AUTUMN 2026

NEW ALBANY-PLAIN LOCAL SCHOOLS

LET'S CONNECT

Message from the Superintendent

As we continue an exceptional fall at New Albany-Plain Local Schools, I want to thank our families and community for the incredibly warm welcome you have extended to me and my family. These first several months as Superintendent have been an amazing experience. I am inspired by our dedicated staff and, most importantly, our incredible students. Their energy, accomplishments and care for one another make NAPLS a truly special learning community.

This fall, we also launched **Soar Like A Champion**, a recognition program celebrating students and staff going above and beyond through kindness, leadership, service and support for others. Their stories reflect the very best of who we are. Thank you for your continued partnership and support. I look forward to a great school year and all that lies ahead! *- Dr. Jason Fine, Superintendent*

FUTURE FOCUS

NAPLS is building for the future! Phase One of our Campus Master Plan is taking shape with construction of a new Primary School for grades K-2, the transformation of the iconic "H" building into a state-of-the-art Technology Hub scheduled to open February 2027, and development of a new Athletic Campus, giving first priority to baseball and softball facilities. These projects represent more than new buildings, they are an investment in innovation, student opportunities, and a campus designed to serve generations of Eagles to come.

FINANCE

The February forecast projects an ending cash balance of $868,575 in the fourth year. This positive balance is primarily due to unexpected prior-year Tax Increment Financing (TIF) payments, some of which will continue into future years. The forecast also reflects lower expenditures across all areas compared with the original October projections. These savings helped offset the reduction in revenue. Cost reductions were achieved through staff attrition, filling only positions that are justified by operational needs, and limiting spending to necessary expenses. The District will work to identify cost saving measures to mitigate the negative ending cash balance in the fifth year.

-Becky Jenkins, Treasurer & CFO

Our Purpose
To Create a Culture of Accountability That Achieves the Best Academic and Developmental Outcomes for Each Student.
