

CEIC Minutes
9/30/2026

Start time: 4:30 PM

Members in Attendance

Ryan Cavazos, Karina White, David Brake, Chris Ford, Tiki Smith, Christie Noonkester, Nevin Nichols, Esther Coe, Lily Price, Greg Reed,

- We will conduct CEIC meetings very much like last year.
- We will review the Campus Improvement Plan (4 priorities)
 - Will meet quarterly and address one of the priorities
 - Discuss any campus concerns
- Meetings should not be as long as if we were a Title 1 Campus
- Department head meetings are also a place to voice concerns, so many of the needs are also addressed there
- Review Priority 1
 - Every student grows academically each year in ELAR, Math, Science, and Social Studies (mirrors the district objective)
 - Strategy 1
 - Advisory tutoring is mandatory for any student failing a class (begins 10/5/2026)
 - Tutoring will also be available after school for math and English
 - Strategy 2
 - Students will take advantage of the online tutoring offered by both of our college partners
 - Noonkester has info about tutoring and will send out info to teachers as a reminder
 - Strategy 3
 - Attendance will be monitored and parents will be notified
 - For evidence: compare to other schools
 - Outcome based measures also reflected in attendance
 - Home visits (Noonkester & Cavazos) already had some
 - Fryar is very deliberate about contacting parents/guardians
 - First period (more than 20 minutes late is an absence)
 - Principal plans (every absence is an hour)
 - Discussion about exemptions for final exams
 - Cannot be exempt for DC class exams
 - WHS has an exemption policy (even for district tests)
 - Is it possible to tie to growth on MAP/TEKS Ready
 - Would like it tied to absences also
 - Will put it out for this semester (even though we're six weeks in)

- Strategy 1
 - Students learned about expectations at orientation/onboarding and at grade level meetings
- Strategy 2
 - Campus culture is gone over at “interview” when students are assigned to Global
 - At risk/eco dis numbers are not where we need them to be
 - Sending out parent square for lunch applications
- Strategy 2
 - All seniors will pass TSIA 2
 - All graduating students will earn at least nine college hours
 - Suggestion to test math earlier (or change the math order to Alg 1, Alg 2, then Geometry)
 - Suggestion to take TSIA 2 math after Algebra I
 - Edgenuity TSIA review courses (after STAAR)
- Concerns/Questions/Suggestions
 - Grade level planning is more effective for staff than PLC within content area
 - October 9 scheduled PLC (will change to grade level vs content)
 - Staff could also meet at 8AM (strong suggestion)
 - Treat wagons, luncheons, fun activities planned each month to honor and support staff

Meeting adjourned at 5:00 PM.
