About This Report

The Central Susquehanna LPN Career Center (CSLPNCC) prepares this Annual Security Report (ASR) in accordance with the Jeanne Clery Campus Safety Act and applicable U.S. Department of Education requirements. The report provides information about campus safety policies, crime reporting procedures, emergency response, prevention programs, and Clery crime statistics for calendar years 2023, 2024, and 2025.

CSLPNCC is located at 15 Lawton Lane, Milton, Pennsylvania 17847. Classroom and laboratory instruction are provided at the LPN Career Center. Clinical experiences are provided at affiliated health-care and community sites.

Emergency: Call 911. Local law enforcement: Pennsylvania State Police, Milton Barracks, 50 Lawton Lane, Milton, PA 17847, 570-524-2662 (non-emergency).

Annual Distribution and Availability

By October 1 each year, CSLPNCC distributes notice of the availability of this report to all currently enrolled students and current employees. The report is also made available to prospective students and prospective employees on the CSLPNCC website, www.csiu.org/lpn. A paper copy is available upon request from the LPN Career Center.

Clery Geography

For Clery Act reporting, campus geography includes the buildings and property that meet the federal definition of campus, applicable public property immediately adjacent to and accessible from campus, and any qualifying noncampus buildings or property owned or controlled by the institution and frequently used by students.

CSLPNCC does not provide on-campus student housing. Therefore, on-campus student housing statistics and the separate annual fire safety report requirements applicable to institutions with on-campus student housing are not included in this report.

Reporting Crimes and Emergencies

Students, employees, and visitors are encouraged to report all crimes, suspicious activity, safety concerns, and emergencies promptly and accurately. Crimes and other reportable incidents should be reported promptly to Dr. Ashlee Bower, Director of Operations, who serves as the designated institutional contact for such reports. In an emergency, call 911. Reports may also be made to the Pennsylvania State Police, Milton Barracks, or to designated CSLPNCC officials.

Voluntary or Confidential Reporting

CSLPNCC encourages victims and witnesses to report crimes. Reports may be made to Dr. Ashlee Bower, Director of Operations. Personally identifying information is handled in accordance with applicable law and institutional policy. Clery statistical reporting does not require disclosure of a victim's personally identifying information.

Preparation of Annual Crime Statistics

Each year, CSLPNCC compiles Clery crime statistics from reports made to campus security authorities and applicable local law enforcement agencies for locations within the institution's Clery geography. The institution requests crime information from law enforcement agencies with jurisdiction over applicable Clery locations and includes reportable crimes known to institutional campus security authorities. Statistics are classified and reported in accordance with federal Clery Act definitions and reporting rules.

A crime is included when it is reported to a campus security authority or local law enforcement and meets the applicable Clery offense and geography requirements. The absence of an arrest, prosecution, or conviction does not by itself remove an otherwise reportable crime from Clery statistics.

Timely Warnings

When a Clery-reportable crime is reported and CSLPNCC determines that the incident may pose a serious or continuing threat to students or employees, the school will issue a timely warning through Blackboard. Warnings will be issued in a manner intended to aid in the prevention of similar crimes while protecting the confidentiality of victims and other personally identifying information as required by law.

Emergency Response and Evacuation

CSLPNCC maintains procedures for responding to a significant emergency or dangerous situation that poses an immediate threat to the health or safety of students or employees. Because CSLPNCC operates from a single building, emergency notifications will generally be provided to the entire school community. Dr. Ashlee Bower, Director of Operations, is the designated school official responsible for confirming an emergency, determining the appropriate content of the notification, and initiating the notification without delay. Notification may be delayed only when doing so is necessary to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Emergency Testing

CSLPNCC tests its emergency response and evacuation procedures at least annually. Tests may be announced or unannounced. The institution documents each test, including a description of the exercise, the date and time, and whether it was announced or unannounced, and publicizes its emergency response and evacuation procedures in conjunction with at least one test each calendar year.

Security of and Access to Campus Facilities

CSLPNCC seeks to maintain facilities in a manner that supports campus safety. Access to instructional and administrative areas is limited consistent with scheduled classes, operations, and authorized use. Students and employees are expected to promptly report unsafe conditions, damaged locks, lighting concerns, suspicious activity, or other security and safety concerns to Dr. Ashlee Bower, Director of Operations.

Campus Law Enforcement

CSLPNCC does not operate a sworn campus police department. Criminal matters are referred to the law enforcement agency with jurisdiction, including the Pennsylvania State Police, Milton Barracks. Students and employees are encouraged to report crimes accurately and promptly to law enforcement and appropriate school officials.

Security Awareness and Crime Prevention

Campus safety is a shared responsibility. CSLPNCC provides students and employees with information intended to promote awareness of safety procedures, reporting options, crime prevention, and personal responsibility for security.

Off-Campus Student Organizations

CSLPNCC does not officially recognize student organizations with off-campus housing facilities and therefore has no such locations to monitor for Clery purposes.

Alcohol and Illegal Drugs

CSLPNCC prohibits unlawful possession, use, sale, or distribution of alcohol or illegal drugs on school property or as part of school activities, consistent with institutional policy and applicable federal and Pennsylvania law. Violations may result in disciplinary action and may be referred to law enforcement as appropriate.

Information concerning standards of conduct, legal sanctions, and disciplinary sanctions can be found in the Student Handbook.

