. The notice of adverse action may be sent via mail or to the e-mail address of the parent. The district cannot notify the household of adverse action by phone only.

Pursuant to 7 CFR 245.6a(j), the notice of adverse action must advise the parents of: change in benefits; reasons for the change; an appeal must be filed within the ten calendar days advance notice period to ensure continued benefits while awaiting a hearing and decision; instructions on how to appeal; and the parents may reapply for benefits at any time during the school year.

If the district participates in any National School Lunch Program, School Breakfast Program, or provides free milk under the Special Milk Program, the district shall submit to the NJDOA a free and reduced price policy statement pursuant to 7 CFR 245.10.

In accordance with 7 CFR 245.1(b), the district shall avoid any policy or practice leading to the overt identification of students receiving free or reduced price meal benefits. Overt identification is any action that may result in a child being recognized as potentially eligible for or certified for free or reduced price school meals. Unauthorized disclosure or overt identification of students receiving free and reduced price meal benefits is prohibited. The district shall ensure that a child's eligibility status is not disclosed at any point in the process of providing free and reduced price meals, including: notification of the availability of free and reduced price benefits; certification and notification of eligibility; provision of meals in the cafeteria; and the point of service. In addition, the district shall ensure students who receive free and reduced price benefits are not overtly identified when they are provided additional services under programs or activities available to low-income students based on their eligibility for free and reduced price meals.

Pursuant to 7 CFR 245.2, disclosure means revealing or using individual student's program eligibility information obtained through the free and reduced price meal or free milk eligibility process for a purpose other than the purpose for which the information was obtained. Disclosure includes, but is not limited to, access, release, or transfer of personal data about students by means of print, tape, microfilm, microfiche, electronic communication, or any other means. It includes eligibility information obtained through the school meals application or through direct certification.

If the district accepts both cash and electronic payments, the district shall ensure students are not overtly identified through the method of payment pursuant to 7 CFR 245.8(b). To the maximum extent practicable, the district must ensure the sale of non-program foods and the method of payment for non-program foods do not inadvertently result in students being identified by their peers as receiving free and reduced price benefits.

The School Business Administrator/Board Secretary or designee will verify applications of those eligible for free or reduced price meals in accordance with the requirements of the Division of Food and Nutrition, School Nutrition Programs, NJDOA.

F. Meal Charge Program – N.J.S.A. 18A:33-21

The Board of Education provides a meal charge program to permit students in the district to charge for breakfast or lunch. Collection of any payment for a meal charge program account that is in arrears shall be addressed in accordance with provisions of this Policy.

The Board of Education recognizes a student may not have breakfast or lunch (meal), as applicable, or money to purchase an unsubsidized school breakfast or school lunch at school on a school day causing the student's unsubsidized school breakfast or unsubsidized school lunch bill to fall into arrears. The participating school district shall contact the student's parent to provide notice of the arrearage and shall provide the parent with a period of ten school days to pay the amount due. If the student's parent has not made full payment by the end of the designated ten school day period, then the participating school district shall again contact the student's parent to provide notice of any action to be taken in response to the arrearage.

A parent who has received a second notice their student's unsubsidized school breakfast or unsubsidized school lunch bill is in arrears and who has not made payment in full within one week from the date of the second notice may be requested to meet with the Principal or designee to discuss and resolve the matter.

A parent's refusal to meet with the Principal or designee or take other steps to resolve the matter may be indicative of more serious issues in the family or household. However, when a parent's routine failure to provide breakfast or lunch is reasonably suspected to be indicative of child neglect, the Principal or designee shall immediately report such suspicion to the Department of Children and Families, Division of Child Protection and Permanency as required in N.J.S.A. 9:6-8.10. Such reporting shall not be delayed to accommodate a parent's meeting with the Principal or designee.

A participating school district shall report at least biannually to the NJDOA the number and percentage of enrolled students who have been denied school breakfast or school lunch on the basis of an unsubsidized meal bill arrearage, pursuant to N.J.S.A. 18A:33-21.a.(2) and this Policy.

Nothing in N.J.S.A. 18A:33-21 or this Policy shall be construed to:

1. Require the participating school district to deny or restrict the ability of a student to access unsubsidized school breakfast or unsubsidized school lunch, respectively, whenever the student's unsubsidized school breakfast or unsubsidized school lunch bill is in arrears; or

2. Authorize the participating school district to deny or restrict the ability of a student who is income-eligible for subsidized school lunch, but who is not income-eligible for subsidized school breakfast, to continue to access subsidized school lunch whenever the student's unsubsidized school breakfast bill is in arrears.

The participating school district shall not:

1. Publicly identify or stigmatize a student who cannot pay for an unsubsidized school breakfast or an unsubsidized school lunch or whose unsubsidized school breakfast or lunch bill is in arrears, for example, by requiring the student to sit at a separate table, to wear a wristband, hand stamp, or identifying mark, or to accept an alternative meal;

2. Require a student, who cannot pay for an unsubsidized school breakfast or an unsubsidized school lunch or whose unsubsidized school breakfast or lunch bill is in arrears to do chores or other work to pay for the unsubsidized school breakfast or unsubsidized school lunch;

3. Require a student to discard an unsubsidized school breakfast or an unsubsidized school lunch after it has been served, either because the student is unable to pay for the unsubsidized school breakfast or unsubsidized school lunch or because the student's unsubsidized school breakfast or unsubsidized lunch bill is in arrears;

4. Prohibit a student, or a sibling thereof, from attending or participating in non-fee-based extracurricular activities, field trips, or school events, from receiving grades, official transcripts, or report cards, or from graduating or attending graduation events, solely because of the student's unresolved breakfast or lunch debt; or

5. Require a student's parent to pay fees or costs in excess of the actual amounts owed for unsubsidized school breakfasts or unsubsidized school lunches, or both, which have been previously served to the student.

