5. Serve as health advocate for students.

6. Ensure that medications are administered to students according to district policy and procedures.

7. Establish and implement effective procedures for carrying out mandatory screening programs.

8. May make home visits to help with student health problems as necessary.

Instruction

9. Participate in development of campus health education curriculum, educate faculty and staff as needed on health-related topics, and provide health education to individuals and groups including contributing to campus communications to parents and the local community regarding health issues.

Consultation

10. Collaborate closely with campus principal and other staff and provide leadership to ensure a healthy school environment. Work to meet the health needs of the general school population and those students with identified health conditions.

11. Participate in Admission, Review, and Dismissal Committee (ARD) meetings of students with identified health needs and develop Individual Health Plans (IHPs). Work with district personnel regarding implementation of IEP goals and services.

12. Advise campus administration in crisis or emergency situations and participate in assessment and reporting of suspected child abuse.

Administration

13. Work with health services coordinator to develop and coordinate continuing evaluation of campus health program and make changes based on findings. Develop and recommend campus policies and procedures to promote the health and wellness of students and staff.

14. Supervise, train, and participate in evaluating LVNs and other staff with responsibility for assisting students with health needs to who the school nurse has delegated tasks.

15. Coordinate and deliver training for school employees acting as unlicensed diabetes care assistants evaluating unlicensed diabetes care assistants.

16. Compile, maintain, and file all reports, records, and other documents required, including clinic records and accurate and confidential student health records such as immunization records, medication administration records, individual student treatment records, and IHPs.

17. Requisition supplies and equipment needed to maintain clinic inventory.

18. Comply with policies established by federal and state laws, Texas Department of Health rule, State Board of Education rule, and board policy. Comply with all district and campus routines and regulations.

19. Report potential health and safety hazards to principal.

2023 Texas Association of School Boards, Inc. All rights reserved.

20. Follow district safety protocols and emergency procedures.

Professional Development

21. Maintain professional nursing skills and knowledge as required by the Texas Nurse Practice Act and the Texas Board of Nursing including certification for mandated screenings and Basic Life Support for Healthcare providers (CPR/AED).

Supervisory Responsibilities:

Direct the work of licensed vocational nurse (LVN) and assigned health clinic aide(s).

Mental Demands/Physical Demands/Environmental Factors:

Tools/Equipment Used: Standard medical clinic equipment including automated external defibrillator (AED); special needs adaptive equipment; standard office equipment including computer and peripherals

Posture: Frequent standing, sitting, kneeling/squatting, bending/stooping, pushing pulling, and twisting

Motion: Frequent walking, grasping/squeezing, wrist flexion/extension

Lifting: Frequent light lifting and carrying (less than 15 pounds); may require regular heavy lifting (45 pounds or more) and position of students with physical disabilities; controlling behavior through physical restraint, assisting nonambulatory students

Environment: Exposure to biological hazards, bacteria, and communicable diseases

Mental Demands: Work with frequent interruptions; maintain emotional control under stress
