

TUSKER TRACKS

A weekly, trunkated note from Dr. B

The Bronstein Brief

Happy Friday, Somers!

After a busy week here in the District, I wanted to wish good luck to all of our Varsity athletes, especially those competing in their final Homecoming week here in Somers.

I hope to see many of you tonight as our Varsity Football team takes on Rye in a battle for Section 1!

Around the District

A new year of SMS mentorship is officially underway!

This week, a group of enthusiastic 8th graders kicked off the fourth year of the Somers Middle School Mentor Program.

Throughout the school year, mentors will spend time in the cafeteria during 6th grade lunch each week, connecting with younger students, getting to know them, answering questions, and helping our newest SMS students feel more comfortable and connected with familiar faces around school.

We're so excited to see these student leaders build relationships, lend a helping hand and make a difference in our school community all year long!

Tusker Tidbits

SHS Freshmen kicked off their Tusker 101 experience with a half-day of hands-on learning, teamwork and a little bit of stepping outside their comfort zones!

With support from PNW BOCES, students took part in interactive activities designed to build communication, collaboration, problem-solving and trust, all while learning how to work effectively with classmates.

The experience didn't end when the activities did! In their Tusker 101 classes, students will reflect on what they learned and connect these skills to success in the classroom, on the playing field and throughout life.

Tusker Pride

Somers High School Fashion Marketplace students recently took learning beyond the classroom with a trip to the Fashion Institute of Technology (FIT)!

Students found inspiration at FIT's Doll Dressing exhibit, which examines the enduring and often unexpected relationship between dolls and fashion, before heading into NYC's Garment District to shop for materials and inspiration for their 2026-27 collections at Mood Fabrics and Pacific Trimming.

And one of the best parts of the day? Catching up with some of our amazing Somers alumni along the way! It was a day filled with creativity, inspiration, industry experiences and a little NYC fashion magic!

Somers Central School District