If a student owes money for the equivalent of five or more unsubsidized school meals, the Principal or designee of the participating school district shall:

1. Determine whether the student is eligible for subsidized school meals, by conducting a review of all available records related to the student, and by making at least two attempts, not including the initial attempt made pursuant to N.J.S.A. 18A:33-21b1, to contact the student's parent and have the parent complete a subsidized school meals application; and

2. Contact the student's parent to:

    a. Offer assistance with respect to the completion of the subsidized school meals application; and

    b. Determine whether there are other issues in the household that have caused the student to have insufficient funds to purchase an unsubsidized school breakfast or unsubsidized school lunch, as the case may be; and

    c. Offer any other appropriate assistance.

The participating school district shall direct communications about a student's unsubsidized school meals arrearage to the parent and not to the student. Nothing in N.J.S.A. 18A:33-21 shall prohibit the participating school district from sending a student home with a letter addressed to a parent.

Notwithstanding the provisions of N.J.S.A. 18A:33-21 and the provisions of any other law, rule, or regulation to the contrary, a student shall not be denied access to a school meal, regardless of the student's ability to pay or the status of the student's meal arrearages, during any period of time in which the participating school district is making a determination, pursuant to N.J.S.A. 18A:33-21.c., as to whether the student is eligible for, and can be certified to receive, subsidized school meals.

If the student's meal bill is in arrears, but the student has the money to purchase a meal on a subsequent school day, the student will be provided a meal with payment and the food service program will not use the student's payment to repay previously unpaid charges if the student intended to use the money to purchase that school day's meal.

Students receiving free meals will not be denied a meal even if they accrued a negative balance from other purchases in the cafeteria.

The school district may post this Policy on the school district's website provided there is a method in place to ensure this Policy reaches all households without access to a computer or the Internet.

G. Provision of Meals to Homeless Children – N.J.S.A. 18A:33-21c.

The district's liaison for the education of homeless children shall coordinate with district personnel to ensure that a homeless student receives free school meals and is monitored according to district policies pursuant to N.J.S.A. 18A:33-21c.

H. Provision of School Meals During Period of School Closure – N.J.S.A. 18A:33-27.2

Whenever the Board receives a written directive, from either the New Jersey Department of Health or the health officer of the jurisdiction, instituting a public health-related school closure due to the COVID-19 epidemic, the district having jurisdiction over the closed school shall implement and operate an emergency school meals distribution program during the period of the school closure. An emergency school meals distribution program implemented pursuant to N.J.S.A. 18A:33-27.2 shall provide for subsidized school meals to be made available, at meal distribution sites designated pursuant to N.J.S.A. 18A:33-27.2.b., to all students enrolled in the district who are either categorically eligible or income-eligible therefor.

In order to facilitate the emergency distribution of subsidized school meals in the event of an emergency public school closure, as described in N.J.S.A. 18A:33-27.2.a., each district shall identify one or more school meal distribution sites that are walkable and easily accessible to students in the district. The district shall collaborate with county and municipal government officials in identifying appropriate distribution sites including, but not limited to: faith-based locations; community centers, such as YMCAs; and locations in the district where meals are made available through a summer meals program. In a district that includes high density housing, the district shall make every effort to identify an emergency school meals distribution site in that housing area.

The district shall identify students enrolled in the district who are categorically eligible or income-eligible for subsidized school lunch, subsidized school breakfast, or both, and for whom an emergency school meal distribution site, identified pursuant to N.J.S.A. 18A:33-27.2.b., is not within walking distance. In the case of these students, the district shall distribute the subsidized school meals to the student's residence or to the student's bus stop along an established bus route, provided that, in the latter case, the student or the student's parent shall be present at the bus stop to accept the distribution. Distributions made pursuant to N.J.S.A. 18A:33-27.2.c. may include up to a total of three school days' worth of food per delivery.

The district may use school buses owned and operated by the district to distribute subsidized school meals pursuant to N.J.S.A. 18A:33-27.2. If the district does not own and operate its own buses, the district may enter into a contract authorizing another party to engage in the emergency distribution of subsidized school meals, on the district's behalf, pursuant to N.J.S.A. 18A:33-27.2, and any such contracts shall be exempt from the public bidding requirements established pursuant to the "Public School Contracts Law," N.J.S.A. 18A:18A-1 et seq.

The district shall collaborate, as feasible, with other districts and with local government units when implementing an emergency meals distribution program, pursuant to N.J.S.A. 18A:33-27.2, in order to promote administrative and operational efficiencies and cost savings.

School lunches and breakfasts that are made available through an emergency meals distribution program operating pursuant to N.J.S.A. 18A:33-27.2, shall be provided to eligible students free of charge, in accordance with the provisions of N.J.S.A. 18A:33-4.a. and N.J.S.A. 18A:33-14a.a.

I. Statement of Compliance

8505 LOCAL WELLNESS POLICY/NUTRIENT STANDARDS FOR MEALS AND OTHER FOODS

The Board of Education recognizes child and adolescent obesity has become a major health concern in the United States. The Healthy, Hunger Free Kids Act of 2010 (HHFKA), funds child nutrition programs and establishes required nutrition standards for school lunch and breakfast programs. In accordance with the requirements of the HHFKA each school in the district shall implement this Wellness Policy that includes goals for nutrition promotion, nutrition education, physical activity, and other school-based activities that promote student wellness.

