VI. Financial Forecast Update

Ronda Johnson, District Treasurer, presented the update of the District's financial forecast. Mrs. Johnson highlighted the District's revenue sources, noting that the 5 year average for revenue growth is 3.1% but the projection is 1.3%. State funding remains the highest area of risk due to concerns around the Fair School Funding Formula's continuation of guaranteed funds. Shifting to expenditures, salaries and benefits of District employees comprise 80% of expenditures and are projected to increase 3%. With expenditure growth outpacing revenue growth and the resulting decline in cash balance, the forecast continues to point toward the need for new tax revenue in fiscal year 2029 (calendar year 2028).
