Snapshots of the Week

This week in Reception we have been super busy and have started lots of new learning! In Maths, we have been exploring the numbers 1, 2 and 3, and making these numbers in different ways using objects and showing them on our fingers. We have also been thinking carefully about our feelings, using the Zones of Regulation to help us recognise and name different emotions. The children learned that there is no such thing as a 'bad' or 'wrong' feeling, feelings are feelings! It was wonderful to hear them sharing their ideas so thoughtfully.

Looking Ahead to Next Week

Next week, the whole school will begin teaching the Taking Care Project. We will look at different feelings and how to keep safe. We will be looking at theme of Protective Behaviours: **We all have the right to feel safe all the time.**

Parents should have received communication regarding this teaching. If you have any questions about this, please speak to your child's class teacher

Little Wandle Phonics

This week we have learnt the sounds:

i, n, m and d.

We have also been practising blending sounds together. We have played oral blending games such as: 'What noise does the animal make' and 'can you do the action'. For example, "can you make the sound of a d-o-g" and "can you c-l-a-p".

How you can help your child at home

As part of our focus on Communication and Language and Physical Development, we are encouraging the children to practise good table manners during lunch time at school. We kindly ask that you support this by reinforcing table manners at home, for example, using cutlery properly, saying "please" and "thank you" and sitting still at the table whilst eating.

Notices

Don't forget, individual school photos will be taking place on Friday 2nd October. Please ensure that your child comes to school **smartly dressed in their full school uniform** so that they are ready for their photograph.
