A message from Mr. Bomar, Assistant Principal…

As we move into October, we will continue building on the WARRIOR culture established during September. Our goal is to help students understand that being a WARRIOR is more than simply knowing what each letter stands for—it is about putting these values into practice every day. Throughout the month, we will encourage students to demonstrate what it means to be Welcoming, Aspire, Respectful, Responsible, Involved, Outstanding, and Resilient in the classroom, throughout the building, and within our community.

As we continue to establish a positive and respectful school environment, we would also like to remind families of the expectations outlined in the Wilson Area School District Student Handbook. Student dress and attire should be clean, safe, respectful, reasonable, and non-disruptive. Clothing and accessories should not create a health or safety hazard, cause a distraction, or interfere with the educational process. We ask that families please review the dress-code expectations with their students and help ensure that students arrive at school dressed appropriately each day. Our goal is to partner with families to help students understand and meet these expectations while maintaining a positive learning environment for everyone.

Thank you for your continued partnership and support as we work together to build a strong WARRIOR culture at Wilson Area Intermediate School
