Dear Parents/Guardians:

The State of New Jersey requires that all parents be annually advised in the Fall of each year of any required state-administered standardized testing their children will sit for during the school year. Please view the link below for testing specifics. This information is based on the most recent guidance the district has received from the State of New Jersey, dated Summer 2026. Additional information may be found on the [State Department of Education Website](#). Please note this list does not include optional college admission assessments or other locally administered assessments.
