HOMECOMING DANCE

Time of Our Lives

Vianney Homecoming is one of those events that serves as the basis for some of the best memories and experiences. Unfortunately, due to COVID-19, Vianney couldn't hold a homecoming dance last year. When it was announced that the homecoming dance would resume, the anticipation was palpable. To some it was a sign that there was a sense of normalcy returning. For the freshmen and sophomores, it was their first experience with a Vianney dance. The juniors and seniors on the other hand were experiencing a blast from the past... fitting as the theme for the dance was *Back to the Future.*

A DeLorean was rented for the event putting everyone in the spirit for an 80s-themed dance. Not to mention, students had the opportunity to sit in the vintage car for pictures.

The dance was a welcome return to the homecoming tradition at St. John Vianney High School, a familiar experience for some, brand new for others.

THE NIGHT OF THE GRIFFIN

A Big Night For Vianney

At Vianney's 40th Annual Auction, $569,000 was raised in total from the Night of the Griffin, the most Vianney has ever raised. Juniors Slava Chay and Luc Woolbright made this year's Fund-A-Need video centered around the wrestling team and their successful year.

520 people attended this year's auction, "It was a sold-out crowd which was great", Director of Events, Kelly Mueller said.

75 students worked that night as ambassadors, servers, and volunteers. The item that raised the most money was a luxurious vacation to Pennsylvania for $12,000. However, unsuprisingly, the most sought after item at the auction was Hopper the auction puppy, who garnered much love and attention at Vianney.

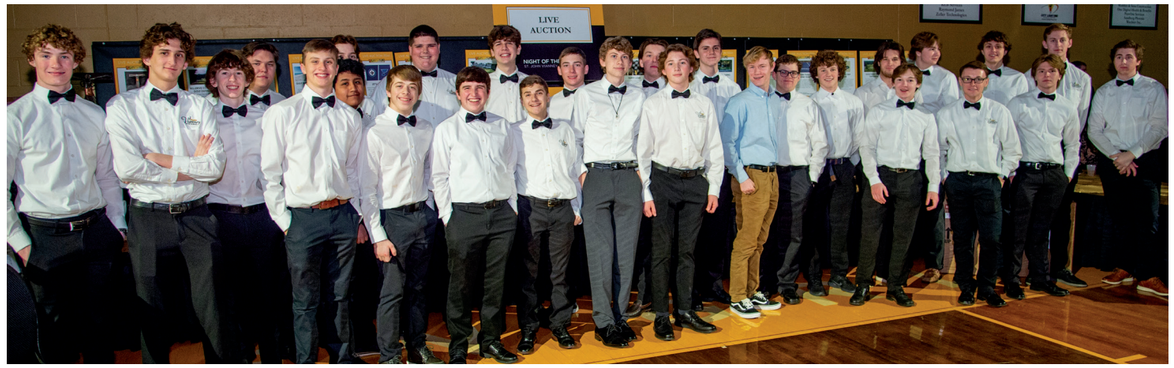

Mueller explained, "So every year after the auction we always send out a survey to all of our guests, and we ask them what their favorite parts of the night are for the whole event and everyone always talks about how they like to get together as a community." Mueller continued, "They like to talk with one another and their favorite part is seeing the students there."

This year's in-person auction followed last year's virtual auction, truly allowing the community sprirt to flourish.

"It's just a very fun night for the whole Vianney community whether it's an alum, a grandparent, or a current parent. Even the students get together and raise money for the school [and] enhance the great relationships that we have here at Vianney and also to Perpetuate the family spirit" Mueller said.

Brian Rhame and his wife Nicolle pose for a photo during the auction.