The Principal or a School Wellness Policy Coordinator designated by the Principal will be responsible to ensure the school complies with the requirements in this Policy. The Superintendent of Schools will designate a District Wellness Policy Coordinator who will have the authority and responsibility to ensure each school in the district complies with the requirements outlined in this Policy.

A. Wellness Policy Goals

The goals as outlined below shall apply to each school in the district.

1. Goals for Nutrition Promotion – The following activities will be coordinated in each school in the district:

   a. Age-appropriate posters will be posted on the walls where food and beverages are served to students highlighting and encouraging the value of good nutrition.

   b. The school lunch program will have promotional days during the school year where at least one new nutritional alternative menu item will be featured as part of the menu pattern meal component. The food service staff members will promote this nutritional alternative during meal service with posters, flyers, and/or hand-outs regarding the nutritional menu item alternative.

   c. The Principal or School Wellness Policy Coordinator will encourage food products that meet the nutrition standards of the HHFKA when used as an incentive or reward for student accomplishments, club or activity achievements, and/or success in competitions within the school.

d. Food service staff, in consultation with the Principal or School Wellness Policy Coordinator, will coordinate obtaining student input on menu planning that will include taste testing of new nutritional food, satisfaction surveys, and other activities that will promote nutrition awareness.

e. Food service staff will place the healthier food items in the service line where students are more likely to choose them.

f. Parents will be provided the nutritional standards of the HHFKA and encourage parents to pack lunches and snacks that meet the HHFKA nutritional standards.

2. Goals for Nutrition Education – The following activities will be coordinated in each school in the district:

a. The Principal or School Wellness Policy Coordinator will ensure each student receives at least one presentation per school year that promotes good nutrition and nutrition education. These presentations may be provided through classroom visits from school staff members trained in nutrition, school-wide or group assembly programs, during health/physical education classes during the school year, or any other presentation manner. This requirement may be provided as part of nutrition education provided to students as part of the district's curriculum.

b. The Principal or School Wellness Policy Coordinator will post the nutritional guidelines of the HHFKA in the area of the school building where food and beverages are served.

c. The school lunch menu will include nutritional information, activities, recipes, and/or any other information that encourages the selection of healthy food items and for students to make informed choices about nutrition, health, and physical activity.

3. Goals for Physical Activity

a. The following activities will be coordinated in each high school in the district:

(1) All students shall receive health/physical education under the supervision of a properly certified teaching staff member as required by the New Jersey Department of Education.

(2) The Board of Education will offer high school students opportunities to participate in after-school intramural and/or interscholastic team activities coordinated and under the supervision of school staff members.

(3) The Board of Education will support after-school activities and clubs where physical activity for students is included as a key component to the activity's or club's purpose. These clubs may include, but not be limited to, gardening clubs, walking clubs, and exercise classes.

4. Goals for Other School-Based Activities - The following activities will be coordinated in the district:

a. The district will establish a District Wellness Committee (DWC). The DWC will:

(1) Be comprised of a Principal, at least one health/physical education teacher, a school nurse, at least two parents, at least two students, at least one food service staff member representing all school levels in the district, and the District Wellness Policy Coordinator; and

(2) Meet at least four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation, and periodic review and update of the district-wide Wellness Policy.

The New Jersey Supreme Court, in Jerkins, indicated dangers exist for younger students at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Education adopts and requires the implementation of Policy 8601 for the supervision of younger students after dismissal. The supervision provisions of Policy Guide 8601 are applicable to parents or legal guardians of students attending district-operated schools or programs in grades nine to twelve who are not eligible for district-provided transportation after dismissal or are eligible and elect not to use district-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a student attending a district-operated school or program in grades nine to twelve, where the student is not eligible for district-provided transportation or is eligible and elects not to use district-provided transportation after dismissal may request the school or program not release the student to walk home after dismissal unless the student is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s)-designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Principal or designee, or program administrator.

The Form shall be made available in the Main office of the school building.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the Request Form.

In order for the school administration to effectively implement the requirements of this Policy and to ensure the safety and security of students that will be released to a parent(s) or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period of the entire school year. The Request Form must be re-submitted at the end of the duration period. In addition, a parent(s) or legal guardian(s) may

rescind their Request by submitting a written request to the Principal or program administrator indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Principal or designee, or program administrator upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the student at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the student when other students are dismissed from school at the end of the school day.

Each Principal or program administrator will develop and implement a written Student Supervision After School Dismissal Plan for their school building or program location. This Plan shall include the school building's or program's supervision procedures for students at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The Plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Student Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a Request Form.

In the event the parent(s) or legal guardian(s) or designated escort does not arrive to pick up their child(ren) after the dismissal time of school, the Principal or designee will attempt to contact the parent(s) or legal guardian(s) using the district's emergency call procedures.

The student(s) shall be supervised by school staff in the designated area of the building and will only be released when the parent(s) or legal guardian(s) or designated escort arrives to pick up the student and signs the student out of school.

In order to ensure the safety of other students being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other students within the building, and to avoid traffic and vehicular safety problems outside the school building, the Principal or program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination shall be made by each Principal or program administrator after considering the unique circumstances at the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent or legal guardian or designated escort from arriving for the child(ren) at dismissal within the time period designated by the Principal or program administrator, the student will be relocated to the Main Office in the school building and will remain in the Main Office supervised by the Main Office staff until the parent(s) or legal guardian(s) or designated escort arrives and signs the student out of school.

