Strategic Planning Updates Leader Goals aligned to strategic plan increase the proficiency of math 72.7 to 76.7 met 78.4 next for ELA 61.5 to 64.5 currently grade has not been released. New standards in ELA take longer. ELL 8 of 12 achieve proficiency. Lizzie 3rd grade 66.3-71.3 Leigh Murrieta 3rd math 76.9 to 80.6 goal met 83.8 Thompson goal was 83.6 to 87.6- not met for math 84.6. Becca score between 522-557 goal for fourth grade 75 percent students in visibility group. And by May first grade 85 percent of first grade students achieve proficiency in reading. Dr. Conway reviewed goal 137 students grade level. 24 students

identified for visibility group. These students are projected for developing the math GMAS is they achieve typical growth measured by iReady Inform. We can reach our goal is 63 percent in the visibility group and achieve proficiency. Wagner covers ELA growth with 159 students and 30 students with visibility group. Chalpan has 151 students grade level and 35 in a visibility group. Murieta has a group of 56 and 16 in a visibility group. Thompson has 134 students and 30 in a visibility group. Becca has 137 students with 22 students in a visibility group for 4th ELA. Readiness goal of 1st grade 134 students with 33 students with a visibility group.

Approved New VAF Program Requests: Strategic wavier non needed at this time.

Principal's Updates: Dr. Conway shared strategic plan. Reviewed Robinson in 3rd grade got moved to another school Esther Jackson because a 1st grade class White's class collapsed. White moved to teach 3rd grade. Saleeby had her baby and the sub was interviewed to teach and support 5th grade content.
