Pingry

The College Board has opened up AP Testing Registration for the May 2027 exams. The fee for each AP exam at Pingry is $109. In order to keep the AP designation on their transcript, students enrolled in AP courses are required to take the AP exam. Please contact Nadine Gano, AP Coordinator, if you have any questions.

AP Students, if you are currently taking an AP course, you will need to "Join your AP Class Section" at myap.collegeboard.org using your College Board student account login. This is the same login you use to access your AP scores and PSAT scores, or to register for the SAT.

If you have forgotten your username and/or your password, go to apstudents.collegeboard.org for help. If you do not have an AP student account, go to myap.collegeboard.org and click on "Create Account" to create your College Board account.

To sign up for an AP exam, you will need the Join Code given to you by your AP teacher. Please do not share this code with any other students.

All other students, if you want to take an AP exam for a course in which you are not enrolled, visit Ms. Gano in Upper School Office 454 for an AP Exam Only Sign-Up Form. Once the form is completed, Ms. Gano will send you the appropriate Join Code(s) so that you can register for your exams. The AP Exam Only Sign-Up Form must be completed and handed back in to Ms. Gano **before Monday, November 9, 2026**. Registrations after this date will incur a $40 late fee.

All of the AP exams will be given online using the College Board's Bluebook App that students will take on their own device. Science, math, and music theory exams will use a hybrid of Bluebook and handwritten free-response answers on a paper exam booklet. Language and Music Theory exams require students to bring an approved corded headset with a microphone. Wireless headphones are not permitted.

Please note: Forms III and IV students requesting to take self-study exams are required to write a request explaining why self-studying for an exam is a priority for them. Their reflections will be read by the Upper School and College Counseling offices. All requests must be submitted to the Academic Dean, Ms. Aviles, by October 30 for approval before the November 9 deadline.

All students, if you are taking an AP exam, you are responsible for having the latest version of the College Board's Bluebook App loaded on your device and knowing how to use the app on exam day. The Bluebook App was used on the PSAT/NMSQT and AP exams last year. Student devices must be fully charged on exam day.