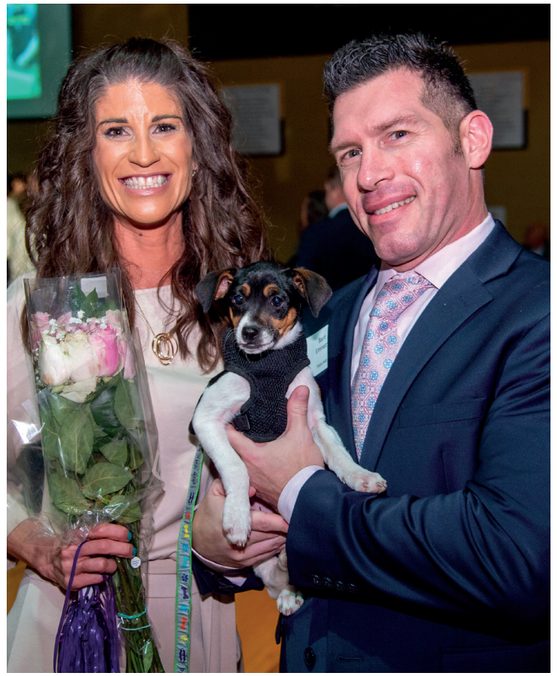

(Above Left to Right) Brayden Wells, Nate Picha, Charlie Spoonhour, Nathan Waigand, Dominic Wuertz, Peter Gilmore, Zak Poulson, Charlie Schueppert, Luke Ledwon, Joe Schueler, John Bilka, JD Masson, Drew Roche, Ethan Ramsey, Gavin Roach, John Chapman, Slava Chay, Thomas Mueller, Cole Ludwig, Chase Bresler, Jeremy Struckel, Ryan McCaffrey, Tommy Collora, Adam Sausele, Tyler Trueman, John Wolf and Luke Higgins volunteer at Night of the Griffin.

BY THE NUMBERS

$569,000 in total from the Night of the Griffin!

520 people attended this year's auction.

The biggest item was the vacation to Oakmont Country Club in Pittsburgh, Pennsylvania, including Cardinals and Pittsburgh Pirates tickets.

Fund-A-Need raised $259,000.

The most popular item was Hopper, the auction puppy.

JUNIOR UNITY MASS & DANCE

Ringing in a New Era of Leadership

The Junior Unity Mass is an event held for every class of Juniors who pass through Vianney. Come winter, a Mass is held on behalf of the juniors wherein they receive their class rings and pins in the presence of their families. Juniors receive a ring if they ordered one and a pin if they didn't order a ring.

The rings are special, not only because of their ornate appearance, but because it connects the wearer to Vianney more than before. The rings bear the school's crest with the phrases 'Forte in Fide' (Strong in Faith), 'Per Matrem M Ad Filium' (Through the Mother to the Son), and 'Maria Duce' (With Mary as our Guide). This serves as an eternal reminder for students of the values they have learned at Vianney. As for the design, students had the option to choose a custom design that represents something in their life or a passion of theirs like sports, music, or accomplishments.

The Junior Ring Dance, held at Tapawingo Country Club, took place the weekend after the mass. It was an opportunity for the junior class to show off their rings to their dates and the rest of their class. The dance was a great way to start the weekend and a fun way to celebrate this milestone at Vianney. Ultimately, this moment signifies that the juniors are stepping into the role of leadership at Vianney, celebrating all they have accomplished and all they have yet to.

FRESHMEN SERVICE DAY

Giving Back to the Community

For the first time at Vianney, the freshmen class had a dedicated service day.

In years past, freshmen and sophomores had a joint service day wherein they would go out in the community helping out at various organizations. However, after COVID-19 interrupted this tradition, Elizabeth Palazzolo and Campus Ministry decided to organize a dedicated freshmen service day. In turn, the sophomores would have their own dedicated spiritual retreat on that day.

What followed was a rewarding experience for the youngest class of Griffins, who had the opportunity to clean up at St. Agnes Carmelites, Most Sacred Heart, Christ Prince of Peace, Jefferson Barracks, Faust Park or Suson Park.

Thanks to Palazzolo and Campus Ministry, a new tradition was born, one that every class of freshmen will be able to look forward to.

DENNIS MATRECI

Celebrating retirement after twenty seven years

At Vianney, it's unimaginable that there's a student who doesn't know Mr. Matreci. Matreci came to Vianney in 1995, and likely could not have imagined what an important part of the community he would become.

Students could often find Matreci in his office where he worked as the Academic Specialist. Matreci was not only the go-to for any students who had questions regarding their college credit from classes, but the go-to for everyone who had a question about Vianney.

Matreci was a ubiquitous presence in the school. When he wasn't in his office, he would likely be helping out, driving the Vianney bus, or talking to guys in the Cafe in the morning. Throughout his time at Vianney, Matreci had also worked in administration as well as helped out with summer maintenance.

While his Vianney family wishes him well for what's ahead, it's not without heavy hearts.

VARSITY FOOTBALL
Making the Most of it

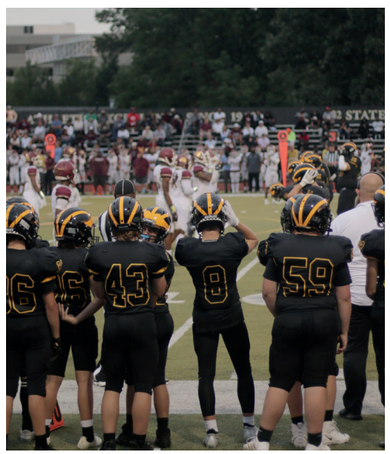

Despite a challenging season, Vianney's football team maintained their ability to enjoy the game and keep their spirits high. Captains Paul Berra, Austin Collier, Trey Gottman, Mark Meyers and Jack Burke set out to be an example to their team when it came to displaying good sportsmanship and ultimately, enjoying the game regardless of the result.

