

TUITION ASSISTANCE POLICIES AND APPLICATION INFORMATION

**Deadline to receive determination
with admissions decision
is Monday, February 1, 2027**

**Tuition assistance should be applied for at the same time as admissions.
Families do not need to wait to be accepted before applying for aid.**

Policies

- Tuition assistance is a needs-based program. Each application is looked at on an individual basis and there is no income limitation. Approximately 20% of our students receive financial aid.
- The application process is entirely online. Applications completed with verified forms by February 1, 2027, will receive an awards determination email on April 3, 2027, in conjunction with the admissions decision.
- The maximum financial aid award is 80% of tuition (for example, \$17,080/\$21,350 for the 2026-2027 school year).
- **Financial aid is an annual award.** You must reapply every year and your award amount may change every year based on your current circumstances and the amount of financial aid available.
- Students who are awarded financial aid must complete work study during school hours.
 - Work study takes the place of an elective course.
 - Our graduation requirements are structured so that students on work study are able to get all credits needed for graduation. Depending on the amount of aid awarded, your student is required to work one or two semesters.
 - Students are not required to complete work study during their freshman year.
- The Archdiocese of Atlanta offers an active Catholic tuition rate to qualifying families. To receive this rate, your parish must submit a verification form on your behalf. Families do not need to apply for financial aid to receive the active Catholic rate. Details are available on our tuition page (link below).

Application instructions

- Go to online.factsmgt.com/aid.
- Click on the new user 'Create an Account' button and follow the step-by-step instructions. (FACTS charges a \$45 application fee.)
- Under the Student and School information section, please make sure you enter all students attending a private elementary or high school, not just those students attending Blessed Trinity. (College expenses are listed in another section.)
- You will need all of your monthly and annual household expenses in order to complete the application.
- Applications will continue to be accepted during the summer and school year. These applications will be reviewed and verified by FACTS, and if funds are still available, will receive a pro-rated award amount.

If you have any questions, please contact the Blessed Trinity business office,
facts@btcatholic.org, or scan the code to visit btcatholic.org/admissions/tuition.
