Instructional Technology Plan - 2026-2029 Instructional Technology PlanV. NYSED Initiatives Alignment

Page Last Modified: 01/21/2026

V. NYSED Initiatives Alignment

1. How will the district's use of instructional technology support a comprehensive and sustained effort to improve student performance and academic standards, while also addressing the need to provide equitable learning opportunities "everywhere, all the time" (National Technology Plan)?

All Wilson CSD students are provided a dedicated chromebook. For students in grades 3-12, these are taken home nightly for studying, homework and other learning activities. Younger students are permitted to take their device home at the discretion of the teacher/parent, as required by circumstance. Families that lack sufficient high-speed internet access are provided one or more hotspots, at the district's expense. All classrooms, general instruction areas, or other spaces used as potential training or conferencing areas are fitted with an interactive panel. These are used daily in nearly all spaces.

Teachers and students are using technology on a daily basis in nearly all cases. This is seen through regular use of Google Classroom, and instructional applications (eg. Freckle, Nearpod, Gizmos, Learning A-Z, TI-84, EdPuzzle etc.). Usage reports are run annually on these applications. The use of technology is also an element of teachers' annual teacher observation.

The district also provides access to applications more specifically tailored to assist those students with special needs, such as Read/Write Equation, SLP Toolkit and IXL.

2. **At the start of the 2026-27 school year, will the district offer full-time virtual instruction to any students? (Select all that apply)**

- ☐ Yes. Our district operates a full-time virtual instruction program.
- ☐ Yes. One or more of our students will attend a program operated by a BOCES or another public school district.
- ☒ None of our students will participate in a full-time virtual instruction program.
- ☐ Other

3. If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, all responses in this survey align with the district's response to any related question(s) in the SSIP.

Yes

For help with completing the plan, please visit ITP Resources on our website, contact your district's RIC, or email edtech@nysed.gov.