The team maintained this positive attitude throughout the season and focused on each game as a new opportunity to develop skills and strategies.

While the team was keeping spirits high on the field, the Letterman's Club helped keep spirits high in the stands. The club set out to make games as fun as possible, filling the stands and choosing themes for participants to dress up in. Regardless of the result of the game, the Vianney section was always cheering loud and having fun.

After several years of special events being surpressed or otherwise cancelled due to COVID-19, it was a welcome sight to see the stands full of Vianney students and families enjoying the opportunity to celebrate Vianney together.

It never seemed to matter how the games unfolded, as the stands reflected students and families that were happy to support their football team.

VARSITY SOCCER

Kicking our way to Victory

With such a robust amount of students playing soccer here at Vianney, the goal is to make it to the phenomenal varsity soccer team. The varsity squad went 11-12-3 during the year and lost in the District Finals game vs. Jackson. The leading goal scorer for the year was Jackson Adamec, senior, with 12 goals and 7 assists. Luca Cirami, senior, lead the team with 13 assists.

Vianney soccer team fought its way to the district finals as a #2 seed. When asked, Coach Brian Haddock said, "I felt the team played best towards the end of the year. Our players wanted to win state but it is unfair to put those expectations on them when they are developing and getting better."

Students had to consider COVID-19 during the 2021-2022 soccer season. "Dealing with a season with Covid was tricky. Even though we didn't have a shortened season, we had abbreviated camps, weights, and months leading up to the season which were all out of our control," said Coach Haddock.

Vianney's success on the soccer field was not hindered by the obstacles they faced. Coach Haddock said, "Another challenge we faced was our schedule. We play in the best conference, biggest class, and ultimately we had a very difficult schedule. We also had some crazy injuries before and throughout the season."

Ultimately, the Golden Griffins didn't quite finish how they would have liked to this year, but it was a great year of improvment and finding out what they were capable of doing. One can only imagine what the next season will bring.

CROSS COUNTRY

Running through Rain or Shine

The cross country team proved that in addition to endurance, one of their best qualities was their resilience. This was the first season after the loss of beloved cross country coach and English teacher, John Mohr.

With the support of track and field coach Mike Bishop, who stepped into the role of cross country coach, the team persisted through every event. This was not always an easy feat either, as a hallmark of cross country is running through a 1.5 to 3 miles long course regardless of terrain, whether it be open, hilly, or muddy. In one particular cross country meet this season, the event was delayed due to a light sprinkle, only leading to the runners having to run through a heavy rain by the time the race finally began. Regardless of the slick mud they ran through, or the torrent of water hitting their faces, Vianney's cross country runners kept their heads held high and didn't stop running until they made it to the finish line.

That is what is at the heart of cross country, perseverance through difficult circumstances.

VIANNEY SWIMMING

Making a Splash at State

The Varsity Swimming team had yet another successful season. While the season record was 6-7, multiple swimmers qualified for State Finals this year. Twins Brayden and Ashton Wells were season standouts, finishing top in the State Finals. Varsity swimming is coached by teachers Grace Burnsworth and Bob Trowbridge. During the regular season the swimmers were able to finish 3rd place twice and 5th place once in different meets. In the MCC championship the swimmer displayed a strong performance, getting on the podium in third place. The swimmers were also able to set a new school record on the 200 Medley relay posting a time of 1:42.47. Outside of swimming, the boys took care of business inside the classroom with an average 3.57 GPA.

Ms Burnworth said "This year, our goal was to constantly improve on the swimmers' best times. Each week, we would do the same set and compare their results from the previous week."

At the state meet, they broke the previous school record, and now reign as the fastest medley relay in Vianney history.

Ms Burnworth said, "Ashton and Brayden Wells both qualified for state in individual events. Brayden qualified in the 100 fly and 100 back. He ended up making the podium and finishing 6th in the state in 100 fly. As a sophomore, that is quite an accomplishment. Ashton qualified in the 200 IM and 100 breast. He finished 14 in the IM and 15 in breast. The relay team that set the new school record consisted of: Back: Andrew Wood; Breast: Ashton Wells; Fly: Brayden Wells; Free: Owen Dalpoas. As an all sophomore team, they are looking to improve on their own record next season.

Ms Burnworth said " This team recognizes the importance of every athlete. The meets that Vianney won were won because everyone scored points. They may not have placed first, but they earned points for the team. When a team can recognize the value that everyone brings, they can learn from each other and encourage everyone to perform at their best.

Nothing but Net

This year's varsity basketball teamhad a successful season. They had their ups and downs like any team had during the season, but the ups were much more memorable. A few of these big moments were the upset handed DeSmet in the regular season, breaking the Vianney record for most 3-pointers in a single game, Adam Sausele joining the 1,000, and winning the district semi-final game against St Mary's.

