

SchoolLinks offers scholarship matching capabilities to help you find and apply for scholarships that align with your qualifications and career interests. A Scholarship Match Profile allows SchoolLinks to match or recommend scholarships that match your eligibility and interests. The more information you provide, the more accurate your scholarship matches will be.

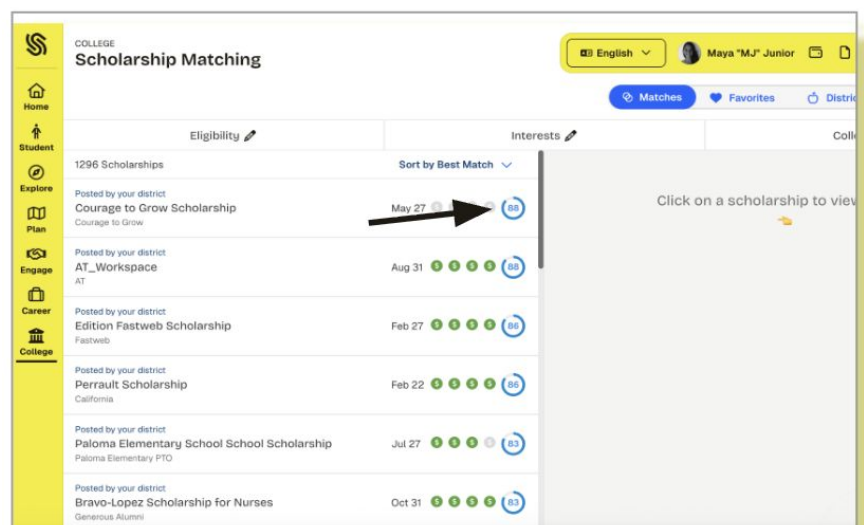

- 1 Select “colleges” on the left navigation tab and choose “scholarship matching”

- 2 Students will fill in their Eligibility, Interests, and Colleges in order to be matched with district level scholarships as well as scholarships provided by SchoolLinks.

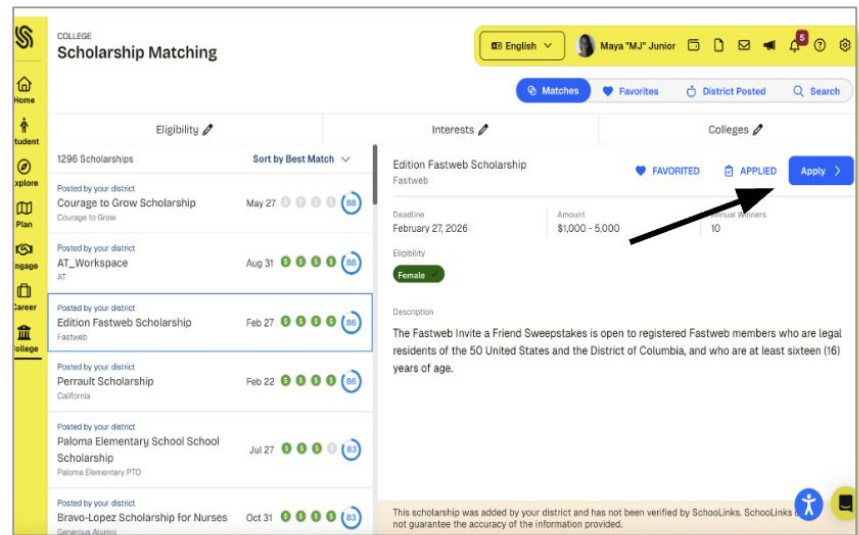

- 3 Students can locate the match score (1-100) in order to find the best match of scholarship to apply for from their profile.

4

By selecting the scholarship students are ready to apply to, they will see descriptions about the scholarships, award amount, select their favorites, and keep track of scholarships they have applied for.