The school will provide parent(s) or legal guardian(s) information regarding any supervised after-school services, if any, that may be available to students at the school's facilities after formal school dismissal.

This Policy shall be published in student/school handbooks. In addition, the school district shall provide to parent(s) or legal guardian(s) in the beginning of the school year, the school's calendar to include the starting and dismissal times for full session, half-session, and early dismissal days due to weather or other emergencies. Parent(s) or legal guardian(s) shall be required to return to the school a signed acknowledgement of receipt of the student/school handbook, which shall include this Policy and the school calendar. In addition, any changes to the school's calendar made during the school year shall also be provided to parent(s) or legal guardian(s).

8760 STUDENT ACCIDENT INSURANCE

The Board of Education recognizes injuries to students may occur from accidents occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-1, the Board is not required to, but may arrange for, maintain, and may pay the premiums for insurance coverage by a qualified insurer for loss sustained by students through accidental means while participating in those school activities insured by the Board's insurance provider. All claim decisions and payment amounts will be made by the school district's insurance provider in accordance with the terms of the insurance policy purchased by the Board. The insurance coverage provided under this program will be based on a payment schedule and may not provide for full payment of such claims.

The Board, if such insurance is provided, may require payment to the Board by students to whom the benefit of such insurance is extended, of a proportional share of premiums or any part thereof in accordance with the provisions of N.J.S.A. 18A:43-2. In the event the Board requires such payment, the amount to be paid by students shall be established by a schedule determined by the Board, but no student electing not to participate in the accident insurance coverage shall be required to make any payment toward the cost of the premiums.

The Board may provide parent(s) or legal guardian(s) the opportunity to purchase insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by students occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

The Superintendent and/or designee will recommend suitable and qualified insurance providers for Board consideration and approval. Parent(s) or legal guardian(s) of students who may be eligible for such insurance coverage will be notified of its availability.

In accordance with the provisions of N.J.S.A. 18A:43-3, in the event the Board elects to provide this student accident insurance, it shall not be construed to impose any liability on the part of the Board for an injury sustained by a student as a result of or in connection with any activities outlined in N.J.S.A. 18A:43-1 or as a result of or in connection with the conduct of the physical education program of the school district.

9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the students and staff of the district shall be approved by the Superintendent of Schools or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district student without the prior written permission of the parent(s) or legal guardian(s) or from the adult student. Written permission slips for such release from each parent(s) or legal guardian(s) or adult student will be obtained by the Principal or designee for the students in their school building or by the Program Administrator for students in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual student in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult student.

The Superintendent of Schools shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of Statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a student handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent of Schools shall recommend to the Board of Education an increase in the maximum dollar amount for public relations. Any increase in the maximum dollar amount shall require formal Board action.

Avoiding Excessive Expenditures when Communicating with the Public

District publications will be produced and distributed in a cost-efficient manner, for example:

1. The use of expensive materials or production techniques where lower cost methods are available, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

2. Distribution of pictures of school Board members is prohibited within ninety days of any district election.

3. Excessive public relations activities that are not part of the instructional program are prohibited.

Adopted: 14 July 2026

9130 PUBLIC COMPLAINTS

The Board of Education shall establish procedures for the hearing and settlement of complaints concerning district staff members, the educational program, instructional or resource materials, or the operations of the district. Complaints regarding library material as defined in N.J.S.A. 18A:34A-3 shall be addressed in accordance with Policy and Regulation 2535. The procedures for the hearing and settlement of complaints shall provide a means for resolving complaints fairly and impartially and permit appropriate resolution.

The grievance procedure outlined in Regulation 9130 shall not be utilized by a district staff member or Board member unless the district staff member or Board member is doing so in their capacity as a parent of a student currently enrolled in the district.

When a Board member is confronted with a complaint concerning district staff members, the educational program, instructional or resource materials, or the operations of the district, the Board member will withhold comment and refer the complaint to the Superintendent in accordance with N.J.S.A. 18A:12-24.1.j., who shall review the complaint in accordance with Regulation 9130.

Any misunderstandings or disputes between the public and district staff members should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed.

Procedures for the resolution of complaints regarding district staff members, the educational program, instructional and resource materials, and the operations of the district shall be governed by Regulation 9130.

9140 CITIZENS ADVISORY COMMITTEES

The Board of Education encourages communication between the school district and the community at large. Citizens advisory committees may be useful in keeping the Board and the administration informed with regard to community opinion and in representing the community.

The Board may establish a citizens advisory committee to provide input to the Board and the administration from the community for funded programs as the law requires and as the Board sees fit.

In creating a new citizens advisory committee, the Board may appoint: members of the community who are able and interested in the subject and concerned about the schools; members who represent a wide range of community interests and backgrounds; a chairperson; one or more Board members; and school staff members. The Board President or designee and the Superintendent or designee shall serve as members of the citizens advisory committee.

In charging a new citizens advisory committee, the Board shall define the citizens advisory committee assignment in writing, set a date for report(s) to the Board, and establish a budget, if needed. Expenditures of district funds by a citizens advisory committee shall be made upon the approval of the Superintendent.

Recommendations of citizens advisory committee shall not reduce the responsibility of the Board, which may accept, reject, or modify a citizens advisory committee's recommendation(s) in the exercise of its statutory discretion.

