

Setting up a new Home Page in your Canvas course as a teacher is a straightforward process. Follow these steps to create and set a new Home Page:

Step 1: Create a Page

1. **Log in to Canvas:** Go to your Canvas account and log in.
2. **Navigate to Your Course:** Select the course in which you want to set up a new Home Page.
3. **Go to Pages:** In the course navigation menu on the left, click on "Pages."
4. **Add a New Page:** Click on the "+ Page" button to create a new page.
5. **Title and Content:** Give your new page a title (e.g., "Home Page" or "Welcome") and add the content you want to display on the Home Page. This could include text, images, links, videos, etc.
6. ****Save and Publish**:** Click "Save & Publish" to make the page available.

Step 2: Set the Page as the Home Page

1. **Go Back to Pages:** After creating your new page, go back to the Pages section by clicking "View All Pages."
2. **Choose Your Page:** Find the page you created and click on the three dots (options menu) next to it.
3. **Use as Front Page:** Select "Use as Front Page" from the dropdown menu.

Step 3: Set the Front Page as the Course Home Page

1. **Home:** In the course navigation menu, click on "Home."
2. **Choose Home Page:** On the right side of the Home page, click "Choose Home Page."
3. **Select Pages Front Page:** In the pop-up window, select "Pages Front Page" and then click "Save."

Your new page is now set as the Home Page for your course. Students will see this page first when they access your course.

Additional Tips

- **Design:** Make your Home Page visually appealing and easy to navigate. Consider including a welcome message, course overview, important links, and any other information that will help students get started.
- **Announcements:** You might want to include a section for recent announcements or updates.
- **Resources:** Provide quick links to essential resources, such as the syllabus, modules, assignments, and contact information.
