Principal Minute

I am so grateful I have the opportunity to interact with your children each day. They are such great kids! I love the month of October. It brings many exciting events to Nibley Elementary, including Parent Conferences, the Flu Shot Clinic, Fall Break, Safety Week, and STEAM Night. Please read the safety letter included with this newsletter for important updates to our school safety protocols. Your support helps keep our school safe and welcoming for all students.

Counselor Corner

It's already October! Our 5th grade Kindness Krew is up and running. They will be sponsoring a Diaper Drive later this Fall. Character Strong, our new district character building curriculum has also begun in the classrooms. Students have been focusing on Kindness and Respect. My lesson this last month was on integrity. I was impressed that every classroom I went into knew what integrity meant! If you have any student concerns or would like to schedule a time to meet, please contact me by email: Susan.paulsin@ccsdut.org

KEN GARFF LOG IN FOR MULTIPLE CHILDREN

If you have more than one student at Nibley Elementary, here is a helpful update for logging minutes! When you log out of one child's account and try to sign back in, a pop-up will ask: "Are you [Child's Name]?" Simply select "No" to go straight to the login prompt for another child.

Halloween Parade

October 30th - 2:00

Our annual costume parade will be held outside following the same route as last year. Parents are welcome to attend. Students will be dismissed after the parade.

Please follow these costume guidelines for students: No scary, gory, bloody, or revealing costumes. Students are not allowed to bring accessory equipment such as toy weapons, magic wands, etc. No mask are allowed. Costumes should not obstruct students from participating in regular academic learning. No glitter please!

Cache Valley Direct

Cache Valley Direct books will be available starting October 1st. The books are ONLY available for purchase in the office and will not be sent home for students to sell. With discounts on food, health, home, entertainment, automotive, and more, this is a great family resource that also provides valuable funds to support student learning and growth at our school. Each book costs \$30. Please consider supporting our PTA with your purchase. Pay online with this [link](#).

School Safety Update & Upcoming Safety Week

Dear Nibley Elementary Community,

At Nibley Elementary, the safety and security of our students is always our top priority. Thank you for partnering with us to keep our school safe by following our campus protocols. We continue to work closely with district officials, state safety teams, and local emergency responders to maintain a secure environment for everyone.

This Month's Drill: SECURE Protocol: First week of October!

This month, our school will practice our SECURE standard response protocol.

- When it is used: If there is a potential safety concern or incident outside the building.
- What students do: Return inside the building immediately and continue learning as usual.
- What staff do: Bring everyone indoors, ensure all exterior doors are locked, increase situational awareness, account for all students and adults, and continue normal school activities.
- Official support: Local emergency responders and district officials monitor the drill in real time to ensure seamless coordination.

Save the Date: Safety Week (Oct 26-30)

The last week of the month is our annual Safety Week at Nibley Elementary! Throughout the week, students will participate in age-appropriate safety instruction across various daily topics. Keep an eye out for more details coming soon!

Thank you for your ongoing support in keeping our Nibley community safe,

– The Nibley Safety Team

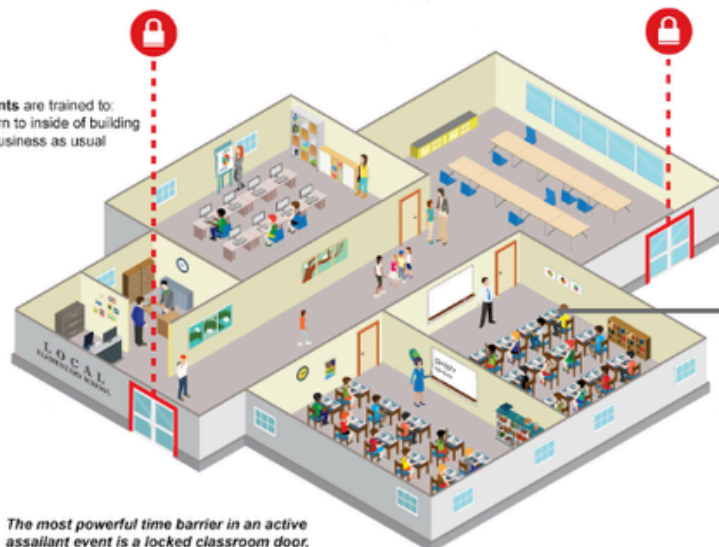

SECURE PROTOCOL

GET INSIDE. LOCK OUTSIDE DOORS.

Students are trained to:

- Return to inside of building
- Do business as usual

Adults and staff are trained to:

- Bring everyone indoors
- Lock the outside doors
- Increase situational awareness
- Account for students and adults
- Do business as usual

The most powerful time barrier in an active assailant event is a locked classroom door.