Sausele had a few goals set for when he entered this season, including "a better experience for the younger guys and being able to compete with everyone" Sausele said. The success of the team was especially gratifying considering, "In January and February we played a lot of MCC games and playing CBC twice in a week and being such a young team playing against such high level teams" Sausele said. As Sausele is now a senior, throughout his time with the basketball program he learned, "No matter how difficult things get there is always a bigger picture."

Varsity Basketball Head Coach Kevin Walsh has a lot of impact on his players. Day in and day out he is making kids better on and off the court. "Coach Walsh challenged us every day and brought energy even when we might have not had as much of an urge to be there or confidence, he really cared about us and was there to make us personally better and as a team better," Sausele said.

Wrestlers Inspire with State Qualifications

The wrestling team had an outstanding season this year racking up 8 wins and only losing twice all year.

The grapplers started off a little slow, losing two of their first three matches, but climbed back up to the top where Coach Borje and Coach Didier expected them to be.

The wrestlers worked hard all year trying to make their weight class. Jack Burke, Anthony Lentz, and Wesley Kruger had an outstanding season, all qualifying to go to state. Junior, Jack Burke said, "I was not expecting to make it to state, but I did and I just need to keep doing what I have been."

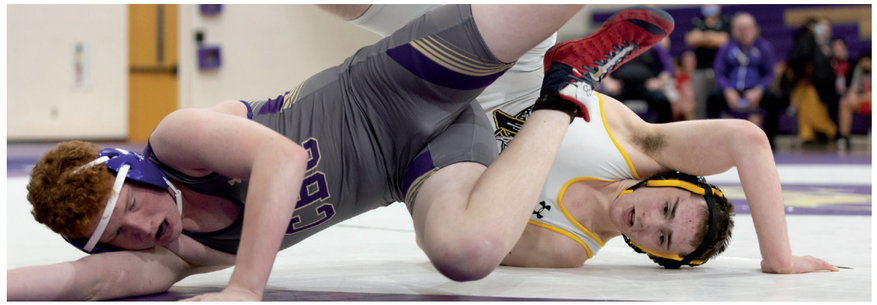

Next year Burke hopes to qualify for state and go even further than he did this year. He kept his spirts up after a though loss, and is determined to come out even better.

Having three teammates qualify for state will undoubtedly serve as inspiration for the rest of the team.

Ultimately, this year proved an exciting one for the wrestling team, with the team feeling invigorated for next year's season.

Skating Our Way to a Great Season

The Varsity Hockey team had a great season, finishing strong with a 14-6-2 record. They began the season with a 5-game win streak and fought hard all season proving to be one of the top teams in the state. They took down many MCC schools throughout the season and proved Vianney is a talented team.

After defeating Chaminade 6-1 in the Marianist Cup earlier in the season. They went on to defeat Chaminade twice again in the first round of playoffs to advance to the state semi finals. After two hard fought and close games the team unfortunatly did not advance to the state final. The team had an outstanding season. One of the star players this season for Vianney was junior Alex Fendler. Fendler said, "The season was fantasic even thought we did not make it to state, we put Vianney on the map as a dominate hockey school in the MCC. I think we did good but it would have been awesome to have won another state championship." Next year the Griffins hope to go further and strive for a state championship.

Although many talented seniors will be graduating the team will still be loaded with talent and many skilled players.

VARSITY HOCKEY
A solid season of growth

Captains Jacob Schoenwalder and Kyle Smarko led a young Griffins team into the fray across the river–the Mississippi Valley Club Hockey Association. Some of their noteworthy opponents included varsity teams from Edwardsville, Granite City, and Collinsville. As a young team with just 4 upperclassmen on the 25-man roster, the Griffins displayed tenacity and toughness while competing against older teams. If that weren't challenging enough, the team also had a target on its back as the only Missouri and non-public school participating in the MVCHA. Head Coach Scott Simpson ('82) and recent St. Louis Hockey Hall of Fame inductee remarked, "I am proud of the way that these guys competed this season." Demonstrating just how far they came, the Griffins won their first round playoff series before falling to Highland in the semifinals. Competing at the varsity level in the rough and tumble MVCHA certainly contributed to turning these boys into men.

Kyle Smarko makes a save against Edwardsville.

JV LIONS

Griffins soar to a 6 win season

The JV Lions had a steady season this year. They started off solid, winning two of their first three games, by beating Chaminade and Lindbergh.

They struggled during the middle of the season losing four games in row, but bounced back nicely by subsequently winning three games in a row.

Nate Halfhill, sophomore, led the team with 8 goals and Tyler Smith, freshman, led the team in assists and total points with 5 assists and 11 points. Charlie Young, freshman, scored 5 goals and Blake Arias, freshman, had 4 assists helping lead the team to a 6-7 season.

