

Welcome Back! We hope you had a wonderful summer. This month is going to have a few new things with a lot of old favorites. We are also excited to announce the continuation of our Global Eats program. Our students will be able to sample cuisine from all over the world with our Resident Chef Jacob Favro

***The choices are still there for your kids to really get food they want;
and the best thing about it is It's all still FREE !***

We will continue with our fresh Salad Bar for grades 3-12! Fresh, locally grown produce and even a daily pasta salad makes our "new" salad bar a popular destination for our students.

With all of that, we still offer a Cheeseburger, Corn Dog, Chicken Strips, Pizza, every day, Mozzarella Cheese Sticks, Hot Dogs, and Chicken Patty Sandwich weekly!

We will have new items each Month & local produce; we are looking forward to a fun and fruitful fall semester.

Chartwells would like to thank Sarah Wicks for putting together a wonderful summer program this year. Also would like to thank Ken Garrison and our maintenance team for all of their hard work improving our campuses every year!
