Canvas: How To Get Pair with Observer Code

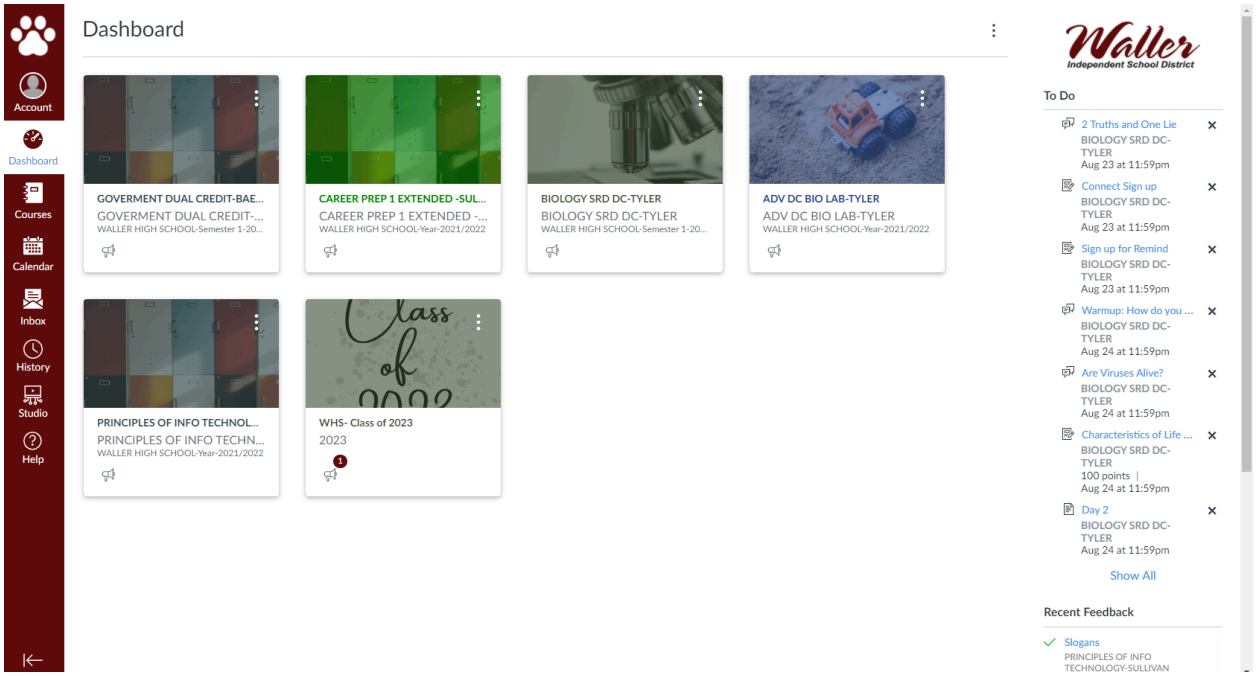

1. Have your child log in to their Clever account through their school issued device. Select log in with Google. *Their username is their school issued email, and their password is their school initials all lowercase + their ID/lunch number (no spaces). Ex. wjh12345*

