

Literacy Student Achievement

 OBJECTIVE

By the end of the 2026–2027 school year all students in grades 3-5 ELA will increase by 10% points from 37.97% points to 47.97% points as measured by the Georgia Milestones EOG assessment, and all students in Grades K–2 will increase from 10% points in EOY i-Ready.

Critical Initiative	Intended Outcomes	Key Measures
Differentiate professional learning to differentiate instruction for students and strengthen core instruction (Tier 1), target specific teacher needs (Tier 2), support struggling educators (Tier 3).	Reduce the amount of Intended Outcomes by selecting data points that are all encompassing	iReady and Georgia Milestones EOY Reduce the amount of Key Measurese by selecting data points that are all encompassing
Structure Collaborative Planning with planning consistent lessons, Data-driven instruction, differentiation, and shared responsibility for student success	Teaching is consistent, data decisions, Differentiation is purposeful shared responsibility, leads improved student performance by 25%.	Collaborative Planning observation tools, Classroom Observation tools, TKES Assessments
Teacher will participate in weekly collaborative planning to increase student content mastery to 80% mastery.	Reduce the amount of Intended Outcomes by selecting data points that are all encompassing	Reduce the amount of Key Measurese by selecting data points that are all encompassing
Participate in an additional collaborative planning session to disaggregate the student assessment data on Mondays twice a month for the 2026-2027 school year.	Reduce the amount of Intended Outcomes by selecting data points that are all encompassing.	Reduce the amount of Key Measurese by selecting data points that are all encompassing.

Math Student Achievement

 OBJECTIVE

By the end of the 2026-2027 school year, we will increase student achievement by 10% points in Math from 46.93% points to 56.93% points on the Georgia Milestone (grades 3-5) and 10% points in i-Ready (K-2).

Critical Initiative	Intended Outcomes	Key Measures
Differentiate professional learning to differentiate instruction for students and strengthen core instruction (Tier 1), target specific teacher needs (Tier 2), support struggling educators (Tier 3).	To build a system where every teacher gets the support, consistent instruction, Student achievement increases measurably.	iReady and Georgia Milestones EOY Reduce the amount of Key Measurese by selecting data points that are all encompassing
Structure Collaborative Planning with planning consistent lessons, Data-driven instruction, differentiation, and shared responsibility for student success	Teaching is consistent, data decisions, Differentiation is purposeful shared responsibility, leads improved student performance by 25%. Participate in an additional collaborative planning session to disaggregate the student assessment data on Mondays twice a month for the 2026-2027 school year.	Reduce the amount of Intended Outcomes by selecting data points that are all encompassing.	Reduce the amount of Key Measurese by selecting data points that are all encompassing
Teacher will participate in weekly collaborative planning to increase student content mastery to 80% mastery.	Reduce the amount of Intended Outcomes by selecting data points that are all encompassing.	Reduce the amount of Key Measurese by selecting data points that are all encompassing.

Climate and Culture

 OBJECTIVE

Reduce the number of chronic absenteeism by 25% by the end of the school year May 2027. By the end of the 2026–2027 school year, Wheelless Road Elementary School will improve school climate by increasing the percentage of students with regular attendance (95% or higher) by 5 percentage points and increasing positive staff climate survey responses related to morale, collaboration, and support to at least 85%.

Critical Initiative	Intended Outcomes	Key Measures
Monitor and use Class Dojo as a communication and engagement tool. This includes posting updates, sharing announcements, tracking student behavior and progress.	Reduce the amount of Intended Outcomes by selecting data points that are all encompassing.	Reduce the amount of Key Measurese by selecting data points that are all encompassing
Monitor and use the Spotlight tool in Infinite Campus to highlight and document student achievements, recognize positive behaviors, and share meaningful updates with families.	Create an informed community where communication is consistent, families are active in learning, students are motivated for stronger communication.	Infinite Campus Shout Point, Class Dojo, Stakeholder Surveys
Monitor and use the Panorama tool to highlight and document student apathy, recognize positive behaviors, and share meaningful updates with families.	Create an informed community where emotional health is priority, positive climate and culture, students have increase grit and compassion.	Spotlight (Positives), Panorama, Surveys
