

National Walk & Roll to School

Wednesday, October 7th, 2026

How will it work?

We ask parents, guardians and caring adults to walk or bike with their elementary school children to school on Oct. 7th. **If you do not live within walking distance, you may either walk your child to the bus stop and wait with them or park a few blocks away from school and walk the rest of the distance or go for a walk in the evening any day .** Please talk about safety and the dangers on the way.

What will children learn with your help?

- *Safe walking behaviors-how to cross streets; safe routes to school
- *How to wait at the bus stops safely
- *How to identify dangers along walking routes
- *This also helps encourage a healthy habit

Thank You,
Valley View Physical Education Department

_____ participated in the **National Walk & Roll to School Day** on Wednesday, October 7th, 2026.

If you are too busy in the morning, you may walk or bike with family and talk about doing it safely on the weekend or evening.

_____ **Grade** _____ **Classroom Teacher**

_____ **Parent/Guardian Signature**

* Turn this in to your Physical Education Teacher for a free swim pass for Ashwaubenon High School open swim and a small prize.