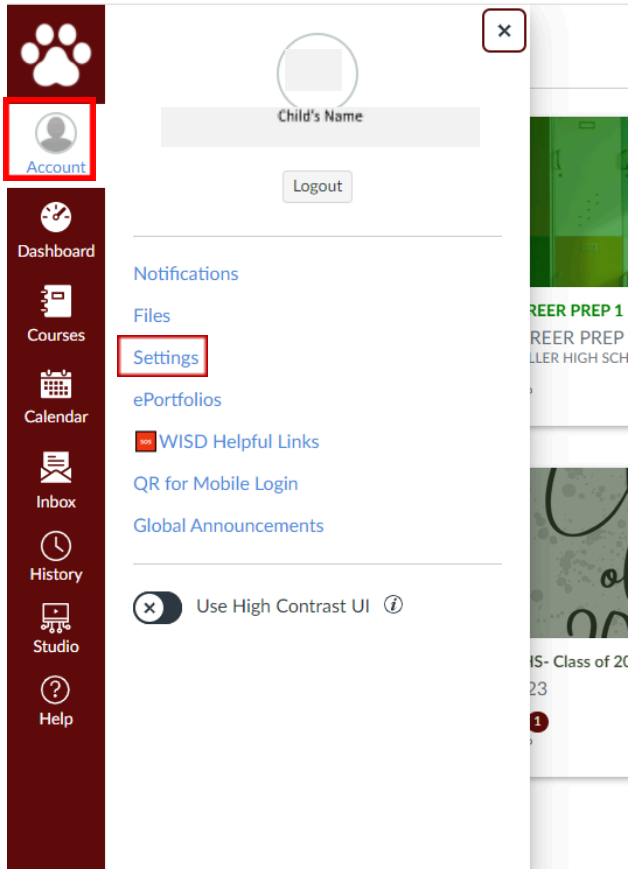

2. Find and select the **Canvas** app

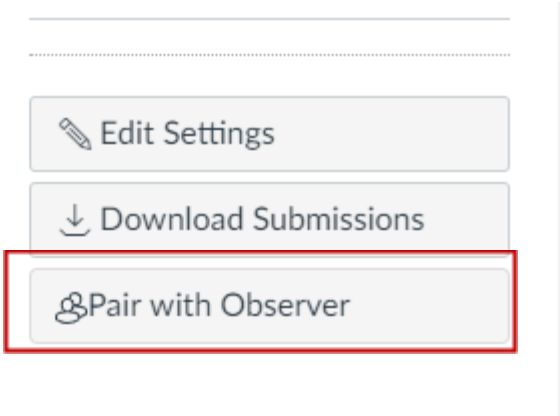

3. Your student's Canvas account will open

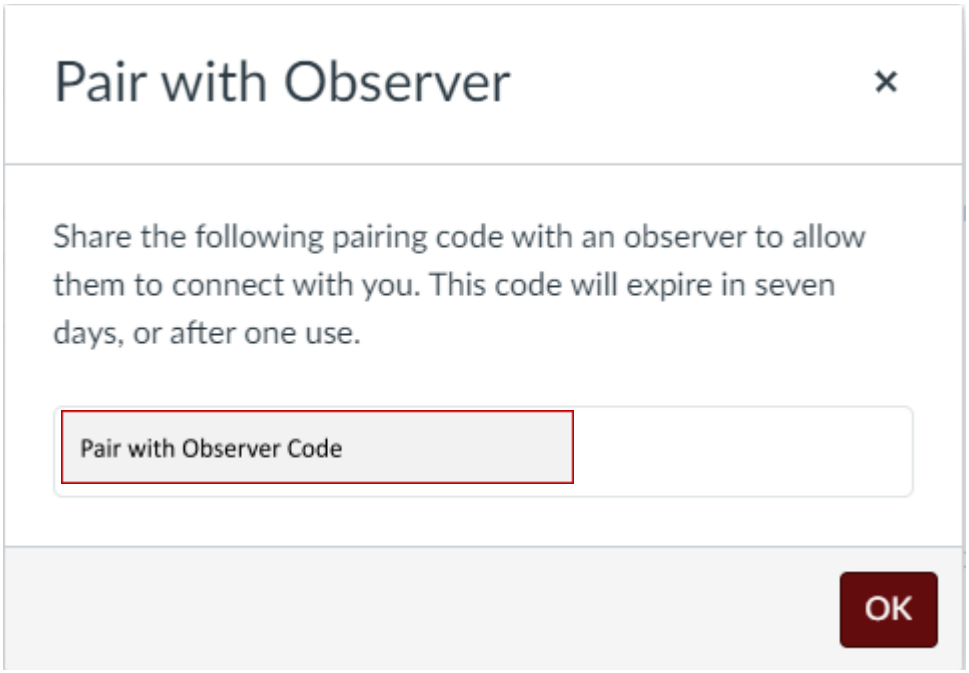

4. On the Global Navigation bar click on **Account** and select **Settings** from the account menu

5. On the Settings page, select the **Pair with Observer** button located on the bottom right side

6. A **Pair with Observer** window will appear with the pairing code

7. Add your pairing code where it is requested when you are creating your Observer account
    a. Need help creating an account?
        i. Parents can create an account through a web browser **HERE** or by downloading the Canvas Parent app on their device. For additional support, find the *How To Create a Canvas Account on Web Browser* or the *How To Download the Canvas Parent App and Create an Account* **HERE**.
