Board of Education Goals
2026-2027

The Red Jacket Board of Education goals for the 2026–2027 school year will support their overarching beliefs:

- It is the Board of Education’s responsibility to always put students first
- It is the Board of Education’s responsibility to ensure pathways for all learners

Student Success

- **Foster academic outcomes for learners at all levels**

This will be accomplished by.

- Continue data-driven discussions about academic outcomes with district leaders
- Supporting district and building-level academic initiatives

- **Ensure maximum college and career readiness for all students**

This will be accomplished by.

- Increase utilization of college and career preparation opportunities provided by the district
- Increase awareness of scholarship opportunities and ensure student benefit is optimized

- **Support programs that develop the whole student**

This will be accomplished by.

- Stay abreast of evolving student pathways and opportunities, such as NYS Portrait of a Graduate framework.
- Continue to create opportunities to hear from students.

Board Effectiveness

- **Continue to increase meeting effectiveness**

This will be accomplished by.

- Continuous improvement of meeting procedures and advance awareness of agenda and topics
- Continue and build on committee strategy
- Efficient material distribution

- **Increase consistency of board updates from district departments**

This will be accomplished by.

- Continue board engagement with capital project activities and updates
- Receive regular updates from all departments across the district

- **Continuously improve board culture and capabilities**

This will be accomplished by.

- Promote shared ownership of board duties
- Continue to build on positive team dynamic
- 1-2 professional development opportunities for each board member throughout the year

Community Engagement

- **Increase board engagement with district students and staff**

This will be accomplished by.

- Increase frequency of board engagement with core academic programs
- Consistent board member presence at school extracurricular activities

- **Increase board engagement with community at large**

This will be accomplished by.

- Establish strategic communications plan from board to entire Red Jacket community
- Consistent board member presence at community events
- Renewed focus on engagement with government officials on issues pertinent to school success