Everyone on the team contributed to a strong season for the Lions. If there was a theme for this season, it was overcoming obstacles and battling hardship. After some initial struggles, they finished the season off with three big wins against Chaminade, Fox, and Lindbergh. They Lions had a tough loss against CBC to end the season off but they held their heads high.

The Lions are filled with young talent and freshman played a big role on the team.

After a tough start the team finishes with 5 wins

The JV Eagles had a solid season and worked hard to fight back after a slow start. After losing three games in a row to start the season, they had back-to-back big wins against Fox and Chaminade. The Eagles then proceeded to tie SLUH but beat Lindbergh 9-0 right after.

After losing to Kirkwood earlier in the season the Eagles battled hard to defeat kirkwood 3-2 later in the season.

Devon Hobson led the Eagles in goals scored this season with a total of 10 goals. Marco Boccardi led the team in assists and in total points this season. Marco and Devon worked hard to lead the team throughout the season being the two highest point scorers for the Eagles.

The team as a whole worked their hardest in each game. They battled through tough losses, staying determined throughout the whole season. The Eagles lost twice to CBC earlier in the season but in the end came out strong defating CBC 6-5.

Hitting our way through the Season

The Vianney Griffin's Varsity baseball team had an exciting season. There were some tough losses, incredible wins and a number of come-from-behind victories. The Golden Griffins kicked off the season on fire, winning the Lindbergh-Mehlville tournament in a tough championship game against Lindbergh. Vianney came out on top with a final score of 5-4 and giving the Griffins an early record of 5 wins, 0 losses. However, as the saying goes, all good things must come to an end and 8 of their next 10 games were losses. The team worked to stay mentally strong and didn't let this bring them down. They used their frustration as motivation to beat Chaminade 3-1, in a timely MCC matchup on April 19th.

Senior Captain Brandon Hebrank led the team in batting average, hitting .359. Close behind was Junior Oliver Degenhardt with a .340 average, Senior Donovan Bohler's was .311, and Junior David Broughton hitting .306. Brandon also led the team in Hits, and Oliver had the highest number of Runs Batted In (RBIs). David Broughton, Landon Harwell, and Ryker Benz each contributed with a homerun.

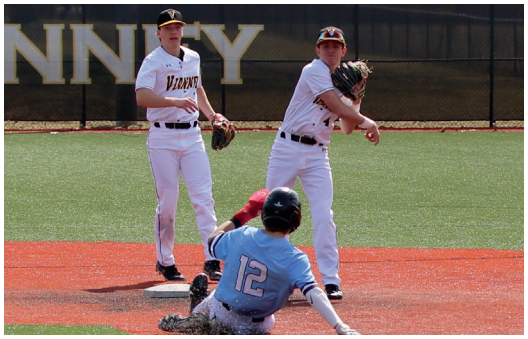

In comparison to many of the Varsity teams they faced, the majority of Vianney's team was younger talent. There were a handful of Seniors, but the rest of the team was made up of 11 Juniors, 2 Sophomores, and 4 Freshmen. While young, the team proved mighty.

Unfortunately the Griffins drew a tough matchup in the first game of the playoffs, getting knocked out in the initial round by Lindbergh. It was a tough loss, 12-2. They battled throughout the game, keeping it close up until the last inning, never down more than 4 runs at any given time and never giving up on themselves or each other.

The Vianney Varsity baseball team had their ups and their downs throughout the 2022 season, but ended with a winning record of 18-17. Coach Stewart did a great job in his first year of coaching and teaching and most importantly, created a fun and trusting environment. The team definitely bonded throughout the season and built character during some of their more difficult moments. It's going to be exciting to watch what these young Griffins can do over the next few years.

TRACK AND FIELD

Going for Gold

When math teacher Mike Bishop announced his retirement earlier this year, the track and field team knew this would be their last season with him as their coach. Knowing this, the team made the most of their last season with Coach Bishop, enjoying every moment.