Meetings of citizens advisory committee that are attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

9150 SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

No visitor may confer with a student in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

The Superintendent shall develop regulations that will protect students and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

9160 PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the schools of the district and acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board may bar the attendance of any person at a school event whose conduct constitutes a disruption. The Board prohibits the possession and consumption of alcoholic beverages at any function sponsored by the district, and, further, prohibits wagering on school premises.

Adopted: 14 July 2026

9161 CROWD CONTROL

The Board of Education believes in order to achieve its goals for interscholastic competition, the student body and the general public attending an interscholastic event conduct themselves in such a manner as to make a positive contribution toward the educational objectives of this district.

The Board directs the Superintendent to prepare regulations for student and public behavior at interscholastic events and to publicly post such regulations and to devise procedures for the control of crowds.

The Board authorizes school officials to have expelled from any district event by the law enforcement officers on duty, any spectator who willfully violates the rules and regulations of the district or whose behavior jeopardizes the safe conduct of the event. Further, any spectator involved in continual violations of the rules and regulations shall be prohibited from attending further school events.

Adopted: 14 July 2026

9163 SPECTATOR CODE OF CONDUCT FOR INTERSCHOLASTIC EVENTS

The Board of Education promotes a physically and emotionally safe and healthy playing environment at interscholastic events and insists good sportsmanship be exhibited at all times by student athletes, coaches, officials, and spectators at such events.

The New Jersey State Interscholastic Athletic Association (NJSIAA) requires the Board to establish policies and procedures relating to sportsmanship and to identify responsibilities of administrators, coaches, and students to ensure their observance. The NJSIAA requires the Board to adopt a Spectator Code of Conduct Policy for all spectators attending an interscholastic event.

The district's high school(s) is a member school of the NJSIAA. The NJSIAA and the Board require high standards of courtesy, fair play, and sportsmanship be featured at school district and NJSIAA interscholastic events. Unsportsmanlike conduct by a person at an event shall subject the individual to disciplinary action.

For the purpose of this Policy, a "home event" shall mean any event occurring in the school district's buildings or on school grounds.

For the purpose of this Policy, "school grounds" also includes other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of the land.

1. Unsportsmanlike conduct includes, but is not limited to, actions of a fan or spectator who:

    a. Strikes or physically abuses an official, opposing coach, player, spectator, school staff member, or school security;

    b. Intentionally incites participants or spectators to violent or abusive action;

    c. Uses obscene gestures or profane or unduly provocative language or action toward officials, opponents, spectators, school staff members, or school security; or

    d. Engages in harassing verbal or physical conduct related to race, gender, ethnicity, disability, sexual orientation, or religion at an interscholastic event.

2. The Board prohibits unsportsmanlike conduct or actions by a spectator, which include, but are not limited to:

   a. The use of profanity, threatening comments, or biased language before, during, or after an interscholastic event;

   b. Verbal harassment of an official or participant (i.e., coaches or players from any participating school) by using names or uniform numbers;

   c. Entering the field of play before, during, or after an interscholastic event;

   d. Having a physical altercation with an official, coach, player, school staff, school security, or spectator before, during, or after an interscholastic event;

   e. The use of artificial noisemakers or other instruments intended to disrupt the interscholastic event or distract the participants during an interscholastic event; or

   f. Any additional unsportsmanlike conduct or actions determined by the Principal or designee to be unsportsmanlike conduct or action.

   g. If the unsportsmanlike conduct involves a potential criminal act, the Principal or designee shall immediately contact law enforcement.

3. Disciplinary Framework

   a. If the Principal or designee determines a person's conduct or actions are prohibited by this Policy, the person will be subjected to the following disciplinary actions:

      (1) Immediate removal from the interscholastic event and school grounds;

      (2) First Offense (365-day calendar starts)

         (a) Suspension from attending at a minimum the next two games consisting of home and away event(s) for the sports specific activity from which the person was immediately removed from school grounds.

(3) Second offense occurring within 365-day calendar days of the first offense

(a) Suspension from attending at a minimum the next four home and away event(s) for the sports specific activity from which the person was immediately removed from school grounds.

(4) Third offense occurring within 365-day calendar days of the first offense or beyond

(a) Suspension from attending the remainder of the season consisting of home and away event(s) for the sports specific activity from which the person was immediately removed from school grounds.

(5) The Superintendent or designee upon consultation with the Principal or designee may increase the disciplinary actions outlined in this Policy, depending on the severity of the offense.

b. If it is determined by the Principal or designee that a person exhibited unsportsmanlike conduct at a home or away interscholastic athletic event, but was not immediately removed from the interscholastic event or from school grounds at the time of the prohibited conduct, the person shall be subject to the disciplinary actions outlined in this Policy. If it is determined that the person attends or appears at a home or away event prior to serving the full suspension from the previous offense, it will constitute a subsequent offense regardless of whether or not an additional removal or ejection occurred.

c. In the event it is determined by the Principal or designee that a person exhibited unsportsmanlike conduct at an interscholastic event not held in a school district building or on school grounds (away event), the person shall be subject to the disciplinary actions outlined in this Policy.

d. In the event the suspension from an interscholastic event occurs on the last home event of the activity's season or the suspension exceeds the remaining home events remaining in the activity's season, including playoffs or team or individual championships, the suspension shall continue with the first home event of the same activity in the subsequent school year.

e. A person who has been suspended for more than four home and away interscholastic events within twelve months of the initial conduct that resulted in the person's first suspension from attending home interscholastic events may be suspended by the Principal or designee from attending additional home interscholastic events in excess of the suspension provisions in this Policy.

