OFF TO A GOOD START!

We are excited to kick off another wonderful school year at Greenwood Lake Elementary!

This year, we are bringing back our PBIS Program. Our students had the opportunity to learn about our school-wide expectations, what it means to make positive choices, and how their actions can help create a safe, respectful, and welcoming school community. We also introduced some of the exciting things students can look forward to throughout the year as they demonstrate positive behavior and make great choices.

Our students are already excited to see what's in store for them! From earning Bear Bucks and receiving recognition for positive choices to participating in special celebrations and activities, there will be many opportunities for our Lakers to shine.

We are looking forward to a year filled with kindness, responsibility, respect, and school spirit. We can't wait to see our students put their best paws forward and make this a fantastic year at GWL!

Go Lakers!
