

EVERGREEN
SCHOOL DISTRICT
SAN JOSE, CALIFORNIA

Dear Parent/Guardian:

Last spring, your child took the California Spanish Assessment (CSA) for Spanish reading/language arts. The CSA measures how well your child is learning reading/language arts in Spanish.

The CSA results can be combined with other measures like report card grades, classroom work, and teacher observations to give families and teachers a more complete picture of each child's Spanish learning. Your child's score report shows scores for Spanish reading, listening, and writing mechanics. You can use these results to identify where your child is doing well and where they might need more support.

You can access your child's score report through the [PowerSchool Student or Parent Portal](#).

To learn more about your child's scores, go to the Starting Smarter website at <https://ca.startingsmarter.org/>. There, you will find information about test results, access to sample test questions, free resources to support your child's learning, and a guide to prepare for parent-teacher conferences.

If you have any questions, you can contact your child's school principal and <https://www.eesd.org/departments/educational-services/assessments-and-testing>.

Sincerely,

Tonya Trim

Assistant Superintendent

Educational Services
