The logo of Brandywine School District is a circular seal. The outer ring contains the text "BRANDYWINE SCHOOL DISTRICT" at the top and "16 GREAT SCHOOLS • 1 STRONG COMMUNITY" at the bottom. The inner circle features a stylized "B" and "S" stacked vertically, with a "D" to the right, and a graphic of a building or bridge in the background.

Throughout the Brandywine School District, the performing arts bring our schools to life. I am pleased to present the 2026-2027 Performance Calendar, which highlights the many opportunities our students will have to share their talents with families and the community.

Over the course of the 181-day school year, BSD students will take the stage in more than 202 performances. With the largest arts enrollment in New Castle County, our programs offer students across the District opportunities to grow as musicians, performers, creators, and collaborators. Students from every BSD school have earned All-State honors, and our performers have appeared at Carnegie Hall, participated in national parades, performed internationally, and worked alongside renowned composers.

BSD has also consistently been named one of the Best Communities for Music Education by the NAMM Foundation, reflecting the dedication of our students, staff, families, and community.

Arts education builds confidence, strengthens creativity, supports academic and social-emotional growth, and helps students discover new ways to express themselves. We remain committed to ensuring that every student has access to these enriching experiences.

I invite you to explore the calendar, attend a performance, and celebrate the remarkable talent found throughout BSD. Thank you for supporting the joy, creativity, and achievement of our students. We are Proud to Be, BSD!

Lisa A. Lawson, Ed.D.

Superintendent of Schools

The strength of Brandywine's Visual & Performing Arts programs comes directly from the dedication of our teachers and the creativity of our students. Across the district, classrooms and rehearsal spaces are alive with energy as young musicians, actors, and artists prepare to share their work with our community.

What makes BSD unique is not just the number of events, but the quality and diversity of experiences our students receive. We are a district where there are excellent visual and performing arts programs at every school, not just a select few. We are incredibly proud that 64 of our students successfully auditioned for an All State ensemble last year, with students making it from every eligible school in the district. Additionally, pieces commissioned by the

Brandywine School District are now being honored in national textbooks.

From the earliest grades through graduation, every child has access to meaningful opportunities in music, theatre, and visual art, programs that build confidence, perseverance, and collaboration. These are moments that shape lives and create memories that last long after the final note or curtain call.

Thank you for supporting the educators and students who make the arts an essential part of Brandywine's identity.

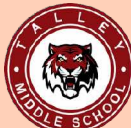

Domenic J. C. Pisano, Ed.D.