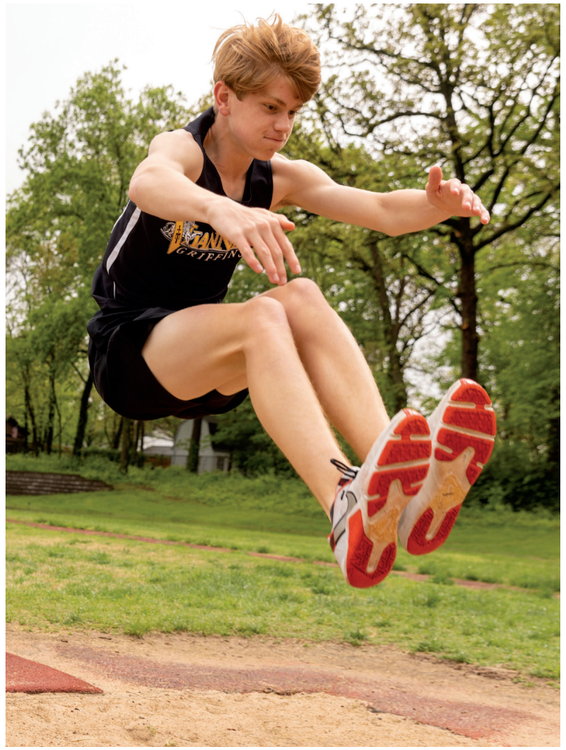

Track and field traces its history back to the olympics, with events that pushes its participants to the limits of their ability. One might imagine that this would be a sport that would be incredibly frustrating to participate in, but you would never know it watching Vianney's team. Whether it's Jimmy King and Wade Coles practicing throws after school on Maryhurst Way, Charlie Rycenga making jokes under the pavilion before running hurdles at the track event, or Coach Bishop encouraging his team from the sidelines, it was difficult to not see smiles all around.

VARSITY GOLF
On Par

Vianney's varsity golf team continued to succeed in the 2021-2022 school year. With a team of eight players, Vianney's golf team is smaller comparatively, but no less formidable. Highlights from this season included Jon Huber and Cole Wiese finishing in the top 15 at the Webster Cup Tournament with rounds of 76 and 77, finishing second place in the Lake Forest Challenge, and the team finishing third overall in the District Tournament.

In a game that requires precision and mental fortitude, Vianney's golf team remained driven throughout the season. The strong season was a good note to end on with it being the last season for seniors Jon Huber, Patrick Burke, Duke Boccardi and Ryan Schmidt.

TENNIS
Game Set Match

Vianney's tennis team started this season with a new coach, a prospect that can create a lot of anticipation for what's ahead. What lay ahead with new coach Suzy Ward was a solid season with a lot of fun. Some highlights from the season include an early win against Windsor 8-1, followed by another strong win against Duschene 6-3, an 7-2 win against Mehlville, but perhaps the most rewarding was a close win against Brentwood 5-4. It was close games like this that made the season exciting and pushed the players to improve.

The enthusiasm for the season was palpable and players were especially focused on supporting one another, whether it be on the court with their doubles partner or by asking fellow students and teachers to come out to the games.

While this season had its wins and losses, the Griffins brought their best to every game making it a memorable first season for Coach Ward and a memorable last season for seniors Nick Mazzola, Jed Hovey, Jonathan Speth and Sam Kramer. One can only anticipate how the Vianney tennis team will continue to grow and learn from Coach Ward as well as the many players who will take on leadership roles in future seasons.

VARSITY LACROSSE

No Time to Relax When it Comes to Lax

If lacrosse can be described as anything, it's intense and fast-paced. Despite the bulky helmets and protective gear, it's not unusual for lacrosse players to sustain injuries while playing the game, and the Griffins are well aware of that potential setback. However, that does not deter the team from playing to their best ability. This determination and dedication of the Griffins was apparent in every game, regardless of the usual highs and lows of any sport season.

Some highlights include sweeping wins against Holt, Marquette and Ladue as well as close wins against Eureka and Lindbergh. The fast-paced nature of lacrosse lends itself well to the closer games. In one particular hard-fought game, Vianney went into overtime in a game with CBC's Cadets. The Griffins prevailed 18-17.

Regardless of the score, the Griffin spirit was apparent in every game.

Perhaps this was due to this being the last season for the seniors, many of whom have played lacrosse all four years at Vianney. The seniors (of which there are 10) made up nearly half of the team, making this season all the more hard-fought, as well as bittersweet. It was their leadership and experience that helped guide the team through the many exciting games.

Undoubtedly, the lacrosse team will look very different next year, but one can rest assured that next year's leaders will carry forth the Griffin spirit that was so apparent this season.

ULTIMATE FRISBEE
Learning the Meaning of Team Spirit

When new English teacher TJ Keeley was entreated by his students to take over as coach of the ultimate frisbee team, it's unlikely he could have imagined the season ahead. Moreover, it's unlikely that his students could have predicted how perfect the jovial teacher was for a sport that scores for spirit as well as skill.

During the spring, ultimate players had to master the art of always having a good attitude, regardless of the outcome. From the start, the team demonstrated a great deal of skill at the physical component of ultimate frisbee, so what often had to be practiced was the mental component. Anyone who has played a competitive sport will understand just how difficult it is to keep a positive attitude when the smallest mistakes can cost a team a game. Players had to remain cordial, regardless of what mistakes they, or a teammate made. What's more, they had to discipline themselves to always maintain good sportsmanship regardless of the outcome of the game. This is why their selection of a coach was so perfect.

