

QSI Parent Portal

One place for key school information, student updates, and published resources.

What it is

A secure parent-facing portal used to access information and resources connected to your child and school.

Why it matters

Parents can find common information without searching through emails or needing to request info.

How access starts

Parents receive an invitation. There is no self sign-up. Initially, each account starts with a school invitation via email.

The login interface for the QSI Parent Portal is displayed on a light gray background. At the top, there is a small version of the app icon. Below it, the text 'QSI Parent Portal' is centered. The login form consists of several elements: an email input field with an envelope icon and the placeholder text 'email'; a password input field with a magnifying glass icon, the placeholder text 'Password', and a toggle icon on the right; a 'Remember me' checkbox; a dark blue 'Sign In' button; a 'Forgot Password' link; and an 'Enter Invitation Code' input field.
