

How To Add Another Student to My Canvas Account

On your web browser (to add a student using the Canvas app, see below)

1. Log in to your Canvas Account
 - o Need help creating an account? Click [HERE](#)

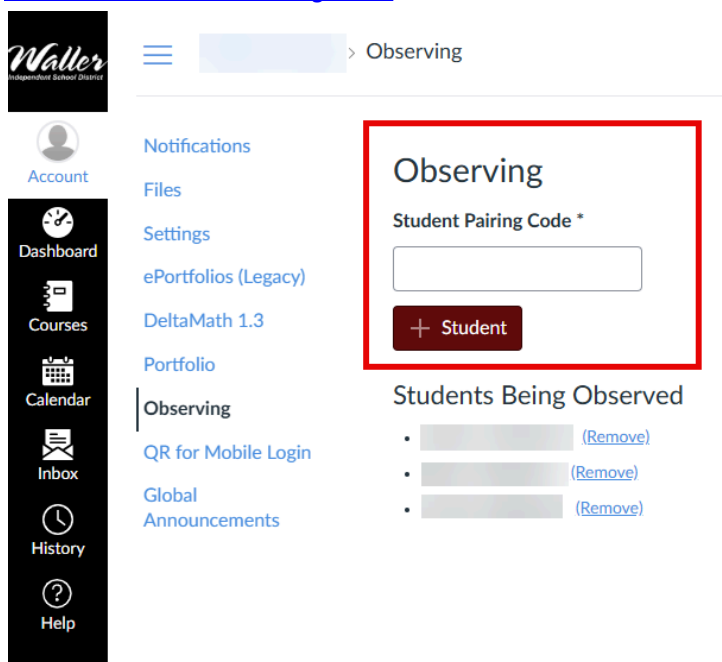

The screenshot shows the Canvas Dashboard for a user named Schultz. The left sidebar contains navigation links: Account, Dashboard, Courses, Calendar, Inbox, History, and Help. The main area displays a grid of course cards for the 2026-2027 school year. The courses include: 8 LANGUAGE ARTS READING H..., 8 SCIENCE HONORS-SCHROEDER, DANCE 1-DONNELLY, PRINCP BUS MRKT FIN-GARDN..., 8 AMERICAN HISTORY-MCCAIN, and 8 MATHEMATICS-BALDERAS. The right sidebar shows a 'To Do' list with assignments like '1:7 HW Distance vs. Time' and 'Warm Up 1:7 Heat Transfer', along with 'Recent Feedback' and a 'View Grades' button.

2. On the Global Navigation bar select **Account** and click on **Observing**

The screenshot shows the Canvas Account page. The left sidebar has the 'Account' link highlighted with a red box. The main area displays a profile card with a placeholder image and a 'Logout' button. Below the profile card, there is a list of options: Notifications, Files, Settings, ePortfolios (Legacy), DeltaMath 1.3, Portfolio, and 'Observing', which is highlighted with a red box. At the bottom, there are 'Accessibility Settings' with toggle switches for 'Use High Contrast UI' and 'Use a Dyslexia Friendly Font'.

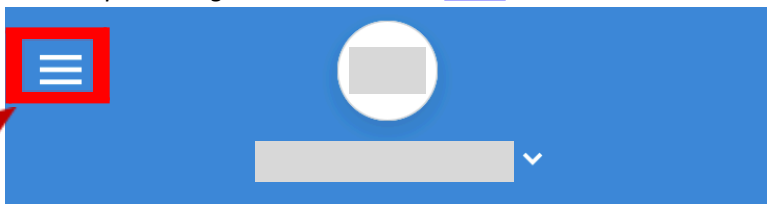

3. Add **Student Pairing Code** and click on **+ Student**
