G. Board Review of Agenda Items

4. Public Hearing:

Agenda items only: limited to 3 minutes each. Please state your name.

The President will open the floor for the Board to hear the public and then close the floor.

Please direct all dialogue to the President. Board replies are not required.

During the board meeting, the Board offers members of the public an opportunity to comment on issues regarding the operation of our schools. If you wish to speak, please raise your hand and proceed to the podium. When called on by the President, state your first name, last name, and municipality of residence. The President may limit each statement made by a participant to three (3) minutes in duration. The President may also interrupt, warn, and/or terminate a participant's statement, question, or inquiry when it is too lengthy or the inquiry is abusive, obscene, or may be defamatory. No participant may speak more than once on the same topic until all others who wish to speak on that topic have been heard.

Our goal is to maintain the formality, decorum, and efficiency of our meetings according to District Policies and state law. Issues raised by members of the public may or may not be responded to by the Board, and the President may direct a response after the public comment session.

Members of the public should be courteous and aware of others' rights when speaking. Families and employees have specific legal rights afforded by the laws of New Jersey and therefore be advised:

- *The Board bears no responsibility nor will it be liable for any comments made by members of the public.*
- *Members of the public should consider their comments in light of the legal rights of those affected by or identified in their comments.*

- *Members of the public should be aware that they are legally responsible and liable for their comments.*

The Board also encourages community members to follow the chain of command—beginning with the classroom teacher and progressing through the Administrative hierarchy. When the chain of command is used properly, it improves communication and permits the Board to act as the final arbiter on issues that have not been resolved at other steps in the chain.