f. A person suspended by the Principal or designee from attending any home or away interscholastic events for exhibiting conduct or actions that violate this Policy, regardless of the specific event or activity from which the person was suspended, shall be prohibited from attending any other home interscholastic events in the district's schools or on school grounds and shall be required to meet with the Principal or designee prior to being permitted to attend any additional home interscholastic events in the district's schools or on school grounds. The person shall be required to successfully complete an educational component as determined by the Principal or designee before the person is permitted to attend any future home events in school buildings or on school grounds. The educational component will include a program that addresses the unsportsmanlike conduct or actions that caused the person to be suspended from the interscholastic events.

g. A person who does not comply with the suspension requirements of this Policy or refuses to immediately leave the school building or school grounds for violating the provisions of this Policy may be reported to law enforcement to be removed from the school building or from school grounds.

4. Appeals

a. A person may appeal the decision of the Principal or designee to the Superintendent of Schools by submitting a written appeal to the Superintendent within three calendar days after receiving notice of the suspension from the event by the Principal or designee. The Superintendent shall make a decision on the written appeal within three business days upon receiving the written appeal. The Superintendent's decision may be appealed to the Board in accordance with the Board appeal provisions in Policy and Regulation 9130 – Public Complaints and Grievances.

This Policy shall be provided to the parent(s) of student-athletes participating in interscholastic programs in the district. The parent(s) shall be required to sign a document acknowledging receipt of this Policy and acknowledging their understanding of the provisions of this Policy. This document shall be provided to the parent(s) during the high school's sports registration process before each season.

This Policy shall be made available to NJSIAA staff upon request. NJSIAA staff may share a copy of this Policy with another member school when appropriate.

A list of unsportsmanlike conduct or actions will be posted at all venues hosting school district events to the extent reasonably possible.

Failure of a member school to enforce the provisions of this Policy may result in discipline by the NJSIAA. In addition to the penalties set forth by NJSIAA, a school that does not enforce its Policy may be prohibited by NJSIAA from hosting an NJSIAA State tournament event.

9181 VOLUNTEER ATHLETIC COACHES AND CO-CURRICULAR ACTIVITY ADVISORS/ASSISTANTS

The Board of Education recognizes the services of volunteer athletic coaches and co-curricular activity advisors/assistants bring unique skills to the district, enrich the athletic and co-curricular program, assist district coaching and co-curricular staff members in the performance of their duties, and enhance the relationship between the school district and the community. Therefore, the Board authorizes a program for the utilization of volunteer athletic coaches and co-curricular activity advisors/assistants in the district.

For the purposes of this Policy, "volunteer athletic coach and co-curricular activity advisor/assistant" is a person who is not paid by the Board, assisting under the direct supervision of an appropriately certified or licensed school district employee, and provides assistance for the school activity.

The Superintendent of Schools or designee will be responsible for the recruitment and screening of volunteer athletic coaches and co-curricular activity advisors/assistants and their assignment. The district is not obligated to utilize the proffered services of a volunteer as determined by the Superintendent.

These volunteers must be recommended by the Superintendent and approved by the Board prior to assuming any responsibilities.

The Superintendent or designee will prepare and promulgate rules of conduct for volunteer athletic coaches and volunteer co-curricular activity advisors/assistants. Each volunteer athletic coach and co-curricular activity advisor/assistant will be given a copy of this Policy.

The following guidelines shall govern the service of a volunteer athletic coach and volunteer co-curricular activity advisor/assistant:

1. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants may serve only under the direction and direct supervision of an appropriately certified or licensed head and/or assistant coach or activity advisor or assistant employed by the Board;

2. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants must clearly understand their duties and responsibilities and perform no services outside those duties;

3. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants serve only in a support capacity and only head or assistant coaches or activity advisors or assistants employed by the Board are responsible for the supervision and instruction provided to students participating in athletic programs or co-curricular activities;

4. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants shall respect the individuality, dignity, and worth of each student;

5. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants are not permitted access to student records;

6. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants must not disclose any confidential student matters the volunteer athletic coach or volunteer activity advisor/assistant becomes aware of as a result of their volunteer responsibilities;

7. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants shall consult with the Superintendent or designee regarding any matters or questions regarding their duties and responsibilities;

8. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants shall receive no financial remuneration from the Board; and

9. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants may be immediately relieved of their volunteer responsibilities, with or without cause, by the Superintendent with such action to be recommended to the Board by the Superintendent at the next Board meeting following relief of duties.

Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants will be screened for tuberculosis in accordance with the current New Jersey Department of Health Guidance for Tuberculosis (TB) Testing in New Jersey Schools.

Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants will be required to participate in all mandated trainings required for their position and any other trainings as required by the Superintendent or designee.

All school volunteer athletic coaches and co-curricular activity advisors/assistants must obtain a criminal history record check to be reimbursed by the Board;

9190 COMMUNITY ORGANIZATIONS

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

The Superintendent shall establish and maintain a file of community resources and invite the appropriate participation of community organizations and resource persons in the instructional program. The Superintendent shall determine those schools, instructional programs, and/or district operations that would profit by the involvement of community resources.

The Superintendent shall establish an advisory committee of resource persons and representatives of business, industry, and community organizations to assist him/her in utilization of community resources in the instructional program and in the more effective and efficient operation of the district.

9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of students. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of students who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in district schools that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those students having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of students and parent(s) or legal guardian(s), and are of general interest to the schools or community.

