THE CURRICULUM

Everest International Academy's curriculum is rooted in the educational vision of RC Education, a network of RC schools in North America and the Philippines founded in 1997 to serve Catholic education. Guided by the charism of Regnum Christi and faithful to the Principles of a Regnum Christi School, RC Education implements the Educational Model of Integral Formation®, which develops students intellectually, humanly, spiritually, and apostolically. At Everest International Academy, this model is expressed through five strategic pillars: the RC School Graduate Profile, the Primacy of Integral Formation, the RC School Curriculum, Advanced Placement (AP) as enrichment, and Cognia as quality assurance, ensuring that every learning experience contributes to the holistic formation of tomorrow's Christian leaders.

Anchored in mission and strengthened by international accreditations, Everest International Academy delivers a coherent, outcomes-based education that unites values and character with academic excellence. AP provides academic depth and challenge, but always as a complement to the broader mission of Integral Formation. RC Education accreditation's and Cognia's continuous-improvement frameworks validate that the school's mission is consistently translated into measurable outcomes. Together, these pillars guarantee that Everest graduates emerge as holistic, mission-driven Christian leaders prepared to transform society.
