Comments

Board Member Steve Corona shared that he recently toured Snider High School with 1984 Snider graduate Eric Wilson, who was visiting the school for the first time since graduation. He was impressed by the improvements throughout Snider, including the lecture hall, game room, gym and new stadium, as well as how well the building is maintained. Wilson expressed interest in finding ways to support Snider, and Mr. Corona has connected with the FWCS Foundation about potential opportunities. Member Corona thanked Snider staff for their work and described the visit as a very positive experience.

Board Member Maria Norman recognized South Side High School for turning a recent football game into an opportunity to help Anderson High School after flooding prevented Anderson from attending the game. Instead of paying admission, attendees could donate water, beverages or food items, which were then delivered to Anderson. Member Norman praised South Side for the thoughtful gesture and called it a feel-good story.

Board Member Julie Hollingsworth shared highlights from visits to Shawnee, Anthis, the CAS Alternative program, the Virtual Academy and Amp Lab. At Shawnee, she learned about a pilot digital pass system designed to better manage student movement in the building. At Anthis, she observed students beginning their career programs and also visited CAS and the virtual program. Member Hollingsworth was especially impressed by Amp Lab's continued growth and the expanding opportunities available to students through partnerships at the Pearl Arts Center, Electric Works, 3Rivers Federal Credit Union, Humane Fort Wayne and Indiana Tech. She noted that additional business partnerships are being developed and praised the variety of real-world opportunities available to students.

Board Member Antonette Payne reflected on her first-day-of-school visit to Lane, her first time visiting the school. She appreciated being welcomed and enjoyed seeing staff helping students navigate the building during passing periods. Member Payne also congratulated schools on their IREAD results, noting improvements and progress in narrowing achievement gaps among different ethnic groups. She expressed interest in seeing whether similar progress is reflected in ILEARN results.

Board Member Jennifer Matthias expressed excitement about Snider's new stadium, particularly as a Snider alum, and looked forward to the first football game and the many alumni expected to return for the occasion. She said the interest from graduates across generations demonstrates the strong community support surrounding the stadium project and thanked everyone who worked to make it possible. Member Matthias also reflected on the start of school, enjoying photos of students returning and acknowledging that the transition can be emotional for young students and their parents. She was pleased to see students settling in and felt the district was off to a great school year.

Board Member Willie Burton praised South Side High School student-athletes for taking the initiative to support Anderson High School, noting that young people do not always receive enough recognition for their leadership and positive contributions to the community. Member Burton also visited Adams Elementary on the first day of school, which was especially meaningful because he attended Adams as a child. He enjoyed returning to the school, joking about the mascot changing from the Aces to the Jets, and complimented the welcoming staff and faculty. He looks forward to visiting more schools.

Superintendent Dr. Mark Daniel thanked Krista for coordinating opportunities for Board members to visit schools. He supports the idea of holding more Board meetings in district schools and discussed the importance of having legislators visit schools as well. The Superintendent noted that these visits allow leaders to see both the challenges schools face and the positive work being done to improve student achievement, particularly as the district considers the impact of the new state budget.

Board President Noah Smith shared highlights from his first-day visits to several schools, including Blackhawk, Northwood, Saint Joseph Central, Forest Park, Harrison Hill and Franke Park. He praised principals and staff for welcoming students, helping them navigate their first day and ensuring buildings were ready despite ongoing facility work. He also expressed excitement about Snider's first home football game in the new stadium and the strong interest from alumni spanning several generations. He emphasized that support for the stadium extends beyond the Snider community and thanked the broader Fort Wayne community. President Smith also highlighted that the project was completed within the district's debt structure without raising taxes and credited Rosie Shipman, her team and the Board for their fiscal stewardship.

Next Meeting The next regular meeting of the Board is scheduled for Monday, September 14, 2026, at 6:00 p.m. in the Lester L. Grile Administrative Center.

Signatures Documents to be signed by members of the Board were the Minutes from the regular Board meeting, August 10, 2026; Vouchers for the period ending August 10, 2026 and the payroll for the period ending July 24, and August 7, 2026.

Adjournment and Dismissal There being no further business and no general public comment, upon a motion by Steve Corona seconded by Jennifer Matthias, the meeting was adjourned at 7:01 p.m.