Adopted: 14 July 2026

9210 PARENT ORGANIZATIONS

The Board of Education will encourage and support parent organizations whose objectives are to promote the educational interests of district students.

Parent organizations are organizations independent from the Board of Education. Therefore, parent organizations shall not make any representations their organization or activities are sponsored or endorsed by the Board of Education without prior approval of the Board of Education. A parent organization shall submit a request for sponsorship or endorsement of a specific activity to the Board of Education.

A parent organization may not organize students, sponsor school activities, or solicit money in the name of this school district or of any school in the district without the prior approval of the Superintendent or designee. Such approval must be sought by written application to the Superintendent or designee.

Representatives of recognized parent organizations shall be treated by district employees as interested friends of the schools and as supporters of public education in the school district. Representatives of recognized parent organizations shall comply with all applicable Board policies.

The Board relies upon parent organizations to operate in a manner consistent with public expectations for the schools and reserves the right to withdraw recognition from any parent organization, at will, whose actions are inimical to the interests of the school district and the students of this district.

9230 PARENTAL RESPONSIBILITIES

The Board of Education believes that children benefit when parent(s) or legal guardian(s) recognize and discharge a responsibility to encourage and support the learning process.

Parent(s) or legal guardian(s) can help children learn by:

1. Requiring that children obey all school rules and by accepting responsibility for a child's improper conduct;

2. Sending children to school with proper attention to health, personal cleanliness, and dress;

3. Maintaining an active interest in each child's daily work and making it possible for the child to complete assigned homework by providing a quiet place and suitable conditions for study;

4. Reading communications from the school and signing and returning them promptly when so requested;

5. Attending conferences arranged for the exchange of information on the child's progress in school; and

6. Scheduling family matters to minimize interference with school time.

Adopted: 14 July 2026

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a student enrolled in this district possesses full parental rights of access to the student and to information about the student, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by Federal and State law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

9242 USE OF ELECTRONIC SIGNATURES

The New Jersey Uniform Electronic Transactions Act (UETA) authorizes a Board of Education to use electronic forms, filings, and signatures to conduct official business with the public. The use of electronic forms, filings, and signatures may save school district resources and will provide a convenient and cost-efficient option for parents to receive, review, and acknowledge receipt of information from the school district. Therefore, the Board of Education authorizes the use of electronic forms, filings, and signatures in communications between the school district and parents pursuant to the UETA.

For the purposes of this Policy, "electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

For the purposes of this Policy, "electronic record" means a record created, generated, sent, communicated, received, or stored by electronic means.

For the purposes of this Policy, "electronic signature" means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

For the purposes of this Policy, "information processing system" means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

The school district may electronically send documents to parents of students enrolled in the school district. These documents may include, but are not limited to: informational notices; school or school related events or activities; periodic updates on a student's progress; school district forms; requests for information; and any other communications between the school district and home. Some documents electronically sent to parents may require the parent to: acknowledge receipt of a document; provide parental consent for such matters as student compliance with the district's acceptable use of school district computers and administration of surveys; and/or acknowledge receipt and acceptance of terms of a Board of Education policy, regulation, or practice. Any document sent to parents of students enrolled in the school district must be capable of retention by the recipient. To be capable of retention, the recipient at the time of receipt, must be able to retain and accurately reproduce the document for later reference by all persons who are entitled to retain the record. A record is not capable of retention by the recipient if the sender of its information processing system inhibits the ability of the recipient to print or store the electronic record.

The Board of Education authorizes documents may be electronically sent to parents of students enrolled in the school district only with the approval of the Superintendent of Schools. The Superintendent shall establish an information processing system to include a process for parents to electronically send, sign, and return documents to the school district. The school district shall make accommodations for a parent who is unable or unwilling to conduct business electronically. In addition, a parent may refuse to conduct business electronically for any reason and at any time. In this event, the school district shall make available a hard copy of the document(s) to the parent to review, maintain, and any document(s) requiring signatures to be returned to the district. The Superintendent will only implement an information processing system in accordance with the provisions of the UETA.

Documents that are electronically signed and returned to the school district may be maintained by the school district in electronic or non-electronic form. Documents returned to the district that are not electronically signed shall be maintained by the district in non-electronic form. However, nothing shall prevent the school district from converting a non-electronic document to an electronic document and for such document to be stored in electronic form. All electronic or non-electronic documents returned to the school district shall be maintained by the school district in accordance with the New Jersey Department of the Treasury - Records Management Services - Records Retention Schedules and in accordance with N.J.S.A. 12A:12-12.

N.J.S.A. 12A:12-1 et seq.

9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of students and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted: 14 July 2026

9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about students and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the student's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the student. The parent(s) or legal guardian(s) of the student may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than two working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the student's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9320 COOPERATION WITH LAW ENFORCEMENT AGENCIES

The Board adopts Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1. to ensure cooperation between school district staff and law enforcement authorities in all matters relating to the planning and conduct of law enforcement activities and operations occurring on school grounds, including arrest procedures, undercover school operations, and mandatory reporting the offenses listed in the Memorandum of Agreement between Education and Law Enforcement Officials (MOA).

The Superintendent or designee shall institute a program of such communication and cooperation with law enforcement in accordance with N.J.A.C. 6A:16-6.1.

This Policy and Regulation 9320 shall be submitted for review and approval to the Executive County Superintendent in accordance with N.J.A.C. 6A:16-6.2(a)2.

