IT'S ELECTRIC!!!!

The Rock Hill Workforce Development & Adult Education Program participated in another successful Family Literacy and Adult Education Week during the month, Monday, September 14th through Friday, September 18th. The theme was “It’s Electric!!! Plug-in”. During the week our students participated in numerous activities centered around literacy and the importance of being well-read. We also conducted a book study, reading the book “The Makings of a Good Man”, and had a visit from the author, Mr. Roy Rogers. Mr. Rogers visited with our students, held a Q & A, and participated in our culminating event on Thursday.

During the 2026–2027 school year we will have an election day on November 3rd. A part of our curriculum here at Rock Hill Workforce Development and Adult Education is civic engagement. We make sure that our students are not only obtaining their credential(s), we are also making sure to increase their awareness of their impact within the community. With that in mind we held a voter awareness seminar/workshop for our students to inform them of their rights.