Coach Keeley, who students will recognize as the always-smiling teacher in the 300 hallway, always maintains a positive demeanor. He would explain to his team that even he faces frustration, but doesn't outwardly show it. It was this leading behavior that allowed ultimate frisbee to score points as well as spirit points, ending the season with great attitudes as well as memories.

VARSITY VOLLEYBALL

Bump, Set, Spike!

The Varsity Volleyball team could only be described as unstoppable during the spring season of 2022.

With only two losses in the regular season, the team made it all the way to State Finals, finishing second in the Class 4 Championship. Leading up to the triumphant end to the season, the team worked especially hard, practicing after school nearly every day with Coach Jillian Hoge in the Field House. It was this dedication that helped the team remain consistent throughout, explaining their near perfect season.

The team's success also helped to invigorate the Vianney student body, with students showing up en masse for the State Semi-Finals where the Griffins played and won against Francis Howell North and the State Finals where the Griffins finished second to SLUH. Both games were played at Maryville University.

In addition to the excitement of the State Semi-Finals and District Finals, senior night was an especially exciting game, as everyone had the opportunity to pay tribute to seniors John Wolf, Daniel Patrick, Drew Langhauser and Ryan Jeungel, who got to finish their Vianney volleyball careers on a high note.

While the team finished second, the strong season felt like a victory for the entire school, getting the opportunity to end the school year in celebration.

FALL PLAY
The Odd Couple

For the 2021 fall production, Vianney had the opportunity to perform Neil Simon's "The Odd Couple". What happens when the boys are playing their usual poker game, but somehow one of the boys is missing? They start arguing and make phone calls, only to figure out Felix Ungar (Sullivan French '24) (the one who's missing), is terribly upset as he's getting a divorce from his wife Frances. Once the boys; Murray the policeman (Vincent Mantia '22), Vinnie (Brendan Rasmey '23), Speed (Alex Schaffer '23), Roy (Lucas Hulsey '25) and Oscar (Sam Kramer '22) piece together that Felix is distraught, they devise a plan "Like we don't know nothin".

Sophomore, Sullivan French played the leading role of Felix Unger in "The Odd Couple".

French started acting as early as middle school, where he performed monologues and duets in front of judges where he got critiqued based on his acting abilities. He also took acting classes for a few years when he was younger. "I've always just loved acting and film, it started at a young age. I was about six years old and my dad started showing me movies like Star Wars and I just got obsessed with it". This play was something more than just another acting experience. It was a once-in-a-lifetime opportunity that he just couldn't miss out on. "When that play ended, it was hard because I got really attached to it," French said with a grin on his face as he peered out the window. "I had a lot of fun with it and I got to know the crew a lot more and connect with the cast." This play also let the French become more confident. "I got pretty nervous opening night, Saturday I still kind of had those nerves but they were fading, but then Sunday night I didn't have any nerves I was ready to go out and finish it."

WINTER MUSICAL
How I Became a Pirate

The Winter musical, "How I Became a Pirate" had its first performance at St. John Vianney High School. The play follows a group of pirates looking for the perfect spot to bury their treasure.

Griffin Theatre's production of "How I Became a Pirate" ran for three days at St. John Vianney High School. Following these performances, the cast took the production on tour. This was the first year following COVID-19 protocols that a Vianney production was able to perform for several local elementary and middle schools.

Director and theatre teacher, Al Book, chose the play with the return of touring in mind. "I wanted to do something for a younger audience. I also wanted to do something our guys would have fun with." Book continued, "I knew that after two years we would get back out on the road and be entertaining at elementary and middle schools."

Max Laux '22, who played Sharktooth, said "This was my first show traveling around St. Louis to show kids and middle schoolers." The opportunity to tour gave many of the cast and crew a new experience. "Being able to see their reactions was really nice. When you're on stage there's a light shining in your face and you can't see anyone's reactions," Laux said. "When you're on tour you can see everyone's face. It was really nice to see that they were having fun."

The successful run of "How I Became a Pirate" marked the beginning of a return to normalcy after the challenges the pandemic presented.

SPRING MUSICAL

The 25th Annual Putnam County Spelling Bee

Griffin Theatre turned a challenge into a unique opportunity. The usual performance space, the Activity Center, was undergoing renovations. Rather than cancel the spring production, Griffin Theatre built an outdoor performance space, making their production of "The 25th Annual Putnam County Spelling Bee" much more special. In addition to enjoying the backdrop of a setting sun, audience members had the opportunity to participate with each production randomly selecting audience members to join the spelling bee, usually at their orthographic peril. Members from the crowd also might have enjoyed a snack break with senior, Sam Kramer as Chip Tolentino throwing chips, candy, and juice boxes out to the audience as his character was ousted from the spelling bee.

