

Raptor Check in How To

During a drill use the Raptor App to Check in for yourself and your students. Paras – your students will be rostered with their teacher so they may not show on your Profile and Roster. If not please check yourself in so we know where you are. You can also text the teacher that you have your student.

During a drill the incident details will appear in the app. Click My Profile & Roster

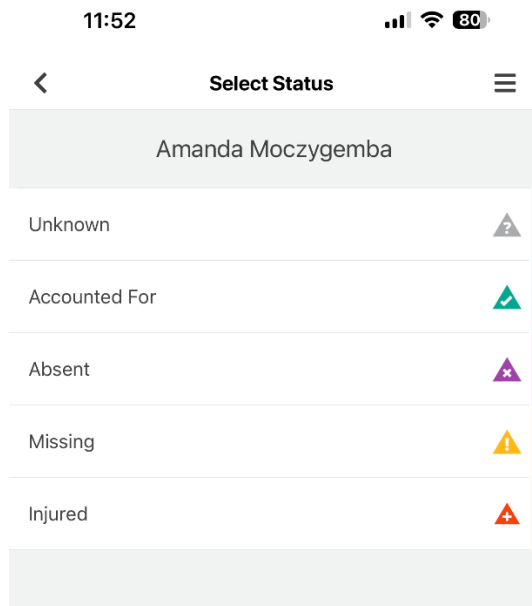

From there change your status and location. Tap Status and it will give you several options.

Raptor Check in How To

Those options are:

If you are absent and receive the alert please click absent.

I do not have students rostered to my account so I cannot show screenshots of their roster but it will show for you if you have students assigned in Ascender.
