

Empowering Families • Navigating Guardianship with Confidence

Guiding Hands Guardianship Services (GHGS) is a nonprofit organization dedicated to helping families navigate the guardianship process and prepare for their loved one's transition into adulthood. When a young adult with a disability turns 18 years old, parents may need to obtain legal guardianship to continue making important decisions related to healthcare, services, government benefits, and personal well-being.

FREE HOME CONSULTATION

We visit families in their homes to provide guidance and answer questions about guardianship and transition planning.

We help families understand:

- Guardianship planning and court requirements
- Transition to adulthood services
- Social Security (SSI) and public benefits
- Community resources and family advocacy

Our Services

- Guardianship education and guidance
- Support with guardianship court documentation
- Assistance understanding court procedures
- Community resource navigation
- Bilingual educational workshops (English/Spanish)