"The 25th Annual Putnam County Spelling Bee" was a delightful show to end the season with, as it was rife with jokes that had the audience laughing throughout the show, a myriad of complicated spellings, and songs that were bound to be stuck in one's head days after the show. It also showed the professionalism and resiliency of Griffin Theatre, proving they can put on amazing shows anywhere.

VIANNEY BAND

Talons Up

Under band instructer Alex Borje, the Vianney band has continued to grow and expand every year. The program now consists of four distinct groups, Beginning Band, Jazz Combo, Percussion Ensemble and Concert Band.

It's not unusual at Vianney for many of the band members to try instruments for the first time during their freshmen year, as is the case for much of Beginning Band. This might be surprising for those who attended the winter and spring concerts this year as it may be difficult to imagine that all of the members haven't been playing instruments for most of their lives.

Such is the case with this band however, as Borje allows students to experiment with different instruments until they find the best fit, all the while encouraging and fostering their ability. This methodology allows band members to focus on an instrument or even a style of music that they are passionate about, which is apparent in the music they produce.

This year, Borje encouraged band members to push themselves even further, both literally and metaphorically. The band traveled to Memphis, TN to compete in a competition, allowing students to see how they compared to others from across the country, with several band members placing after playing solos.

Ultimately, the experience was one that allowed band members to bond and build confidence, which was apparent during the spring band concert that followed. During the concert band performance, band members showed their creativity and created music through snapping, clapping and patting their legs to mimic the sounds of nature before erupting into song.

One can only imagine what the band will accomplish next year.

Racquetball can be a bit deceptive to the untrained eye. At first, it may appear similar to tennis, but it's not a slower-paced game on an outdoor court. Racquetball requires quick reflexes, as the game is played on a narrow, indoor squash court. Opponents both stand opposite the wall they hit against, having to make quick strategic decisions to foil each other's chances of making it to the ball before it bounces twice. Players wear goggles for protection, a testament to the speed at which the game is played.

Vianney's racquetball team understands just how intense the sport can be, but that doesn't stop them from bringing their all to every game.
This resulted in freshmen Edward Slade and Aaron Vandeven earning medals in a competition.

RETREATS
Brotherhood

Every student at Vianney understands that at some point in the school year, their class will participate in a retreat. At first, students may simply be excited to have a day free from their usual classes. What they may not expect however, is to have an experience that reinvigorates their faith and helps them to better understand themselves and their Vianney family.

Whether on or off campus, the purpose of retreats are to help students strengthen their faith through open conversations with each other, their teachers and even priests, such as Father Sean Downing. These conversations usually begin with a presentation about a specific topic pertaining to faith. For example, during this year's sophomore retreat, Kevin Walsh presented to students about the Sacraments, during which students reminisced about their First Communion and Confirmation.

Regardless of the retreat location, students have a unique experience that is both fun as well as meaningful.

As the Characteristics of a Marianist education are displayed throughout Vianney, students will be familiar with the concept of "family spirit". This is a critical component of attending retreats, cultivating the family spirit students feel in relation to their faith, educators and each other.

STUDENT COUNCIL
Leadership

Student Council allows students at Vianney the opportunity to represent their class, serving as the voice of their fellow students.

It requires a great deal of courage to stand before the student body and speak on behalf of one's class, but this year, many brave students stepped up to participate in Student Council.

Perhaps it was the desire to make the 2021-2022 school year memorable, especially following the past two school years when many events were canceled or altered. Whatever the reason, the Student Council leaders delivered. Whether it was sophomore class president Sullivan French telling his class they were the winners of a Chick-Fil-A lunch, or senior class president Trey Gottman keeping spirits high during the Color Tug-of-War.

It's events like these that demonstrate how student council leaders advocate for the success of their class in friendly competitions, while simultaneously working alongside members of other classes to collaborate and plan fun activities.

The leadership exhibited from STUCO leaders helped not only to make the school year fun, but inspired a new group of students to campaign to be on next year's student council. During end-of-the-year STUCO elections, the candidates filled the Field House with laughter, new ideas and promises for the following school year.

Whatever lies ahead, it's clear that this year's STUCO leaders accomplished what they set out to do and helped inspire the future leaders of Vianney.

SPECIAL OLYMPICS

Making New Friends

This year, among the activities to return following the COVID-19 pandemic, was Special Olympics. Organized by Mariah Kiser and Kevin Walsh, the event was held on a sunny spring day.

It was clear through attendance that the event was dearly missed. 146 freshmen, sophomores, juniors and seniors volunteered to be athletic buddies, wanting the opportunity to meet students from other schools and getting to know their story. The remaining 127 volunteers worked in the Victory Village, the Cafe, or as track workers and field attendants. It's unsurprising with so many volunteers and the organization and dedication from Kiser and Walsh that Special Olympics was a success.

Special Olympics offered students the chance to create a wonderful experience for others as well as themselves, and ultimately, make new friends.