The Superintendent or designee shall annually review the MOA as adopted by the Board to ensure this Policy and Regulation 9320 are in accordance with the requirements outlined therein.

Law enforcement or the prosecuting agency may provide the Principal or designee with information identifying one or more juvenile students who are under investigation or have been taken into custody for the commission of any act that would constitute an offense if committed by an adult when the law enforcement or prosecuting agency determines that the information may be useful to the Principal or designee in maintaining order, safety, or discipline in the school or in planning programs relevant to the juvenile's educational and social development. Information provided in accordance with N.J.S.A. 2A:4A-60.e. shall be treated as confidential, but the Principal or designee may inform school staff members of this information if the Principal or designee deems it appropriate for maintaining order, safety, or discipline in the school or for planning programs relevant to the juvenile's educational and social development. 9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the Denville Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

Definitions

A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.

B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.

C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a student is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal of each school notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees.

The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

9340 COOPERATION WITH PUBLIC LIBRARY

The public library can and should play an important role in the intellectual and educational development of children attending district schools, serving them as a resource that reinforces and augments the school library in many areas and by providing services and materials that may go beyond those that the school library alone can provide.

The Board of Education encourages the effective utilization of the public library by communication and cooperation between the school and library staff. School staff members should be kept informed of new materials and services available from the public library and library staff members should be kept advised of school projects and programs that call for student use of the public library.

9400 MEDIA RELATIONS

The maintenance of a good working relationship with the media is essential to meeting the objectives of the school district's community relations program.

The Board of Education must give formal approval to all basic practices governing relations between the media and the school district and reserves the right to negotiate, on terms most favorable to the school district, for the broadcasting, filming, or sound recording of any school event by an outside agency.

The Superintendent or designee shall be the chief communications representative of the school district. The chief communications representative shall be readily available to: provide media representatives with all appropriate and necessary information; suggest or supply feature articles or stories; prepare information to be released to the media; assist school and parent organizations with media relations; meet periodically with media representatives; protect school personnel from any unnecessary demands on their time by media representatives; and provide additional information as appropriate.

The Superintendent or designee must authorize in advance interviews between staff members and media representatives when the staff member is representing or speaking on behalf of the Board of Education or the school district.

A school district staff member not designated by the Superintendent or designee to assist in any of the media responsibilities outlined in this Policy, including speaking to a representative of the media, is not prohibited from doing so on their own behalf as a private citizen provided the staff member does not indicate or imply they represent or are speaking on behalf of the Board of Education or the school district and indicate they are speaking on their own behalf as a private citizen.

A staff member who is acting on their own behalf as a private citizen should be cognizant of their obligations to protect the privacy and confidentiality of students and school operations in accordance with Federal and State laws.

The Board of Education reserves its right to regulate the exercise of school district staff members' First Amendment rights of the United States Constitution in such situations to the extent that such exercise may interfere with the safe and orderly operation of the schools and the learning environment.

The Superintendent or designee must authorize the release of any image of district subjects, personnel, or students.

Any image of a student with a disability shall not be disseminated or used in print or media in any way if they are identified as a student with a disability unless permission is granted by the parent(s). Any image of a child placed in the district by the New Jersey Department of Children and Families, Division of Child Protection and Permanency shall not be published without permission of the Department case worker. Where the release of any image may violate the privacy of any student or staff member, the Superintendent or designee must first secure the written permission of the staff member or the student's parent(s).

9500 COOPERATION WITH EDUCATIONAL AGENCIES

The Board of Education recognizes the need for communication between this district and other districts and educational institutions that provide programs, training, and services not otherwise available to children residing in this district and with districts whose resident students are enrolled in programs in this district.

The Board acknowledges the responsibility for the education and conduct of the student in the school district in which he/she is enrolled.

The Board will attempt to meet periodically with the governing boards of other educational institutions that receive from this district a significant number of students or that send to this district a significant number of students.

In order to maintain cordial and constructive relationships with nonpublic schools, the Superintendent shall maintain liaison with the administration of all nonpublic schools located within this school district in order to be aware of any program changes that may be planned that could affect this district; determine how this district can advance the education of resident students attending parochial or private schools by the provision in these schools of special programs; and cooperate fully in the implementation of all State and Federal programs administered by this district that benefit, in whole or in part, eligible students attending such nonpublic school.

The Board will expend public funds only in the discharge of its responsibility to provide a thorough and efficient education for students of this district, either through programs offered in this district or by payment of tuition for students assigned by the Board to programs outside this district. No public funds may be spent to reimburse tuition costs for students privately enrolled in a public or private program of education elsewhere and no donations of public funds shall be made to any private program.

All educational research by persons other than district employees must be approved in advance by the Board. A written application for approval must state the purpose of the research, the specific ways in which students will be involved, the estimated duration of the project, the persons who will conduct the research project and their relevant affiliations, and any possible benefits to students or to the school district. Parent(s) or legal guardian(s) will be informed of any educational research project that involves their children and may request the removal of their children from the project.

The conduct of research activities must rigorously protect students' privacy. Approved researchers may be given access to student records in accordance with rules of the State Board of Education and Board Policy 8330, but shall not abuse this privilege by using information in any way that may embarrass or harm individual students or their families. The approval of the use of any material or the conduct of any activity offered by an organization outside the school district shall not under any circumstances be construed as an endorsement by this Board of any interest, cause, or organization.

Permission to solicit or raise funds on school premises will be granted only to those persons and organizations whose purposes are consistent with the goals of this district and the interests of the community and are in accordance with the Board's fundraising policy.
