GLVP SPOTLIGHT: STUDENT LEADERSHIP TEAM

This is the second year that Gull Lake Virtual Partnership has had a Student Leadership Team, led by our SEL Teacher, Kelly Bagley. Although the school year has just begun, they're already hard at work planning exciting events for our students and families!

The team meets twice a month, once virtually and once in person, to brainstorm fun ideas and creative ways to bring our GLVP community together. They helped plan the K-5 field trip to Gull Meadow Farms and are currently planning a Spirit Week for Fall Fest. We're also looking forward to events like roller skating and bowling!

Their goal is to help our virtual school community feel more connected, and they're doing a fantastic job!
