TOPIC

NOTES

Welcome & Introductions	• Introduction of Mr. Jumon Hailey, Prevention Education Director with The Life Center, by Lead Nurse Meagan Souquette RN.
Presentation by Mr. Jumon Hailey, Prevention Education Director with The Life Center	• Presentation from 1219 to 1300. • No Gray Area, HS Program. No cost, 3 day sexual risk avoidance program. Medically accurate facts and terminology and complies with Texas State requirements for TEKS and is age and grade level appropriate. Discusses both positive and negative consequences of their choices. Discusses topics such as social media use, peer pressure and bullying, and encourage relationships built on shared values and respect. Educated on risks of unplanned pregnancy, STI's, and encourages abstinence until marriage. • Impact 4 & 5. No cost, 3 day program. 4th and 5th grade, character based program, emphasizes healthy decision making skills. Complies with Texas State requirements for TEKS, and is age and grade level appropriate. Discusses healthy habits and boundaries for social media, personal care, relationships, bullies and how to respond to them. 5th grade program will introduce the topic of puberty and changes that will happen at this stage of life. The 5th grade class is taught in separate rooms based on gender. • y.wud.i, No cost, 3 day program. 6th grade and JH program, sexual risk avoidance program. Medically accurate facts, encourages setting boundaries to protect their health and future. Discusses topics such as social media use, peer pressure, bullying, sexting, pornography and encourages relationships built on shared values and respect. Students can be charged and prosecuted for sexting. Educated on risks of unplanned pregnancy, STI's, and encourages abstinence until marriage. Complies with Texas State requirements for TEKS, and is age and grade level appropriate. • 3 day program can be condensed to a 1 day, 45 minute class for older grades and 1.5 hours for lower grades. Classes can be conducted in a classroom but are typically done in a cafeteria or gym.
Jeff Perez-Assistant Superintendent-	• IRT programs, there is a process prior to implementing them. Policy must be reviewed, must have an open meeting discussing the programs with parents, staff & community. Will be a multi-step process. Must hold a public meeting to present chosen program to parents, then it can be put on the agenda to be discussed during a school board meeting.

	Question: Do these programs meet Texas State requirements? Yes they do meet Texas State TEKS requirements.	
Maegan Souquette R.N. Lead Nurse for BSISD.	- Scheduled presentation on sexual health education programs provided by representative from The Life Center. - Stated that she would like to be able to sit through a presentation of the programs discussed prior to one being chosen to present to the school board. - Tentative meeting dates discussed for 2026-2027 school year. Tentative date for first meeting will be Thursday 10/01/2026, final date TBD.	
Stephanie Braxton LVN, Marcy Elementary campus nurse	Reviewed previous meeting minutes, approved as read.	
Student Council Members-Ideas/Suggestions	- Question: Are presenters trained? Yes, receive training through The Life Center. The Life Center has prevention/intervention and health service depts. - Question: What does The Life Center promote? The Life Center only promotes abstinence until marriage, no birth control or contraceptives are discussed in any of the programs offered. - Question: Will another program need to be added that will inform students about birth control and contraceptives? Unknown at this time since a program has not been chosen or approved. - StuCo members do not believe that The Life Center program will fit the needs of the student population.
