Attendance

ASD encourages 90% attendance. See [ASD MS Handbook](#). Parent notifications may be sent when multiple absences and/or tardies, excused or unexcused, are of concern.

If your student needs to leave during the school day, blue passes must be requested at **least 30 mins in advance and requested no later than 3:00pm**. Parents/Guardians and people listed in your Student's emergency contacts are the only contacts allowed to excuse your student for any attendance related issues. There is not a need to come in the building once we issue a blue pass. Late Arrival tardies will not be excused unless we are notified by a parent or guardian.

We appreciate your interest in volunteering for the Anchorage School District Volunteer Program. Our district offers a variety of activities you may choose from when volunteering your time. Please complete and submit a volunteer application. Upon approval you will receive instructions on the next steps.

It is very important that the information you enter on the application matches your government issued identification card including your full legal name. It is important that you provide a valid email address so you can be notified of the status of your application and for future communication. If you are unable to provide an email address, please be sure to provide a good contact phone number. All information collected on the application will remain confidential and not be shared outside of the volunteer program.

Not all volunteer applicants will be approved. ASD reserves the right to deny any application if the review discloses an area of District concern. Some reasons for denying volunteer applications have included:

- Applicant is listed on a state or federal sex offender or child kidnapping registry;
- Applicant has been convicted of a crime (misdemeanor or felony) involving domestic violence or child abuse or neglect;
- Applicant has been convicted of a felony;
- Applicant has been convicted of driving under the influence, operating a vehicle while impaired, or having a similar charge in the last three years (for volunteer drivers).

While the above is not an exhaustive list, it provides some insight into our volunteer application review process. The timeframes of convictions will also be reviewed on a case-by-case basis. We consider the timeline of offenses when making the determination. The superintendent's designee has the final authority to make the decision.

If you have any questions about the application, please email morton_natalie@asdk12.org or volunteer@asdk12.org.

ASD activities vary significantly. This Waiver is meant to cover all situations, environments, and capacities in which volunteers may find themselves while volunteering. Due to the very wide scope of roles and possible outcomes, by signing this Waiver, the Volunteer assumes legal responsibility for the work, but not responsible, risk of events such as vehicle collisions, gun violence, or natural disasters, and resulting bodily injury, illness, property damage, and even death. Finally, as a condition of volunteering and by signing this Waiver, ASD asks you (and anyone that could legally stand in your place) to assume all risks arising from volunteering, and to agree to release ASD and its agents from liability stemming from ASD's NEGLIGENCE, MISTAKES, or unpredictable conditions or circumstances, whether related to inherent risks or otherwise. ASD asks that you also agree to indemnify and hold ASD harmless for any claims arising out of your participation as a volunteer.

By signing below, and submitting this application, you represent that you understand and agree to ASD's terms and understand that it is your responsibility to complete the mandatory reporter training if your volunteer activities meet the threshold.

Locker Guidelines

To help keep student belongings safe and lockers functioning properly, please review the following expectations:

- Students should keep their locker combination private and store only their own belongings in their assigned locker. Students are responsible for all items found inside their lockers and may face disciplinary consequences for prohibited or stolen items.
- Students should use only the locker assigned to them. If another person learns a student's combination, the student or parent/guardian should notify the front office immediately.
- Locker doors should be closed gently by hand. The door should close easily and latch at both the top and bottom. If it does not close properly, students should reopen it and check for items blocking the door.
- Students should keep their lockers neat and organized. Items should not touch the back of the lock mechanism, as this may cause the locker to jam.
- Textbooks and small items should be placed neatly on the top shelf. Backpacks should be hung from the rear hook—not the top hook—and jackets should be hung from a top or side hook.
- Large binders should be placed carefully at the bottom of the locker and positioned behind the side rails.
- Students should report any malfunction, damage, or broken parts to the front office immediately. Parents and guardians may also contact the school if they have concerns about their student's locker.

- Food and lunch items should be removed daily. Dirty clothing should be taken home each week.
- Students may decorate only the inside of their lockers. Only transparent tape or masking tape may be used to hang items.
- Students and families should understand that lockers are school property and may be searched by school administrators at any time.