Dating Violence, Domestic Violence, Sexual Assault, and Stalking

CSLPNCC is committed to providing an educational and working environment that addresses dating violence, domestic violence, sexual assault, and stalking. The institution provides prevention and awareness information and responds to reports in accordance with applicable law and institutional policy.

If an Incident Occurs

- Get to a safe location and call 911 when immediate assistance is needed.
- Consider seeking prompt medical attention. Preserving evidence may be important for a criminal investigation, protection order, or institutional proceeding.
- A victim may report to law enforcement and/or appropriate school officials, may request assistance from the school in contacting law enforcement, or may decline to notify law enforcement.
- The institution will provide written information to a reporting student or employee concerning rights, options, and available services.
- Public Clery records and disclosures are completed without including personally identifying information about the victim.

Supportive Measures and Services

As applicable and reasonably available, CSLPNCC will provide information about academic, working, transportation, and other protective measures or accommodations. The institution will also provide the Community Resource Guide which contains information about available community resources, including medical care, counseling, victim advocacy, legal assistance, and other services appropriate to the circumstances.

Disciplinary Procedures

Institutional disciplinary proceedings involving allegations of dating violence, domestic violence, sexual assault, or stalking will be conducted in accordance with the school's applicable conduct and grievance procedures and federal requirements, including requirements concerning notice, impartiality, advisor participation where applicable, and simultaneous written notice of results as required by law.

Registered Sex Offender Information

Information concerning registered sex offenders in Pennsylvania is available through the Pennsylvania State Police Megan's Law public website. Members of the campus community may also contact the Pennsylvania State Police for information concerning applicable sex-offender registration resources.

Hazing Policy, Reporting, and Prevention

Hazing is prohibited. For Clery Act purposes, hazing includes intentional, knowing, or reckless conduct committed against a person, regardless of that person's willingness to participate, that occurs in connection with initiation into, affiliation with, or maintenance of membership in a student organization and causes or creates a risk of physical or psychological injury above the reasonable risk encountered in the institution or organization.

CSLPNCC does not currently recognize or sponsor any student organizations. Nevertheless, CSLPNCC prohibits hazing in connection with any school-related group or activity.

Any suspected incidents of hazing should be reported promptly to Dr. Ashlee Bower, Director of Operations, and, when criminal conduct or an emergency is involved, to law enforcement or 911. Reports will be reviewed and investigated as appropriate in accordance with school policy and applicable law.

Hazing Prevention and Awareness

CSLPNCC provides students, faculty, and staff with hazing prevention and awareness information. This information addresses the school's prohibition against hazing, how to recognize and report suspected hazing, applicable law, and strategies intended to prevent hazing before it occurs. Prevention strategies may include bystander intervention, ethical decision-making, and promoting positive group interactions without hazing.

CSLPNCC reports hazing statistics as required under the Clery Act. CSLPNCC currently has no student organizations and has had no student organizations found responsible for a hazing violation.

Campus Hazing Transparency Report

If CSLPNCC makes a finding of responsibility that a student organization violated the institution's standards of conduct related to hazing, the institution will publish and update a Campus Hazing Transparency Report as required by federal law. If no such finding exists, no update is required solely for the purpose of reporting zero findings.

Missing Students / Fire Safety

CSLPNCC does not provide on-campus student housing. Accordingly, the Clery Act missing-student notification requirements and the annual fire safety report requirements that apply specifically to institutions with on-campus student housing facilities are not applicable to CSLPNCC.

Clery Crime Statistics: 2023-2025

The following statistics reflect reportable Clery crimes reported for the institution's applicable Clery geography. CSLPNCC reported zero occurrences in each listed category for calendar years 2023, 2024, and 2025, based on the information provided for preparation of this report.

ANTI-HAZING AWARENESS & PREVENTION NOTICE

For Students, Faculty, and Staff

CSLPNCC does not currently recognize or sponsor any student organizations. However, hazing is prohibited in connection with any school-related group or activity, whether on or off school property. Every member of the school community has a role in preventing and reporting hazing.

What is hazing?

Hazing generally includes intentional, knowing, or reckless conduct connected with joining, affiliating with, or maintaining membership in a student group or organization when the conduct causes or creates a risk of physical or psychological injury. A person's willingness to participate does not necessarily make the conduct acceptable or lawful.

Examples of conduct that may be hazing

- Forcing or pressuring someone to consume alcohol, drugs, food, or other substances.
- Requiring dangerous, degrading, humiliating, or physically exhausting activities.
- Creating unreasonable sleep deprivation, isolation, intimidation, or psychological distress.
- Requiring conduct that violates school policy or the law as a condition of belonging to a group.

Help prevent hazing

Use safe, respectful ways to build teamwork and belonging. Do not participate in, encourage, or ignore conduct that humiliates, pressures, isolates, threatens, or endangers another person. If it is safe to do so, speak up, interrupt the behavior, get help from another person, and report the concern. Group activities should promote respect, inclusion, teamwork, and safety without coercion or humiliation.

How to report suspected hazing

Report suspected hazing promptly to: Dr. Ashlee Bower, Director of Operations

If there is an immediate threat to health or safety, call 911 first. Reports will be reviewed and investigated as appropriate under school policy and applicable law.

Pennsylvania law

Pennsylvania's Timothy J. Piazza Antihazing Law (18 Pa. C.S. Chapter 28) prohibits hazing and related offenses. Violations may result in school disciplinary action and may also carry criminal or civil consequences under Pennsylvania law.

Remember

Belonging should never require humiliation, coercion, danger, or harm. When in doubt, report the concern.
