

**Mission**   
 Through the power of our four  
 houses and one family,  
 Silvercrest Elementary cultivates  
 academic excellence, leadership,  
 character, and meaningful  
 connections that empower every  
 Stallion to thrive.

**Vision**   
 Silvercrest Elementary will be a  
 model learning community where  
 every Stallion embraces  
 leadership, demonstrates  
 kindness, achieves academic  
 success, and positively impacts  
 the world around them.

## Responsibility

### Family Newsletter

PurposeFull  
People

### Responsibility Overview

This month we are talking about Responsibility. One way to define Responsibility is "taking action and understanding the impact of our choices." Taking action can mean doing the right thing or completing the tasks you have been assigned. Understanding the impact of our choices means that our actions matter. Positive and responsible actions can help people and irresponsible actions can hurt others.

Responsibility is 1 of 3 traits we will focus on throughout the year that helps students **Be Strong**.

Across grade levels students will be developing skills like focusing, organizing, and goal-setting.

### PurposeFull Pursuits

Have some fun connecting as a family this month while practicing Responsibility. Here are 2 "PurposeFull Pursuits" you can complete together!

#1

As a family, think of ways in which you might make someone's life a little easier by helping a neighbor or family friend with 1 of their Responsibilities. Could you bring the garbage to the chute or out to the curb? Could you carry things in from the grocery store? Could you invite someone over for a meal or a show?

#2

Review Responsibility as a family! Responsibility is taking action and understanding the impact of our choices. Choose 1 household chore (or more!) that requires multiple steps. Then have each member of the family select 1 step to complete to help get the job done! Maybe it's washing the dishes, doing laundry, cleaning the living room, or unloading the groceries - whatever it is, see who can be the quickest or most effective at their task!

### Conversation Starters

- Can you share or show what it means to be Responsible?
- How can we help each other practice being more Responsible?

## How to use parental controls in Sora

Pearland ISD now offers parental controls in Sora, to see the books your student has access to, view your student's checkout history, and lock individual books.

**Your student needs to be signed into Sora for you to enable parental controls and use Parent Mode.**

### [Enabling parental controls and entering Parent Mode](#)

To enable parental controls:

1. Have your student log into Sora.
2. Go to , then select **Parental Controls** (under "Support").

Parental Controls

3. Turn on **Parental Controls**.

Parental Controls

When enabled, parents or guardians can view the books in Sora, see checkout history, and lock books.

4. Enter a 6-digit PIN. You'll use this PIN whenever you want to access Parent Mode.
5. Select **Enable**.

You'll be in Parent Mode right after you enable parental controls. Make sure to exit Parent Mode before returning Sora to your student.

After you enable parental controls, you can get back to Parent Mode by going to  > **Parental Controls** and entering your PIN.

### To navigate Additional User Type features:

Once you are logged in, you can perform several tasks based on your contact status.

#### Notes:

- The Primary Contact designated for this feature has full access to any enabled options, including blocking and unblocking titles.
- Blocked titles for a patron will remain blocked across school years and as the patron moves to new sites within a district, unless those titles are unblocked by the patron's Primary Contact.
- Parents are only viewing the books accessible by the students' current grade level.

The user's name associated with your email address appears in the top-right corner. If you have more than one student in the district, a drop-down appears. To view a different user, select their name from the drop-down. Use any of the following options:

- **Search:** Search by title, author, or subject to find materials. When search results appear, you can click  to select **Do Not Check out** to block a title or **View More Details** to see more information on a title as a guest user via Destiny Discover.

- **Checkouts:** View the current checkouts. To see more information about a title as a guest user via Destiny Discover, click **View More Details**.

- **History** allows you to view all books that your student has checked out in the past.
- **Blocked** allows you to see what books you have blocked from your student to check out.

[Follett Destiny Parent Portal Instructions](#)

## Set Up Access to Follett Destiny Parent Portal

### Access a student's library information

If you are listed as the primary guardian in Skyward, your email address is connected to a student in Destiny Library Manager as a contact, so you can access their library information.

**Note:** Each student can be connected to only one email address.

#### To log in as a contact:

1. Click on this link found on the district library page to begin  
<https://destinyverification.follettsoftware.com/willow/district/destiny-V7SB-KPLC>
2. Type your email address.

3. Click **Get Access Code**.

**Note:** If the email address either does not match what is in Destiny or is not connected to a student in the district, you will see the following message:

4. Go to your email account to retrieve the access code.

#### Notes:

- The code expires in 10 minutes. If it expires, you can click **Resend Code** from the Get Access Code page.
- If you enter an invalid access code, you will see an **Incorrect Access Code** message.
- The email is sent from no-reply@follettsoftware.com with the subject, "Additional User Type Access Code."
- If the code is sent more than once, after the second time, the user will need to refresh the screen and then reenter their email address.

5. From the Enter Your Access Code page:

- a. Type your access code.
- b. Optionally, to stay logged in from your current browser, select **Keep me logged in on this device**. If you select this option, you will stay logged in for 60 days or until you log out. *If you don't select this option, you will need to log in with an access code each time.*

6. Click **Submit**.

Follett Destiny Parent Portal Instructions

## Using Parent Mode

In Parent Mode, you can:

- Select **Browse** to see all the titles your student has access to in Sora, including those from their school library and any additional libraries they've added. You can also search for specific titles.

Searches performed in Parent Mode aren't saved and don't show under recent searches.

- Select **History** to see the books your student has borrowed or placed on hold. You can edit history or remove individual items.
- Lock a title to prevent the student from sampling, borrowing, or reading it. Learn more below.

## Locking titles

You can lock books to prevent your student from sampling, borrowing, or reading them. To lock a book, go to the title details page and select **Lock**.

**Note:** If you lock a magazine, all issues of that magazine will be locked.

Students will still see a locked book when browsing, and can see a locked book's details page, but won't be able to borrow it or place a hold. If the student already has a hold on the book, they won't be able to borrow it when it's available.

Locking a book only locks that format and edition. For example, if a book is available as both an ebook and audiobook, you'll need to lock both of them. Or, if you lock a book and another edition is added, you'll need to return to Parent Mode to lock the new edition.

To unlock a book, go to the title details page and select **Unlock**.

## Disabling parental controls

When parental controls are disabled:

- The PIN to enter Parent Mode is reset.
- Any locked books are unlocked and available to your student.

To disable parental controls:

1. In Sora, go to , then select **Parental Controls** (under "Support").
2. Enter your PIN, then select **Enter Parent Mode**.
3. Turn off **Parental Controls**.
